Supervisors may appropriate moneys.

§ 3. The board of supervisors of each county and the city council or other governing body of each city and county, city and town, whenever it may by resolution determine that it is necessary for the preservation of the public health or to prevent the spread of contagious or infectious disease, communicable to mankind, or when such board shall so determine that it is necessary to prevent great and irreparable damage to crops or other property, may appropriate money for the purchase of, and may purchase, poison, traps and other materials for the purpose of exterminating and destroying such rodents, in such county, city and county, city or town, and may employ and pay inspectors, who shall have authority to and shall prosecute such work of extermination and destruction, under the direction of such board, or of the local health officer, or board of health, on both private and public property, in such county, city and county, city or town.

Registered nurse.

§ 5. A nurse who has received his or her certificate according to the provisions of this act, shall be styled and known as a registered nurse, and shall be entitled to place the initials "R. N." after his or her name.

Nursing by friends not affected.

Unlawful to pretend to be "R. N."

§ 7. It shall be unlawful for any person not holding a certificate of registration issued by the state board of health to use the title "registered nurse" or the letters "R. N.," in connection with, or following his or her name, or to impersonate in any manner, or pretend to be, a "registered nurse."

§ 8. same may be invested by the state board of control in the same manner that the funds of the state school land fund are invested and the interest upon such investment when collected shall be placed to the credit of the fund for the examination and registration of nurses. All amounts paid into this fund shall be held subject to the order of the state board of health, to be used only for the purpose of meeting necessary expenses in the performance of the purposes of and the duties imposed by this act. Claims against the fund shall be audited by the state board of health and by the board of control and shall be paid by the state treasurer upon warrants drawn by the state controller. [Amendment of April 5, 1917. In effect July 27, 1917, Stats. 1917, p. 45.]

This section was also amended May 19, 1915, Stats. 1915, p. 604.

1. Action for damages by nurse against hospital for fraud.—Verdict held not excessive.—In an action for damages for fraudulent misrepresentations to a nurse, employed at an unaccredited and unregistered hospital, it was held that a verdict for less than the value of the services as shown by the evidence was not excessive.—*Myers v. Lowery*, (Cal. App.) 189 Pac. 793.

2. Same.—Misrepresentations of hospital proprietors.—A misrepresentation made by the proprietors of a hospital, who were themselves accredited and registered nurses, that such hospital was accredited under the act to the state board of health, to induce other nurses to rely on the truth of that fact, was an affirmation of an existing

fact material to the transaction.—*Myers v. Lowery*, (Cal. App.) 189 Pac. 793.

3. Same.—Same.—Statement of opinion.—When the proprietors of a hospital were themselves accredited, registered nurses familiar with the requirements of their profession, and its preliminary training, it will be assumed that they knew that the hospital was not an accredited school, was not on the list of such institutions, as the act requires, and that the course of training which was admittedly insufficient, did not measure up to the legal standard and that representations made by them will be treated as affirmations as to existing facts and not mere expressions of opinion.—*Myers v. Lowery*, (Cal. App.) 189 Pac. 793.

1. Charter powers—Lease of tide lands.

—Under the Oakland charter the board of public works is empowered to execute a lease of tide lands whose title is vested by law in the city.—*Oakland v. Larue, etc., Co.*, 179 Cal. 207, 176 Pac. 361.

2. Same—Tide lands—Disposition of.

Tide lands granted to the town of Oakland by the act of incorporation of 1852 and to which the city succeeded under the act of 1854, could be granted or sold by the city under its charter of 1862 only in the manner therein prescribed, and an attempt to dispose of such land by mere resolution of the city council was wholly ineffectual.—*Cimpher v. Oakland*, 162 Cal. 87, 121 Pac. 374.

3. Same—Same—Same. — The property rights of the city of Oakland and its grant

under the incorporation act of 1852 must be determined by the proper judicial construction of that act, regardless of any subsequent change in the city limits; and the construction which the act of 1854 and the act of 1862 sought to give the act of 1852 so far as the boundaries of the town were therein defined, being erroneous, must be disregarded in determining those property rights.—*Oakland v. Oakland Water Front Co.*, 118 Cal. 160, 50 Pac. 770.

4. Same—Proceeding to make improvements under general law—Previous resolution declaring statute, not required.—Section 51 of the Oakland charter authorized the board to proceed under general law in making improvements, and where the proceedings were in strict accord with the provisions of the act of 1911 (Stats. 1911, p.

730), its proceedings were valid, notwithstanding the fact that no resolution was passed declaring the statute under which it was operating.—*Ransome-Crummy Co. v. Cornelius*, 39 Cal. App. 345, 178 Pac. 731.

5. Same—Jurisdiction of civil service board on appeal.—Sections 81 and 82 of the Oakland charter include the power of the civil service board to determine not only the guilt of the employee, but the punishment which he should receive.—*Hackett v. Moore*, (Cal. App.) 188 Pac. 308.

6. Same—Courts can not review wisdom of policy.—It is not within the power of the courts to weigh the considerations which should have actuated the people of Oakland in placing certain power with the civil service board of that city.—*Hackett v. Morse*, (Cal. App.) 188 Pac. 308.

7. Same—Board of education—Discharge of teacher.—Under section 192 of its charter the power of the Oakland board of education to discharge a school teacher for the next ensuing fiscal year by giving the required notice is absolute and unrestricted.—*Catania v. Board of Education*, 37 Cal. App. 593, 174 Pac. 334.

8. Same—Franchise for electric light plant.—Oakland was authorized in 1913 under its charter and under section 19, article XI, of the constitution, to grant a franchise for the supply of electric light to itself and its inhabitants in the method provided by law.—*Oakland v. Great Western Power Co.*, 33 Cal. App. Dec. 269.

9. Same—Merger of electric franchises.—The franchises granted by Oakland, under section 19, article XI, of the constitution, to the Great Western Power Company, for the distribution of electricity for lighting purposes, and the franchise to the same company to furnish electricity for heat and power granted under the Broughton act were merged in the franchise granted in 1913 to the same company.—*Oakland v. Great Western Power Company*, 33 Cal. App. Dec. 269.

10. Same—Police court—No charter existence.—The police court of the city of Oakland established by the charter of that city, has no legal existence.—*Ex parte Ah You*, 82 Cal. 339, 22 Pac. 929.

11. Same—Same—Freeholders' charter did not abolish previously existing court.—The police court of the city of Oakland, created by the Whitney act, was not abolished by the freeholders' charter of 1911.—*Ex parte Westenberg*, 167 Cal. 309, 139 Pac. 674.

12. Same—No power to abolish office by mere change of name.—The city council of the city of Oakland has no authority under the charter of 1911 to circumvent the object and purpose of the civil service system by enacting an ordinance giving to the positions of deputy plumbing inspector and assistant sanitary inspector the name of deputy sanitary and plumbing inspector without changing the duties of the position and to remove the incumbents under civil service regulations and appoint other persons in their places; and mandamus will lie

to compel the commissioner of public health and safety to reinstate such discharged employees.—*Barry v. Jackson*, 30 Cal. App. 165, 157 Pac. 828.

13. Same—The power to discharge an employee of the board of park directors of the city of Oakland is vested by the charter in the board itself and not in the mayor, notwithstanding the provisions of subdivision 1, section 29, article VII, and section 81 of article XIII of the charter of 1911.—*Gardner v. Board of Park Directors*, 35 Cal. App. 597, 170 Pac. 672.

14. Same—Create and abolish clerkships and offices—Section 31, charter of 1911.—The power given by section 31 of the charter of 1911 of the city of Oakland to create and abolish clerkships and offices, is not abridged as to the persons in the employ of the municipality on September 1, 1910.—*Foley v. City of Oakland*, 33 Cal. App. 128, 164 Pac. 419.

15. Same—Discretion of board as to awarding contract to "lowest responsible bidder."—Under the provisions of sections 126 and 130 of the charter of Oakland the city council is given a discretion in awarding a contract for the construction of a jail in its city hall to the "lowest responsible bidder" to consider the quality of the respective locking devices upon which the various bids were predicated, and it is not required to award the contract to the lowest responsible bidder subject to the sole limitation that the bidder shall not have been delinquent or unfaithful in any former contract with the city.—*West v. Oakland*, 30 Cal. App. 556, 159 Pac. 202.

16. Same—Power of mayor to fill vacancy in office of justice of peace.—The supervisors of the county of Alameda are empowered by section 111 of the Code of Civil Procedure to fill a vacancy in the office of a justice of the peace of that city, and the mayor of that city has no power under section 203 of the charter of Oakland to fill such vacancy.—*People v. Sands*, 102 Cal. 12, 36 Pac. 404 (S. C. 4 Cal. Unrep. 424, 35 Pac. 330).

17. Same—Office of justice of the peace a constitutional office.—The office of justice of the peace was created by the constitution and can not be created by any city charter, and such officer is elected at a general state election and holds his office under the provisions of the general state law.—*People v. Sands*, 102 Cal. 12, 36 Pac. 404 (S. C. 4 Cal. Unrep. 424, 35 Pac. 330).

18. Same—Oakland charter paramount to workmen's compensation act.—The industrial accident commission has no jurisdiction to award an indemnity to a police officer of the city of Oakland for medical expenses incurred by reason of an injury sustained in the course of his employment, it being held that where the city charter provides for disability compensation the workmen's compensation act has no application.—*Gilbert v. Oakland*, 3 I. A. C. Dec. 58.

Following the decision in *Crehan v. Los Angeles*, 1 I. A. C. Dec. 253.

19. Recall—Mandamus to compel clerk to make certificate.—Mandamus will issue to compel a clerk to determine the sufficiency of a recall petition, where he refuses to perform this duty.—*Fraser v. Cummings*, (Cal. App.) 192 Pac. 100.

20. Same—Clerk's certificate conclusive.—It is for the clerk and not the court to determine whether a recall petition complies with the requirements of the charter, and in the absence of an abuse of discretion his conclusion will not be disturbed.—*Fraser v. Cummings*, (Cal. App.) 192 Pac. 100.

21. Recall—Sufficiency of petition.—Where the signatures of signers to a recall petition are sufficient to identify the signer, and were otherwise unobjectionable, they should be counted, although the signers did use their full names.—*Fraser v. Cummings*, (Cal. App.) 192 Pac. 100.

22. Same—Same—Basis of percentage.—The vote at the last preceding primary election cast for mayor must be taken as a basis for the percentage required in a recall of an elective officer of the city of Oakland, where, under the terms of section 5, subdivision 21, of the charter, the mayor was elected at such primary.—*Fraser v. Cummings*, (Cal. App.) 192 Pac. 100.

23. Same—Same—Defective verification of signatures—Clerk's determination conclusive.—In mandamus to compel the certification of a recall petition the burden is on the petitioner to show the sufficiency of the petition, and in the absence of such showing the determination of the clerk that some of the certificates were invalid because of defective verification can not be disturbed.—*Fraser v. Cummings*, (Cal. App.) 192 Pac. 100.

24. Same—Section 1142, Political Code applies.—Under the Oakland charter the provisions of section 1142, Political Code, applies to recall elections.—*Vincent v. Mott*, 163 Cal. 342, 125 Pac. 346.

25. Retirement pension of police officer.—Under the Oakland charter section 91 as amended in 1919, and section 95, a police corporal retired less than one year after the amendment of section 91 is entitled to a pension based on the salary allowed by it.—*Rumetsch v. Davie*, (Cal. App.) 190 Pac. 1075.

26. Same—"Children" not adult children.—The adult children of a police officer of the city of Oakland are not "children" within the meaning of subdivision 2, section 96, of the charter, entitling them to the death benefit in certain cases.—*Mackey v. Mott*, 25 Cal. App. 110, 142 Pac. 1082.

27. Same—"Children" defined.—The term "children" in subdivision 2 of section 96 of the charter of Oakland was not intended to be used in the larger sense of sons and daughters, and it was not contemplated by the framers of the charter that provision should be made for grown sons and daughters, but it was unmistakably the purpose

of the whole act to make provision for the aged and infirm officers and certain necessitous relatives and minor children.—*Mackey v. Mott*, 25 Cal. App. 110, 142 Pac. 1082.

28. "Extra man" held "member" of fire department.—Under the provisions of section 97 of the charter of 1911 an "extra man" employed by the fire department of the city of Oakland at the time said charter went into effect was a "member" of such department, in the meaning of sections 98 et seq., of that charter.—*Parke v. Board of Trustees*, 34 Cal. App. 632, 168 Pac. 582.

29. Contract for jail—Plans and specifications—Unsuccessful bidder can not complain of want of.—An unsuccessful bidder for the furnishing of a jail in the Oakland city hall can not complain of the want of authority in the city council to investigate the merits of the locking devices submitted by the various bidders on the ground that the plans and specifications did not call for or require the submission of models of devices nor provide for comparison of different devices, where such unsuccessful bidder co-operated with the city council in making comparisons and investigations to the extent of exhibiting before the board a working model of its particular device and of suggesting the names of cities where such device was in actual operation.—*West v. Oakland*, 30 Cal. App. 556, 159 Pac. 202.

30. Private patrol service—"Municipal affair"—Municipal ordinance supreme.—The matter of licensing and regulating a private patrol service or system within the city of Oakland is a "municipal affair" within the meaning of section 6, article XII, of the constitution, and such matter is uncontrolled by general laws; and so far as the private detective act of 1915 undertakes to authorize the employees or operatives of such an agency to act as uniform patrolmen or watchmen within the city of Oakland, without complying with the ordinances of that city, it must yield to the supreme control of the city ordinances.—*In re Hitchcock*, 34 Cal. App. 111, 166 Pac. 849.

31. Same—Ordinance not invalid.—An ordinance regulating the granting of permits for a patrol service fixing a license therefor and providing a penalty for its violation, is not invalid on the ground that it requires application to be referred to the chief of police for investigation and report to the council.—*In re Hitchcock*, 34 Cal. App. 111, 166 Pac. 849.

32. Auditor and treasurer—Liability for commissions on taxes collected.—Under the Oakland charter of 1889 the office of "auditor and treasurer" is a single office, and the incumbent is entitled only to the salary fixed for that office and is liable on his official bond for commissions retained on taxes collected and not paid into the treasury.—*Oakland v. Snow*, 145 Cal. 419, 78 Pac. 1060.

§ 3. An act entitled "An act relating to the liability of public officers for damages resulting from defects and dangers in streets, highways, public buildings, public work or property," approved April 6, 1911, and all acts and parts of acts in conflict herewith are hereby repealed.

1. Right of action dependent upon statute.—In the absence of a statutory provision permitting it, an action will not lie against a municipal corporation for damages caused by the negligence of its officers, agents, and servants in the performance of the public or governmental duties of such corporations.—*Brunson v. Santa Monica*, 27 Cal. App. 89, 148 Pac. 950. See, also, *Davoust v. Alameda*, 149 Cal. 69, 9 Ann. Cas. 847, 5 L. R. A. (N. S.) 536, 84 Pac. 760.

2. Same.—In the absence of a statutory provision declaring otherwise, a municipal corporation in California is not liable in damages for the neglect of its officers or agents in the maintenance or care of streets or bridges.—*Winbigler v. Los Angeles*, 45 Cal. 36.

3. Same.—In the absence of a statutory provision declaring otherwise, a municipal corporation is not liable for the negligence of its officers or agents committed while

engaged in repairing a sewer.—*Chope v. Eureka*, 78 Cal. 588, 12 Am. St. Rep. 113, 4 L. R. A. 325, 21 Pac. 364.

4. Same.—In the absence of a statutory provision declaring otherwise, a municipal corporation in California is not liable for the neglect of its officers or agents in the maintenance or care of streets or bridges.—*South v. San Benito Co.*, 40 Cal. App. 13, 180 Pac. 354.

5. Same—Repair of sewer.—In the absence of statutory provisions permitting it, a municipal corporation is not liable for the negligent care and maintenance of its streets or bridges by its officers nor for such negligence while engaged in repairing a sewer, nor in the maintenance and operation of a municipal dumping ground on the street which plaintiff was permitted and compelled to use.—*Brunson v. Santa Monica*, 27 Cal. App. 89, 148 Pac. 950.

6. Same—Except when conducting non-governmental functions.—A municipal cor-

poration is liable for damages caused by negligence in its conduct of some kinds of business carried on by it for the public use, such as gas works, electric works and water works.—*Brunson v. City of Santa Monica*, 27 Cal. App. 89, 148 Pac. 950. See, also, *Davoust v. Alameda*, 149 Cal. 69, 9 Ann. Cas. 847, 5 L. R. A. (N. S.) 536, 84 Pac. 760.

7. Same—Same.—As to the liability of municipal corporations for personal injuries resulting from negligence in the maintenance and operation of a structure maintained and operated in its private and proprietary as distinguished from its governmental capacity, see *Chafor v. Long Beach*, 174 Cal. 478, 163 Pac. 670, Ann. Cas. 1918D, 106, L. R. A. 1917E, 685.

8. Same — Same — Operation of electric light plant.—A municipality is liable for the negligent operation of an electric light plant owned by it and used for the purpose of lighting the city and furnishing electric light for domestic use to the inhabitants thereof.—*Davoust v. Alameda*, 149 Cal. 69, 9 Ann. Cas. 847, 5 L. R. A. (N. S.) 536, 84 Pac. 760.

9. Same—Same—Authority to maintain not material.—The fact that authority to maintain an electric lighting plant for public and domestic use was given to the board of trustees and not in terms to the city, is immaterial in an action against the city for the death of a person caused by the negligent operation of such plant.—*Davoust v. Alameda*, 149 Cal. 69, 9 Ann. Cas. 847, 5 L. R. A. (N. S.) 536, 84 Pac. 760.

10. Construction—Officers liable only for neglect of ministerial duty.—Public officers are liable under this act only for negligence in the performance or failure to perform a "ministerial" act as distinguished from one that is "judicial" or "discretionary."—*Ham v. Los Angeles Co.*, (Cal. App.) 189 Pac. 462.

11. Same—Same.—A street superintendent or a road supervisor upon whom is imposed by statute or ordinance or under the express direction of the legislative or administrative authority of a city or county, the duty of keeping in repair or making safe for public use the streets or highways, and to whom the means of carrying out his duty is available, is liable for a negligent performance of his duty, provided that he has had certain notice, under recent legislation ("Pridham act") of the condition of the street or highway demanding attention.—*Ham v. Los Angeles Co.*, (Cal. App.) 189 Pac. 462.

12. Same—Duty must be mandatory.—Before a public official becomes liable for a breach of duty, the duty must be plain and mandatory, the means and ability to perform it must exist, and it must be such as not to involve the exercise of any discretion on his part, either as to its performance or non-performance or as to the manner of its performance.—*South v. San Benito Co.*, 40 Cal. App. 13, 180 Pac. 354.

14. Construction—Officers not responsible as principals.—The city trustees are not

responsible as principals for the faithful performance by the superintendent of streets of the duties of his office, and where they had no actual notice that such superintendent left a dangerous trench in the street unguarded, and without warning signals, they can not be held liable under the act for damages resulting therefrom.—*Dobbins v. Arcadia*, (Cal. App.) 186 Pac. 190.

15. Same—Bridges across county line stream.—No duty is imposed by law upon the board of supervisors of one county to maintain a bridge across a county line creek, and they can not be held liable as for neglect, under this act for the failure to keep such a bridge in repair, or to repair the county road in the adjoining county, or to place warning signals on the road leading to such bridge on the side of the latter county.—*South v. San Benito Co.*, 40 Cal. App. 13, 180 Pac. 354.

16. Construction—"Pridham act"—Necessity of warning signs or barriers on streets or highways out of repair.—The "Pridham act" did not absolve those in charge of the care and maintenance of a highway from liability for negligence in failing to place warning signs or barriers at dangerous breaks in a road until such time as it might be convenient to repair the break.—*Ham v. Los Angeles Co.*, (Cal. App.) 189 Pac. 462.

17. Complaint—Necessary averments.—In order to state a cause of action under the act, the complaint should aver facts exonerating the officer or board charged with the care and repair of the street in question where the action was for damages for injury on a public street and was due to the fact that such street was out of repairs.—*Coffey v. Berkeley*, 170 Cal. 258, 149 Pac. 559.

18. Same—"Pridham act"—Necessary averments.—In an action under the "Pridham act" against county highway officials for damages resulting from their negligent failure to keep a highway in repair, the plaintiff must allege and prove that he was at the time of the injury exercising due care.—*Ham v. Los Angeles Co.*, (Cal. App.) 189 Pac. 462.

19. Constitutionality—Title does not cover liability of city.—The act is unconstitutional in that the title purports to deal with the liability of public officers for damages resulting from certain specified causes, and this can not include the subject of liability of the public corporations in whose services such officers may be, thus creating a new rule of liability against such corporations.—*Brunson v. Santa Monica*, 27 Cal. App. 89, 148 Pac. 950.

20. Same—Same.—The act is void as to a purported legislation therein contained attempting to create a new rule of liability as against the corporations themselves, on the ground that such liability was not within the scope of the act as described in its rule.—*South v. San Benito Co.*, 40 Cal. App. 13, 180 Pac. 354; *Dobbins v. Arcadia* (Cal. App.), 186 Pac. 190.

See, also, *Brunson v. Santa Monica*, 27 Cal. App. 89, 148 Pac. 950.

21. Same—Same.—The act can not by any process of reasoning be made to include the subject of the liability of the public cor-

porations in whose services the officers may be.—*South v. San Benito Co.*, 40 Cal. App. 13, 180 Pac. 354.

RECALL OF ELECTIVE OFFICERS.

ACT 3323—An act to provide for the recall of elective officers of incorporated cities and towns.

History: Approved January 2, 1912, Stats. 1911 (ex. sess.), p. 128.

Recall of officers of municipal corporations. Petition for removal. Examination by clerk. Nominations. Ballots. Succession to removed officer.

§ 1. The holder of any elective office of any incorporated city or town may be removed or recalled at any time by the electors; provided he has held his office at least six months. The provisions of this statute are intended to apply to officials now in office, as well as to those hereafter elected. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the clerk of the legislative body of such city or town, which petition shall be signed by qualified voters equal in number to at least twenty-five per cent of the entire vote cast within such city or town for all candidates for the office which the incumbent sought to be removed occupies, at the last preceding regular municipal election at which such officer was voted for (or a like percentage of such vote within those precincts of the city or town embraced within the ward or subdivision of the city or town entitled to vote for a successor to the officer named, in case of an official not elected by the city or town at large), and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in nowise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence and occupation, giving street and number, where such street and number, or either, exist, and if no street or number exist, then such a designation of the place of residence as will enable the location to be readily ascertained. Each such separate paper shall have attached thereto an affidavit made by a qualified elector of the city or town (or particular subdivision thereof as the case may be) and sworn to before an officer competent to administer oaths, stating that the affiant circulated that particular paper and saw written the signatures appended thereto; and that according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed, and of a qualified elector of the city or town (or particular subdivision thereof). Within ten days from the date of filing such petition, the clerk shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The clerk shall, within ten days after such supplementing papers are filed, make like examination of the supplementing petition, and if his certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If required by the clerk, the legislative body of said city or town, shall authorize him to employ, and shall provide for the compensation to be paid, persons necessary in the examination of said petition and supplementing petition, all in addition to the persons regularly employed by him in his office. In case the clerk is the officer sought to be

recalled, the duties herein provided to be performed by him shall be performed by some other person designated by said legislative body for that purpose. If the petition shall be found to be sufficient, the clerk shall submit the same to the legislative body of the city or town without delay, whereupon, that body shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; provided, that if a regular municipal election is to occur within sixty days from the date of the order calling such election, the legislative body of the city or town may, in its discretion, postpone the holding of such election to such regular municipal election or submit such recall election at any such election occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose the removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made by petition in the manner prescribed by section 1188 of the Political Code; except that no party affiliation of candidate, signer or verification deputy shall be given, nor shall the election as a convention delegate or participation in a primary election be any bar to signing such petition. Upon the sample ballot there shall be printed in not more than two hundred words, the reasons set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words, the officer may justify his course in office. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate by stamping a cross (X) his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No," said incumbent shall continue in said office. If a majority shall vote "Yes," said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

Application of act to chartered cities.

§ 2. This act is not intended to apply to those cities having a freeholders' charter, adopted under the provisions of section 8 of article XI of the constitution, and having in such charter provision for the recall of elective officials by the electors.

Repeal of former law.

§ 3. Section one (1) of an act entitled "An act adding three new sections to an act entitled 'An act to provide for the organization, incorporation and government of municipal corporations,' approved March 13, 1883, to be numbered 10, 11 and 12 and relating

to the government of municipal corporations and providing for the recall, initiative and referendum," and approved March 14th, 1911, is hereby repealed.

1. Petition—Sufficient.—A petition for the recall of a county supervisor in the present case was held to sufficiently comply with the requirements of section 4021a of the Political Code as to the statement of the grounds for recall.—*Laam v. McLaren*, 28 Cal. App. 632, 153 Pac. 985.

2. Same—Separate sections fastened together.—Where a petition for a recall of the trustees of a municipality consisted of five sections, all fastened together, each section consisting of three or more sheets fastened together under a separate cover, and each section consisting of a copy of the petition followed by the signatures and an affidavit of the person who circulated the petition that he saw written the signatures appended thereto and that the same was a genuine signature of the person whose name purported to be subscribed, according to his best information and belief, was a sufficient compliance with the requirement of the act.—*Facundus v. Curtis*, 34 Cal. App. 752, 168 Pac. 1961.

3. Same—Signatures required—Computation of percentage.—The only reasonable rule to apply as to the percentage of signatures required, is to declare that such percentage should be computed by taking the total number of ballots at the election, thereby making the statute operative and accomplishing its purposes.—*Robinson v. Anderson*, 26 Cal. App. 644, 147 Pac. 1182.

4. Same—Same—Same—Regular election.—A statute should be construed as referring to regular election at which the officer sought to be recalled was elected, rather than a subsequent election of other trustee officers, not including that in which the officer in question occupies.—*Robinson v. Anderson*, 26 Cal. App. 644, 147 Pac. 1182.

5. Same—Withdrawal of signatures.—After the filing of a petition for a recall, the names of the signers thereto may not be withdrawn.—*Beecham v. Burns*, 34 Cal. App. 754, 168 Pac. 1058.

6. Same—Same—Jurisdiction of superior court.—The superior court has no jurisdiction to enjoin the board of supervisors from ordering a recall election after the certificate of the county clerk has shown the sufficiency of the petition for recall, on the ground that after such certification and before the calling of the election, certain signers attempted to withdraw their names so as to reduce the number below that required by the statute.—*Laam v. McLaren*, 28 Cal. App. 632, 153 Pac. 985.

7. Election—Ballot—Blank spaces required.—It was the intention of the legislature that the requirement of sections 1196 and 1197 of the Political Code, with respect to blank spaces on the ballots, wherein the voter may write the names of the candidates of his choice, should apply to recall elections held under the recall act of 1912, just as in every other election of public officers.—*Cohn v. Isensee*, (Cal. App.) 188 Pac. 279.

8. Same—Same—Same—Sections 1196 and 1197, Political Code, applicable.—Sections 1196 and 1197 of the Political Code and the recall act of 1912 are in pari materia, and without creating any inconsistency or repugnancy between the two the field covered by the latter may also be covered by the code sections, in so far as the latter provides that at every municipal election the official ballots shall contain "the necessary blank space or spaces to permit an elector to write in the names of persons whose names are not printed on the ballot."—*Cohn v. Isensee*, (Cal. App.) 188 Pac. 279.

9. Evidence—Newspaper clipping.—In an action to compel a city clerk to certify to the sufficiency of a recall petition where the returns which would have shown the number of votes cast at the next preceding city election had been lost, it was proper to permit the city clerk's predecessor to refresh his memory from a newspaper clipping of the results printed from a memorandum which he had made at the time and furnished to the newspaper.—*Beecham v. Burns*, 34 Cal. App. 754, 168 Pac. 1058.

10. Constitutional power should be liberally construed.—The power given by the constitution in the matter of the initiative, referendum and recall and statutes enacted in aid thereof, should be liberally construed but should not be interfered with by the courts except upon a clear showing that the law is being violated.—*Laam v. McLaren*, 28 Cal. App. 632, 153 Pac. 985.

11. Construction—Majority for recall not sufficient—Successor must be elected and qualified.—Though a majority vote for the recall of an officer such officer is not, for that reason alone, deemed to be removed, and he is not deemed to be removed until the qualification of his successor, and where no candidate's name printed on the recall ballot, and no voter can write in the name of any person as his choice for the office, there can be no successor and no successor can qualify.—*Cohn v. Isensee*, (Cal. App.) 188 Pac. 279.

TRANSFER OF CERTAIN POWERS OF MUNICIPAL TO COUNTY OFFICERS.

ACT 3324—An act authorizing the transfer of certain powers, duties and functions of certain cities and officers thereof to the officers of counties in which any such city is located.

History: Approved May 3, 1915. In effect August 8, 1915. Stats. 1915, p. 329.

Functions of cities under freeholders' charter may be transferred to county. Resolution of transfer. Transfer may be rescinded.

§ 1. Any or all of the functions, hereinafter set forth, of any city organized under a freeholders' charter, authorized by the constitution of the state of California, and any or all of the powers, duties or functions of any officer, board or commission thereof, may be transferred to and performed by any officer, board or commission of the county in which such city is situated; provided, however, the transfer of such function is authorized to be made by the charter of such city, and such transfer is made in the manner required by such charter; and provided, further, that such transfer is approved on behalf of such county by resolution adopted by the board of supervisors of such county. Such resolution shall set forth the powers, duties or functions to be transferred to and performed by the specified officers, boards or commissions of such county, and the compensation to be paid by such city to such county for the services to be performed by such officers, boards or commissions. Any such transfer may be rescinded at any time by the joint action of such city taken in the manner provided by its charter, or by resolution of the governing body of such city, in case the manner of rescinding such transfer is not provided in such charter, and by resolution of the board of supervisors of such county. Any such transfer may be rescinded, upon one year's notice, by the separate action of such city or county, taken as aforesaid.

Functions specified.

§ 2. The functions of any city organized under a freeholders' charter, and the powers, duties or functions of the officers thereof, which may be transferred and performed as provided in section one of this act, shall be the powers, duties or functions relating to the assessment of property for taxation, the collection of taxes levied for municipal purposes, the collection of assessments, the sale of property for the nonpayment of taxes or assessments levied thereon, and such other powers, duties or functions as the charter of such city may authorize to be transferred and performed as provided by law.

Presumption as to persons having imitation oil.

§ 6. Every person having possession or control of any imitation olive-oil, which is not marked as required by the provisions of this act, shall be presumed to have known, during the time of such possession or control, that the same was imitation olive-oil.

ACT 3349. PRACTICE OF OPTOMETRY ACT.

PRACTICE OF OPTOMETRY ACT.

ACT 3349—An act to regulate the practice of optometry; to provide for the appointment of a board of optometry, define its duties and powers and prescribing a penalty for the violation of this act.

History: Approved June 16, 1913. In effect August 10, 1913. Stats. 1913, p. 1097. Prior act of March 20, 1903, Stats. 1903, p. 285; amended (1) February 28, 1907, Stats. 1907, p. 63; (2) March 25, 1909, Stats. 1909, p. 775, repealed by the present act.

Optometrists must register.

§ 1. It shall be unlawful for any person to engage in the practice of optometry or to display a sign or in any other way advertise or hold himself out as an optician or optometrist without having first obtained a certificate of registration from the state board of optometry as provided for in this act or under the provisions of a certain act entitled "An act to regulate the practice of optometry and for the appointment of a board of examiners in the matter of said regulation," approved March 20, 1903, and acts amendatory thereof.

Optometry defined.

§ 2. The practice of optometry is hereby defined to be the employment of any means other than the use of drugs for the measurement of the powers or range of human vision or the determination of the accommodative and refractive states of the human eye or the scope of its functions in general or the adaptation of lenses or frames for the aid thereof.

Board of optometry created. Term. Persons not eligible.

§ 3. A board is hereby created to be known as the state board of optometry which shall consist of three members appointed by the governor. No person shall be eligible to appointment who is not a registered optometrist of the state of California and actually engaged in the practice of optometry at the time of such appointment. Each of the members shall hold office for a term of six years or until his successor is appointed and qualified and shall be so classified that one member of said board shall retire every two years. The present members of the California state board of examiners in optometry appointed under the provisions of the act in section number one hereof referred to, shall continue to serve and act as members of the state board of optometry, but under the provisions of this act during their respective terms or until their successors are appointed and qualified. No person shall be eligible to membership

in the said state board of optometry who shall be a stockholder in, or owner of, or a member of the faculty of or of the board of trustees of any school of optometry or who shall be financially interested directly or indirectly in any concern manufacturing or dealing optical supplies at wholesale. No member of the board shall be financially interested in any purchase or contract in which the board is interested. No member of the board shall be financially interested in the sale of any property or optical supplies to any prospective candidate for examination before the board.

Powers and duties.

§ 4. The powers and duties of the said state board of examiners in optometry shall be as follows:

Organize board.

1. To organize and elect from their members a president and secretary of said board who shall hold office for one year or until the election and qualification of a successor; to adopt and use a common seal, and establish a permanent office. The secretary of the said board before entering into the discharge of his duties shall execute a good and sufficient bond to the state of California in the sum of one thousand dollars conditioned for the faithful performance of his duties as such secretary. He shall receive all fees and moneys paid to the board; keep all the records of the board and discharge such other duties as the board shall from time to time prescribe.

Make disbursements. Year book. Compensation.

2. To make all necessary disbursements to carry out the provisions of this act, but only upon the signature of the president and secretary of the said board and only from the state optometry fund, including payment for the bond of the secretary of said board; payment for stationery supplies; necessary optical instruments to be used in the conduct of examinations which shall be the property of the state; the printing and circulating to all optometrists in the state, once a year, a year book containing the names and addresses of all optometrists in this state; a per diem of ten dollars for each member of the said board for each day actually spent in the performance of his duties as such, and mileage of five cents per mile for all distances necessarily traveled in going to and coming from the meetings of said board, in full compensation for all services; per diems shall not exceed one for any calendar day and shall not exceed two in any one calendar month, except that in months when examinations are being held per diems may be allowed for not to exceed six days in any such month. Additional compensation may be allowed the secretary not to exceed fifty dollars per month.

Prosecute violators.

Trial frames and test lenses within the meaning of this act shall be any frame or lens used in testing the eye which is not sold and not for sale to customers.

Persons not affected by act.

§ 10. The provision of this act shall not be construed to prevent duly licensed physicians and surgeons from treating or fitting glasses to the human eye; nor to prohibit the sale of complete ready-to-wear eye glasses as merchandise from a permanent place of business in good faith and not in evasion of this act by any person not holding himself out as competent to examine and prescribe for the human eye.

The revocation or suspension of any license revoked or suspended for any of the above causes except those specified in one and two of section eleven may be set aside upon application of the person whose license has been revoked at any time within six months from the date of such revocation upon proof being made to the satisfaction of said board that the cause of said revocation no longer exists and that the applicant has been sufficiently punished. Before setting aside the revocation of any certificate the board may in its discretion require the applicant to pass the regular examination given for applicants for certificates of registration.

Payment of money into state treasury. Optometry fund.

§ 13. It shall be the duty of the secretary as soon as this act takes effect, to pay into the state treasury all moneys then in his possession or standing to the credit of the state board of optometry, and thereafter he shall, within ten days after the beginning of each month, report to the state controller all collections of fees and all other receipts for the preceding month, and at the same time he shall pay all such amounts into the state treasury. All such moneys shall be placed in a fund to be known as the state optometry fund, which fund is hereby created, and which shall be for the uses of the state board of optometry, claims thereon to be audited and paid in the usual manner. (An amount not to exceed three hundred dollars may be drawn from the fund herein created to be used as a revolving fund where cash advances are necessary; but expenditures from such revolving fund must be substantiated by vouchers and itemized statements at the end of each fiscal year, or at any other time when demand therefor is made by the board of control or by the controller.)

Repealed.

§ 16. An act entitled "An act to regulate the practice of optometry and for the appointment of a board of examiners in the matter of said regulation," approved March 20, 1903, is hereby repealed.

1. Constitutionality—Not unreasonably discriminatory.—The provisions of section 10 are not unconstitutional as an unreasonable discrimination against osteopaths.—Ex parte Rust, 181 Cal. 73, 183 Pac. 548.

2. Same—Not interference with personal liberty.—The optometry act is not unconstitutional as an unlawful and unreasonable interference with the personal liberty of a citizen to perform the "merely mechanical act of fitting glasses."—Ex parte Rust, 181 Cal. 73, 183 Pac. 548.

3. Construction—"Osteopathy" does not include "optometry."—A license to practice

"osteopathy" under the practice of osteopathy act, construed in force by the medical practice act, does not permit the practice of "optometry."—Ex parte Rust, 181 Cal. 73, 183 Pac. 543.

4. Same—Same.—The practice of medicine act recognizes a distinction between the practice of medicine and the practice of osteopathy and a person licensed to practice osteopathy is not a duly licensed physician and surgeon within the meaning of section 10 of the practice of optometry act.—In re Rust, 35 Cal. App. 422, 169 Pac. 1050.

ORGANIZATION ACT.

ACT 3354—An act to create the county of Orange, to define the boundaries thereof, to determine the county seat by an election, and to provide for its organization and election of officers, and to classify said county.

History: Approved March 11, 1889, Stats. 1889, p. 123.

1. Constitutionality—Special legislation—Question of fact not for judicial determination.—Whether a general law may be made applicable within the meaning of the constitution prohibiting special legislation, depends upon questions of fact which the court has no means of investigating and upon the solution of such a question, it would not attempt to substitute its judgment in place of that of the legislature.—People ex rel. Graves v. McFadden, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66; People ex rel. Graves v. Orange County, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

2. Same—Not delegation of legislative power—Not special legislation.—The act for 11 Gen. Laws—34

the creation of Orange county is constitutional, is not a delegation of legislative power, and is not special legislation in any matter affecting its general scope and purpose.—People ex rel. Graves v. McFadden, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66; People ex rel. Graves v. Orange County, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

3. Same—Policy of creating new county is legislative—Determination of boundaries.—The policy of adding to the number of the "political subdivisions of the state," is one to be determined by the legislative department of the government in each instance when the proposition to do so is made; and if the determination be favorable, then the

legislative department alone must fix and determine the boundaries of such subdivision.—*Ex rel. Graves v. McFadden*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66; *People ex rel. Graves v. Orange County*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

4. Same.—Counties not “municipal corporations.”—Counties are not municipal corporations within the meaning of section 6 of article XI of the constitution, prohibiting the formation of municipal corporations otherwise than by general law.—*People ex rel. Graves v. McFadden*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66; *People ex rel. Graves v. Orange County*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

See, also, *People v. Sacramento County*, 45 Cal. 695.

5. Same.—Legislative power to classify.—The legislature was authorized to classify the new county, the classification to remain in force until, and only until, a readjustment of the classification of all the counties will take place under the provisions of the general law on that subject.—*People ex rel. Graves v. McFadden*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

6. Same.—Same.—Limitation.—The legislature having the power to create and organize a new county had power and authority to adopt the measures necessary to its complete organization, so far as they do not extend in their operation beyond the time when the organization shall have become complete and subject to general laws, and all incidents of that character may be done by the act of creation and are germane to the main object of the act.—*People ex rel. Graves v. McFadden*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66; *People ex rel. Graves v. Orange County*, 81 Cal. 489, 22 Pac. 851, 15 Am. St. Rep. 66.

7. Division of assets.—Mistake legislative not judicial.—Where the commissioners appointed to make a division of the assets between the new county and the old make a mistake in dividing a claim in favor of the old county against the state, and of which they then had no knowledge, the only remedy for such mistake is legislative and not judicial, and the courts are without jurisdiction in an action by the new county against the old to recover its proportion of such claim.—*Orange County v. Los Angeles County*, 114 Cal. 390, 46 Pac. 173.

8. Same.—Liability of new county for debts of old county.—Under the provisions

of section 7 of the act creating the county of Orange, the latter is liable to the county of Los Angeles only for the indebtedness found to be existing on March 11, 1889, the date when the act creating the county of Orange took effect, and is not liable for moneys expended by the county of Los Angeles after that date and prior to the organization of a new county, although expended within the territory of the new county.—*Los Angeles County v. Orange County*, 97 Cal. 329, 32 Pac. 316.

9. Same.—Matter of legislative determination.—Section 3 of article XI of the constitution provides only for payment by the new county of a just proportion of the debts and liabilities existing at the time the act creating the new account goes into effect and does not require any division of assets or property of the old county, but the disposition of that matter is laid to the determination of the legislature in each particular case.—*Los Angeles County v. Orange County*, 97 Cal. 329, 32 Pac. 316.

10. Same.—Date for ascertainment of “just proportion,” legislative.—The legislature is empowered to fix any date it chooses as the time for ascertaining the amount and value of the assets and property to be divided of the creation of a new account as well as for determining the “just proportion” of the debts and liabilities to be assumed by the new account.—*Los Angeles County v. Orange County*, 97 Cal. 329, 32 Pac. 316.

11. Same — Legislative power — Rule in the absence of restrictions.—Upon the creation of a new account out of the territory of another the legislature in the absence of constitutional restrictions may make such provision with reference to the public property and debts or their division as to it may seem just; and in the absence of any provision in reference thereto the old account will be entitled to retain all public property to assets except such public buildings and structures as lie within the territory of the new, and will also be liable for all its prior obligations.—*Los Angeles County v. Orange County*, 97 Cal. 329, 32 Pac. 316; *Orange County v. Los Angeles County*, 114 Cal. 390, 46 Pac. 173.

12. Other decisions.—See, also on the subject of the organization of new counties the following cases: *People ex rel. Hargrave v. Markham*, 104 Cal. 232, 37 Pac. 918; *Wheeler v. Herbert*, 152 Cal. 224, 92 Pac. 353; *San Diego County v. Riverside County*, 6 Cal. Unrep. 170, 55 Pac. 7.

INCREASE OF SUPERIOR JUDGES.

ACT 3355—An act to increase the number of judges of the superior court of the state of California, in and for the county of Orange, to provide for the appointment of an additional judge and for his compensation. [Approved June 3, 1913, Stats. 1913, p. 375. In effect August 10, 1913.]

History: Approved June 3, 1913. In effect August 10, 1913. Stats. 1913, p. 375.

OVERFLOW DISTRICTS.

CONTENTS OF CHAPTER.

ACT 3385. OVERFLOW DISTRICT ACT.

OVERFLOW DISTRICT ACT.

ACT 3385—An act to provide for the formation, government and control of overflow districts.

History: Approved May 1, 1911, Stats. 1911, p. 1397.

Petition to form overflow district.

§ 1. Whenever one-half or more of the voters residing within a proposed district of swamp, overflow, or other lands lying within this state, one-third or more of which lands are liable to be flooded by the waters of any stream or lake, and more than half of said lands requiring irrigation during a portion of the year, susceptible of one mode of irrigation and reclamation, desire to reclaim and irrigate the same, they may present to the board of supervisors of the county in which the lands or the greater part thereof are situated, at a regular meeting of the board, a petition setting forth that they propose to form an overflow district of the same.

Description of land.

§ 2. Such petition must contain a description of the lands by legal subdivisions, or by other boundaries, or by subdivisions shown upon a map recorded in the counties in which such lands are situated; the approximate number of acres in the proposed district, and each tract, with the names (if known) of the owners thereof, and designate as unsold any lands not reduced to private ownership.

Affidavit of three signers.

§ 3. Said petition must be accompanied by the affidavit of at least three signers thereto, showing that not less than one-third of the land is subject to overflow, and that all of the land described in the petition can either be irrigated or reclaimed, or irrigated and reclaimed by one mode of irrigation and reclamation.

Certificate of county clerk.

§ 4. Said petition must also be accompanied by a certificate of the county clerk of the proper county, showing that the names of the signers of said petition are on the last great register of the precinct or precincts in which the proposed district is situated.

Petition published two weeks before hearing.

§ 5. Such petition must be published for two weeks next preceding the hearing thereof in some newspaper published in the proposed district, or if no newspaper is published therein, then in some newspaper having a general circulation in said district, and an affidavit of such publication must be filed with said board of supervisors at or before the hearing of said petition.

Order of approval.

§ 6. If such board of supervisors find, on hearing the petition, that its statements are correct, they must make an order approving the same and establishing the district. If it be shown that any land has been improperly included in the proposed district, they must reform the boundaries of such district accordingly in their order. The order of approval must be signed by the chairman, and attested by the clerk of said board; and a copy thereof attached to the petition.

Order to be recorded.

§ 7. After the approval of the petition by the board of supervisors of the county in which the greater part of the district is situated, the order establishing the district, or a certified copy thereof, must be recorded in the office of the county recorder of each county, in which any portion of the lands embraced in the district are situated, in a book kept for the purpose of recording papers relative to overflow districts, and a certified copy thereof forwarded to the register of the state land office by the recorder of the county in which the district was formed.

Freeholders appointed trustees.

§ 8. Said board of supervisors of said county must thereafter, upon the application of ten or more qualified voters of the district, appoint three eligible freeholders to act as trustees until their successors are elected and qualified.

All counties forming part of district to be notified.

§ 9. When a district is situated in more than one county, the trustees must forward a certified copy of the order of the board of supervisors establishing the district, to the clerk of the board of supervisors of the counties in which any portion of the district may lie, and the board to which the same is forwarded must not allow another district to be formed within such district, or including any part thereof.

Districts numbered.

§ 10. All districts organized under this act must have a state number, and the register upon receipt of a certified copy of the order of the board of supervisors establishing the district must number the same, and send the number to the county recorder of any county in which the district or a portion thereof is situated, and such recorder must number the records of said district in like manner, and the district must thereafter be known and designated thereby.

Elections.

§ 11. § 45. The board of trustees of overflowed districts formed under this act, must on the first Monday of June of each year certify to the clerk of the board of supervisors of the county or counties in which the district or any part thereof is situated, an estimate of the expenditures necessary to conduct the business, and execute the work of the district, also the amount of interest and principal of any bonded or other indebtedness, that will become due during the ensuing year.

§ 46. The assessor of each county in which the district is wholly or partially situated, shall each year, after the county assessments have been equalized by the state board of equalization, and prior to the time when the board of supervisors of the counties meet to levy the taxes for county purposes, certify to the board of supervisors of said county or counties, a statement of the equalized value of all taxable property within the district and situated in the county in which he is the assessor; thereupon the board of supervisors of the county or counties in which any portion of said district is situated, shall, at the time of levying taxes for county purposes, levy a tax upon the property of such district situated in said county or counties sufficient to meet the requirements of said district, and to pay the interest which may become due on any bonds, or other indebtedness of such district during such year, and if any portion of the principal of said bonds, or other indebtedness, shall become due during the year, an amount sufficient to pay such portion of such principal, and such other charges against such district necessary to maintain and construct the works and conduct its business, less the amount estimated by the trustees to be derived from the sale of water, or other sources under their control during said year; the tax must be levied upon the property of the district situated in such County or counties by the board of supervisors of each county according to the ratio which the assessed valuation of the property of said district situated in such county, bears to the total valuation of the property of the district.

Taxes entered on assessment roll.

§ 47. All taxes so levied must be computed and entered upon the assessment roll of the county where such property may be situated, by the county auditor, and collected by the tax collector, at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of such district.

Money to be forwarded to treasurer of county in which district was formed.

§ 48. When any tax has been collected under the provisions of this act, and placed in the treasury of any county other than the one in which the district was formed, the treasurer of said county must, within thirty days after receipt of the same, forward all money in such treasury belonging to the district, to the county treasurer of the county in which the district was formed, who shall receive and receipt for the same, and place such money in the treasury of such county to the credit of said district.

No fees to officers.

§ 49. No assessor, tax collector, treasurer, or clerk shall receive any fee for any services required to be performed by them under the provisions of this act. All expenses necessarily incurred in carrying out the provisions of this act, shall be paid to the board of supervisors of the county incurring the expense, for the benefit of said county, by warrants of the district, in the same manner as other expenses of said district.

Lands capable of independent mode of reclamation may be set aside.

§ 50. If the owners of lands representing more than two-thirds of any body of lands within any overflowed district formed under this act, in which such lands have not been reclaimed or irrigated, and for which the trustees have made no provision for such reclamation and irrigation, desire to have such body of lands set over from said district, they must, in addition to the petition required for that purpose, show to the board of supervisors in which the district is formed, that said body of lands is capable of an independent mode of reclamation and irrigation, and that said body of lands could not be reclaimed and irrigated according to the plans and specifications adopted by the board of trustees of the district and that such segregation would not endanger or delay,

or otherwise interfere with the work of irrigating and reclaiming the remainder of the district.

Special election to vote bonds.

§ 51. Whenever in the opinion of the board of trustees of any overflowed district, formed under this act, the cost of reclamation and irrigation according to the plans thereof will be too great to be raised by taxes as provided in this act, to be paid within one year; the board of trustees of such district shall, for the purpose of voting the necessary bonded indebtedness therefor, order a special election to be held in said district at some time and some place or places designated by them.

Question submitted.

§ 52. At such special election there shall be submitted to the voters of said district, the question of whether or not the bonds of said district shall be issued in an amount necessary to construct said works of reclamation and irrigation, and which amount shall be estimated by said board of trustees and stated in the order for such election.

§ 53. Said election shall be called by the supervisors of the county in which the district was formed, upon petition signed by at least two members of the board of trustees, and said election shall conform to the provisions of this act, relative to election, and to the election laws of the state of California, and the question whether or not bonds of said district shall be issued in the amount named in the estimate and order of the board of trustees, for reclaiming and irrigating the lands of said district, shall be submitted to the voters thereof.

Notice of election to specify time and place.

§ 54. The notice of such special election shall specify the time and place or places of holding such election, the amount of bonds proposed to be issued, the names of the persons to act as the board or boards of election, and the ballot shall contain the words, "Bonds—Yes" and "Bonds—No."

Majority in favor.

§ 55. If a majority of the votes cast at such election are in favor of the bonds, the board of trustees of the district shall cause bonds, in the amount stated in the order for election, to be issued and placed in the custody of the treasurer of the county in which the district was formed.

Sale of bonds.

§ 56. The treasurer of said county shall place the bonds issued pursuant to this act, to the credit of said district and may at any time upon the order of the board of supervisors of said county, sell any of said bonds for the best price obtainable therefor, but in no event for less than the face value of said bonds, and the accrued interest thereon. Any money derived from the sale of such bonds by such county treasurer, shall be placed in the treasury to the credit of said district, and a proper record of such transaction be placed upon the books of such treasurer.

Denomination and form.

§ 57. Said bonds shall be of a denomination of not less than one hundred dollars, and not more than one thousand dollars each, shall be negotiable in form, signed by the board of trustees, and the chairman of the board of supervisors of the county in which the district was formed, and attested by the clerk of said board of supervisors, and the seal of such board of supervisors, and shall be numbered consecutively as issued, and bear date at the time of their issue, and shall express on their face that they were issued by authority of this act, stating its title and date of approval, and the date of election at which such issuance was authorized.

Interest.

§ 58. The bonds shall bear interest at a rate not to exceed six per cent per annum, payable semi-annually on the first day of January and the first day of July in each year, at the office of the county treasurer of the county in which the district was formed, or some other place allowed by law, and approved by the supervisors of said county and the judge or judges of the superior court thereof, upon presentation of the proper coupons therefor.

Coupons.

§ 59. Coupons for such installment and interest shall be attached to said bonds, and shall be numbered, signed, and attested in the same manner as the bonds.

Payment.

§ 60. The principal of said bonds shall be paid as follows, to wit: Five per cent of the whole amount of the bonds issued, according to their consecutive numbers, shall be paid ten years from the date of their issue, at the place provided for their payment, and five per cent thereof each succeeding year thereafter, until all are paid.

Deemed municipal bonds.

§ 61. When said bonds are issued in accordance with the provisions of this act, they shall be deemed municipal bonds for all purposes mentioned in the codes and statutes of this state. The principal and interest of said bonds shall be paid by revenue derived from a tax levied upon the assessable property of the district in accordance with the provisions of this act.

Bonds not presented when due.

§ 62. CONTENTS OF CHAPTER.

ACT 3398. PANDERING PROHIBITED.

PANDERING PROHIBITED.

ACT 3398—An act in relation to pandering; to define and prohibit the same, to provide for punishment thereof; for the competency of certain evidence at the trial therefor.

History: Approved February 8, 1911, Stats. 1911, p. 9.

Pandering. Penalty.

§ 1. Any person who shall procure a female inmate for a house of prostitution, or who, by promises, threats, violence, or by any device or scheme, shall cause, induce, persuade or encourage a female person to become an inmate of a house of prostitution, or shall procure for a female person a place as inmate in a house of prostitution or as an inmate of any place in which prostitution is encouraged or allowed within this state, or any person who shall, by promises, threats, violence or by any device or scheme, cause, induce, persuade or encourage an inmate of a house of prostitution or any other place in which prostitution is encouraged or allowed to remain therein as such inmate, or any person who shall, by fraud or artifice, or by duress of person or goods, or by abuse of any position of confidence or authority, procure any female person to become an inmate of a house of ill-fame, or to enter any place in which prostitution is encouraged or allowed within this state, or to come into this state or leave this state for the purpose of prostitution, or who shall receive or give, or agree to receive or give, any money or thing of value for procuring, or attempting to procure, any female person to become an inmate of a house of ill-fame within this state, or to come into this state or leave this state for the purpose of prostitution, shall be guilty of a felony, to wit: pandering, and upon conviction for an offense under this act shall be punished by imprisonment in the state prison for a period of not less than one year nor more than ten years.

Competent witness.

§ 2. Any such female person referred to in the foregoing section shall be a competent witness in any prosecution under this act to testify for or against the accused as to any transaction or as to any conversation with the accused or by him with another person or persons in her presence, notwithstanding her having married the accused before or after the violation of any of the provisions of this act, whether called as a witness during the existence of the marriage or after its dissolution.

1. No connection with crime of abduction.—The crime of pandering under this act has no connection with the crime of abduction defined in section 267, Penal Code.—*People v. Matsicura*, 19 Cal. App. 75, 124 Pac. 882.

2. Pandering defined.—One who procures for a female a place in a house of prostitution for the purpose of plying the vocation of a prostitute, is guilty of pandering under the act, although she was accepted as an inmate upon condition subsequent that she would register with the police department and pass the clinic.—*People v. Hirsch*, 21 Cal. App. 737, 132 Pac. 1062.

3. An information charging the commission of the crime of pandering in procuring a place in a house of prostitution as an inmate for a female person is sufficient to charge the crime without denouncing the other acts and conduct enumerated by the statute.—*People v. Lawlor*, 21 Cal. App. 63, 131 Pac. 63.

4. Attempt to commit the crime of pandering.—Where a man induces a woman to accompany him to a certain city, and occupies a room in a hotel as husband and

wife and thereafter procures a prostitute to take her to a house of prostitution for the purpose of "working" as a prostitute, he is guilty of an attempt to commit the crime of pandering under the act, although he does not personally procure her a room in such house and the prostitute to whom he delivers her did not intend to and did not carry out his purpose.—*People v. Petros*, 25 Cal. App. 236, 143 Pac. 246.

5. Same.—The act recognizes and denounces the crime of pandering, and a conviction for an attempt to commit that crime is not open to an objection that the offense for which the conviction was had involved acts which would constitute another substantive crime.—*People v. Marks*, 24 Cal. App. 610, 142 Pac. 98.

6. Same.—Under the statute where it appears that the defendant had the intention to place a female in a house of prostitution for the purpose of prostitution, and had used toward her such inducement, persuasion or encouragement that she would have been caused to become an inmate of such a house, but for the intervention of circumstances apart from and independent

of the will of the defendant, the crime of an attempt to commit the crime denounced by the statute is fully accomplished.—*People v. Petros*, 25 Cal. App. 236, 143 Pac. 246.

7. Same—Conflict of evidence.—Where there is a conflict of evidence upon the question, the order granting a new trial will be affirmed.—*People v. Petros*, 25 Cal. App. 236, 143 Pac. 246.

8. The crime of pandering under the act is complete where one procures a female person "to enter any place in which prostitution is encouraged or allowed," and it is immaterial whether or not such female person became an inmate of such house.—*People v. Jan You*, 26 Cal. App. 148, 146 Pac. 63.

9. Actual occupancy of room in a house of prostitution by a female inmate is essential to the completion of the crime of pandering, and it is not sufficient that there was an intention or a mere unconsummated agreement, or that a room in the house is promised.—*People v. Matsicura*, 19 Cal. App. 75, 124 Pac. 882.

10. Inmate of house of prostitution.—A female who enters a house of prostitution with intent to remain and ply her vocation

as a prostitute, is an inmate of such house, even though she does not remain twenty-four hours, and does not ply her vocation.—*People v. Hirsch*, 21 Cal. App. 737, 132 Pac. 1062.

11. Evidence.—Where the evidence was ample as tending to prove that defendant conducted a rooming house, and under the pretense of showing the prosecuting witness, and her two female companions, some curios, as well as by other means, encouraged and induced them to go to this rooming house, which they visited at night on two or three occasions, and while there, at defendant's suggestion, occupied rooms, and had sexual intercourse with Chinese habitues of the place, from whom they received money, which the defendant required them to divide with him, the crime of pandering is clearly proved.—*People v. Jan You*, 26 Cal. App. 148, 146 Pac. 63.

12. Evidence held to be sufficient to sustain a verdict of conviction of the crime of attempt to commit the crime of pandering under the act.—*People v. Marks*, 24 Cal. App. 610, 142 Pac. 98.

BOARD OF PAROLE COMMISSIONERS.

ACT 3408—An act to establish a board of parole commissioners for the parole of, and government of paroled prisoners, and repealing an act to amend an act entitled, "An act to establish a board of parole commissioners for the parole of, and government of paroled prisoners," approved March 23, 1893.

History: Approved June 16, 1913. In effect August 10, 1913. Stats. 1913, p. 1048. Amended May 29, 1915. In effect August 8, 1915. Stats. 1915, p. 981. Prior act of March 23, 1893, Stats. 1893, p. 183. Amended February 28, 1901, Stats. 1901, p. 82. Repealed by the present act.

Rules governing parole.

§ 1. The state board of prison directors of this state shall have power to establish rules and regulations under which any prisoner who is now or hereafter may be imprisoned in any state prison, and who may have served one calendar year of the term for which he was convicted may be allowed to go upon parole outside of the buildings and inclosures, but to remain while on parole in the legal custody and under the control of the state board of prison directors, and subject at any time to be taken back within the inclosure of said prison; and full power to make and enforce such rules and regulations, to grant paroles thereunder, and to retake and imprison any convict so upon parole is hereby conferred upon said board of directors, whose written order certified by the president of said board shall be a sufficient warrant for all officers named therein to authorize such officer to return to actual custody any conditionally released or paroled prisoner, and it is hereby made the duty of all chiefs of police, marshals of cities and

villages, and sheriffs of counties, and all police, prison and peace officers and constables to execute any such order in like manner as ordinary criminal process; provided, however, that no prisoner imprisoned under a life sentence shall be paroled until he shall have served at least seven calendar years; provided further, that no prisoner who has served a previous term in any state prison in this or any other state shall be paroled until he has served at least two calendar years, and no prisoner who has had imposed upon him two or more cumulative or consecutive sentences shall be paroled until he has served at least two years of the aggregate time of such cumulative or consecutive sentences. The governor of the state shall have like power to cancel and revoke the parole of any prisoner, and his written authority shall likewise be sufficient to authorize any of the officers named therein to retake and return said prisoner to the state prison, and his written order canceling or revoking the parole shall have the same force and effect and be executed in like manner as the order of the state board of prison directors. If any prisoner so paroled shall leave the state without permission from said board he shall be held as an escaped prisoner and arrested as such.

Conditions of parole. Hearing upon forfeiture. Parole not to be revoked without cause.

§ 1½. The board of parole commissioners may upon granting any parole to any prisoner impose as a condition thereof any term or terms they may deem proper relating to the term of imprisonment or credits of such prisoner, and may impose as a condition thereof that all or a portion of his credits, earned or to be earned, may be forfeited by order of the board in the event that such prisoner shall break his parole or violate any law of the state, or rule or regulation of the prison, of the board of prison directors or of the board of parole commissioners, or any of the terms or conditions of his parole; provided, however, that such forfeiture shall not be had except upon a hearing upon the question of such violation and adjudication by the board that such prisoner was guilty thereof, which adjudication shall be final. At such hearing such prisoner shall be present and entitled to be heard and may present evidence and witnesses in his behalf.

No parole shall be revoked and no credits forfeited without cause, which cause must be stated in the order revoking the parole or forfeiting the credits. [New section added May 29, 1915. In effect August 8, 1915, Stats. 1915, p. 981.]

§ 2. "An act to establish a board of parole commissioners for the parole of, and government of parole prisoners," approved March 23, 1893, is hereby repealed.

1. Right to parole—Legislative intent.—It was the intention of the legislature in the present act to give to a prisoner the right to apply for a parole at the end of the fixed period specified and to confer entire discretion upon the board as to giving a parole to such prisoner.—*Roberts v. Duffy*, 167 Cal. 629, 140 Pac. 260.

2. Same—"May" not construed as "must" or "shall."—A prisoner is not entitled as a matter of right to a parole even though his conduct during the year has been good, but the word "may" in the provision "may be allowed to go on parole outside the buildings and enclosures," is not to be construed as "must" or "shall" so as to impose upon the board an amendatory duty to parole him.—*Roberts v. Duffy*, 167 Cal. 629, 140 Pac. 260.

3. Terms of parole—Legislative intent.—It was the legislative intention that the board should examine not only the daily prison life and conduct of the prisoner but

to consider also the nature of the offense for which he was sentenced, the term for which he was sentenced, the portion thereof which he had served, his age, life history, habits, inclinations, disposition, traits of character and the probabilities for and against his reformation.—*Roberts v. Duffy*, 167 Cal. 629, 140 Pac. 260.

4. Prisoners, not for life, entitled to benefit of act.—A prisoner sentenced for a term of imprisonment and not for life, is entitled under the parole law, as a matter of right at the expiration of one calendar year of his sentence, to apply for a parole and to be accorded a hearing thereon within a reasonable time thereafter; and the board of prison directors have no authority to adopt a rule postponing the enjoyment of this right for a longer period.—*Roberts v. Duffy*, 167 Cal. 629, 140 Pac. 260.

5. Determination of board conclusive.—The determination of the board of prison directors, on any application for parole, is

conclusive on the courts, regardless of the reasons or facts upon which it is based.—*Roberts v. Duffy*, 167 Cal. 629, 641, 140 Pac. 260.

6. **Prisoner on parole, status of—Rules governing, are "prison rules."**—Under the act of 1893 a prisoner on parole is "in the legal custody and under the control of

the state board of prison directors," and the rules which such board may make for the government of such prisoner's conduct outside the parole, are "the rules and regulations of the prison" within the meaning of that phrase, as used in section 1588 of the Penal Code.—*In re Stanton*, 169 Cal. 607, 147 Pac. 264.

COUNTY PAROLE COMMISSIONERS.

ACT 3409—An act to provide for the creation of a board of parole commissioners for each county in this state, for the paroling of prisoners confined in county jails, and authorizing and empowering such boards to make rules and regulations in relation thereto.

History: Approved March 25, 1909, Stats. 1909, p. 783. Amended June 4, 1913. In effect August 10, 1913. Stats. 1913, p. 385.

County parole commissioners. Power to enforce rules. Prisoner who leaves county.

§ 1. A board of three parole commissioners for each county in this state, consisting of the sheriff and the district attorney of each said county and the chief of police (or other chief or sole peace officer) of every city which now is or hereafter may be the county seat of any such county, is hereby created for each such county, which board shall and must as a board of parole commissioners for and in each county, make and establish rules and regulations under which any prisoner who is now or hereafter may be imprisoned in the county jail of said county, or in the city jail of any city in any county, or in any jail as the prisoner of any city, or in any other jail in any such county, after judgment of conviction for the commission of a misdemeanor, may be allowed to go upon parole outside of any jail in which he is or may be hereafter imprisoned, but to remain, while on parole, in the legal custody and under the control of the board of parole commissioners establishing the rule and regulations for his parole, and subject, at any time, to be taken back within the enclosure of any such jail. Full power to make, establish and enforce such rules and regulations, and to retake and imprison any prisoner so upon parole, is hereby conferred upon each such board of parole commissioners; and its written order shall be a sufficient warrant for all officers named in such order to authorize them, or any of them, to return to actual custody any conditionally released or paroled prisoner. It shall be and is hereby made the duty of all chiefs of police, marshals of cities and villages, sheriffs of counties, constables, and all other police and peace officers of this state to execute any such order in like manner as ordinary criminal process. If any prisoner so paroled shall leave the county in which he was or is hereafter may be so imprisoned without permission from the board of parole commissioners granting his parole, he shall be arrested as an escaped prisoner and held as such. [Amendment approved June 14, 1913, Stats. 1913, p. 385.]

To succeed former board.

§ 2. The board of parole commissioners created by this amendment of said act shall be the successor to and the substitute for the board of parole commissioners specified in section 1 of said act prior to this amendment thereof, and shall have, possess and enforce the powers, rights and duties as to prisoners paroled by such former board, as such former board had, possessed and could enforce. Upon the taking effect of this act, such former board of parole commissioners shall cease to exist. [Amendment approved June 14, 1913, Stats. 1913, p. 385.]

This section was amended by the act of 1913, though no mention was made of it in the title of the act.

ACT 3421. FREEHOLDERS' CHARTER.

FREEHOLDERS' CHARTER.

ACT 3421—Freeholders' charter of the city of Pasadena.

History: Voted for and ratified at a special election held November 20, 1900. Adopted January 29, 1901, Stats. 1901, p. 884. Amended (1) February 4, 1905, adopted February 20, 1905, Stats. 1905, p. 1011; (2) February 26, 1909, adopted March 3, 1909, Stats. 1909, p. 1198; (3) May 24, 1912, filed with the secretary of state January 27, 1913, Stats. 1913, p. 1457; (4) April 3, 1919, filed with the secretary of state April 22, 1919, Stats. 1919, p. 1502.

1. Office of superintendent of schools.—Intention as to control of.—The electors in adopting the charter and the legislature in ratifying it, intended that the term of office of the superintendent of schools should be controlled by the general statute (§ 1793, Pol. Code).—*West v. Board of Education*, (Cal. App.) 184 Pac. 877.

2. Same—Same—Appointment and salary.—The board of education of Pasadena was authorized under section 6, 7 of article 16 to appoint a superintendent of schools, fix his salary, and term of office in accordance with the authority of section 1793, Political Code.—*West v. Board of Education*, (Cal. App.) 184 Cal. 877.

3. Streets—Change of grade—Waiver of constitutional guaranty.—The charter of Pasadena contains no provision making the owner's failure to present a claim for damages on account of change of grade of streets a waiver of his right to be compensated; and such failure to remonstrate and claim damages prior to the commencement of the work can not be construed as such a waiver or to bar his right of action for damages for the completion of the right,

notwithstanding the provisions of sections 2 and 3 of article IX of said charter.—*Sala v. Pasadena*, 162 Cal. 714, 124 Pac. 539.

4. Power to control streets—Use by public service corporations.—The charter of Pasadena confers upon the city full control of its streets without power to determine what portions thereof, and upon what terms, may be used by public service corporations.—*Sunset, etc., Co. v. Pasadena*, 161 Cal. 285, 280, 118 Pac. 796.

5. Same—Same.—The reasonableness of the charge imposed by the city of Pasadena upon a telephone and telegraph company for the use of certain portions of its streets for lines and polls, is purely a matter for the determination of the city authorities, and the courts will not interfere.—*Sunset, etc., Co. v. Pasadena*, 161 Cal. 265, 118 Pac. 796.

6. Same—Same—Section 536, Civil Code, does not affect.—The charter of Pasadena gives to the city a full control of its streets with the power to determine upon what terms portions thereof may be used by telegraph and telephone companies; and this being a municipal affair, the re-enactment of

section 536 of the Civil Code conferred no right upon a telegraph and telephone company so far as the streets of that city are concerned.—*Sunset, etc., Co. v. Pasadena*, 161 Cal. 265, 118 Pac. 796.

7. Street traffic—Power to regulate subordinate to that of legislature.—The regulation of street traffic is not one of those municipal affairs in which chartered cities are given a power superior to that of the legislature, but such power (as in the case of that given in the Pasadena charter) is subject to the general law, and if inconsistent therewith, is invalid.—*Ex parte Daniels*, (Cal.) 192 Pac. 442.

8. Same—Same—Speed of motor vehicles.—The Pasadena charter, in so far as it confers the power upon the city to regulate motor vehicle traffic in the matter of lawful speed, is subordinate to the motor vehicle act, and an ordinance under the charter is invalid so far as inconsistent with the general law.—*Ex parte Daniels*, (Cal.) 192 Pac. 442.

9. Purchase of private water plant—Duty as trustee to continue to supply company's contract customers.—Upon its purchase of the plant of a water company by the city of Pasadena the duty devolves upon it as a trustee to continue to supply the city of South Pasadena and its inhabitants with the water of said company appropriate to the use of said last-named city.—*South Pasadena v. Pasadena, etc., Co.*, 152 Cal. 579, 93 Pac. 490.

10. Same—Same—Charter power.—Under

the provisions of its charter and under the act of 1891, the city of Pasadena is empowered to accept the property, business and franchises of a water company engaged in supplying water to the cities of Pasadena and South Pasadena for the use of the inhabitants of those cities, and for the sprinkling of the streets of said city and to undertake and perform the public service imposed on such property in the hands of the said water company.—*South Pasadena v. Pasadena, etc., Co.*, 152 Cal. 579, 93 Pac. 490.

11. Same—Same—Acts in proprietary not governmental capacity.—The city of Pasadena does not act in its political, public or governmental capacity in supplying water to the people of South Pasadena, but it acts in a proprietary and only quasi-public capacity.—*South Pasadena v. Pasadena, etc., Co.*, 152 Cal. 579, 93 Pac. 490.

12. Same—Same—"Municipal affair"—Charter paramount.—The supplying of water by the city of Pasadena to the people of South Pasadena is a municipal affair of the former, and its charter provisions relating thereto are paramount to general laws of any consistent therewith.—*South Pasadena v. Pasadena, etc., Co.*, 152 Cal. 579, 93 Pac. 490.

13. Ordinances—"Finally adopted" and "final passage" synonymous.—The expression "finally adopted," as used in section 39, and the expression "final passage" as used in section 198b of the Pasadena charter, are synonymous.—*Solomon v. Alexander*, 161 Cal. 23, 26, 118 Pac. 217.

§ 4. If any person shall become chargeable as a pauper, or poor, or indigent, or incapacitated, or incompetent person as herein designated, in any county, or city and county, who did not reside therein (as herein specified) at the commencement of three months immediately preceding his becoming so chargeable, but did at that time reside (as herein specified) in some other county, or city and county in this state, it shall be the duty of the county clerk of said first-mentioned county or city and county to send written notice by mail or otherwise to the county clerk of the county or city and county in which such person so resided, requesting the proper authorities of such county or city and county to remove such person forthwith, and to pay the expenses accruing on to accrue, in taking care of such person; and such county or city and county, wherein such person resided at the commencement of the three months immediately preceding such person's becoming chargeable as a poor, indigent, or incapacitated, or incompetent person as herein designated, shall pay to the county or city and county so taking care of such person all reasonable charges for the same, and such amount may be recovered by suit in any court of competent jurisdiction by such county or city and county.

Duty of board of supervisors.

§ 5. It shall be the duty of the board of supervisors of every county and every city and county as a whole, or by committee or by such person or society as it may authorize, to investigate every application for relief from the funds of such county or city and county, to supervise by periodic visitation every person receiving such relief, to devise ways and means for bringing persons unable to maintain themselves to self support and to keep full and complete records of such investigation, supervision, relief and rehabilitation as shall be prescribed by the state board of charities and corrections. attorney of such county, or city and county, or the city and county attorney thereof, to apply to the proper court for the appointment of a general guardian of the person and estate, or either, of such person or minor. Such application and appointment shall be made in the manner as provided by the codes of this state for the application for the appointment of guardians of infants and incompetent persons, and all proceedings thereunder, except as herein expressly declared otherwise, shall be in accordance with such provisions of said codes, and the public support of such minor or such incompetent shall be deemed one of the grounds for which an application may be made on behalf of such person for the sale of his property, as in the Code of Civil Procedure provided. From the proceeds of the property of said person or from such other funds as such guardian may obtain, or from such funds as the district attorney of the county, or the city and county, or the city and county attorney thereof, may be able to collect, there shall be paid into the county treasury of the county, the sum per month fixed by the board of supervisors of such county or city and county, quarterly in advance, for the maintenance and support of any such person or pauper; and there shall also be paid out of the proceeds of such sale or such other funds, such clothing and other supplies as may have been furnished to such person or pauper.

And if it shall be that the relatives liable as aforesaid are not of sufficient ability wholly to maintain such poor person or pauper, but are able to contribute something, they shall be required to pay a sum in proportion to their ability.

Failure of kindred to act. Proceedings.

§ 7. Upon the failure on the part of said kindred to perform such duty, an action shall be brought by the district attorney of the county or the city and county, or the city and county attorney thereof, in the name of the county or city and county, against said kindred in the order above named. And such action shall be prosecuted as are all other actions for the recovery of money in this state.

Moneys to be paid into what fund.

§ 2. Such personal property broker may charge, receive and collect a benefit or percentage upon money or other thing advanced, or for the use and forbearance thereof, of two per centum per month where such loan or advance is made upon security properly falling within the scope of business as set forth in section 1 hereof. [Amendment approved April 21, 1911, Stats. 1911, p. 978.]

No further charges may be made.

§ 3. No further or other charges either for recording, insuring or examining the security or property, or for the drawing, executing or filing of papers, or for any services or upon any pretext whatever beyond the aforesaid charge for interest or discount shall be asked, charged, or in any way received, where the same would thereby make a greater charge for the money or thing advanced than the aforesaid rate of two per centum per month, and where made, all such charges shall be considered and be of the same effect as so much added interest; provided, however, that with the consent of the borrower he may be required to pay the fees or charges actually expended where the same are made necessary by law to give full legal effect to any instrument given hereunder. [Amendment approved April 21, 1911, Stats. 1911, p. 978.]

Contract bearing greater rate not valid.

§ 4. No contract of any kind or nature made by any personal property broker which comes within the scope of business as set forth in section 1 hereof, or which in any way involves any security given to secure the performance of such contract, shall be valid or of any force, virtue or effect, either at law or in equity, if there is therein or thereon directly or indirectly charged, accepted or contracted to be received or paid, either in money, goods, discount, or thing in action, or in any other way, a greater benefit, rate of discount, or interest than the rate of two per centum per month; and if a

greater benefit, rate of discount or interest than two per centum per month is directly or indirectly advanced or paid upon any such contract as in this section designated, the excess above the said rate of two per centum per month so advanced or paid may be demanded and recovered by the person or his legal representative or assigns who advanced or paid the same from the person or corporation either to whom or for whose use or benefit such payment or advance or any part thereof was made. [Amendment approved April 21, 1911, Stats. 1911, p. 978.]

Loan tickets.

§ 5. Whenever a loan or advance shall be made, renewed or extended, hereunder there shall be given to the borrower a ticket or memorandum plainly inscribed with the name of the person or corporation making the loan, and members or general partners of the same if it be a firm, partnership or association, and further designating the number and nature of the instruments taken as security, the number of notes and amount of each, and the name of the party or parties in whose favor each of the aforesaid papers are executed, when the same are payable, the amount actually advanced thereon, the amount including all interest and expenses charged or to be paid for such loan or advance, and copies of sections 2, 3 and 4 of this act.

Failure to comply with act a misdemeanor. Penalty.

§ 6. The failure of any person or corporation, or any employee, employees, agent, agents, representative or representatives making, renewing or extending a loan or advance properly falling within the scope of business as set forth in section 1 of this act to comply with any or any part of the provisions of section 5 hereof, shall be guilty of a misdemeanor and for the first offense punished in the manner now provided by law and for each subsequent offense by a fine of not less than \$50 or more than \$500 or by imprisonment in the county jail of not less than ten days and not to exceed six months or by both such fine and imprisonment. [Amendment approved April 21, 1911, Stats. 1911, p. 979.]

1. **Constitutionality—Not special law and does not grant special privileges.**—The personal property brokers act of 1909 is not in conflict with the requirement that all laws of a general nature should have a uniform operation, nor is it unconstitutional on the ground that it grants special privileges to municipalities, nor that it is a denial of due process of law.—*Eaker v. Bryant*, 24 Cal. App. 87, 140 Pac. 310.

2. **Same—Same.**—The personal property brokers act of 1909 is not in violation of either section 11, or section 21, of article I of the constitution nor is it a special law within the meaning of subdivision 23, section 25 of article IV of the constitution.—*In re Stephan*, 170 Cal. 48, 148 Pac. 196, Ann. Cas. 1916E, 617.

3. **Same—Classification reasonable and appropriate.**—The business of loaning money on chattel mortgages or assignments or transfers of wages, etc., is an appropriate subject of recognition and classification by the legislative, and justifies the enactment of a law relating to that particular class of business.—*In re Stephan*, 170 Cal. 48, 148 Pac. 196, Ann. Cas. 1916E, 617.

4. **"Pawnbroker" defined.**—A pawnbroker is one who receives goods in pledge for loans of money and interest, and this must be his business or a well defined part thereof as distinguished from a single transac-

tion or occasional loans upon pledge.—*Levinson v. Boas*, 150 Cal. 185, 11 Ann. Cas. 661, 12 L. R. A. (N. S.) 575, 88 Pac. 825; *Innes v. Goldwater*, 30 Cal. App. 101, 157 Pac. 18.

5. **Violation of statute—When contract void.**—Wherever a statute is made for the protection of the public, a contract in violation of its provisions is void.—*Levinson v. Boas*, 150 Cal. 185, 11 Ann. Cas. 661, 12 L. R. A. (N. S.) 575, 88 Pac. 825; *Wood v. Krepps*, 168 Cal. 382, L. R. A. 1915B, 851, 143 Pac. 691.

6. **Same—Same.**—A statute or ordinance in imposing a license to conduct a harmless and legitimate business is solely for the purpose of yielding revenue not for the purpose of public protection; and the contracts made in the course of such business are valid, notwithstanding a penalty is imposed for a failure to obtain the license to conduct it.—*Wood v. Krepps*, 168 Cal. 382, L. R. A. 1915B, 851, 143 Pac. 691.

7. **Same—Same—Engaging in business without license.**—A chattel mortgage executed to a personal property broker is not invalidated by the violation on the part of such broker of an ordinance prohibiting him from engaging in the business without a license.—*Wood v. Krepps*, 168 Cal. 382, L. R. A. 1915B, 851, 143 Pac. 691. See, also, *Levinson v. Boas*, 150 Cal. 185, 11 Ann.

Cas. 661, 12 L. R. A. (N. S.) 575, 88 Pac. 825; Innes v. Goldwater, 30 Cal. App. 101, 157 Pac. 18.

8. Same—Same—Failure to comply with section 5.—The only penalty imposed by the personal property brokers act for a failure on the part of the broker to give the memorandum required by section 5 thereof, is a fine; and a loan made upon a chattel mortgage is not invalidated or the right to foreclose precluded by the failure to give such

notice. — Wood v. Krepps, 168 Cal. 382, L. R. A. 1915B, 851, 143 Pac. 691.

9. Loan not invalidated by inclusion of broker's commission.—The inclusion of a broker's commission in the amount of a loan does not invalidate the same, where it does not appear that the lender had been served by such broker, or that he had been benefited by the service which was rendered under contract with the borrower.—Herzer v. Lee, (Cal. App.) 189 Pac. 493.

History: Approved May 20, 1919. In effect July 22, 1919. Stats. 1919, p. 782.

Definitions.

§ 1. In this act, unless the context otherwise requires:

(a) The words "retirement system" mean the arrangements provided in this act for the payment of annuities, or the payment of total sums in lieu of annuities.

(b) The word "annuity" means the payments for life derived from money deposited by the employees and contributed by the county.

(c) The words "regular interest" mean interest calculated on March thirty-first, June thirtieth, September thirtieth and December thirty-first on payments received during the preceding quarter from the last of that quarter at four per cent per annum compounded annually on the last day of December.

(d) The word "employees" includes both appointive officers and employees of the county.

(e) The words "in continuous service" mean uninterrupted employment, except that a temporary lay-off on account of illness or for purposes of economy, a leave of absence, suspension or dismissal followed by reinstatement within one year shall not be considered as breaking the continuity of service; provided, further, that in case of reinstatement of any member who at the time of his separation from the service receives a refund under section six of this act, he shall be deemed to be a new entrant to the service and the monthly deductions from his salary shall be computed from the date of such reinstatement unless he shall, within ninety days from such reinstatement, return to the members' deposit reserve the amount refunded to him.

(f) The word "county" shall mean "county" or "city and county."

(g) The term "salary fund" shall mean in any city and county the fund from which salaries are ordinarily paid.

Retirement system for county employees established.

§ 2. There is established in each of the several counties of the state, a retirement system for its employees, as defined in section three; provided, however, that the provisions of this act shall become effective in any particular county only upon condition that the provisions of this act are accepted by ordinance passed by a four-fifths vote of its board of supervisors, in which event the provisions of this act shall become operative in such county on the first day of January, or on the first day of July next following the expiration of three months after the passage of said ordinance. Within thirty days after the passage of such ordinance, the clerk of the board of supervisors shall mail a certified copy of such ordinance to the insurance commissioner of this state, who shall forthwith issue a certificate that the retirement system, provided for in this act, is declared established in such county to become operative therein, as above set forth.

Organization of retirement association.

§ 3. Whenever the provisions of this act shall become operative in any particular county a retirement association shall be organized as follows:

(1) Except as otherwise herein provided, all employees of the county shall become members of the association thirty days after the retirement system becomes operative, or thirty days after their entrance into the service; provided, however, that employees entitled to become beneficiaries under a retirement or pension system already provided by law or freeholders' charter, are exempt from the provisions of this act.

(2) No officer holding an elective office or elected by popular vote may become a member of the association.

(3) After one year subsequent to the formation of a retirement system any member who reaches or has reached the age of sixty years and who has been in the continuous service of the county for a period of ten years immediately preceding may retire, and

any member who reaches the age of seventy must retire; provided, however, that within thirty days before reaching the age of compulsory retirement a member may be retained for a period not to exceed one year and similarly thereafter from year to year, if the head of the department or office in which he is employed, or the board or commission having power of appointment, certifies to the board of retirement that, by reason of his efficiency and willingness to remain, his further continuance would be advantageous to the public service and if such recommendation is approved by the board of retirement and the board of supervisors.

(4) After the said first year has elapsed any member who has completed a period of thirty-five years of continuous service may retire or may be retired at any age by the officer, board or commission having power to dismiss such member if such action be deemed advisable for the good of the service.

(5) After the said first year has elapsed any member who becomes permanently disabled for any cause whether incurred in the performance of duty or otherwise shall be retired in the same manner as prescribed in subdivision (4) of this section.

(6) Membership in the association shall be evidenced by membership certificate and the right to an annuity shall be evidenced by an annuity certificate to be issued by the board of retirement.

(7) Nothing contained in this act shall be construed as in any way affecting the power of removal vested in officers, boards or commissions.

Board of retirement.

§ 4. (1) The management of the retirement system is hereby vested in the board of retirement, consisting of three members, one of whom shall be the county treasurer. The second member shall be a member of the association elected by the latter within thirty days after the date when the retirement system becomes operative as provided under section two, in a manner to be determined by the county board of supervisors. The third member shall be an officer or employee of the county chosen by the board of supervisors. The first person so chosen or appointed as third member shall serve for two years; otherwise and thereafter the term of office of the two elected members shall be three years. On a vacancy occurring in the board for any cause or on the expiration of the term of office of any member, a successor of the person whose place has become vacant or whose term has expired shall be chosen in the same manner as was his predecessor. Separation from the service of the county of a member of the board of retirement shall automatically vacate his office.

Compensation.

(2) The members of the board of retirement shall serve without compensation, but they shall be reimbursed out of the funds of the county, appropriated in section five (1) to defray the cost of operating the retirement system, for any expense or loss of salary or wages which they may have incurred through service on the board.

County treasurer shall have control of funds.

(3) Subject to the approval of the board of retirement, the county treasurer shall have charge and control of and shall safely keep the funds of the system, and shall invest and reinvest the same, and may from time to time sell any securities held by him and invest and reinvest the proceeds therefrom, and any and all unappropriated income of said funds; provided, however, that all funds received by him not required for current disbursements shall be invested in first mortgages on improved real estate situated within the county not exceeding sixty per cent of the value thereof; or in bonds of the United States or of the state of California, or of any county, city and county, or municipal corporation, or other subdivision thereof; or deposited at interest

in any state or national bank doing business within the county; provided, that the credit of the county shall not be given or lent in aid of, or to, any person, association, or corporation, whether municipal or otherwise, nor shall it be pledged in any manner whatever for the payment of the liabilities of any individual, association, municipal or other corporation whatever. He may, whenever he sells such securities, deliver the securities so sold upon receiving the proceeds thereof, and may execute any and all documents necessary to transfer the title thereto. The duties herein imposed upon the county treasurer shall be deemed a part of his official duties and for the faithful performance of which he shall be liable on his official bond.

Employees retirement fund.

(4) A trust fund account to be known as employees retirement fund is hereby created to be opened upon the books of the auditor and treasurer of the counties adopting a retirement system under the provisions of this act.

All transfers or payments to the retirement system, and all withdrawals and other cash transactions, shall be accounted upon the books of the auditor and treasurer in and out of this fund account, in the manner they would be accounted if they were county transactions.

All warrants drawn on the employees retirement fund shall be signed by the treasurer and at least one other member of the board of retirement, who shall be designated by such board, but no warrant so drawn shall be valid until it has been countersigned and numbered by the county auditor and a record made of it by him.

By-laws and regulations.

(5) The board of retirement shall have power to make by-laws and regulations not inconsistent with the provisions of this act and such by-laws and regulations shall become effective when approved by the board of supervisors. The by-laws shall provide among other things:

Election of officers.

(a) For the election of officers, terms for which elected, times of meeting and all other matters relating to the administrative procedure of the board.

Exemption from membership.

(b) In the discretion of the board, for exemption from membership of persons whose tenure is temporary, or intermittent, or part time; and for exemption from membership, or for reduced rate of deposit (which in no case shall be less than two dollars per month) of, or by persons whose rate of compensation is less than eighty dollars per month, or by persons whose compensation is measured by a per diem wage.

Employee's statement.

(c) For the filing of a sworn statement by every person who is or who shall have become an employee of the county, showing date of birth, nature and duration of employment with the county, compensation received, and giving any other information that may be required by the board that will enable it to determine eligibility for membership and retirement.

Forms.

(d) For forms of membership and annuity certificates and for such other forms as may be required.

Statement of county treasurer to insurance commissioner.

(6) The county treasurer in January of each year shall, unless for cause the insurance commissioner shall have granted an extension of time, file in the office of the

insurance commissioner a sworn statement which shall exhibit the financial condition of the retirement system at the close of the thirty-first day of the preceding December and its financial transactions for the year ending with such day. Such statement shall be in a form approved by the insurance commissioner and shall show the following assets and liabilities:

(2) Members' deposit reserve—Ten years and over—The total of the deposits of members who have made deposits for ten or more years actually received by the treasurer or due from the county under section five, (2), (a), and held subject to withdrawal by such members, together with regular interest thereon separately reported.

The unpaid annuities, resulting from the death of members before the full amount reserved for such annuities has been paid, shall not be deducted from this reserve but such amounts shall be used for the payment of annuities of persons exceeding their life expectancy.

(6) Prior service annuity reserve—The unexpended amount contributed by the county for the payment of annuities for prior service as provided by section six 2, B (4), and section five, (4), which must not be less than the amount of the annuities due and unpaid.

- (8) All other liabilities.

Resulting surplus or deficit.

C. Resulting Surplus or Deficit.

Creation of Funds.

§ 5. The funds of the retirement system shall be raised as follows:

Expense.

(1) Expense—The county shall appropriate annually such an amount as may be necessary to defray the entire expense of administration according to estimates pre-

pared by the treasurer. All payments for this purpose except salaries shall be from the general fund of the county and all liabilities created hereunder shall be deemed liabilities created by law.

Deposit and contribution funds.

(2) Deposit and contribution funds—(a) Deposits by members. From the first salary or wage warrant drawn in each month in favor of each member of the association for an amount not less than four dollars, there shall be deducted, by the county auditor or other officer charged with the duty of drawing salary or wage warrants, the sum of four dollars which shall be paid by such officer to the county treasurer and placed to the credit of the member's account in the members' deposit reserve; provided, that where the board of retirement has, in accordance with the by-laws, permitted the exemption of certain members or the deduction of smaller amounts from their salaries or wages, the action of the board in such cases shall govern. Deductions shall not be made for any member for a period longer than twenty-five years.

(b) Contributions by the county. Whenever any member has made his or her deposits for ten years during a period of not less than ten years, or whenever a member becomes permanently disabled during the first ten years of his or her membership and is entitled to an annuity or to a lump sum payment from the county under the provisions of this act, the county shall transfer to the county contribution reserve, from the county advance reserve or from the salary fund if the former is not large enough a sum equal to that contributed by such member with regular interest added thereto. Thereafter for a period not exceeding fifteen years, the county shall at the end of each month contribute a sum equal to the sum deposited by such member during that month.

(c) Whenever any member entitled to an annuity retires or is retired under the provisions of this act, during the first ten years of its operation, an amount equal to the amount deposited by such member with regular interest shall be transferred from the county advance reserve, or from the salary fund if the former is not large enough, to the county contribution reserve.

(d) For the first ten years after the adoption of this act by any county in this state the board of supervisors thereof shall pay or transfer to the retirement system an amount not less than one per cent of the pay roll for the preceding year, which amount shall be paid from the salary fund, and be used only for the purpose of making contributions under the provisions of section five, (2), (b), and (c).

(e) If the amount so reserved shall at the end of ten years be in excess of the amount required to be contributed under provision of this act the balance shall be used in making contributions in the following year or years.

If the amount to be contributed by the county during the tenth year after the establishment of the retirement system is greater than the amount reserved under the provisions of this subdivision, the difference shall be contributed from the salary fund.

Annuity fund.

(3) Annuity fund—The annuity fund shall be created by transfers from the deposit and contribution funds as follows:

(a) When a member has been retired upon an annuity, the amount of his deposits plus regular interest shall be deemed transferred from the deposit fund to the annuity fund.

(b) A similar amount shall be deemed transferred from the contribution fund.

(c) The actual funds, i. e., the cash and other assets of the retirement system, shall be treated as a whole and no attempt made to keep and invest separately the amounts coming in from the several sources of income, but separate reserve or other accounts shall be kept to show from what sources the income is derived and for what purpose and to show the several liabilities of the system to be paid from the funds.

Prior service annuity fund.

(4) Prior service annuity fund—Upon the establishment of the retirement system and upon the first of the first month of each succeeding quarter, there shall be contributed by the county from the salary fund a sum as determined by the board of retirement equal to the total amount of prior service annuities as defined in section six 2, B, (4), that will be payable during the time that will intervene before the beginning of the next quarter.

Nothing herein contained however shall prevent a county from creating a fund for the payment of prior service annuities by dividing the total amount to be raised for this purpose as determined by the board of retirement into monthly, quarterly or annual contributions of equal amount; provided, that there shall always be in this fund a balance not less than the current demands against it.

Distribution of funds.**Distribution of Funds.**

§ 6. The county treasurer shall administer the funds of the retirement system in accordance with the following plan:

1. The cost of operation of the retirement system shall be borne by the county from funds provided under section five, (1), and the liabilities incurred in connection therewith paid as other county charges are paid. These expenses are hereby made county charges.

2. Deposit, contribution, and annuity funds—

Refunds.**A. Refunds.**

(1) Should a member separate from the service of the county for any cause except permanent disability before retirement, there shall be paid to him or, in case of death to his legal representatives, all the money that shall have been paid in by him under section five, (2), (a), with regular interest on such deposits.

(2) The amount contributed by the county for such member with regular interest shall be transferred from the county contribution reserve to the surplus and deficit account.

Annuities.**B. Annuities From Employees' Deposits and Contributions by the County.**

(1) Any member who reaches the age of sixty years and has been in the continuous service of the county for ten years immediately preceding and then or thereafter retires or is retired, any member who retires or is retired at the age of seventy years, or thereafter, and any member who retires or is retired for the good of the service or for permanent disability under the provisions of section three, (4) and (5), shall receive a life annuity to which the sum of his deposits under section five, (2), (a), with regular interest and contributions by the county with regular interest under section five, (2), (b), and (c), shall entitle him according to the annuity tables adopted by the board of retirement in one of the following forms at his option:

(a) A life annuity, payable quarterly.

(b) A life annuity payable quarterly with the provision that in the event of the death of the annuitant before receiving payments equal to the sum at the date of his retirement of his deposits under section five, (2), (a), with regular interest, the difference shall be paid to his legal representatives.

(2) Annuities for permanent disability—Any member who has been retired for permanent disability as provided under section three, (5) shall receive an annuity based upon the sum of his deposits and of the county's contributions with regular interest.

Except that any member who receives compensation from the county under any workmen's compensation act or by virtue of any judgment obtained against the county for permanent disability, shall in lieu of such annuity receive a refund of all the money that has been paid in by him under section five, (2), (a), with regular interest on such deposits. The annuities paid hereunder shall cease whenever, upon investigation, the board of retirement shall find that such disability has been removed, but if the member has not received a sum equal to the amount he deposited with regular interest the difference shall be refunded to him.

(3) If the sum of the deposits made by an employee entitled to an annuity and the contributions by the county with regular interest do not amount to more than five hundred dollars, such amount shall be paid to the retiring employee in one lump sum in lieu of an annuity.

(4) Annuities based on prior service—Any member in the service of the county at the time this law becomes operative shall, upon being retired receive an annuity based upon an annuity reserve of such sum as the county's contributions at regular interest would have produced for the period of years, not exceeding twenty-five, that he shall have been in the actual service of the county at the date of retirement, plus the amount of the reserve created by his own deposits with regular interest. In all such cases that portion of the annuity not produced by the member's deposits and similar contributions by the county shall be paid from the prior service annuity reserve. Nothing herein contained shall prohibit any employee from paying into the retirement system any sums in excess of the regular monthly contributions. Any payment so made shall be made in accordance with rules adopted by the board of retirement, be credited to a separate and special account of the employee so making the payment, held for his sole use and benefit, and increased with regular interest as provided by this act. When a member who has made an extra deposit retires or separates from the service of the county, the amount of such extra deposit with regular interest shall be returned to him in a lump sum, or used to increase his annuity reserve and annuity, as the circumstances of each particular case may require.

(5) The amount of the surplus as of December thirty-first of each year, if there be a surplus, shall be paid into the salary fund of the county. The deficit, if there be a deficit, shall be made good by a transfer from the salary fund of the county, on order of the board of supervisors, to the fund of the retirement system.

(6) Refunds to the county shall go to the fund from which disbursements were originally made.

Taxation, attachments and assignments.

Taxation, Attachments and Assignments.

§ 7. The title to all property acquired under the provisions of this act shall be taken in the name of the county. The title to any moneys which may become due to any member shall not pass from the county to such member until such member is entitled thereto under the provisions of this act.

That portion of the wage of a member deducted or to be deducted under this act, the right of a member to an annuity, and all his rights in the fund of the retirement system shall be exempt from taxation, and from the operation of any law relating to bankruptcy or insolvency, and shall not be attached or taken upon execution or other process of any court. No assignment of any right in or to said funds shall be valid.

Supervision by insurance commissioner.

Supervision by Insurance Commissioner.

§ 8. The insurance commissioner shall prescribe for each county that adopts a retirement system under the provisions of this act mortality and annuity tables based upon the rate of interest herein named and may later modify such tables or prescribe

other tables to represent more accurately the cost of the annuity system, and may determine the application of the change so made. He shall also prescribe and supervise methods of bookkeeping of each retirement association formed under the provisions of this act.

The insurance commissioner shall at least once in each year, either personally or by deputy or assistant, thoroughly inspect and examine the affairs of the retirement association to ascertain its financial condition, its ability to fulfill its obligations, whether all parties in interest have complied with the provisions of law applicable to the association, and whether the transactions of the board of retirement have been in accordance with the rights and equities of those in interest. The retirement system shall be credited, in the account of its financial condition, with the amounts due from the county, under the provisions of section five, its investments with fixed maturities at amortized values, and its other investments at a reasonable valuation.

For the purposes aforesaid the insurance commissioner or other persons making examination shall have access to all the securities, books and papers of the retirement system, and may summon and administer oaths and examine as witnesses the members of the board of retirement or any other person, relative to the financial affairs, transactions and conditions of the retirement system. The insurance commissioner shall preserve in a permanent form a full record of the proceedings at such examination and the results thereof. Upon the completion of such examination, verification and valuation, the insurance commissioner shall make a report in writing of his findings to the board of retirement and shall send a copy thereof to the county board of supervisors.

Violation of act.

§ 9. If, in the judgment of the insurance commissioner, the county or the board of retirement have violated or neglected to comply with any of the provisions of this act, or of the rules and regulations established by the board of retirement hereunder, he shall give notice thereof to the county and to the board of retirement, and thereafter if such violation or neglect continues shall forthwith present the facts to the attorney general for his action. It shall be the duty of the attorney general by mandamus or other proper proceedings in his own name to compel compliance with this act.

Purpose of act.

§ 10. The purpose of this act is to recognize a public obligation to such of its employees as may become incapacitated by age or long service in public employment and its accompanying physical disabilities by making provision for a retirement annuity as an additional element of compensation for future services, and at the same time to provide a means whereby public employees who may become incapacitated may be replaced by more capable employees to the betterment of the public service without prejudice and without inflicting a hardship upon the employees removed.

This act, therefore, shall be given a liberal interpretation with a view of carrying out such purpose, and it shall not be construed as a local measure or one intended as a benefit to particular persons or places.

In case any section, or sections, or part of any section, of this act, shall be found to be unconstitutional or invalid, for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.

The state board of pharmacy may at any time, when in their judgment it appears advisable, deputize one of their members, or any other competent person, to investigate any suspected violation of any of the provisions of this act, and if the result of such investigation seems to the board to justify such action the board shall cause the prosecution of any person violating any of the provisions of this act. Nor does this apply to registered, trademarked or copyrighted proprietary medicines, registered in the United States patent office nor to the sale of proprietary medicines, when manufactured under the supervision of a registered pharmacist in the state of California for which trademarks may have been filed with the secretary of state of California, by merchants possessing a license issued by the board of pharmacy as described in section 16 of this act. The board of pharmacy shall adopt a standard of qualifications regarding schooling and preliminary qualifications for all persons desiring to be registered as apprentices, as provided for in this section. The pharmaceutical experience of every apprentice shall, after the passage of this act, be deemed to begin on the date on which he began the study of pharmacy, and such date shall be inserted in the certificate of registration of said apprentice, provided the preliminary qualifications have been found satisfactory by the board. Sworn testimony shall be furnished the board upon which they shall determine the date as aforesaid. The date so determined and entered as aforesaid shall be deemed to be the beginning of the applicant's pharmaceutical experience for the purpose of this act; provided, that the students matriculating and attending any reputable college of pharmacy shall be registered as apprentices upon such fact being shown. The board shall keep a register for the registration of apprentices and furnish upon application proper blanks for this purpose. No apprentice shall be permitted to sell drugs, medicines, or poisons, or compound prescriptions except under the direct, immediate and personal supervision of a registered pharmacist. No registered apprentice shall ever be left in charge of a pharmacy. No applicant for registration as an apprentice shall be registered as such if such applicant has had more than three years' experience in a pharmacy, but must apply for registration as assistant pharmacist. 4. Construction—"Pharmacy act" and "poison act" in pari materia.—The "pharmacy act" and the "poison act" are in pari materia, and are to be so construed, and so construed, the pharmacy board is given power to promulgate regulations, not inconsistent with the laws of the state for the protection of the public, in the sale of poisons.—In re Potter, 164 Cal. 735, 739, 130 Pac. 721.

5. Same—Sale of Kellogg's ant paste—Provisions of act inconsistent with poison act.—A regulation of the board of pharmacy requiring grocers and dealers generally to sell Kellogg's ant paste only in strict compliance with sections 1, 2 and 3 of the poison

act, which requires all poisons to be sold only by registered pharmacists, is inconsistent with the provisions of the pharmacy act which authorizes the sale of such paste in unbroken packages by grocers and dealers generally.—In re Potter, 164 Cal. 735, 739, 130 Pac. 721.

6. Kellogg's ant paste—Effect of section 7 of "poison act."—Under the 1913 amendment to section 7 of the poison act, insecticides such as Kellogg's ant paste and ant poison containing arsenic, are excluded from the ant poisons which may be sold by grocers and dealers generally under the poison act, notwithstanding the provisions of the insecticide act of 1911, as amended in 1913, and the decision of the supreme court in re Potter, 164 Cal. 735, 130 Pac. 721.—In re Potter, 26 Cal. App. 45, 146 Pac. 62.

7. San Francisco ordinance—No conflict.—A San Francisco ordinance regulating the sale of opium is warranted by section 11, article XI, of the constitution and is valid, although differing from the pharmacy act and poison act, where there is no conflict with the provisions of such acts.—Ex parte Hong Shen, 98 Cal. 681, 33 Pac. 799.

HOURS OF LABOR.

ACT 3465—An act to regulate the work and hours of employees engaged in selling, at retail, drugs and medicines, and compounding physicians' prescriptions, and providing a penalty for the violation thereof.

History: Approved February 28, 1905, Stats. 1905, p. 28. Amended March 15, 1907, Stats. 1907, p. 273.

Limit of hours of labor.

§ 1. As a measure for the protection of public health, no person employed by any person, firm or corporation, shall for more than an average of ten hours a day or sixty hours a week of six consecutive calendar days, perform the work of selling drugs or other medicines, or compounding physicians' prescriptions, in any store, establishment or place of business, where and in which drugs or medicines are sold, at retail, and where and in which physicians' prescriptions are compounded; provided, that the answering of and attending to emergency calls shall not be construed as a violation of this act.

Employer not to permit longer hours.

§ 2. No person, firm or corporation employing another person to do work which consists wholly or in part of selling, at retail, drugs or medicines, or of compounding physicians' prescriptions, in any store, or establishment or place of business where or in which medicines are sold and where and in which physicians' prescriptions are compounded shall require or permit said employed person to perform such work for more than an average of ten hours a day, or sixty hours a week of six consecutive calendar days.

Penalty for violation of act.

§ 3. Any person, firm or corporation violating any of the provisions of this act shall be deemed guilty of misdemeanor and shall be punished therefor by a fine not less than twenty dollars nor more than fifty dollars, or by imprisonment for not exceeding sixty days, or by both such fine and imprisonment, at the discretion of the court.

Repeal of conflicting acts.

§ 4. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Duty of state bureau of labor.

§ 5. The commissioners of the state bureau of labor statistics are hereby authorized, directed and empowered to enforce the provisions of this act. [Amendment approved March 15, 1907, Stats. 1907, p. 273.]

Editor's note: Labor laws—Fixing hours of labor.—The state of New York passed a statute essentially the same as the above in its name and purpose, but relating to employees in bakeries. This statute is as follows:

"No employee shall be required or permitted to work in a biscuit, bread, or cake bakery or confectionery establishment more than sixty hours in any one week, or more than ten hours in any one day, unless for the purpose of making a shorter workday on the last day of the week; nor more hours in any one week than will make an average of ten hours per day for the number of days during such week in which such employee shall work," and has a penalty attached for a violation thereof.

Joseph Lochner was indicted for a violation of the above law and convicted in the trial court. The conviction was affirmed by the appellate division and also by the court of appeals, and thereupon taken to the supreme court of the United States (*Lochner v. State*, May 15, 1905, vol. 198 U. S. 45, 49 L. ed. 539, 25 Sup. Ct. Rep. 539), wherein by a bare majority the law was held unconstitutional and the judgment of conviction reversed. Mr. Justice Peckham, writing the majority opinion, says:

"There is nothing in any of the opinions delivered in this case, either in the supreme court or the court of appeals of the state, which construes the section, in using the word 'required,' as referring to any physical force being used to obtain the labor of an employee. It is assumed that the word means nothing more than the requirement arising from voluntary contract for such labor in excess of the number of hours specified in the statute. There is no pretense in any of the opinions that the statute was intended to meet a case of involuntary labor in any form. All the opinions assume that there is no real distinction, so far as this question is concerned, between the words 'required' and 'permitted.' The mandate of the statute, that 'no employee shall be required or permitted to work,' is the substantial equivalent of an enactment that 'no employee shall contract or agree to work,' more than ten hours per day; and, as there is no provision for special emergencies, the statute is mandatory in all cases. It is not an act merely fixing the number of hours which shall constitute a legal day's work, but an absolute prohibition upon the employer permitting, under any circumstances, more than ten hours' work to be done in his establishment. The em-

ployee may desire to earn the extra money which would arise from his working more than the prescribed time, but this statute forbids the employer from permitting the employee to earn it."

Limit to valid exercise of police power.—The court say: "It must, of course, be conceded that there is a limit to the valid exercise of the police power by the state. There is no dispute concerning this general proposition. Otherwise the XIV amendment would have no efficacy and the legislatures of the states would have unbounded power, and it would be enough to say that any piece of legislation was enacted to conserve the morals, the health, or the safety of the people; such legislation would be valid, no matter how absolutely without foundation the claim might be. The claim of the police power would be a mere pretext,—become another and delusive name for the supreme sovereignty of the state to be exercised free from constitutional restraint. This is not contended for. In every case that comes before this court, therefore, where legislation of this character is concerned, and where the protection of the federal constitution is sought, the question necessarily arises: Is this a fair, reasonable, and appropriate exercise of the police power of the state, or is it an unreasonable, unnecessary, and arbitrary interference with the right of the individual to his personal liberty, or to enter into those contracts in relation to labor which may seem to him appropriate or necessary for the support of himself and his family? Of course the liberty of contract relating to labor includes both parties to it. The one has as much right to purchase as the other to sell labor.

"This is not a question of substituting the judgment of the court for that of the legislature. If the act be within the power of the state, it is valid, although the judgment of the court might be totally opposed to the enactment of such a law. But the question would still remain, Is it within the police power of the state? and that question must be answered by the court."

Interference with contract—Fourteenth amendment.—The court say: "The statute necessarily interferes with the right of contract between the employer and employees, concerning the number of hours in which the latter may labor in the bakery of the employer. The general right to make a contract in relation to his business is part of the liberty of the individual protected by the XIV amendment of the federal constitution. (*Allgeyer v. Louisiana*, 165 U. S.

578, 41 L. ed. 832, 17 Sup. Ct. Rep. 427.) Under that provision no state can deprive any person of life, liberty, or property without due process of law. The right to purchase or to sell labor is part of the liberty protected by this amendment, unless there are circumstances which exclude the right. There are, however, certain powers, existing in the sovereignty of each state in the Union, somewhat vaguely termed police powers, the exact description and limitation of which have not been attempted by the courts. Those powers, broadly stated, and without, at present, any attempt at a more specific limitation, relate to the safety, health, morals, and general welfare of the public. Both property and liberty are held on such reasonable conditions as may be imposed by the governing power of the state in the exercise of those powers, and with such conditions the XIV amendment was not designed to interfere. (*Mugler v. Kansas*, 123 U. S. 623, 31 L. ed. 205, 8 Sup. Ct. Rep. 273; *In re Kemmler*, 136 U. S. 436, 34 L. ed. 519, 10 Sup. Ct. Rep. 930; *Crowley v. Christensen*, 137 U. S. 86, 34 L. ed. 620, 11 Sup. Ct. Rep. 13; *In re Converse*, 137 U. S. 624, 34 L. ed. 796, 11 Sup. Ct. Rep. 191.)

"The state, therefore, has power to prevent the individual from making certain kinds of contracts, and in regard to them the federal constitution offers no protection. If the contract be one which the state, in the legitimate exercise of its police power, has the right to prohibit, it is not prevented from prohibiting it by the XIV amendment. Contracts in violation of a statute, either of the federal or state government, or a contract to let one's property for immoral purposes, or to do any other unlawful act, could obtain no protection from the federal constitution, as coming under the liberty of person or of free contract. Therefore, when the state, by its legislature, in the assumed exercise of its police powers, has passed an act which seriously limits the right to labor or the right of contract in regard to their means of livelihood between persons who are *sui juris* (both employer and employee), it becomes of great importance to determine which shall prevail,—the right of the individual to labor for such time as he may choose, or the right of the state to prevent the individual from laboring, or from entering into any contract to labor, beyond a certain time prescribed by the state."

Validity of labor law—Laborers not wards of state.—Mr. Justice Peckham further says: "The question whether this act is valid as a labor law, pure and simple, may be dismissed in a few words. There is no reasonable ground for interfering with the liberty of person or the right of free contract, by determining the hours of labor, in the occupation of a baker. There is no contention that bakers as a class are not equal in intelligence and capacity to men in other trades or manual occupations, or that they are not able to assert their rights

and care for themselves without the protecting arm of the state interfering with their independence of judgment and of action. They are in no sense wards of the state. Viewed in the light of a purely labor law, with no reference whatever to the question of health, we think that a law like the one before us involves neither the safety, the morals, nor the welfare of the public, and that the interest of the public is not in the slightest degree affected by such an act. The law must be upheld, if at all, as a law pertaining to the health of the individual engaged in the occupation of a baker. It does not affect any other portion of the public than those who are engaged in that occupation. Clean and wholesome bread does not depend upon whether the baker works but ten hours per day or only sixty hours a week. The limitation of the hours of labor does not come within the police power on that ground.

"It is a question of which of two powers or rights shall prevail,—the power of the state to legislate or the right of the individual to liberty of person and freedom of contract. The mere assertion that the subject relates, though but in a remote degree, to the public health, does not necessarily render the enactment valid. The act must have a more direct relation, as a means to an end, and the end itself must be appropriate and legitimate before an act can be held to be valid which interferes with the general right of an individual to be free in his person and in his power to contract in relation to his own labor.

"We think the limit of the police power has been reached and passed in this case. There is, in our judgment, no reasonable foundation for holding this to be necessary or appropriate as a health law to safeguard the public health, or the health of the individuals who are following the trade of a baker. If this statute be valid, and if, therefore, a proper case is made out in which to deny the right of an individual, *sui juris*, as employer or employee, to make contracts for the labor of the latter under the protection of the provisions of the federal constitution, there would seem to be no length to which legislation of this nature might not go. The case differs widely, as we have already stated, from the expressions of this court in regard to laws of this nature, as stated in *Holden v. Hardy*, 169 U. S. 366, 42 L. ed. 780, 18 Sup. Ct. Rep. 383, and *Jacobson v. Massachusetts*, 197 U. S. 11, 49 L. ed. 358, 25 Sup. Ct. Rep. 358."

Emergency clause.—It will be observed that our statute has no emergency clause. Neither has the New York law. On this subject the court, calling attention to the fact that the Utah law (regulating the hours in underground mines and smelters. —See *Holden v. Hardy*, 169 U. S. 366, 42 L. ed. 780, 18 Sup. Ct. Rep. 383) had an emergency clause, remarks: "The statute now before this court has no emergency clause in it, and, if the statute is valid, there are no circumstances and no emer-

gencies under which the slightest violation of the provisions of the act would be innocent. There is nothing in *Holden v. Hardy* which covers the case now before us. Nor does *Atkin v. Kansas*, 191 U. S. 207, 43 L. ed. 148, 24 Sup. Ct. Rep. 124, touch the case at bar. The *Atkin* case was decided upon the right of the state to control its municipal corporations and to prescribe the conditions upon which it will permit work of a public character to be done for a municipality. *Knoxville Iron*

Co. v. Harbison, 183 U. S. 13, 46 L. ed. 55, 22 Sup. Ct. Rep. 1, is equally far from an authority for this legislation. The employees in that case were held to be at a disadvantage with the employer in matters of wages, they being miners and coal workers, and the act simply provided for the cashing of coal orders when presented by the miner to the employer."

CONTENTS OF CHAPTER.

ACT 3474. BOARD OF PILOT COMMISSIONERS FOR SAN DIEGO.

BOARD OF PILOT COMMISSIONERS FOR SAN DIEGO.

ACT 3474—An act creating a board of pilot commissioners for the harbor of San Diego, defining their duties, and fixing their compensation.

History: Approved March 2, 1911, Stats. 1911, p. 267. Amended May 4, 1915. In effect August 8, 1915. Stats. 1915, p. 338. Prior act of March 26, 1872, Stats. 1871-72, p. 650, superseded by the present act.

Pilot commissioners of San Diego.

§ 1. It shall be the duty of the governor to appoint one citizen and one nautical man, residents of San Diego, as pilot commissioners. The mayor of said city shall be ex-officio pilot commissioner. The three persons named shall constitute a board of pilot commissioners, with the powers and duties as hereinafter provided.

Oath of office.

§ 2. Each commissioner shall, before entering upon his official duties, take the following oath or affirmation, which shall be indorsed on his commission, and shall be signed by him and certified by the county judge of the county of San Diego: "I do solemnly swear (or affirm, as the case may be), that I will support the constitution of the United States and the constitution of the state of California, and that I will faithfully discharge the duties of the office of pilot commissioner, without fear, favor or affection, according to the best of my ability."

Term.

§ 3. The board of pilot commissioners shall hold their offices during the pleasure of the power appointing them, not exceeding four years.

Organization of board.

§ 4. The board of pilot commissioners shall meet at least once in each month. They shall elect one of their number president, who shall be authorized to administer oaths, and under his hand and private seal to issue subpoenas for the attendance of witnesses in all cases arising before the board under this act. A witness disobeying such subpoena shall forfeit and pay a sum not exceeding one hundred dollars, which may be sued for and recovered in a civil action, in the name of the president of the board. It shall make by-laws and rules for its own government of the pilots not inconsistent with the laws of the state or of the United States. A majority of such board shall constitute a quorum for the transaction of business, and may meet and adjourn from time to time, according to adjournment or appointment.

Qualifications of pilots.

§ 5. Pilots appointed by commissioners must be carefully examined as to their qualifications, and, if found to be qualified and worthy, must receive license as pilots for the term of twelve months; which license shall be thereafter annually renewed until the commissioners have good cause to withhold such renewal, and whenever the commissioners deem they have such cause, or intend for any reason to withhold such renewal, the secretary of the board of commissioners shall serve notice in writing on such pilot, specifying the causes, at least ten days before the expiration of his license; and such pilot shall thereupon be entitled to a full hearing before said board.

Qualifications of pilots.

§ 6. No person shall be appointed a pilot unless he is an American citizen, over the age of twenty-one years, with a practical knowledge of the management of sailing vessels and steamboats, and of the tides, soundings, bearings, and distances of the several shoals, bars, rocks, points of land, lighthouse, and fog signals of the port and harbor of San Diego.

Oath and bond of pilots. Number.

§ 7. Every pilot receiving a license shall, before entering on the discharge of his duties, take the oath prescribed by the constitution of this state, which shall be indorsed upon his license, signed by him, and certified by the president of the board; and shall give a bond in the sum of twenty-five hundred dollars, with two sureties to be approved by the board and recorded in the county recorder's office of San Diego county, made payable to the state of California, and conditioned that he will faithfully perform all the duties required of him as a pilot under this act, and will observe the rules and regulations and decisions of the board. The pilots shall renew their bonds whenever the board may deem it necessary and shall so order. In all cases where a pilot shall have been deprived of his license before the expiration thereof for any of the causes hereinafter specified, it shall be the duty of the president of the board, provided a majority of the board shall instruct, to place the bond of such pilot in the hands of the attorney general of the state of California for collection. If any amount be collected thereon in such suit, it shall be paid to the board and shall constitute a fund out of which it shall be the duty of the board to provide rewards to encourage the relief of vessels and passengers in distress, and generally to encourage the pilots in the energetic performance of their duties.

The board of commissioners must examine and license in the manner prescribed, not less than two nor more than four pilots for the port of San Diego.

Duty.

§ 8. It shall be the duty of every pilot in charge of a vessel arriving in the harbor of San Diego to have the vessel safely moored in such a position as the master may direct.

If carried to sea against his will.

§ 9. Every pilot carried to sea against his will, when a pilot boat is in attendance to receive him, shall be entitled to receive the sum of eight dollars per day while absent, which sum may be recovered from the master or owner of the vessel so taking him away; provided, the amount herein allowed to be recovered shall in no case exceed one thousand dollars.

Causes for taking away license.

§ 10. Any pilot may be deprived of his license before the expiration thereof, for the following causes:

First—For refusing to exhibit his license when requested to do so by the master of any vessel he may have boarded.

Second—For habitual or occasional intoxication, whether the same shall occur while in charge of a pilot boat, or at any other time.

Third—For negligently, ignorantly, or willfully running any vessel on shore, or otherwise rendering her liable to injury; provided, that any pilot deprived of his license under this subdivision shall thereafter be ineligible to a license as pilot under this act.

Piloting vessel without license.

§ 11. Any person not holding a license as pilot, who shall pilot any vessel into or out of the harbor of San Diego, shall be deemed guilty of a misdemeanor, and on conviction in any court of competent jurisdiction shall be punished by a fine not exceeding five hundred dollars, or by imprisonment not exceeding ninety days.

Liability for fees.

§ 12. All vessels, their tackle, apparel and furniture, and the masters and owners thereof, shall be jointly and severally liable for pilotage fees, to be recovered in any court of competent jurisdiction.

When two pilots offer services.

§ 13. When two or more pilots shall offer their services to a vessel outside of a line from Punta Lomas and the southeast end of Zuinga shoal, the first pilot offering his services shall have the preference; and if the master of any vessel shall refuse to observe such rule of preference, and take the pilot entitled to be preferred on board, the vessel, her appurtenances, the master and owner thereof, shall be jointly and severally liable to the pilot entitled to such preference for one-half of the amount of pilotage he would have been entitled to claim had his services been accepted.

Rates of pilotage, San Diego.

§ 14. The rates of pilotage for all vessels into or out of the harbor of San Diego shall be such reasonable rates as the board of pilot commissioners of San Diego harbor shall, from time to time, fix and establish and not in any case to exceed two dollars per foot draft and two cents per ton for each and every net ton of registered measurement for vessels having cargoes to be laden or unladen solely at the port of San Diego, and one dollar per foot registered measurement for vessels having cargoes to be laden or unladen partly at the port of San Diego and partly elsewhere, and every vessel spoken inward or outward bound, except as hereinafter provided, shall pay said rates. A vessel spoken by day by a pilot boat displaying a union jack, or by night displaying a torch or flare-up within a distance of one mile of the vessel, in all cases where inward bound vessels are not spoken until inside the bar, the rates of pilotage herein provided shall be reduced fifty per cent.

Vessels engaged in coasting trade.

All vessels sailing under enrollment and licensed and engaged in the coasting trade, between the port of San Diego and any other port of the United States, shall be exempt from all pilotage, unless a pilot is actually employed.

Foreign vessels.

All foreign vessels and vessels from a foreign port or bound thereto, and all vessels sailing under a register between the port of San Diego and any other port of the United States, shall be liable for pilotage as provided in section fourteen. [Amendment of May 4, 1915. In effect August 8, 1915, Stats. 1915, p. 338.]

Reports of pilots.

§ 15. Every pilot of the harbor of San Diego must once in each month, upon blanks to be furnished to them by the board of pilot commissioners, render a verified account to the board of all moneys received by him, or by any other person for him, or on his account, and pay five per cent thereof to the board, in full compensation for its official services, for the services of its secretary and treasurer. Such account shall give the name of each vessel piloted, and of each vessel for which pilotage has been charged or collected, and the amount charged to, or collected from each, where the same is registered, the depth of its draught, its tonnage, whether inward or outward bound, and whether the amount so received, collected, or charged is for full pilotage or half pilotage, and the secretary shall record such account in a book prepared for that purpose, which book shall at all times be open to public inspection.

Absence from San Diego.

§ 16. All pilots absenting themselves from San Diego for more than thirty days shall forfeit their commission, except in case of sickness, or consent of the commissioners.

§ 17. This act shall take effect and be in force from and after its passage.

CHAPTER 275.**PIMPING.**

CONTENTS OF CHAPTER.**ACT 3476. PIMPING PROHIBITED.****PIMPING PROHIBITED.**

ACT 3476—An act in relation to pimping; to define and prohibit the same, and providing for punishment thereof; and for the competency of certain evidence at the trial therefor.

History: Approved February 8, 1911, Stats. 1911, p. 10.

Pimping. Penalty.

§ 1. Any male person who, knowing a female person to be a prostitute, shall live or derive support or maintenance in whole or in part, from the earnings or proceeds of the prostitution of such prostitute, or from moneys loaned or advanced to or charged against such prostitute by any keeper or manager or inmate of a house or other place where prostitution is practiced or allowed, or who shall solicit or receive compensation for soliciting for such prostitute, shall be guilty of a felony, to wit: pimping, and upon conviction for an offense under this act shall be punished by imprisonment in the state prison for a period of not less than one year nor more than three years.

Competent witness.

§ 2. Any such female person referred to in the foregoing section shall be a competent witness in any prosecution under this act to testify for or against the accused

as to any transaction or as to any conversation with the accused or by him with another person or persons in her presence, notwithstanding her having married the accused before or after the violation of any of the provisions of this act, whether called as a witness during the existence of the marriage or after its dissolution.

1. Act was not repealed by implication by section 1322, Penal Code, as amended March 2, 1911, by the failure of that section to refer to the special provision of the act as the wife's competency as a witness against her husband charged with pimping.—*People v. Edwards*, 28 Cal. App. 716, 153 Pac. 975.

2. Essentials of offense under act.—To constitute the offense of "pimping" within the meaning of this act the defendant must be a male person and have knowledge that a certain female person is a prostitute; that there are earnings from her prostitution, and that the defendant must derive his support or maintenance from such earnings, in whole or in part, knowing them to be the proceeds from her prostitution, and these essentials must appear by suitable averment in the indictment or information.—*People v. Fuski*, (Cal. App.) 192 Pac. 552.

3. Gist of offenses.—Support from earnings of prostitute.—The gist of the offense of pimping is in receiving the earnings of a prostitute for his support by the defendant, knowing the source from which it came, and if the fact existed that he was the keeper or manager of a house of prostitution, it was a mere additional incident not necessary to be alleged.—*People v. Fuski*, (Cal. App.) 192 Pac. 552.

4. Indictment or information.—In a prosecution for a violation of the pimping act an allegation in the indictment or in-

formation that the defendant is a male person would be of no aid to him since that is a matter peculiarly within his own knowledge, and whether guilty or innocent he is equally apprised of his sex.—*People v. Fuski*, (Cal. App.) 192 Pac. 552.

5. Same.—Support "wholly" or "in part" not necessary to be alleged.—It is not necessary that an indictment for pimping should show whether defendant derived support and maintenance "wholly" or "in part," from the earnings of a prostitute, that fact being immaterial, it being sufficient if he derived any support whatever from that source.—*People v. Fuski*, (Cal. App.) 192 Pac. 552.

6. Evidence.—Of sex.—In a prosecution for pimping it can not be that there is no evidence that defendant was a male person or that the prosecuting witness was a female person, where both were before the jury in person.—*People v. Fuski*, (Cal. App.) 192 Pac. 552.

7. Evidence sufficient to sustain a conviction of the crime of pimping defined in the act.—*People v. Reitzke*, 21 Cal. App. 740, 132 Pac. 1063.

8. Instruction that if the jury find that the prosecuting witness lent defendant money to go into the saloon or other business they should acquit him of the crime of pimping under the act, is a proper instruction.—*People v. Reitzke*, 21 Cal. App. 740, 132 Pac. 1063.

(a) The term “master plumber” means one who has an established place of business and works by contract.

“Journeyman plumber” defined.

(b) The term “journeyman plumber” means one who, as an employee, personally installs plumbing work, but does not mean a helper or an apprentice working under the direct personal supervision of a plumber who holds a temporary permit or a certificate of competency issued pursuant to the provisions of this act.

Certificate of competency.

§ 2. It shall be unlawful for any journeyman plumber or master plumber in any city or town maintaining a public sewer system to personally install any plumbing or drainage system or portion thereof unless he shall first obtain a temporary permit or a certificate of competency issued pursuant to and as provided for in this act.

Examining board.

§ 3. In each county in which there is a city or town having a sewer system, the state board of health shall appoint an examining board of three members, one of whom must be a journeyman plumber who has had at least five years' practical experience as a plumber in this state, one a master plumber who has engaged in the plumbing business as a master plumber for at least five years in this state, and one a regularly licensed and practicing physician of this state. They shall serve for twelve, eighteen and twenty-four months respectively, or until their successors are duly appointed and

qualified, and each member shall receive as compensation fifty cents for each applicant examined, such compensation to be paid out of the funds of the state board of health semiannually. Within ten days after their appointment the board shall meet and choose one of its members to act as secretary of the board. The state board of health shall provide each examining board with the necessary application forms, registration books, temporary permits, certification blanks, and all tools, materials and office or shop room in which to properly conduct the examinations. Applications for examination may be made in writing. The state board of health shall adopt such rules and regulations as may be necessary and advisable to carry out the purposes of this act.

Application for certification. Examination.

§ 4. Application for certification shall be made to the secretary of the examining board. The fee for filing the application shall be two and one-half dollars and shall be paid to the secretary of the examining board and by him to the state board of health to the credit of the contingent fund thereof. In no case shall the filing fee be returned to the applicant. The examining board shall issue to the applicant a temporary permit which shall be valid only until the examination is held and the certificate granted or denied. The examination shall consist of an oral or written examination and practical test and shall be of sufficient strictness to properly test the qualifications of the applicant as to his knowledge of plumbing, house draining and ventilation. If the applicant shows by a proper examination that he is qualified the board shall issue to him a certificate of competency which shall thereafter be renewed every twelve months without the necessity of an examination, upon the payment of an annual fee of two dollars. Any person possessing such a certificate of competency to work in a particular county shall be entitled to work at the plumbing business in any other county in this state upon registering with the examining board thereof. Such registration shall be without cost and without examination.

Revocation of certificate.

§ 5. Said board may make such rules and regulations as may be necessary to effectively carry out the provisions of this act and may at any time revoke a certificate granted by it for the violation of any such rules or regulations or of a municipal building, plumbing or sanitary ordinance.

Provisions of city charters.

§ 6. Nothing in this act contained shall be deemed to repeal or in any manner supersede the authority conferred upon the board of health, department of public health, or health officer, by the charter of any incorporated city or city and county, or the power, under such charter, to enact ordinances providing for the conduct of any of the matters and things embraced within the terms of this act.

Penalty.

§ 7. Any person violating any provisions of this act shall be guilty of a misdemeanor as defined in section nineteen of the Penal Code.

1. Constitutionality — Licensing under police power.—Generally speaking, plumbing work is so related to the public health that the legislature may, under its police power, make reasonable regulations governing it, and for that purpose may require the examination and licensing of those engaged in such work.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

2. Same—Act not a health measure.—The act is not a health measure, and could not be sustained on that ground.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

3. Same—Same—Not necessary to validity.—It is not necessary to its validity that act should be a health measure, and it is a proper exercise of the police power if its purpose and effect is imposed by way of regulating reasonable safeguards in the public interest around the exercise of the plumbing occupation.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

4. Same—Invalid as discriminatory.—The act is invalid because it discriminates in favor of an employing master plumber against one who has an established place

of business and performs plumbing work himself, since the former may operate without a license, and the latter can not, and moreover is liable to be deprived of his means of livelihood at the caprice of an examining.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

5. Same—Act is special legislation.—The act is special legislation as discriminating in its application between persons engaged in the same trade, without any reasonable basis for a classification.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

6. Same—Invalidity not removed by provisions of act of 1885.—The act of 1885, lacking the discriminatory features of the present act, if it was not intended to be repealed by it, merely emphasizes those objectionable features, and can not be said to remove them.—*Aaroe v. Crosby*, (Cal. App.) 192 Pac. 97.

7. Implied power to appoint plumbing examiners can not be delegated.—Where the charter of a municipality contains no express power to appoint plumbing examiners, such examiners can only be appointed under its general implied powers, and such powers can not be delegated to

a subordinate municipal body or persons and is moreover subject to general laws inconsistent with its exercise.—*Ex parte Grey*, 11 Cal. App. 125, 104 Pac. 476.

8. Same.—The city of San Jose has no express power under its charter to delegate to the board of police commissioners and fire commissioners of the city the power to appoint a board of plumbing examiners; and an ordinance attempting to do this, is void as being in conflict with the general law.—*Ex parte Grey*, 11 Cal. App. 125, 104 Pac. 476.

9. Plumbers' license tax imposed under freeholders' charter is a "municipal affair." The imposition of a plumber's license tax in the city of Stockton, operating under a freeholders' charter, is a "municipal affair."—*In re Prentice*, 24 Cal. App. 345, 141 Pac. 220.

10. Ordinance of Stockton not in conflict with act.—An ordinance of the city of Stockton requiring a license of master-plumbers as a condition of their right to engage in the business of plumbing, is not in conflict with the act of 1885.—*In re Prentice*, 24 Cal. App. 345, 141 Pac. 220.

CONTENTS OF CHAPTER.

ACT 3528. POISON ACT.

POISON ACT.

ACT 3528—An act to regulate the sale of poisons in the state of California and providing a penalty for the violation thereof.

Amendment of title of act. The original title of this act was amended by the amending act of 1909, by adding the words "and use" after "to regulate the sale."

History: Approved March 6, 1917, Stats. 1907, p. 124. Amended (1) March 19, 1909, Stats. 1909, p. 422; (2) April 25, 1911, Stats. 1911, p. 1106; (3) June 11, 1913, in effect August 10, 1913, Stats. 1913, p. 692; (4) May 27, 1915, in effect August 8, 1915, Stats. 1915, p. 863; (5) June 1, 1915, in effect August 8, 1915, Stats. 1915, p. 1066; (6) May 27, 1919, Stats. 1919, p. 1275, which last amendment was suspended by referendum and submitted to the people at the general election of November 2, 1920, and adopted. The title of the amending act of 1919 recites that a new section is added, number 8g, but no such section appears in the body of the act. Prior acts of April 16, 1880, Stats. 1880, p. 102, codified by § 347a of the Penal Code (see *Kerr's Cyc. Penal Code*, § 347a); March 11, 1891; amended March 3, 1893, Stats. 1893, p. 68; repealed by the act of March 15, 1901, Stats. 1901, p. 299, which was no doubt superseded, as to the sale of poisons, by the present act.

Labeling packages of poisons. Poisons sold only for legitimate purposes. Giving fictitious name unlawful. Schedule and antidote given to pharmacists. Entries of sales in poison register. Form of book.

§ 1. It shall be unlawful for any person to vend, sell, give away or furnish, either directly or indirectly any poisons enumerated in schedules "A" and "B" in section seven of this act as hereinafter set forth, without labeling the package, box, bottle or paper in which said poison is contained, with the name of the article, the word "poison," and the name and place of business of the person furnishing the same. Said label shall be substantially in the form hereinafter provided. It shall be unlawful to sell or deliver any of the poisons named in schedule "A" or any other dangerously poisonous drug, chemical, or medicinal substance, which may from time to time be designated by the state board of pharmacy of California, unless on inquiry it is found that the person desiring the same is aware of its poisonous character, and it satisfactorily appears that it is to be used for a legitimate purpose. It shall be unlawful for any person to give a fictitious name or make any false representations to the seller or dealer when buying any of the poisons thus enumerated; provided, that this prohibition shall not apply to an officer or inspector of the state board of pharmacy in the performance of the duties enjoined by law upon said board, or to any person acting under authority of said board in the performance of said duties. Printed notice of all such additions to the schedule of poisons named and provided for in this section, and the antidote adopted by the board of pharmacy for such poisons shall be given to all registered pharmacists with the next following renewal of their certificates. It shall be unlawful to sell or deliver any poison included in schedule "A" or the additions thereto, without making or causing to be made, at the time of said sale, an entry in a book kept solely for that purpose, stating the date and hour of sale, and the name, address and signature of the purchaser, the name and quantity of the poison sold, the statement by the purchaser of the purpose for which it is required, and the name of the dispenser, who must be a duly registered pharmacist; provided, however, that said entry shall be made out in full, in ink before said signature of the purchaser is made thereto, and that said entry shall be made by said dispenser himself, and not by any person who is not a duly registered pharmacist or duly registered assistant pharmacist.

Said book shall be in form substantially as follows:

Date and hour	Name of purchaser	Residence	Kind and quantity	Purpose of use	Signature of druggist	Signature of purchaser
---------------	-------------------	-----------	-------------------	----------------	-----------------------	------------------------

This book shall always be open for inspection by the proper authorities, and shall be preserved for at least five years after the date of the last entry therein. [Amendment approved June 11, 1913, Stats. 1913, p. 692.]

This section was also amended March 19, 1909, Stats. 1909, p. 423.

Form of label.

§ 2. The label required by this act, to be placed on all packages of poison, shall be printed upon red paper in distinct white letters, or in distinct red letters upon white paper, and shall contain the word "poison," the "vignette" representing the skull and crossbones, and the name and address of the person or firm selling the same. The name of an antidote if any there be for the poison sold, shall also be upon the package. No poison shall be sold or delivered to any person who is less than eighteen years of age.

State board of pharmacy to adopt schedule of antidotes. Entries to be in English.

§ 3. It shall be the duty of the state board of pharmacy to adopt a schedule of what in their judgment are the most suitable common antidotes for the various poisons usually sold. After the board has adopted the schedule of antidotes as herein provided

for, they shall have the same printed and shall forward by mail one copy to each person registered upon their books, and to any other person applying for the same. The particular antidote adopted (and no other) shall appear on the poison label, provided for in section 2 of this act, or be attached to the package containing said poison. The board shall have power to revise and amend the list of antidotes from time to time, as to them may seem advisable. The entries in the poison-book and the printed or written matter provided for in sections 2 and 3 of this act, shall be in the English language, provided that the vendor of said poison may enter the same in any foreign language he may desire, in addition to said entry and label in English.

Board may further restrict sales.

§ 4. When in the opinion of the state board of pharmacy it is in the interest of the public health, they are hereby empowered to further restrict, or prohibit, the retail sale of any poison by rules, not inconsistent with the provisions of this act, by them to be adopted, and which rules must be applicable to all persons alike. It shall be the duty of the board, upon request, to furnish any dealer with a copy of the laws relating to articles, preparations and compounds, the sale of which is prohibited or regulated by this act. [Amendment approved June 11, 1913, Stats. 1913, p. 693. In effect August 10, 1913.]

Duty of wholesale dealers.

§ 5. Wholesale dealers and pharmacists shall affix or cause to be affixed to every bottle, box, parcel or other inclosure of an original package containing any of the articles named in schedule "A" the additions thereto, or in sections 8 and 9 of this act, a suitable label, or brand with the word "poison" but they are hereby exempted from the registration of the sale of such articles when sold at wholesale to a registered pharmacist, physician, dentist or veterinary surgeon duly licensed to practice in the state; provided, that the provisions of this act shall not apply to the sale of such upon the prescriptions of practicing physicians, dentists or veterinary surgeons who are duly licensed to practice in this state.

District attorney to prosecute.

§ 6. It is hereby made the duty of the district attorney of the county wherein any violation of this act is committed, to conduct all actions and prosecutions for the same, at the request of the board of pharmacy; provided, however, that the board may employ special counsel to assist the district attorney in such actions and prosecutions. [Amendment approved June 11, 1913, Stats. 1913, p. 694. In effect August 10, 1913.]

§ 7. Any person violating any of the provisions of sections eight or eight a of this act shall upon conviction be guilty of and shall be punished as follows, viz.: for the first offense said person so convicted shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars, and not to exceed four hundred dollars, or by imprisonment for not less than fifty days and not exceeding one hundred eighty days, or by both such fine and imprisonment; for the second offense said person so convicted shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than two hundred fifty dollars, and not to exceed five hundred dollars, or by imprisonment for not less than ninety days and not exceeding six months, or by both such fine and imprisonment; and for the third offense said person so convicted shall be deemed guilty of a felony and shall be punished by imprisonment in the state prison for not less than one year and not more than five years. Any person violating any of the provisions of this act, except those contained in sections eight or eight a, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in a sum not less than thirty dollars, nor more than two hundred dollars, or by imprisonment for not less than thirty days and not more than fifty days, or by both such fine and imprisonment. All moneys, forfeited bail or fines, received under the operation of

this act shall be paid by the magistrate receiving same, seventy-five per cent to the state board of pharmacy, and twenty-five per cent to the city treasurer of the city, if incorporated, or to the county treasurer of the county in which the prosecution is conducted. The following is schedule "A" referred to in section one, viz.: Schedule "A," arsenic, its compounds and preparations, corrosive sublimate, and other poisonous derivatives of mercury, cyanide of potassium, strychnine, hydrocyanic acid, oils of croton, rue, savin, and tansy, phosphorus and its poisonous derivatives and compounds, strophanthus or its preparations, aconite, belladonna, nux vomica, veratrum viride, their preparations, alkaloids or derivatives, ant poison containing any of the poisons enumerated in this schedule.

[Amended by referendum November 2, 1920.]

This section was also amended March 19, 1909, Stats. 1909, p. 422; June 11, 1913, Stats. 1913, p. 692; June 1, 1915, Stats. 1915, p. 1066; and was amended as above May 27, 1919, Stats. 1919, p. 1275.

§ 8. It shall be unlawful for any person, firm or corporation to sell, furnish or give away or offer to sell, furnish or give away or to have in their or his possession any cocaine, opium, morphine, codeine, heroin, alpha eucaine, beta eucaine, nova eaine, flowering tops and leaves, extracts, tinctures and other narcotic preparations or hemp or loco weed (*cannabis sativa*), Indian hemp, peyote (*anhalonium*), or chloral hydrate or any of the salts, derivatives or compounds of the foregoing substances or any preparation or compound containing any of the foregoing substances or their salts, derivatives or compounds excepting upon the written order or prescription of a physician, dentist or veterinary surgeon, licensed to practice in this state, which order or prescription shall be dated and shall contain the name of the person for whom prescribed, written in by the person writing said prescription, or if ordered by a veterinary surgeon it shall state the kind of animal for which ordered and shall be signed by the person giving the prescription or order. Such order or prescription shall be permanently retained on file by the person, firm or corporation who shall compound or dispense the articles ordered or prescribed, and it shall not be again compounded or dispensed if each fluid or avoirdupois ounce contains more than ten grains of chloral hydrate, or four grains of Indian hemp or loco weed excepting upon the written order of the prescriber for each and every subsequent compounding and dispensing. No copy or duplicate of such written order or prescription shall be made or delivered to any person but the original shall be at all times open to inspection by the prescriber and properly authorized officers of the law and shall be preserved for at least three years from the date of the filing thereof; provided, that the above provisions shall not apply to sales at wholesale by jobbers, wholesalers and manufacturers to pharmacies, as defined in section one of an act entitled "An act to regulate the practice of pharmacy in the state of California and to provide a penalty for the violation thereof; and for the appointment of a board to be known as the California state board of pharmacy," approved March 20, 1905, and acts amendatory thereof; or physicians, nor to each other, nor to the sale at retail in pharmacies by pharmacists to physicians, dentists or veterinary surgeons duly licensed to practice in this state; provided, further, that all such wholesale jobbers, wholesalers and manufacturers, in this section mentioned shall keep in a manner readily accessible, the written orders or blank forms required to be preserved under the provisions of section two of the act of congress, approved December 17, 1914, relating to the production, importation, manufacture, compounding, sale, dispensing or giving away of opium

or coca leaves and salts, derivatives or preparations. And said records shall always be open for inspection by any peace officer or any member of the board of pharmacy or any inspector authorized by said board and such records shall be preserved for at least two years after the date of the last entry therein. The taking of any order, or making of any contract or agreement, by any traveling representative, or any employee, of any person, firm or corporation, for future delivery in this state, of any of the articles or drugs mentioned in this section shall be deemed a sale of said articles or drugs by said traveling representative, or employee, within the meaning of the provision of this act; provided, further, that a true and correct copy of all orders, contracts or agreements, taken for narcotic drugs specified in this section shall be forwarded by registered mail to the secretary of the California state board of pharmacy within twenty-four hours after the taking of such order, contract or agreement, unless such order, contract or agreement is recorded as required under the provisions of section two of an act of congress, approved December 17, 1914, relating to the production, importation, manufacture, compounding, sale, dispensing or giving away of opium or coca leaves, their salts, derivatives or preparations of some wholesale jobber, wholesaler, or manufacturer permanently located in this state, as provided for in this section. It shall be unlawful for any practitioner of medicine, dentistry or veterinary medicine to administer to himself as a habitual user or furnish to or prescribe for the use of any other habitual user of the same, or of anyone representing himself as such, any cocaine, opium, morphine, codeine, heroin, or chloral hydrate, or any salt, derivative or compound of the foregoing substances or their salts, derivatives or compounds; and it shall also be unlawful for any practitioner of medicine or dentistry to prescribe or give any of the foregoing substances for himself or any person not under his treatment in the regular practice of his profession, or for any veterinary surgeon to prescribe or furnish any of the foregoing substances for the use of himself or any other human being; provided, however, that the provisions of this section shall not be construed to prevent any duly licensed physician from furnishing or prescribing in good faith as their physician by them employed as such, for any habitual user of any narcotic drugs who is under his professional care, such substances as he may deem necessary for their treatment, when such prescriptions are not given or substances furnished for the purpose of evading the purposes of this act; provided, that such licensed physician shall report in writing, over his signature, by registered mail, to the office of the California state board of pharmacy, within twenty-four hours after the first treatment, each and every habitual user of such narcotic drugs as are enumerated in this section whom he or she has taken, in good faith, under his or her professional care, for the cure of such habit, such report to contain the date, name and address of such patient, and the name and quantity of the narcotic or narcotics prescribed in such treatment; and provided, further, that the above provisions shall not apply to preparations of the United States pharmacopoeia and national formulary or other recognized or established formula or remedies sold or dispensed without a physician's prescription containing not more than two grains of opium, or one-fourth grain of morphine, or one grain of codeine, or one-eighth grain of heroin, or ten grains of chloral hydrate or four grains of Indian hemp or loco weed in one fluid ounce, or, if a solid preparation, in one ounce, avoirdupois, except tincture opii camphorata (commonly known as paregoric) which may be sold only upon the prescription of a physician licensed to practice in this state and said prescription shall not be again refilled or dispensed. [Amended by referendum November 2, 1920.]

for smoking opium, or extracts, tinctures or other narcotic preparations of hemp, or loco weed, their preparations or compounds containing more than four grains to each fluid or avoirdupois ounce (except corn remedies containing not more than fifteen grains of the extract or fluid extract of hemp to the ounce, mixed with not less than five times its weight of salicylic acid combined with collodion), is hereby made a misdemeanor, and upon conviction thereof shall be punishable by the penalties prescribed in section seven of this act. All such narcotic drugs, pipes used for smoking opium (commonly known as opium pipes) or the usual attachments thereto, and all such hemp or preparation of hemp or loco weed seized under the provisions of this act shall be ordered destroyed by the judge of the court in which final conviction was had; said order of destruction shall contain the name of the party charged with the duty of destruction as herein required; provided, however, that the judge shall turn all such evidence over to the California state board of pharmacy for such destruction; and provided, further, that any narcotic drug specified in section eight, opium pipes and the usual attachments thereto, or smoking opium, seized under the provisions of this act, now in the possession of any city or county official or officials, or the California state board of pharmacy, or which may hereafter come into their or its possession, in which no trial was had, shall be delivered to the California state board of pharmacy for destruction by said board; provided, however, that none of the narcotic drugs specified in section eight, opium pipes and the usual attachments thereto, or smoking opium coming into the possession of said board, as above described, shall not be destroyed within a period of six months from the date of such seizure; and provided, further, that the board of pharmacy may dispose of all narcotics now on hand or hereafter coming into their possession (other than smoking opium), either by gift to the medical director of California state prisons or state hospitals or by sale to wholesale druggists, the funds received from such sales to be applied by the board of pharmacy to the carrying out the provisions of this act or of the act creating such California state board of pharmacy. [Amendment of June 1, 1915. In effect August 8, 1915, Stats. 1915, p. 1071.]

No order, certificate or prescription shall be for more than one hypodermic syringe or for more than three hypodermic needles and no copy or duplicate of such order shall be made for or delivered to any person and said order or prescription shall be accepted and filled only once; provided, however, that the above restrictions shall not prevent any duly registered nurse of this state or student nurse in any hospital or training school for nurses from obtaining or possessing any hypodermic syringe and hypodermic needles when working under the immediate direction and supervision of a licensed physician or licensed dentist; provided, further, that the board of pharmacy may upon application and at its discretion issue a permit, revocable at the discretion of the said board, to any duly registered pharmacist, for a limited period, permitting and authorizing such pharmacist to sell and dispense hypodermic syringes and needles for specified purposes, to persons not addicted to the use of the narcotic drugs enumerated in this act, and sales made under the authority of and in conformity with the terms of such permit shall not be construed to be in violation of the provisions of this section.

Any person violating any of the provisions of this section shall, upon conviction, be guilty of a misdemeanor and shall be punished as follows: for the first offense by a fine of not less than twenty-five dollars and not more than fifty dollars or by imprisonment for not less than twenty-five days and not more than fifty days or by both such fine and imprisonment; and for each subsequent offense by a fine of not less than fifty dollars and not more than one hundred dollars or by imprisonment for not less than fifty days and not more than one hundred days or by both such fine and imprisonment. All fines, moneys, or forfeited bail imposed for violation of this section, upon collection thereof, shall be disposed of as is provided for in the disposition of fines, moneys or forfeited bail under section seven of this act. [Added by referendum November 2, 1920.]

This section was added May 27, 1919, Stats. 1919, p. 1275.

3. Same—Not unreasonable — Innocent possession of opium.—The statute is not unreasonable and void because it is possible for one to have the possession of opium innocently and without knowledge inasmuch as the act clearly means a conscious and voluntary possession.—Ex parte Yun Quong, 159 Cal. 508, 114 Pac. 835, Ann. Cas. 1912C, 969.

4. Same—Not invalid for failure to prohibit giving away of poisons.—The act is not invalid because of its failure to prohibit the giving away of the poisons specified.—Ex parte Hallawell, 8 Cal. App. 563, 97 Pac. 320, 155 Cal. 112, 99 Pac. 490.

5. Same—Title sufficient to cover subject of section 8.—Section 8 of the act is not invalid on the ground that its subject matter is not embraced in the title.—Ex parte Hallawell, 8 Cal. App. 563, 97 Pac. 320, 155 Cal. 112, 99 Pac. 490.

6. Cas. 1912C, 969.

10. Construction — Pharmacy act and poison act in pari materia.—The "pharmacy act" and the "poison act" are in pari materia, and are to be so construed, and so construed, the pharmacy board is given power to promulgate regulations, not inconsistent with the laws of the state for the protection of the public in the sale of poisons.—In re Potter, 164 Cal. 735, 739, 130 Pac. 731.

11. Same—"Pharmacy act" and poison act" inconsistent—Sale of Kellogg's ant paste.—A regulation of the board of pharmacy requiring grocers and dealers generally to sell Kellogg's ant paste only in strict compliance with sections 1, 2 and 3 of the "poison act," which requires all poisons to be sold only by registered pharmacists, is inconsistent with the provisions of the "pharmacy act" which authorizes the sale of such paste in unbroken packages by grocers and dealers generally.—In re Potter, 164 Cal. 735, 739, 130 Pac. 721.

12. Same—Same—Same—"Pharmacy act" not repealed by 1911 amendment to "poison act."—The 1911 amendment did not have the effect to re-enact the poison act as of the date of the amendment, and thus to repeal by implication the pharmacy act allowing certain sales of poisons to be made by grocers and other dealers.—In re Potter, 164 Cal. 735, 740, 130 Pac. 721.

13. Same—Same—Same—Effect of 1913 amendment.—The effect of the 1913 amendment of section 7 was to prohibit the sale of ant poisons containing arsenic by grocers and dealers generally, notwithstanding section 14a of the insecticide act, and notwithstanding the decision of the court in In re Potter, 164 Cal. 735, 130 Pac. 721.—Ex parte Potter, 26 Cal. [Amendment of April 15, 1919. In effect July 22, 1919. Stats. 1919, p. 101.]

Whenever any person, while serving as a policeman in any such county, city and county, city or town, shall become physically disabled by reason of any bodily injury received in the immediate or direct performance or discharge of his duty as such policeman, said board may, upon his written request, or without such request, if it deem it to be for the good of said police force, retire such person from said department, and order and direct that he shall be paid from said fund, during his lifetime, a yearly pension equal to one-half of the amount of salary attached to the rank which he may have held on such police force at the date of such retirement, but on the death of such pensioner his heirs or assigns shall have no claim against or upon such police relief or pension fund; provided, that whenever such disability shall cease such pension shall cease, and such person shall be restored to active service at the same salary he received at the time of his retirement. [Amendment approved March 2, 1897, Stats. 1897, p. 52.]

Evidence of disability to be filed.

§ 5. No person shall be retired, as provided in the next preceding section, or receive any benefit from said fund, unless there shall be filed with said board certificates of his disability, which certificates shall be subscribed and sworn to by said person, and by the county, city and county, city, or town physician (if there be one), and two regularly licensed practicing physicians of such county, city and county, city, or town, and such board may require other evidence of disability before ordering such retirement and payment as aforesaid.

Pension to family.

§ 6. Whenever any member of the police department of such county, city and county, city, or town shall lose his life while in the performance of his duty, leaving a widow, or child or children under the age of sixteen years, then upon satisfactory proof of such facts made to it, such board shall order and direct that a yearly pension, equal to one third the amount of the salary attached to the rank which such member held in said police department at the time of his death, shall be paid to such widow during her life, or if no widow, then to the child or children, until they shall be sixteen years of age; provided, if such widow, or child or children, shall marry, then such person so marrying shall thereafter receive no further pension from such fund.

[Amendment approved March 31, 1891, Stats. 1891, p. 287.]

Re-examination.

§ 8. Any person retired for disability under this act may be summoned before the board herein provided for at any time thereafter, and shall submit himself thereto for examination as to his fitness for duty, and shall abide the decision and order of such board with reference thereto; and all members of the police force who may be retired under the provisions of this act shall report to the chief of police of the county, city and county, city, or town where so retired, on the first Mondays of April, July, October, and January of each year; and in cases of great public emergency may be assigned to and shall perform such duty as said chief of police may direct; and such persons shall have no claim against the county, city and county, city, or town for payment for such duty so performed.

The board herein provided for shall hold quarterly meetings on the first Mondays of April, July, October, and January of each year, and upon the call of its president; it shall biennially select from its members a president and secretary; it shall issue warrants, signed by its president and secretary, to the persons entitled thereto of the amount of money ordered paid to such persons from such fund by said board, which warrant shall state for what purpose such payment is to be made; it shall keep a record of all its proceedings, which record shall be a public record; it shall at each quarterly meeting send to the treasurer of the county, city and county, city or town, and to the auditor of such county, city and county, city, or town, a written or printed list of all persons entitled to payment from the fund herein provided for, stating the amount of such payments and for what granted, which list shall be certified to and signed by the president and secretary of such board, attested under oath. The auditor shall thereupon enter a copy of said list upon a book to be kept for that purpose, and which shall be known as "the police relief and pension fund" book. When such list has been entered by the auditor he shall transmit the same to the board of supervisors, or other governing authority of such county, city and county, city, or town, which board or authority shall order the payment of the amounts named therein out of "the police relief and pension fund." A majority of all the members of said board herein provided for shall constitute a quorum and have power to transact business.

6. Same—Section 13 not violative of section 24, article IV, of the constitution.—Section 13 of the act providing for the merger of the two police funds is not violative of section 24, article IV, requiring amendatory statutes to set out the statute as amended in full.—*Clarke v. Police, etc., Board*, 123 Cal. 24, 55 Pac. 576.

7. Same—Does not create special commission.—The act does not create a special commission within the meaning of section 13, article XI, of the constitution.—*Pennie v. Reis*, 80 Cal. 269, 22 Pac. 176.

8. Construction — "Unmarried sisters."—The words "unmarried sisters" in the amendment of 1891, do not refer alone to sisters who were never married, but to sisters also who were widowed at the time of the death of the police officer.—*Mott v. Scanlan*, 19 Cal. App. 250, 125 Pac. 762.

9. Same—Provisions of act of 1878 repealed.—This act impliedly repealed the provisions of the act of 1878 for the payment of a sum of money, upon the death of a police officer, to his personal representatives.—*Pennie v. Reis*, 80 Cal. 269, 22 Pac. 176.

10. Same—Superseded by San Francisco charter.—This act was superseded, so far as San Francisco was concerned by the adoption of the charter in 1900.—*Burke v. Board, etc.*, 4 Cal. App. 235, 87 Pac. 421;

Board, etc.*, 4 Cal. App. 235, 87 Pac. 421.

12. Same—Not applicable to death in railroad accident.—The act does not apply to a death caused by a railroad accident.—*Slevin v. Board, etc.*, 123 Cal. 130, 55 Pac. 785, 44 L. R. A. 114.

14. Same—Sections 7 and 6 not complements.—Section 7 is not the complement of section 6 for the former superadds the requirement of ten years' service to the condition as to the manner of the death.—*Slevin v. Board, etc.*, 123 Cal. 130, 55 Pac. 785, 44 L. R. A. 114.

15. Same—Act does not create vested right.—The act does not create a vested right to the amount fixed during the life of an officer and the repeal of the act during his life does not violate the due process clause of the constitution.—*Pennie v. Reis*, 80 Cal. 269, 22 Pac. 176.

16. Same—Same—Fund may be applied to different purpose.—The fund created under the provisions of this act can be applied to a different purpose by the legislature, in which case no absolute right of property in the police officer was impaired.—*Pennie v. Reis*, 132 U. S. 464, 33 L. ed. 426, 10 Sup. Ct. Rep. 149.

17. Same—Repeal of act of 1878—Revoked expectancy of police officer.—On the repeal of the statute of 1878 (Stats. 1877-78, p. 879), a police officer's expectancy in the provision therein made for his benefit was revoked, and the sum claimed by his representatives was no longer subject to the provisions of the act.—*Pennie v. Reis*, 132 U. S. 464, 33 L. ed. 426, 10 Sup. Ct. Rep. 149.

18. **Same—Same—Act of 1878 did not constitute a contract.**—The act of 1878 did not constitute a life insurance contract with the officers for whose benefit the fund therein provided for was created.—Clarke v. Police, etc., Board, 123 Cal. 24, 55 Pac. 576.

19. **Same—Police officer has no contractual right under act of 1878.**—A police officer has no contractual right in the fund created by the act of 1878.—Clarke v. Police, etc., Board, 123 Cal. 24, 55 Pac. 576.

20. **Pension law may be amended or repealed.**—A law providing for pensions may be repealed or amended at any time before the happening of the event which operates to vest the right to such pension.—Cohn v. Henderson, 19 Cal. App. 89, 124 Pac. 1037.

21. **Same—Change of law can not affect a vested right.**—Where the right of the widow of a police officer of San Francisco to the death benefit provided by this act was vested before the adoption of the new charter, her right could not be divested by the change in the law wrought by such charter.—Kavanagh v. Board, etc., Comrs., 134 Cal. 50, 66 Pac. 36.

22. **Officer on retired list continues a member of force.**—A police officer placed

on the retired list after twenty years service under the act of 1889, who never resigned and was never dismissed continues to be a member of the force, and his widow, upon his death, is entitled to one thousand dollars as provided by the amendment of 1891.—Kavanagh v. Board, etc., Comrs., 134 Cal. 50, 66 Pac. 36.

23. **Officer resigned not entitled to benefit of act.**—A police officer who resigned from the force in 1887 after twenty years' service, and who was not subject, to the control of the board at the time the act of 1889 went into effect, was not entitled to a pension under the provisions of that act as amended in 1897.—Clarke v. Police, etc., Board, 127 Cal. 550, 59 Pac. 994.

24. **Statute of limitations—Time runs from accrual, not from repudiation, of claim.**—The board charged under the act with the management of the fund are not trustees of an express trust and the statute begins to run against a claim on its accrual and not on repudiation by the board, and the widow of a deceased police officer who waits five years before making her claim is barred from recovering.—Nicols v. Board, etc., Comrs., 1 Cal. App. 494, 82 Pac. 557.

Nothing in this section contained shall be construed to prevent or prohibit any such board of police commissioners or board of trustees from prescribing other and more severe penalties for a second or repeated violation of any such rule or regulation, or a subsequent violation of any such rule or regulation thus prescribed; provided, that such penalties shall be reasonable, and shall be printed or published as hereinbefore

provided for, nor shall anything in this section contained be construed to prevent or prohibit such board of police commissioners or board of trustees from prescribing like or similar penalties for the violation of more than one of such rules and regulations; provided, that the same shall be printed or published in connection with the rule or regulation to which the same is intended to apply as hereinbefore provided. Such hearing can be had only upon a written charge or complaint filed with the secretary or clerk of such board, which must be verified by the oath of the person making the same, and must contain a statement in ordinary and concise language of all the facts constituting the charge made. A copy of such charge or complaint shall be served upon the person charged at least five days prior to the time set for the hearing thereof. § 3. In any such city, or city and county, as is mentioned in section 2 of this act, where the right to hold the office of police officer, or member of the police department is dependent upon the "good behavior" of such officer or member subject to reasonable rules and regulations of the board of police commissioners or board of trustees thereof, such right to hold such office is hereby declared to be a substantial right of which he shall not be deprived arbitrarily, nor summarily, nor otherwise than upon a hearing as hereinbefore in this act provided. 8. Same—Not violative of section 11, article I, of the constitution.—The act is not in conflict with section 11, article I, of the constitution, requiring statutes of a general nature to have a uniform operation.—People ex rel. Daniels v. Henshaw, 76 Cal. 436, 18 Pac. 413.

9. Police court of Oakland not abolished by the charter.—The police court of the city of Oakland, originally created under the Whitney act, was not abolished by the adoption of the charter of 1911.—Application of Westenberg, 167 Cal. 309, 320, 139 Pac. 674.

9a. Applied to Oakland.—The "Whitney act" applied to the city of Oakland, and was an implied repeal of the act of March 10, 1866 (Stats. 1865-66, p. 193).—People ex rel. Daniels v. Henshaw, 76 Cal. 436, 18 Pac. 413; In re Ah Yon, 82 Cal. 339, 22 Pac. 929.

10b. Census of 1897 did not abolish existing police court.—The census taken under the act of 1897, made no reference to the Whitney act, failed to designate the purpose of such census, or show its significance, and, therefore, did not abolish the police court of Los Angeles created under the last-named act, although it showed a population in excess of 100,000.—In re Mitchell, 120 Cal. 384, 52 Pac. 799; People v. Judicial power of cities of first and one-half class.

§ 1. The judicial power of every city of the first and one-half class shall be vested in a police court to be held therein by the city justices of such city, or one or more of them. Either of said justices may hold such court, and there may be as many sessions of said court at the same time as there are city justices in said city, and it is hereby made the duty of said city justices, in addition to the duties now required of them by law, to hold said police court, as judges thereof.

Jurisdiction.

§ 2. Said police court shall have exclusive jurisdiction of all misdemeanors punishable by fine or by imprisonment, or by both such fine and imprisonment, committed in the city where such police court is held; and of all such proceedings for violation of any ordinance of said city, both civil and criminal; and of all actions for the collection of any license required by the ordinances of said city. In all cases of which said police court has jurisdiction it shall have power to try and determine the same, convict or acquit; pass and enter judgment and carry such judgment into execution as the case may require, according to law.

Powers of justices.

§ 3. Each of the city justices while acting as judge of said police court shall be and have the powers of a police magistrate and shall have power and jurisdiction to issue warrants of arrest, search warrants, subpoenas, summons, writs of execution and all other writs, orders or processes necessary to the full and proper exercise of the powers and jurisdiction of said court; to punish persons guilty of contempt of said court, in like cases and by the same penalties as justices of the peace; to try all charges of misdemeanor offenses committed within its jurisdiction, as well as all charges for violation of city ordinances, and render judgment therein with full power to carry such judgment into execution; to make disposition of property taken under search warrant, in like cases and like manner as justices of the peace; to act as a committing magistrate, examine and hold to answer or discharge persons charged with the commission of felonies and make all necessary rulings, orders and commitments in that behalf; in all proper cases, to stay the execution of any judgment rendered by him in either civil or criminal cases.

Justices not to be interested.

§ 4. Neither of said justices shall sit in any case in which he is a party, or in which he is interested, or where he is related to either party by consanguinity or affinity within

the third degree; and in case of the absence, sickness or inability of the said justices, or either of them, either of said justices may call in any justice of the peace of the county to act in his place and stead.

Departments. Apportionment of business. Rules. Government of proceedings.

§ 5. The said police court shall be divided into as many departments as there are judges of said court. The judges of said court shall choose from their number a presiding judge, who shall serve for one year; provided, however, that the presiding judge first chosen hereunder shall serve until the first Monday in January, 1914; and provided, further, that the presiding judge may be removed at any time and another appointed in his place by a vote of the majority of said judges. The presiding judge shall assign the judges to their respective departments; but any judge may preside in any department in case of the absence or inability to act of the judge of such department. And in the absence or inability to act of the presiding judge, the remaining judges may select one of their number to act as presiding judge during such absence or inability; and whose official acts during such time shall have the same force and effect as though made or done by the presiding judge. The presiding judge shall have power to apportion the business of said court among the several departments and to transfer cases from one department to another, if necessary or convenient to facilitate the dispatch of business of said court. The judgments, orders and proceedings of any session of the court held by any one or more of the judges of said court shall be equally effectual as though all of the judges had presided at such session. The judges of said court shall have power, by a majority of all the judges of said court, to make rules not inconsistent with the constitution or laws of this state, for the government of said court and the officers thereof, and for conducting the business of said court. Such rules may be published by posting a copy of the same in each of the court rooms of said court and shall be in effect after having been so posted for a period of thirty days. Said court shall be governed in its proceedings by the provisions of law regulating proceedings in justices' courts and police courts so far as such provisions are not altered or modified by this act, and the same are applicable in the several cases arising therein, and no rules shall be made imposing any tax or charge on any legal proceeding or giving any allowance to any officer for services.

**Clerks. Bond. Salary. Duties. Monthly account. Business hours. Violation.
Dockets.**

§ 6. Said police court shall have a clerk for each of the judges of said court, who shall be appointed by the judge of said court presiding in the department thereof in which the said clerk is to act, and one additional clerk who shall be appointed by the presiding judge of said court. Each of said clerks shall hold office for the term of four years from the date of his appointment. Each such clerk shall be ex officio a clerk of the city justices of the peace. Each of said clerks shall give a bond in the sum of five thousand dollars, with at least two sureties, to be approved by the mayor, conditioned for the faithful discharge of the duties of his office. Each of said clerks shall receive an annual salary of two thousand one hundred dollars, payable in equal monthly installments out of the treasury of said city, which salary shall be full compensation for all services rendered by him. Each of said clerks shall keep a record of the proceedings of said court and issue all processes ordered by the city justices or either of them, or by said police court or a judge thereof, and receive and pay into the city treasury all fines imposed and collected by said court, and all forfeitures of cash deposited in lieu of bail in said court, and all other moneys which may come into his hands belonging to or payable to said city. They shall also render each month to the city council an exact and detailed account under oath of all fines imposed and collected and of all fines imposed and uncollected since their last reports. They shall prepare and approve bonds and

may, in the absence of a judge of said court, fix the amount of bail to be required of any defendant charged in such court with any offense of which such court has jurisdiction. Such clerk may also justify bail, and may administer and certify oaths. Said clerks shall remain at the court rooms of said court during business hours and during such reasonable times thereafter as may be necessary for a proper performance of their duties. Before receiving any monthly payment of salary, each of said clerks shall make and file with the city auditor an affidavit that he has deposited with the city treasurer all moneys that have come into his hands belonging to the city. Any violation of this provision shall be a misdemeanor. Said clerks shall keep, compile and be the custodians of the dockets, files and records of said court. Said dockets shall, in civil cases, be kept in conformity to the provisions of sections nine hundred eleven, nine hundred twelve, nine hundred thirteen and nine hundred fourteen of the Code of Civil Procedure of the state of California. In criminal cases the docket shall contain in each case:

Docket in criminal cases.

1. The title of the case;
2. The demurrer, if any;
3. The motion to dismiss, if any, based upon any defect of the complaint in substance or form;
4. The ruling of the court upon any demurrer or motion to dismiss;
5. The defendant's plea;
6. Any order of the court setting the time for hearing of any demurrer or motion, or setting case for trial;
7. The names of the witnesses sworn and examined at the trial;
8. The verdict;
9. The time set for rendering judgment, if judgment is not passed immediately after verdict or plea of guilty; and the waiver of time for sentence, if there be such waiver;
10. The judgment;
11. A minute of all motions, rulings and orders made after verdict of judgment;
12. The dates of the various actions or things required to be recorded.

Other duties.

Each of said clerks shall perform such other duties as the court by a majority vote of the judges thereof may determine in regulating and conducting the business of said court, and said judges may select one of the said clerks to supervise and audit the books, records and accounts of the several departments of said court in co-operation with the city auditor of said city, and to perform such other duties as said judges may require. [Amendment of May 10, 1917. In effect July 27, 1917, Stats. 1917, p. 417.]

Prosecuting attorney. Duties. Application for writ of habeas corpus served on attorney. Enforcing attendance of witness outside of county.

§ 7. Said police court shall have a prosecuting attorney who shall be elected or appointed in such manner as the charter of said city shall provide. Said prosecuting attorney shall have as many assistants, deputies, clerks and stenographers as the legislative body of said city shall provide, all of whom shall be appointed by said prosecuting attorney, unless otherwise provided by the charter of said city. In case the charter of said city shall provide for the election or appointment of a city prosecutor, such city prosecutor shall have and exercise all the powers and duties of said prosecuting attorney. It shall be the duty of such prosecuting attorney, either in person or by his assistants or deputies, to draw complaints to be filed in said police court for misdemeanor offenses in which said court has jurisdiction, arising either from violations of

the charter or ordinances of said city or from violations of the laws of the state of California. Such prosecuting attorney must attend the said police court, and conduct, either in person, or by his assistants or deputies, in behalf of the people, all prosecutions for public offenses of which such court has trial jurisdiction. Said prosecuting attorney shall attend to all appeals and proceedings on application for writs of habeas corpus, in connection with such prosecutions, and shall prosecute all recognizances and bail bonds forfeited in said court, and all actions for the recovery of fines, penalties and forfeitures accruing in said court; and the district attorney of the county in which said city is located shall have no power or authority in or over any of said prosecutions, actions or proceedings. Whenever any person, held in custody or restraint by any peace officer of said city, and charged with having committed any criminal offense against the provisions of the charter or ordinances of said city, or with having committed any offense in said city which is a misdemeanor under the laws of this state, shall apply for a writ of habeas corpus, a copy of the application for such writ shall be served forthwith upon the prosecuting attorney or upon one of his assistants or deputies. In any case where an offense has been committed in the said city that is triable in said court, and any person, whose attendance as a witness at the trial is necessary in the judgment of said prosecuting attorney, resides out of the county in which said court is located, or can only be served with a subpoena outside of said county, the said prosecuting attorney shall have the power to make and present to the said police court, an affidavit stating that he believes the evidence of such witness is material and that the attendance of such witness at the trial is necessary. And if a judge of the said police court shall, upon the presentation to him of such affidavit of said prosecuting attorney, endorse on the subpoena an order for the attendance of the witness named in such affidavit, the attendance of such witness may be enforced in the manner provided by sections 1330, 1331, and 1332 of the Penal Code.

Bailiff. Duties. Salary.

§ 8. There shall be a bailiff in each department of said court, who shall be selected from the regular police force of said city and shall be appointed by the judge presiding in such department, and who by virtue of such selection and appointment shall rank as sergeant. It shall be the duty of the bailiff to attend all sessions of the department of such court for which he is appointed or assigned, and to preserve order therein; to serve or cause to be served and properly returned to said court, all warrants, subpoenas, writs, processes and orders, civil or criminal, issued by or out of or returnable to said court; to have charge of prisoners while in said court, and if committed to deliver them or cause them to be delivered to the proper officer; to perform such other duties in the conducting or facilitating the business of said court as a judge of said court may require; or as may be required by a rule of said court. Each of said bailiffs shall be a civil executive officer and in the performance of his duties as an officer of said court, within the city in which said court is situated, shall have all the powers and authority of a sheriff or other peace officer. He shall be subject to the orders of said court or a judge thereof and may be punished by said court or a judge thereof for contempt, or for the disobedience of any order of said court, or a judge thereof, or for neglect of duty. Any bailiff of said court, or person acting as or performing the duties of bailiff of said court shall not while such bailiff, or while so acting or performing such duties, be assigned to or required to perform any other duties without the consent of the judge presiding in the department in which such bailiff or officer is so acting or performing such duties. Each of said bailiffs shall receive a salary of eighteen hundred dollars per annum, payable in equal monthly installments out of the treasury of said city. Any police officer of said city may perform any of the duties of a bailiff of said court, and while in the performance of any such duties, is subject to the orders and discipline of said court as a bailiff.

Additional bailiff.

§ 9. If at any time, in the opinion of the judges of said court, or a majority of them, the services of more than five men are required to perform the duties devolving upon the bailiffs of said court, or to facilitate the work of said court, the presiding judge may select and appoint one additional man from the police force of said city, who shall thereby become a bailiff of said court, or of any department thereof to which he may be assigned by the presiding judge, and who shall thereby be invested with all the powers and authority of a bailiff of said court, and who shall perform any of the duties of a bailiff of said court, required of him by the presiding judge; or a judge of said court; and such bailiff, while so acting, shall have the rank and receive the compensation of a bailiff of said court. He shall serve as such bailiff during the pleasure of the judges of said court or a majority of them.

Fines paid into treasury.

§ 10. All fines and other moneys collected on behalf of the city in the police court shall be paid into the city treasury on the first Tuesday of each month.

Court rooms.

§ 11. The city council shall furnish suitable rooms for the holding of said police court, including jury rooms and offices for the judges, clerks and bailiffs, and shall also furnish the necessary dockets, blanks, stationery and supplies for the carrying on of the business of said court, requisition for such supplies to be issued by any judge for his department.

Quarterly selection of jurors. Procedure.

§ 12. In the months of January, April, July and October of each year there shall be selected by the judges of said police court a list of jurors to serve as a term trial jury in said police court for the ensuing three months, and until a new term trial jury is selected. Said jurors shall be selected from the persons resident in the city in which said police court is held, and who are legally competent and suitable to serve as jurors therein, as follows: The judges of said court shall meet for the purpose of selecting a jury. The presiding judge shall preside at such meeting, and a majority of the judges of said court shall constitute a quorum. The judges shall estimate and designate the number of jurors required for the trial of cases in said court for the ensuing three months. From the names appearing on the last preceding completed assessment-roll of the county in which said city is located, of persons assessed on property belonging to themselves and apparently competent and suitable to serve as jurors in such court, the judges shall select names which shall not be less than two, nor more than four, times the number designated as the number of jurors required as hereinbefore provided, which names shall be written on separate slips of paper, and said slips shall be folded so as to conceal the names thereon, and said slips shall be placed in a proper receptacle and thoroughly mixed. The presiding judge shall then draw from said receptacle, one at a time, as many slips as the number designated by said judges as the number of jurors required; and there shall be made two lists of said names so drawn and one of said lists shall be delivered to the presiding judge. The other list shall then be filed in the office of the presiding judge. The presiding judge shall thereupon make an order requiring the persons whose names have been so drawn to attend in said court at a suitable time and place in said order designated; and said order shall be signed by the presiding judge and the seal of the court attached. The clerk of the department of the presiding judge shall attach to said order a copy of the list of the names drawn as above set forth, and deliver said order with said list attached to one of the bailiffs of the said court or to any police officer of said city. The said bailiff or police officer shall without delay, and without further pay, serve and return said order to said court, in the manner provided in section 225 of the Code of Civil Procedure.

At the time and place fixed in said order for the appearance of the persons so summoned, the presiding judge shall attend and shall call the names on said list and shall make a record of those present and those absent, and shall excuse such as shall appear to him to be not competent or eligible to serve as jurors, and such as appear to be exempt from jury duty in such cases as the exemption is pressed by the prospective juror as an excuse from duty, and such as appear to him to be entitled to be excused under the provisions of section 201 of the Code of Civil Procedure. The question of the competency or incompetency, or exemption from jury service, shall be determined according to the provisions of sections 198, 199 and 200 of the Code of Civil Procedure.

Any juror summoned as above provided, who fails to appear, may be attached by an order issued by said presiding judge, and served by one of the bailiffs of said court or any police officer of said city, and punished as provided in section 238 of the Code of Civil Procedure.

The names of the persons attending, whether by original service or attachment, and not excused, shall be written on separate slips of paper, which slips shall be folded so as to conceal the names, and shall be placed in a box. If in the opinion of the presiding judge there is not in attendance a sufficient number of jurors for the trial of cases in said court for the ensuing three months, he may cause additional names to be drawn and the persons whose names are so drawn to be summoned in the manner hereinbefore provided, until the number of persons designated in the original order are in attendance and are qualified, and their names placed in a box; provided, however, that the drawing, or the attendance, or the qualifying of a greater or less number of jurors than that designated by the judges as hereinbefore provided shall not be a ground of challenge to the panel or to a juror, nor shall it affect the validity of any act as a juror of any persons so drawn and qualified.

When a jury is required in any department of said court, the judge presiding in that department or any judge of said court, shall cause to be drawn from the box containing the names of the jurors attending, and not excused, a number of names estimated to be sufficient from which to select said jury. If the persons whose names are so drawn are not present in said court, they may by order of a judge of said court, be summoned by the bailiff of said court of a police officer in the manner hereinbefore provided. If said names so drawn are exhausted before the jury is completed, additional names shall be drawn in the same manner until the jury is completed or the slips in the box are exhausted. The slips containing the names so drawn shall be delivered to the clerk of the department in which the jury is to be selected, who shall without unfolding them, place them in a box and cause them to be thoroughly mixed; and shall then draw from said box, one at a time, said slips and call the name from each of said slips as it is drawn, until the jury box is filled. Thereupon the parties to the cause shall proceed to select a jury in the manner and under the rules laid down in sections 1055 to 1088, inclusive, of the Penal Code.

The clerk of the court shall preserve the slips drawn as above required and shall retain in his possession all slips containing the names of jurors sworn to try the cause, until such trial is finished, when he shall return them to the presiding judge; and shall also return to the presiding judge the slips containing the names of those drawn and rejected. The slips so returned to the presiding judge shall not be replaced in the general panel box until the jury in the cause for which they were drawn has been completed, but may be placed in and drawn from, a separate box for use and service in another trial in any other department of said court. If for any reason the entire term trial panel of jurors is exhausted without completing a jury, the judge of the department in which the cause is being tried may issue an order or writ of venire and cause to be summoned additional talesmen, as provided in sections 230, 231 and 232 of the Code of Civil Procedure. From such of these additional talesmen as are qualified and eligible for jury duty, the jury may be completed as provided by law.

Jurors shall be paid two dollars (\$2.00) per diem for each day actually served in the trial of causes in said court, which compensation shall be payable from the treasury of the city. Each juror shall also be entitled to compensation for mileage actually traveled from his place of residence to said court where the distance between such place of residence and court is more than ten miles, the sum of five cents per mile one way and such compensation shall be payable from the treasury of the city. The clerk of each department of said court shall keep an account of the time served by each juror and the distance traveled in attending said court by each juror, and shall, at the end of each month, certify to the presiding judge the number of days served by each juror and the amount of mileage fees due each juror, and the presiding judge shall thereupon deliver to each juror on the last day of each month a certificate over his signature and the seal of said court, showing the number of days served by each juror, the mileage fees due each juror, and the total amount due each juror, which certificate shall be a sufficient demand on the treasurer of such city.

Court open.

§ 13. The police court shall be always open during business hours, except upon non-judicial days, and then for such purposes only as by law permitted or required of other courts of this state.

Appeals.

§ 14. Appeals may be taken from any judgment of said police court to the superior court of the county in which such city may be located, on the same grounds and in the same manner in which appeals are taken from justices' courts in like cases.

Imprisonment of persons convicted.

§ 15. In all cases of the conviction in said police court of any person charged with any offense committed in the city in which such police court is held, and the imprisonment of any person so convicted, the person so to be imprisoned, or by ordinance required to labor, shall upon the order of the judge before whom such conviction is had, be imprisoned in the city jail, or a branch thereof, or in such other penal or reformatory institution as may be provided by the city for such purpose; or if required to labor, shall labor in the city or in such penal or reformatory institution, and the imprisonment in any branch city jail or in any such penal or reformatory institution shall be deemed an imprisonment in the city jail; provided, that if any person who is imprisoned in any branch city jail or any such penal or reformatory institution by judgment of said police court, shall escape therefrom, or shall fail or refuse to submit or conform to the rules of such penal or reformatory institution, such person may by order of the court or any judge thereof, be required to serve the unexpired portion of his term in the city jail. In such case only so much of the prisoner's term shall be deemed to have expired as has been actually served in the city, or a branch city jail, or in such penal or reformatory institution.

Seal.

§ 16. Said court shall have a seal, to be furnished by the city.

Monthly report of justices.

§ 17. The city justices shall, on the first Tuesday of each month, make to the city council a full and complete report of all cases, civil and criminal, filed or acted upon since their last report, in which the city has an interest, or which are required to be entered in the city civil docket or the city criminal docket, such report to be made upon blanks furnished by the city council and in such form as they may require.

Certified transcripts as evidence.

§ 18. Certified transcripts of the dockets or files of said court, certified by the clerk of said court under the seal of said court, shall be evidence in any court of this state

of the contents of said docket or of said files, as the case may be; and all warrants and other process issued out of said court, and all acts done by said court and certified under its seal, shall have the same force and validity in any part of this state as though issued or done by any court of record of this state.

Oath and bond of clerks.

§ 19. Each clerk of said court shall, before entering upon the duties of his office, take and subscribe an oath in the form prescribed in section 904 of the Political Code, before the city clerk of said city, and shall file his official bond with said city clerk.

Repealed. Actions not affected.

§ 20. An act entitled "An act to establish police courts in cities of the first and one half class, to fix their jurisdiction and provide for officers of said courts and fix the compensation of certain officers thereof," which became a law under the provisions of the constitution of this state, without the governor's approval, March 5th, 1901, and all acts amendatory thereof or supplementary thereto are hereby repealed; provided, however, that such repeal shall not affect any actions or proceedings pending in the police court established by said act at the time of the taking effect of this act, nor shall such repeal affect the powers or duties of the said prosecuting attorney relative thereto. All such actions and proceedings shall thereupon be deemed to be and shall be ipso facto transferred to the police court established by this act, and upon the taking effect of this act and by reason thereof, all such actions and proceedings shall ipso facto be and become such actions and proceedings so pending in the police court established by this act, which last named court shall thereby have jurisdiction, power and authority to proceed with them to final judgment or other disposition, and to make and enforce judgment therein as fully, and with the same force and effect, as though said actions or proceedings had been originally instituted in said last named court.

Tenure of office not affected.

§ 21. Nothing in this act contained shall be construed to interfere with, terminate or in any wise affect the tenure of office of any person now holding office under and by authority of the terms of an act entitled "An act to establish police courts in cities of the first and one-half class, to fix their jurisdiction and provide for officers of said court and fix the compensation of certain officers thereof," which became a law under the provisions of the constitution of this state without the governor's approval, March 5th, 1901, and all acts amendatory thereof or supplementary thereto; and the police court established in any city of the first and one-half class by this act, shall, to all intents and purposes, and for every, any and all purposes, be deemed to be and shall be the successor of the police court existing in any such city, at the time of the taking effect of this act, and established therein by the aforesaid act, and all acts amendatory thereof or supplemental thereto, repealed by this act; and the judges and all other officers of any such existing police court shall severally be and act as the judges and other officers respectively of the police court hereby established in any such city, until their successors are elected or appointed, and qualify, as provided by law.

1. Constitutionality.—Validity of police court acts upheld.—The validity of acts of the legislature creating police courts and classifying cities has long been upheld.—*Rowe v. Rose*, 26 Cal. App. 744, 148 Pac. 535.

2. Same—Act valid except as to cities having police courts under section 8½, article XI, of the constitution.—The act is valid except as to municipalities that have exercised the right under section 8½, article XI, of the constitution to provide for such courts by their charters.—*People v. Cory*, 26 Cal. App. 735, 148 Pac. 532.

3. Same—Same—Constitutional provision permissive only.—Section 8½, article XI, of the constitution, is permissive merely, and until a municipality exercised the privilege of establishing its own police courts under the provisions of that section, the general law remains in force.—*Fleming v. Hance*, 153 Cal. 162, 94 Pac. 620.

4. Same—Not special legislation.—The act of 1901 was held not to be special legislation, and to be constitutional in *Union Ice Co. v. Rose*, 11 Cal. App. 357, 104 Pac. 1006.

5. **Jurisdiction—Superseded by “juvenile court law.”**—The juvenile court law divests Los Angeles police courts, established under the act of 1901, of jurisdiction of misdemeanors arising under that act.—*In re Mills Sing*, 13 Cal. App. 736, 110 Pac. 693.

6. **Same—Legislative power to authorize imprisonment.**—The legislature has the right and the power to confer upon police courts jurisdiction of all misdemeanors, whatever may be the extent of the punishment authorized to be inflicted, such courts being limited, of course, in the execution of their judgments of imprisonment, to imprisonment in a local or county jail.—*People v. Sacramento, etc., Association*, 12 Cal. App. 471, 107 Pac. 712.

7. **Same—Misdemeanors under “Cartwright act.”**—The police court of Los Angeles, established under the act of 1901, had jurisdiction of a misdemeanor committed under the Cartwright law.—*Union Ice Co. v. Rose*, 11 Cal. App. 357, 104 Pac. 1006.

8. **Same—Exclusive—Commitment of justice of the peace void.**—The act gives to the police courts exclusive jurisdiction of misdemeanors and a commitment for such an offense by a justice of the peace of a town-

ship is void.—*Ex parte Dowell*, 36 Cal. App. 587, 172 Pac. 1121.

9. **Same—Same—Limited by section 2.**—The act does not confer exclusive jurisdiction of misdemeanors of every nature, and the jurisdiction is limited by section 2.—*Betskouski v. Superior Court*, 34 Cal. App. 177, 166 Pac. 1027.

10. **Same—Conspiracy to defraud—Place of origin and of overt acts.**—In a prosecution for conspiracy to defraud where the conspiracy charged originated in Los Angeles, but the overt acts were committed in Pasadena, the superior court had jurisdiction, in view of the fact that the jurisdiction of the justice court in Pasadena did not include “high-grade misdemeanors.”—*People v. Cory*, 26 Cal. App. 735, 148 Pac. 532.

Commitments.

§ 15. When any boy under the age of eighteen years shall be found guilty, by a magistrate or court of competent jurisdiction, of any offense punishable by fine, or by imprisonment, or by both, and who, in the opinion of such magistrate or court would be a fit subject for commitment to the said school, it shall be lawful for the magistrate or court to suspend judgment or sentence (except when the penalty is life imprisonment or death), and to commit such boy to the said school for a period not exceeding the time when he shall attain his twenty-first birthday, unless sooner discharged by law, or as in this act provided; but no boy who is under the age of eight years, or who is of unsound mind, shall be committed to the said school. The board shall have authority to make rules reducing, as the reward for good conduct, the time for which such person or persons have been committed. It shall be the duty of all

courts and magistrates committing any boy to such school to certify to the superintendent thereof the age of the person so committed, as nearly as can be ascertained by testimony taken under oath before such court or magistrate, or in such manner as the court or magistrate may direct.

This section, and all others relating to the mode of commitments to this institution, are superseded by the juvenile court act. See section 25, ante, Act 2341.

Approval of commitments.

§ 16. Before any commitment, made by a police court, or by a justice of the peace, under this act, shall be executed, it shall be approved by a judge of the superior court of the county in which the police court or justice of the peace has jurisdiction, and his approval indorsed on the warrant of commitment. But if such sentence shall be disapproved, the police court or justice of the peace shall then impose the ordinary sentence prescribed by law.

Dismissals.

§ 17. It shall be lawful for the board, whenever it may deem any inmate of said institution to have been so far reformed as to justify his discharge, to give him an honorable dismissal, and to cause an entry of the reasons for such dismissal to be made in the book of records prepared for that purpose. All persons thus honorably dismissed, and all those who shall have served the full term of their respective sentences, shall thereafter be released from all penalties and disabilities resulting from the offenses or crimes for which they were committed. Upon the final discharge of any inmate as in this section provided, the superintendent shall immediately certify such discharge in writing, and shall transmit the certificate to the magistrate or court by which such inmate or boy was committed. Said magistrate or court shall thereupon dismiss the accusation and the action pending against said person.

Paroles.

§ 18. There shall be established in said school a system of marking and grading upon merit or attainments in school and shop and general conduct, by which the boy committed under this act may work out his way to parole and honorable discharge. When in the opinion of the superintendent a boy, by the regulations established for that purpose, has earned the right to a parole, he shall cause to be obtained a reputable home or place of employment where said boy may be employed and earn a living by honorable labor, and then shall recommend said boy to the board for parole, and if the board is satisfied that it is for the welfare of such boy to be paroled, it shall grant such parole under such condition as it may deem best, which shall be continued until such boy has proved his ability for honorable self-support when he shall, upon the recommendation of the superintendent, be honorably discharged. Any boy who, while on parole, violates the conditions of the parole may be returned to said school. [Amendment approved April 16, 1909, Stats. 1909, p. 964.]

Incorrigible boys, return of to court.

§ 19. Any boy committed to said school who, after due trial, is found to be, in the opinion of the superintendent, incapable of reformation or so morally deficient or incorrigible as to render his retention detrimental to the interests of said school, or when it is ascertained by good and sufficient evidence that said boy has misrepresented his age to the court who sentenced him, or has been previously convicted of a felony, he may recommend such boy to the board for return to the said court, and if the board is satisfied that it is for the best interests of the school that such boy be returned, it shall so cause him to be returned to the said court, and it shall be lawful for said court to annul and set aside the previous commitment to said Preston School of Industry and resume proceedings where the same were suspended when such commitment was made. [Amendment approved April 16, 1909, Stats. 1909, p. 964.]

Transfer to, from state prison.

§ 20. Any boy under the age of eighteen years, who is undergoing sentence in any state prison in this state (except such as are undergoing a life sentence), and who shall be deemed a fit subject for training in the said school, may, upon recommendation of the state board of prison directors, with the approval of the governor, be transferred to said school for the unexpired period of his sentence, and when honorably discharged from said school, as hereinbefore provided, shall be entitled to such benefits and immunities as are provided for the other inmates of the institution.

Aiding escape.

§ 21. Any person who knowingly permits, or who aids any boy to escape from the said school, or who knowingly promotes his departure, or conceals him with the intent of enabling such escaped boy to elude pursuit, shall be guilty of a misdemeanor, and shall, upon conviction, be punished according to law. Any fugitive from said institution, or from the parties to whom he is bound out or apprenticed, may be arrested and returned to the institution by any person upon written request or order of the superintendent directed to such person.

Duties of trustees. Contracts. Security and bond of bidder.

§ 22. The board of trustees are hereby authorized and required to contract for provisions, clothing, medicines, forage, fuel, and other staple supplies of the school for any period of time not exceeding one year, and such contracts shall be limited to bona fide dealers in the several classes of articles contracted for. Contracts for such articles as the board may desire to contract for shall be given to the lowest bidder at a public letting thereof, and if the price bid is a fair and reasonable one, and not greater than the usual market value and prices. Each bid shall be accompanied by such security as the board may require, conditioned upon the bidder entering into a contract upon the terms of his bid, on notice of the acceptance thereof, and furnishing a bond, with good and sufficient sureties, in such sum as the board may require, and to their satisfaction, that he will faithfully perform his contract. If the proper officer reject any article as not complying with the contract, or if a bidder fail to furnish the articles awarded to him when required, the proper officer of the school may buy other articles of the kind rejected or called for, in the open market, and deduct the price thereof over the contract price from the amount due to the bidder, or charge the same up against him. Notice of the time, place, and conditions of the letting of contracts shall be given for at least two consecutive weeks in one newspaper printed and published in the city and county of San Francisco, in one newspaper printed and published in the city of Sacramento, and in one newspaper printed and published in the county of Amador. If all bids made at such letting are deemed unreasonably high, the board may, in their discretion, decline to contract, and may again advertise for such time and in such papers as they see proper for proposals, and may so continue to renew the advertisement until satisfactory contracts are made; and in the mean time the board may contract with any one whose offer is regarded just and equitable, or may purchase in the open market. No bid shall be accepted, nor a contract entered into in pursuance thereof, when such bid is higher than any other bid at the same letting for the same class or schedule of articles, quality considered, and when a contract can be had at such lower bid. When two or more bids for the same article or articles are equal in amount, the board may select the one which, all things considered, may by them be thought best for the interest of the state, or they may divide the contract between the bidders, as in their judgment may seem proper and right. The board shall have power to let a contract in the aggregate, or they may segregate the items and enter into a contract with the bidder or bidders who may bid lowest on the several articles. The board shall have the power to reject the bid of any person

who had a prior contract, and who had not in the option [opinion] of the board faithfully complied therewith. [Amendment approved February 27, 1893, Stats. 1893, p. 40. In effect July 1, 1893.]

Proclamation by governor.

§ 23. When the premises are ready for occupancy, the board shall certify such fact to the governor, who shall make due proclamation thereof. Thereafter it shall be lawful for any competent magistrate or court to commit juvenile offenders to the institution, as herein provided.

Controller.

§ 24. The controller of state is hereby authorized and directed, on requisition of the said board, to draw his warrant on the state treasurer in favor of said board, to pay for the necessary expenditures in the establishment and maintenance of the said school, and the state treasurer is authorized to pay the same from the appropriations provided for in this act.

Effect of other acts in conflict.

§ 25. For the purpose of giving practical effect to the provisions of this act, all laws or parts of laws which conflict with the provisions hereof are, for the purposes of this act only, suspended, and hereby made inapplicable to any boy committed to and in the custody of said school.

Sheriff's fees.

§ 26. In all proceedings relating to commitments under this act the fees and compensation of the sheriff and other officers of the court shall be such as are allowed by law for like proceedings and services in criminal cases.

Construction of act.

§ 27. This act shall be construed in conformity with the intent as well as with the express provisions hereof, and shall confer upon the board authority to do all those lawful acts, from time to time, which are necessary to promote the prosperity of the institution and the well-being and reformation of its inmates, including the organization of trade schools, the purchase and use of fixed and movable machinery, the erection of necessary buildings for machinery and other purposes, the improvement and management of a farm, orchard, and garden, the purchase of necessary supplies for the institution, and materials for manufacture, and performance of all other necessary and lawful acts, not otherwise prohibited, which may be required to comply with the purposes of this act; but nothing herein contained shall be so construed as to permit said board to incur any indebtedness or obligation in excess of the appropriations allowed by law for the establishment and maintenance of said school.

Act takes effect when.

§ 28. This act shall take effect and be in force from and after its passage.

Editor's note: By section 28 of the juvenile court law of 1909 (Stats. 1909, p. 213, and 1911, p. 673), and by section 31 of the juvenile court law of 1913 (Stats. 1913, p. 1288) and again by section 25 of the present act (Act 2341) it was provided that this law was superseded as to the mode of commitment to the Preston School of Industry. The

act, however, was left in force as to all matters concerning its management.

TRANSFER OF INMATES.

ACT 3572—An act to authorize the superintendents of the Whittier State School and the Preston School of Industry to relinquish inmates from the control of either of said schools and to receive such inmates into the other of said schools and to provide for the expense of transferring such inmates and for the maintenance of the inmates so transferred.

History: Approved April 14, 1913. In effect immediately, Stats, 1913, p. 26.

Transfer of inmates of state schools authorized.

§ 1. The superintendent of the Whittier State School is hereby empowered to relinquish from his control, and the superintendent of the Preston School of Industry is hereby empowered to receive and transfer to the Preston School of Industry such number of boys committed to and confined in the Whittier State School as by mutual agreement said superintendents shall deem expedient and necessary to properly and safely house during the rebuilding of said Whittier State School. The expenses of transfer both ways shall be met out of the funds of the Whittier State School. The estimated cost of maintaining the boys so transferred to the Preston School of Industry while they remain in said school shall also be paid for out of the funds of the Whittier State School upon the approval of the board of control. A number of boys equal to the number of boys so transferred and remaining in the Preston School of Industry shall be transferred to said Whittier School as the needs and conveniences of said school will permit, upon mutual agreement between said superintendents and application by the superintendent of said Whittier State School, and the superintendent of the Preston School of Industry is hereby empowered to relinquish from his control and the superintendent of the Whittier State School is hereby empowered to receive and transfer to the Whittier State School such boys as may be so applied for, and the number of boys so transferred shall be deducted from the number of boys for whose maintenance the Whittier State School shall pay as provided for in this act.

Urgency measure; statement of facts.

§ 2. This act is hereby declared to be an urgency measure within the meaning of section one of article four of the constitution of the state of California, and shall take effect immediately. The following is a statement of the facts constituting the necessity for such urgency: The state department of engineering and experts engaged independently to inspect the main building of the Whittier State School have declared said building to be and the same is unsafe and unfit for human occupancy. Said building has been essential not alone to the proper conduct of the educational and other work of said institution, but also to provide living and sleeping quarters for the officers of said school and about two hundred of the boys committed thereto. The unsafe and unfit condition of such building constitutes a menace to the life and physical well-being of said officers and boys, and it is therefore deemed necessary for the immediate preservation of the public health and safety that such persons shall be at once removed from such building and that proper provision therefor should be made by law.

History: Approved March 23, 1895, Stats. 1895, p. 275.

Rock-crushing plants may be established.

§ 1. The governor of the state, the state prison directors, and the bureau of highways (or if the latter shall not be established, then and in that case the two first named) shall, when satisfied that fifty thousand cubic yards of prepared road or highway metal, as hereinafter described, will be taken for highway purposes, purchase, establish, and operate at one or both of the state prisons, a rock or stone crushing plant, to be operated by convict labor and by the application of power under control of the state prison directors, and with such free labor as is necessary for superintendence and direction, to crush rock or stone into road-metal for highway purposes, of different and necessary degrees of fineness; provided, that the authority and direction hereby and herein conferred and given, shall not be exercised or employed until the governor and the state prison directors are satisfied that transportation can be

had for such highway-metal for highway purposes at just and reasonable rates, and so as to justify the setting up and operation herein provided for of said plant.

§ 2. When such plant described in section one is set up and operated there shall be taken into account in ascertaining the cost of producing highway-metal therefrom, only the cost of necessary explosives, oil, fuel, tools, and machinery exclusive of the plant itself, repairs, superintendence, and direction, and the preparation and maintenance of beds, boxes, crates, or other unloading devices for carriage and delivery from cars of said highway-metal.

Sale price.

§ 3. To said cost of production so ascertained, as set out in section two, there shall be added for and to each and every cubic yard of highway-metal so produced, ten per cent, and the result or product of such addition shall be the sale price of such metal delivered from the plant free on board of the cars or other vehicles of transportation.

Prison directors may lease railroad cars.

§ 5. The state prison directors are hereby authorized to lease railroad cars with equipment suitable for the rapid and economical handling and delivery of highway material prepared as aforesaid, whenever in their judgment the interests of the people of the state will be conserved thereby in the matter of highway construction by the use of such highway-metal so produced, as in this act provided. The cost of such leasing shall in such case be carried into the cost of production described in section two.

Appropriation.

§ 6. The sum of thirty thousand dollars is hereby advanced by the state, for the purposes of this act, and said sum is hereby appropriated out of the general fund of the treasury, subject to the demand of the state prison directors; and the state controller shall, on presentation of such demand, in writing, draw his warrant upon the treasurer for the said sum of money in behalf of said state prison directors, and the state treasurer shall, on presentation of such warrant, pay the same. Twenty-five thousand dollars of said sum of money so advanced and appropriated shall be returned to the fund from which drawn, as is specified and directed in this act.

All money taken from said revolving fund shall be used exclusively in payment for such supplemental machinery, tools, material, and appliances necessary to the proper quarrying, handling, and preparing of highway material at said state prisons; and so much of the money received for sale of highway-metal as shall be necessary to that end shall be returned to said revolving fund as is needed to keep the same constantly at the said figure of five thousand dollars.

Medical superintendent, officers and employees. Appointment and compensation.

§ 7. As soon as the board of managers shall deem it necessary for the proper completion, furnishing and managing of said hospital, and as often thereafter as a vacancy occur[s], they shall appoint a medical superintendent. The medical superintendent must appoint, by and with the consent of the board of managers, such officers and employees as the board may deem necessary. The medical superintendent and other officers and employees shall receive such compensation as may be fixed by the board of managers, in no case to exceed the salaries paid in other state hospitals for the insane for similar service.

Laws governing.

§ 8. Except as herein otherwise provided, and except as inconsistent or unnecessary by reason of the fact that the board of managers shall be composed of the members of the state commission in lunacy, the said state hospital and its managers and officers shall be governed by and be subject to, and the said state hospital shall possess all of the rights and be affected by all the limitations and requirements of the provisions of chapter one of title five of part three of the Political Code.

Appropriation.

§ 9. The sum of twenty-five thousand dollars heretofore appropriated by the provisions of an act entitled "An act to provide for the erection at Folsom State Prison of a building for the accommodation of insane prisoners, and making an appropriation therefor," approved March twenty-sixth, nineteen hundred and three, and not expended, is hereby reappropriated and directed to be applied to the construction and furnishing of said Folsom State Hospital. Said appropriation shall be as available for all the purposes of this act as if the same had been specially made therefor. There is hereby appropriated out of any money in the state treasury not otherwise appropriated, the further sum of fifteen thousand dollars, to be used for sewer, water, and light connections, and for building, furnishing, and equipping quarters for officers and employees, stable, and such other outbuildings as may become necessary.

Plans, specifications, etc., sanction of.

§ 10. All plans, descriptions, bills of material, specifications and estimates requisite necessary, proper or convenient for any of the purposes aforesaid, shall receive the sanction of a majority of the state commission in lunacy, who shall cause an entry to be made in their minutes that such plans, descriptions, bills of material, specifications and estimates have been approved, and it shall not be necessary to obtain the approval

or sanction of any other board, officer or person, and the appropriation made by this act is hereby exempted from the provisions of that certain act entitled "An act to regulate contracts on behalf of the state, in relation to erections and buildings" approved March twenty-third, eighteen hundred and seventy-six, and all amendments thereto. All bills shall first be audited by the board of managers, and approved by the state board of examiners, before being allowed, and this act shall be exempt from the provisions of any other act or acts requiring the sanction or approval of any other person, officer or board not herein specially mentioned.

Controller authorized to draw warrants.

§ 11. The controller of state is hereby authorized to draw his warrant from time to time, as the work shall progress, in favor of the said board of managers, upon their requisition for the same; and the state treasurer is hereby directed to pay the same.

Repeal of conflicting acts.

§ 12. All acts and parts of acts in conflict herewith are hereby repealed.

§ 13. This act shall take effect and be in force from and after its passage.

Authority to assist paroled and discharged prisoners.

§ 1. The state board of prison directors shall have the power and authority to provide for assisting paroled and discharged prisoners and to secure employment for the same and for that purpose they may employ necessary officers and employees, may purchase tools, and give any other assistance that, in their judgment, they may deem proper for the purpose of carrying out the objects and spirit of this act.

Moneys drawn without submitting vouchers.

§ 2. Upon this act becoming effective, the state board of prison directors may draw upon the moneys herein appropriated in the amount of one thousand dollars, without submitting vouchers thereon, which amount shall, from time to time, be replenished by demand upon said appropriation equal to the amount of expenditures represented by vouchers submitted to the state board of control and filed with the controller.

Appropriation.

§ 3. The sum of seventeen thousand dollars is hereby appropriated out of any moneys in the state treasury, not otherwise appropriated, for the purpose of this act; the state controller is hereby directed to draw his warrant therefor, payable to the state board of prison directors in such amount as may be required from time to time, and the state treasurer is directed to pay the same.

CONTENTS OF CHAPTER.

ACT 3634. "RED LIGHT ABATEMENT ACT."

"RED LIGHT ABATEMENT ACT."

ACT 3634—An act declaring all buildings and places nuisances wherein or upon which acts of lewdness, assignation or prostitution are held or occur or which are used for such purposes, and providing for the abatement and prevention of such nuisances by injunction and otherwise.

History: Approved April 7, 1913, in effect August 10, 1913, Stats. 1913, p. 20.

Definitions.

§ 1. The term "person" as used in this act shall be deemed and held to mean and include individuals, corporations, associations, partnerships, trustees, lessees, agents and assignees. The term "building" as used in this act shall be deemed and held to mean and include so much of any building or structure of any kind as is or may be entered through the same outside entrance.

Place of prostitution a nuisance.

§ 2. Every building or place used for the purpose of lewdness, assignation or prostitution and every building or place wherein or upon which acts of lewdness, assignation or prostitution are held or occur, is a nuisance which shall be enjoined, abated and prevented as hereinafter provided, whether the same be a public or private nuisance.

Action to abate.

§ 3. Whenever there is reason to believe that such nuisance is kept, maintained or exists in any county or city and county, the district attorney of said county or city and county, in the name of the people of the state of California, must, or any citizen of the state resident within said county or city and county, in his own name may maintain an action in equity to abate and prevent such nuisance and to perpetually enjoin the person or persons conducting or maintaining the same, and the owner, lessee or agent of the building, or place, in or upon which such nuisance exists, from directly or indirectly maintaining or permitting such nuisance.

Temporary writ.

§ 4. The complaint in such action must be verified unless filed by the district attorney. Whenever the existence of such nuisance is shown in such action to the satisfaction of the court or judge thereof, either by verified complaint or affidavit, the court or judge shall allow a temporary writ of injunction to abate and prevent the continuance or recurrence of such nuisance.

Action to have precedence. Failure to prosecute.

§ 5. The action when brought shall have precedence over all other actions, excepting criminal proceedings, election contests and hearings on injunctions, and in such action evidence of the general reputation of the place shall be admissible for the purpose of proving the existence of said nuisance. If the complaint is filed by a citizen, it shall not be dismissed by the plaintiff or for want of prosecution except upon a sworn statement made by the complainant and his attorney, setting forth the reasons why the action should be dismissed, and the dismissal ordered by the court. In case of failure to prosecute any such action with reasonable diligence, or at the request of the plaintiff, the court, in its discretion, may substitute any such citizen consenting thereto for such plaintiff. If the action is brought by a citizen and the court finds there was no reasonable ground or cause for said action, the costs shall be taxed against such citizen.

Violation of injunction.

§ 6. Any violation or disobedience of either any injunction or order expressly provided for by this act shall be punished as a contempt of court by a fine of not less than two hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not less than one month nor more than six months, or by both such fine and imprisonment.

Order of abatement.

§ 7. If the existence of the nuisance be established in an action as provided herein, an order of abatement shall be entered as a part of the judgment in the case, which order shall direct the removal from the building or place of all fixtures, musical instruments and movable property used in conducting, maintaining, aiding or abetting the nuisance, and shall direct the sale thereof in the manner provided for the sale of chattels under execution, and the effectual closing of the building or place against its use for any purpose, and so keeping it closed for a period of one year, unless sooner released, as hereinafter provided. While such order remains in effect as to closing, such building or place shall be and remain in the custody of the court. For removing and selling the movable property, the officer shall be entitled to charge and receive the same fees as he would for levying upon and selling like property on execution, and for closing the premises and keeping them closed, a reasonable sum shall be allowed by the court.

Proceeds of sale. Building may be sold.

§ 8. The proceeds of the sale of the property, as provided in the preceding section, shall be applied as follows:

1. To the fees and costs of such removal and sale;
2. To the allowances and costs of so closing and keeping closed such building or place;
3. To the payment of plaintiff's costs in such action;
4. The balance, if any, shall be paid to the owner of the property so sold.

If the proceeds of such sale do not fully discharge all such costs, fees and allowances, the said building and place shall then also be sold under execution issued upon the order of the court or judge and the proceeds of such sale applied in like manner.

Owner, not guilty of contempt, may pay costs.

§ 9. If the owner of the building or place has not been guilty of any contempt of court in the proceedings, and appears and pays all costs, fees and allowances which are a lien on the building or place and files a bond in the full value of the property, to be ascertained by the court, with sureties, to be approved by the court or judge, conditioned that he will immediately abate any such nuisance that may exist at such building or place and prevent the same from being established or kept thereat within a period of one year thereafter, the court, or judge thereof, may, if satisfied of his good faith, order the premises, closed under the order of abatement, to be delivered to said owner, and said order of abatement canceled so far as the same may relate to said property. The release of the property under the provisions of this section shall not release it from any judgment, lien, penalty or liability to which it may be subject by law.

Fine lien on building.

§ 10. Whenever the owner of a building or place upon which the act or acts constituting the contempt shall have been committed, or of any interest therein has been guilty of a contempt of court and fined therefor in any proceedings under this act, such fine shall be a lien upon such building and place to the extent of the interest of such person therein enforceable and collectible by execution issued by the order of the court.

§ 11. All acts and parts of acts in conflict with the provisions of this act are hereby repealed; provided, that nothing herein shall be construed as repealing any law for the suppression of lewdness, assignation or prostitution.

1. Constitutionality—Fourteenth amendment—Deprivation of property for misdemeanor ignorantly committed.—The act is not violative of the fourteenth amendment of the federal constitution by depriving the owner of his property in consequence of the commission of a misdemeanor therein without his knowledge, connivance or consent.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

2. Same—Same—Police power not curtailed.—The police power of the states is not curtailed by the fourteenth amendment to the federal constitution.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

3. Same—Same—Does not violate "due process" clause.—The provision of the red light abatement act authorizing the closing of the premises for a year and the sale of the personalty does not violate the due process of law clause of the constitution.—*People ex rel. Bradford v. Barbieri*, 33 Cal. App. 770, 166 Pac. 812.

4. Same—Title sufficiently broad to cover penal provisions.—The title is sufficiently comprehensive to cover the penal provisions of the act for violation of orders of abatement.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

5. Same—Not invalid for unreasonableness, harshness, etc.—The act is not invalid as harsh, unreasonable and oppressive, and in effect a penalty.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

6. Same—Not special legislation.—The act is not objectionable as special legislation.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

7. Same—Excessive penalties for contempt.—The provisions of the acts as to penalties for contempts in excess of those usually fixed (Code Civ. Proc., § 1218) are not invalid.—*People ex rel. Bradford v. Barbieri*, 33 Cal. App. 770, 166 Pac. 812.

8. Same—Effect of code provisions.—The provisions of the act as to enjoining the

maintenance of bawdy houses are not rendered nugatory by the fact that courts already had the power given.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

9. **Same—Penalty for contempt.**—The legislature may prescribe any reasonable penalty for contempt, and section 6 is not unconstitutional.—*Ex parte Selowsky*, 38 Cal. App. 569, 177 Pac. 301.

10. **Same—Not a bill of attainder.**—The object of the act is not to punish, to effect a reformation of the property; and it is not a bill of attainder, because there is no forfeiture of property.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

11. **Same—Suit by individual citizen.**—The fact that the act authorizes the suit to be brought by an individual citizen without a showing of special damage does not render the act invalid; and the right to bring such a suit may be conferred in addition to the right to bring a suit where there is such a suit conferred by section 369, Code Civil Procedure.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

12. **Construction—Conflict with code provisions.**—Section 6 is not in conflict with sections 1209, 1218, Code of Civil Procedure.—*Ex parte Selowsky*, 38 Cal. App. 569, 177 Pac. 301.

13. **Same — “Lewdness,” “prostitution,” “assignment.”**—The word “lewdness” is more comprehensive than either the words “prostitution,” or the word “assignment,” and it may or may not include them.—*People ex rel. Bradford v. Arcega*, 33 Cal. App. Dec. 132, 193 Pac. 264.

14. **Same — Same — Same — Same.**—The terms “lewdness,” “prostitution,” and “assignment,” as used in the act, signify illicit sexual acts or conduct amounting to or involving lewdness.—*People ex rel. Bradford v. Arcega*, 33 Cal. App. Dec. 132, 193 Pac. 264.

14a. **Same — Same — Same — Same.** — “Lewdness,” as used in the act, includes prostitution, assignment and other immoral or degenerate conduct or conversation between persons of opposite sexes.—*People v. Bay Side Land Co.*, (Cal. App.) 191 Pac. 994.

15. **Same—“May” not “must” in section 9.**—The word “may” in section 9 is not to be construed to mean “must.”—*Ryan v. Superior Court*, (Cal. App.) 192 Pac. 1036.

16. **Character of action or proceeding—Civil not criminal.**—The proceeding under the red light abatement act is civil and not criminal.—*People v. Macy*, (Cal. App.) 184 Pac. 1008.

17. **Same—Not a “prosecution.”**—The proceeding authorized by the act is not a “prosecution” within the meaning of section 20, article VI, of the constitution, requiring to be conducted in the name of the people.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

18. **Same—Intention of legislature.**—The fact that the criminal aspect of the maintenance of the nuisance declared in the act

was fully covered by existing statutes fortifies the presumption that the legislature intended to provide a remedy for the prevention and abatement of a recognized evil, in the nature of a civil and not a criminal proceeding.—*People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

19. **Same—Abatement of public nuisance.**—The action is one for the abatement of a public nuisance, not one for the abatement of prostitution, assignation or lewdness, and it is not necessary in the complaint to charge the specific acts committed.—*People ex rel. Bradford v. Burch*, (Cal. App.) 189 Pac. 716.

20. **Same—Same.**—The action is an equitable proceeding to abate a nuisance and the right of trial by jury does not exist.—*People v. Peterson*, 31 Cal. App. Dec. 155, 187 Pac. 1079.

21. **Same—Proceeding in rem.**—The abatement of a nuisance is a proceeding in rem operating upon the property used in its maintenance, and the owner, although without knowledge, may be personally bound in costs, and the building and furniture proceeded against and subjected to forfeiture as prescribed in the act.—*People ex rel. Bradford v. Barbieri*, 33 Cal. App. 770, 166 Pac. 812; *People v. Casa Co.*, 35 Cal. App. 194, 169 Pac. 454; *Chown v. Alexandre*, 35 Cal. App. 194, 169 Pac. 454.

22. **Complaint—Sufficient.**—A complaint which sets forth that the premises were and are now used for purposes of lewdness, prostitution and assignation does not set forth three separate causes of action requiring to be separately stated, the gist of the action being the nuisance maintained by the commission of the criminal acts referred to.—*People ex rel. Bradford v. Laine*, 41 Cal. App. 345, 182 Pac. 986.

23. **Same—Same.**—A complaint is sufficient to support a judgment declaring the premises a nuisance and enjoining its continuance, which contains allegations that at a date named and for some time prior thereto the premises were occupied and used for the purposes of prostitution and that the women occupying it had offered to commit prostitution for a price.—*People ex rel. Bradford v. Arcega*, 28 Cal. App. Dec. 1188.

24. **Same—Same—Absence of allegation as to sexual intercourse.**—A complaint which alleges that the building was used for lewdness, prostitution and assignation and that certain named lewd persons occupied them and then and there solicited sexual intercourse, is sufficient, though it contains no allegation that sexual intercourse was committed.—*People v. Bay Island, etc., Co.*, (Cal. App.) 191 Pac. 994.

25. **Same—Same—Specific acts need not be alleged.**—A complaint under the red light abatement act is not insufficient because it fails to set forth specific acts of lewdness, prostitution and assignation.—*People ex rel. Bradford v. Arcega*, 28 Cal. App. Dec. 1188; *S. C.*, 33 Cal. App. Dec. 132, 193 Pac. 264, 268.

26. Same—Same—Same.—Specific acts of lewdness, prostitution or assignation need not be alleged.—People ex rel. Bradford v. Laine, 41 Cal. App. 345, 182 Pac. 986.

27. Same—Same—Same.—The complaint is sufficient though it alleges no specific acts of lewdness.—People ex rel. Bradford v. Laine, 41 Cal. App. 345, 182 Pac. 986.

28. Same—Same—Permission of owner need not be alleged.—It is not necessary that the complaint allege that the owners permitted or maintained the nuisance.—People v. Peterson, (Cal. App.) 187 Pac. 1079.

29. Same—Same—One cause of action.—A complaint alleging that "said premises were and now are used for purposes of lewdness, assignation and prostitution," states only one cause of action.—People ex rel. Bradford v. Laine, 41 Cal. App. 345, 182 Pac. 986.

30. Jury trial—Defendant has no right.—The defendant in a red light abatement proceeding is not entitled to a jury trial.—People v. Peterson, (Cal. App.) 187 Pac. 1079.

31. Same—Not error to deny.—It was not error to deny a jury in a prosecution under the red light abatement act.—People v. McCaddon, (Cal. App.) 192 Pac. 325.

32. Evidence—Admission governed by usual rules.—In an action under the red light abatement act the permission of evidence is governed by the general and elementary rules of evidence.—People ex rel. Bradford v. Burch, (Cal. App.) 189 Pac. 716.

33. Same—General reputation alone sufficient.—The general reputation of a place may be alone sufficient to prove its character in a proceeding under the act.—People v. Macy, (Cal. App.) 184 Pac. 1008.

34. Same—Conduct, acts, language of inmates.—Evidence as to the conduct, acts and language, used by the inmates of the place or building, is admissible.—People ex rel. Bradford v. Arcega, 33 Cal. App. Dec. 132, 193 Pac. 264.

35. Same—Promiscuous drinking of intoxicants by men and women—Presumption.—Evidence of the shameless use of intoxicants by women and their male companions in a public place tends to show that it is reasonably probable that they indulge also in immoral conduct, but it is not conclusive evidence of such conduct.—People ex rel. Bradford v. Laine, 41 Cal. App. 345, 182 Pac. 986; People ex rel. Bradford v. Burch, (Cal. App.) 189 Pac. 716.

36. Same—Unlawful sale of liquor not admissible.—Evidence of sale of liquor without license is inadmissible; but its admission is not prejudicial where there is other convincing evidence of lewdness, prostitution or assignation.—People ex rel. Bradford v. Laine, 41 Cal. App. 345, 182 Pac. 986.

37. Same—Testimony of detectives and police officers.—The testimony of detectives and police officers in a suit under the act is not to be regarded as analogous to the testimony of accomplices at a criminal trial, but may be received and is entitled to no less weight than that of any other witness.

—People ex rel. Bradford v. Arcega, 33 Cal. App. Dec. 132, 193 Pac. 264.

38. Same—Law as to entrapments does not apply.—The law relating to entrapments to crime has no application in a proceeding under the act.—People v. Macy, (Cal. App.) 184 Pac. 1008.

39. Same—Continuance of immoral condition—Presumption.—Where the existence of the immoral condition up to a certain date is shown its continuance for the usual period will be presumed under section 1963.—People v. Macy, (Cal. App.) 184 Pac. 1008.

But see, as to the limitation of the rule, People ex rel. Bradford v. Goddard, (Cal. App.) 191 Pac. 1012.

40. Findings—Knowledge of owners—Imputed, when.—A finding that the owners had the means of knowing and should have known, and by the use of reasonable and ordinary care could have known that acts of lewdness were occurring on the premises, was sufficient to support a judgment against them.—People v. Peterson, (Cal. App.) 187 Pac. 1079.

41. Same—Sufficient to support judgment.—A finding that a nuisance consisting of a place of assignation and prostitution was conducted and maintained on the premises in question was sufficient to support a judgment of abatement regardless of the owner's knowledge.—People v. McCaddon, (Cal. App.) 192 Cal. 325.

42. Conclusion of law not supported.—A conclusion that a building "now is a nuisance" is not supported by a finding that the building was on and prior to a certain day used for the purposes of lewdness, prostitution and assignation.—People ex rel. Bradford v. Goddard, (Cal. App.) 191 Pac. 1012.

43. Order—Exercise of power to order opening discretionary.—The entry of an order that the premises may be opened under the provisions of section 9 is in the discretion of the court.—Ryan v. Superior Court, (Cal. App.) 192 Pac. 1036.

44. Same—Abatement not necessary.—The act authorizes the court to enjoin the maintenance of a bawdy house without necessarily including the order of abatement provided by section 7.—Selowsky v. Superior Court, 180 Cal. 404, 181 Pac. 652.

45. Same—Keeper can not be given possession.—The court is not authorized to take possession of the premises by putting a keeper in charge thereof, nor may it before judgment order the same closed.—People ex rel. Woolwine v. Feraud, (Cal. App.) 188 Pac. 843.

46. Judgment—Sale of property not required.—Section 7 is not mandatory and does not require that the injunction include a direction that the property be sold, or that it should be closed for a year.—Ex parte Selowsky, 38 Cal. App. 569, 177 Pac. 301.

47. Same—Proof of acts of prostitution not required to support.—A judgment of abatement may be made though no acts of prostitution are shown to have been committed on the premises.—People v. Bay Side Land Co., (Cal. App.) 191 Pac. 994.

48. Same—Closing of whole building, though part only affected.—Where a cafe and hotel are under one management in the same building, the whole building may be closed, although parts were not shown to have been used for immoral purposes.—*People v. Smith*, (Cal. App.) 191 Pac. 996.

49. Same—Owner's knowledge not necessary to be shown to support.—Premises may be ordered closed in a proceeding under the act although the owner may have no knowledge of the immoral conditions, the object being to reform the property, not to punish its owner.—*People v. Bay Side Land Co.*, (Cal. App.) 191 Pac. 994.

50. Same—Same—When knowledge imputed.—Ignorance is no defense to abatement where the knowledge or gross negligence of the employees of a cafe is imputed to him.—*People v. Bay Side Land Co.* (Cal. App.) 191 Pac. 994.

51. Same—Same.—It is not necessary that the owner have knowledge of the existence of the immoral conditions to warrant the closing of the building for a year and sale of the personalty.—*People ex rel. Bradford v. Barbieri*, 33 Cal. App. 770, 166 Pac. 812.

52. Costs—Recovery purely statutory.—The recovery of costs in an action under the red light abatement act is purely statutory, although the proceeding is equitable.—*People ex rel. Woolwine v. Feraud*, (Cal. App.) 188 Pac. 843.

53. Same—Expenses of plaintiff for own benefit not included.—The provision as to costs in section 8 does not permit the taxing of the expense of plaintiff's investigations; but merely refers to the costs ordinarily allowed in equitable proceedings, where costs incurred by the prevailing party for his own benefit are not taxed.—*People ex rel. Woolwine v. Feraud*, (Cal. App.) 188 Pac. 843.

54. Same—Absence of knowledge of owner.—Where it appeared that the owner of the premises had no knowledge of their use for immoral purposes, it was proper to impose no costs in the decree against the property.—*People ex rel. Bradford v. Dillman*, 37 Cal. App. 415, 174 Pac. 951.

55. Dismissal of suit—Prior abatement.—Where it is shown that the nuisance was abated before the commencement of the action it will be dismissed.—*People ex rel. Bradford v. Dillman*, 37 Cal. App. 415, 174 Pac. 951.

56. Same—Same.—Where the nuisance had been abated and suppressed in good faith prior to the commencement of the action it will be dismissed.—*People ex rel. Bradford v. Goddard*, (Cal. App.) 191 Pac. 1012.

57. Same—Nuisance discontinued on abatement.—A disorderly house did not continue to be a nuisance after the eviction of the immoral tenants, although the furniture of such tenants remained on the premises.—*People ex rel. Bradford v. Goddard*, (Cal. App.) 191 Pac. 1012.

58. Appeal—Presumptions and intendments indulged.—In an appeal from a judgment under the red light abatement act

the usual rule applies that all intendments and presumptions will be indulged in support of the judgment and that error must be affirmatively shown, when the appeal is on the judgment roll alone.—*People ex rel. Bradford v. Arcega*, 33 Cal. App. Dec. 129 193 Pac. 268.

59. Same—Supersedeas.—Where enforcement of a judgment under the red light abatement law is threatened after an appeal has been taken, no application to the trial court for relief under section 9 of the act is necessary as a condition of the issuance of a writ of supersedeas by this court.—*People v. Laine*, 177 Cal. 742, 744, 171 Pac. 941.

60. Same—Same—Application of section 9.—The provisions of section 9 of the red light abatement law applies to a defendant who concedes the regularity of the judgment and pays the costs, and has no application to one who contends that he has been improperly and unjustly found guilty and is appealing from the judgment against him.—*People v. Laine*, 177 Cal. 742, 744, 171 Pac. 941.

61. Same—Stay bond not required.—No bond is required on appeal from a judgment under the red light abatement law to stay proceedings, and where the enforcement of the judgment is threatened, a preemptory writ of supersedeas will be issued.—*People v. Laine*, 177 Cal. 742, 744, 171 Pac. 941.

62. Same—Same—Appeal stays proceedings.—An appeal from a judgment under the red light abatement law (1913-20), including an injunction against further use and an order of vacation for a year, removal of tenants and sale of furniture as under execution, stays all proceedings except the operation of the injunction.—*People v. Laine*, 177 Cal. 742, 743, 171 Pac. 941.

63. Contempt—Jurisdiction of court.—The superior court, having enjoined the nuisance defined under the red light abatement act, may take cognizance of a contempt arising from the violation of the injunction.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

64. Same—Section 6 applies to both preliminary and permanent injunction.—The contempt referred to in section 6 relates to any injunction or order issued or made under the act, including both preliminary and permanent injunction.—*Ex parte Selowsky*, 38 Cal. App. 569, 177 Pac. 301.

65. Same—Section 6 is not invalid as unreasonable classification.—The provision of section 6 of the act making the punishment for contempt for a violation of an order of abatement more severe than that generally provided, is not invalid as an unreasonable classification.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

66. Same—Finding sufficient to support judgment for.—Findings that petitioner continued the use of premises for purposes of prostitution, assignation and lewdness, after an order of abatement, are sufficient to support a judgment of contempt, without a finding as to particular acts.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

67. Same — Continued use sufficient to support.—An affidavit alleging a continued use of premises for purposes of lewdness, assignation and prostitution after an order

of abatement, is sufficient to support a judgment of contempt.—*Selowsky v. Superior Court*, 180 Cal. 404, 181 Pac. 652.

Prior act of April 15, 1880, Stats. 1880, p. 55, amended April 19, 1889, p. 366, was probably superseded by the present act.

Formation of protection district. Boundaries. Hearing.

§ 1. Whenever the board of supervisors of any county in this state deem it proper, for the purpose of protecting property from damage, to widen, deepen, change, straighten or otherwise improve the channel of any navigable stream, watercourse or wash within the county, or to construct a new channel therefor, in whole or in part, or to erect levees, or dikes upon or along the banks thereof, or otherwise to prevent the same from overflow, or to do any one or more or all of said things, said board may, upon petition of ten land owners, setting forth the general character of the improvements desired by them, and the boundaries of the district to be benefited by such proposed improvement, and that their land is within the same, and asking for the formation of a district under this act, pass a resolution declaring their intention to form a protection district under this act. Said resolution shall describe the exterior boundaries of the proposed district, and the general character of the improvements contemplated, either of which need not be the same as those set forth in the petition, and shall fix a time and place for the hearing of the matter, not less than thirty days after the passage thereof, and direct the clerk of said board to publish a notice of the intention of the board of supervisors to form such protection district, and of the time and place fixed for the hearing, and shall designate some newspaper of general circulation, published and circulated in said proposed district, or, if there is no newspaper so published and circulated, then some newspaper of general circulation published and circulated in the county. [Amendment approved March 23, 1911, Stats. 1911, p. 446.]

Publication of notice. Copy to each owner of land.

§ 2. Thereupon said clerk shall cause to be published in the newspaper so designated, for a period of twenty days before the date fixed for the hearing, a notice, which notice shall be headed, "notice of intention of the board of supervisors to form a protection district." Said notice shall set forth the fact of the passage of such resolution, with the date thereof, the general character of the improvements contemplated, the boundaries of the proposed district, and the time and place for the hearing, and shall state that it is proposed to assess all property embraced in said proposed protection district, for the purpose of paying the damages, costs, and expenses of constructing the proposed improvements, and the necessary expense of maintaining and repairing the said works and improvements, and shall refer to the resolution for further particulars. Said clerk shall send a copy of said notice by mail, postage prepaid, to each owner of land in the proposed district whose name appears as such on the last completed assessment-roll of the county or counties in which said proposed district lies, addressed to such owner at his address given on such assessment-roll, or if no address is so given, then to his last known address, or if it be not known then at the county seat of the county in which his land lies. Said clerk shall make and file in his office an affidavit of such mailing, showing the names and addresses of the persons to whom such notices were sent, which shall be prima facie evidence that said notices were mailed as herein required. Failure of the clerk to mail said notices as herein required shall not invalidate subsequent proceedings. [Amendment approved March 23, 1911, Stats. 1911, p. 447.]

Written objections.

§ 3. Any person interested objecting to the formation of such proposed district, or to the extent thereof, may, at or before the time fixed for the hearing of the matter, file a written objection thereto, stating briefly his ground of objection, with the clerk of said board of supervisors, who shall indorse thereon the date of its reception by him, and shall at the time fixed for the hearing, place all such objections filed with him before said board of supervisors. [Amendment approved March 23, 1911, Stats. 1911, p. 447.]

Supervisors to hear objections.

§ 4. At the time fixed for the hearing, or to which the hearing may be adjourned, the board of supervisors shall hear the objections filed, if any, and pass upon the same. Said board may, in its discretion, overrule or sustain, in whole or in part, any or all of the objections filed, and may change or alter the boundaries of such proposed district to conform to the needs of the district, provided, that they shall include therein only such land as will, in their judgment, be benefited by the proposed work or improvements, and provided, further, that if they deem it proper to include therein any territory not included in the boundaries mentioned in the resolution of intention, they shall first cause notice of their intention so to do to be published and mailed to land owners in such additional territory, as in case of the original notice, and shall, for that purpose, adjourn the hearing to some time and place to be stated in such new notice, and shall hear and pass upon any objections made by such owners as in case of other land owners in the proposed district. Said board may, in their discretion, declare such protection district formed with the boundaries designated by them and shall designate such district by name as the protection district of county (or counties). [Amendment approved March 23, 1911, Stats. 1911, p. 447.]

Eminent domain, right of. When stream forms line between counties. Municipal corporations may be included.

§ 5. The board of supervisors of such county shall also have power to condemn land for the purpose of widening, deepening and straightening any innavigable stream flow-

ing through such protection district, or forming a boundary, or any part of a boundary thereof, and for that purpose all the provisions of part three, title seven, of the Code of Civil Procedure are hereby made applicable to the exercise of the right of eminent domain for such purpose, or to any other purpose necessary to the needs of such district when formed; provided, that nothing in this act shall be construed as interfering, conflicting or abrogating reclamation districts now established by law. Whenever such innavigable streams or watercourse forms, or the portion thereof deemed proper or necessary to be improved and rectified by widening, deepening, or straightening its course, or by erecting levees or dikes upon its bank, forms the boundary line between any two or more counties in this state, the petition shall be presented to the board of supervisors of the county in which the greatest portion of lands within the proposed district are situated, signed by at least twenty of the property holders of the district, ten (10) from each of the counties to be affected, which petition shall set forth and particularly describe the proposed boundaries of such district and the other matters required by section one of the act of which this act is amendatory, and shall pray for a district to be organized under said act; and when the board of supervisors of any one of said counties has acquired jurisdiction, as provided in section four of the act of which this act is amendatory, the board of supervisors of each of the other counties, when notified, shall proceed to improve and rectify the channel of said stream or watercourse, so as to prevent the overflow of said stream or watercourse, and in accordance with the terms of said act of which this act is amendatory. And if, after notice, given in writing by the board of supervisors of the county so first acquiring jurisdiction to the board of supervisors of said other counties, either or any county so notified shall fail for sixty days to proceed to take all necessary steps under said act for the prevention of the overflow of such stream, by widening, deepening or straightening its course, or by erecting levees or dikes upon its banks, the board of supervisors having obtained jurisdiction as above provided, and giving such notice shall proceed under the terms of said act to improve and rectify the channel of such stream or watercourse, by widening, deepening, or straightening its course, or by erecting levees or dikes upon its banks, and collect by law, from the county or counties so notified, its proportion of the costs and expenses of said improvement, which shall not exceed in the case of any county one quarter of the total cost thereof; provided, said amount shall not exceed in any one case for any one county the sum of twenty-five hundred dollars. Nothing herein shall authorize the alteration of the boundary lines of any county, and said boundary lines shall remain as they are at present. Thereafter all costs of every nature that may be incurred or made necessary in the keeping up or preservation of any work or improvement done under the provisions of this section shall be borne by the county or counties affected by such work or improvement, and the lands within said district in the proportion provided in section 10 of this act.

Whenever a portion of such innavigable stream or watercourse passes through or forms the boundary line of any municipal corporation, the territory within such municipality, including the streets thereof, affected or benefited by such work or improvement may be included in proceedings instituted for the creation of said protection district, and thereupon, all such territory including the streets of such municipality, shall be subject to the provisions of this act. [Amendment approved April 6, 1909, Stats. 1909, p. 808.]

This section was also amended March 20, 1903, Stats. 1903, p. 323.

District governed by supervisors. Powers. Emergency work. Surveys, maps, plans, etc.

§ 6. Each protection district shall be governed and controlled by the board of supervisors of the county in which it is situated. Said board shall have power, in the name of the county and in behalf of the district, to purchase, receive by donation, or acquire by condemnation any rights of way or other real or personal property necessary to

carry out the purposes for which the district was formed, and for that purpose all the provisions of the Code of Civil Procedure relating to eminent domain are hereby made applicable to proceedings in behalf of such district to condemn property. The said board shall also have power to employ such engineers, surveyors and others as may be necessary to survey, plan or locate, or supervise the construction or repair of, the improvements necessary to carry out the purposes for which the district was formed; to construct, maintain and keep in repair any and all improvements, and do all other things requisite or necessary to carry out the purposes of the district; and to employ the services of any person, legal or otherwise, which in the judgment of said board, may be necessary to carry out said purposes. All work done in any district shall be ordered by the board of supervisors of the county in which said district is located and shall be under the direction of the county surveyor or county engineer. All work which shall exceed an estimated cost of one thousand dollars shall be advertised and let to the lowest bidder; provided, however, that at the time flood waters shall threaten the levee of a district the board of supervisors may order emergency work done without advertising for bids therefor. As soon as said district is formed, the board shall cause a survey of the contemplated improvements to be made, or adopt a survey already made, and shall also cause a map of such survey, and plans and specifications showing such improvements in detail, to be prepared, and they shall adopt such surveys, maps, plans and specifications, and thereafter all such improvements shall be made in accordance with the survey, maps, plans and specifications so adopted; provided, that at any time after the adoption of said survey, map, plans and specifications, and before the commissioner's report of assessment of benefits and award of damages has been finally adopted and confirmed by the board, said board may rescind their action in adopting said survey, map, plans and specifications, and may modify the same or adopt others in place thereof, in which case a new assessment shall be made, or may, by a four-fifths vote of the members thereof, abandon the contemplated improvement and dissolve the said protection district, in which case the expenses already incurred in behalf of such district shall be a county charge. [Amendment of May 11, 1919. In effect July 22, 1919, Stats. 1919, p. 461.]

This section was also amended March 27, 1897, Stats. 1897, p. 219; and March 23, 1911, Stats. 1911, p. 448.

Commissioners to assess damages and benefits. Oath. Bond.

§ 7. After adopting such survey, the board of supervisors shall appoint three commissioners to assess benefits and damages, to estimate the total cost of making the proposed improvements and performing such proposed work, which estimate shall include all expenses of every kind incurred or to be incurred, either directly or indirectly, in carrying out the said work and improvements. Before entering upon the discharge of their duties as such commissioners, they shall each take and subscribe to an oath to perform the duties of such commission to the best of their abilities, and shall each file, with the clerk of the board of supervisors, a bond to the state of California, in the sum of three thousand dollars, to faithfully perform the duties of his office as such commissioner, which said bond must be approved by the chairman of the board of supervisors. The board of supervisors may, at any time, remove any or all of said commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them from any cause.

Powers.

§ 8. The commissioners shall have all powers necessary and proper to carry out the provisions of this act, and the act of a majority shall be the act of the board.

Charges and expenses, how paid.

§ 9. All such charges and expenses shall be deemed as expenses of said work or improvement, and be a charge only upon the funds devoted to the particular work or

improvement as provided hereafter. All claims, as well for the land and improvements taken or damaged as for the charges and expenses, shall be paid as are other claims against the county and upon order of the board of supervisors, and the claims shall be itemized in the same manner as are other claims against the county.

Duty of viewers. Assessments.

§ 10. Said commissioners shall proceed to view the lands embraced within the boundaries of such protection district, and may examine witnesses under oath, to be administered by any one of them. Having viewed the land to be taken, and the improvements affected, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land and damage to improvements and property affected and also the estimated amount of the costs of the proposed work or improvement and the expenses incident thereto, and having determined the same, shall proceed to assess the same to the county or counties and upon the lands embraced within the exterior boundaries of such protection district. Such assessment shall be made in the manner following, to wit: The board of supervisors shall assess to the county or counties where more than one is an interested and benefited party or parties not exceeding one-half of such assessment; provided, that in no case shall a county be liable for an amount in excess of one-fourth thereof or for any sum greater than two thousand five hundred dollars where there are two or more counties within which said district is formed, and the remainder of such assessment may be made upon the lands within said district in proportion to the benefits to be derived from said work or improvement, so far as said commission can reasonably estimate the same, including in such estimate the streets in such municipal corporation and the property of any railroad company, within said district, if such there be. And each year thereafter it shall be the duty of the assessor of the county in which the district is situated to assess and enter upon his assessment roll the property within such protection district. [Amendment of May 11, 1919. In effect July 22, 1919, Stats. 1919, p. 442.]

This section was also amended March 20, 1903, Stats. 1903, p. 329; and April 6, 1909, Stats. 1909, p. 809.

Commissioners shall make report with plat of district.

§ 11. Said commissioners, having made their assessment of benefits and damages, shall, with all diligence, make a written report thereof to the board of supervisors, and shall accompany their report with a plat of the district, showing the land taken or to be taken for the work of improvement; and the lands assessed, showing the relative location of each district, block, lot, or portion of lot or other piece of land, and its dimensions, so far as the commissioners can reasonably ascertain the same. Each block and lot, or portion of lot, or other parcel or parcels of land taken or assessed, shall be designated and described in said plat by an appropriate number, and a reference to it by such descriptive number shall be a sufficient description of it in all respects. When the report and plat are approved by the board of supervisors, a copy of said plat (appropriately designated and certified by the clerk of said board as a correct copy of the plat on file in his office) shall be, by the clerk of said board, recorded in the office of the recorder and filed in the office of the assessor of the county. Said report of the commissioners shall also contain the names of the persons owning lands taken, or to be taken, for such work or improvement; the names of the landowners who consent to give the right of way and their written consent thereto; the names of landowners who do not consent, and the amount of damage claimed by each, and the amount of damages awarded to each by the commissioners. [Amendment of May 11, 1919. In effect July 22, 1919, Stats. 1919, p. 442.]

Report shall contain what.

§ 12. Said report shall specify each lot, subdivision, or piece of property taken or injured by the widening, deepening, or straightening of such innavigable stream, or

other improvement made or work done, or assessed therefor, together with the name of the owner or claimants thereof or of persons interested therein as lessees, incumbrancers, or otherwise, so far as the same are known to the commissioners, and the particulars of their interests, so far as the same can be ascertained, and the amount of value or the amount assessed, as the case may be.

Conflicting claims.

§ 13. If in any case the commissioners find that conflicting claims of title exist, or shall be in ignorance or doubt as to the ownership of any piece of land or of any improvement thereon, or of any interest in such land or improvement, it shall be set down as belonging to unknown owners. Errors in the designation of the owner or owners of any land or improvement, or of the particulars of their interests, shall not affect the validity of the assessment, or of any condemnation of the property to be taken.

Compensation of commissioners.

§ 14. The commissioners shall receive for their services such compensation as the board of supervisors may determine from time to time; provided, that the compensation shall not exceed the sum of one hundred dollars per month each, nor continue for more than six month, unless the board of supervisors shall, by order, extend such time. The compensation of the commissioners shall be considered as an expense of the work or improvement, and shall be chargeable and payable as are other expenses thereof.

Report. Publication of. Form of notice.

§ 15. The report of such commissioners and the plat accompanying it shall be filed with the clerk of the board of supervisors, and said board shall thereupon fix a time for the hearing thereof, which shall not be less than four weeks after the filing thereof, and thereupon the clerk of said board shall give notice of such hearing by publication for at least three weeks in a newspaper of general circulation published and circulated in the said district, if such there be, or if there is no such newspaper, then in some newspaper of general circulation, published in one of the counties in which said district is situated, said newspaper to be designated by the board. Such notice shall be substantially in the following form:

Said report and the survey, map, plans and specifications of the improvements mentioned therein are hereby referred to for further particulars. All persons interested are hereby required to show cause, if any they have, at the time fixed for said hearing, why such report should not be adopted and confirmed by said board of supervisors, and the improvements therein referred to constructed. All objections shall be in writing, signed by the person objecting; and filed with the clerk of said board at or before the time above mentioned.

(Signed),

Clerk of the board of supervisors of county.

[Amendment approved March 23, 1911, Stats. 1911, p. 449.]

Objections to report. Action of supervisors final.

§ 16. Any person interested may file with the clerk of said board, at or before the time fixed for the hearing, a written objection to said report or any part thereof, or to the survey, map, plans, or specifications for the proposed improvements, or to the making of such proposed improvements. At the time fixed for such hearing or at any other time to which the hearing may be adjourned, the board of supervisors shall hear all objections so filed, if any, and pass upon the same, and shall proceed to pass upon such report, and may confirm, correct or modify the same, or may take such advice in regard to the survey, map, plans and specifications as is authorized by section 6 of this act, or may order the commissioners to make a new assessment, report and plat, which shall be filed, heard and acted upon in the same manner and on like notice, as in the case of an original report. The action of the board upon the report and objections thereto, and upon the survey, map, plans and specifications, shall be final and conclusive as to all matters which they might have remedied or avoided; and no assessment shall be set aside, except upon such hearing, for any error, defect or informality therein or in the proceedings prior thereto, where the district has been legally formed and notice of the hearing of the report has been given as herein prescribed. When such report has been adopted and confirmed, said board may by order entered upon its minutes discharge said commissioners, and their authority shall thereupon cease. [Amendment approved March 23, 1911, Stats. 1911, p. 449.]

Powers and duties of board of supervisors relative to taxes and assessments.

§ 17. After said report has been adopted as provided in the preceding section, the board of supervisors, if they consider the sum to be raised for the payment of the expenses of such work or improvement too great to be properly expended in one year, or too great to be raised in one year by assessments against the property of such protection district, may, by order entered upon its minutes, provide that any part of such expenses shall be raised or expended in one year, and that such assessments shall continue for a number of years sufficient to raise by assessment, and expend, the total sum required by such report for the work or improvement. When the board has determined the sum to be assessed for each year, and the number of years that such assessment shall continue, they shall cause the clerk of the board of supervisors to forward to the tax collector of the county in which such district is situated, a certified copy of the report, assessment, and plat as adopted and confirmed by the said board of supervisors, together with a certified copy of the order of said board, fixing the sum to be raised by such assessment each year and the number of years such assessment shall continue, and from and after the filing of such certified copy the charges assessed upon each piece of land or improvement thereon for the first year shall become due and payable immediately and shall constitute a lien thereon; and thereafter the assessments for the succeeding years shall become due and payable on the first day of October of each year, and shall, upon becoming due and payable, constitute a lien upon the land or improvements upon which it is assessed. Before such sums become delinquent, the board of supervisors shall direct the county treasurer to transfer from the money then in the general fund of such county to the fund raised by such assessment, a sum of money to be named in the order, great enough to pay the assessment made against the county for that year for such work and improvements.

Special fund. Payments from.

§ 18. All moneys paid upon such assessments either by property owners or by the county or counties affected, shall be placed in the county treasury of the county in which such protection district was organized, to the credit of a special fund to be known as the protection district improvement fund; and shall be used only to pay the expense and cost of constructing the improvements described in the survey,

map, plans and specifications adopted by the board of supervisors; provided, that any surplus remaining after the construction thereof shall be paid into the current expense fund. Payments from said fund shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the county. [Amendment approved March 23, 1911, Stats. 1911, p. 450.]

Duty of tax collector.

§ 19. Upon the filing of such certified copy of such report, assessment plat, and order with the tax collector of the county, as prescribed in section eighteen hereof, the county tax collector shall give notice, by ten days' publication in a newspaper printed in the county, that the assessment list of Protection District has been filed in his office, with the date of such filing; that the amounts entered thereon are due and payable; that if not paid on or before the first Monday in January next ensuing, the same will become delinquent and will be collected as are delinquent taxes. He shall note on said assessment list all assessments paid, give receipts as in the payment of taxes, and shall pay all money collected into the county treasury at the same time and in the same manner as money collected for taxes is paid into said treasury. All subsequent collections of assessments shall be made in the same manner above set forth, and the tax collector shall annually (after the first year), immediately after the first day of October, publish a notice containing all the statements required to be made as hereinbefore in this section set forth, and the same proceedings shall be had as upon the collection of the first assessment.

Delinquent assessments.

§ 20. When said assessments have become delinquent the tax collector of such county shall proceed to collect such delinquent assessments, with five per cent added thereon, and pay the same, including the five per cent so collected, over to the county treasurer, in the same manner as state and county taxes are collected and paid over; and for the purpose of collecting such assessments and delinquent assessments all of the provisions of chapter seven, title nine, part three, of the Political Code not in conflict with any of the provisions of this act are hereby made applicable to the collection of assessments and delinquent assessments in such protection districts.

Refund of unused assessments.

§ 20½. Assessments levied and collected under the terms of this act, if unused and unapplied for a period of one year after the day on which said assessments become due and payable, may be refunded by the board of supervisors in the manner provided by law for the refund of state and county taxes. [New section added May 26, 1917. In effect July 27, 1917, Stats. 1917, p. 1219.]

Protection district tax levy.

§ 21. The board of supervisors shall, at the time of making the levy of taxes for county purposes for each year, levy a tax upon the real estate in each protection district in their county sufficient in amount to raise the amount of money which will be needed for the current year for maintaining and repairing the works and improvements of said district. Any tax upon the lands within said district, levied either for the purposes specified in section seventeen or for the purposes specified in this section, shall be assessed against said lands in proportion to the benefits to be derived by said lands as shown by the report of the commission adopted by the board of supervisors as hereinbefore provided for. Said tax, when levied, shall be entered upon the assessment roll and collected in the same manner as state and county taxes. When the same is collected, it shall be placed in the treasury of the county to the credit of the current expense fund of said district, and shall be used only for the purpose for which it was raised. Payments shall be made from said fund in the same manner as from the

improvement fund of the district. [Amendment of May 11, 1919. In effect July 22, 1919, Stats. 1919, p. 462.]

This section was also amended March 23, 1911, Stats. 1911, p. 450.

Notice of award of damages. Notice to unknown owners, how given.

§ 22. When sufficient money is in such Protection District Fund to pay for the property taken and damaged, according to the award of damages made in the report adopted by the board of supervisors, as provided in section seventeen hereof, the clerk of the board of supervisors shall notify the owner, possessor, or occupant of any land or improvement thereon to whom damages shall have been awarded, that such award has been made, and the amount thereof, and that upon such person filing a claim and tendering a conveyance of any property to be taken, such claim will be allowed and such damages paid. Such notice shall be given by depositing such notice in the post office at the county seat of such county, postage prepaid, addressed to such owner, possessor, or occupant, if his name be known. In case the property is unoccupied, and the name of the owners is unknown, or in case such unoccupied property is set down as belonging to unknown owners for the reasons given in section fourteen hereof, such notice shall be delivered to the sheriff or to a constable, who shall serve the same by posting a copy in a conspicuous place upon the property named in said notice, and indorse a certificate of service upon the original notice, and file the same with the clerk of the board of supervisors.

Proof of service.

§ 23. Whenever the clerk of the board of supervisors or other officer is, by this act, empowered to serve any notice by mailing, a certificate of such mailing, in conformity to the provisions of this act and filed with the records of such supervisors, shall be sufficient proof of such service.

Institution of proceedings to procure right of way.

§ 24. If any award of damages is not accepted within fifteen days after the mailing or posting of such notice, it shall be deemed as rejected by the property owner, and thereupon the board of supervisors may direct proceedings to procure the right of way to be instituted, in the name of the county, by the district attorney, under and as provided in title seven, part three, of the Code of Civil Procedure, against all non-accepting property owners; and when thereunder the right of way is procured, the work or improvement must be commenced as hereinafter provided. In such suit no informality in the proceedings of the board of supervisors, or in the proceedings of the commissioners, shall vitiate said suit, but the said order of the board of supervisors, directing the district attorney to bring suit, shall be conclusive proof of the regularity thereof; and the said suit shall be determined by the court or jury in accordance with the rights of the respective parties as shown in court, independent of said proceedings before said board of supervisors or before said commissioners.

Procedure when right of way is defective.

§ 25. If any right of way, attempted to be acquired by virtue of this act, shall be found to be defective from any cause, the board of supervisors may again institute proceedings to acquire the right of way as in this act provided, or otherwise, or may purchase the same and include the cost thereof in the expenses of such work or improvement.

Work may be done by contract. Bids. Notice. Bond.

§ 26. The board of supervisors shall determine the amount of work to be done in each year and the place where such work is to be done, and may let a contract for any portion of such work that they may think proper. When the work is let by contract,

either as a whole work or for a portion thereof, the board shall give notice, by publication thereof, not less than ten days, in a newspaper published in such county, calling for bids for the construction of such work, or of any portion thereof; if less than the whole work is advertised, then the portion so advertised must be particularly described in such notice. Said notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposal, and how such sealed proposals shall be addressed, which, at the time and place appointed, shall be opened, and, as soon thereafter as convenient, the board shall let said work, either in portions or as a whole, to the lowest responsible bidder; or they may reject any and all bids and readvertise for proposals. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said county for the use of such protection district, for double the amount of the contract price, conditioned for the faithful performance of said contract. The work shall be done under the direction and to the satisfaction of the board of supervisors.

What improvements may be made.

§ 27. The improvements made under this act may include the widening, deepening, changing and straightening of the channels of innavigable streams, watercourses or washes, the construction of new channels therefor, and the construction of levees, banks, dikes, conduits, ditches and canals for the conveyance of the waters of such streams, watercourses or washes, or for confining such streams, watercourses, or washes to their channels; and said work may be done either within or without the boundaries of the district, as may be necessary in order to properly prevent the overflow of said water and protect the land in said district from damage and secure a free outlet for such streams, watercourses, and washes. [Amendment approved March 23, 1911, Stats. 1911, p. 451.]

Money may be advanced out of the general fund.

§ 28. If, at any time, in the opinion of the board of supervisors, the expenditure of money is absolutely necessary to the welfare of such protection district, and there is no money in the fund of such district to make such necessary expenditure, or the money in such fund is insufficient to make such necessary expenditure, then the board of supervisors may advance such money out of the general fund of the county, and the same shall be a credit to the county as a payment of the assessments against the county to that extent; or if such money advanced shall exceed the assessments against the county, then as soon as there is sufficient money in the fund of such protection district to pay the excess, the board of supervisors shall direct the county treasurer to transfer to the general fund from the fund of such protection district, a sum great enough to balance the accounts.

Act liberally construed.

§ 29. The provisions of this act shall be liberally construed to promote the objects thereof.

This act shall take effect and be in force from and after its passage.

The amendatory act of 1911 also contained the following provision:

§ 11. This act shall take effect and be in force immediately; provided, however, that the same shall not apply to or affect any proceedings that may be pending for the organization of a protection district under the provisions of the act which is hereby amended; but, as to any proceedings so pending at the time this act takes effect, the provisions of said act hereby amended as existing prior to this amendment shall continue in force until such district is formed, or the board of supervisors have refused to form the same.

The code commissioners say of the act of 1880: "Unconstitutional in some respects. (Hutson v. Woodbridge Protection District, 79 Cal. 90, 16 Pac. 549, 21 Pac. 435.) Probably superseded by 1895, p. 247."

1. Constitutionality — Delegation of power.—The act is not unconstitutional because of the delegation to commissioners of the power to view the land, make estimates and report the result to the board, which retains the power to hear and determine the amount of the assessment.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

2. Same—Not double taxation.—The act is not unconstitutional on the ground that it involves double taxation.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

2a. Same—Not a "municipal affair."—The restraining of floods is more than a municipal affair when their injurious effects reach beyond the municipal boundaries, and in such case the amendment of 1909 to the protection district act of 1895, authorizing the inclusion of municipal territory in such districts, does no violence, when such is the case, to the reserved rights of the municipality.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 515, 166 Pac. 341.

3. Not a public corporation.—A protection district formed under the authority of the present act is not a public corporation, but no more than an assessment district to pay for improvements benefiting the property assessed.—*Pasadena, etc., Co. v. Lelande*, 175 Cal. 511, 166 Pac. 341.

3a. Same.—The whole scope of the protection district act of 1895 and its 1909 and 1911 amendments is to authorize the board of supervisors of the county to create an assessment district to pay the cost according to benefits of improving and rectifying the channels of innavigable streams and water courses, and the prevention of overflows therefrom.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 512, 166 Pac. 341.

4. Same—Quo warranto will not lie.—A protection district formed under this act has no corporate existence except its name, and has no de facto existence, and quo warranto will not lie.—*Harpham v. Board of Supervisors*, 41 Cal. App. 192, 182 Pac. 324.

4a. Same—Same.—The rule that the validity of the organization of de facto irrigation and reclamation districts can not be attacked by private individuals but only by quo warranto applies to protection districts.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

See, also, *Keech v. Joplin*, 157 Cal. 1, 106 Pac. 222.

5. Authority of supervisors limited to lands of district.—Under sections 5, 7, 9, 10 and 11 of the act the authority of the supervisors in the formation of a protection district is confined to the limits of the district.—*Rudel v. Los Angeles Co.*, 118 Cal. 281, 50 Pac. 400.

6. Lands within municipality may be included.—Lands within a municipality may be included in a protection district formed

under the authority of this act.—*Pasadena, etc., Co. v. Lelande*, 175 Cal. 511, 166 Pac. 341.

7. Requirement as to notice not mandatory.—The provisions as to notice to property owners in sections 15 and 16 of the act, are mandatory and not merely directory, and failure to comply therewith invalidates the proceedings.—*Pasadena, etc., Co. v. Lelande*, 175 Cal. 511, 166 Pac. 341.

7a. Same—Notice sufficient.—Notice published under the authority of section 2 of the protection district act of 1895, which declares the nature of the work it is proposed to do, and also that it was proposed to do it in conformity with the act, the title of which was set forth in full, although unartificial because of its failure to declare in formal and precise terms that the board intended to create a protection district, is held to have conveyed adequate information to the property owner of the intention of the board and to have been sufficient.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 514, 166 Pac. 341.

8. Review on certiorari—Proof of publication of notice of hearing.—Where on review of the proceedings for the formation of a protection district the record shows that the notice of hearing was published as required by law, and a finding to that effect was made, and not disputed, the fact that the affidavit of publication was subsequently filed does not prove or tend to prove that the board did not have sufficient and proper evidence of publication before them, and can not affect the validity of the finding.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

8a. Necessity of notice—Sections 16 and 17 mandatory.—The provisions of sections 16 and 17 are mandatory and not merely directory, and a failure to give the notice therein required invalidates the proceedings thereunder.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 520, 166 Pac. 341.

9. Same—Presumption as to acts of supervisors.—The court will presume on petition for writ of review that when the petition for the formation of a district was filed the board of supervisors required and received evidence as to the genuineness of the signatures, and that the signers were "property holders of the district."—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

10. Same—Want of jurisdiction shown.—Certiorari lies against the proceedings of the board of supervisors who exceeding their jurisdiction in treating a petition to form a storm water district as a petition to form a district under this act, and fixing a date for a hearing prior to any time within which a hearing could be had under the statute.—*Harpham v. Board of Supervisors*, 41 Cal. App. 192, 182 Pac. 324.

11. Resolution of intention—Purpose to form protection district sufficiently shown.—A resolution of intention declaring that it is the intention of the board to improve and rectify the channel of an innavigable stream "in conformity with an act of the

legislature entitled an act to provide for the formation of protection districts," etc., is sufficient, although it should have stated in formal and precise terms the intention to form a protection district.—*Pasadena, etc., Co. v. Lelande*, 175 Cal. 514, 166 Pac. 341.

12. Petition—Proof of genuineness of signatures.—To require proof of the genuineness of the signatures of the petitioners for the formation of a protection district, and that they are property owners of the district, at the time of the filing of the petition, is the natural order of procedure contemplated by the statute, and there seems to be no reason for repeating such proof at the hearing of objections by property owners.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

13. Hearing of objections limited to objections specified.—At the hearing of objections of property owners the board of supervisors are not required to do more than hear evidence upon the objections specified.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

14. Filing of affidavit of publication.—The statute does not require the filing of the affidavit of publication of notice of the hearing before the order for the formation of the district is made, although that is the natural course.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

14a. Adoption of survey, maps.—The provisions of section 6 of the act of 1895 as amended in 1911, as to adoption of survey, maps, etc., of a protection district, contemplate merely a tentative and not a final adoption, and amounts to no more than approval of the plans.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 517, 166 Pac. 341.

15. Power to change or alter boundaries.—The act gives the supervisors power to change or alter the boundaries of the pro-

posed protection district to conform to the needs of the district, and can not be said to lose their jurisdiction by making the description more definite and certain, leaving the identity of the land the same.—*Barnes v. Board of Supervisors*, 13 Cal. App. 760, 110 Pac. 820.

16. Natural stream can not be changed to injury of lands not included in district.—The formation of a protection district is no justification for changing a natural water course so as to cause an increase of flow in another water course to the injury of lands not included in the protection district so formed, and the supervisors may be enjoined.—*Rudel v. Los Angeles County*, 118 Cal. 281, 50 Pac. 400.

17. Same — Right of action against county.—An action may be maintained against a county for damages for injury to private property caused by the formation of a protection district.—*Elliott v. Los Angeles Co.*, 60 Cal. Dec. 157, 191 Pac. 899.

18. Same—Same—Allegation as to power of county to form district not required.—In an action for damages from the diversion of storm waters from their natural channel on to plaintiff's land by a protection district, it is not necessary to allege the right of the county to form a district, since the county has that power as a matter of law.—*Elliott v. Los Angeles Co.*, 60 Cal. Dec. 157, 191 Pac. 899.

19. Action to restrain assessment—Estoppel in pais must appear on face of complaint.—In a suit to restrain a protection district from casting an invalid assessment upon the lands of the district, unless the facts establishing an estoppel in pais appear on the face of the complaint itself, the defense is not available to defendants without special plea by answer.—*Pasadena Park Impr. Co. v. Lelande*, 175 Cal. 511, 521, 166 Pac. 341.

PROTECTION DISTRICT ACT OF 1907.

ACT 3642—An act providing for the organization and government of districts for the protection of the lands of farming or other communities or neighborhoods within this state from overflow or damage from the waters of any innavigable stream, watercourse, canyon, or wash extending by, through, or over such communities or neighborhoods, and to provide for the acquisition of lands, rights of way, and other property by purchase, gift, or condemnation, and for extending, straightening, locating, improving, and maintaining the channels of such streams, watercourses, canyons, or washes, and confining said waters in such channels and preventing the overflow thereof; and for the construction by such districts of the necessary works for said purposes.

History: Approved February 23, 1907, Stats. 1907, p. 16. Amended March 21, 1907, Stats. 1907, p. 850.

Protection districts, organization.

§ 1. Whenever fifty, or a majority of the owners who are also the owners of a majority of the lands of any farming or other community or neighborhood within this state, which lands lie in one body and are liable to overflow or damage from the waters of any innavigable stream, watercourse, canyon, or wash extending by, through, or over such community or neighborhood, and may be protected by the same system of

works, desire to provide for the protection of such lands from said damage, they may propose the organization of a protection district under the provisions of this act, and when so organized, such district shall have the powers, rights, and duties conferred, or which may be conferred by law upon such protection districts. The equalized county assessment-roll next preceding the presentation of a petition for the organization of a protection district under the provisions of this act, shall be prima facie evidence of ownership for the purposes of this act; provided, that no person who has received or acquired ownership of land within such proposed district for the purpose of enabling him or her to join in such petition or to become an elector of said district, shall be competent to sign such petition or vote at any election held for the purpose of its organization. Such illegal signing, however, shall not invalidate such petition when there shall be found a sufficient number of other legal petitioners.

Petition for formation of district. Bond. Publication.

§ 2. In order to propose the organization of a protection district, a petition shall be presented to the board of supervisors of the county in which the lands of the community or neighborhood and within the proposed district, or the greater portion thereof, are situated, signed by the required number of owners of lands within such proposed district, as above provided, which petition shall set forth and particularly describe the proposed boundaries of such district and the purposes of such organization, and shall pray that the same be organized under the provisions of this act. The petitioners must accompany the petition with a good and sufficient bond, to be approved by the said board of supervisors, in double the amount of the probable cost of organizing such district, conditioned that the obligors will pay all the cost in case such an organization will not be effected. The petition shall be presented at a regular meeting of said board of supervisors, and shall have been published for at least two weeks before such presentation, in some newspaper of general circulation in said community or neighborhood and printed and published in the county where the petition is presented, together with a notice stating the date of the meeting of said board at which the petition will be presented; and if any portion of the proposed district lies within another county, or counties, then said petition and notice shall be likewise published in such a newspaper printed and published in each of such counties.

Board of supervisors, hearing on petition. Boundaries.

§ 3. When such petition is presented, the board of supervisors shall hear the same, together with any objections in writing which may have been made and filed with said board by any owner of land within such proposed district, and also may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing said board shall make such changes in the proposed boundaries as may be deemed advisable by them in carrying out the purposes of this act, and shall define and establish such boundaries; but said board shall not modify said boundaries so as to exclude from such proposed district any land liable to damage from the overflow of such waters, as hereinbefore stated; nor shall said board modify said boundaries so as to include within such proposed district lands not liable to be damaged by such overflow; nor shall said board modify said boundaries so as to include any lands not included within the boundaries proposed in said petition. Any owner of lands adjacent to the borders of said district may, by his written application therefor filed with said board on or before the time of the hearing of said petition, in the discretion of said board have such lands included within said proposed district. Upon such hearing of said petition, the board of supervisors shall determine whether or not said petition complies with the requirements and purposes of this act, and must hear all competent and relevant testimony offered in support or in opposition thereto. Such determination shall be entered upon the minutes of said board of supervisors.

Election precincts. Directors.

§ 4. When under the provisions of the preceding sections the boundaries of the proposed district shall be defined and established by said board, they shall make an order dividing said district into three or five divisions, as nearly equal in size as practicable, which divisions shall be numbered consecutively and constitute election precincts for said district, and one director, who shall be an elector and resident of the precinct for which he is elected, shall be elected as hereinafter provided, by each precinct; provided that when requested in the petition, three directors, who shall be residents, and electors, of the district, shall be elected at large by the qualified electors of the district.

Notice of election. Publication. Ballots.

§ 5. Said board of supervisors shall then give notice of an election to be held in such proposed district, for the purpose of determining whether or not the same shall be organized under the provision of this act. Such notice shall designate a name for such proposed district and describe the boundaries of the precincts established therein, when more than one, together with a designation of the polling place and board of election for each precinct; and said notice shall be published for at least three weeks previous to such election, in a newspaper of general circulation within the boundaries of said proposed district and published within the county in which the petition for the organization of such district was presented; and if any portion of such proposed district is within another county, or counties, then such notice shall be published for the same length of time in such a newspaper published in each of said counties. Such notice shall require the electors to cast ballots which shall contain the words "Protection District—Yes." or, "Protection District—No," or words equivalent thereto, and also the names of one or more persons (according to the division of the proposed district as prayed for in the petition and ordered by the board), to be voted for to fill the office of director. Such election shall be conducted, as nearly as practicable, in accordance with the general laws of the state, but no particular form of ballot shall be required.

Who entitled to vote at elections held under act.

§ 6. No person shall be entitled to vote at any election held under the provisions of this act unless he possesses all the qualifications required of electors under the general election laws of the state, provided however, that any person who is an actual and bona fide owner of one or more acres of land located and situated in said district shall have the right to vote at any election held hereunder, whether he be a resident of said district or not. [Amendment approved March 21, 1907, Stats. 1907, p. 850.]

Canvass of vote. Declaration of result.

§ 7. Said election shall then be held, and the said board of supervisors shall, on the first Monday succeeding such election, if then in session, or at its next succeeding general or special session, proceed to canvass the votes cast thereat, and if upon such canvass it appear that at least two-thirds of all the votes cast are "Protection District—Yes," the board shall, by an order entered in its minutes, declare such territory duly organized as a protection district, under the name theretofore designated, and shall declare the persons receiving, respectively, the highest number of votes for directors, to be duly elected to such offices.

Copy of order to be recorded.

§ 8. Said board shall then cause a copy of such order, duly certified by the clerk of said board, to be immediately filed for record in the office of the county recorder of any county in which any portion of the lands embraced in such district is situated, and must also immediately forward a copy thereof to the clerk of the board of supervisors of each of said last mentioned counties; and no board of supervisors of any

county in which any portion of the lands embraced in such districts are situated, shall, after the date of the organization thereof, allow another district to be formed including any portion of said lands, without the consent of the board of directors of the district in which they are situated. From and after such filing, the organization of the district shall be complete.

Contest.

§ 9. Such election or organization may be contested by any person owning property within the proposed district liable to assessment. The directors elected at such election shall be made parties defendant. Such contest shall be brought in the superior court of the county where the petition for organization is filed; provided, that if more than one contest be pending, they shall be consolidated and tried together. The court having jurisdiction shall speedily try such contest, and determine upon the hearing whether the election was fairly conducted and in substantial compliance with the requirements of this act, and enter its judgment accordingly. Such contest may be brought within twenty days after the canvass of the vote and declaration of the result by the board of supervisors, but not later. The right of appeal is hereby given to either party to the record.

Directors, term of office.

§ 10. The directors elected at the election hereinbefore provided for, shall immediately enter upon their duties as such, upon qualifying in the manner herein provided. Said directors shall hold office, respectively, until their successors are elected and qualified.

Classification of directors. Organization. Secretary.

§ 11. Such directors shall, on the first Tuesday after their election after they shall have qualified, meet and classify themselves by lot into two classes, as nearly equal in number as possible, and the term of office of the class having the greatest number shall expire at the next general February election in this act provided for; and the term of office of the class having the lesser number shall terminate at the next general February election thereafter. After such classification said directors shall organize as a board, shall elect a president from their number and appoint a secretary, who shall each hold office during the pleasure of the board. The salary of the secretary and the amount of the bond to be given by him for the faithful performance of his duties shall be fixed by the board of directors.

Meetings. Minutes of proceedings. Financial statement.

§ 12. The board of directors shall hold regular meetings in their office, on the first Tuesday in March, June, September, and December, and such special meetings as may be required for the proper transaction of business; provided, that all special meetings must be ordered by a majority of the board, by an order entered in the minutes specifying the business to be transacted. Three days' notice to any member not joining in the order must be given by the secretary, and only the business specified in the order must be transacted at such special meeting. All meetings of the board must be public, and a majority of the members shall constitute a quorum for the transaction of business. A minute of all proceedings of the board shall be kept by the secretary, and all records of the board shall be open to public inspection during business hours. The board of directors shall, on the first Tuesday in March of each and every year, render, and immediately thereafter cause to be published, a verified statement of the financial condition of the district, showing particularly the receipts and disbursements of the last preceding year, together with the source of such receipts and purpose of such disbursements. Said publication shall be made at least once a week, for two weeks, in some

paper of general circulation within said district and published in the county where the office of the board of directors of such district is situated.

Conduct of affairs of district. Acquisition of land.

§ 13. The board of directors shall have the power, and it shall be their duty, to manage and conduct the business and affairs of the district; to make and execute, in the name of the district, all necessary contracts; to adopt a seal for the district, to be used in the attestation of proper documents; to provide for the payment from the proper fund of all the debts and just claims against the district; to employ and appoint engineers to survey, plan, locate, and supervise the construction of works necessary for the protection of the lands within said district from damage by overflow from the waters of said stream, watercourse, canyon, or wash, as hereinbefore stated, and to estimate the cost of such works and the land needed for right of way, also to construct, maintain, and keep in repair all works necessary for the purpose of such protection. The board and its agents and employees shall have the right to enter upon any land to make surveys, and may relocate the necessary protection works for the purpose of protecting the lands of said district from damage by the overflow of the waters of said stream, watercourse, canyon or wash. Said board shall also have the right to acquire, hold, and possess, either by donation, purchase, or condemnation, in the name and on behalf of said district, any land or other property necessary for the construction, use, maintenance, repair, and improvement of any works for the purpose of protection, as herein provided. The board may establish equitable by-laws, rules, and regulations necessary or proper for carrying on the business herein provided for.

Change of boundaries.

§ 14. The board of directors, when they deem it advisable, for the best interests of the district, and the convenience of the electors thereof, may at any time, but not less than sixty days before an election to be held in the district, change the boundaries of the election precincts of the district; provided, such changes shall be made to keep all the precincts as nearly equal in area and population as may be practicable. Such changes of boundaries of the precincts must be shown on the minutes of the board.

Condemnation proceedings.

§ 15. In case of condemnation proceedings, the board shall proceed, in the name of the district, under the provisions of Title VII, Part III, of the Code of Civil Procedure, which said provisions are hereby made applicable for that purpose; and it is hereby declared that the use of the property which may be condemned, taken, or appropriated under the provisions of this act, is a public use, subject to the regulation and control of the state, in the manner prescribed by law.

Elections. Official bonds. Vacancies.

§ 16. In each district organized as herein provided, an election shall be held on the first Wednesday in February of each odd-numbered year, at which directors for the district shall be elected to fill the places of those whose terms then expire. The person receiving the highest number of votes for the office to be filled at such election is elected thereto. Within ten days after receiving their respective certificates of election, each of said persons shall qualify as such director by taking and subscribing the official oath and filing a bond, as herein provided. Each director shall execute an official bond in the sum of five thousand dollars, which shall be approved by the judge of the superior court of the county where the organization of the district was effected, and shall be recorded in the office of the county recorder of such county, and then, together with his official oath, filed with the secretary of the board of directors. All official bonds herein provided shall be in the form prescribed by law for the official bonds of county officers. If a vacancy shall occur in the office of director, the same shall be

filled by appointment by the remaining members of said board of directors. A director so appointed shall qualify within ten days after receiving notice of his appointment, as in said act provided, as if he were elected to such office, as hereinbefore provided; and he shall hold such office only until the next regular election for such district, and until his successor is elected and qualified.

Organization of board. Office, place of.

§ 17. On the first Tuesday in March next following the election, the directors who shall have been elected at the general February election, and those whose terms have not expired shall meet and organize a board, elect a president and appoint a secretary, who shall each hold office during the pleasure of the board. The full term of office of directors is hereby fixed at four years. The office of the board of directors of any such district may be established by said board of directors at the county seat, of the county where the same was organized, or at some proper and convenient place within the district, but after the office is once established it shall not be changed without giving notice thereof by posting in three public places in the district and by publishing a similar notice for thirty days in some newspaper of general circulation throughout said district and published in the county where the same is organized.

Notice of election. Election officers, appointment.

§ 18. Fifteen days before any election held under this act, subsequent to the organization of any district, the secretary of the board of directors shall cause notices to be posted in three public places in each election precinct, of the time and place of holding the election, and shall also post a similar notice of the same in a conspicuous place in the office of said board, specifying the polling-places of each precinct, and the names of the members of the boards of election, for each precinct. Prior to the time for posting such notices, the board must appoint for each precinct, from the electors thereof, one inspector and one judge and one clerk, who shall constitute a board of election for such precinct. If the board fail to appoint a board of election, or the members appointed, or any of them, do not attend at the opening of the polls on the morning of election, the electors of the precinct present at that hour, may appoint the board, or supply the place of an absent member thereof. The board of directors must in its order appointing the board of election, designate the place within each precinct where the election must be held.

Organization of election board. Polls, when opened and when closed.

§ 19. The inspector is chairman of the election board, and may administer all oaths required in the progress of an election; and appoint judges and clerks, if, during the progress of the election, any judge or clerk ceases to act. Any member of the board of election, or any clerk thereof, may administer and certify oaths required to be administered during the progress of an election. The board of election for each precinct must, before opening the polls, appoint two persons to act as clerks of the election. Before opening the polls, each member of the board and each clerk must take and subscribe an oath to faithfully perform the duties imposed upon them by law. Any elector of the precinct may administer and certify such oath. The polls must be open at 9 o'clock a. m., and be kept open until 4 o'clock p. m., when the same must be closed. The provisions of the general election laws concerning the form of ballots to be used shall not apply to elections held under this act.

Voting.

§ 20. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain opened, and shall be conducted, as nearly as practicable, in accordance with the provisions of the general election laws of this state.

Election returns.

§ 21. As soon as all the votes are read off and counted, a certificate shall be drawn up on each of the papers containing the poll-list and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he was voted for, which number shall be written in figures and in words at full length. § 22. No list, tally paper, or certificate, from any election, shall be set aside or rejected for want of form if it can be satisfactorily understood. The board of directors must meet at its usual place of meeting on the first Monday after each election to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns; but if all the returns have not been received, the canvass must be postponed from day to day until the returns have been received, or until six postponements have been had. The canvass must be made in public and by opening the returns and computing the vote of the district for each person voted for and declaring the result thereof.

Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper of general circulation within said district and published in the county where the office of the board of directors of such district is required to be kept, once a week for at least three successive weeks. Such notices must specify the time of holding the election, the amount of bonds proposed to be issued; and said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this act governing the election of officers; provided, that no informalities in conducting such an election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds—Yes" or "Bonds—No," or words equivalent thereto. If a majority of the votes cast are "Bonds—Yes," the board of directors shall cause bonds in said amount to be issued; if a majority of the votes cast at any bond election are "Bonds—No," the result of such election shall be so declared and entered of record. Whenever, also, the construction fund in this act provided for has been exhausted by expenditures therefrom as in this act authorized, and it is necessary to raise additional money for said purpose, the board of directors may estimate and determine the amount of the money necessary to be raised and thereupon submit to said electors the question of raising the same by the issuance of bonds in the same manner and with like effect as at such previous election hereinbefore provided for.

The principal and interest shall be payable at the place designated therein. § 28. The board may sell said bonds from time to time, in such quantities as may be necessary and most advantageous to raise money for the construction of said works, the acquisition of said property and rights, and otherwise to fully carry out the objects and purposes of this act. Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds, and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes, and notice of the sale to be given, by publication thereof at least three weeks in some newspaper of general circulation in said district and published in the county where the office of the said board is located, and in any other newspaper, at its discretion. At the time appointed the board shall open the proposals, and award the purchase of the bonds to the highest responsible bidder; provided, however, that they may reject all bids. Said board shall in no event sell any of said bonds for less than the par value thereof.

Bonds a lien against property.

§ 29. Any bonds issued under the provisions of this act shall be a lien upon the property of the district and the lien for the bonds of any issue shall be a preferred lien to that for any subsequent issue. Said bonds, and the interest thereon, shall be paid by revenue derived from an annual assessment upon the real property of the district; and all the real property in the district shall be and remain liable to be assessed for such payments as hereinafter provided.

Assessments to be submitted to electors.

§ 30. In case the money raised by the sale of bonds issued be insufficient or in case the bonds be unavailable for the completion of the works, and additional bonds be not voted, the board of directors shall provide for the completion of said works by levying assessments therefor; provided, however, that such levy of assessment shall not be made except first an estimate of the amount required for the purpose thereof has been made by said board, and the question as to the making of said levy submitted to a vote of the electors of the district. Before such question is submitted, the order of submission shall be entered in the minutes of the board, stating the amount to be levied and the purpose therefor, and if submitted at a special election said order shall, in addition, fix the day of election. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper of general circulation in said district and published in the county where the office of the board of directors of such district is required to be kept, once a week for at least three successive weeks. Such notices must specify the time of holding the election, and the amount of assessment proposed to be levied. Said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this act governing the election of officers; provided, that no informalities in conducting such an election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words, "Assessment—Yes," or "Assessment—No," or words equivalent thereto. If a majority of the votes cast are "Assessment—Yes," the board of directors shall proceed in the manner prescribed in the sections herein provided for raising funds for the annual requirements; if a majority of the votes cast are "Assessment—No," the result of such election shall be so declared and entered of record.

New bonds.

§ 31. Whenever a district organized under the provisions of this act, has outstanding bonds, coupons, or other evidences of indebtedness, the payment thereof may be provided for by the issuance of new bonds, in the manner hereinafter prescribed.

Funding of bonds.

§ 32. In order to propose the funding of such bonds, coupons, or other evidences of indebtedness a petition shall be presented to the board of directors of such protection district, signed by a majority of the owners of the land situated therein, which petition shall set forth the amount of bonds, coupons, or other evidences of indebtedness proposed to be funded, together with a general description of same, also the total amount of the bonds sought to be issued (provided, that said amount shall in no case be greater than the total amount of bonds, coupons, and other evidences of indebtedness then outstanding and sought to be funded), together with a full and complete statement of the purposes for which such bonds are to be used. On presentation of such petition, the same shall be entered in full on the minutes of the board.

Special election.

§ 33. Immediately after the recording of said petition the board shall call a special election, at which shall be submitted to the electors of such district the question whether or not the bonds of such district in the amount set forth in said petition shall be issued. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper of general circulation in said district and published in the county where the office of the board of directors of such district is required to be kept, once a week for at least three successive weeks before such elec-

tion. Such notice must specify the time of holding the election, the amount of bonds proposed to be issued, the amount of bonds, coupons or other evidences of indebtedness proposed to be funded, together with a general description of the same. Said election shall be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions governing the election of officers; provided, that no informalities in conducting such an election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election, the ballots shall contain the words "Bonds—Yes" or "Bonds—No" or words equivalent thereto. If two-thirds of the votes cast are "Bonds—Yes" the board of directors shall cause bonds in said amount to be issued. If more than one-third of the votes cast at such election are "Bonds—No," the result of such election shall be so declared. The result in either case shall be duly entered of record.

Refunding bonds, how payable.

§ 34. If said bonds are directed to be issued as herein provided for the board of directors shall cause the same to be issued. Said bonds shall be made payable in gold coin of the United States, in twenty series, as follows, to wit: On the first day of January after the expiration of twenty years, five per cent of the whole amount of said bonds, and on the first day of January of each year thereafter, an equal amount of such bonds until all shall have been finally paid; that is, five per cent of the whole issue of bonds—not five per cent of each bond, each being wholly payable when due. Said bonds shall bear interest at a rate to be determined by the board of directors and specified in the notice of election not to exceed six per cent per annum, payable semi-annually on the first day of January and July of each year. They shall be negotiable in form, and shall be of denominations of not less than \$100 nor more than \$500. Said bonds shall in all respects conform to the form of bonds prescribed hereinbefore.

Must sell at par.

§ 35. It shall be unlawful to sell or exchange any of the bonds as herein provided for less than their par value.

County treasurer to be custodian.

§ 36. When bonds issued under section 34 of this act shall be duly executed, they shall be deposited with the treasurer of the county wherein the district was organized, who is hereby authorized and charged with the duty of receiving the same, and his receipt shall be taken therefor, and he shall be charged with the same on his official bond, and shall have no power to deliver the same in exchange for any bonds or indebtedness proposed to be funded until the bonds or evidence of indebtedness proposed to be funded shall have been surrendered to him, and he shall have been ordered by the board of directors of the district, by an order duly entered on their records to make such delivery. When such bonds have been exchanged for other bonds, coupons, or other evidences of indebtedness, the treasurer shall at once cancel such other bonds, coupons, or other evidences of indebtedness by writing across the face thereof "canceled" and the date of cancellation, and report the same with his next regular report hereinafter provided for to the board of directors of the district designating the bond, coupon, or other evidence of indebtedness, so that it can be identified, the date of cancellation, and the person from whom it was received, together with the amount paid therefor, or the terms of exchange, in case there is an exchange.

Bonds may be sold from time to time.

§ 37. When said bonds are issued for the purpose of sale to the highest bidder, the board may sell said bonds from time to time, in such quantities as may be necessary and most advantageous, to raise money to pay bonds, coupons, or other evidences of indebtedness of the district which were outstanding at the time of the filing of said

petition, and generally described therein. Resolution of intention must be declared, and notice given, and the sale conducted in the manner prescribed in this act for the sale of original bonds. Said bonds shall in no event be sold for less than their par value including accrued interest. All moneys realized from the sale of bonds, issued under the provisions of this section, shall be paid into the hands of the said treasurer, and by him kept in a separate fund, known as the funding fund, and shall be applied exclusively to the payment of bonds, coupons, or other evidences of indebtedness of the district outstanding at the time of the filing of the said petition, and described therein.

Exchange of bonds.

§ 38. The bonds issued as herein provided for may be exchanged, at not less than their par value, including accrued interest, for any of the indebtedness set out and described in the notice of the election authorizing the issuance of said refunding bond. A contract for such exchange may be made by the board of directors upon such terms as said board may deem advisable; provided, that they must receive not less than par value for the bonds so exchanged.

Estimate of amount needed.

§ 39. The board of directors must, on or before the first meeting of the board of supervisors in September of each year, furnish the supervisors and the auditor of the county wherein the district is situated, or if such district is not entirely within one county, then as hereinafter provided, to the supervisors and auditors of each county in which any portion of the district is situated, an estimate in writing of the amount of money needed for the purposes of the district for the ensuing fiscal year. The amount must be sufficient to raise the annual interest on the outstanding bonds, to pay the estimated cost of repairs, the incidental expenses of the district, and in any year in which any bonds shall fall due, an amount sufficient to pay the principal of the outstanding bonds as they mature; and in any year when an assessment or installment thereof is payable, sufficient to pay the same.

Division of estimate.

§ 40. If such district is in more than one county the total estimate as provided for in the preceding section shall be divided by the board of directors in proportion to value of the real property of the district in each county. This value must be determined from the equalized values of the last assessment-rolls of such counties. When such division of the estimate has been made, the board shall furnish the supervisors and auditors of the respective counties a written statement of that part of the estimate apportioned to that county.

Protection district tax levy.

§ 41. The board of supervisors of each county wherein is situated a district or any part thereof organized under the provisions of this act, must, annually, at the time of levying county taxes, levy a tax to be known as the “—— (name of district) protection district tax,” sufficient to raise an amount reported to them as herein provided, by the board of directors. The supervisors must determine the rate of such tax by deducting fifteen per cent for anticipated delinquencies from the total assessed value of the real property of the district within the county as it appears on the assessment-roll of the county, and then dividing the sum reported by the board of directors as required to be raised by the remainder of such total assessed value.

Duty of county auditor.

§ 42. The tax so levied shall be computed and entered on the assessment-roll by the county auditor, and if the supervisors fail to levy the tax as provided in the preceding section, then the auditor must do so. Such tax shall be collected at the same time and

in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district.

Levying and collecting tax.

§ 43. The provisions of the Political Code of this state prescribing the manner of levying and collecting taxes and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

Repository of funds.

§ 44. If the district is in more than one county, the treasury of the county wherein the district was organized shall be the repository of all the funds of the district. For this purpose the treasurers of any other counties wherein is situated a portion of said district, must, at any time, not oftener than twice each year, upon the order of the board of directors, settle with said board and pay over to the treasurer of the county where the district was organized, all moneys in their possession belonging to the district. Said last-named treasurer is authorized and required to receive and receipt for the same, and to place the same to the credit of the district. He shall be responsible upon his official bond for the safekeeping and disbursement, in the manner herein provided, of these and all other moneys of the district held by him.

Apportionment of funds.

§ 45. The following funds are hereby created and established, to which the moneys properly belonging shall be apportioned by the treasurer, to wit: Bond fund, construction fund, general fund, funding fund.

Duty of county treasurer.

§ 46. The treasurer shall pay out of the same only upon warrants of the board of directors, signed by the president and attested by the secretary. The treasurer shall report in writing to the board of directors whenever requested by them or the secretary, the amount of money in the fund, the amount of receipts since his last report, and the amounts paid out.

Redemption of bonds.

§ 47. Upon the presentation of the coupons due, to the treasurer, he shall pay the same from the bond fund. Whenever said fund shall amount to the sum of ten thousand dollars in excess of an amount sufficient to meet the interest coupons due, the board of directors may direct the treasurer to pay such an amount of said bonds not due as the money in said fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising in the manner hereinbefore provided for the sale of bonds, for sealed proposals for the redemption of said bonds. Said proposal shall be opened by the board in open meeting, at a time to be named in the notice, and the lowest bid for said bonds must be accepted; provided, that no bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the holders of said bonds shall desire to have the same redeemed, as herein provided for, said money shall be invested by the treasurer, under the direction of the board, in United States bonds, or the bonds of the state, which shall be kept in said "bond fund" and may be used to redeem said district bonds whenever the holders thereof may desire.

Bids for construction of works.

§ 48. After the adoption of a plan of works and providing funds for the construction of the same, and securing the necessary rights of way as in this act provided, the board

of directors shall give notice by publication thereof not less than twenty days in one newspaper published in each of the counties composing the district (provided, a newspaper is published therein) and in such other newspapers as they may deem advisable, calling for bids for the construction of such work, or of any portion thereof; if less than the whole work is advertised, then the portion so advertised must be particularly described in such notice. Said notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposals, which, at the time and place appointed shall be opened in public; and as soon as convenient thereafter the board shall let said work, whether in portions or as a whole, to the lowest responsible bidder; or they may reject any and all bids and readvertise for proposals, or may proceed to construct the work under their own superintendence. Contracts for the purchase of material shall be awarded to the lowest responsible bidder. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said district for its use for fifty per cent of the amount of the contract price, conditioned for the faithful performance of said contract. The work shall be done under the direction and to the satisfaction of the engineer, and be approved by the board.

Warrants.

§ 49. No claim shall be paid by the treasurer until allowed by the board, and only upon a warrant signed by the president, and countersigned by the secretary.

Construction fund.

§ 50. The cost and expense of purchasing and acquiring property and constructing the works and improvements herein provided for, shall be wholly paid out of the construction fund.

Pay of directors.

§ 51. Each member of the board of directors shall receive three dollars per day and actual and necessary expenses for each day's attendance at the meetings of the board, and while engaged in official business under the order of the board.

Officers must not be interested in contracts.

§ 52. No director or any officer named in this act shall in any manner be interested, directly or indirectly in any contract awarded or to be awarded by the board, or in the profits to be derived therefrom; and for any violation of this provision, such officer shall be deemed guilty of a misdemeanor, and such conviction shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

Special assessments, elections for.

§ 53. The board of directors may at any time, when in their judgment it may be deemed advisable call a special election and submit to the qualified electors of the district the question, whether or not a special assessment shall be levied for the purpose or raising money to be applied to any of the purposes provided in this act. Such assessment may be payable in one or more equal annual installments as may be determined by the board of directors and specified in the notice of the election hereinafter provided. Such election must be called upon the notice prescribed and the same shall be held and the result thereof determined and declared in all respects in conformity with the provisions of section 26 of this act. The notice must specify the amount of money proposed to be raised and the purpose for which it is intended to be used. At such

election the ballots shall contain the words "Assessment—Yes" or "Assessment—No." If two-thirds or more of the votes cast are "Assessment—Yes," the board shall proceed in the manner hereinbefore prescribed for raising the annual funds by taxation. When collected, the money shall be paid into the district treasury for the purposes specified in the notice of such special election.

Limit of debt.

§ 54. The board of directors shall have no power to incur any debt or liability whatever either by issuing bonds or otherwise, in excess of the express provisions of this act; and any debt or liability incurred in excess of such express provisions shall be and remain absolutely void; except for the purposes of organization, or for any of the purposes of this act, the board of directors may, before the collection of the first assessment, incur an indebtedness not exceeding in the aggregate the sum of five thousand dollars, and may cause warrants of the district to issue therefor, bearing interest at the rate of not to exceed seven per cent per annum.

Tax exemption.

§ 55. The rights of way and works belonging to any protection district organized under this act shall not be taxed for state and county or municipal purposes.

Suit to determine validity of bonds.

§ 56. The board of directors shall within thirty days after the issue of any bonds in this act provided for bring an action in the superior court of the county wherein is located the office of such board, to determine the validity of any such bonds. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some newspaper of general circulation in said district and published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within thirty days after the full publication of such summons in the manner herein provided. Any one interested may, at any time before the expiration of said thirty days, appear, and by proper proceedings contest the validity of such bonds, and may in the same action or proceeding contest the validity of any bonds, coupons, or other evidences of indebtedness referred to in the petition for funding and proposed to be funded, and if any such bonds, coupons, or evidences of indebtedness be shown to be invalid, then the same shall only be funded for the amount of such proportion thereof as equals the fair and reasonable value of whatever the district may have received in consideration therefor, together with the unpaid interest thereon, and the amount of such proportion shall be determined and adjudicated by the court in said action or proceeding. Said action shall be speedily tried and judgment rendered declaring such bonds so contested either valid or invalid. Either party shall have the right to appeal from such judgment.

Same.

§ 57. If no such proceeding shall have been taken by the board of directors, then at any time after thirty days and within ninety days after the issue of any bonds under the provisions of this act, any district assessment payer may bring an action in the superior court of the county wherein the office of the board of directors is located, to determine the validity of any such bonds. The board of directors shall be made parties defendant and service of summons shall be made on the members of the board personally, if they can be found within the state; if not, then by publication for three weeks in some newspaper of general circulation in said district and published in the county wherein the office of the board of directors is located, such newspaper to be designated by the court having jurisdiction. Before such publication can be had, an affidavit, in the usual form shall be made, showing such facts. Said board shall have the right to

appear and contest such action. Notice of said action shall be given by publication of summons therein in the same manner and for the same time as required in the preceding section hereof in actions brought by the publication of such summons in the manner herein provided. Any district assessment payer or any one interested may appear and defend said action, and thereafter the same proceedings shall be had in such action as are hereinbefore provided for in the preceding section hereof in actions brought by the board of directors, and the same matters determined and adjudicated by the court therein. Such action shall be speedily tried, with the right of appeal to either party.

Proceedings.

§ 58. At the hearing of such proceedings the court shall hear and determine the sufficiency of all proceedings.

Actions consolidated.

§ 59. If more than one action shall be pending at the same time concerning similar contests in this act provided for, they shall be consolidated and tried together.

Rules of pleadings.

§ 60. The court hearing any of the contests herein provided for, in inquiring into the regularity, legality, or correctness of such proceedings, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to all actions or proceedings herein provided for. The costs of any hearing or contest herein provided for may be allowed and apportioned between the parties or attached to the losing party, in the discretion of the court.

Contest.

§ 61. No contest of any matter or thing herein provided for shall be made other than within the time and manner herein specified.

Boundaries may be changed.

§ 62. The boundaries of any protection district now organized or hereafter organized under the provisions of this act, may be changed, and tracts of land which were included within the boundaries of such district at or after its organization under the provisions of this act, may be excluded therefrom, in the manner herein prescribed; but neither such change of the boundaries of the districts nor such exclusion of lands from the district shall impair or affect its organization, or its right in or to property, or any of its rights or privileges of whatever kind or nature; nor shall it affect, impair, or discharge any contract, obligation, lien, or charge for or upon which said district was or may become liable or chargeable, had said change of its boundaries not been made, or had not such land been excluded from the district.

Petition for exclusion from district.

§ 63. The owner or owners in fee of one or more tracts of land which constitute a portion of a protection district, may, jointly or severally, file with the board of directors of the district a petition, praying that such tract or tracts, and any other tracts contiguous thereto, may be excluded and taken from said district. The petition shall state the grounds and reasons upon which it is claimed that such lands should be excluded, and shall describe the boundaries thereof, and also the lands of such petitioner, or petitioners which are included within such boundaries; but the description of such lands need not be more particular or certain than is required when the lands are entered in the assessment-book by the county assessor. Such petition must be

acknowledged in the same manner and form as is required in the case of a conveyance of land, and the acknowledgment shall have the same force and effect as evidence as the acknowledgment of such a conveyance.

Notice of petition. What notice shall state.

§ 64. The secretary of the board of directors shall cause a notice of the filing of such petition to be published for at least two weeks in some newspaper of general circulation in the district and published in the county where the office of the board of directors is situated, and if any portion of such territory to be excluded lie within another county or counties, then said notice shall be so published in a newspaper published within each of said counties; or, if no newspaper be published therein, then by posting such notice for the same time in at least three public places in said district, and in case of the posting of said notices, one of said notices must be so posted on the lands proposed to be excluded. The notice shall state the filing of such petition, the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition; and it shall notify all persons interested in, or who may be affected by such change of the boundaries of the district, to appear at the office of said board at a time named in said notice, and show cause, in writing, if any they have, why the change of the boundaries of said district, as proposed in said petition, should not be made. The time to be specified in the notice at which they shall be required to show cause shall be at the regular meeting of the board next after the expiration of the time for the publication of the notice.

Hearing of petition. Expenses of hearing.

§ 65. The board of directors, at the time and place mentioned in the notice, or at the time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition, and all evidence of proofs that may or shall be introduced by or on behalf of the petitioner or petitioners, and all objections to such petition that may or shall be presented in writing by any person showing cause as aforesaid, and all evidence and proofs that may be introduced in support of such objections. Such evidence shall be taken down, in shorthand, and a record made thereof and filed with the board. The failure of any person interested in said district, other than the holders of bonds thereof outstanding at the time of the filing of said petition with said board, to show cause, in writing, why the tract or tracts of land mentioned in said petition should not be excluded from said district, shall be deemed and taken as an assent by him to the exclusion of such tract or tracts of land, or any part thereof, from said district; and the filing of such petition with said board, as aforesaid, shall be deemed and taken as an assent by each and all of such petitioners to the exclusion from such district of the lands mentioned in the petition, or any part thereof. The expenses of giving said notice and of the aforesaid proceedings shall be paid by the person or persons filing such petition.

Board may grant or deny petition to exclude.

§ 66. If upon the hearing of any such petition, no evidence or proofs in support thereof be introduced, or, if the evidence fail to sustain said petition, or if the board deem it not for the best interests of the district, that the lands, or some portion thereof, mentioned in the petition, should be excluded from the district, the board shall order that said petition be denied as to such lands; but if the said board deem it for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, and if no person interested in the district show cause in writing why the said lands, or some portion thereof, should not be excluded from the district, or if, having shown cause, withdraws the same, or upon the hearing fails to establish such objections as he may have made, then it shall be the duty of the board

to, and it shall forthwith, make an order that the lands mentioned and described in the petition, or some defined portion thereof, be excluded from said district.

Holders of bonds may consent to exclusion. Assent, how given.

§ 67. If there be outstanding bonds of the district at the time of the filing of said petition, the holders of such outstanding bonds may give their assent, in writing, to the effect that they severally consent that the lands mentioned in the petition, or such portion thereof as may be excluded from said district by order of said board, may be excluded from the district; and if said lands, or any portion thereof, be thereafter excluded from the district, the lands so excluded shall be released from the lien of such outstanding bonds. The assent must be acknowledged by the several holders of such bonds in the same manner and form as is required in case of a conveyance of land, and the acknowledgment shall have the same force and effect as evidence as the acknowledgment of such conveyance. The assent shall be filed with the board, and must be recorded in the minutes of the board; and said minutes, or a copy thereof, certified by the secretary of said board, shall be admissible in evidence, with the same effect as the said assent, and such certified copy thereof may be recorded in the office of the county recorder of the county wherein said lands are situated.

Minutes of board to be recorded.

§ 68. In the event the said board of directors shall exclude any lands from said district upon petition therefor, it shall be the duty of the board of directors to make an entry in the minutes of the board, describing the boundaries of the district, should the exclusion of said lands from said district change the boundaries of said district, and for that purpose the board may cause a survey to be made of such portions of the district as the board may deem necessary; and a certified copy of the entry in the minutes of the board excluding any land, certified by the president and secretary of the board, shall be filed for record in the recorder's office of each county within which are situated any of the lands of the district; but said district, notwithstanding such exclusion, shall be and remain a protection district as fully to every intent and purpose as it would be had no change been made in the boundaries of the district, or had the lands excluded therefrom never constituted a portion of the district.

Office of director becomes vacant, when.

§ 69. If the lands excluded from any district under this act shall embrace the greater portion of any division or divisions of such district, then the office of director for such division or divisions shall become and be vacant at the expiration of ten days from the final order of the board excluding said lands; and such vacancy or vacancies shall be filled by appointment by the remainder of the board from the district at large. A director appointed as above provided, shall hold his office until the next regular election for said district, and until his successor is elected and qualified.

Election of directors. Election precincts.

§ 70. At least thirty days before the next general election of such district, the board of directors thereof shall make an order dividing said district into three or five divisions, as the case may require, as nearly equal in size as may be practicable, which shall be numbered first, second, third, and so on, and one director shall be elected by each division. For the purposes of elections in such district, the said board of directors must establish a convenient number of election precincts, and define the boundaries thereof, which said precincts may be changed from time to time, as the board of directors may deem necessary.

Guardians and executors may sign petitions.

§ 71. A guardian, an executor, or an administrator of an estate, who is appointed as such under the laws of this state, and who as such guardian, executor, or admin-

istrator, is entitled to the possession of the lands belonging to the estate which he represents, may on behalf of his ward, or the estate which he represents, upon being thereto properly authorized by the proper court, sign and acknowledge the petition in section 63 of this act mentioned, and may show cause, as herein provided, why the boundaries of the district should not be changed.

Excluded lands not released from bonded debt, when.

§ 72. Nothing herein provided shall, in any manner, operate to release any of the lands so excluded from the district from any obligation to pay, or any lien thereon, of any valid outstanding bonds or other indebtedness of said district at the time of the filing of said petition for the exclusion of said lands, but upon the contrary, said lands shall be held subject to said lien, and answerable and chargeable for and with the payment and discharge of all of said outstanding obligations at the time of the filing of the petition for the exclusion of said land, as fully as though said petition for such exclusion were never filed and said order of exclusion never made; and for the purpose of discharging such outstanding indebtedness, said lands so excluded shall be deemed and considered as part of said protection district the same as though said petition for its exclusion had never been filed or said order of exclusion never made; and all provisions which may have been resorted to to compel the payment by said land of its quota or portion of said outstanding obligations, had said exclusion never been accomplished, may, notwithstanding said exclusion, be resorted to to compel and enforce the payment on the part of said land of its quota and portion of said outstanding obligations of said protection district for which it is liable, as herein provided. But said land so excluded shall not be held answerable or chargeable for any obligation of any nature or kind whatever, incurred after the filing with the board of directors of said district of the petition for the exclusion of said lands from the said district; provided, that the provisions of this section shall not apply to any outstanding bonds, the holders of which have assented to the exclusion of such lands from said district, as hereinbefore provided.

Change of boundaries does not impair contracts.

§ 73. The boundaries of any protection district now organized or hereafter organized under the provisions of this act may be changed in the manner herein prescribed, but such change of the boundaries of the district shall not impair or affect its organization, or its rights in or to property, or any of its rights or privileges of whatsoever kind or nature; nor shall it affect, impair, or discharge any contract, obligation, lien or charge for, or upon which it was or might become liable or chargeable, had such change of its boundaries not been made.

Petition to include other lands.

§ 74. The owners of one-half or more of any body of lands adjacent to the boundary of a protection district, which are contiguous and which taken together, constitute one tract of land, may file with the board of directors of said district a petition, in writing, praying that the boundaries of said district may be so changed as to include therein said lands. The petition shall describe the boundaries of said parcel or tract of land, and shall also describe the boundaries of the several parcels owned by the petitioners, if the petitioners be the owners, respectively, of distinct parcels, but such descriptions need not be more particular than they are required to be when such lands are entered by the county assessor in the assessment-book. Such petition must contain the assent of the petitioners to the inclusion within said district of the parcels or tracts of land described in the petition, and of which said petition alleges they are, respectively, the owners; and it must be acknowledged in the same manner that conveyances of land are required to be acknowledged.

Notice of filing of petition.

§ 75. The secretary of the board of directors shall cause a notice of the filing of such petition to be given and published in the same manner and for the same time that notices of special elections for the issue of bonds are required by this act to be published. The notice shall state the filing of such petition and the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition; and it shall notify all persons interested in, or that may be affected by such change of the boundaries of the district, to appear, at the office of said board, at a time named in said notice, and show cause in writing, if any they have, why the change in the boundaries of said district, as proposed in the said petition, should not be made. The time to be specified in the notice at which they shall be required to show cause shall be the regular meeting of the board next after the expiration of the time for the publication of the notice. The petitioners shall advance to the secretary sufficient money to pay the estimated costs of all proceedings arising from such petition.

Hearing of petition. Failure to show cause.

§ 76. The board of directors, at the time and place mentioned in the said notice, or at such other time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition and all the objections thereto, presented in writing by any person showing cause as aforesaid why said proposed change of the boundaries of the district should not be made. The failure by any person interested in said district, or in the matter of the proposed change of its boundaries, to show cause, in writing, as aforesaid, shall be deemed and taken as an assent on his part to a change of the boundaries of the district as prayed for in said petition, or to such a change thereof as will include a part of said lands. And the filing of such petition with said board, as aforesaid, shall be deemed and taken as an assent on the part of each and all of such petitioners to such a change of the boundaries that they may include the whole or any portion of the lands described in said petition.

Condition precedent to granting petition.

§ 77. The board of directors to whom such petition is presented, may require, as a condition precedent to the granting of the same, that the petitioners shall severally pay to such district such respective sums, as nearly as the same can be estimated (the several amounts to be determined by the board), as such petitioners or their grantors would have been required to pay to such district as assessments, had such lands been included in such district at the time the same was originally formed.

Board may accept or reject petition.

§ 78. The board of directors, if they deem it not for the best interests of the district that a change of its boundaries be so made as to include therein the lands mentioned in the petition, shall order that the petition be rejected. But if they deem it for the best interests of the district that the boundaries of said district be changed and if no person interested in said district or the proposed change of its boundaries shows cause, in writing, why the proposed change should not be made, or if, having shown cause, withdraws the same, the board may order that the boundaries of the district be so changed as to include therein the lands mentioned in said petition or some part thereof. The order shall describe the boundaries as changed, and shall also describe the entire boundaries of the district as they will be after the change thereof as aforesaid is made; and for that purpose the board may cause a survey to be made of such portions of such boundary as is deemed necessary.

Resolution of change.

§ 79. If any person interested in said district of the proposed change of its boundaries, shall show cause as aforesaid why such boundaries should not be changed, and

shall not withdraw the same, and if the board of directors deem it for the best interests of the district that the boundaries thereof be so changed as to include therein the lands mentioned in the petition, or some part thereof, the board shall adopt a resolution to that effect. The resolution shall describe the exterior boundaries of the lands which the board are of the opinion should be included within the boundaries of the district when changed.

Election. Ballots.

§ 80. Upon the adoption of the resolution mentioned in the last preceding section, the board shall order that an election be held within said district, to determine whether the boundaries of the district shall be changed as mentioned in said resolution; and shall fix the time at which such election shall be held, and cause notice thereof to be given and published. Such notice shall be given and published, and such election shall be held and conducted, the returns thereof shall be made and canvassed, and the result of the election ascertained and declared, and all things pertaining thereto conducted in the manner prescribed by this act in case of a special election to determine whether bonds of a protection district shall be issued. The ballots cast at said election shall contain the words "For change of boundary" or "Against change of boundary," or words equivalent thereto. The notice of election shall describe the proposed change of the boundaries in such manner and terms that it can readily be traced.

Result of election.

§ 81. If at such election a majority of all the votes cast at said election shall be against such change of the boundaries of the district, the board shall order that said petition be denied, and shall proceed no further in that matter. But if a majority of such votes be in favor of such change of the boundaries of the district, the board shall thereupon order that the boundaries be changed in accordance with said resolution adopted by the board. The said order shall describe the entire boundaries of said district, and for that purpose the board may cause a survey of such portions thereof to be made as the board may deem necessary.

Order of change to be recorded.

§ 82. Upon a change of the boundaries of a district being made, a copy of the order of the board of directors ordering such change, certified by the president and secretary of the board, shall be filed for record in the recorder's office of each county within which are situated any of the lands of the district, and thereupon the district shall be and remain a protection district, as fully, and to every intent and purpose, as if the lands which are included in the district by the change of the boundaries, as aforesaid, had been included therein at the original organization of the district.

Petition to be recorded in minutes.

§ 83. Upon the filing of the copies of the order, as in the last preceding section mentioned, the secretary shall record in the minutes of the board the petition aforesaid; and the said minutes, or a certified copy thereof, shall be admissible in evidence with the same effect as the petition.

Guardians and executors may sign.

§ 84. A guardian, an executor or an administrator of an estate, who is appointed as such under the laws of this state, and who, as such guardian, executor or administrator, is entitled to the possession of the lands belonging to the estate which he represents, may, on behalf of his ward, or the estate which he represents, upon being thereunto authorized by the proper court, sign and acknowledge the petition in section 74 of this act mentioned, and may show cause why the boundaries of the district should not be changed.

Precinct redivision.

§ 85. In case of the inclusion of any land within any district by proceedings under this act, the board of directors must, at least thirty days prior to the next succeeding general election, make an order redividing such district, into three or five precincts, as the case may require, as nearly equal in size as may be practicable, which shall be numbered first, second, third and so on, and one director shall thereafter be elected by each precinct.

Reduction of bonded indebtedness.

§ 86. Whenever the board of directors of a protection district heretofore organized, or hereafter organized under the provisions of this act, shall determine the authorized bonded indebtedness of such protection district is greater than such district is liable to need to complete its system as planned, and there be no outstanding bonds, the board of directors may call a special election for the purpose of voting upon a proposition to reduce such bonded indebtedness to such sum as the board may determine to be sufficient for such purpose.

Notice of election therefor. Ballots.

§ 87. Notice of the said election shall be given in the same manner as provided in this act, in relation to calling special elections for issuance of bonds. The notice of election must state the amount of the authorized bonded indebtedness of such district, and the amount to which it is proposed to reduce the same; also, the date on which said election will be held, and the polling-places, as established by said board of directors. The ballots cast at said election shall contain the words, "For reducing bonds—Yes," or "For reducing bonds—No." When the vote in canvassed by the board of directors and entered of record, if a majority of the votes cast shall be "For reducing bonds—Yes," then in that event the board of directors shall only be empowered to issue or sell the amount of bonds as was stipulated in the said notice of such special election; but if a majority of said votes are not "For reducing bonds—Yes," then the authority to issue bonds shall remain the same as before said special election was held.

Assent to reduction of debt, manner of.

§ 88. In case there be outstanding bonds of any district desiring to take advantage of the provisions of section 86 and 87 of this act concerning reduction of bonded indebtedness, the assent of such bondholders may be obtained for such reduction of the bonded indebtedness, in the same manner as provided in section 67 of this act. If such assent is obtained in the manner therein provided, then, and in that event, such district shall be empowered to take advantage of all the provisions of said sections of this act, but not otherwise. No reduction of the bonded indebtedness, as in this act provided, shall in any manner affect any order of court that may have been made, adjudicating and confirming the validity of said bonds.

Unsold bonds.

§ 89. Whenever there remains in the hands of the board of directors of any protection district organized under the provisions of this act, after the completion of its protection system, and the payment of all demands against such district, any bonds voted to be issued by said district, but not sold, and not necessary to be sold for the raising of funds, for the use of such district, said board of directors may call a special election for the purpose of voting upon a proposition to destroy said unsold bonds, or so many of them as may be deemed best, or may submit such proposition at a general election.

Notice of election for destruction of unsold bonds.

§ 90. Such election shall be held in the same manner as other elections held under the provisions of this act. A notice of such election shall be given in the same manner as provided in section 26 of this act in relation to calling special elections for the issuance of bonds. The notice of election must state the amount of the bonded indebtedness of such district authorized by the vote of the district, the amount of the bonds remaining unsold, and the amount proposed to be destroyed, and the date on which such election is proposed to be held, and the polling-places as fixed by the board of directors. The ballots to be cast at such election shall contain the words "For destroying bonds—Yes" and "For destroying bonds—No," and the voter must erase the word "No" in case he favors the destruction of bonds, otherwise the word "Yes."

Destruction of bonds.

§ 91. When the vote is canvassed by the board of directors and entered of record, if a two-thirds majority of the votes cast should be found to be in favor of the destruction of said bonds, then the president of the board, in the presence of a majority of the members of the board, must destroy the bonds so voted to be destroyed, and the total amount of bonds so destroyed and canceled shall be deducted from the sum authorized to be issued by the electors of said district, and no part thereof shall thereafter be reprinted or reissued.

Act not to repeal other acts.

§ 92. This act is not intended to supersede or repeal any other act for the organization of reclamation or protection districts, or for protection purposes, but is intended as an independent and alternative means of effecting the protection herein provided for where the provisions of this act are most applicable or desirable to the parties interested.

§ 93. This act shall take effect and be in force from and after its passage.

See the previous act, Act 3641.

STATE BUILDING ACT.

ACT 3657—An act to regulate contracts on behalf of the state in relation to the erection, construction, alteration, repair or improvement of any state structure, building, road, or other state improvement of any kind and to repeal an act entitled, "An act to regulate contracts on behalf of the state in relation to erections and buildings," approved March 23, 1876.

History: Approved March 22, 1909, Stats. 1909, p. 656. Amended (1) June 14, 1913, in effect August 10, 1913, Stats. 1913, p. 844; (2) June 14, 1913, in effect August 10, 1913, Stats. 1913, p. 854; (3) June 8, 1915, in effect August 8, 1915, Stats. 1915, p. 1306. Prior act of March 23, 1876, Stats. 1875-76, p. 427, repealed by the present act.

State work under charge of engineering department.

§ 1. Whenever provision is made by law for the erection, construction, alteration, repair or improvement of any state structure, building, road, or other state improvement of any kind excepting improvements on the property of the state on the water front of the city and county of San Francisco under the jurisdiction of the board of state harbor commissioners, the total cost of which will exceed the sum of one thousand dollars, the same shall be under the sole charge and direct control of the department of engineering. Said department, before entering into any contract for the erection, construction, alteration, repair or improvement of any state structure, building, road, or other state improvement of any kind, shall prepare full, complete and accurate plans and specifications and estimates of cost, giving such directions for the same as will enable any competent mechanic or other builder to carry them out. The plans, specifications and estimates of cost must be approved by the advisory board of the department of engineering and the original draft thereof filed permanently in the office of the department of engineering before further action is taken. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1306.]

This section was also amended June 14, 1913, Stats. 1913, p. 844.

Contract to lowest bidder. Registration of prospective bidders.

§ 2. Said department of engineering shall after the approval and filing of plans, specifications and estimates of cost, as in this act required, let such work by contract to the lowest responsible bidder or bidders upon public notice which shall be given as follows: Notice of such work must be published once a week for three consecutive weeks next preceding the day set for the receiving of bids in two trade papers of general circulation, one published in Los Angeles and one in San Francisco, devoted primarily to the dissemination of contract and building news among contracting and building material supply firms; provided, that if the work comes within the immediate supervision of the state engineer, in the record kept for that purpose the state engineer shall register any one desiring to be so registered for the purpose of becoming a prospective bidder upon state work, which registration shall be renewed on or before the beginning of each fiscal year, and whenever any state work is to be let by contract the state engineer shall cause a notice of the same to be mailed to each of the addresses so registered at least twenty-five days prior to the date set for the receiving of bids. In each case such notice must state the time and place for the receiving and opening of sealed bids and must also state that the bids will be required for the entire work and also, when advisable, for the performance of segregate parts of the entire work, such

segregation to be determined by the department of engineering and designated in such notice. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1307.]

This section was also amended June 14, 1913, Stats. 1913, p. 844.

Opening of bids, etc. Contracts submitted to attorney general. Work may be done by day labor.

§ 3. On the day named in said public notice the department of engineering shall proceed to publicly open said sealed bids, and shall award such contract or contracts to the lowest responsible bidder or bidders. All bids shall be presented under sealed cover and shall be accompanied by cash, a bidder's bond, or a certified check made payable to the state engineer, for an amount equal to at least ten per cent of the amount of said bid and no bid shall be considered unless such cash, bond or check is enclosed therewith. Should the successful bidder to whom the contract is awarded fail to execute the same, such cash, bond or check shall be forfeited to the state of California and the same shall be the property of the state. All other cash, bonds and certified checks shall within ten days after the date of the award of said contract, be returned to the unsuccessful bidders who submitted the same. Such contract or contracts shall not be binding on the state until they are submitted to the attorney general and by him found to be in accordance with the provisions of this act, and his certificate thereon to that effect made. If in the opinion of such department of engineering the acceptance of the lowest responsible bid or bids shall not be for the best interests of the state, it may be lawful for them to reject all bids and advertise for others in the manner aforesaid. But after the approval of the plans, specifications and estimates of costs by the advisory board of the department of engineering, if, in the opinion of such department of engineering the acceptance of any bid or bids shall not be for the best interests of the state, or if in the opinion of such department of engineering the acceptance of any further bids after the rejection of all bids submitted shall not be for the best interests of the state, it may be legal for them to direct that the erection, construction, alteration, repair, or improvement of any state structure, building, road, or other state improvement of any kind, except as provided in section one of this act, shall be done by day's labor, under the direction and control of the department of engineering. Upon the approval of the advisory board, the state engineer or other duly authorized officers of the department of engineering may, when proceeding upon the basis of day's labor, let any subdivision or unit of said work by contract upon informal bids. All contracts shall provide that such department of engineering may, as hereinafter provided, and on the conditions stated, make any change in the plans and specifications. Certified copies of such contracts shall be filed with the controller and the board of examiners. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1307.]

Change of plans after contract is let. Unit basis.

§ 4. After the contract or contracts are let no change shall be made to increase or diminish the cost of any contract in excess of five hundred dollars, except upon the approval of the advisory board of the department of engineering, and then only upon additional plans and specifications and estimates of cost being filed and approved, and amended contracts entered into and filed with the original contract. This section shall not be construed, in state road or highway work, to prevent the receipt of bids or the making of a contract upon a unit basis, that is, the bids compared upon the basis of the estimates of quantities of the work to be done, nor the increase or decrease of such quantities during the progress of the work by the department of engineering as may be deemed expedient by such department, nor the insertion of provisions in the contract for the performance of such extra work and the furnishing of such materials therefor by the contractor as may be required by such department for the proper completion or construction of the whole work contemplated; provided, that the bidders shall have had

equal opportunity of knowing what the terms proposed by the department of engineering for the performance of such extra work shall be. [Amendment of June 8, 1915. In effect August 8, 1915; Stats. 1915, p. 1308.]

No contract to exceed estimates.

§ 5. Except in unit basis contracts in state road or highway work, no contract or contracts shall be made exceeding in amount the estimates of costs approved by the advisory board of the department of engineering and no plans and specifications and estimates of cost including expense of advertising and inspection, shall be approved by said board requiring a greater expenditure of money than is appropriated for the specific purpose in the act authorizing the same. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1309.]

Payments upon contracts.

§ 6. Payments upon contract shall be made as the department of engineering may prescribe upon estimates made and approved by the said department and audited by the board of examiners, but no payment shall be made in excess of ninety per cent of the percentage of actual work completed, to which has been added one-half of the value of material delivered on the ground and unused. The department of engineering shall withhold not less than ten per cent of the contract price until final completion and acceptance of the work. The controller shall draw his warrants upon estimates so made and approved by the department of engineering and audited by the board of examiners and the state treasurer shall pay the same.

Injury to state a felony.

§ 7. Any member of the advisory board or person employed under the department of engineering who shall knowingly perform any official act to the injury of the state, or any contractor or his agent or employee who shall knowingly permit the violation of the contract of such contractor to the injury of the state, or any agent or employee of any contractor who shall have knowledge of any work being done in violation of contract and does not immediately notify the department of engineering or the inspector upon said work in regard to the same is guilty of a felony and, upon conviction thereof, shall be confined in the state prison for not less than one year nor more than five years, and be liable to the state for double the amount the state may have lost, or be liable to lose by reason thereof.

When contractor is negligent.

§ 8. Whenever, in the opinion of the department of engineering, the work under any contract made in pursuance of this act, is neglected by the contractor or contractors, or the same is not prosecuted with diligence and force specified or intended in and by the terms of the contract, it shall be lawful for such department of engineering to make a requisition upon such contractor or contractors for such additional specific force, or for such additional specific material, to be brought into the work under such contract, or to remove improper materials from the grounds; of which action of said department of engineering due notice in writing of not less than five days, shall be served upon such contractor, or his or their agent having charge of the work. Such written notice may be served by personally delivering such notice to such contractor, or his agent having charge of the work, or by registered mail directed to such contractor or agent (the period of five days to run from the date of registration in the United States postoffice), or when such contractor or his agent has left the state or his address is unknown, by posting such notice in a conspicuous place upon the premises of work. If such contractor or contractors fail to comply with such requisition within five days, it shall be lawful for said department of engineering to employ upon such work the additional force, or supply the materials so specifically required as aforesaid,

or such part of either as they may deem proper, and to remove improper materials from the grounds; and it shall be the duty of such department of engineering to make separate estimates of all such additional force or materials so employed or supplied as aforesaid, and the amount so estimated shall be charged against said contractor or contractors, and deducted from his or their next, or any subsequent, estimate; or the same, or any part thereof not paid as aforesaid, may be recovered by action from such contractor or contractors and their sureties. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1309.]

Time for completing work. Extensions of time. Bond covering hours of labor. No Chinese labor.

§ 9. In all contracts made under the provisions of this act, there shall be a provision in regard to the time when the whole, or any specified portion, of the work contemplated in said contract shall be completed, and also providing that for each and every day the same shall be delayed beyond such time or times so named, the said contractor or contractors shall forfeit and pay to the state a sum of money, to be fixed and determined in said contract, to be deducted from any payment or payments due, or to become due, to said contractor or contractors; provided, however, that the department of engineering may, in its discretion, grant such extensions of time as it may deem expedient and for the best interests of the state. Any such contract shall provide for the filing of a sufficient bond by the contractor to secure the payment of the claims of materialmen, mechanics, or laborers employed upon state work; a penalty of ten dollars per day to be forfeited to the state for each calendar day during which any laborer, workman or mechanic is employed or permitted to labor more than eight hours; a minimum compensation of not less than two dollars per day for labor; that no Chinese or Mongolian labor shall be employed and such other provisions as are now or may hereafter be provided by law. [Amendment of June 8, 1915. In effect August 8, 1915, Stats. 1915, p. 1309.]

Act of 1876 repealed.

§ 10. An act entitled "An act to regulate contracts on behalf of the state in relation to erections and buildings," approved March 23, 1876, and all acts amendatory thereto are hereby repealed, and all other acts or parts of acts in conflict with the provisions of this act are hereby repealed. Such repeal shall not affect, however, the operation of any other act heretofore passed, whether such act shall refer to the act hereby repealed or not, so as to exempt any public work from the provisions of this act.

Causes of action continued.

§ 11. All of the provisions of this act shall be so construed as to preserve and keep in full force and effect all causes of action and actions for penalties which have already accrued or may hereafter accrue under any contract, heretofore entered into, against any contractor or person under and by virtue of the provisions of said act entitled "An act to regulate contracts on behalf of the state in relation to erections and buildings," approved March 23, 1876, which is repealed by virtue of this act, and all such actions and causes of action may be prosecuted to final judgment and all such penalties may be imposed and collected under the provisions of said act so repealed to the same extent and in the same manner as though said act had not been repealed.

§ 12. This act shall take effect immediately.

1. **Scope of act.**—The state building act of 1909 gives the state engineering department charge of the construction of state buildings.—*Atkinson v. State Department of Engineering*, 165 Cal. 699, 133 Pac. 616.

2. **Estimates of cost required.**—Under

the act estimates of cost as to all work and materials to be included in the contract should be made, and estimates of the cost of omitted parts of the work should be deducted from the estimated cost of the entire work, and a contract is invalid

which exceeds the cost of the work covered thereby.—*Atkinson v. State Department of Engineering*, 165 Cal. 699, 133 Pac. 616.

3. Alternate schemes must be shown.—A notice for bids on the entire work according to plans and specifications, and on

portions of the work, but not showing the scheme of alternate bids based on the theory that portions of the work might be omitted, is insufficient.—*Atkinson v. State Department of Engineering*, 165 Cal. 699, 133 Pac. 616.

Bonds for state building in San Francisco. Interest. When payable. Signed by governor.

§ 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the commission for the construction, erection, equipment, completion and furnishing of a state building or buildings in the city and county of

San Francisco as provided in an act entitled "An act to provide for the construction, erection, equipment and furnishing of a building or buildings in the city and county of San Francisco and for the improvement of the grounds thereof for the use and occupancy of the officers and departments of the state government of the state of California located in said city and county of San Francisco, and repealing other acts in conflict herewith," the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare one thousand suitable bonds of the state of California in the denomination of one thousand dollars each, to be numbered from one to one thousand, inclusive, and to bear the date of the second day of July, 1915; the whole issue of said bonds shall not exceed the sum of one million dollars and the said bonds shall bear interest at the rate of four per cent per annum from the time of the issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value and they shall be payable at the office of the state treasurer at the times and in the manner following, to wit: The first twenty of said bonds shall be due and payable on the second day of July, 1916, and twenty of said bonds, in consecutive numerical order, shall be due and payable on the second day of July in each and every year thereafter until and including the second day of July, 1965. The state treasurer shall, on the second day of July, A. D. 1965, call in, cancel and destroy all bonds not theretofore sold and issued at the date of the maturity thereof. All bonds issued shall be signed by the governor and countersigned by the state controller and shall be indorsed by the state treasurer and the said bonds shall be so signed, countersigned and indorsed by the officers who are in office on the second day of July, 1915, and each shall have the seal of the state of California stamped thereon. Interest coupons.

§ 2. Interest coupons shall be attached to each of said bonds so that such coupons may be detached without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The cost of such publication shall be paid out of the general fund of the state on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury and must be by him kept in a separate fund to be known and designated as the "San Francisco state building fund" and must be used exclusively for the construction, erection, equipment, completion and furnishing of a state building or buildings in the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn and paid for other state work under the control of the said department of engineering.

§ 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco state building sinking fund" shall be and the same is hereby created as follows: The state treasurer shall, on the second day of January and on the second day of July, commencing on the second day of January, 1916, and thereafter on the second day of July and the second day of January of each and every year thereafter in which a portion of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said "San Francisco state building sinking fund" such an amount of the moneys appropriated by this act as may be required to pay the principal and interest of the bonds so becoming due and payable in such years. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

Payment of principal and interest.

§ 6. The principal on all of said bonds sold shall be paid at the time the same becomes due from the said San Francisco state building sinking fund and the interest on all bonds sold shall be paid at the time said interest becomes due from said sinking fund. Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of control and the faith of the state of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

Records and reports.

§ 7. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a com-

mittee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Act submitted to people.

§ 9. This act shall be submitted to the people of the state of California for their ratification at the next general election to be holden in the month of November, A. D. 1914, and all ballots at said election shall have printed thereon the words "For the San Francisco state building act" and in the same square, under said words, the following in brevier type: "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." In the square immediately below the square containing said words there shall be printed on said ballot the words "Against the San Francisco state building act" and immediately below said words "Against the San Francisco state building act," in brevier type, shall be printed "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." system, treatment plant and of such proposed addition to, modification or alteration of any of the plant, works, system or manner or place of discharge or disposal, such plans and general statement to be in such form and to cover such matters as the state board of health shall prescribe. Thereupon, a thorough investigation of the proposed or existing works, system and plant, and all circumstances and conditions by it deemed to be material, shall be made by the state board of health. As a part of such investigation, and after ten days' notice by mail to the petitioner, a hearing or hearings may be had before said board or an examiner appointed by it for the purpose. Petition denied when discharge would endanger public health. Appointment of person to take charge of plant. Temporary permit.

(a) If it shall determine as a fact that the substance being or to be discharged or deposited is such that under all the circumstances and conditions it may so contaminate or pollute such stream, river, lake, tributary or other waters or lands on which it may be discharged, deposited or caused to overflow, as to endanger the lives or health of human beings or animals, or to constitute a nuisance, or does or may constitute a menace to public health or a nuisance, or that under all the circumstances and conditions it is not necessary so to dispose of such substance, the state board of health shall deny the prayer of such petition; and shall order petitioner to make such changes as the state board of health shall deem proper for the purpose of this act. The state board of health may order the appointing of a competent person, to be approved by said board, and to be paid by said petitioner, who shall take charge of and operate such plant or system so as to secure the results demanded by the state board of health; and said board may order such repair, alteration or additions to the existing system, plant and works that the sewage or substance being or intended to be discharged or disposed of shall not contaminate or pollute streams or other water supplies, or endanger the lives, health or comfort of human beings or animals; and said board may order such changes of method, manner and place of disposal and the installation of such treatment works that streams and other water supplies will not be polluted or contaminated and the works and disposal shall not constitute a menace to health of human beings or animals, or a nuisance; which orders shall designate the period within which the desired changes are to be made; provided, however, that a temporary permit may be issued by the state board of health for said period to permit compliance with such order or orders.

Petition granted when discharge would not endanger public health. Permits revocable.

(b) If it shall determine, as a fact, that the substance being or to be discharged or deposited, is not such that under all the circumstances and conditions it will so contaminate or pollute such stream, river, lake, tributary or other waters, as to endanger the lives or health of human beings or animals, or to constitute a nuisance, and that under all the circumstances and conditions it is necessary so to dispose of such substance, it shall grant to petitioner a permit authorizing petitioner so to deposit or discharge or to continue to deposit or discharge such substance; provided, however, that such permit shall not be construed to permit any act forbidden by any provision of the laws of this state relative to the preservation or propagation of fish or game, or relative to the deposit of debris into the streams of the state, or relative to the obstruction of navigation; and provided, further, that all permits issued hereunder shall be revocable by said board at any time or subject to suspension if said board shall determine, as a fact, that the substance discharged or deposited by virtue thereof causes or may cause a contamination or pollution of waters or land that does or may endanger the lives or

health of human beings or animals, or does or may constitute a nuisance; and provided, also, that nothing contained in this act shall be construed as limiting or denying the power of any incorporated city, city and county, town or village to declare, prohibit and abate nuisances, or as limiting or denying the power of the state board of health to declare or abate nuisances.

Examinations by state board of health. Report on works, etc.

The state board of health and its inspectors shall at any and all times have full power and authority to and shall be permitted to, enter into and upon any and all places, enclosures and structures for the purpose of making, and to make, examinations and investigations to determine whether any provision of this act is being violated. Whenever any petitioner shall be granted any permit by said board and under the provisions of this act, such petitioner shall furnish to said board upon demand a complete report upon the condition and operation of the system, plant or works, which report shall be made by some competent person designated for the purpose by said board, and at the sole cost and expense of the holder of the permit.

All penalties are to be recovered by the state in civil action brought by the state of California and such penalties when collected shall be paid into the general fund of the state treasury.

Every officer, agent or employee of any county, city and county, city, town, village, district, community, institution, firm, corporation or person who shall violate or fail to comply with any of the provisions of section two or section three of this act or with the order or orders of the state board of health or any part thereof, or who aids or abets in any failure to observe and comply with any such provision, order, or part thereof, is guilty of a misdemeanor and is punishable by a fine not exceeding one thousand dollars or by imprisonment in the county jail not exceeding one year or by both such fine and imprisonment, for each offense. Rules in cases of quarantine.

§ 13. The following rules and requirements shall be strictly observed in all cases of quarantine subject, however, to such changes and modifications as the state board of health, or its secretary may otherwise require and direct.

Rule 1. Every county, city and county, city, or town board of health, or chief executive health officer thereof, upon receiving information of the existence of such diseases within its or his jurisdiction, must immediately quarantine each and every case of Asiatic cholera, yellow fever, typhus fever, plague, smallpox, scarlet fever, diphtheria, (and such other contagious or infectious diseases), as may from time to time be declared quarantinable, and in addition to their local rules and regulations shall follow all general and special rules, regulations, and orders of the state board of health, or its secretary.

Rule 2. In addition to the list of quarantinable diseases given in rule 1 of this section the following is a partial list of contagious, infectious and communicable diseases, all of which, though not required to be quarantined, must be properly reported in writing to the state board of health, or its secretary, by the said local health boards or chief executive health officers, viz.: chicken-pox, erysipelas, pneumonia, uncinariasis or hook-worm, epidemic cerebro-spinal meningitis, trachoma, whooping-cough, mumps, dengue, dysentery, tuberculosis, typhoid fever, tetanus, malaria, leprosy, measles, German measles, glanders and anthrax affecting human beings, rabies, pellagra, beri-beri, syphilis, gonococcus infection, and poliomyelitis, and any disease which appears to have become epidemic. The diseases last above enumerated, and such others as from time to time may be added thereto by the state board of health or its secretary, shall be quarantined whenever in the opinion of the state board of health or its secretary such action is necessary to protect the public health, and shall be isolated whenever in the opinion of the state board of health, its secretary, or the local board of health or health officer, isolation is necessary to protect the public health. This list can be changed at any time by the state board of health or its secretary.

Rule 4. When persons quarantined in a house, building, structure, tent, or other place have recovered from the disease for which the quarantine is established, or when the quarantine is for exposure to a contagious, infectious or communicable disease, and

the period of incubation designated has elapsed, the quarantine shall not be raised by order of the local board of health or local health officer until every exposed room, together with all bedding, clothing, and all other personal property contained therein, has been thoroughly disinfected, or if necessary, such personal property may be destroyed, by or under the direction of the health officer or his deputy; and until all persons quarantined shall have taken a thorough antiseptic bath and put on clothing free from contagion.

Rule 5. Whenever quarantine is established by any local board of health or health officer to prevent the spread of any contagious, infectious, or communicable disease, it shall be the duty of all persons to obey the rules, orders and regulations of such health board or health officer.

Such person so appointed by the local board of health, or chief executive officer, shall strictly require that all persons attending to the cows, dairy, sheds, milk cans, bottles, vessels, and milk utensils, shall not have access to the infected house, nor any communication with the persons who reside in such infected house, except with the permission and under the inspection of the local health officer.

Rule 8. Every person subject to quarantine, residing or being in a quarantined building, house, structure or tent, shall not go beyond the lot upon which such building, house, structure or tent is situated, nor put himself in immediate communication with any person not subject to quarantine, other than the health officer and physician. The local board of health or local chief executive health officer maintaining a quarantine shall appoint, or cause to be appointed, a suitable person to perform necessary outside services for the necessary wants of the person quarantined. Such person so appointed shall never enter the building, house, structure, or tent nor come in personal contact with any of the persons quarantined, but shall leave at the entrance of the building, house, structure or tent, or at such other place as may be designated by the health officer or deputy, all articles which he may have brought, and he shall strictly observe the orders of the local health officer. No embalming fluid or methods of embalming not approved by the state board of health shall be employed by any person in the case of death from contagious, infectious or communicable diseases, or in cases where the remains are to be transported or carried upon trains or vessels or other public conveyances for interment or cremation within this state or for transportation without the state.

Same.

§ 19. No person shall embalm a body of any person who has died from an unknown cause, except with the written permission of the local health officer.

Rules for transportation of dead.

§ 20. The following rules and requirements in cases of the transportation of the dead shall be strictly observed, subject, however, to such changes and modifications as the state board of health or its secretary may otherwise require and direct:

Rule 1. The transportation within the boundaries of the state of California, from any other state, territory, district, or islands of the United States, or from any foreign country, of remains or bodies dead from plague, Asiatic cholera, yellow fever, typhus fever, anthrax, or glanders, or the transportation of the same from this state to any part of the United States, or any foreign country, is absolutely prohibited.

No remains or bodies of those dead from any of said diseases shall be transported within this state to any place beyond a distance of twenty-five miles except by permission and under the direction of the state board of health or its secretary, and subject also to the conditions provided in rules 2, 5 and 6 of this section hereinafter set forth.

Rule 2. The bodies of persons dead of Asiatic cholera, yellow fever, diphtheria, membranous croup, scarlet fever (scarlatina, scarlet-rash), erysipelas, glanders, anthrax, or leprosy, shall not be accepted for transportation unless prepared for shipment by (a) arterial and cavity injection with a disinfecting fluid approved by the state board of health; (b) disinfection and stopping of all orifices with absorbent cotton, and (c) washing the body with a disinfectant; (d) such body shall be enveloped in a layer of dry cotton not less than one inch thick, completely wrapped in a sheet securely fastened,

and encased in an air-tight zinc, tin, copper, or lead-lined coffin or iron casket, all joints and seams hermetically sealed, and all inclosed in a strong, tight, wooden box; provided, that instead of such zinc, tin, copper or lead-lined coffin or iron casket, the body having been prepared for shipment by disinfecting and wrapping as above, may be placed in a strong coffin or casket, or tin-lined box, all joints and seams hermetically soldered.

In the shipment of bodies dead from any disease named in this rule, such body must not be accompanied by persons or articles which have been exposed to the infection of the disease, unless certified by the health officer to have been properly disinfected.

Rule 3. The bodies of those dead from typhoid fever, puerperal fever, tuberculosis, measles, or other contagious or infectious diseases not enumerated under rules 1 and 2 of this section, may be received for transportation when prepared for shipment by arterial and cavity injection with an approved disinfecting fluid, washing the exterior of the body with the same, and enveloping the entire body with a layer of cotton not less than one inch thick, and wrapped in a sheet securely fastened, and encased in an air-tight metallic coffin or casket or an air-tight metallic box; provided, that this shall apply only to bodies which can reach their destinations within thirty hours from the time of death.

Rule 4. The bodies of those dead from any cause not stated in rules 1, 2 and 3 of this section, may be received for transportation when encased in a sound coffin or casket and inclosed in a strong outside wooden box; provided, they can reach their destination within thirty hours from the time of death. If the body cannot reach its destination within thirty hours from the time of death, it must be prepared for shipment by arterial and cavity injection with an approved disinfecting fluid, washing the exterior of the body with the same, and enveloping the entire body with a layer of dry cotton not less than one inch thick, and wrapped in a sheet securely fastened, and encased in an air-tight metallic coffin or casket or an air-tight metal-lined box.

Rule 5. Every dead body must be accompanied by a transit permit showing physician's or coroner's certificate, and as far as obtainable, showing name of deceased, age, date, place and cause of death, and all other matters required by an act of the legislature of the state of California approved March 18, 1905, and entitled "An act for the registration of deaths, the issuance and registration of burial and disinterment permits, and the establishment of registration districts in counties, cities and counties, cities and incorporated towns, under the superintendence of the state bureau of vital statistics and prescribing the powers and duties of registrars, coroners, physicians, undertakers, sextons, and other persons in relation to such registration, and fixing penalties for the violation of this act."

Said transit permit shall indicate the place to which the body is to be transported and the name of the consignee or person to whom it is to be delivered, and shall include the registrar's or health officer's permit showing whether death resulted from a communicable or noncommunicable disease, and also the undertaker's certificate, showing the manner in which the body had been prepared for shipment.

The transit permit must be made in triplicate, and the signatures of physician or coroner, health officer, registrar, and undertaker must be upon the original and the duplicate and triplicate copies.

The physician's certificate and transit permit shall be delivered to the passenger or agent, if any, in charge of the body. The whole duplicate copy shall be sent to the officer in charge of the baggage department of the initial line and by him to be forwarded to the state board of health or other proper health authority of the state or territory, foreign country or place of destination, and the triplicate copy shall be transmitted to the secretary of the state board of health of California, at Sacramento.

Rule 6. When bodies are shipped by express, as described in rule 5 of this section, a transit permit must be made out in triplicate. The undertaker's certificate and paster of the original shall be detached from the transit permit and securely fastened in a conspicuous place on the coffin box. The physician's certificate and transit permit shall be attached to and accompany the express waybill covering the remains, and be delivered with the body at the point of destination to the person to whom it is consigned. The whole duplicate copy shall be sent by the forwarding express agent to the state board of health of the state from which said shipment was made, and the triplicate to the secretary of the state board of health of California, at Sacramento.

Rule 7. disinterred bodies or remains of persons who have died from any disease or cause shall be treated as infectious or dangerous to the public health, and shall not be accepted for transportation in or removed from this state unless said removal has been approved by the state board of health or its secretary. If the disinterment be in this state the consent of the health board or chief executive health officer of the locality where the body is to be reinterred shall be first obtained. No dead body shall be brought into this state without the approval of the health authorities of the state, territory, District of Columbia or foreign country from which such body shall be removed and no such body shall be received, transported, or buried in this state unless satisfactory evidence of compliance with the rules of the state board of health respecting the same shall be submitted to the secretary of the state board of health and his written consent obtained to such transportation, receipt or burial; and no disinterred body shall be shipped or transported from one place to another in this state without the written permission of the secretary of the state board of health and full compliance with the rules of this board respecting disinterment of bodies. And all such disinterred remains or the coffin or casket containing the same, must be wrapped in a woollen blanket thoroughly saturated with a 1-1000 solution of corrosive sublimate and inclosed in a hermetically soldered zinc, tin or copper-lined box. Bodies deposited in or taken from vaults shall be treated and considered the same as buried bodies.

The permission of the state board of health, or its secretary, shall not be required in cases of disinterment nor shall this rule be applicable where the remains are to be reinterred within the same city or town, or where such remains are to be reinterred in an adjoining county, city and county, city or town where the distance between the place of disinterment and the place where the remains are to be reinterred does not exceed thirty miles; provided, however, that the consent of the local health authorities shall be first obtained and all local health regulations strictly observed.

Penalty.

§ 21. Any person violating any of the provisions of this act, whether acting for himself, or as the agent or servant of another person, or of a firm, company or corporation, or as an officer, agent, employee or representative of any municipal corporation, or of the state, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than twenty-five nor more than five hundred dollars, or by imprisonment for a term of not more than ninety days, or by both such fine and imprisonment. Each day that in violation of any provision of this act shall continue, and each day that any thing forbidden by the terms hereof to be erected, constructed, maintained, operated or permitted, shall continue to exist, or be maintained, operated or permitted, shall constitute a separate offense. [Amendment approved April 1, 1911, Stats. 1911, p. 571.]

§ 22. This act shall take effect from its passage.

1. County ordinance not conflicting with act held valid.—A county ordinance imposing a fee for a permit to disinter a dead body, unless such body is to be reinterred in the same county, does not conflict with the public health act, and is not invalid.—*Ex parte Lee John*, 17 Cal. App. 58, 118 Pac. 722.

INTRODUCTION OF CONTAGIOUS DISEASES—ACT OF 1913.

ACT 3684—An act to prevent the introduction, and provide for the investigation and suppression of contagious or infectious diseases, and appropriating money to be used for such purpose.

History: Approved June 7, 1913, in effect immediately, Stats. 1913, p. 868. Amended May 18, 1917, in effect July 27, 1917, Stats. 1917, p. 671. Prior act of March 20, 1903, Stats. 1903, p. 255, with the same title, appropriating \$100,000 for the purpose indicated, was probably superseded, if any vitality remained, by the present act. The later act of May 18, 1915, Stats. 1915, p. 502, appropriated \$50,000 for the same purpose and provided for its expenditure under the terms of § 2 of the present act.

Appropriation: prevention of contagious and infectious diseases.

§ 1. The sum of one hundred thousand dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, to be expended by the state board of health, under the direction of the governor, for the prevention of the introduction of Asiatic cholera, bubonic plague, smallpox or other contagious or infectious disease into this state, and for their investigation and suppression in case of their origin or introduction. The claims for such expenditures must be audited by the board of control, except that when, in the opinion of the governor, an emergency arises which demands or necessitates the immediate use of money for the purposes herein provided, the controller must draw his warrant in the name of the governor without such audit, on account of the sum hereby appropriated, upon the order of the governor, in such sums, from time to time, not exceeding one thousand dollars at any one time, as he may direct. In cases where sums are so drawn upon the order of the governor, without audit by the board of control, vouchers must be thereafter filed with the controller, showing the manner and the purposes for which such sums have been expended. Such portion of the sum provided by this section as may be deemed advisable by the state board of health and approved by the governor, may be used in accordance with the provisions of this section and section 2, provided that all expenditures connected there-

with shall be audited by the board of control and paid by the state treasurer upon warrants drawn by the controller, in accordance with the provisions of this section.

Service of such notice upon a trustee, executor or administrator of the estate of the recorded owner of said property shall be deemed sufficient notice to the owner as provided herein and in the event the owner is absent from the state or can not with due diligence be found, said notice shall be mailed to such owner addressed to his address given on the last completed assessment roll of the county, or city and county in which said property is situate, or if no address be so given, then to his last known address and a copy of said notice shall be posted in a conspicuous place upon said property for a period of ten days. In the event that said owner fails, refuses or neglects to proceed and continue as above provided, within ten days from date of receipt of said notice, the state board of health may proceed to destroy said rodents, insects or other vermin, and take other appropriate measures to prevent their return, and the cost thereof shall be repaid to the state board of health by the owner of said land, place, building, structure, wharf, pier, dock, vessel, water craft or other property; provided, however, that said owner shall not be liable for expenditures in any one year, in excess of ten per cent of the assessed valuation of such property, and the appropriation provided in section one of this act shall be reimbursed by the amount so paid, and may be again expended in a similar manner. [Amendment of May 18, 1917. In effect July 27, 1917, Stats. 1917, p. 671.]

Such claim of lien must be filed within six months after the first item of expenditure. An action to foreclose such lien shall be commenced within six months after the filing and recording of said notice of lien, which action shall be brought by the state board of health through its attorney and for its benefit; provided, however, that the lien provisions of this act shall not apply to the property of any county, city and county, municipality, district, or other public corporation, but it shall be the duty of the governing body of such county, city and county, municipality, district or other public corporation to repay the state board of health the amount expended by it upon such property under the provision of this act upon presentation by said state board of health of a verified claim or bill showing the amount of such expenditures.

Disposition of proceeds.

When the property is sold, enough of the proceeds to satisfy such lien and the costs of foreclosure shall be paid into the state treasury for the benefit of the fund herein

created and the overplus, if any there be, shall be paid to the owner of the property if known, and if not known, shall be paid into the court for the use of such owner when ascertained.

When it appears from the complaint in such action that the property on which such lien is to be foreclosed is likely to be removed from the jurisdiction of the court, the court may appoint a receiver to take possession of the property and hold the same while the action may be pending or until the defendant shall execute and file a bond, with sufficient sureties, conditioned for the payment of any judgment that may be received against him in the action and all costs. [Amendment of May 18, 1917. In effect July 27, 1917, Stats. 1917, p. 672.]

ACT 3692—An act providing for the dissemination of knowledge among the people of California as to the best means of preventing the spread of tuberculosis, and for investigation of its prevalence and making an appropriation therefor.

History: Approved May 1, 1911, Stats. 1911, p. 1350. Prior acts of March 21, 1907, Stats. 1907, p. 846, and March 15, 1909, Stats. 1909, p. 368, were probably superseded by the present act.

Board of health to investigate tuberculosis.

§ 1. It shall be the duty of the state board of health to cause special investigation of the prevalence of tuberculosis in California and the effects of localities, employments, conditions and circumstances on the health of those developing the disease, and to determine the best means for its eradication.

To publish printed matter.

§ 2. The state board of health shall publish, or procure and distribute free to the people of the state of California, printed matter, charts, pictures or models, or demonstrate to them in any practical way the prevalence of tuberculosis, the danger of infection therefrom and the means of prevention and cure.

Appropriation.

§ 3. The sum of five thousand dollars is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, for the purpose of this act, and the state controller is hereby directed to draw his warrant in favor of the state board of health for sums aggregating that amount, these claims having been audited by the state board of examiners, and the state treasurer is directed to pay the same.

§ 4. This act shall be in effect from its passage.

TREATMENT FOR TUBERCULOSIS.

ACT 3693—An act to provide for the medical treatment of indigent residents afflicted with incipient pulmonary tuberculosis; and to prescribe the duties of the state board of health and other public officials with relation thereto.

History: Approved April 14, 1909, Stats. 1909, p. 899.

Medical treatment of patients having tuberculosis. Contracts by institutions.

§ 1. Until such time as there shall be established by law in this state a state hospital for the medical treatment of persons afflicted with incipient pulmonary tuberculosis, the state board of health is hereby authorized and empowered to enter into appropriate contracts with the board of managers, or other executive head, of any institution which is now or may hereafter be established and maintained in this state for the express purpose of affording approved medical treatment to patients having incipient pulmonary tuberculosis, wherein there shall be made provision for the treatment at public expense of indigent residents of this state afflicted with such disease. In making such contracts, the board shall be guided by general considerations of public health and safety, together with the approved teachings of medical science touching upon the location, altitude and climatic conditions of the institutions offering to enter into such contracts. The board of managers, or other executive head, of each institution desiring to enter into such contracts and receive and treat patients, under the provisions of this act, must, in writing, apply to the secretary of the state board of health for an inspection and examination of such institution, and must give all such information concerning the location, climatic surroundings, methods of treatment or other details of management, as the board may require. Such information shall be given upon forms prepared for the purpose by the board of health, and shall be signed by the medical superintendent of such institution. In the event such institution, its management and methods of treatment be approved by the board of health, the board of managers, or other executive head thereof, shall, within ten days after receipt of notice of such approval, forward to the secretary of the board, a written offer in behalf of such institution to receive, medically treat, and otherwise care for, such patients as might be sent there under the provisions of this act, not exceeding a stated number in all, at a uniform charge, which shall in no case exceed one dollar per day for each of such patients; further agreeing in behalf of said institution to furnish to the secretary of the board, on forms prepared by him, all such reports as the state board of health may, from time to time, require, together with full and complete information concerning any new or important discoveries made in the methods of treating, checking, preventing, or curing said disease, and such recommendations regarding the same as may be deemed beneficial to the interest of the public. Upon receipt of such offer, the board may, if it so elects, proceed to enter into a contract with such institution for the maintenance and treatment therein of county patients, the form of which shall be approved by the attorney general prior to execution. Every institution entering into such a contract shall be required to give bonds in the sum of five thousand dollars, conditioned for the faithful performance of the obligations by it assumed in such contract. Upon the execution of the contract and the filing of the bond, the secretary of the state board of health shall certify to the clerk of the board of supervisors of each county in this state the name and location of such institution and such other details concerning the same as he may deem appropriate.

Counties may maintain indigent patients.

§ 2. Each county of this state is hereby given the privilege of maintaining in said institutions, at the expense of such county, such number of indigent patients as its board of supervisors may determine; provided, however, that the total number of such patients shall not exceed the aggregate capacity of the institutions making such contracts; and provided further, that no county shall be required to pay more than one dollar per day per patient for all medical and other services rendered such patient.

Applications for admission of patients. Examinations.

§ 3. Indigent persons who are afflicted with incipient pulmonary tuberculosis, and who have been residents of this state for not less than one year prior to making application therefor, may be admitted to any such institution selected as in section one hereof provided, and receive treatment therein at the expense of the county in which he or she resides, in the manner and upon the terms and conditions hereinafter prescribed. Any person desiring to receive such treatment must make written application therefor to the board of supervisors of the county in which he or she resides, stating the name, age, sex, place of residence, and such other data concerning the applicant as the state board of health may, from time to time, prescribe. Such application must be verified by the oath or affirmation of the applicant. If the board be satisfied as to the truth of such declarations, and if there be then a vacancy in the number of indigent patients to be supported by such county, the board shall require the applicant to submit to a proper bacteriological and clinical examination by the county physician, or, if there be none, by the county health officer, for the purpose of ascertaining whether or not the condition of the applicant is such as to afford a reasonable hope of cure by a course of treatment in one of such institutions. The state board of health shall make bacteriological examinations under this act whenever demanded by the county physician or county health officer. If, in the judgment of the medical officer making such examination, the applicant is afflicted with incipient pulmonary tuberculosis and there is a reasonable hope that such person may be cured, he shall so certify to the board, and the board may thereupon order that the applicant be maintained as a patient in one of the institutions named by the state board of health until cured, or until discharged as hereinafter provided. The necessary expense of transporting such patient to the institution selected shall be advanced and paid by the county.

Allowance of claims for maintenance.

§ 4. The medical superintendent of each institution in which there are maintained any patients under the provisions of this act shall, monthly, render to the board of supervisors of each county from which patients have been received an itemized claim, duly verified, showing the number of patients from such county so maintained in such institutions during the month last preceeding, or any part thereof, the name of each patient, and the amount due such institution. It shall be the duty of the board of supervisors to audit and allow such claim in the manner provided by law, and to order a warrant drawn for the amount thereof in favor of such institutions. It shall be the duty of the county auditor to draw such warrant, and of the county treasurer to pay the same.

Discharge of patients.

§ 5. If, in the judgment of the medical superintendent of any institution mentioned in this act, any patient has become cured of his disease, he shall discharge such patient and shall furnish him with transportation to the county seat of the county whence he came. The amount advanced for such transportation shall be included in the next monthly bill and shall be audited and paid as are the other items thereof. Or, if any patient be deemed hopelessly incurable, the superintendent shall report such fact to the secretary of the state board of health, and shall, subject to the approval of the secretary, discharge such patient and return him to the county whence he came, at the expense of such county, as hereinabove provided.

Tuberculosis declared to be infectious.

§ 6. Pulmonary tuberculosis is hereby declared to be an infectious and communicable disease, dangerous to the public health, and all proper expenditures which may be made by any county of this state, pursuant to the provisions of this act, are hereby declared

to be necessary for the preservation of the public health of the county, within the meaning of section forty-two hundred twenty-five of the Political Code.

Director. Duties.

§ 2. The state board of health shall appoint a director of the bureau, who shall be duly qualified and trained in public health work, whose salary shall be fixed by the board in an amount not to exceed three thousand dollars per annum, and such other employees as may be deemed necessary, and shall fix their compensation. The director and all employees of the bureau shall come within the jurisdiction of the civil service law. In addition to the administration of the bureau, under the supervision of the state board of health, it shall be the duty of the director, and he is hereby invested with full power, to inspect and investigate, and have access to all records and departments of all institutions, both public and private, where tuberculosis patients are treated. He shall prepare annually for each institution a report of its rating on sanitary construction, enforcement of sanitary measures, adequate provision for medical and nursing attendance, provision for proper food, and such other matters of administration as may be designated. Administration of the fund for the care of patients who are county charges in city, county, and city and county tuberculosis wards and hospitals and the tuberculosis wards and hospitals maintained by any group of counties shall be based upon his reports and under the rules and regulations of the board. The director and other employees of the bureau shall be allowed their actual and necessary traveling expenses incurred in the performance of their duties.

Compensation of cities, etc., maintaining tuberculosis wards. May receive pay patients.

§ 3. Every city, county, city and county, or group of counties is hereby authorized and empowered to establish and maintain a tuberculosis ward or hospital for the treatment of persons in the active stages of tuberculosis. Every city, county, city and county, or group of counties which establishes and maintains a tuberculosis ward or hospital shall receive from the state the sum of three dollars per week for each person suffering from tuberculosis, cared for therein at public expense who is unable to pay

for his support and who has no relative legally liable and financially able to pay for his support and who has been a bona fide resident of the city, county, city and county, or group of counties for one year; provided, that the city, county, city and county, or group of counties shall not become entitled to receive such state aid unless the tuberculosis ward or hospital conforms to the regulations of and is approved by the state bureau of tuberculosis. Said hospitals shall be allowed to receive pay patients. The medical superintendent of each hospital receiving state aid under this act shall render semiannually to the state bureau of tuberculosis a report under oath showing, for the period covered by the report, (1) the number of patients suffering from tuberculosis cared for therein at public expense, unable to pay therefor, and (2) the number of weeks of treatment of each such patient.

Delegates from group of counties.

Every group of counties desiring to establish and maintain a tuberculosis ward or hospital for the treatment of persons suffering from tuberculosis shall appoint, by its board of supervisors, one of its members as a delegate, who shall attend the general meetings of the delegates of each county in said group; the necessary expense incurred in attending such meetings shall be a county charge.

The body thus formed shall be called the hospital central committee. The said delegates from each county are authorized and empowered to enter into an agreement with the other counties for and on behalf of the county appointing them binding said county to the joint enterprise and apportioning the cost of constructing and establishing said hospital and also apportioning cost of maintaining same.

All sums found due from any county according to its agreement duly entered into shall be a debt against said county and may be collected in the manner provided by law by the said hospital central committee or in its behalf by the board of supervisors of any county in said groups in any county thereof, by action instituted and tried in the county in which said hospital is situated.

Building committee.

The hospital central committee shall have power to appoint a committee to supervise and superintend the construction of the building, approve the bills, and do the usual things required of a building committee.

Hospital central committee governing body.

The hospital central committee shall constitute the governing body of said hospital and shall have the same powers and duties in regard thereto that a board of supervisors has over the county hospital, and shall hold meetings to be governed, as provided by rules duly adopted by said committee for its government, which rules may provide for the addition of other counties to the group, and shall have power to appoint such committees as necessary and prescribe their duties.

Acquisition and disposal of land.

Any land required may be acquired or disposed of by the hospital central committee in such manner as it may be determined by a three-fourths vote of the members thereof; provided, that all counties comprising a group shall have had notice of the intention to acquire or dispose of the same. Title to land may be held in the name of the entire group or in any county composing the same as trustee for the use and benefit of all, as may be determined by said hospital central committee.

Each county to pay proportionate share.

Each county in said group is authorized, empowered, and directed to pay its proportionate share to the hospital central committee, of such amount as the said com-

mittee may designate, to constitute a cash revolving fund to carry on the usual work and expense of the hospital. Each month a statement of the expenses of said hospital shall be sent to the board of supervisors, of each county, together with a claim for its proportionate share of said expenses. Said amounts when collected shall be paid into said cash revolving fund. [Amendment of May 22, 1919. In effect July 22, 1919, Stats. 1919, p. 853.]

Appropriation.

§ 4. The sum of two hundred thousand dollars is hereby appropriated, in addition to any amounts heretofore appropriated, out of any money in the state treasury not otherwise appropriated, to be expended by the state board of health in carrying out the provisions of this act; provided, however, that not more than the sum of thirty thousand dollars shall be available for the purposes of said act other than the state aid therein provided. All claims against this appropriation shall be submitted for approval and audit to the state board of control, and shall be paid in accordance with law; provided, that there may be withdrawn from such appropriation with the permission of the state board of control and without at the time furnishing vouchers and itemized statements a sum not to exceed five hundred dollars. Said sum so drawn shall be used as a revolving fund where cash advances are necessary and at the close of each fiscal year or at any other time upon the demand of the board of control must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the board of control and the controller. [Amendment of May 22, 1919. In effect July 22, 1919, Stats. 1919, p. 824.]

History: Approved May 21, 1917, in effect July 27, 1917, Stats. 1917, p. 791.

Local health district may be organized.

§ 1. A local health district may be organized, incorporated and managed as herein provided, and may exercise the powers herein granted or necessarily implied. Such a district may include incorporated or unincorporated territory or both, in any one or more counties; provided, that the territory of the district consists of contiguous parcels and that the territory of no municipal corporation is divided.

Petition of voters. Publication.

§ 2. Whenever the formation of a local health district is desired, a petition, which may consist of any number of instruments, may be presented at a regular meeting of the board of supervisors of the county in which the proposed district or portion thereof is situated, signed by registered voters of each unit of the district equal in number to at least ten per cent of the number of votes cast in each unit respectively for the office of governor at the last preceding general election at which a governor was elected. For the purposes of this act all unincorporated territory in a proposed district and in one and the same county shall be regarded as an entirety and as a unit, and each incorporated city or town in a district shall likewise be regarded as a unit. If an incorporated city or town is included, the common council, board of trustees or other governing body thereof shall, by resolution duly authenticated, request the inclusion of the city or town in the proposed district. The petition shall set forth and describe the proposed boundaries of the district and shall pray that the same be created under the provisions of this act. Prior to the time at which the petition is to be presented, the text thereof shall be posted for thirty successive days in three public places in each incorporated city or town and unincorporated district; and a reference to said text shall be published along with the notice herein mentioned in this paragraph and the following paragraph for four successive publications in a daily, semiweekly or weekly newspaper of general circulation printed and published in each incorporated city or town included therein, and if there is no such newspaper published in the city or town, then the text of the petition shall be posted for the same length of time in three public places as herein specified. The text of the petition so posted and published by reference as herein mentioned shall have annexed thereto a notice stating the time and place of the meeting of the board of supervisors at which the same will be presented. When the petition is composed of more than one instrument, one copy only thereof need be published or posted as herein specified in the posting and publication of the text and notice. No more than five of the names attached to the petition need appear in such publication or posting, but the number of signers must be stated. At least one month prior to the

time at which the petition is to be presented, a copy of the text, notice and petition must be filed with the state board of health and board of supervisors of the county or counties.

Hearing. Boundaries.

With such publication there shall also be published, and if posted, there shall also be posted, a notice of the time of the meeting of the board when such petition will be presented and that all persons interested therein may then appear and be heard. At such time the board of supervisors shall hear the petition and those appearing thereon, and also all protests and objections to the same, and may adjourn such hearing from time to time, not exceeding two months in all. No defect in the contents of the petition or in the title to or form of the notice or signatures, or lack of signatures thereto, shall vitiate any proceedings thereon, provided such petition or petitions have a sufficient number of qualified signatures attached thereto. On the final hearing the board shall make such changes in the proposed boundaries as may be deemed advisable and shall define and establish such boundaries; provided, that if the board deems is proper to include therein any territory not included within the proposed boundaries, they shall first give notice of their intention so to do, in the same manner as required for notice of the initial hearing.

Testimony. Order establishing district. Certificate of incorporation.

§ 3. Upon the hearing of the petition the board of supervisors shall determine whether it complies with the provisions of this act and whether the public necessity or the welfare of the inhabitants of the proposed territory requires the formation of the district, and for that purpose must hear all competent and relevant testimony offered in support of or in opposition thereto. The findings of the board shall be final and conclusive against all persons except the state of California upon suit commenced by the attorney general. If it appears to the board that the petition complies with the provisions of this act and that the public necessity or the welfare of the inhabitants requires the formation of the district, it shall by an order entered on its minutes so declare its findings, and shall further declare and order that the territory within the boundaries so fixed and determined be established as a local health district, under an appropriate name selected by the board, which name shall include the words "local health district." The county clerk shall immediately file a certified copy of the order with the secretary of state and with the county clerk of each county in which the district or any portion thereof is situated. Within ten days of such filing the secretary of state shall issue and deliver to the county clerk a certificate reciting that the local health district (naming it) has been duly incorporated under the laws of the state of California. The county clerk shall deliver this certificate to the board of trustees of the district at the first meeting of the board. From and after the date of the certificate of the secretary of state, the district named therein shall be deemed incorporated as a local health district with all the rights, privileges and powers set forth in this act and necessarily incident thereto.

Board of trustees. Number. Vacancy. Term.

§ 4. Within thirty days of the issuance by the secretary of state of the certificate of incorporation of the district, a board of trustees for the district shall be appointed. The board shall consist of one trustee to be appointed from each unit in the case of unincorporated territory by the board of supervisors, and in the case of an incorporated city or town, by the local governing body thereof; provided, that if the board of trustees thereby created consists of less than five members, then the board of supervisors shall appoint from the district at large enough additional members to make a board of five trustees, if the unit of the district at large is within one county; and if there are several units of the district at large in more than one county, then by the board of supervisors of the

The governing board of the district shall be called "the board of trustees of local health district" (inserting the name of the particular district). The trustees shall hold office for the term of two years from and after the second day of the calendar year next succeeding their appointment; provided, however, that the first board of trustees appointed in a district shall at their first meeting so classify themselves by lot that one-half of their number, if the total membership is an even number, and if uneven, then that a bare majority of their number, shall go out of office at the expiration of one year, and the remainder at the expiration of two years from the second day of the calendar year next succeeding their appointment.

The board shall provide for the time and place of holding its regular meetings and the manner of calling the same and shall establish rules for its proceedings and may adopt such rules and regulations not inconsistent with law as may be necessary for the exercise of the powers conferred and the performance of the duties imposed upon the board. Special meetings may be called by three trustees and notice of the holding thereof shall be mailed to each member at least forty-eight hours before the meeting. (10) To exercise all other needful powers for the preservation of the health of the inhabitants of the district, whether such powers are herein expressly enumerated or not;

(11) This grant of power is to be liberally construed for the purpose of securing the well-being of the inhabitants of the district.

§ 8. The health officer shall be recognized as the administrative head of the district and, except as herein otherwise prescribed, shall exercise the powers granted to and vested in the district; provided, that he may not purchase property or incur expenditures without the approval or ratification of the board of trustees.

Estimate of amount needed. Levy of tax. Apportioned among counties.

§ 9. Annually, at least fifteen days before the first day of the month in which county taxes are levied, the board of trustees of each local health district shall furnish to the board of supervisors of the county in which the district or any part thereof is situated an estimate in writing of the amount of money necessary for all purposes required under the provisions of this act during the next ensuing fiscal year. Thereupon it shall be the duty of the board of supervisors to levy a special tax upon all taxable property of the county lying within the district sufficient in amount to maintain the district. The tax shall in no case exceed the rate of fifteen cents on each one hundred dollars of the assessed valuation of all taxable property within the district, but it may be in addition to all other taxes allowed by law to be levied upon such property. The tax shall be computed, entered upon the tax rolls and collected in the same manner as county taxes are computed, entered and collected. All moneys so collected shall be paid into the county treasury to the credit of the particular local health district fund and shall be paid out of the order of the district board signed by the president and secretary

If the district embraces territory lying in more than one county, the amount estimated shall be ratably apportioned among the several counties in the district in proportion to the assessed value of the property in the several counties included within said district as shown upon the last assessment rolls of the said counties, and the estimate apportioned to the several counties shall be rendered to their respective boards of supervisors and the tax shall be levied and collected by the officials of each county upon the property of the district lying therein.

Any territory, incorporated or unincorporated, lying adjacent and contiguous to a local health district, may be added and annexed to such district at any time upon proceedings being had and taken as in this act prescribed; provided, that in such annexation the territory of no municipal corporation may be divided. The board of trustees of such district, upon receiving a written petition therefor containing a description of the new territory sought to be annexed to such district, signed by the owners comprising more than one-half of the assessed value of such territory as shown by the last county assessment roll, must thereupon submit to the electors of the district and also to the electors residing in the territory sought to be annexed, the proposition of whether such proposed territory shall be annexed and added to such district. The proposition to be submitted to the electors at such election, both within said district and within said territory so proposed to be annexed, shall be as follows: "For annexation," or "Against annexation," or words equivalent thereto. Such election must be called and held, and notice thereof shall be published for at least four weeks prior to such election in a newspaper printed and published in such district, and also in a newspaper printed and published in such territory so proposed to be annexed. The board of trustees shall canvass, separately, the votes cast within said district, and the votes cast within said territory so proposed to be annexed, and if it shall appear from such canvass that a majority of all the ballots cast in such district and a majority of all the ballots cast in such territory so proposed to be annexed are in favor of annexation, the board of trustees shall certify such fact to the secretary of state describing said property proposed to be annexed and upon receipt of such last mentioned certificate, the secretary of state shall thereupon issue his certificate reciting that the territory (describing the same) has been annexed and added to the local health district (naming it), and a copy of such certificate of the secretary of state shall be transmitted to and filed with the county clerk of each county in which such local health district or any portion thereof is situated. From and after the date of such certificate the territory named therein shall be deemed added and annexed to and shall form a part of said local health district, with all the rights, privileges and powers set forth in this act and necessarily incident thereto. If the property so proposed to be annexed includes a municipal corporation, consent to annexation shall first be obtained from the governing board thereof, and an authentic copy of the resolution or order of such board so consenting to such annexation shall be attached to the petition and be made a part thereof.

Dissolution of district.

§ 11. A district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by its board of trustees upon the question of dissolution and the proposition which shall be submitted to the electors at such election shall be as follows: "Shall the district be dissolved?" Such election must be called and held, and notice thereof shall be published for at least four weeks prior to such election in a newspaper printed and published in the district. If two-thirds of the votes at such election shall be in favor of the dissolution of the district, the board of trustees shall certify such fact to the secretary of state, and upon receipt of such

last-mentioned certificate, the secretary of state shall thereupon issue his certificate reciting that the local health district (naming it) has been dissolved, and a copy of such certificate of the secretary of state shall be transmitted to and filed with the county clerk of each county in which the district or any portion thereof is situated. From and after the date of such certificate the district named therein shall be deemed discontinued and the property of the district shall be ratably apportioned among the several municipalities included in the district and the county or counties in which the district or any portion thereof is situated, in proportion to the assessed value of the property included within said district as shown upon the last county assessment roll or rolls.

Conditions.

Whenever it appears that the territory of the proposed district is in more than one county, it is to be expressly understood in this act that the phrase "board of supervisors" shall include plural as well as singular and that the same procedure and law as herein set forth for the establishing of such local health district in a county only shall likewise apply to the adjoining county or counties whose territory or portion thereof is included in the proposed local health district, and that no district involving more than one county shall be formed without the concurrent consent of the respective board of supervisors of each of said counties, as well as the consent of the municipalities included therein, and that such district shall be officially incorporated under the laws of the state of California when the respective counties have fully complied with the laws herein specified, and when the secretary of state has received the respective certified copies of the orders of the counties and delivered to the respective county clerks within the time in this act specified his certificate reciting that the local health district has been duly incorporated under the laws of the state of California.

History: Approved May 1, 1911, Stats. 1911, p. 1408. This act was supplementary to the act of March 24, 1909, Stats. 1909, p. 680, amending §§ 3398, 3406, and 3407, repealing § 3410, and adding §§ 3406a, 3408a, 3408b, 3408c, 3408d, and 3408e, of the Political Code.

School sections withdrawn from sale.

§ 1. All sixteenth and thirty-sixth sections of school land, belonging to the state of California, and situated within the exterior boundaries of a military, Indian or forest reservation created by authority of the United States, or of a national forest, national park or national monument, or within the exterior boundaries of lands withdrawn from public entry, for forest purposes, are hereby withdrawn from sale by the state of California.

Applications null and void.

Any and all applications heretofore filed in the office of the surveyor general for any of the lands mentioned in section 1 of this act, or tendered or presented for filing, and upon which said application no certificates of purchase have been issued, are hereby declared to be null and void, and shall be canceled by the surveyor general, and the surveyor general is hereby prohibited from taking any further action on said applications other than canceling the same.

Does not prevent indemnity selection.

§ 3. Nothing in this act contained shall be construed as preventing the use of said sixteenth and thirty-sixth sections as bases for indemnity selections, as provided by law, and, likewise, nothing in this act contained shall be construed as a recognition that prior to the passage hereof the said sixteenth and thirty-sixth sections, in section 1 hereof referred to, have not heretofore been withdrawn from sale by the state.

Exchange for lands of United States.

Whenever he shall deem it to the advantage of the state so to do, he may, with the concurrence of the state board of control, exchange for lands of the United States of equal area, pursuant to law, any of said reserved lands in place, and the lands so acquired in exchange may be thereafter sold in the same manner and upon like conditions as to payment and interest as hereinabove set forth. Nothing herein contained shall be construed to affect the right of the surveyor general to use as bases for indemnity scrip, as provided in sections three thousand four hundred six a, three thousand four hundred eight b, three thousand four hundred eight c and three thousand four hundred eight d of the Political Code, any of said reserved lands not otherwise disposed of under the provisions of this act.

Purchase of land by settler.

§ 3. Whenever any person shall make actual settlement, in good faith, upon any such land, with intent to purchase the same pursuant to the provisions of an act entitled "An act providing for the sale of certain state lands suitable for cultivation," approved May 19, 1915, and the surveyor general shall, thereafter, upon an examination of such lands, determine it to be unsuitable for cultivation, he may, with the concurrence of the state board of control, fix a price at which such land may be sold to such actual settler, as provided in the act last named, and such actual settler shall have the right to purchase such land, at the price so fixed, at any time within a period of six months thereafter. The purchase price of all timber lands shall be paid in full at the time of sale.

Rejection of bids.

§ 4. In any and all notices of public sale, the surveyor general shall reserve the right to reject any and all bids.

Patent.

§ 5. When the full purchase price has been paid the purchaser shall be entitled to a patent for the land.

Repealed.

§ 6. Those parts of all acts in conflict with this act are hereby repealed.

Actual settlers defined.

§ 2. Actual settlers, within the meaning of this act, are persons who have resided in good faith on the land for a period of not less than one year, to the exclusion of any other residence or fixed place of habitation during such time.

Purchase of land by settler.

§ 3. Any person who shall in good faith settle upon any land in the belief that the same was suitable for cultivation shall, in the event the surveyor general, upon inspection, determines said land to be unsuitable for cultivation, be a preferred purchaser for a period of six months from the date of such decision; provided, that in cases where the surveyor general has heretofore decided that lands settled upon were unsuitable for cultivation said settlers shall be preferred purchasers for a period of six months from the date that this act takes effect.

PREFERENTIAL RIGHT TO PURCHASE.**ACT 3721d—An act providing for the preferential rights of certain persons to purchase public lands of the state.**

History: Became a law, under constitutional provision, without Governor's approval, May 7, 1915, in effect August 8, 1915, Stats. 1915, p. 377.

Right to purchase lands after cancellation of patent.

§ 1. Whenever a court of competent jurisdiction shall by final decree cancel any patent to state lands heretofore issued, on account of its being obtained by fraud, or in any manner contrary to law, thereupon any person duly qualified to purchase state lands whose application to purchase any land included in such canceled patent was in the hands of the surveyor general on the first day of January, one thousand nine hundred fifteen, shall have the first and prior right to purchase the land described in his said application for a period of six months after the entry of such final decree, in accordance with the provisions of article IIa, chapter I, title VIII, of the Political Code.

PURCHASE OF SCHOOL LANDS.

ACT 3722—An act to provide for the applications for purchase of sixteenth and thirty-sixth sections, and to regulate the application for purchase of such sections, and requiring a deposit to accompany all applications for the purchase of the same.

History: Approved March 20, 1889, Stats. 1889, p. 434.

Purchase of sixteenth and thirty-sixth sections.

§ 1. Every application to purchase any portion of the sixteenth and thirty-sixth sections shall be accompanied by a deposit of twenty dollars, in addition to the fee for filing now required by law, for which the surveyor general shall give the applicant a receipt, which receipt shall be accepted by the county treasurer in part payment of the purchase price of said land. If the applicant shall abandon or forfeit his said application, or shall fail to make proper proof as to the character of the said land, or as to his residence thereon, within the time allowed by law, or if his application shall be rejected by reason of any false statement in the affidavit herein contained, the twenty dollars thus paid shall go to the state school fund. If it is found that the surveyor general erred in receiving the application, or that the state cannot make a good title to the land, then the applicant or his assigns may surrender to the surveyor general the said receipt, and receive in exchange therefor a certificate showing the amount so paid, and the reason why the application could not be approved or perfected, and the controller, upon the surrender to him of the said surveyor general's certificate, shall issue to the applicant, or his assigns, a warrant for the said amount.

Filings.

§ 2. Any number of filings on any section of land is hereby permitted and allowed under the provisions of this act. Should the first filing be abandoned by the applicant, the next filing on such section, in order, shall have the same right as if it had been the first filing.

Moneys to go to school land deposit fund.

§ 3. The moneys received by the surveyor general under the provisions of this act, except the moneys forfeited under section 1, shall be paid to the state treasurer at the close of each month, and must be placed in a fund, to be called "School Land Deposit Fund," to the credit of the county in which the lands applied for are situated. When any moneys are placed in the "School Deposit Fund" to the credit of a county, the controller, at the next settlement with the controller by the treasurer of such county, must draw his warrant upon the state treasurer for the amount in the fund to the credit of the county; provided, that the direction herein to the controller is exempted from the operations of section 672 of the Political Code.

1. Act supplemental to code provisions.—This act is undoubtedly supplemental to and in aid of the various provisions of the Political Code, previously enacted, relative to the procedure in initiating the purchase of

II Gen. Laws—47

public lands, and is to be so considered and construed.—*Ayers v. Kingsbury*, 25 Cal. App. 183, 143 Pac. 85.

2. Deposit with application—Second application—Mandamus.—Where an applica-

tion was refused for failure to deposit twenty dollars therewith, as provided by the act, mandamus will not lie to compel the surveyor-general to file the second application, accompanied with the deposit, as of the date of the original application.—*Buttie v. Wright*, 139 Cal. 625, 79 Pac. 454.

3. Same—Not part of purchase price.—The deposit required by the statute to accompany the application to purchase was

intended to be a mere conditional deposit, evidencing good faith, and that the receipt given therefor does not become a part of the purchase price, and can not be accepted as such before the application has been approved.—*Ayers v. Kingsbury*, 25 Cal. App. 183, 143 Pac. 85.

See, also, *Pacific Power Co. v. State*, 31 Cal. App. 719, 162 Pac. 643.

POSSESSORY ACTIONS.

ACT 3724—An act prescribing the mode of maintaining and defending possessory actions on public lands.

History: Passed April 20, 1852, Stats. 1852, p. 158. Amended March 7, 1859, Stats. 1859, p. 94; April 10, 1861, Stats. 1861, p. 143. Prior act of April 11, 1850, Stats. 1850, p. 203, repealed by present act.

1. Act was not repealed or abrogated by the code.—The act is consistent with code provisions and not within the terms of section 18, Political Code, and was not repealed or abrogated by the code.—*Gray v. Dixon*, 74 Cal. 508, 16 Pac. 305.

2. Act intended for benefit of actual occupant.—The only purpose of the act was to prescribe a method not for acquiring title but to protect the occupant in the temporary possession of a limited portion of the public land.—*Farish v. Cook*, 40 Cal. 33.

3. Same—"Occupy" equivalent to "reside upon."—The term "occupy" as used in the act is equivalent to "reside upon."—*Wolfskill v. Malajowich*, 39 Cal. 276.

4. Same—Actual residence essential.—The right to be protected under the act is a personal right, and, if assignable at all, can be assigned only to one who actually resides on the land.—*Wolfskill v. Malajowich*, 39 Cal. 276.

5. Same—Same.—Only persons actually residing on the land are entitled to the benefit and protection of the possessory act.—*Wolfskill v. Malajowich*, 39 Cal. 276.

6. Same—Actual settlers.—The rights under the possessory act were intended for actual settlers, and do not apply to a party who never resided on the land.—*Gird v. Ray*, 17 Cal. 352.

7. Same—Right can not be acquired by proxy.—The right of possession contemplated by the act could not be acquired by proxy.—*Sweetland v. Froe*, 6 Cal. 144.

8. Occupation for grazing or cultivation—Tide lands.—The act contemplates the occupation of public lands "for the purpose of cultivating or grazing the same"; and does not apply to possession of lands, such as tide lands, not suitable for these purposes.—*San Pedro, etc., Co. v. Hamilton*, 161 Cal. 610, 119 Pac. 1073.

9. Act does not apply to San Francisco lands.—The act has no application to the lands of the city of San Francisco.—*United, etc., Ass'n v. Pacific, etc., Co.*, 139 Cal. 370, 69 Pac. 1064.

10. Compliance with act necessary.—The possessory act confers no rights sufficient to maintain ejectment until all the acts required by it are performed, and it makes

no difference that such performance has been prevented by force.—*Crowell v. Lanfranco*, 42 Cal. 654.

11. Same.—Compliance with the provisions of the act is a necessary prerequisite to a right of action thereunder.—*Sweetland v. Froe*, 6 Cal. 144.

12. Same—Right to bring forcible entry and detainer—No treble damages.—One who entered upon unoccupied land, marked it out so that its boundaries could be readily traced, began to build a house thereon, and was ousted, may recover possession in an action of forcible entry and detainer, but can not have treble damages.—*Stark v. Barnes*, 4 Cal. 412.

13. Same—Non-compliance because of force no excuse.—Where plaintiff filed his affidavit of location and, within ninety days thereafter, hauled to the land lumber to build a house, which was removed during the night, and when he attempted to replace it next day, was driven off by armed men, he acquired no right under the possessory act to maintain ejectment against those who drove him off.—*Crowell v. Lanfranco*, 42 Cal. 654.

14. Possession—Railroad land—Rented for private use.—The renting by a railroad company of land obtained by it under the act of May 20, 1861 (607) to certain employees for use for barn, outbuildings and residence purposes, was not a use for railroad purposes within the meaning of the act.—*People v. Southern Pacific Co.*, 166 Cal. 630, 632, 138 Pac. 100.

15. Same—Same—Abandonment of use for railroad purposes.—Under the provisions of sections 20 and 22, of the act of May 20, 1861 (607), a railroad company ceased to be entitled to the possession of land obtained pursuant to that act, where it has abandoned its use for railway purposes, and has persisted in such abandonment for ten years.—*People v. Southern Pacific Co.*, 166 Cal. 630, 632, 138 Pac. 100.

16. Same—Question of fact.—Possession is a question of fact, to be determined by the jury.—*Hicks v. Davis*, 4 Cal. 68.

17. Same—Mere residence, tracing lines and setting stakes for boundary.—Merely residing on a part of the land, and tracing lines and putting up stakes for the bound-

ary is not sufficient under the act.—Wright v. Whitesides, 15 Cal. 47.

18. Same—Survey and marking lines.—The mere survey and marking lines of boundary without an enclosure of the premises, is not a possession in law, unless made so by complying with the statute.—Bird v. Dennison, 7 Cal. 297.

19. Same—Fencing part of tract insufficient.—Evidence that plaintiff built a fence on one side of a tract of land, ran furrows with a plow around the whole tract, and set stakes at the corners and along the lines, held to be insufficient to show actual possession.—Hughes v. Hazard, 42 Cal. 149.

20. Same—Same—Erroneous judgment.—Where plaintiff claimed possession of an entire tract, but his actual possession did not extend beyond his improvements, a judgment for the defendant for the entire tract was erroneous, and plaintiff should have been awarded the improvements to which he was entitled by actual prior possession.—Kile v. Tubbs, 23 Cal. 431.

21. Same—Entry without compliance with act.—Mere entry on public land, without enclosing it does not give a right under the act.—Wright v. Whitesides, 15 Cal. 47.

22. Same—Same.—The mere fact that a man enters upon a portion of the public land, and builds or occupies a house or corral on a small part of it, gives him no claim to the whole subdivision, even as against one entering upon it without title; but it would be different if he claimed under the possessory act and made entry under the presumption laws of the United States.—Garrison v. Simpson, 15 Cal. 93.

23. Same—Conditions prerequisite to right of action.—The plaintiff in a possessory action must be a citizen of the United States, must file the affidavit required by section 2, and must make his improvements within ninety days.—Wright v. Whitesides, 15 Cal. 47.

24. Possession essential.—Where plaintiff never entered into possession of any part of a tract of land except constructively of a portion which he purchased and upon which he allowed the grantor to remain in possession, he was not entitled to recover the same.—Hughes v. Hazard, 42 Cal. 149.

25. Same—Constructive possession.—Constructive possession of public land can be established only in the manner prescribed by the act.—Wolfskill v. Malajovich, 39 Cal. 276.

26. Same—Party out of possession has no right.—A party out of possession, and having no interest in the improvements, can not by making a survey and filing affidavit without county recorder, acquire any right of possession to land in the actual possession of another.—Sweetland v. Froe, 6 Cal. 144.

27. Same—Water right.—It was held in this case that the work done by the plaintiff did not constitute possession of a water right, and neither his intentions, declarations, nor preparations were equivalent to actual possession.—Taylor v. Abbott, 103 Cal. 421, 37 Pac. 408.

28. Does not apply where actual possession in issue.—The "possessory act" of 1852 (158) does not apply to a case where actual possession is in issue.—Hart v. Cox, 171 Cal. 364, 369, 153 Pac. 391.

29. Miners' right.—Miners have a right to enter land in the possession of another, whether enclosed or taken up under the possessory act.—Clark v. Duval, 15 Cal. 86.

30. Same.—The act gives no right to possession against one who enters land for the purpose of mining.—Stoakes v. Barrett, 5 Cal. 37.

31. Mining right subject to regulations and restrictions.—The right of a miner to go upon the land of another for the purpose of mining is subject to such regulations and restrictions as the legislature may see fit to impose.—Rupley v. Welch, 23 Cal. 452.

32. Action commenced prior to passage of act.—The benefits of the act can not be claimed by plaintiff successfully in an action commenced prior to its passage.—O'Conner v. Corbitt, 3 Cal. 370.

33. Evidence—Enclosure of part of tract.—In an action for possession under the act it was error to exclude evidence that defendant enclosed a portion of the land with a fence prior to the filing of the possessory claim.—Hicks v. Whitesides, 23 Cal. 404.

34. Same—Oral evidence of transfer not admissible.—Oral evidence of a transfer of title or interest in land claimed under the possessory act is not admissible.—Buel v. Frazier, 38 Cal. 693.

35. Same—Building house.—It is improper in ejectment to exclude evidence that plaintiff built a house on the land, the building of improvements being one of the requirements of the act.—Gray v. Dixon, 74 Cal. 508, 16 Pac. 305.

PROTECTION OF ACTUAL SETTLERS.

ACT 3725—An act for the protection of actual settlers and to quiet title to lands.

History: Approved March 26, 1856, Stats. 1856, p. 54.

Code commissioners' note: "In many respects unconstitutional (*Billings v. Hall*, 7 Cal. 7; *Lathrop v. Mills*, 19 Cal. 513; *Pioche v. Paul*, 22 Cal. 105); and the parts not unconstitutional are probably superseded by 'the codes.'"

See, also, *Anderson v. Fisk*, 36 Cal. 625, 632, 633, 634.

BETTER PROTECTION OF SETTLERS.

ACT 3726—An act for the better protection of settlers on public lands.

History: Approved April 26, 1858, Stats. 1858, p. 344.

Editor's note: This act provided for the redress of parties ousted under a foreign grant which was afterward rejected or did not include the land.

A former act (Stats. 1856, p. 54, ante, Act 3725) was held unconstitutional in several decisions.

The act here inserted, however, is limited to a specific subject, and does not fall within the objections made to the act of 1856.

PROTECTION OF SETTLERS ON LAND CLAIMED BY STATE.

ACT 3727—An act for the protection of settlers on public lands claimed by the state.

History: Approved March 10, 1874, Stats. 1873-74, p. 327. Amended March 7, 1881, Stats. 1881, p. 73. This act was probably superseded, see Kerr's Cyc. Political Code, §§ 3441, 3443.

This act was probably superseded. see Kerr's Cyc. Political Code, §§ 3441, 3443.

This act provided that no claim should be made by the state for any land as swamp or overflowed and that land should not be segregated for which pre-emption or homestead patents had been issued to bona fide settlers.

1. Land already patented by U. S. certificate void.—Under this act a certificate issued by the register of state lands to a forty-acre tract, as swamp land, patented in 1861 by the United States, is void.—Fredericks v. Zumwalt, 134 Cal. 44, 66 Pac. 38.

PROTECTION OF PRE-EMPTION AND HOMESTEAD CLAIMANTS.

ACT 3729—An act for the protection of pre-emption and homestead claimants.

History: Approved March 23, 1874, Stats. 1873-74, p. 543.

Under this act pre-emption and homestead claimants were regarded as having title as against trespassers and persons not having a superior title.

1. Trespassers can not prevent homestead entries.—Under this act a mere trespasser with an enclosure erected and maintained contrary to the act of congress of 1885,

can not thereby prevent a homestead entry, made peaceably by a citizen, of a portion of the tract, in compliance with the law.—Whittaker v. Pendola, 78 Cal. 296, 20 Pac. 680; Kitts v. Austin, 83 Cal. 167, 23 Pac. 290; Wormouth v. Gardner, 105 Cal. 149, 38 Pac. 646.

PROTECTION OF BONA FIDE SETTLERS.

ACT 3730—An act to protect bona fide settlers upon public lands.

History: Approved March 23, 1874, Stats. 1873-74, p. 543.

This act protected the rights of settlers on land within the survey of a Mexican

grant and which had been restored to the public domain.

See Act 3729, notes.

RELIEF OF PURCHASERS OF STATE LANDS.

ACT 3731—An act for the relief of purchasers of state lands.

History: Approved March 27, 1872, Stats. 1871-72, p. 587. Amended April 1, 1878, Stats. 1877-78, p. 914.

This act provided for the vesting of the title in purchasers of state lands.

1. Act not repealed by section 3518, Political Code.—The act was not repealed by the amendment of 1874 to section 3518, Political Code.—Cerf v. Reichert, 73 Cal. 360, 15 Pac. 10.

2. Act prevails over code provisions.—The act prevails over code provisions passed at the same session.—Cerf v. Reichert, 73 Cal. 360, 15 Pac. 10.

But see dictum in People ex rel. Eadie v. Noyo Lumber Co., 99 Pac. 456, 34 Pac. 96; and see Baird v. Board of Supervisors, 74 Cal. 397, 16 Pac. 205.

3. Effect of act.—Under the act an appli-

cant acquired a right to complete his purchase, even if, when the application was made, there was an entire failure to comply with the law, or the state did not own the lands, or there was no legislation for their disposition, where payment had been made in whole or in part, and a certificate of purchase issued.—Rowell v. Perkins, 56 Cal. 219.

4. Same—Validates certificate—Does not vest title until full payment.—The effect of the act is to validate the certificate of purchase, but does not pass the title until full payment.—Yoakum v. Brower, 52 Cal. 373.

5. Act vests state's title.—The act vests

whatever title the state possessed in land prior to its enactment.—*Fletcher v. Mower*, 55 Cal. 119.

5a. Void sale can not be confirmed by executive officers.—A void sale of state land may be ratified and confirmed by the state but not by the executive officers.—*People v. California Fish Co.*, 166 Cal. 576, 612, 138 Pac. 79.

5b. Act of executive officer in receiving price in void sale creates no equity against state.—The act of state officers in receiving the price, where there has been no valid application or survey of the land, is void as an official act, and creates no equity in the land as against the state.—*People v. California Fish Co.*, 166 Cal. 576, 612, 138 Pac. 79.

5c. Void sale—Issue of patent void.—A patent for state land issued by the officers in a case where there has been no valid application or survey approved, nor any valid payment of the price, is, of course, void as against the state.—*People v. California Fish Co.*, 166 Cal. 576, 612, 138 Pac. 79.

5d. Acts of executive officers void.—The rule regarding sales of public lands is that the acts of administrative officers of the state toward such sale, in respect to the lands which the state has withheld from sale, or which are not yet subject to sale, are void, not merely avoidable but absolutely void for want of power in the officers, and no subsequent action by the officers themselves can give validity to the void act or ratify it in any way.—*People v. California Fish Co.*, 166 Cal. 576, 611, 138 Pac. 79.

6. Act retroactive—Sale to county surveyor validated.—This act was retroactive and legalized a purchase on an invalid application by one who, at the time of filing such application, was county surveyor, and charged with duties relating to the sale of state lands, where he ceased to be such surveyor before the approval of the application, and payment made as provided by law, and a certificate issued prior to any other application for the land.—*Yoakum v. Brower*, 52 Cal. 373.

7. Act not prospective in operation.—The act was not prospective in its operation and did not cure a defective application made after its enactment.—*Gilson v. Robin-*

son, 68 Cal. 539, 10 Pac. 193; *Barker v. Freeman*, 85 Cal. 533, 24 Pac. 926; *Johnson v. Squires*, 55 Cal. 103.

8. Amendment of 1878—Effect of.—The amendatory act of 1878 did not affect cases in which payment had been made and certificates issued at the date of its passage.—*Rowell v. Perkins*, 56 Cal. 219.

9. Application validated by act.—Under the circumstances of the present case the court held that the application in question was validated by the act.—*Muller v. Carey*, 58 Cal. 538.

10. Proviso applied only to valid applications.—The act operated not only upon applications defective in form but those also which were defective in substance, and the proviso refers only to valid applications.—*Muller v. Carey*, 58 Cal. 538.

11. Prior applications for school land purchases in excess of 320 acres, not shown to be within the terms of the act, are not within the proviso as to more than that quantity.—*Rowell v. Perkins*, 56 Cal. 219.

12. Application not cured where state had no title until 1878.—An application to purchase land to which the state had no title until after the passage of the "Booth act" in 1877, was not cured by the present act.—*Cucamonga Fruit-Land Co. v. Moir*, 83 Cal. 101, 23 Pac. 359.

But see *People ex rel. Eadie v. Noyo Lumber Co.*, 99 Cal. 456, 34 Pac. 96, and *People ex rel. Lynch v. Harrison*, 107 Cal. 541, 40 Pac. 956.

13. Defective application cured.—An affidavit which does not state the desire of an applicant to purchase or contain a description of the land was insufficient and the purchase void, but its defects were cured by the present act.—*Rowell v. Perkins*, 56 Cal. 219.

14. Payment—Resort to general law to determine when and to whom, to be made.—Resort to the general law must be had to determine when and to whom payment must be made to vest title under the act.—*Yoakum v. Brower*, 52 Cal. 373; *Rowell v. Perkins*, 56 Cal. 219.

15. Submerged land—Sale validated.—The act validated sale of submerged land made under act of 1868, although that act did not authorize such sales.—*Upham v. Hosking*, 62 Cal. 250.

But see *People ex Inf. Webb v. California Fish Co.*, 166 Cal. 576, 138 Pac. 79.

LEGALIZING APPLICATIONS TO PURCHASE.

ACT 3734—An act to legalize applications heretofore made for the purchase of lands belonging to this state, and to confirm the title of the purchasers under such applications.

History: Approved March 27, 1872, Stats. 1871-72, p. 622. Prior act of same general tenor and effect, act of March 24, 1870, Stats. 1869-70, p. 352.

1. Act did not validate applications for reserved lands.—The act validated defective applications for lands subject to sale, not for those not subject to sale.—*Klauber v. Higgins*, 117 Cal. 451, 49 Pac. 466.

See, also, *People ex Inf. Webb v. California Fish Co.*, 166 Cal. 576, 138 Pac. 79.

LEGALIZING PAYMENTS FOR SCHOOL LAND.

ACT 3735—An act to legalize certain payments of money on account of the purchase of state school lands.

History: Approved February 21, 1872, Stats. 1871-72, p. 137.

This act legalized payments theretofore made where such payments were made in the wrong counties.

FORFEITURE FOR NONPAYMENT OF INTEREST.

ACT 3735a—An act to provide for the forfeiture of certain lands to the state in the event of the nonpayment of delinquent interest upon any part of the unpaid portion of the purchase price thereof, together with penalties and costs as herein provided, as well as for the forfeiture of all moneys previously paid thereon, whether for principal or interest; prescribing the duties of certain public officers with respect thereto; providing for the giving of notice hereof; prescribing certain remedies; and making an appropriation for the purposes of this act.

History: Approved May 24, 1917, in effect July 27, 1917, Stats. 1917, p. 926.

Lands to be sold unless interest and penalties paid.

§ 1. All lands sold by this state for which certificates of purchase were issued prior to the first day of May, A. D. one thousand nine hundred eleven, for which full payment was not made at the time of purchase, and upon which any interest upon any part of the unpaid portion of the purchase price thereof is delinquent at the time this act shall take effect, shall be forfeited to the state, without the necessity of re-entry or judicial ascertainment, and shall revert to the particular class of land to which it originally belonged, to be resold under the provisions of existing law, or any future law, unless all such delinquent interest, together with all additional interest becoming due on the first day of January, A. D. one thousand nine hundred eighteen, and all penalties and costs herein specified, shall be fully paid, as herein provided, on or before the thirtieth day of June, A. D. one thousand nine hundred eighteen.

List of lands upon which payments delinquent.

§ 2. On or before the first day of October, A. D. one thousand nine hundred seventeen, the register of the state land office shall prepare, or cause to be prepared, statements showing, by counties, and by proper legal descriptions, all lands in each of the several counties in this state for which there are outstanding and not annulled as provided by article VI of chapter one of title eight of part three of the Political Code any certificate or certificates of purchase which were issued prior to the first day of May, A. D. one thousand nine hundred eleven, and upon which any interest upon any part of the unpaid portion of the purchase price is delinquent at the time this act shall take effect. Such statements shall also show the name and post-office address of the purchaser as the same may appear upon the records of the register's office, and the name and post-office address of the assignee, grantee or successor in interest of such purchaser in all cases wherein notice of any assignment of such certificate of purchase, or of any conveyance or other transfer of title of any part of the lands therein described shall have been filed in said office prior to the date herein first mentioned. Such statement shall also show the number and date of the survey or location and of the certificate of purchase, the amount of interest paid, the amount of interest unpaid, and the amount of interest then due. No lands within any reclamation district must be embraced in any such statement if the certificate of the board of supervisors that works of reclamation have been commenced in such district has been filed in the register's office prior to the taking effect of this act.

Demand for payment of delinquent interest.

§ 3. Demand is hereby made upon all persons who are or who may become liable for the payment of any interest which is delinquent upon any part of the unpaid portion of the purchase price of any of the lands embraced within any of such statements for the payment of all such delinquent interest, together with the costs hereby imposed, on or before the thirty-first day of December, A. D. one thousand nine hundred seventeen; and in the event of the nonpayment of any portion of such delinquent interest, as above provided, a penalty of twenty per cent of the aggregate amount then delinquent is hereby imposed, in each case, upon the person or persons liable for the payment thereof. Except as otherwise provided in sections four, five and six of this act, in the event any portion of such delinquent interest, together with such penalty and costs, and all additional interest falling due on the first day of January, A. D. one thousand nine hundred eighteen, be not paid on or before the thirtieth day of June, A. D. one thousand nine hundred eighteen, all lands on account of the purchase price of which such delinquency shall then exist are hereby declared to be forfeited to the state, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase are hereby declared to be ipso facto null and void from and after such date last mentioned.

Where owner has died without disposing of land.

§ 4. In the event the owner of any such certificate of purchase shall have died, without disposing of the lands therein described, and no administration of his estate has been had, the time of payment limited by the provisions of the preceding section is hereby extended for a period of six months; provided, however, that appropriate probate proceedings must be commenced in each case not later than December thirty-first, A. D. one thousand nine hundred seventeen, and written notice thereof forwarded by registered mail to the register of the state land office. In such cases the twenty per cent penalty imposed by section three hereof shall not attach until July first, A. D. one thousand nine hundred eighteen, and such forfeiture shall not become operative until December thirty-first of said year.

Lands conveyed exempted from forfeiture, when.

§ 5. Any person having a conveyance of the whole or any portion of the lands described in any certificate of purchase included in any such statement, but to whom the certificate has never been surrendered, may protect his lands from forfeiture by paying such proportion of the interest delinquent upon all the lands in such certificate described as the acreage claimed by him bears to the aggregate acreage embraced in such certificate. He shall first, however, file with the register of the state land office satisfactory evidence of his possessory right to such land, and obtain from the latter a certificate, directed to the treasurer of the proper county, permitting such payment and stating the amount to be paid, which shall in all cases include the costs imposed by section nine hereof. Upon such payment being made within the time herein limited such land shall be, and hereby is, excepted from the forfeiture prescribed in this act. Said certificate of purchase shall become null and void only as to the remaining lands therein described and the register in preparing for record the notices of forfeiture provided for in section ten hereof shall omit therefrom all lands upon which the delinquent interest has been paid as in this section permitted. Should due compliance be made with all other provisions of law governing the issuance of patents, a patent shall issue in the name of the original purchaser of such excepted land, but shall be delivered to the person by whom such payment was made, and the title thereby granted shall inure to the benefit of such person, his heirs or assigns.

Lands included.

§ 6. This act shall extend to and include all unlisted lien lands and all unsegregated swamp and overflowed lands sold under the authority of any law of this state; subject to the proviso that instead of the land itself becoming forfeit for nonpayment of delinquent interest, all right, title and interest therein or thereto heretofore acquired or hereafter to be acquired prior to June thirtieth, A. D. one thousand nine hundred eighteen, by the original purchaser, his heirs and assigns, shall become and hereby is declared to be forfeit to the state in the event of such nonpayment; and subject to the further proviso that all purchasers of such unlisted lien lands or of such unsegregated swamp and overflowed lands, their heirs and assigns, who protect themselves against such forfeiture by making the payments required by this act, shall not thereby be deprived of any existing right to receive restitution of all sums paid on account of the purchase price of such lands, whether for principal or interest, upon duly complying with all provisions of law governing such restitution.

Payment of interest by December 31, 1917. Penalties. Publication of notice.

§ 7. Upon completing the statements required by section two hereof, the register shall add thereto a demand that all interest shown to be delinquent therein shall be paid on or before December thirty-first, A. D. one thousand nine hundred seventeen, to the treasurer of the proper county, together with the sum of three dollars costs, and a notice that if the same be not so paid a penalty of twenty per cent will be added thereto as provided in section three hereof, and a further notice that unless the whole sum delinquent, together with such costs and penalty, and all additional interest falling due January first, A. D. one thousand nine hundred eighteen, be paid on or before June thirtieth, A. D. one thousand nine hundred eighteen, the lands in said statements described, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, will be forfeit to the state in accordance with the provisions hereof, and that all such certificates of purchase will become ipso facto null and void. He shall thereupon cause each such statement, together with such demand and notice, to be published once a week for four weeks successively in some newspaper published in the county wherein the lands described in such statement are situate, or, if there be no newspaper published in such county, such publication shall be made in a newspaper published in an adjoining county.

Copies sent to county officers and persons interested in lands. Duty of assessor.

§ 8. In addition to such publication, the register shall, not later than October fifteenth, A. D. one thousand nine hundred seventeen, forward copies of such statements, demands and notice, by registered mail to the treasurer and to the auditor and to the assessor of each county wherein any of said lands may be situate, and shall likewise forward by registered mail to each person shown by the records of his office to have any interest in any of such lands, either as purchaser, or as assignee, grantee, distributee, or other successor in interest of such purchaser, a copy of so much of said statements as pertains to the lands wherein such person may appear to have any interest, together with such demand and notice, directed to such person at his last known place of residence or of business as the same appears upon the records of the register's office.

It shall be the duty of each county assessor to whom a copy of any such statement shall be sent, immediately upon receipt thereof, to cause the same to be carefully compared with the records of assessments in his office of all tracts of land appearing in such list, and in the event it shall appear from such comparison that any person or persons whose names are not included in the register's statement are shown by such assessment records to have any interest in any part of the lands described in such statement, the assessor must forthwith return, by registered mail, to the register of the state land office a statement containing a description of the land affected and the names

and addresses, as the same appear upon his records, of all persons appearing to have any interest therein and not included in the register's statement. In every such case the assessor must return his statement to the register within ten days after the receipt by him of the register's statement. Upon receipt of any such return the register shall without delay, forward to each person therein named, in the same manner as above provided, a copy of so much of said statement as pertains to the lands wherein such person is shown by the assessor's return to have any interest, to which shall be appended such demand and notice.

Costs.

§ 9. The sum of three dollars to cover the costs of such publication and of such mailing is hereby imposed upon the owner or owners of each such certificate of purchase, as well as upon each person who may have acquired by purchase an interest in all or some portion of the lands in such certificate described, but to whom the certificate has never been surrendered, and it shall be the duty of the treasurer of each county wherein any part of such land may be situate to require the payment of such costs, in all cases, in addition to the delinquent interest, and penalty, if any, and to account for the same in his settlements with the state controller and treasurer, who are hereby authorized and directed to pay all sums so collected for costs into the general fund of the state treasury.

Notice of forfeiture.

§ 10. Immediately following the thirtieth day of June A. D. one thousand nine hundred eighteen, the register shall note upon the records of his office the forfeiture herein and hereby declared, and shall forward to the recorder of each county wherein any of said lands may be situate a notice of such forfeiture, in which there shall be embodied the same data required by section two hereof, supplemented by a statement of the costs, penalties and additional interest accrued at the date of forfeiture. It shall be the duty of the recorder to receive and file such notice and to record the same in a book of deeds. Such notice from the time it is filed with the recorder for record is constructive notice of the contents thereof to subsequent purchasers and mortgagees and to all other persons who may thereafter attempt to acquire any interest in, or lien upon, any of the lands in such notice described. In the event any additional forfeiture shall occur on the first day of January, A. D. one thousand nine hundred nineteen, as provided in section four hereof, the register and each county recorder shall proceed with respect to such lands as before, and with like force and effect.

Action to annul forfeiture.

§ 11. In the event any land shall be forfeited under the provisions hereof upon which all interest, costs, penalties and accruing interest had been actually paid prior to such forfeiture, though for any reason not properly credited, the person or persons having a beneficial interest therein may, within one year following the date of such forfeiture, commence an action in the superior court of the county of Sacramento against the register of the state land office for the purpose of having such forfeiture annulled and set aside. And if it be proven to the satisfaction of the court, at the trial of such action, that such payment was in fact made prior to the date upon which such forfeiture occurred, the court shall render judgment annulling and setting aside such forfeiture, and thereupon the plaintiff or plaintiffs in such action shall be restored to his or their former estate in said land, upon making payment of all interest accruing thereon to the date of restoration.

Right of state to enforce payment.

§ 12. This act is cumulative and shall not be construed to deny to the state the right to institute any legal proceedings that may be deemed necessary to enforce the payment of all such delinquent interest, or to procure judgments foreclosing the interests of any

and all persons in any of such lands, and annulling any or all of such certificates of purchase. Nor shall anything herein contained ever be deemed, held or construed to give to or confer upon the holder or holders of any of such certificates of purchase, as against the state of California, any other or greater right to any land therein described than is now possessed by the holder or holders of such certificates.

Appropriation.

§ 13. The sum of four thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any money in the state treasury not otherwise appropriated, to be used in accordance with law to defray the costs of the publication and mailing herein provided for.

See supplementary act, Act 3735b.

JUDICIAL DETERMINATION OF FORFEITURE—REINSTATEMENT.

ACT 3735b—An act to provide for a judicial determination of whether or not certain lands have been forfeited to the state under the provisions of an act entitled "An act to provide for the forfeiture of certain lands to the state in the event of the nonpayment of delinquent interest upon any part of the unpaid portion of the purchase price thereof, together with penalties and costs as herein provided, as well as for the forfeiture of all moneys previously paid thereon, whether for principal or interest; prescribing the duties of certain public officers with respect thereto; providing for the giving of notice hereof; prescribing certain remedies; and making an appropriation for the purposes of this act," approved May 24, 1917, and to provide for reinstatement of delinquent purchasers in certain cases.

History: Approved May 20, 1919. In effect July 22, 1919. Stats. 1919, p. 804.

Action to have forfeiture annulled. Reinstatement of purchasers.

§ 1. In the event that any lands shall appear to have been or to be forfeited under any of the provisions of the act entitled "An act to provide for the forfeiture of certain lands to the state in the event of the nonpayment of delinquent interest upon any part of the unpaid portion of the purchase price thereof, together with penalties and costs as herein provided, as well as for the forfeiture of all moneys previously paid thereon, whether for principal or interest; prescribing the duties of certain public officers with respect thereto; providing for the giving of notice hereof; prescribing certain remedies and making an appropriation for the purposes of this act," approved May 24, 1917, when in fact all interest, costs, penalties, and accruing interest due and payable thereon and thereunder had been actually paid or in good faith tendered prior to such forfeiture, though for any reason not properly credited or accepted, the person or persons having a beneficial interest therein may, within one year from the taking effect of this act, commence an action in the superior court of the county of Sacramento against the register of the state land office for the purpose of having such forfeiture annulled and set aside. And if it be proven to the satisfaction of the court, at the trial of such action, that such payment was in fact made or tendered prior to the date upon which such forfeiture occurred, the court shall render judgment annulling and setting aside such forfeiture, and thereupon the plaintiff or plaintiffs in such action shall be restored to his or their former estate in said land, upon making payment of all interest accruing thereon to the date of restoration; provided, nevertheless, that where such tender was made after the commencement of proceedings to foreclose the certificate of purchase under which said interest was delinquent, and was refused upon the ground that the costs of said proceedings and district attorneys fees had not been paid, then, in that event, the said person or persons having such beneficial interest, shall, upon payment to the county treasurer of the county in which the land is situated, not later than

December 31, 1919, of the amount so tendered together with such costs and attorneys fees, accrued to the time of such tender, be forthwith restored to his or their former estate in said land without the necessity of commencing such action.

REDEMPTION FROM FORFEITURE FOR NONPAYMENT OF INTEREST.

ACT 3736—An act to enable purchasers of state lands to redeem them where their titles have been or may hereafter be foreclosed for nonpayment of interest.

History: Approved March 7, 1881, Stats. 1881, p. 66.

When purchasers of state lands may redeem for nonpayment of interest.

§ 1. In all cases where the title of purchasers of land from the state has been foreclosed, or attempted to be foreclosed, or that may hereafter be foreclosed, for nonpayment of interest, said purchasers, their executors, administrators, or successors in interest shall have, twelve months after said foreclosures are or have been completed, within which to redeem such land, by paying to the county treasurer, for the benefit of the fund, or parties entitled thereto, all delinquent interest, and interest that would have accrued in case there had been no foreclosure; also, all costs of foreclosure to be paid to the fund, or the parties who paid said costs. When said payments are made, and indorsed on the certificate of purchase, specifying the amount paid as interest and for costs, and duly reported to the register of the land office, the annulments shall be canceled by said officer, and the rights of the purchaser shall thereby be fully restored.

§ 2. This act shall take effect and be in force from and after its passage.

1. **Act supersedes section 3550, Political Code, as to time for redemption.**—The act of 1881 changes and enlarges the right of redemption by the holder of the certificate of purchase given by section 3550, Political Code, and provides that that right may be exercised at any time within twelve months after entry of judgment.—*Goddard v. Emerson*, 15 Cal. App. 440, 115 Pac. 63.

FORFEITURE ACT OF 1889.

ACT 3737—An act respecting the payment in full by holders of certificates of purchase for lands sold by the state of California prior to March 27, 1872, and for which the said state has at any time heretofore issued certificates of purchase to subsequent purchasers.

History: Approved March 20, 1889, Stats. 1889, p. 428.

When holders of certificates of purchase of state lands deemed to have forfeited their rights therein.

§ 1. Whenever application has been made to purchase land from this state, and payment only in part has been made to the treasurer of the proper county for the same, and a certificate of purchase has been issued to the applicant prior to the twenty-seventh day of March, eighteen hundred and seventy-two, and whenever such applicant, his assignee or assignees, shall have failed for five years to pay to the state the arrears of principal or of interest due to the state for said land, and the state shall at any time heretofore have issued a certificate of purchase for the same land, or any part thereof, to a subsequent purchaser, then, unless the holder or holders of such prior certificate shall pay the entire residue of the interest remaining unpaid for such purchase within six months from and after the passage of this act, such holder or holders shall be deemed to have lost all right to the land described in said certificate, or to complete the purchase of such land, and all moneys heretofore paid to the state of California on such purchase shall be deemed and taken to be forfeited to the state. Nothing herein contained, however, shall be deemed or taken to give to or confer upon the holder or holders of such prior certificates, or any of them, as against the state of California, or any subsequent purchasers therefrom, or against the holders of subsequent certificates of purchase, any other or greater right to the lands herein referred to than is now held by the

holder or holders of such prior certificates, or to confer upon such holder or holders any new right, or to affect or impair the rights of such subsequent purchasers or their assigns.

Previous part payment confers no special rights. Does not apply.

§ 2. The mere fact of previous part payment shall not of itself confer on such prior purchaser or his assigns any right to complete the purchase, if he or they be not otherwise entitled so to do, as against the state, and a subsequent purchaser or his assigns; provided, that this act shall not apply to any action now pending commenced within five years.

§ 3. This act shall take effect from and after the date of its passage.

1. Constitutionality.—Not impairment of obligation of contract.—The act of 1882, providing for rescission of a purchase of school lands without a restoration of money paid thereon, when the purchaser is in default, is not unconstitutional as an impairment of the obligation of a contract of purchase under the act of 1868, nor as the taking of property without due process of law.—*Aikins v. Kingsbury*, 170 Cal. 674, 678, 151 Pac. 145.

2. Same.—Same.—Different method of declaring forfeiture.—The procedure provided in the act of 1867-68 (526) for terminating the rights of a defaulting purchaser of school lands is not exclusive, and such a purchaser can not complain because the

state has established a different method of declaring a forfeiture from that authorized by the statute at the time of his purchase.—*Aikins v. Kingsbury*, 170 Cal. 674, 678, 151 Pac. 145.

3. Statute of limitations.—A purchaser of school lands under the act of 1868, who has defaulted in the payment of interest for thirty-eight years, is barred by the statute of limitations and by laches, the state having, in the meantime, attempted a forfeiture under the act of 1868, and given constructive notice by the act of 1889, of a purpose not to recognize rights asserted by defaulting purchasers, unless arrears were paid.—*Aikins v. Kingsbury*, 170 Cal. 674, 682, 151 Pac. 145.

RIGHTS OF PARTIES IN FRESNO AND KERN COUNTIES.

1. Constitutionality—Act invalid as to improvements attached to the soil.—The legislature has no power to authorize the removal of improvements which have become a part of the realty placed on public lands of the United States, after the same have passed into private ownership.—*Pennybecker v. RESELECTIONS WHERE ORIGINAL SELECTIONS WERE CANCELED OR REJECTED.

ACT 3745a—An act to provide for the reselection by the state of lands heretofore selected and sold by the state where the selection has been rejected or canceled because of the subsequent exclusion of the base lands from a national forest; and prescribing certain maximum fees to be charged by agents or attorneys for services performed hereunder, and prescribing penalties for the violation hereof.

History: Approved May 16, 1917. In effect July 27, 1917. Stats. 1917, p. 1218. Amended May 6, 1919. In effect July 22, 1919. Stats. 1919, p. 313.

Reselection of land when selection rejected.

§ 1. Where the state has made a selection of other land in lieu of a sixteenth or thirty-sixth section located within a national forest which had been created by proclamation of the President of the United States at or prior to the date when such selection was made and said selection has been or may be held for cancellation, or canceled, because the base land was thereafter excluded from such national forest, the surveyor general shall make an amendatory selection or a new selection upon application of the

record owner of the certificate of purchase issued for the selected land; provided, that the applicant for a reselection forwards to the surveyor general the fees required by the United States land office; and, provided, further, that nothing herein contained shall be construed to require the surveyor general to make any such amendatory selection or new selection in any case wherein the base land originally assigned in support of such selection was situate within an area temporarily withdrawn from entry for purposes of examination, by order of the secretary of the interior, and was thereafter restored to the public domain without ever having been in fact incorporated within a national forest or a permanent forest reserve. Any violation of the provisions of this section shall be a misdemeanor and shall be punished by a fine not to exceed one hundred dollars, or by imprisonment in the county jail not to exceed thirty days or by both such fine and imprisonment; provided, however, that nothing herein contained shall be held, deemed, or construed, to apply to any person who also acts as agent or attorney for such owner before the general land office of the United States at Washington, D. C., or before the secretary of the interior, in case it becomes necessary to take any action to protect such selection against adverse proceedings.

Original selection need not be permanently withdrawn.—The act does not require that the lands originally selected should have been permanently included in a national forest, but it is sufficient if they have been withdrawn from entry and settlement pending determinations as to whether they should be included in the forest or not.—Walker v. Kingsbury, 36 Cal. App. 617, 173 Pac. 95.

ACT 3748—An act in relation to the act of congress known as the Carey act, and all acts amendatory thereof and supplemental thereto, and giving authority to a commission in the investigation, selection, reclamation, control and disposal of all lands granted the state under the provisions thereof.

History: Approved June 4, 1915. In effect August 8, 1915. Stats. 1915, p. 1140.

State accepts conditions under act of August 18, 1894. Carey act commission.

§ 1. The state of California hereby accepts the conditions of section four of an act of congress entitled, “An act making appropriation for sundry civil expenses of the government for the fiscal year ending June 30, 1894, and for other purposes,” approved August 18, 1894, together with all the grants of land to the state under the provisions of the aforesaid act. The selection, reclamation and disposal of said land shall be vested in a commission which shall consist of the secretary of the department of natural resources, whenever such officer shall be appointed and until such appointment is made, one of the members of the state water commission to be named by said commission, the state engineer and the surveyor general and which commission shall hereafter be designated the “Carey Act Commission.” The secretary of agriculture whenever such officer shall be appointed, and until such appointment, the dean of the college of agriculture of the University of California, and the president of the state water commission shall act as an advisory board to the said Carey act commission.

President. Secretary.

§ 2. The commission shall elect from among its members, a president and a secretary. The president of the commission shall preside at all meetings of the commission and shall have authority to call special meetings of the commission and he shall do so when requested by any one of the other members.

The secretary of the commission shall execute the will of the commission in all matters relating to this act. He shall have the custody of the records of the commission and shall receive and file all proposals for the construction of irrigation works to reclaim lands selected under the provisions of this act. The surveyor-general shall be register of all lands which may be selected and shall keep for public inspection maps or plats on a scale not less than two inches to the mile of all lands selected, receive entries of settlers on these lands and hear or receive the final proof of their reclamation and do any and all work required by the commission in carrying out the provisions of this act, relating to the disposal of such lands. He shall have authority to administer oaths, whenever necessary, in the performance of the duties of register.

Reclamation of desert lands. Temporary withdrawal of lands.

§ 3. Whenever it shall appear to the board of supervisors of any county that it would be advisable to reclaim by irrigation, under the provisions of this act, any desert public land, situated within such county, such board may by appropriate resolution, petition the state engineer to make such an investigation as would determine the feasibility of such reclamation. Whereupon the state engineer shall make or cause to be made an investigation of such lands, and if it should be the opinion of the state engineer that it is feasible to reclaim by irrigation such lands, he shall report the fact to the

commission, and, thereupon the commission shall direct the state engineer to make, when necessary, such further investigations as would determine the location and description of the lands, which may be thus reclaimed. The commission may make application to the United States department of the interior upon behalf of the state of California for the temporary withdrawal of such land, pending a more complete investigation and survey preliminary to the filing of the maps and plats and application for segregation.

State engineer's investigation.

§ 4. As soon as such temporary withdrawal of land shall have been made by the secretary of the interior, it shall be the duty of the state engineer to make an investigation of the water supply and make such surveys as will determine the feasibility of irrigating such lands and the approximate cost of the same. If it should appear from such investigation and surveys that the irrigation of the lands would not be feasible, the state engineer shall so report to the commission and it shall then be the duty of the commission to so notify the department of the interior, in order that such lands may be restored to the public domain; but, if the commission shall be satisfied that there is an adequate supply of water for the irrigation of such lands and that the construction of works for the irrigation of such lands is entirely feasible and the commission should decide that the state would be benefited through the irrigation and settlement of such lands, the commission shall direct the state engineer to make such additional investigations and surveys and prepare such plans as may be necessary to determine the cost of such works as would be needed to irrigate such lands and the commission may then enter into a contract on behalf of the state of California, with the United States, for the construction of such works as may be necessary for the proper irrigation of such land in pursuance of the act of congress known as the Carey act, and the rules and regulations of the department of the interior relating thereto; provided, however, that such project shall have first been approved by the state engineer, and by both members of the advisory board.

Report of water commission. Agricultural report.

§ 5. Before finally deciding as to the feasibility of irrigating lands under this act, the commission shall request the state water commission to report, in writing, their opinion as to whether or not an adequate supply of unappropriated water is available for the irrigation of such lands. It shall be the duty of the state water commission to make such report and recommendations in writing. At the same time and in the same manner the secretary of agriculture or the dean of the college of agriculture, as may be, shall be requested to report his opinion in relation to the land of such project as to its character and fertility, and as to soil or drainage problems then existing or which may follow the irrigation of the lands, and if it should be his opinion that the value of such land, or any portion of such land, after irrigation would not fully justify the estimated cost of such irrigation, the commission shall not enter into a contract for the irrigation of any of the lands which may be adversely reported upon. All such written reports and advice shall be furnished to the commission free of charge.

Designation of project. Surveys and location of works. Conveyances, leases. Rules and regulations.

§ 6. Whenever a contract shall have been entered into by the commission with the United States department of the interior for the irrigation of desert public lands under the provisions of this act, the lands of such project shall be designated by the commission and be known as the (name to be given) state irrigation district, and the commission shall have the power and it shall be its duty to provide for the construction of the necessary works for the irrigation of such lands, to manage and conduct the business affairs of such district, to make and execute all necessary contracts of employment and appoint such agents, officers and employees as

may be required and prescribe their duties. The commission and its agents and employees shall have the right to enter upon any land, to make surveys and locate the necessary irrigation works and the line for any canal or canals and the necessary branches for the same on any lands which may be deemed best for such location. Such commission shall also have the right to acquire by purchase, lease, contract, condemnation or other legal means all lands and waters and water rights and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal or canals and works, including canals and works constructed and being constructed by private owners, lands for reservoirs for the storage of needful waters and all necessary appurtenances and also, where necessary or convenient to said ends, to acquire and hold the stock of other corporations owning waters, canals, waterworks, franchises, concessions or rights. Such commission may also construct the necessary dams, reservoirs and works for the collection and distribution of water for said district and do any and every lawful act necessary to be done that sufficient water may be furnished to all of the lands of such district for irrigation and domestic purposes. The said commission is hereby authorized and empowered to take conveyances, leases, contracts or other assurances for all property acquired by it under the provisions of this act in the name of the state in behalf of such state irrigation district to and for the uses and purposes herein expressed and to institute and maintain any and all actions and proceedings, suits at law or in equity necessary or proper, in order to fully carry out the provisions of this act or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this act or acquired in pursuance thereof. And in all courts, actions, suits or proceedings the said commission may sue, appear and defend, in person or by attorneys and in the name of the state in behalf of such state irrigation district. It shall be the duty of said commission to establish equitable by-laws, rules and regulations for the distribution and use of water for the lands of such district, and for the administration and disposal of the lands of such district, which must be printed in convenient form for distribution. Said commission shall have power, generally, to perform all such acts as shall be necessary to fully carry out the purposes of this act.

Appropriation of water.

§ 7. Whenever it shall appear to the commission that the irrigation of public land of a proposed state irrigation district under the provisions of this act would be feasible and that an adequate supply of water exists and is available for the purpose, it shall be the duty of the commission to appropriate in the name of the state of California for such state irrigation district an amount of unappropriated water as may be available and necessary for the irrigation of such land, such appropriation to be made in pursuance of the provisions of the water commission act and acts amendatory thereof, and the rules and regulations of the state water commission; but no fees shall be paid to the state water commission for any services which may be rendered by such commission in connection with any permit or license which may be granted under any such appropriation; but such charge as may be provided by law for the diversion of water for irrigation shall be paid to such state water commission as soon as any of the water thus appropriated shall be diverted for use upon the land of any district and for the quantity of water thus diverted.

Raising additional money. Estimated costs. Bonds.

§ 8. For the purpose of constructing necessary irrigation canals and works and acquiring the necessary property and rights therefor and for the purpose of acquiring waters, water rights and other property necessary for the purposes of a state irrigation district and otherwise carrying out the provisions of this act, the commission may as soon after a contract has been entered into with the United States for the irrigation of the

lands of a district and also whenever thereafter the construction fund has been exhausted by expenditures herein authorized therefor and it is necessary to raise additional money for such purposes, estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary for such purposes or any of them said commission shall cause such surveys, examinations, drawings and plans to be made of a district as shall furnish the proper basis for an estimate of the cost of irrigating the lands of such district. All such surveys, examinations, drawings, plans and the estimate of cost based thereon shall be made by or under the direction of the state engineer and shall be certified by him and a report of such irrigation plans shall be prepared by him which report shall contain a description of the lands to be irrigated, the works to be constructed and shall also state his conclusions as to the supply of water available for the use of the district. The estimated cost of a project under this act shall include in addition to the cost of the works proposed and the purchase of land and other rights of way needed for their construction and for the use of such district, the estimated discounts or cost of credit which it would be necessary to establish; interest during the period of construction; overhead and other carrying charges and reasonable contractor's profit commensurate with the risks involved; and the total estimate thus obtained shall be the estimated reasonable expense of irrigation or the "irrigation charge" against the lands to be irrigated. After receiving such report the commission, if it shall be convinced and shall declare by resolution that the supply of water available for the use of the district is sufficient for all purposes and that the said project is in all other respects feasible, shall make an order determining the amount of bonds that should be issued in order to raise the amount of money needed for the purpose or purposes for which said bonds are desired; and, said bonds may be issued as provided by this act and when so issued shall constitute a lien or liens against the lands of a district to be thus reclaimed as contemplated by the act of congress, approved June 11, 1896, (29 Stats. 413-434) and shall be valid on and against the separate legal subdivisions of land thus reclaimed and irrigated, for the actual cost and necessary expense of reclamation and reasonable interest thereon from the date of reclamation until disposed of to actual settlers; and after the reclamation and settlement of any lands thus reclaimed such bonds shall remain a lien against such lands and shall be superior and prior to any other lien which may be created until paid, and the commission is hereby authorized to issue bonds under such lien to be secured by the same and may, from time to time, as provided in section 9 of this act, sell said bonds, the proceeds to be used only for the reclamation of such lands, such total issue of bonds to have a par value not to exceed the total estimated irrigation charge against the lands of such district.

Sale of bonds.

§ 9. The commission may sell such bonds, from time to time, and in such quantities as may be necessary and most advantageous to raise money for the construction of such canals and works, the acquisition of property and rights, or the acquisition of any water or water rights or otherwise to fully carry out the objects and purposes of this act. Before making any such sale, the commission shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes and notice of the sale to be given by publication thereof, for at least three weeks, in some newspaper published in the county in which the district is situated and in any other newspaper at its discretion. The notice shall state that sealed proposals will be received by the commission at their office for the purchase of bonds till the day and hour named in the resolution. At the time appointed the commission shall open the proposals and award the purchase of the bonds or any portion or portions thereof to the highest bidder or bidders; provided, however, that they may reject any or all bids.

Assessments.

§ 10. In case the money raised by the sale of bonds issued be insufficient or in case the bonds be not available for the completion of the plan of canal and works adopted and the acquisition of the necessary property, waters and water rights therefor and additional bonds be not voted, it shall be the duty of the commission to provide for the completion of said plan and the acquisition of such necessary property, waters and water rights by levy of assessments therefor on or before the first Monday in August in each year, and the commission shall levy an assessment against all the land included in a district which may be subject to assessment to raise the annual interest on the outstanding bonds of such district; and, in any year in which any bond shall fall due it must increase such assessment to an amount sufficient to raise a sum sufficient to pay the principal of the outstanding bonds as they mature and pay the cost of operating and maintaining the canal system of the district; also sufficient to pay in full all sums due or that shall become due from the district before the time of levying the next annual assessment on account of rentals or charges for lands, water, or water rights acquired by said district under lease or contract; also sufficient to pay in full the amount of any other contract or obligation of the district which shall have been reduced to judgment; provided, also, that the commission shall have authority to charge a toll or rental for the delivery of water in an amount sufficient to pay the cost of operating and maintaining the canal system; or, such expense may be met by both assessment and tolls in such proportion as the commission might decide would be most advantageous to the land owners of such district.

Series of bonds.

§ 11. All bonds issued under the provisions of this act shall be payable in gold coin of the United States in twenty series, as follows, to wit:

The date of the issue of any bond authorized under this act shall be deemed to be the apparent date of issue of the said bonds appearing upon the face thereof, which date shall be subsequent to the date of the resolution of the commission authorizing the issue of the said bonds and prior to the date of actual delivery of said bonds to the purchaser thereof. Payment of interest and principal.

§ 12. Upon the presentation of the coupons due on bonds issued against the land of any said irrigation district to the state treasurer he shall pay the same from the bond fund of such district. Whenever such fund shall amount to the sum of \$10,000 in excess of an amount sufficient to meet the interest coupons due, the commission may direct the treasurer to pay such an amount of such bonds due as the money in said fund will redeem at the lowest value at which they may be offered for liquidation after advertising in the manner hereinbefore provided for the sale of bonds, for sealed proposals for the redemption of such bonds. Said proposals shall be opened by the commission in open meeting at a time to be named in the notice and the lowest bid for said bonds must be accepted; provided, that no bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the holders of said bonds shall desire to have the same redeemed as herein provided for said money shall be invested by the state treasurer under direction of the commission in United States bonds or the bonds of the state which shall be kept in the bond fund of such district and may be used to redeem such district bonds whenever the holders thereof may desire.

Annual assessment.

§ 13. The bonds issued and the interest thereon shall be paid by revenue derived from an annual assessment upon the land of the district against which such bonds may have been issued on the basis provided in section 19 of this act and all the land in such district shall be and remain liable to be assessed for such payments as herein provided.

Before assuming the duties of such office, such representative

shall execute an official bond in a sum not to exceed fifty thousand dollars and not less than ten thousand dollars. Such official bond shall be in the form prescribed by law for the official bonds of county officers. Such representative may be given authority to represent such commission during the construction of the works; to receive applications for the entry of land under the provisions of this act; receive annual and final proofs and issue certificates relating to the same. He may be empowered to prepare the annual assessment rolls and collect and receive such assessments on behalf of such commission. Such representative of the commission shall be designated "district superintendent." The commission is hereby authorized to appoint a district advisory board of any state irrigation district, consisting of three members who shall be residents of such district and who shall hold office at the pleasure of the commission and shall serve without compensation. The commission is hereby empowered to extend such authority to such district advisory board as may be deemed for the best interests of such district.

Bids on construction of work. Certified checks. Financial standing of successful bidder.

§ 15. When the commission shall have made an estimate of the cost of a project, it shall invite bids or proposals for the construction of the necessary works by publication, for a period of six weeks in not more than six newspapers of weekly issue as in the opinion of such commission would be most likely to bring the matter to the attention of persons best able to undertake the construction of the works proposed. Such notice shall contain a brief description of the works proposed the volume and kind of material to be moved, the kind of structures to be built, and the total estimated cost of the project and the place or places where plans, estimates and specifications can be inspected. Such bids or proposals shall be received by the commission on the day and hour stated in the publication and such commission shall thereupon examine all such bids or proposals as may be submitted and shall accept the proposals of the lowest and most responsible bidder, provided the price at which it is proposed such work would be constructed is not greater than the total estimated cost of such project as prepared by such commission or such commission may reject any or all of such bids. If the price submitted for the construction of such works should be greater than the total estimated cost prepared by the commission, the commission shall arrange for a public hearing and may summon witnesses to testify as to the reasonableness of any price or terms which may have been submitted or may receive other proposals and the commission may, after a careful consideration of all evidence which may be submitted and representations that may be made at such hearing, accept a proposal for a price greater than the estimated cost of the project prepared by such commission. Each bid or proposal that may be submitted shall be accompanied by a certified check made payable to the commission, equal in amount to two per cent of the estimated cost of such project, which check shall be forfeited to such commission if the individual, firm, association or corporation submitting such bid or proposal shall, after its acceptance by the commission, refuse to enter into a contract with the commission for the construction of the works of such project as provided by the general terms of such proposal and such commission shall deposit with the state treasurer the amount thus forfeited and the state treasurer shall place the same to the credit of the bond guarantee fund created under the provisions of section 38 of this act; provided, further, that no proposal for the construction of irrigation work shall be accepted until the commission shall have satisfied itself that the individual, firm, association or corporation submitting the same is financially able to carry the undertaking to completion within the time specified and under the terms provided and for the amount agreed to in such proposal.

Contract to be entered into. Bond. Plans part of contract. Beginning of work. Failure to complete.

§ 16. The individual, firm, association or corporation, whose proposal for the construction of the works of any irrigation project to be constructed under the provisions of this act has been accepted by the commission shall, within a period of thirty days from the date of such acceptance be prepared to enter into a contract with such commission for the construction of such works in accordance with the plans, specifications and terms upon which the acceptance of such proposal is based, such contract to be accompanied by a satisfactory bond on the part of the proposed contractor for the construction of such works, which bond shall be in a penal sum equal to fifteen per cent of the estimated cost of the works and shall be conditioned for the faithful performance of the provisions of the contract with the state of California, but the commission shall have the authority to extend the time of entering into such agreement, but such time shall not be extended more than ninety days from the date of the acceptance of such proposal. The plans, specifications and terms upon which the accepted proposal is based, shall be made a part of the contract; the time for the completion of the works shall also be stated, which shall not be more than five years from the date of the acceptance of the proposal; but, in the case of works of great magnitude the commission shall have authority to extend the time for completion not exceeding two years. All contracts shall state that work shall begin within three months from the date of the contract and that such work shall be prosecuted diligently and continuously and at a rate commensurate with the magnitude of the undertaking and which would, at all times, insure its completion by the time agreed to in such contract; provided, further, that if there shall be an interruption of work on any of the controlling features of such project, as may be determined by the state engineer, caused by flood, storms, or other natural causes, the commission may grant an extension equal to such delay. All work to be done under the provisions of this act shall be in pursuance of plans and specifications to be prepared by the state engineer and all such work shall be under his supervision and shall be completed to his satisfaction. A failure to complete the works within the time required by the contract or an extension thereof as herein provided shall forfeit to the state all rights under the same.

Failure to begin on time. Proposal to complete.

§ 17. Upon the failure of any parties having a contract with the state for the construction of irrigation works to begin the same within the time specified by the contract or to complete the same within the time or in accordance with the specifications of the contract to the satisfaction of the commission, it shall be the duty of the commission to give such parties written notice of such failure and if after a period of thirty days from the sending of such notice, they shall fail to proceed with the work or to conform to the specifications of their contract with the state, the bond and contract of such parties and all work that may have been performed under such contract and all the material entering therein or which may be delivered or the works constructed or to be constructed thereunder shall be at once and thereby forfeited to the state; and it shall be the duty of the commission at once to so declare and give notice once each week for a period of four weeks in some newspaper in general circulation in the county or counties in which the work is situated and in one newspaper at the state capital, in like manner and for a like period of the forfeiture of such contract and that upon a fixed day, proposals will be received at the office of the commission for the completion of such contract and the time for receiving said proposals shall be at least sixty days subsequent to the issuing of the last notice of forfeiture. And the commission shall have authority to accept a proposal for such completion and may enter into a contract for the same as in the case of an original proposal; and if by reason of a failure or forfeiture under a contract or for any other cause the total cost of a project should exceed the original

estimated irrigation charge, the commission shall have the authority to make such equitable distribution or addition of any such excess or increased cost to any or all of the farm units of such district as, in the judgment of such commission may be deemed just and such adjusted or increased irrigation charge shall, thereafter, be the basis for all assessments against such farm units as contemplated by the provisions of this act.

Payments to contractor.

§ 18. The contract for the construction of works of a district shall provide that payments shall be made to the contractor only as lands are open to entry from time to time and there shall be due and payable at such times only such amounts as would equal the total irrigation charge against such land as shall have been provided with means of irrigation.

Classification of lands. Farm units.

§ 19. As soon as the estimated irrigation charge shall have been determined, it shall be the duty of the state engineer to make a classification of the lands of such district, dividing it into farm units and noting the location and area of the irrigable and non-irrigable land of each of such farm units, which may be of varying size, but none of such farm units shall be greater than one hundred sixty acres or less than twenty acres and he shall charge the irrigation charge or cost of the project against such farm units in the proportion of the benefits which it is estimated would be derived by each of such farm units from the construction of such works; and the amount thus charged against any farm unit, or the proportion which such charge bears to the total cost of such project, shall be the basis of assessment during the period of construction and when construction is completed and the irrigation charge is finally adjusted shall be and remain the basis of all assessments which may thereafter be made against such farm units under the lien that may be created against any or all of the lands of such project in pursuance of the provisions of this act, and of the act of congress approved June 11, 1896. [29 Stats. 413-434.]

Map filed with recorder. Resolution recorded. Private lands within project.

§ 20. Whenever the commission shall decide to proceed with the construction of works for the irrigation of the lands of a state irrigation district and to issue bonds for the payment of the same, and before any of such lands shall be open for entry, the commission shall file for record in the office of the county recorder, in the county or counties in which such lands may be situated, a map on tracing linen, on a scale not less than two inches to the mile, on which shall be shown the lands of such state irrigation district that are to be irrigated, subdivided into farm units, together with a list of such farm units; and there shall be noted on such map in each farm unit subdivision and on such list of lands the irrigation charge which has been made against each of such farm units, which charge shall serve as a basis for assessments as provided in section nineteen of this act. And there shall also be recorded a certified copy of the resolution of the commission providing that such irrigation charge shall become a lien against the lands of the district and the subdivisions thereof on the basis indicated on such map and list; also a certified copy of the resolution or resolutions providing for the issuing of bonds for the construction of such works shall be filed for record by the commission with such recorder or recorders. Any owner of private lands, situated within the limits of a project to be constructed under the provisions of this act may have such lands included in such project, by entering into an agreement with the commission, which agreement shall provide that an equitable portion of the cost of such works shall be charged against such land on the same basis and in the same manner followed in the case of the public lands of the project and that any area of land in private ownership, which it may be desired to thus include, in excess of any farm unit area which shall be decided by the commission and not to exceed 160 acres, shall be subdivided

vided by the state engineer into farm units and sold by the commission at a price and on terms to be agreed to with the commission, the price at which such land may be sold to be not greater than two and one-half times its assessed value at the time such agreement is made; and such owner shall also agree that the cost of irrigation shall be a first lien against his land, the terms of such lien to be the same in every respect as the lien which may be created against the public land of the project; and he shall execute a mortgage against such land as would enable the commission to establish such a lien; also that such land shall be incorporated into and be subject to all assessments which may be made by order of such commission; and, when the owner of any privately owned lands shall have thus entered into such contract the commission may, if it shall be deemed to be the best interests of the project, declare such privately owned lands a part of the project and of the state irrigation district, which is to be created or may have been created and shall indicate each unit of such lands, with the irrigation charge noted, on the map of such district and shall add such lands to the list of lands to be recorded as herein provided.

Amended map filed on completion of works.

§ 21. Upon the final completion of the works of a project the commission shall file for record with the county recorder of the county or counties in which the project is situated, an amended map of the project and a list of all lands on which shall be noted the irrigation charges as they may finally be adjusted by the commission, together with appropriate resolutions in relation thereto, and such amended map and list and resolution shall then become the final basis of all future assessments to be made against the lands of such project in carrying out the provisions of this act; and, the recorder of a county in which such project or any portion of a project is situated shall at the request of the commission receive and record all resolutions of the commission relating to the creation of a lien against the lands of a state irrigation district and the list of the lands thereof and shall file in a plat book to be provided for such purpose all the maps and plats of the lands of such district that may be offered for record.

Assignment of entry. Cancellation of entry.

§ 22. No entry of land made under the provisions of this act shall be assignable except to the state of California, and shall not be re-entered until at least sixty days after such assignment and not until the register has by publication, once each week for a period of four weeks in a newspaper published in the county in which such land is situated and in another newspaper of general circulation to be selected by the register advertised that such land will be open to re-entry at the office of the commission or its agent in the county in which such land is situated at an hour and date which shall be not less than fifteen nor more than thirty days subsequent to the last date of such publication and describing such land and the appraised value of any improvements which may have been placed upon the same as determined by the commission and stating that the right to re-enter any such farm unit or units will be awarded to the highest qualified bidder for the same; and the commission shall not be obliged to return to the previous entryman all or any portion of any amount which may thus be received from the sale of the improvements which may have been placed upon such entry by him, the value of which shall have been appraised, but the commission may place any or all of the money thus received in the bond guarantee fund of such district. The commission shall cancel any entry for non-compliance with the provisions of this act relating to the payment of tolls, water rentals or assessments or for failure to cultivate or reside upon such entry in the manner provided by this act and in accordance with the rules and regulations in relation to the same as may be provided by such commission, and, in the event of such cancellation such entry shall be re-entered in the manner herein provided.

Entryman to become resident. Final proof. Patent. Rules of commission.

§ 23. Within six months after entering land under the provisions of this act the entryman shall become an actual and bona fide resident upon such land and shall continue to reside upon such land during at least six months of each year until patent shall have been granted to him for the land embraced in such entry. And within the irrigation season next following the date of entry of land the entryman shall prepare for irrigation and shall irrigate and cultivate to crops twenty-five per cent of the irrigable area of such entry and during the second irrigation season he shall prepare for irrigation and shall irrigate and cultivate to crops one-half of the irrigable area of such entry; and, during the third irrigation season he shall prepare for irrigation and shall irrigate and cultivate to crops seventy-five per cent of the irrigable land of such entry. Such classification as to irrigability to be made by the state engineer, as provided in section 19 of this act. Four years from the date of entry the entryman shall offer final proof of residence upon and cultivation of his entry before the register or a representative of such register in the county in which such land is situated and if such final proof is accepted the commission shall issue a patent in the name of the state to such entryman; provided, that at the time of such final proof seventy-five per cent of the irrigable area of such entry shall have been prepared for irrigation and shall be irrigated and cultivated. The commission shall provide suitable rules for the filing of proposals for constructing irrigation works and for the entry of and the payment for the land by settlers; for offering annual and final proof and for the forfeiting of entry upon failure to comply with the provisions of this act, and in relation to other duties and obligations of the entryman in carrying out the provisions of the act. Such rules and regulations shall be designed to carry out the chief purpose of this act which is that speculation in such lands may be prevented and that they may be entered by actual settlers who will put them to the beneficial use intended so repayment of the cost of reclamation may be assured.

Order of construction of works. Open to public.

§ 24. The construction of all irrigation works of a state irrigation district shall be prosecuted in regular order beginning at the upper end of such district to be irrigated and continuing towards the lower end, and all diverting works, main canals, laterals and structures shall be completed as such work proceeds, so that all the land tributary thereto may be irrigated and whenever irrigation facilities shall have been completed for the irrigation of one-fifth of the area of an irrigation district the commission shall accept such works, provided they shall have been completed to the satisfaction of the state engineer; and thereupon the commission shall, within thirty days from such acceptance declare open to public entry such portions of the lands of such project as have been provided with irrigation facilities and for which water is available for irrigation; and it shall be the duty of the commission, by publication once each week in some newspaper of the county in which such lands are situated and one newspaper each in Sacramento, San Francisco, and Los Angeles, for a period of four weeks to give notice that said land is open for settlement, the price for which said land will be sold to settlers by the state and the average irrigation charge against such land and the terms of payment; also any privately owned lands which may be held under contract for sale by the commission and the price at which such land will be sold to actual settlers and the terms of the same; and, from time to time thereafter as works are completed for the irrigation of the lands of such district such works shall be accepted and such land shall be thrown open to entry; but each of the first four public openings of lands of a district shall contain an area not less than one-fifth of the total area of the district unless one of such openings shall include all the remaining lands of such district.

Qualifications of applicants. First payment. Price of lands.

§ 25. Any citizen of the United States or any person having declared his intentions to become a citizen of the United States, excepting married women, unless head of a family, over the age of twenty-one years, may make application, under oath to the register, or his agent, to enter a single farm unit and such application shall set forth that the person desiring to make such entry does so for the purpose of actual reclamation, cultivation and settlement in accordance with the act of congress and the laws of this state relating thereto, and that the applicant has never received the benefit of the provisions of this act and that such application is made subject to such rights of way as may be deemed necessary by the commission for the construction of irrigation works and their proper operation and maintenance thereafter, and to all the provisions of this act with respect to the lien against such land which may have been created or may be created by the authority of the commission, and subject to the authority of the commission in all matters relating to the levying and collecting of assessments, tolls and water rentals of every kind and subject to the authority of the commission in relation to the control and operation of the irrigation system. All applications for entry shall be accompanied by a payment of one dollar per acre, which will be returned to the applicant if the application is not allowed. If the application is allowed a certificate shall be issued to the applicant and all certificates when issued shall be recorded in a book to be kept for that purpose. The commission will dispose of all lands accepted by the state under the provisions of this act, at a uniform price of one dollar per acre. The application shall also be accompanied by any amounts or charges which may have been assessed against such land and which are due and payable; also by a payment of not less than ten per cent, nor more than twenty per cent of the irrigation charge made against the farm unit applied for, as the commission, in its discretion may decide, and such payment shall be a uniform percentage of such irrigation charge against all the lands of such district and such payment shall be deposited by the commission with the state treasurer, in a fund to be known as the state irrigation district bond guarantee fund to be employed by the commission as provided by section 38 of this act, and a similar payment shall be made by the owner or holder of any privately owned land which may have been included in such district and by the purchaser or purchasers of any of such land which may be sold by the commission under contract provided in section 20 of this act and the payment thus made shall also be placed in such bond guarantee fund; provided, in the case of such private lands the payment of such percentage of the irrigation charge shall be made at the time such lands are included in such district or when such lands are sold by the commission or under its authority.

Assessments based on irrigation charge.

§ 26. On or before the first Monday in August in each year the commission shall prepare or cause to be prepared a list of assessments to be levied under the provisions of this act, such assessments to be based upon the irrigation charge made against the lands of such district on the basis provided in section 19 of this act. Such commission shall compute and enter in a separate column of the assessment book the respective sums in dollars and cents to be paid as an assessment on the property therein enumerated. When collected the assessment shall be paid by the commission into the office of the state treasurer, there to be apportioned to the several funds as herein provided. The assessment upon the lands of the district is a lien against the property assessed from and after the date of such assessment and the lien for the bonds and other charges of such district shall be a preferred lien and superior to any other lien which may be created and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof.

Notice that assessments are due. Delinquent list.

§ 27. On or before the first day of September the commission shall publish a notice in the newspaper of general circulation published in each county in which any portion of the district may lie that such assessments are due and payable and will become delinquent at six o'clock p. m. on the last Monday of October next thereafter and that unless paid prior thereto ten per cent will be added to the amount thereof and also the time and place at which payment of assessments may be made, which notice shall be published for the period of two weeks. The commission or its representative must attend at the time and place specified in the notice to receive assessments which must be paid in gold or silver coin. He must mark the date of payment of any assessment in the assessment book opposite the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed; and on the last Monday in October at 5 p. m. of each year if unpaid assessments are delinquent and thereafter the commission must collect thereon for the use of the district an addition of ten per cent.

Publication of delinquent list.

§ 28. On or before the first day of December the commission shall publish the delinquent list which must contain the names of the persons and the description of the property delinquent and the amount of the assessments and costs due, opposite each name and description. There shall be appended to and published with the delinquent list a notice that unless the assessments delinquent, together with cost and percentage are paid the property upon which such assessments are a lien will be sold at public auction. If the land on which such assessment is delinquent is held under a possessory right under the provisions of this act, such publication shall state that such possessory right is subject to cancellation by the commission, and if the assessments against such land are not paid within sixty days from the date of such delinquency such right shall be canceled and the land offered for re-entry in the manner provided by section 22 of this act. The publication must be made once a week for three successive weeks in a newspaper of general circulation published in the county in which the property delinquent is situated, but if any property assessed to the same person shall lie in more than one county then such publication may be made in each county in which any portion of such property may lie. The publication must designate the time and place of sale; the time of sale must be not less than twenty-eight days from the first publication and the place must be at some point designated by the commission within the district; provided, however, that if there should occur any error in the publication of the sale of the delinquent property which might invalidate a sale made thereunder and such error is discovered prior to the sale thereunder, the commission shall at once republish the sale of the property affected by such error, making such publication conform to the provisions of this act and the time of sale designated in such republication must not be less than twenty-one nor more than twenty-eight days from the first republication and the place of sale must be at some point designated by the commission within the district and stated in such republication.

Collection in addition to assessments. Sale.

§ 29. The commission must collect in addition to the assessments due on the delinquent list and ten per cent added, fifty cents on each lot, piece or tract of land separately assessed. On the day fixed for the sale or some subsequent day to which the commission may have postponed it, notice of which must be given, the commission or their representative, between the hours of 10 o'clock a. m. and 3 o'clock p. m. must commence the sale of the property advertised, commencing at the head of the list and continuing alphabetically or in numerical order of the lots or blocks until completed. The

commission may postpone the day of commencing the sale from day to day, but the sale must be completed within three weeks from the day first fixed.

Sale of certificate.

§ 30. After receiving the amount of assessments and costs the commission must make out, in duplicate, a certificate dated on the day of sale, stating when known the name of the person assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments, giving the amount and year of the assessment and specifying the time when the purchaser will be entitled to a deed. The certificate must be signed by the commission or its representative and one copy delivered to the purchaser and the other filed in the office of the county recorder of the county in which the land is situated.

Record of lands sold.

§ 31. The commission or its representative before delivering any certificate must in a book enter a description of the land sold, corresponding with the description in the certificate, the date of the sale, purchasers' names and amount paid, regularly number the description on the margin of the book and put a corresponding number on each certificate. Such book must be open to public inspection without fee during office hours when not in actual use. On filing the certificate with such county recorder the lien of the assessments vests in the purchaser and is only divested by the payment to him or to the commission for its use of the purchase money at two per cent per month from the day of sale until redemption.

Assessment book, etc., as evidence.

§ 32. The assessment book or delinquent list or a copy thereof certified by the commission or its representative showing unpaid assessments against any person or property is prima facie evidence of the assessment, the property assessed, the delinquency, the amount of assessments due and unpaid and that all the forms of the law in relation to the assessment and levy of such assessments have been complied with.

Sale of part of land. Resale. When no purchaser appears.

§ 33. The owner or person in possession of any property offered for sale for assessments due thereon may designate in writing to the commission prior to the sale what portion of the property he wishes sold, if less than the whole. But if the owner or possessor does not, then the commission may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of the interest and pay the assessments and costs due, including two dollars for the duplicate certificate of sale is the purchaser. If the purchaser does not pay the assessments and costs before 10 o'clock a. m. the following day the property on the next sale day must be resold for the assessments and costs. But in case there is no purchaser in good faith for the same on the first day that the property is offered for sale then when the property is offered thereafter for sale and there is no purchaser in good faith for the same, the whole amount of the property assessed shall be struck off to the commission as the purchaser and a certificate of sale shall be issued therefor. The commission as a purchaser at such sale shall be entitled to the same rights as a private owner and the title so acquired by the commission, subject to the right of redemption herein provided, may be conveyed by deed, executed and acknowledged by the president and secretary of such commission; provided, that authority to so convey must be offered by resolution of the commission, entered on its minutes, fixing the price at which such sale may be made and such conveyances shall not be made for a less sum than the reasonable market value of such property.

Redemption of property.

§ 34. A redemption of the property sold may be made by the owner or any party in interest within one year from the date of purchase or at any time thereafter before a deed has been made and delivered. Redemption must be made in gold or silver coin, as provided for the collection of state and county taxes and when made to the commission it shall credit the amount paid to the person or his assignee. On receiving the certificate of sale the county recorder must file it and make an entry in the book similar to that required of the commission. On the presentation of the receipt of the person named in the certificate or of the commission for its use, of the total amount of the redemption money the recorder must mark the word "redeemed," the date and by whom redeemed on the certificate and on the margin of the book where the entry of the certificate is made. If the property is not redeemed within the time herein specified the commission upon demand must make to the purchaser or his assignee a deed of the property reciting in the deed substantially the matters contained in the certificate and that no person redeemed the property during the time allowed by law for its redemption; provided, that where the property has been sold to the commission it may be redeemed as herein provided, at any time before the commission has disposed of the same. The commission shall receive from the purchaser for the use of the district two dollars for making such deed.

Recital in deed.

§ 35. § 2. The land to be so acquired and held may be within the corporate limits of the "city and county" or "city" or "town," or conveniently adjacent thereto; and in either case it shall be subject to the jurisdiction of the municipality acquiring it, and to the laws, ordinances, rules, and regulations thereof.

Determination of lands necessary.

§ 3. The board of supervisors, city council, trustees, or other municipal legislative board, or body of any incorporated "city and county," or "city," or "town," may, by ordinance, or in such manner as other municipal legislative acts are enacted, under its charter or act of incorporation, determine what lands are necessary and proper to be acquired for the uses and purposes aforesaid.

Tax levy.

§ 4. Any incorporated "city and county," or "city," or "town," may, in addition to the annual tax, levy for other municipal purposes, and at the same time and in the same manner cause to be assessed and levied upon the taxable property within the municipality an annual tax in such amount as may be deemed necessary and proper for the acquisition or maintenance or improvement of its public parks or boulevards, or both, and the revenue so obtained shall be applied to no other use or purpose.

Election to issue bonds to maintain.

§ 5. The board of supervisors, city council, trustees, or other municipal legislative body or board of any incorporated "city and county," or "city," or "town," may by ordinance or in such manner as other municipal legislative acts are enacted under its charter or act of incorporation, call an election and submit to the qualified electors of the municipality, the proposition to issue the bonds of the municipality, to a specified amount, the proceeds of the sale of which shall be applied exclusively to the acquisition, maintenance, and improvement of its public parks, or boulevards, or both. Such election shall be conducted, and the result determined substantially as are other local municipal elections of the municipality in which it is held.

Issuance of bonds. Maturity. Interest.

§ 6. If at such an election two-thirds of the qualified electors voting an assent to the issuance of the bonds, then the "city and county" or "city" or "town," having held such election may, by ordinance or in such manner as other municipal legislative acts are enacted under its charter or act of incorporation, provide for the issuance, and cause to be issued, its bonds to the amount specified and so voted for; provided, however, that said bonds shall mature and become due and payable at a time not exceeding twenty years, and shall bear interest at a rate not exceeding five per centum per annum, payable annually, and that before or at the time of the issuance of said bonds, provision shall be made for the collection of an annual tax sufficient to pay the interest thereon as it falls due, and also to constitute a sinking fund to pay the principal thereof at maturity, and not exceeding twenty years from the date thereof.

Number of. Name. Denomination.

§ 7. The bonds shall be numbered consecutively from one upwards, and shall be issued in the order of their respective numbers, commencing with number one, and there shall be attached thereto coupons for the payment of the annual interest. They shall be known and designated either as the "park and boulevard," or "park," or "boulevard" bonds of the municipality issuing them. Each bond shall not exceed in the amount of its principal one thousand dollars, and may be in any smaller amount.

How sold.

§ 8. The bonds or any number thereof so issued shall be sold to the highest bidder, after advertised notice for sealed proposals thereof; but no bid shall be accepted at less than the par value thereof, nor shall any bonds be sold during any one year in excess of the actual expenditures incurred in that year.

Proceeds, how kept and used.

§ 9. The money obtained from the sale of the bonds shall be kept in a separate fund, and shall be used exclusively for the acquisition, or maintenance, or improvement of the public parks or boulevards, or both, of the municipality issuing them, and for no other use or purpose.

Redemption.

§ 10. Whenever and as often as there shall be in the sinking fund an amount deemed sufficient for the purpose, the board of supervisors, city council, trustees, or other municipal legislative board or body of the municipality issuing the bonds, may, by ordinance or in such manner as other municipal legislative acts are enacted under its charter or act of incorporation, cause notice to be given by advertisement, that the amount (stating it) is in the sinking fund for the redemption of said bonds, and inviting sealed proposals for the redemption, surrender, and cancellation of bonds, with the interest thereon, to the specified amount in the sinking fund; and at the date designated in the notice the bids shall be opened, if any there be, and the bid or bids offering to surrender bonds for the lowest sum, not more than par value, shall be accepted. If sufficient bids shall not be received to consume the money in the sinking fund, and the whole or a portion deemed sufficient for the purpose shall still remain in the sinking fund, notice shall be given by advertisement for not less than thirty days, stating that there is an amount, to be specified in the notice, still remaining in the sinking fund to be applied to the redemption of the bonds with interest thereon having the highest numbers (specifying the numbers), and if said bonds be not presented for redemption, surrender, and cancellation within the time specified in the notice, they shall thereafter cease to draw interest, and the amount in the sinking fund shall be kept for their redemption when presented, but no more shall be paid therefor than the amount of principal and interest due at the expiration of the time specified in the aforesaid notice.

Further conditions for issue, sale and redemption of bonds.

§ 11. Any incorporated "city and county," or "city" or "town," in this state, availing itself of the privileges, benefits, and powers of this act, may, by ordinance or in such manner as other municipal legislative acts are enacted under its charter or act of incorporation, prescribe such further conditions and provisions for the issuance and sale of the bonds herein provided for and for the redemption thereof as are not inconsistent with the constitution of this state, or the provisions of this act, or its charter or act of incorporation.

Manner of advertising.

§ 12. All notices and advertisements provided for in this act shall be given by publication in a newspaper, if there be one published within the municipality; if there be

none, then by posting in at least three public places within the municipality; and when no other time is prescribed in this act, they shall be for such length of time as may by the board of supervisors, city council, trustees, or other municipal legislative board or body of the municipality be deemed and determined to be reasonable; but the bonds issued under the authority of this act, and sold to purchasers in good faith, shall not be held to be invalid for any defect in any of the notices herein provided for.

§ 13. This act shall take effect and be in force from and after the date of its passage.

1. Act superseded by San Francisco charter.—The act was superseded by the San Francisco charter, under the operation of section 8, article XI, of the constitution. —Fritz v. San Francisco, 132 Cal. 373, 64 Pac. 566.

2. Act contains complete scheme, and bonds voted under it can not be issued under charter provisions.—Where bonds were voted in San Francisco under the park and boulevard act, and the act was superseded by the charter after the election but before the bonds were issued, the bonds could not be issued under the scheme laid down in the charter, the scheme provided by the act being complete in itself. —Fritz v. San Francisco, 132 Cal. 373, 64 Pac. 566.

3. The act does not provide the sole method.—Stats. 1901, p. 27, furnishes an-

other.—The legislature may provide two independent schemes for acquiring public parks and boulevards, to either of which the municipality may resort, and the present act is not the sole method provided, the act of 1901 (Stats. 1901, p. 27), furnishing another. —Oakland v. Thompson, 151 Cal. 572, 91 Pac. 387.

See, also, San Diego v. Potter, 153 Cal. 288, 95 Pac. 146.

4. Two-thirds of the votes cast are necessary to authorize bonds.—"An" read "and."—Under section 6 the word "an" in the first sentence is evidently a typographical error, and the phrase should be read "voting and assent," so that two-thirds of the votes cast is required to authorize the issuance of the bonds. —Fritz v. San Francisco, 132 Cal. 373, 64 Pac. 566.

MAINTENANCE OF PUBLIC PARKS IN CITIES.

ACT 3762—An act to provide for the maintenance and support of the public parks heretofore created within the various cities and cities and counties of the state, and to amend the existing acts in relation thereto.

In case of a vacancy in the membership of the board, the same shall be filled by an appointee of the remaining members of the board, for the residue of the term then vacant; but all vacancies caused by the expiration of the term of office of any member of such board, or

They shall also have such powers as are therein provided, and shall be governed in all matters by the provisions of such charters. All provisions herein, and also in the act to which this is amendatory, which are not in conflict with such charters, shall apply to such board of park commissioners when so appointed. [Amendment of March 4, 1893, Stats. 1893, p. 79.]

[The amendatory act of 1893, page 79, also contained the following section: "§ 3. This act shall take effect and be in force immediately after its passage, and after which time the boards of park commissioners in cities which, at the last federal census, had a population of more than fifty thousand and less than one hundred thousand inhabitants, and which have adopted charters under the constitution and laws of this state, and which boards have heretofore been appointed under the provisions of the act to which this is amendatory, shall serve only as such board of park commissioners until a board of park commissioners is appointed under the provisions of such charters."]

§ 3. Every such board of park commissioners shall have the full and exclusive power to govern, manage, and direct the parks, avenues, and grounds which have been or shall be placed under its care and charge; to employ and appoint such superintendents, laborers, clerks, or secretaries, attorney, surveyors, engineers; to engage and employ musicians for service in the park, and other officers and assistants, as to said board shall seem necessary and expedient for the proper management of the said parks and of its affairs; to prescribe and fix the duties, authority, and compensation of such appointees and employees, and to have the management and disbursement of all funds legally appropriated or provided for the support of said parks and grounds; provided, that no moneys shall for any of said purposes be paid out of the treasury of any city, or city and county, except upon warrants duly signed by a majority of the board of park commissioners thereof, and duly audited by the auditor of such city, or city and county. [Amendment of March 24, 1893, Stats. 1893, p. 343.]

Not to be interested in contract or work. Punishment.

§ 4. It shall be a felony for any park commissioner to be interested, directly or indirectly, in any contract or work of any kind connected with the park or grounds under the control of the board of which he shall be a member; and it shall be the duty of any commissioner or other person who shall know or be informed of the violation of the section, forthwith to report the same to the governor, who shall hear the allegations and proofs in regard thereto; and if, after such hearing, he shall be satisfied of the

truth of said charge, he shall immediately remove the commissioner who has been guilty of the offense.

Annual report to supervisors and legislature.

§ 5. Every such board of park commissioners shall annually, and on the first Monday of July of each year, make to the legislature of the state, and to the board of supervisors or other municipal council of the city, or city and county, in which such board shall be acting, a full report of the proceedings, and a detailed statement of its receipts and expenditures. § 6. It shall be lawful for every such board of park commissioners to let or lease any portion of the parks or grounds under their control, not exceeding one acre in extent, to any one party, and the lease therefor shall be unassignable, nor shall any portion of such park be leased to any street or other railroad company for terms not exceeding three years, until the grounds so leased shall be required for the improvements of such parks, or for public use as a park thereof. All moneys realized from such leases shall be paid into the treasury of the city, or city and county, in which such parks shall be situated, and shall be added to the funds otherwise appropriated or provided for the support of such parks. [Amendment of March 24, 1893, Stats. 1893, p. 343.]

Such ordinances shall, within five days after their passage, be published for ten days, Sunday excepted, in a daily newspaper published in the city or city and county in which such board shall be acting, to be selected by the said board. All persons violating or offending against any such ordinances shall be deemed guilty of a misdemeanor, and shall be punished therefor on conviction in any court of competent jurisdiction.

§ 9. Every such board of park commissioners is authorized and empowered to accept and receive donations and aid from individuals and corporations, and legacies and bequests by the last wills of deceased persons, for the aid or improvement of the parks and grounds under the control of such board; and all moneys that shall be derived by any such board from such donations, legacies, and bequests shall, unless otherwise provided by the terms of such gift, legacy, or bequest, be deposited in the treasury of the city or city and county in which said parks and grounds shall be situated, and shall be withdrawn therefrom and paid out in the same manner as is provided for the payment of moneys legally appropriated for the support and improvement of such parks and grounds; provided, however, that if the moneys derived from such gifts, bequests, or legacies shall at any time exceed in amount the sum necessary for immediate expenditure on said parks and grounds, or if, in the judgment of the said board of park commissioners, it should be advisable to invest the same, or a part thereof, in some interest-bearing or productive investment, the said board of park commissioners

are hereby authorized to invest the said moneys or any part thereof in interest-bearing bonds of the government of the United States, or of the state of California, and thereafter to sell and dispose of said bonds, or to change the form of said investment, as to said board shall seem best.

All moneys collected and arising from the said tax shall be paid by the tax collector, or other officer collecting the same, into the treasury of said city, or city and county, and shall be deemed to be thereupon appropriated and set apart for the maintenance, preservation, and improvement of said parks and grounds, and shall be paid out by the treasurer upon warrants signed by a majority of the said board of park commissioners, and audited by the auditor of such city, or city and county. [Amendment of March 24, 1893, Stats. 1893, p. 343.]

Debts and expenses not to exceed appropriation.

§ 11. No board of park commissioners shall in any year incur any debt or liability nor expend any money beyond the amount of moneys legally applicable during such year to the support, preservation, and improvement of the parks and grounds under the control of such board.

Said notice shall be headed "Notice of public improvement" in letters not less than one inch in length, shall be in legible characters, and shall state the fact and date of the passage of said ordinance, and briefly describe the improvement proposed and refer to said ordinance for further particulars. .....

The city clerk shall immediately upon the completion of the mailing of said postal cards file in the office of the superintendent of streets an affidavit setting forth the time and manner of his compliance of this requirement; provided, however, that the failure of the city clerk to mail said cards or the failure of the property owners to receive same shall in no wise affect the validity of the proceedings or prevent the city council from acquiring jurisdiction to order the improvement; provided further, however, that the city council shall not pass any ordinance ordering the improvement until such affidavit is made and filed as herein prescribed. [Amendment approved June 6, 1913, Stats. 1913, p. 414. In effect August 10, 1913.]

Affidavit of person posting notices. Objection to sufficiency of notices. Determination of. Reposting notices. Protest. Hearing. Ordinance ordering work.

§ 3½. Upon the completion of the posting of the notices as provided in section three, the street superintendent shall cause to be made and filed in his office an affidavit of the person or persons who posted said notices to the effect that said notices were posted as near as possible along the exterior boundary lines of the land, as described in the ordinance of intention, which it is proposed to condemn, at not more than one hundred feet apart and not less than three in all, and shall cause a notice to be published by one insertion in a daily, weekly or semi-weekly newspaper published and circulated in said city stating, in substance that the affidavit or affidavits of posting said notices as near as possible along the exterior boundary lines of the land described in the ordinance of intention, which it is proposed to condemn, has been filed in his office, specifying the date of such filing and that all persons desiring to object to the sufficiency of such posting shall file written objections thereto with the city council not more than twenty days after the publication of said notices. Any property owner in the assessment district shall have the right to object to the sufficiency of the posting of said notices within twenty days after the publication of said notice that the affidavit or affidavits of the posting of notices has been filed. If any such objection shall be filed within the time herein provided the city council shall set a time for the hearing of the same, which time of hearing shall not be later than ten days after the expiration of said twenty days herein allowed for the filing of the objections to the sufficiency of the posting of said notices, and the clerk of the city council shall, in writing, notify each protestant of the time and place of such hearing. At such hearing the city council shall have power to overrule or sustain any such objection and its determination thereon shall be final and conclusive as to the sufficiency of said posting. If the city council shall sustain any such objection it shall direct the street superintendent to post or repost the notices as near as possible along the exterior boundary lines of the land proposed to be condemned as described in the ordinance of intention, whereon it shall have been determined by the city council that the posting of said notices was insufficient. Upon being so directed, the street superintendent shall post notices as directed by the city council and cause to be made and filed in his office an affidavit to the effect that said notices have been posted in the manner and location designated by

the city council in its order directing the said notices to be so posted or reposted. He shall also cause to be published by one insertion in a daily, weekly or semi-weekly newspaper published and circulated in said city, a notice to the effect that such posting has been made in accordance with the direction of the city council and notifying all owners of property within the assessment district that they have ten days from the date of the said publication in which to file any protest provided for in section 4 of this act, and any owner of property within the assessment district may within ten days file such protest. Any protest filed must comply with the provisions of section 4 hereof in all respects, except as to the time of the filing of the same, and shall have the same force and effect as protests as those provided for by said section 4. Upon the filing of such protests the city council shall fix a time and place for the hearing thereof, which shall be not later than fifteen days from the filing of such protests. Upon such hearing the city council shall pass upon such protests in the manner and with the effect provided in section 4 of this act and if an ordinance ordering said improvement has been passed prior to the filing of any objection to the sufficiency of the posting of notices and on such subsequent hearing it is found that the protests are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if said city council shall sustain such protests such ordinance ordering the work shall be repealed. If any such objections are filed and the city council, after hearing, determine that the posting of said notices was sufficient, it may pass an ordinance ordering the work provided no such ordinance has already been passed. If no objections to the sufficiency of the posting of the notices are filed within the time herein allowed for the filing of such objections, or if objections are filed and overruled by the city council, as herein provided, all persons shall forever be precluded from raising any objection to the validity of the proceedings on the ground that the notices were not posted as required by law. [New section approved June 6, 1913, Stats. 1913, p. 415. In effect August 10, 1913.]

Protests. Contents. Protest signed by owners of majority of frontage. Protest not signed by owners of majority of frontage.

§ 4. Any person interested, objecting to said improvement, or to the extent of the assessment district described in said ordinance of intention, may file a written protest with the clerk of the city council, within thirty days after the first publication of the notice required by section three of this act. Every such protest must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and must set forth the nature of his interest therein, and must be accompanied by the affidavit of one of the signers thereof that each signature thereof is the genuine signature of the person whose name is thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements, shall not be considered by the city council. In the case of property held by tenancy in common, if any co-tenant sign such protest, only the proportionate share of the frontage thereof represented by his interest therein, shall be counted in determining the amount of frontage represented by such protest. The clerk shall indorse on every such protest the date of its reception by him, and at the next regular meeting of the city council, after the expiration of the time for filing protests, shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council at said meeting or at any other time to which the hearing of said protests may be adjourned, finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protests to the city

council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall, in the meantime, petition therefor. If such protests are against the improvement and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if such protests are only against the extent of the assessment district, the council shall hear said protests at said meeting, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall be deemed to have acquired jurisdiction to order the improvement described in the ordinance of intention. [Amendment of April 26, 1917. In effect July 27, 1917. Stats. 1917, p. 205.]

Condemnation proceedings.

§ 5. Having acquired jurisdiction, the city council shall, by ordinance, order said improvement to be made, and direct an action to be brought by the city attorney in the proper superior court, in the name of the municipality, for the condemnation of the property necessary or convenient to be taken therefor. Such ordinance need not describe the property to be taken, nor the assessment district, but must refer to the ordinance of intention for all particulars.

When action must be brought.

§ 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for bringing such action for an additional period not exceeding ninety days. Said action shall in all respects be subject to and governed by such provisions of the Code of Civil Procedure now existing, or that may be hereafter adopted as may be applicable thereto, except in the particulars otherwise provided for in this act.

Complaint. Ordinance as evidence of necessity.

§ 7. The complaint shall set forth, or state the effect of, the ordinance of intention, and the ordinance ordering the improvement, but need not set up any other proceedings had before the bringing of the action. Said ordinances shall be conclusive evidence, in such action, of the public necessity of the proposed improvement.

Setting action for trial. Referees. View of lands. Report of findings. Measure of compensation. Subsequent improvements.

§ 8. When all parties defendant to the action have answered, or have been served with summons, and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered, may, upon five days' notice to the parties, except defendants in default, move the court to set the action for trial. If, upon the hearing of such motion, a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees, to ascertain the compensation to be paid to such defendants so waiving a trial by a jury, or by the court without a jury. Such referees must be residents, of the municipality where such improvement is to be made and over the age of twenty-one years, and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court. The referees

shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by a jury, or by the court. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall make and file with the court a written report of their findings, and of their necessary expenses, within thirty days after the date of their appointment; provided, however, that the time so allowed may be extended, upon good cause shown, by the court or judge thereof, but such extension shall not exceed ninety days; and provided further, that if any vacancy in the referees is created and filled as provided in this section, or if new referees are appointed, or if a new report from the same referee is ordered, as provided in section nine of this act, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering a new report from the same referees, and the same may be extended accordingly, as above provided. Any two of such referees who agree thereto, may make such report. For the purpose of assessing the compensation and damages the right thereto shall be deemed to have accrued at the date of the order appointing referees or of the order setting the cause for trial, as the case may be, and its actual value at that date shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken, but injuriously affected, in all cases where such damages are allowed by the provisions of this act. No improvements placed upon the property proposed to be taken, subsequent to the date of the publishing of the notice of the passage of the ordinance of intention, shall be included in the assessment of compensation or damages. The referees, or court, or jury, as the case may be, shall find separately:

Value of property.

First—The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein:

Damages to remainder.

Second—If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement. [Amendment approved June 6, 1913, Stats. 1913, p. 417. In effect August 10, 1913.]

Hearing on report. Exceptions. Notice of filing. Who may intervene. Court may confirm, etc., report. Trial by jury. Interlocutory judgment. Referees' compensation.

§ 9. Upon the filing of such report the court must, upon motion of any party, appoint a day for hearing the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all the other parties, except defendants whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time within not less than one day prior to the hearing; and any such party so filing exceptions to said report, may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report, and of the time and place appointed for the hearing of the same, to all

persons owning or having an interest in any property, included within the assessment district for said improvement described in the ordinance of intention, by causing said notice last mentioned to be published for five days in a daily newspaper published and circulated in the city; or, if there be no such daily newspaper, then by two insertions in a weekly newspaper so published and circulated. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of the report. Said notice shall require all persons owning or having an interest in any property included within said assessment district for said improvement to intervene in said action, and file, in the office of the clerk of said court, his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said notice shall also contain a description of the said assessment district as set forth in the ordinance of intention. At any time within not less than one day prior to the hearing, any person not a party to the action, owning or having an interest in any property included within said assessment district, may intervene in the action, and file his exceptions in writing to said report, specifying the grounds upon which such exceptions are based; and any such person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report, and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set aside and order a new report from the same referees, or from any referees to be appointed. If new referees are appointed, the same proceedings shall be had as upon the first reference. If there be a trial of the action by a jury, or by the court without a jury, the clerk of the court must give notice of the time and place of such trial to all persons owning or having an interest in any property within said assessment district for said improvement. Said notice shall be published in the same manner and for the same time as the notice hereinbefore in this section required to be given by said clerk, and shall require all persons owning or having an interest in any property included within said assessment district for said improvement, to intervene in said action, and to appear at the trial thereof and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. At any time within not less than one day prior to the trial, any person not a party to the action, having an interest in any property included within said assessment district, may intervene in the action, and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff, and allowed as costs in the action. When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing or trial be postponed or continued by the court to any subsequent date, no such notice need be given by the clerk of the hearing or trial upon any such postponement or continuance. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or the filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, the amount of which compensation shall be fixed by the court upon the hearing of the report, and their necessary expenses. [Amendment approved June 6, 1913, Stats. 1913, p. 418. In effect August 10, 1913.]

Appeal.

§ 10. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, or from any order granting or denying a new trial within ten days after the entry thereof.

Council may dismiss action.

§ 11. The city council may, at any time prior to the confirmation of the assessment levied to pay the expenses of said improvement as hereinafter provided, abandon the proceedings by ordinance, and cause said action to be dismissed without prejudice.

Diagram of improvement.

§ 12. Upon the entry of the interlocutory judgment the city council shall order the city engineer, or if there be no city engineer any civil engineer whom it may employ for that purpose, to make and deliver to the street superintendent a diagram of the improvement and of the property within the assessment district described in the ordinance of intention. Said diagram shall show the land to be taken for the proposed improvement and also each separate lot, piece or parcel of land within the assessment district, and the dimensions of each such lot, piece or parcel of land, and the relative location of the same to the proposed improvement.

Delivery of diagram. Completion of assessment. Total expense.

§ 13. The city engineer shall deliver said diagram to the street superintendent, and shall endorse thereon the date of such delivery. The street superintendent upon receiving the said diagram, shall proceed to assess the total expenses of the proposed improvement upon and against the lands, including the property of any railroad or street railroad within said assessment district, except the land to be taken for such improvement, in proportion to the benefits to be received from said improvement. The street superintendent shall complete said assessment within ninety days after the receipt by him of said diagram; provided, however, that the city council may, by resolution, extend the time for completing said assessment for a period not exceeding sixty days additional. The total expense of the improvement so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, and all other costs of the plaintiff in such action, the expenses of making the assessments and all expenses necessarily incurred by said municipality, in connection with the proposed improvement, for maps, diagrams, plans, surveys, searches and certificates of title to the property to be taken, and all other matters incident thereto. [Amendment approved June 6, 1913, Stats. 1913, p. 419. In effect August 10, 1913.]

What assessment must show.

§ 14. The street superintendent shall make said assessment in writing. Such assessment shall describe each lot, piece or parcel of land assessed for said improvement, and shall designate each such lot, piece or parcel of land with an appropriate number. The street superintendent shall also designate each such lot, piece or parcel of land on said diagram, with the number corresponding with the number thereof in said assessment, and said diagram shall thereupon be attached to and become and be deemed to be a part of said assessment. Such assessment shall show the total sum to be raised thereby, as hereinbefore provided, and also the items of such total sum, and opposite each lot, piece or parcel of land assessed, the amount assessed thereon, and the name of the owner thereof, if known to the street superintendent; or if the owner's name is unknown, the word "Unknown" shall be written instead of such name. Any error or mistake in the designation of the owner of any lot, piece or parcel of land, or in the particulars of his interest therein, shall not affect the validity of the assessment.

Notice to file objections.

§ 15. As soon as said assessment is completed, the street superintendent shall file the same, with the diagram attached thereto and made a part thereof as aforesaid, with the clerk of the council, who shall give notice of such filing by publication for, at least, ten days in a daily newspaper published and circulated in the municipality, or if there be no such daily newspaper, by three successive insertions in a weekly newspaper so published and circulated. Said notice shall require all persons interested to file with said clerk their objections, if any they have, to the confirmation of said assessment, within thirty days after the date of the first publication of such notice, which date shall be stated in said notice.

Objections.

§ 16. All objections shall be in writing and shall be filed with said clerk within the time prescribed in the notice required by section fifteen hereof. The clerk shall, at the next regular meeting of the city council after the expiration of the time for filing objections, lay said assessment and all objections so filed with him, before the council; and said council shall hear all such objections at said meeting, or at any other time to which the hearing thereof may be adjourned, and pass upon such assessment, and may confirm, modify, or correct said assessment, or may order a new assessment, upon which like proceedings shall be had, as in the case of an original assessment; or if there be no objections, the council shall, at any regular meeting after the expiration of the time for filing objections, confirm such assessment, and the action of the council upon such objection and assessment shall be final and conclusive in the premises.

Record of assessment. Lien of.

§ 17. The clerk of the council shall thereupon deliver to the street superintendent the assessment as confirmed by the city council, with his certificate of such confirmation, and of the date thereof. The street superintendent shall thereupon record such assessment and diagram in his office, in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made.

Publication of notice to pay assessment.

§ 18. The street superintendent shall, upon the recording of said assessment, give notice, by publication for ten days in a daily newspaper, published and circulated in such municipality, or by three successive insertions in a weekly newspaper, so published and circulated, that said assessment has been recorded in his office, and that all sums assessed therein are due and payable immediately, and that the payment of the said sums is to be made to him within thirty days after the date of the first publication, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will become delinquent, and that thereupon five per cent of the amount of each such assessment will be added thereto. When payment of any assessment is made, the street superintendent shall mark opposite such assessment, the word, "Paid," the date of payment, and the name of the person by or for whom the same is paid, and shall, if so requested, give receipt therefor. On the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the street superintendent shall certify such fact at the foot of said assessment roll, and mark each such assessment "Delinquent," and add five per cent to the amount of each delinquent assessment.

Delinquent assessment list. Publication.

§ 19. The street superintendent shall, within thirty days from the date of such delinquency, begin the publication of a list of the delinquent assessments, which list must contain a description of each parcel of property delinquent, and opposite or against each description, the name of the owner as stated in the assessment roll, and the amount of the assessment, penalty, and costs due, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land, separately assessed. The street superintendent shall append to and publish with said delinquent list a notice that unless each delinquent assessment, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in some daily newspaper published and circulated in the municipality, or for three weeks in a weekly newspaper so published and circulated. The time of sale must not be less than five days, nor more than ten days, after the expiration of the period of publication of said list, and the place of sale must be in, or in front of, the office of the street superintendent. [Amendment approved June 6, 1913, Stats. 1913, p. 420. In effect August 10, 1913.]

Delinquent payments.

§ 20. At any time after such delinquency, and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalty, and costs then due, including the cost of advertising. The street superintendent shall thereupon mark such assessment "Paid," as hereinbefore provided.

Sale of property advertised.

§ 21. On the day fixed for the sale, the street superintendent must, at the hour of ten o'clock a. m. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; provided, that he may postpone or continue the sale from day to day until all of the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and pay the amount of the assessment, penalty, and costs due, including fifty cents to the street superintendent for a certificate of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale, the same shall be struck off to the municipality, as purchaser, and the city council shall appropriate out of the general fund of the treasury, the amount required for such purchase, and shall order the city treasurer to place the same in the special fund for such improvement. No charge shall be made for the certificate of sale when the municipality is the purchaser.

Certificate of sale.

§ 22. After making the sale, the street superintendent must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for delinquent assessment (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The street superintendent must file one copy of such certificate in his office, and deliver the other to the purchaser, or if the municipality is the purchaser, to the clerk of the council, who shall file the same in his office. On the filing of the copy of such certificate in the office of the street superintendent, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The street superin-

tendent shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

Redemption from sale.

§ 23. A redemption of any parcel of property sold for delinquent assessment may be made by any party in interest, at any time prior to the execution and delivery of a deed therefor, by paying to the street superintendent the amount for which the property was sold, and in addition thereto, ten per cent thereon if paid within three months from the date of sale; twenty per cent if paid within six months; thirty per cent if paid within nine months; forty per cent if paid within twelve months, or fifty per cent if paid at any time after twelve months. When redemption is made, the street superintendent shall note that fact on the duplicate certificate of sale on file in his office, and deposit the amount paid with the city treasurer, who shall credit the purchaser named in the certificate of sale with the said amount, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the municipality is the purchaser, the treasurer shall notify the clerk of the council of the redemption, and such clerk shall thereupon cancel the certificate of sale on file in his office.

Deed to purchaser. Service of notice by street superintendent.

§ 24. At any time after the expiration of twelve months from the date of sale, the street superintendent must execute to the purchaser, or his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof, and the fact that no person has redeemed the property. The street superintendent shall receive from the applicant for a deed, one dollar for making such deed, unless the municipality is the purchaser, in which case no charge shall be made therefor, and at least thirty days before the deed is executed the street superintendent must serve upon the owner of the property, and upon the occupant of such property if the same is occupied, a written notice, setting forth a description of the property that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice and the time when the deed will be executed to the purchaser or assignee. If the said owner cannot be found, after due diligence, said notice must be posted by the street superintendent in a conspicuous place upon said property, at least thirty days before the time stated therein, at which the deed will be executed. The street superintendent must file with the city clerk an affidavit or affidavits showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, three dollars for the service of notice and the making of such affidavits, which amount shall be paid over to the street superintendent and by him paid into the city treasury. No deed for any property sold for delinquent assessment shall be made until all the provisions of this section have been complied with. [Amendment of April 26, 1917. In effect July 27, 1917. Stats. 1917, p. 207.]

Title, evidence of.

§ 25. The deed of the street superintendent shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

Disposition of funds.

§ 26. The street superintendent shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any assessments made under the provisions of this act. The city treasurer shall, on receipt thereof, place the same in a special fund, designating such fund by the name of the improvement for which the assessment was made.

Payment of awards.

§ 27. As soon as there is sufficient money in the hands of the city treasurer, in the special fund devoted to the proposed improvement, to pay the amounts awarded to the defendants by the interlocutory judgment in the action of condemnation, the said amounts shall be paid to the parties entitled thereto, or into court for their benefit. On satisfactory proof being made to the court of payment of the amounts awarded by the interlocutory judgment to the respective parties entitled thereto, or into court for their benefit, it shall direct the interlocutory judgment to be satisfied, and shall make and enter a final judgment, condemning the lands described in the complaint to the use of the plaintiff for the use specified in such complaint.

Supplementary assessment.

§ 28. In case of a deficiency in the fund for such improvement, the city council, in its discretion, may provide for such deficiency by an appropriation out of the general fund of the treasury, or by ordering a supplementary assessment to be made by the street superintendent upon the property in said assessment district in the same manner and form, and subject to the same procedure as the original assessment, and in the last named case, in order to avoid delay, the city council may advance such deficiency out of the city treasury and reimburse the treasury from the collections under such supplementary assessment. In case of a surplus in the fund for such improvement, the city council may order such surplus refunded pro rata to the parties who paid the assessments.

Meaning of certain terms.

§ 29. The following words and phrases shall, where used in this act, have the following meanings:

Publication where no paper in city.

§ 30. In case there is no daily or weekly newspaper published and circulated in the city, then such notices and delinquent lists as are herein required to be published in a

newspaper shall be posted in three of the most public places in such city, for the length of time required herein for the publication of the same in a weekly newspaper. ABANDONMENT OF PARKS.

ACT 3769—An act to authorize municipal corporations with the consent of original dedicators to abandon parks and sell and convey the land embraced therein, and reinvest the proceeds from the sale thereof in the purchase of other public grounds.

History: Approved May 27, 1915. In effect August 8, 1915. Stats. 1915, p. 1250. Amended May 3, 1919. In effect July 22, 1919. Stats. 1919, p. 237.

Parks may be sold.

§ 1. Whenever a plat or map of a townsite has been recorded in the office of the county recorder of any county, purporting to dedicate to the use of the public any tract of land lying within said townsite, as a park, and thereafter the territory embraced within said townsite has been incorporated into a municipal corporation, and the board of trustees of said municipal corporation find that said tract of land is not appropriate, convenient, or necessary for park purposes, said board of trustees may, with the consent of the original dedicator, abandon and discontinue such park, and may sell and convey the land, and devote the proceeds from the sale thereof to the purchase of other public grounds.

Purchase of other lands.

§ 2. Before abandoning or discontinuing any such park, the board of trustees must have first acquired an option to purchase other lands of at least equal area. They then shall adopt a resolution of intention, describing the park to be abandoned or discontinued, and the property to be acquired from the proceeds of the sale thereof, and fixing the time when the board of trustees will meet to take final action thereon, which time must be at least thirty days after the adoption of said resolution.

Resolution published.

§ 3. Said resolution shall be published once a week for at least three successive weeks prior to the day fixed therein for the meeting of the board of trustees, in a newspaper of general circulation published in said municipal corporation; and if no newspaper is published in said municipal corporation, then in any newspaper published in the county to be designated by said board of trustees. Should the reversioner, remainderman, or the owners of a majority of the lots abutting on said park object in writing to the abandonment or discontinuance thereof, or should the board of trustees sustain the objections made then, the proceedings therefor shall stop, but may be commenced again any time after six months, by the adoption of a new resolution of intention.

Jurisdiction acquired.

Appraisers.

Determination of damages.

§ 7. Said appraisers shall proceed with all diligence to ascertain and determine the extent of damages which will result to each lot or tract of land abutting upon the said park from the abandonment and discontinuance thereof, and file a written report of their findings with the board of trustees.

Warrants for damages.

§ 9. Upon the adoption of said report, either as filed by the appraisers or as corrected and modified by the board of trustees, warrants shall be drawn in favor of the various lot owners to whom damages have been allowed in the amount specified in said report, which said warrants shall be payable out of the fund to be derived from the sale of said park lands.

Assistance in sale.

§ 10. The board of trustees shall have power to employ such assistance, legal or otherwise, as they may deem necessary, to sell said land for the best advantage to the city, and pay such compensation therefor as they may fix.

Details of sale.

§ 11. The board of trustees may order said land sold en masse or in lots or parcels, for cash or on credit, not exceeding four years, payable in gross or in installments, as the board of trustees may deem to be most advantageous to the city; provided, however, that deferred payments shall bear a rate of interest of seven per cent per annum; they shall determine when and at what price and on what terms said land, or any part thereof shall be sold; and when authorized by a majority vote of the board of said trustees, the president and clerk shall sign, acknowledge and deliver a deed to said land, or any part thereof, in the name and under the seal of said municipal corporation and such deed when so signed, acknowledged and delivered shall convey to the purchaser thereof the title in fee to the land described in said deed. History: Approved April 23, 1915, in effect August 8, 1915. Stats. 1915, p. 115. Amended (1) April 24, 1917, in effect July 27, 1917, Stats. 1917, p. 168; (2) April 25, 1917, in effect July 27, 1917, Stats. 1917, p. 199; (3) May 5, 1917, in effect July 27, 1917, Stats. 1917, p. 261; (4) May 10, 1917, in effect July 27, 1917, Stats. 1917, p. 320; (5) May 29, 1917, in effect July 28, 1917, Stats. 1917, p. 1329; (6) May 11, 1919, in effect July 22, 1919, Stats. 1919, p. 488. Prior acts: "Commissioners of Transportation" act approved April 3, 1876, Stats. 1875-76, p. 783; repealed by the "Commissioner of Transportation" act of April 1, 1878, Stats. 1877-78, p. 969, which act was expressly repealed by the act of March 19, 1909, Stats. 1909, p. 499. Of this act the code commissioners say: "The greater part of this statute has been repealed by the constitution of 1879. Certain of its penal provisions may yet be in force. See *Dyer v. Placer County*, 90 Cal. 276, and *Giesecke v. San Joaquin County*, 109 Cal. 489. Section 2 of chap. 3 of the act superseded by Pen. C. § 369b, as adopted in 1905, §§ 4, 5, and 6 of chap. 3 of the act are superseded by Pen. C. §§ 369d, 369e, and 369f, respectively, as adopted in 1905, §§ 7 and 8 of chap. 3 of the act are superseded by 1901:666." The board of railroad commissioners provided for by § 22, art. XII of the constitution, was organized and its powers defined by the act of April 15, 1880, Stats. 1880, p. 45. The code commissioners say of this act that § 11 was probably superseded by § 489 of the Civil Code, as amended in 1905. It was also repealed by the act of March 19, 1909, Stats. 1909, p. 499, known as the "Wright Act," which was in turn repealed by the "Stetson-Eshleman Act" of February 9, 1911, Stats. 1911, p. 13, amended April 6, 1911, Stats. 1911, p. 701; repealed by the act of December 23, 1911, Stats. 1911 (ex. sess.), p. 18; amended (1) June 11, 1913, in effect August 10, 1913, Stats. 1913, p. 683; (2) June 14, 1913, in effect August 10, 1913, Stats.

1913, p. 934; repealed by the present act. The act of December 24, 1911, Stats. 1911 (ex. sess.), p. 107, turned back into the general fund of the treasury the unexpended appropriations for the railroad commission, and reappropriated that sum, and an additional sum, aggregating \$210,000 for the purpose of carrying out the newly enacted "public utilities act."

If no joint rate over a through route has been established, the schedules of the several carriers in such through route shall show the separately established rates, fares, charges and classifications applicable to the through transportation. The schedules printed as aforesaid shall plainly state the places between which property and persons will be carried, and shall also contain the classification of passengers or property in force, and shall also state separately all terminal charges, storage charges, icing charges and all other charges which the commission may require to be stated, all privileges or facilities granted or allowed, and all rules or regulations which may in any wise change, affect or determine any part, or the aggregate of, such rates, fares, charges and classifications, or the value of the service rendered to the passenger, shipper or consignee. Subject to such rules and regulations as the commission may prescribe, such schedules shall be plainly printed in large type, and a copy thereof shall be kept by every such carrier readily accessible to and for inspection by the public in every station or office of such carrier where passengers or property are respectively received for transportation, when such station or office is in charge of an agent, and in every station or office of such carrier where passenger tickets or tickets for sleeping, parlor car or other train accommodations are sold or bills of lading or waybills or receipts for property are issued. The rates, tolls, rentals and charges, as to which the commission, by the amendment of November third, nineteen hundred and fourteen to section twenty-three of article twelve of the constitution of California and this act, for the first time acquires jurisdiction, shall not in any case exceed the rates, tolls, rentals or charges in effect on November third, nineteen hundred and fourteen. Nothing in this section contained shall prevent the commission from approving or fixing rates, tolls, rentals or charges, from time to time, in excess of or less than those shown by said schedules.

Changes in form of schedule.

(c) The commission shall have power, from time to time, in its discretion, to determine and prescribe by order such changes in the form of the schedules referred to in this section as it may find expedient, and to modify the requirements of any of its orders, rules or regulations in respect to any matter in this section referred to.

Such notice shall be given by filing with the commission and keeping open for public inspection new schedules stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes will go into effect. The commission, for good cause shown, may allow changes without requiring the thirty days' notice herein provided for, by an order specifying the changes so to be made and the time when they shall take effect, and the manner in which they shall be filed and published. When any change is proposed in any rate, fare, toll, rental, charge or classification, or in any form of contract or agreement or in any rule, regulation or contract relating to or affecting any rate, fare, toll, rental, charge, classification or service, or in any privilege or facility, attention shall be directed to such change on the schedule filed with the commission, by some character to be designated by the commission, immediately preceding or following the item.

Filing of joint rates.

§ 16. The names of the several public utilities which are parties to any joint tariff, rate, fare, toll, contract, classification or charge shall be specified in the schedule or schedules showing the same. Unless otherwise ordered by the commission, a schedule showing such joint tariff, rate, fare, toll, contract, classification or charge need be filed with the commission by only one of the parties to it; provided, that there is also filed with the commission in such form as the commission may require a concurrence in such joint tariff, rate, fare, toll, contract, classification or charge by each of the other parties thereto.

United States, state etc., property may be carried free in certain cases.

4. § 20. Nothing in this act shall be taken to prohibit any public utility from itself profiting, to the extent permitted by the commission, from any economies, efficiencies or improvements which it may make, and from distributing by way of dividends, or otherwise disposing of, the profits to which it may be so entitled, and the commission is authorized to make or permit such arrangement or arrangements with any public utility as it may deem wise for the purpose of encouraging economies, efficiencies or improvements and securing to the public utility making the same such portion, if any, of the profits thereof as the commission may determine.

(b) Every telephone corporation and telegraph corporation operating in this state shall receive, transmit and deliver, without discrimination or delay, the conversations and messages of every other telephone or telegraph corporation with whose line a physical connection may have been made.

§ 24. (a) No common carrier subject to the provisions of this act shall charge or receive any greater compensation in the aggregate for the transportation of persons or of a like kind of property for a shorter than for a longer distance over the same line or route in the same direction, within this state, the shorter being included within the longer distance, or charge any greater compensation as a through rate than the aggregate of the intermediate rates; but this shall not be construed as authorizing any such common carrier to charge or receive as great a compensation for a shorter as for a longer distance or haul. Upon application to the commission, such common carrier may, in special cases, after investigation, be authorized by the commission to charge less for a longer than for a shorter distance for the transportation of persons or property, and the commission may from time to time prescribe the extent to which such carrier may be relieved from the operation and requirements of this section.

Upon application to the commission, a telephone or telegraph corporation may, in special cases, after investigation, be authorized by the commission to charge less for a longer than for a shorter distance service for the transmission of messages or conversations, and the commission may from time to time prescribe the extent to which such telephone or telegraph corporation may be relieved from the operation and requirements of this section.

To construct spur and handle freight.

(b) Under the conditions specified in the proviso in subsection (a) hereof, every railroad corporation, upon the application of any corporation or person, being a shipper or receiver or contemplated shipper or receiver of freight, shall construct upon its right of way a spur or spurs for the purpose of receiving and delivering freight thereby, and shall receive and deliver freight thereby.

Every street or interurban railroad corporation shall upon such terms as the commission shall find to be just and reasonable furnish to its passengers transfers entitling them to one continuous trip in the same general direction over and upon the portions of its lines within the same city and county, or city or town, not reached by the originating car.

Companies to furnish information.

§ 28. (a) Every public utility shall furnish to the commission in such form and such detail as the commission shall prescribe all tabulations, computations and all other information required by it to carry into effect any of the provisions of this act, and shall make specific answers to all questions submitted by the commission.

Filling blanks.

(b) Every public utility receiving from the commission any blanks with directions to fill the same shall cause the same to be properly filled out so as to answer fully and correctly each question propounded therein; in case it is unable to answer any question, it shall give a good and sufficient reason for such failure.

Books and inventory of property.

(c) Whenever required by the commission, every public utility shall deliver to the commission copies of any or all maps, profiles, contracts, agreements, franchises, reports, books, accounts, papers and records in its possession or in any way relating to its property or affecting its business, and also a complete inventory of all its property in such form as the commission may direct.

(d) No information furnished to the commission by a public utility, except such matters as are specifically required to be open to public inspection by the provisions of this act, shall be open to public inspection or made public except on order of the commission, or by the commission or a commissioner in the course of a hearing or proceeding. Any officer or employee of the commission who, in violation of the provisions of this subsection, divulges any such information shall be guilty of a misdemeanor.

The commission shall have authority to require any public utility to file monthly reports of earnings and expenses, and to file periodical or special, or both periodical and special reports concerning any matter about which the commission is authorized by this or any other act to inquire or to keep itself informed, or which it is required to enforce. All reports shall be under oath when required by the commission.

Compliance with orders.

§ 30. Every public utility shall obey and comply with each and every requirement of every order, decision, direction, rule or regulation made or prescribed by the commission in the matters herein specified, or any other matter in any way relating to or affecting its business as a public utility, and shall do everything necessary or proper in order to secure compliance with and observance of every such order, decision, direction, rule or regulation by all of its officers, agents and employees.

Supervision of public utilities vested in commission.

§ 31. The railroad commission is hereby vested with power and jurisdiction to supervise and regulate every public utility in the state and to do all things, whether herein specifically designated or in addition thereto, which are necessary and convenient in the exercise of such power and jurisdiction.

Power to change unjust rates.

§ 32. (a) Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that the rates, fares, tolls, rentals, charges or classifications, or any of them, demanded, observed, charged or collected by any public utility for any service or product or commodity, or in connection therewith, including the rates or fares for excursion or commutation tickets, or that the rules, regulations, practices or contracts, or any of them, affecting such rates, fares, tolls, rentals, charges or classifications, or any of them, are unjust, unreasonable, discriminatory or preferential, or in any wise in violation of any provision of law, or that such rates, fares, tolls, rentals, charges or classifications are insufficient, the commission shall determine the just, reasonable or sufficient rates, fares, tolls, rentals, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force, and shall fix the same by order as hereinafter provided.

Power to fix new rates.

(b) The commission shall have power, upon a hearing, had upon its own motion or upon complaint, to investigate a single rate, fare, toll, rental, charge, classification, rule, regulation, contract or practice, or any number thereof, or the entire schedule or schedules of rates, fares, tolls, rentals, charges, classifications, rules, regulations, contracts and practices, or any thereof, of any public utility, and to establish new rates, fares, tolls, rentals, charges, classifications, rules, regulations, contracts or practices, or schedule or schedules, in lieu thereof.

Power to fix joint rates. Division of rates between carriers.

§ 33. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that the rates, fares or charges in force over two or more common carriers, between any two points in this state, are unjust, unreasonable or excessive, or that no satisfactory through route or joint rate, fare or charge exists between such points, and that the public convenience and necessity demand the establishment of a through route and joint rate, fare or charge between such points, the commission may order such common carriers to establish such through route and may establish and fix a joint rate, fare or charge which will be fair, just, reasonable and sufficient, to be followed, charged, enforced, demanded and collected in the future, and the terms and conditions under which such through route shall be operated. The commission may order that freight moving between such points shall be carried by the different common carriers, parties to such through route and joint rate, without being transferred from the originating cars. In case the common carriers do not agree upon the division between them of the joint rates, fares or charges established by the commission over such through routes, the commission shall, after hearing, by supplemental order, establish such division; provided, that where any railroad which is made a party to a through route has itself over its own line an equally satisfactory through route between the termini of the joint rate, fare or charge its local rate, fare or charge over the portion of its line comprised in such through route, and the commission may, in its discretion, allow to such railroad more than its local rate, fare, or charge whenever it will be equitable so to do. The commission shall have the power to establish and fix through routes and joint rates, fares or charges over common carriers and stage or auto stage lines and to fix the division of such joint rates, fares or charges.

Power to investigate interstate rates.

§ 34. The commission shall have the power to investigate all existing or proposed interstate rates, fares, tolls, charges and classifications, and all rules and practices in relation thereto, for or in relation to the transportation of persons or property or the transmission of messages or conversations, where any act in relation thereto shall take place within this state; and when the same are, in the opinion of the commission, excessive or discriminatory or in violation of the act of congress entitled "An act to regulate commerce," approved February fourth, eighteen hundred and eighty-seven, and the acts amendatory thereof and supplementary thereto, or of any other act of congress, or in conflict with the rulings, orders or regulations of the interstate commerce commission, the commission may apply by petition or otherwise to the interstate commerce commission or to any court of competent jurisdiction for relief.

Unjust rules, etc., may be changed.

§ 35. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that the rules, regulations, practices, equipment, appliances, facilities or service of any public utility, or the methods of manufacture, distribution, transmission, storage or supply employed by it, are unjust, unreasonable, unsafe, improper, inadequate or insufficient, the commission shall determine the just, reasonable, safe, proper, adequate or sufficient rules, regulations, practices, equipment, appliances, facilities, service or methods to be observed, furnished, constructed, enforced or employed and shall fix the same by its order, rule or regulation. The commission shall prescribe rules and regulations for the performance of any service or the furnishing of any commodity of the character furnished or supplied by any public utility, and, on proper demand and tender of rates, such public utility shall furnish such commodity or render such service within the time and upon the conditions provided in such rules.

Improvements may be ordered.

§ 36. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that additions, extensions, repairs or improvements to, or changes in, the existing plant, equipment, apparatus, facilities or other physical property of any public utility or of any two or more public utilities ought reasonably to be made, or that a new structure or structures should be erected, to promote the security or convenience of its employees or the public, or in any other way to secure adequate service or facilities, the commission shall make and serve an order directing that such additions, extensions, repairs, improvements or changes be made or such structure or structures be erected in the manner and within the time specified in said order. If the commission orders the erection of a new structure, it may also fix the site thereof. If any additions, extensions, repairs, improvements or changes, or any new structure or structures which the commission has ordered to be erected, require joint action by two or more public utilities, the commission shall notify the said public utilities that such additions, extensions, repairs, improvements or changes or new structure or structures have been ordered and that the same shall be made at their joint cost, whereupon the said public utilities shall have such reasonable time as the commission may grant within which to agree upon the portion or division of cost of such additions, extensions, repairs, improvements or changes or new structure or structures, which each shall bear. If at the expiration of such time such public utilities shall fail to file with the commission a statement that an agreement has been made for a division or apportionment of the cost or expenses of such additions, extensions, repairs, improvements or changes, or new structure or structures, the commission shall have authority, after further hearing, to make an order fixing the proportion of such cost or expense to be borne by each public utility and the manner in which the same shall be paid or secured.

May order railroads to run additional cars, etc.

§ 37. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that any railroad corporation or street railroad corporation does not run a sufficient number of trains or cars, or possess or operate sufficient motive power, reasonably to accommodate the traffic, passenger or freight, transported by or offered for transportation to it, or does not run its trains or cars with sufficient frequency or at a reasonable or proper time having regard to safety, or does not stop the same at proper places, or does not run any train or trains, car or cars, upon a reasonable time schedule for the run, the commission shall have power to make an order directing any such railroad corporation or street railroad corporation to increase the number of its trains or of its cars or its motive power or to change the time for starting its trains or cars or to change the time schedule for the run of any train or car, or to change the stopping place or places thereof, or to make any other order that the commission may determine to be reasonably necessary to accommodate and transport the traffic, passenger or freight, transported or offered for transportation.

Connection between tracks may be ordered.

§ 38. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that the public convenience and necessity would be subserved by having connections made between the tracks of any two or more railroad or street railroad corporations, so that cars may readily be transferred from one to the other, at any of the points hereinafter in this section specified, the commission may order any two or more such corporations owning, controlling, operating or managing tracks of the same gauge to make physical connections at any and all crossings, and at all points where a railroad or street railroad shall begin or terminate or run near to any other railroad or street railroad. After the necessary franchise or permit has been secured from the city and county, or city or town, the commission may likewise order such physical connection, within such city and county, or city or town, between two or more railroads which enter the limits of the same. The commission shall by order direct whether the expense of the connections referred to in this section shall be borne jointly or otherwise.

May order in spur track refused by company.

§ 39. (a) Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that application has been made by any corporation or person to a railroad corporation for a connection or spur as provided in section 25 of this act, and that the railroad corporation has refused to provide such connection or spur and that the applicant is entitled to have the same provided for him under said section 25, the commission shall make an order requiring the providing of such connection or spur and the maintenance and use of the same upon reasonable terms which the commission shall have the power to prescribe. Whenever any such connection or spur has been so provided, any corporation or person shall be entitled to connect with the private track, tracks or railroad thereby connected with the railroad of the railroad corporation and to use the same or to use the spur so provided upon payment to the party or parties incurring the primary expense of such private track, tracks or railroad, or the connection therewith or of such spur, of a reasonable proportion of the cost thereof to be determined by the commission after notice to the interested parties and a hearing thereon; provided, that such connection and use can be made without unreasonable interference with the rights of the party or parties incurring such primary expense.

(b) The commission shall likewise have the power to require one railroad corporation to switch to private spurs and industrial tracks upon its own railroad the cars of a

connecting railroad corporation and to prescribe the terms and compensation for such service.

Physical connections between telephone lines may be ordered.

§ 40. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that a physical connection can reasonably be made between the lines of two or more telephone corporations or two or more telegraph corporations whose lines can be made to form a continuous line of communication, by the construction and maintenance of suitable connections for the transfer of messages or conversations, and that public convenience and necessity will be subserved thereby, or shall find that two or more telegraph or telephone corporations have failed to establish joint rates, tolls or charges for service by or over their said lines, and that joint rates, tolls or charges ought to be established, the commission may, by its order, require that such connection be made on the payment of such compensation, if any, as the commission may find to be just and reasonable, except where the purpose of such connection is primarily to secure the transmission of local messages or conversations between points within the same city and county, or city or town, and that conversations be transmitted and messages transferred over such connection under such rules and regulations as the commission may establish, and prescribe through lines and joint rates, tolls and charges to be made, and to be used, observed and in force in the future. If such telephone or telegraph corporations do not agree upon the division between them of the cost of such physical connection or connections or the division of the joint rates, tolls or charges established by the commission over such through lines, the commission shall have authority, after further hearing, to establish such division by supplemental order.

Use of conduits, etc., of one company by another may be ordered.

§ 41. Whenever the commission, after a hearing had upon its own motion or upon complaint of a public utility affected, shall find that public convenience and necessity require the use by one public utility of the conduits, subways, tracks, wires, poles, pipes or other equipment, or any part thereof, on, over, or under any street or highway, and belonging to another public utility, and that such use will not result in irreparable injury to the owner or other users of such conduits, subways, tracks, wires, poles, pipes or other equipment or in any substantial detriment to the service, and that such public utilities have failed to agree upon such use or the terms and conditions or compensation for the same, the commission may by order direct that such use be permitted, and prescribe a reasonable compensation and reasonable terms and conditions for the joint use. If such use be directed, the public utility to whom the use is permitted shall be liable to the owner or other users of such conduits, subways, tracks, wires, poles, pipes or other equipment for such damage as may result therefrom to the property of such owner or other users thereof, and the commission shall have power to ascertain and direct the payment, prior to such use, of fair and just compensation for damage suffered, if any.

The commission shall have power, after a hearing had upon its own motion or upon complaint, by general or special orders, rules or regulations, or otherwise, to require every public utility to construct, maintain and operate its line, plant, system, equipment, apparatus, tracks and premises in such manner as to promote and safeguard the health and safety of its employees, passengers, customers, and the public, and to this end to prescribe, among other things, the installation, use, maintenance and operation of appropriate safety or other devices or appliances, including interlocking and other protective devices at grade crossings or junctions and block or other systems of signalling, to establish uniform or other standards of construction and equipment,

and to require the performance of any other act which the health or safety of its employees, passengers, customers or the public may demand.

§ 43. (a) No public road, highway or street shall hereafter be constructed across the track of any railroad corporation at grade, nor shall the track of any railroad corporation be constructed across a public road, highway or street at grade, nor shall the track of any railroad corporation be constructed across the track of any other railroad or street railroad corporation at grade, nor shall the track of a street railroad corporation be constructed across the track of a railroad corporation at grade, without having first secured the permission of the commission; provided, that this subsection shall not apply to the replacement of lawfully existing tracks. The commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe.

Power to determine crossing point, etc. Payment of amount apportioned.

(b) The commission shall have the exclusive power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each crossing of one railroad by another railroad or street railroad, and of a street railroad by a railroad, and of each crossing of a public road or highway by a railroad or street railroad and of a street by a railroad or vice versa, subject to the provisions of section two thousand six hundred ninety-four of the Political Code so far as applicable, and to alter, relocate or abolish any such crossing, and to require, where in its judgment it would be practicable, a separation of grades at any such crossings heretofore or hereafter established and to prescribe the terms upon which such separation shall be made and the proportions in which the expense of the construction, alteration, relocation or abolition of such crossings or the separation of such grades shall be divided between the railroad or street railroad corporations affected or between such corporations and the state, county, municipality or other political subdivision affected. It shall be the duty of each corporation and political subdivision to which any of the expense is apportioned to pay from the funds available therefor in its treasury the amount apportioned to it at the time and to the parties specified by the order of the commission and if the same is not paid in accordance with the commission's order the corporation or political subdivision entitled thereto under the commission's order shall have the right to sue therefor in any court of competent jurisdiction. If no such funds are available as aforesaid, it shall be the duty of the appropriate boards, officers and employees intrusted with the levy and collection of the taxes or assessments of such political subdivision to do all acts necessary to include in the next succeeding tax or assessment levy the amount due and to collect the same, whereupon the amount due shall be paid over to the corporation or corporations, the state, political subdivision, or political subdivisions entitled thereto under the commission's order. The commission shall have the power by order to designate the state, certain of said corporations, and political subdivisions, affected, to do all or specified portions of the acts required by any order of the commission made under the provisions of this subsection, and to prescribe the manner and the time within which the parties so designated shall be paid or reimbursed by the other corporations, the state and political subdivisions among which the expense of the work has been apportioned by the commission.

be taken or damaged in the construction, alteration or relocation, under the order or with the approval of the commission, of elevated tracks or subways for any railroad or street railroad over or under any public road, street, highway or private right of way, or of any public road, street or highway over or under the tracks of any railroad corporation or street railroad corporation; and upon the payment of the just compensation so fixed to make a final order of condemnation as hereinafter provided.

Manner of commencing proceedings.

2. Proceedings under subsection (c) hereof may be commenced by order on the commission's own motion or by a petition filed by the state, county, city and county, incorporated city or town, other political subdivision, railroad corporation, or street railroad corporation affected. Any proceeding commenced under this subsection may be made a part of any proceeding commenced under subsection (b) hereof. Said petition shall set forth the name and interest of the petitioner, and said order on the commission's own motion and said petition shall set forth a statement of the purpose of the proceedings and the use for which property or interest in or to property is sought to be taken, a description of each piece of land or other property or interest in or to property sought to be taken, and whether the same includes the whole or only a part of an entire parcel or tract or piece of property or interest in or to property and the names and addresses of all owners and claimants thereof, if known, or a statement that they are unknown, and a statement of each railroad corporation, the state and political subdivision which in the opinion of the commission or the petitioner has an interest in the proceeding. Said petition shall pray that the commission fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in the petition, that the commission designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants of the property and interest in or to property condemned to whom such compensation shall be paid and that the commission make its final order of condemnation; provided, that when the proceeding is commenced by order on the commission's own motion said matters shall be included in the statement of the purpose of the proceeding. Said petition shall be duly verified and at the time the same is filed with the commission the petitioner shall also file the additional copies thereof equal in number to three or more than the number of owners and claimants named in the petition.

Order to appear. Service. Publication. Notice of hearing. Amendment of petition.

3. Upon the filing of said petition with the commission or the making of said order on the commission's own motion, the commission shall make its order specifying the nature of the proceeding, containing a general description of the property and interest in or to property to be condemned, and directing the owners and claimants and the railroad corporations, street railroad corporations, and governmental authorities in interest named in said petition or order on the commission's own motion, who shall also be named in said order to show cause, to appear before the commission at a time and place specified in said order, to show cause, if any they have, why the commission should not proceed after hearing to fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in said petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants to whom such compensation shall be paid and to make its final order of condemnation. Said order to show cause shall direct the secretary of the commission to serve or cause to be served upon each said owner and claimant, railroad corporation, street railroad corporation and governmental authority in interest a copy of said order certified under the seal of the commission to which shall be attached a true and correct copy of the petition or order on the commission's own motion; provided, that when the proceeding is com-

menced by order on the commission's own motion said order to show cause may be incorporated in said order on the commission's own motion. Personal service shall be made in accordance with the provisions of the Code of Civil Procedure of the state of California: provided, that service may also be made by depositing a copy of said order to show cause certified under seal of the commission with a true copy of the petition or order on the commission's own motion attached thereto or made a part thereof in the United States mail, enclosed in a sealed envelope, registered, with postage prepaid, addressed to each owner or claimant, railroad corporation, street railroad corporation and governmental authority in interest named in said petition or order on the commission's own motion. If any owner or claimant named in the petition or order on the commission's own motion resides out of the state or has departed from the state or cannot after due diligence be found within the state, or conceals himself to avoid service, or is a corporation having no managing or business agent, cashier or secretary or other officer upon whom summons may be served, who, after due diligence, cannot be found within the state, and the fact appears by affidavit to the satisfaction of the commission, and it also appears by such affidavit or by the petition or order on the commission's own motion that a cause of action exists against such owner or claimant on whom service is to be made and that he is a necessary or proper party to the proceeding, the commission may make an order that the service be made on such owner or claimant by publication of the commission's said order to show cause. Said order of the commission shall direct that the publication be made in a newspaper to be designated by the commission as likely to give notice to the owner or claimant to be served, and for such time as the commission may find to be reasonable, at least once a week, but publication against an owner or claimant residing out of the state or absent therefrom shall not be less than two months. If the address of any owner or claimant as stated in the petition or order on the commission's own motion is out of the state, the secretary of the commission shall within fifteen days after the making and filing of said order to show cause, deposit or cause to be deposited a copy of said order to show cause certified under the seal of the commission, with a true and correct copy of the petition or order on the commissions' own motion attached thereto or made a part thereof, in the United States mail, enclosed in a sealed envelope registered, with postage prepaid, addressed to such owner or claimant at the address specified in the petition or order on the commission's own motion. Personal service of a copy of the order to show cause and of the petition or order on the commission's own motion out of the state is equivalent to publication and deposit in the United States mail. Within ten days prior to the time set for the first hearing on the petition or order on the commission's own motion, which time shall be not less than thirty days after the filing of said petition or the making of said order on the commission's own motion, the secretary shall serve or cause to be served upon the petitioner a written notice of such hearing, specifying the time and place at which such hearing shall be had. In all respects not in this paragraph otherwise provided, service and the proof of service shall be made as provided by the Code of Civil Procedure of the state of California. Upon the completion of service upon the petitioner or upon any owner or claimant, railroad corporation, street railroad corporation or governmental authority in interest named in the petition or order on the commission's own motion, the commission shall have full and complete jurisdiction in so far as such petitioner, owner or claimant, railroad corporation, street railroad corporation, or governmental authority in interest is concerned, to make each finding hereafter referred to, to fix the just compensation to be paid for the acquisition of or damage to any property or interest in or to property specified in the petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owner or claimant to whom such compensation shall be paid and to make its final order of condemnation. The failure

to make such service upon any person alleging that he is an owner or claimant or party in interest but not named in the petition or order on the commission's own motion or to acquire jurisdiction over such person shall in no way affect the jurisdiction of the commission over owners and claimants and parties in interest on whom service has been made as in this paragraph provided. The commission shall have power at any time subsequent to the filing of the petition, and prior to making and filing its finding of just compensation, to authorize the amendment of the petition, or in case the proceeding is by order on the commission's own motion to amend said order, by altering or modifying the description of said property, or interest in or to property, or by adding to or deducting from said property or interest in or to property, or by bringing in any additional party or parties and in each other respect including each jurisdictional allegation.

Hearing. Finding.

4. At the time and place specified in said order to show cause, or at such other time and place as, for good cause, may be otherwise ordered by the commission, the commission shall proceed to a hearing upon the petition or order on the commission's own motion. When the proceeding has been submitted the commission shall make and file its finding upon the question whether the use to which the property or interest in or to property is to be applied is a use authorized by law and whether the taking is necessary to such use, and shall make and file its written finding and fixing the just compensation to be paid for said property or interest in or to property; provided, that if the commission finds that severance damages should be paid, the just compensation for such damages shall be found and stated separately. Said just compensation shall be fixed by the commission as of the day on which the petition was filed or the order on the commission's own motion was made. The commission shall also make its order designating the party or parties to the proceeding who shall pay the just compensation so fixed, or any portion thereof, the amounts in which it shall be paid, the times at which it shall be paid, the property or interest in or to property for which it shall be paid, and the owners and claimants of such property or interest in or to property to whom it shall be paid. The commission may prescribe any other terms or conditions with reference to the payment of such compensation as to the commission may seem proper, including a provision that the money due be paid to the commission to be distributed to the parties entitled thereto. The party or parties whom the commission may designate to pay such compensation or any part thereof shall thereupon become liable therefor, and may be sued in any court of competent jurisdiction by the party or parties entitled to such compensation as provided in the commission's order; provided, that in cases in which the order of the commission authorizing any work to be done under the provisions of this section is permissive in character and not mandatory, the commission may prescribe the time within which the party receiving such permission must elect to proceed and notify the commission thereof, and only in the event such party elects to proceed and so notifies the commission shall any liability arise in such cases to pay the just compensation or any part thereof under the provisions of this subsection. When any political subdivision of the state is designated by the commission to pay such compensation or any portion thereof the same shall be collectible in the manner provided in subsection (b) hereof for the collection of expenses apportioned by the commission to political subdivisions of the state.

Final order of condemnation.

5. When the just compensation has been paid in accordance with the commission's order made under the provisions of this subsection for property or interest in or to property, the commission shall make its final order of condemnation which must describe the property or interest in or to property condemned and the purpose of such

condemnation. A copy of said order certified under the seal of the commission shall thereupon be filed in the office of the recorder of the county in which the property or interest in or to property therein described is situated, and thereupon the property or interest in or to property described therein shall vest in the parties and for the purposes specified in said order.

Finding final. Petition for rehearing.

6. The finding of the commission on the question of the necessity for the taking and the finding, fixing the just compensation to be paid for any property or interest in or to property under the provisions of this subsection shall be final and shall not be subject to modification, alteration, reversal or review by any court of this state. The provisions of this act with reference to rehearing and review shall be applicable to the findings of the commission made and filed under the provisions of this section. Petitions for rehearing must be filed within twenty days from the date of making and filing the finding as to which a rehearing is desired. If a finding of the commission made and filed under the provisions of this section is set aside by the supreme court of the state of California, the matter shall be referred back to the commission for further action in a proceeding before the commission, and the commission shall have the right, on taking further action, to consider the entire testimony theretofore taken in the proceeding before the commission as well as such further testimony, if any, as may be presented in connection with such further action.

Procedure not exclusive.

7. The procedure provided in this section shall be alternative and cumulative and not exclusive to the right to pursue any other procedure now or hereafter established providing for the acquisition under eminent domain proceedings of property or interest in or to property.

Germane to jurisdiction.

8. The legislature hereby declares that subsection (c) hereof is enacted as a germane and cognate part of and as an aid to the jurisdiction of the railroad commission in the supervision and regulation of railroad and street railroad corporations.

Right to receive damages.

9. Nothing in this section shall be construed to entitle any owner or claimant of property and interest in or to property to receive damages when the right to receive such damages does not exist under the laws of this state apart from the provisions of this section. [Amendment of May 10, 1917. In effect July 27, 1917, Stats. 1917, p. 321.]

Upon the filing of the petition, the commission shall make its order, specifying the nature of the proceeding, containing a general description of the lands, property and rights, or the part or portion thereof which petitioner desires to acquire by condemnation, or otherwise, and directing the owners and claimants named in the petition, who shall also be named in said order, to appear before the commission at a time and place specified in the order, to show cause, if any they have, why the commission should not proceed to hear the petition and to fix the just compensation to be paid for said lands, property and rights, or said part or portion thereof. The order shall direct the secretary of the commission to serve or cause to be served upon each said owner and claimant a copy of said order, certified under the seal of the commission, to which shall be attached a true and correct copy of the petition. Service shall be made in accordance with the provisions of the Code of Civil Procedure of the state of California; provided, that service may also be made by depositing a copy of said order to show cause, certified under the seal of the commission, with a true and correct copy of the petition attached thereto, in the United States mail, enclosed in a sealed envelope, registered,

with postage prepaid, addressed to any owner or claimant at the address specified in the petition. If any owner or claimant named in the petition resides out of the state, or has departed from the state, or can not, after due diligence, be found within the state, or conceals himself to avoid service, or is a corporation having no managing or business agent, cashier or secretary or other officer upon whom summons may be served, who, after due diligence, can not be found within the state, and the fact appears by affidavit to the satisfaction of the commission, and it also appears by such affidavit or by the petition that a cause of action exists against the owner or claimant on whom the service is to be made or that he is a necessary or proper party to the proceeding, the commission shall make its order that the service be made on such owner or claimant by publication of the commission's said order to show cause. Said order of the commission shall direct that the publication be made in a newspaper to be designated by the commission as likely to give notice to the person to be served, and for such time as the commission may find to be reasonable, at least once a week; but publication against an owner or claimant residing out of the state, or absent therefrom shall not be less than two months. If the address of any owner or claimant, as stated in the petition, is out of the state, the secretary of the commission shall, within fifteen days after the making and filing of said order to show cause, deposit or cause to be deposited a copy of said order to show cause, certified under the seal of the commission, with a true and correct copy of the petition attached thereto, in the United States mail, enclosed in a sealed envelope, registered, with postage prepaid, addressed to such owner or claimant at the address specified in the petition. When publication is ordered, personal service of a copy of the order to show cause and of the petition out of the state is equivalent to publication and deposit in the United States mail. Within ten days prior to the time set for the first hearing on the petition, which time shall be not less than thirty days after the filing of the petition, the secretary of the commission shall serve or cause to be served upon the petitioner a written notice of such hearing, specifying the time and place at which such hearing will be held. In all respects not in this paragraph otherwise specified, service and the proof of service shall be made as provided by the Code of Civil Procedure of the state of California. Upon the completion of service upon the petitioner or upon any owner or claimant named in the petition, the commission shall have full and complete jurisdiction over such petitioner, owner or claimant, with full and complete jurisdiction, in so far as such petitioner, owner or claimant, is concerned, to make each finding hereinafter referred to. The failure to make service upon any person alleging that he is an owner or claimant but not named in the petition shall in no way affect the jurisdiction of the commission over owners and claimants on whom service has been made as in this paragraph provided.

Hearing on petition. Amendment of petition. Finding fixing compensation. Severance damages.

4. At the time and place specified in said order to show cause, or at such other time and place as, for good cause, may be otherwise ordered by the commission, the commission shall proceed to a hearing on the petition. At such times and in such amounts as may be directed by the commission, the political subdivision must pay to the commission all extra costs as determined by the commission, which extra costs the commission may incur to comply with the requirements of section forty-seven (b) of this act, and if such amounts are not paid by the political subdivision as directed by the commission, the commission may suspend further proceedings on the petition. Evidence may be presented by the political subdivision, by each owner or claimant named in the petition, and by the commission. The commission shall have power, at any time subsequent to the filing of the petition, and prior to making and filing its finding as to just compensation, to authorize the amendment of the petition by altering or modifying the description of said lands, property and rights, or said part or portion thereof, or by

adding to or deducting from said lands, property and rights, or said part or portion thereof, and in each other respect including each jurisdictional allegation. When the proceeding has been submitted, the commission shall make and file its written finding fixing, in a single sum, the just compensation to be paid by the political subdivision for said lands, property and rights, or said part or portion thereof; provided, that if the commission finds that severance damages should be paid, the just compensation for such damages shall be found and stated separately. Said just compensation shall be fixed by the commission as of the day on which the petition was filed with the commission.

Acceptance by owner. Execution of deed by owner. Action on failure to execute deed.

5. Within twenty days after the commission has made and filed its finding, the owner of said lands, property and rights, or of said part or portion thereof, may file with the legislative or other governing body of the political subdivision a written stipulation consenting and agreeing to accept the just compensation fixed by the commission. Upon the filing of such written stipulation, the political subdivision must proceed with all due diligence to provide the necessary funds under the law governing the providing of such funds, for paying the just compensation fixed by the commission. Whenever the just compensation has been tendered by the political subdivision, a deed of grant, bargain and sale conveying the owner's right, title and interest in and to said lands, property and rights, or said part or portion thereof, to the political subdivision, shall be executed and delivered by the owner, and the other claimants who have any right, title or interest in the property shall execute appropriate instruments of conveyance or release, conveying or releasing to the political subdivision their respective rights, titles and interests therein. If said deed or said instruments of conveyance or release are not executed and delivered within sixty days after said tender has been made, the political subdivision may commence an action in a court of competent jurisdiction or proceed otherwise in the manner and for the purpose or purposes specified in the next paragraph of this section.

Action to take lands, etc., under eminent domain proceedings. Proceedings to submit proposition to voters. Action commenced if voters approve.

6. In the case of a petition of the first class, if the owner does not file said stipulation within said twenty days, the political subdivision, within sixty days after the commission has made and filed its said finding, must commence an action in a court of competent jurisdiction in a manner in accordance with the provisions of law, to take under eminent domain proceedings said lands, property and rights, or said part or portion thereof. In the case of a petition of the second class, if the owner does not file said stipulation within said twenty days, the political subdivision, within sixty days after the commission has made and filed its said finding, must initiate proceedings for the purpose of submitting to its voters a proposition to acquire under eminent domain proceedings said lands, property and rights, or said part or portion thereof. The political subdivision shall not be required, in either case, to delay for more than twenty days after the commission has made and filed its finding, before commencing said further proceedings. In the case of a petition of the second class, if the voters of the political subdivision shall thereafter, as provided by the law governing said political subdivision, vote in favor of any proposition to acquire under eminent domain proceedings, or otherwise, said lands, property and rights, or said part or portion thereof, the political subdivision shall, within sixty days after its voters have so voted in favor of such acquisition, commence an action in a court of competent jurisdiction in a manner in accordance with the provisions of law, to take under eminent domain proceedings said lands, property and rights, or said part or portion thereof, unless the owner shall have filed with the political subdivision a written stipulation consenting and agreeing to accept the just compensation fixed by the commission.

Petition by owner on failure of political subdivision to take action. Notice to political subdivision to appear. Expenditures of owner assessed against political subdivision.

7. If the political subdivision, in a petition of the first class, fails to file said action in a court of competent jurisdiction within said period of sixty days after the commission has made and filed its said finding, or if the political subdivision, in a petition of the second class, fails to proceed diligently to submit said proposition to its voters or fails, if its voters have voted in favor of the acquisition of said lands, property and rights, or of said part or portion thereof, to file said action in a court of competent jurisdiction within sixty days after the voters have voted in favor of said acquisition, the owner of such lands, property and rights, or of said part or portion thereof, may file with the commission a verified petition in writing setting forth said fact, which petition may also set forth in detail the expenditures which the owner has necessarily incurred in the proceeding before the commission. The commission shall thereupon cause written notice of not less than ten days, with a true and correct copy of the owner's said petition attached thereto, to be served upon the political subdivision, to appear before the commission at a time and place specified in the notice, to show cause why an order should not be made by the commission (1) finding that the political subdivision has failed to pursue diligently its rights herein conferred, (2) determining that said finding as to just compensation shall no longer be of any force or effect, and (3) determining the reasonable expenditures necessarily incurred by the owner which, in the opinion of the commission, should be assessed against the political subdivision. If the commission shall determine that the political subdivision, in case of a petition of the first class, has failed to commence said action in a court of competent jurisdiction within said period of sixty days after the commission has made and filed its said finding of just compensation, or that the political subdivision, in case of a petition of the second class, has failed to proceed diligently to submit said proposition to its voters or has failed, after its voters have voted in favor of the acquisition of said lands, property or rights, or said part or portion thereof, to file said action in a court of competent jurisdiction within said sixty days after the voters have voted in favor of said acquisition, the commission shall make and file its order declaring that said finding shall no longer be of any force or effect, and make its finding as to the reasonable expenditures necessarily incurred by the owner in the proceeding before the commission, which the commission may find should be assessed against the political subdivision. The political subdivision shall thereupon be liable to the owner in the amount thus found by the commission and the owner may thereupon maintain an action against the political subdivision for said amount in any court of competent jurisdiction.

Finding of commission final. Judgment of court final.

8. The finding of the commission fixing the just compensation to be paid by the political subdivision for said lands, property and rights, or said part or portion thereof, shall be final and shall not be subject to modification, alteration, reversal or review by any court of this state. The court in which the political subdivision shall have commenced its action, subsequent to the making and filing by the commission of its finding as to just compensation, as hereinbefore specified, if said court shall first decide that the political subdivision has the right and power under the law to take said lands, property and rights, or said part or portion thereof, shall enter a judgment in favor of the complainant in said action, as provided by law, fixing as the just compensation which shall be paid for the taking of said lands, property and rights, or said part or portion thereof, the just compensation fixed by the commission. The judgment may include therein the allowance of such costs between the parties as is provided for in the law of eminent domain of this state. The judgment of said court in so far as it refers to the just compensation to be paid for said lands, property and rights, or said part or portion thereof, shall be final and shall not be subject to modification, altera-

tion, reversal or review by any court except as hereinafter in section forty-seven (b) of this act specified. The judgment of said court shall include a provision, in substance, that said judgment is subject to modification by reason of such increase or decrease in the just compensation to be paid as may thereafter be certified to said court by the commission, as hereinafter in section forty-seven (b) of this act provided.

Petition by owner asking increase in compensation. Petition by political subdivision asking decrease in compensation. Hearing. Order increasing or decreasing compensation. Judgment of court modified.

9. At any time within thirty days subsequent to the entry of said judgment of said court, the owner of said lands, property and rights, or said part or portion thereof, may file with the commission a verified petition in writing, alleging that by reason of expenditures made by the owner subsequent to the date of the filing of the original petition with the commission, for the purpose of preserving or improving said lands, property and rights, or said part or portion thereof, or by reason of other acts and occurrences subsequent to said date, the just compensation theretofore fixed by the commission should be increased and praying that the commission make its finding increasing said just compensation. At any time within thirty days subsequent to the entry of said judgment of said court, the political subdivision may file with the commission a verified petition in writing, alleging that by reason of loss or destruction of said lands, property and rights, or said part or portion thereof, or a part thereof, or by reason of depreciation or deterioration thereof or by reason of other acts and occurrences, subsequent to the date of the filing of the original petition with the commission, the just compensation theretofore fixed by the commission should be decreased and praying that the commission make its finding decreasing said just compensation. The commission shall, in each instance, cause a copy of said petition or petitions to be served upon each party, other than the petitioner, who was named as the political subdivision, owner or claimant in the original proceeding before the commission, together with a written notice specifying the time and place of hearing on said petition or petitions, which time shall be within forty-five days after the entry of said judgment by said court, and shall cause written notice of the time and place of said hearing to be served upon each petitioner in said petition or petitions. If both such petitions are filed, the commission shall have the power to consolidate said petitions for hearing and decision. After a hearing, the commission shall make and file its finding fixing, as of the date on which such finding is made and filed, the extent to which the just compensation theretofore fixed should be increased or decreased by reason of the matters alleged in said petition or petitions. If the claim is made that the just compensation theretofore fixed by the commission should be increased by reason of expenditures made by the owner subsequent to the date of the filing of the original petition with the commission for the purpose of preserving or improving said lands, property and rights, or said part or portion thereof, the commission may increase said just compensation, by reason of such expenditures, only to the extent to which the commission shall determine that such expenditures were beneficial to said lands, property and rights, or said part or portion thereof, and reasonably and prudently made. The finding of the commission fixing the extent to which the just compensation theretofore fixed should be thus increased or decreased shall be final and shall not be subject to modification, alteration, reversal or review by any court of this state. The commission shall thereupon transmit to said court its finding, certified under the seal of the commission, fixing the extent to which the just compensation theretofore fixed by the commission shall be increased or decreased. Said court shall thereupon modify its judgment so as to conform with said finding of the commission. The judgment of said court, as thus modified, in so far as it refers to the just compensation to be paid for said lands, property and rights, or said part or portion thereof, shall be final and shall not be subject to

modification, alteration, reversal or review by any court. The filing of either or both the petitions in this paragraph specified shall not act as a stay of the judgment in condemnation, but upon the payment of the just compensation fixed in the original judgment of condemnation the plaintiff in the action in said court shall be entitled to immediate possession of said lands, property and rights, or of said part or portion thereof.

Finding set aside by supreme court. Writ of review. Extension of time.

10. The provisions of this act with reference to rehearing and review shall be applicable to the findings of the commission made and filed under the provisions of section forty-seven (b) of this act. Petitions for rehearing must be filed within twenty days from the date of making and filing the finding as to which a rehearing is desired. If a finding of the commission made and filed under the provisions of section forty-seven (b) of this act is set aside by the supreme court of the state of California, the matter shall be referred back to the commission for further action in the proceeding before the commission, and the commission shall have the right, in taking further action, to consider the entire testimony theretofore taken in the proceeding before the commission as well as such further testimony, if any, as may be presented in connection with such further action. Should a writ of review be obtained from the supreme court of the state of California, the time within which the political subdivision must file an action in a court of competent jurisdiction or submit said proposition to its voters shall be extended to not more than sixty days beyond the final decision of the supreme court upon said writ of review.

Procedure not exclusive.

11. The procedure provided in section forty-seven (b) of this act shall be considered as alternative and cumulative and not exclusive and the political subdivision shall continue to have the right to pursue any other procedure now or hereafter established providing for the acquisition under eminent domain proceedings of the lands, property and rights, or any part or portion thereof, of any public utility, and section forty-seven (b) of this act shall not be construed as repealing any law of this state providing for such eminent domain proceedings. Section forty-seven (b) of this act shall not affect pending actions or proceedings, but the same may be prosecuted and defended with the same effect as though section forty-seven (b) had not been amended. [Amendment of May 5, 1917. In effect July 27, 1917, Stats. 1917, p. 261.]

System of accounts, records, etc.

§ 48. The commission shall have power to establish a system of accounts to be kept by the public utilities subject to its jurisdiction, or to classify said public utilities and to establish a system of accounts for each class, and to prescribe the manner in which such accounts shall be kept. It may also in its discretion prescribe the forms of accounts, records and memoranda to be kept by such public utilities, including the accounts, records and memoranda of the movement of traffic as well as the receipts and expenditures of moneys, and any other forms, records and memoranda which in the judgment of the commission may be necessary to carry out any of the provisions of this act. The system of accounts established by the commission and the forms of accounts, records and memoranda prescribed by it shall not be inconsistent, in the case of corporations subject to the provisions of the act of congress entitled "An act to regulate commerce," approved February fourth, eighteen hundred and eighty-seven, and the acts amendatory thereof and supplementary thereto, with the systems and forms from time to time established for such corporations by the interstate commerce commission, but nothing herein contained shall affect the power of the commission to prescribe forms of accounts, records and memoranda covering information in addition to that required

by the interstate commerce commission. The commission may, after hearing had upon its own motion or upon complaint, prescribe by order the accounts in which particular outlays and receipts shall be entered, charged or credited. Where the commission has prescribed the forms of accounts, records or memoranda to be kept by any public utility for any of its business, it shall thereafter be unlawful for such public utility to keep any accounts, records or memoranda for such business other than those so prescribed, or those prescribed by or under the authority of any other state or of the United States, excepting such accounts, records or memoranda as shall be explanatory of and supplemental to the accounts, records or memoranda prescribed by the commission.

Depreciation account.

§ 49. The commission shall have power, after hearing, to require any or all public utilities to carry a proper and adequate depreciation account in accordance with such rules, regulations and forms of account as the commission may prescribe. The commission may, from time to time, ascertain and determine and by order fix the proper and adequate rates of depreciation of the several classes of property of each public utility. Each public utility shall conform its depreciation accounts to the rates so ascertained, determined and fixed, and shall set aside the moneys so provided for out of earnings and carry the same in a depreciation fund and expend such fund only for such purposes and under such rules and regulations, both as to original expenditure and subsequent replacement as the commission may prescribe. The income from investments of moneys in such fund shall likewise be carried in such fund.

New construction only after commission's certificate.

§ 50. (a) No railroad corporation whose railroad is operated primarily by electric energy, street railroad corporation, gas corporation, electrical corporation, telegraph corporation, telephone corporation or water corporation shall henceforth begin the construction of a street railroad, or of a line, plant, or system, or of any extension of such street railroad, or line, plant, or system, without having first obtained from the commission a certificate that the present or future public convenience and necessity require or will require such construction; provided, that this section shall not be construed to require any such corporation to secure such certificate for an extension within any city and county, or city or town within which it shall have theretofore lawfully commenced operations, or for an extension into territory either within or without a city and county, or city or town, contiguous to its street railroad, or line, plant, or system, and not theretofore served by a public utility of like character, or for an extension within or to territory already served by it, necessary in the ordinary course of its business; and provided, further, that if any public utility, in constructing or extending its line, plant, or system, shall interfere or be about to interfere with the operation of the line, plant, or system of any other public utility, already constructed, the commission, on complaint of the public utility claiming to be injuriously affected, may, after hearing, make such order and prescribe such terms and conditions for the location of the lines, plants, or systems affected as to it may seem just and reasonable.

Exercise of rights under franchise only when necessity requires.

(b) No public utility of a class specified in subsection (a) hereof shall henceforth exercise any right or privilege under any franchise or permit hereafter granted, or under any franchise or permit heretofore granted but not heretofore actually exercised, or the exercise of which has been suspended for more than one year, without first having obtained from the commission a certificate that public convenience and necessity require the exercise of such right or privilege; provided, that when the commission shall find, after hearing, that a public utility has heretofore begun actual construction work and is prosecuting such work, in good faith, uninterruptedly and with reasonable

diligence in proportion to the magnitude of the undertaking, under any franchise or permit heretofore granted but not hertofore actually exercised, such public utility may proceed, under such rules and regulations as the commission may prescribe, to the completion of such work, and may, after such completion, exercise such right or privilege; and provided, further, that this section shall not be construed to validate any right or privilege now invalid or hereafter becoming invalid under any law of this state.

Articles of incorporation must be filed. Certificate authorizing construction.

(c) Before any certificate may issue, under this section, a certified copy of its articles of incorporation or charter, if the applicant be a corporation, shall be filed in the office of the commission. Every applicant for a certificate shall file in the office of the commission such evidence as shall be required by the commission to show that such applicant has received the required consent, franchise or permit of the proper county, city and county, municipal or other public authority. When a complaint has been filed with the commission alleging that a public utility of the class specified in subsection (a) of this section is engaged or is about to engage in construction work without having secured from the commission a certificate of public convenience and necessity as required by the provisions of this section, the commission shall have power, with or without notice, to make its order requiring the public utility complained of to cease and desist from such construction until the commission makes and files its decision on said complaint or until the further order of the commission. The commission shall have power, after hearing, to issue said certificate, as prayed for, or to refuse to issue the same, or to issue it for the construction of a portion only of the contemplated street railroad, line, plant or system, or extension thereof, or for the partial exercise only of said right or privilege, and may attach to the exercise of the rights granted by said certificate such terms and conditions, including provisions for the acquisition by the public of such franchise or permit and all rights acquired thereunder and all works constructed or maintained by authority thereof, as in its judgment the public convenience and necessity may require. If a public utility desires to exercise a right or privilege under a franchise or permit which it contemplates securing, but which has not as yet been granted to it, such public utility may apply to the commission for an order preliminary to the issue of the certificate. The commission may thereupon make an order declaring that it will thereafter, upon application, under such rules and regulations as it may prescribe, issue the desired certificate, upon such terms and conditions as it may designate, after the public utility has obtained the contemplated franchise or permit. Upon the presentation to the commission of evidence satisfactory to it that such franchise or permit has been secured by such public utility, the commission shall thereupon issue such certificate.

State's reserved power over utilities.

(d) The legislature hereby declares that the provisions of this section are being enacted under the state's reserved power over public utilities or corporations, or both, as the case may be, for the purpose of acting on the right of the grantee of a public utility franchise granted by a county, city and county or incorporated city or town, to exercise rights thereunder, and not for the purpose of acting on the right of any city and county or incorporated city or town to grant any such franchise. The legislature hereby declares that the provisions of this section shall be and remain in full force and effect concurrently with the right of any city and county or incorporated city or town to grant franchises for public utilities upon the terms and conditions and in the manner prescribed by law. [Amendment of April 24, 1917. In effect July 27, 1917, Stats. 1917, p. 168.]

Selling, leasing, etc., of public utilities.

§ 51. (a) No railroad corporation, street railroad corporation, pipe line corporation, gas corporation, electrical corporation, telephone corporation, telegraph corporation or water corporation shall henceforth sell, lease, assign, mortgage or otherwise dispose of or encumber the whole or any part of its railroad, street railroad, line, plant or system, necessary or useful in the performance of its duties to the public, or any franchise or permit or any right thereunder, nor by any means whatsoever, direct or indirect, merge or consolidate its railroad, street railroad, line, plant or system, or franchises or permits or any part thereof, with any other public utility, without having first secured from the commission an order authorizing it so to do. Every such sale, lease, assignment, mortgage, disposition, encumbrance, merger or consolidation made other than in accordance with the order of the commission authorizing the same shall be void. The permission and approval of the commission to the exercise of a franchise or permit under section fifty of this act, or the sale, lease, assignment, mortgage or other disposition or encumbrance of a franchise or permit under this section shall not be construed to revive or validate any lapsed or invalid franchise or permit, or to enlarge or add to the powers or privileges contained in the grant of any franchise or permit, or to waive any forfeiture. Nothing in this subsection contained shall be construed to prevent the sale, lease or other disposition by any public utility of a class designated in this subsection of property which is not necessary or useful in the performance of its duties to the public, and any sale of its property by such public utility shall be conclusively presumed to have been of property which is not useful or necessary in the performance of its duties to the public, as to any purchaser of such property in good faith for value.

Acquirement of stock of one public utility by another.

(b) No public utility shall hereafter purchase or acquire, take or hold, any part of the capital stock of any other public utility, organized or existing under or by virtue of the laws of this state, without having been first authorized to do so by the commission. Every assignment, transfer, contract or agreement for assignment or transfer of any stock by or through any person or corporation to any corporation or otherwise in violation of any of the provisions of this section shall be void and of no effect, and no such transfer shall be made on the books of any public utility. Nothing herein contained shall be construed to prevent the holding of stock heretofore lawfully acquired.

Power of public utilities to issue stocks.

§ 52. (a) The power of public utilities to issue stocks and stock certificates, and bonds, notes and other evidences of indebtedness and to create liens on their property situated within this state is a special privilege, the right of supervision, regulation, restriction and control of which is and shall continue to be vested in the state, and such power shall be exercised as provided by law and under such rules and regulations as the commission may prescribe.

Purposes for which stocks may be issued. Order authorizing issue. Hearing. Purpose of issue. Notes. No power to capitalize right to be a corporation.

(b) A public utility may issue stocks and stock certificates, and bonds, notes and other evidences of indebtedness payable at periods of more than twelve months after the date thereof, for the following purposes and no others, namely, for the acquisition of property, or for the construction, completion, extension or improvement of its facilities, or for the improvement or maintenance of its service, or for the discharge or lawful refunding of its obligations, or for the reimbursement of moneys actually expended from income or from any other moneys in the treasury of the public utility not secured by or obtained from the issue of stocks or stock certificates, or bonds, notes or other evidences of indebtedness of such public utility, for any of the aforesaid purposes

except maintenance of service and replacements, in cases where the applicant shall have kept its accounts and vouchers for such expenditures in such manner as to enable the commission to ascertain the amount of moneys so expended and the purposes for which such expenditure was made; provided, that such public utility, in addition to the other requirements of law, shall first have secured from the commission an order authorizing such issue and stating the amount thereof and the purpose or purposes to which the issue or the proceeds thereof are to be applied, and that, in the opinion of the commission, the money, property or labor to be procured or paid for by such issue is reasonably required for the purpose or purposes specified in the order, and that, except as otherwise permitted in the order in the case of bonds, notes or other evidences of indebtedness, such purpose or purposes are not, in whole or in part, reasonably chargeable to operating expenses or to income. To enable it to determine whether it will issue such order, the commission shall hold a hearing and may make such additional inquiry or investigation, and examine such witnesses, books, papers, documents and contracts and require the filing of such data as it may deem of assistance. The commission may by its order grant permission for the issue of such stocks or stock certificates, or bonds, notes or other evidences of indebtedness in the amount applied for, or in a lesser amount, or not at all, and may attach to the exercise of its permission such condition or conditions as it may deem reasonable and necessary. The commission may authorize issues of bonds, notes or other evidences of indebtedness, less than, equivalent to or greater than the authorized or subscribed capital stock of a public utility corporation, and the provisions of sections 309 and 456 of the Civil Code of this state, in so far as they contain inhibitions against the creation by corporations of indebtedness, evidenced by bonds, notes or otherwise, in excess of their total authorized or subscribed capital stock shall have no application to public utility corporations. No public utility shall, without the consent of the commission, apply the issue of any stock or stock certificate, or bond, note or other evidence of indebtedness, or any part thereof, or any proceeds thereof, to any purpose not specified in the commission's order, or to any purpose specified in the commission's order in excess of the amount authorized for such purpose, or issue or dispose of the same on any terms less favorable than those specified in such order, or a modification thereof. A public utility may issue notes, for proper purposes and not in violation of any provision of this act or any other act, payable at periods of not more than twelve months after the date of issuance of the same, without the consent of the commission, but no such note shall, in whole or in part, be refunded by any issue of stocks or stock certificates, or of bonds, notes of any term or character or any other evidence of indebtedness, without the consent of the commission. The commission shall have no power to authorize the capitalization of the right to be a corporation, or to authorize the capitalization of any franchise or permit whatsoever or the right to own, operate or enjoy any such franchise or permit, in excess of the amount (exclusive of any tax or annual charge) actually paid to the state or to a political subdivision thereof as the consideration for the grant of such franchise, permit or right; nor shall any contract for consolidation or lease be capitalized, nor shall any public utility hereafter issue any bonds, notes or other evidences of indebtedness against or as a lien upon any contract for consolidation or merger.

Account of disposition of proceeds.

(c) The commission shall have the power to require public utilities to account for the disposition of the proceeds of all sales of stocks and stock certificates, and bonds, notes and other evidences of indebtedness, in such form and detail as it may deem advisable, and to establish such rules and regulations as it may deem reasonable and necessary to insure the disposition of such proceeds for the purpose or purposes specified in its order.

Stocks issued without order void.

(d) All stock and every stock certificate, and every bond, note or other evidence of indebtedness, of a public utility, issued without an order of the commission authorizing the same then in effect shall be void, and likewise all stock and every stock certificate, and every bond, note or other evidence of indebtedness, of a public utility, issued with the authorization of the commission, but not conforming in its provisions to the provisions, if any, which it is required by the order of authorization of the commission to contain, shall be void; but no failure in any other respect to comply with the terms or conditions of the order of authorization of the commission shall render void any stock or stock certificate, or any bond, note or other evidence of indebtedness, except as to a corporation or person taking the same otherwise than in good faith and for value and without actual notice.

Penalty for unauthorized issue of stocks, etc.

(e) Every public utility which, directly or indirectly, issues or causes to be issued, any stock or stock certificate, or bond, note or other evidence of indebtedness, in non-conformity with the order of the commission authorizing the same, or contrary to the provisions of this act, or of the constitution of this state, or which applies the proceeds from the sale thereof, or any part thereof, to any purpose other than the purpose or purposes specified in the commission's order, as herein provided, or to any purpose specified in the commission's order in excess of the amount in said order authorized for such purpose, is subject to a penalty of not less than five hundred dollars nor more than twenty thousand dollars for each offense.

Penalty for unauthorized act of officer, agent, etc.

State not obligated.

(g) No provision of this act, and no deed or act done or performed under or in connection therewith, shall be held or construed to obligate the state of California to pay

or guarantee, in any manner whatsoever, any stock or stock certificate or bond, note or other evidence of indebtedness, authorized, issued or executed under the provisions of this act.

Unauthorized stocks void.

(h) All stocks and stock certificates, and bonds, notes and other evidences of indebtedness issued by any public utility after this act takes effect, upon the authority of any articles of incorporation or amendments thereto or vote of the stockholders or directors filed, taken or had, or other proceedings taken or had, previous to the taking effect of this act, shall be void, unless an order of the commission authorizing the issue of such stocks or stock certificates, or bonds, notes or other evidences of indebtedness shall have been obtained from the commission prior to such issue. The commission may by its order impose such condition or conditions as it may deem reasonable and necessary.

Rules of procedure.

§ 53. All hearings, investigations and proceedings shall be governed by this act and by rules of practice and procedure to be adopted by the commission, and in the conduct thereof the technical rules of evidence need not be applied. No informality in any hearing, investigation or proceeding or in the manner of taking testimony shall invalidate any order, decision, rule or regulation made, approved or confirmed by the commission.

Power to issue writs of summons, etc.

§ 54. The commission and each commissioner shall have power to issue writs of summons, subpoenas, warrants of attachment, warrants of commitment and all necessary process in proceedings for contempt, in the like manner and to the same extent as courts of record. The process issued by the commission, or any commissioner, shall extend to all parts of the state and may be served by any person authorized to serve process of courts of record, or by any person designated for that purpose by the commission or a commissioner. The person executing any such process shall receive such compensation as may be allowed by the commission, not to exceed the fees now prescribed by law for similar services, and such fees shall be paid in the same manner as provided herein for payment of the fees of witnesses.

Power to administer oaths, etc. Fees and mileage of witnesses.

§ 55. (a) The commission and each commissioner shall have power to administer oaths, certify to all official acts, and to issue subpoenas for the attendance of witnesses and the production of papers, waybills, books, accounts, documents and testimony in any inquiry, investigation, hearing or proceeding in any part of the state. Each witness who shall appear, by order of the commission or a commissioner, shall receive for his attendance the same fees and mileage allowed by law to a witness in civil cases, which amount shall be paid by the party at whose request such witness is subpoenaed. When any witness who has not been required to attend at the request of any party shall be subpoenaed by the commission, his fees and mileage shall be paid from the funds appropriated for the use of the commission in the same manner as other expenses of the commission are paid. Any witness subpoenaed except one whose fees and mileage may be paid from the funds of the commission, may, at the time of service, demand the fee to which he is entitled for travel to and from the place at which he is required to appear, and one day's attendance. If such witness demands such fees at the time of service, and they are not at that time paid or tendered, he shall not be required to attend before the commission or commissioner, as directed in the subpoena. All fees or mileage to which any witness is entitled under the provisions of this section may be collected by action therefor instituted by the person to whom such fees are payable. No witness furnished with free transportation shall receive mileage for the distance he may have traveled on such free transportation.

Power to compel attendance of witnesses.

(b) The superior court in and for the county, or city and county, in which any inquiry, investigation, hearing or proceeding may be held by the commission or any commissioner shall have the power to compel the attendance of witnesses, the giving of testimony and the production of papers, including waybills, books, accounts and documents, as required by any subpoena issued by the commission or any commissioner. The commission or the commissioner before whom the testimony is to be given or produced, in case of the refusal of any witness to attend or testify or produce any papers required by such subpoena, may report to the superior court in and for the county, or city and county, in which the proceeding is pending, by petition, setting forth that due notice has been given of the time and place of attendance of said witness, or the production of said papers, and that the witness has been summoned in the manner prescribed in this act, and that the witness has failed and refused to attend or produce the papers required by the subpoena, before the commission or commissioner, in the cause or proceeding named in the notice and subpoena, or has refused to answer questions propounded to him in the course of such proceeding, and ask an order of said court, compelling the witness to attend and testify or produce said papers before the commission. The court, upon the petition of the commission or such commissioner, shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in such order, the time to be not more than ten days from the date of the order, and then and there show cause why he has not attended and testified or produced said papers before the commission. A copy of said order shall be served upon said witness. If it shall appear to the court that said subpoena was regularly issued by the commission or a commissioner, the court shall thereupon enter an order that said witness appear before the commission or said commissioner at the time and place fixed in said order, and testify or produce the required papers, and upon failure to obey said order, said witness shall be dealt with as for contempt of court. The remedy provided in this subsection is cumulative, and shall not be construed to impair or interfere with the power of the commission or a commissioner to enforce the attendance of witnesses and the production of papers, and to punish for contempt in the same manner and to the same extent as courts of record.

Deposition of witnesses.

(c) The commission or any commissioner or any party may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior courts of this state and to that end may compel the attendance of witnesses and the production of books, waybills, documents, papers and accounts.

Persons not excused from testifying.

(d) No person shall be excused from testifying or from producing any book, waybill, document, paper or account in any investigation or inquiry by or hearing before the commission or any commissioner, when ordered to do so, upon the ground that the testimony or evidence, book, waybill, document, paper or account required of him may tend to incriminate him or subject him to penalty or forfeiture, but no person shall be prosecuted, punished or subjected to any penalty or forfeiture for or on account of any act, transaction, matter or thing concerning which he shall, under oath have testified or produced documentary evidence; provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him in his testimony. Nothing herein contained shall be construed as in any manner giving to any public utility immunity of any kind.

Copies of documents as evidence.

§ 56. (a) Copies of all official documents and orders filed or deposited according to law in the office of the commission, certified by a commissioner or by the secretary or the assistant secretary under the official seal of the commission to be true copies of the originals, shall be evidence in like manner as the originals.

Orders of commission to be in writing.

(b) Every order, authorization or certificate issued or approved by the commission under any provision of sections 38, 39, 40, 41, 43, 50, 51 or 52 of this act shall be in writing and entered on the records of the commission. Any such order, authorization or certificate, or a copy thereof, or a copy of the record of any such order, authorization or certificate, certified by a commissioner or by the secretary or the assistant secretary under the official seal of the commission to be a true copy of the original order, authorization, certificate or entry, may be recorded in the office of the recorder of any county, or city and county, in which is located the principal place of business of any public utility affected thereby, or in which is situated any property of any such public utility, and such record shall impart notice of its provisions to all persons. A certificate under the seal of the commission that any such order, authorization or certificate has not been modified, stayed, suspended or revoked may also be recorded in the same offices in the same manner and with like effect.

Fees charged by commission.

§ 57. The commission shall charge and collect the following fees: for copies of papers and records not required to be certified or otherwise authenticated by the commission, ten cents for each folio; for certified copies of official documents and orders filed in its office, fifteen cents for each folio and one dollar for every certificate under seal affixed thereto; for certifying a copy of any report made by a public utility, two dollars; for each certified copy of the annual report of the commission, one dollar and fifty cents; for certified copies of evidence and proceedings before the commission, fifteen cents for each folio; for certificate authorizing an issue of bonds, notes or other evidences of indebtedness, one dollar for each thousand dollars of the face value of the authorized issue or fraction thereof up to one million dollars, and fifty cents for each one thousand dollars over one million dollars and up to ten million dollars, and twenty-five cents for each one thousand dollars over ten million dollars, with a minimum fee in any case of twenty-five dollars; provided, that no fee need be paid on such portion of any such issue as may be used to guarantee, take over, refund, discharge or retire any bond, note or other evidence of indebtedness on which a fee has theretofore been paid to the commission; and provided, further, that if the commission modifies the amount of the issue requested in any case and the applicant thereupon elects not to avail itself of the commission's authorization, no fee need be paid. No fees shall be charged or collected for copies of papers, records or official documents, furnished to public officers for use in their official capacity, or for the annual reports of the commission in the ordinary course of distribution, but the commission may fix reasonable charges for publications issued under its authority. All fees charged and collected under this section shall be paid, at least one each week, accompanied by a detailed statement thereof, into the treasury of the state to the credit of a fund to be known as the "railroad commission fund," which fund is hereby created.

Right to inspect books, etc.

§ 58. The commission, each commissioner and each officer and person employed by the commission shall have the right, at any and all times, to inspect the accounts, books, papers and documents of any public utility, and the commission, each commissioner and any officer of the commission or any employee authorized to administer oaths shall

have power to examine under oath any officer, agent or employee of such public utility in relation to the business and affairs of said public utility; provided, that any person other than a commissioner or an officer of the commission demanding such inspection shall produce under the hand and seal of the commission his authority to make such inspection; and provided, further, that written record of the testimony or statement so given under oath shall be made and filed with the commission.

Office of public utility.

§ 59. (a) Each public utility shall have an office in a county of this state in which its property or some portion thereof is located and shall keep in said office all such books, accounts, papers and records as shall be required by the commission to be kept within this state. No books, accounts, papers or records required by the commission to be kept within this state shall be at any time removed from the state except upon such conditions as may be presented by the commission.

Production of records kept out of state.

(b) The commission may require, by order served on any public utility in the manner provided herein for the service of orders, the production within this state at such time and place as it may designate, of any books, accounts, papers or records kept by said public utility in any office or place without this state, or, at its option, verified copies in lieu thereof, so that an examination thereof may be made by the commission or under its direction.

By whom complaint may be made.

§ 60. Complaint may be made by the commission of its own motion or by any corporation or person, chamber of commerce, board of trade, or any civic, commercial, mercantile, traffic, agricultural or manufacturing association or organization or any body politic or municipal corporation, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public utility including any rule, regulation or charge heretofore established or fixed by or for any public utility, in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission; provided, that no complaint shall be entertained by the commission, except upon its own motion, as to the reasonableness of any rates or charges of any gas, electrical, water or telephone corporation, unless the same be signed by the mayor or the president or chairman of the board of trustees or a majority of the council, commission, or other legislative body of the city and county, or city or town, if any, within which the alleged violation occurred, or not less than twenty-five consumers or purchasers or prospective consumers or purchasers, of such gas, electricity, water or telephone service. All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of causes of action or grievances or misjoinder or nonjoinder of parties; and in any review by the courts of orders or decisions of the commission the same rule shall apply with regard to the joinder of causes and parties as herein provided. The commission shall not be required to dismiss any complaint because of the absence of direct damage to the complainant. Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the corporation or person complained of. Service in all hearings, investigations and proceedings pending before the commission may be made upon any person upon whom a summons may be served in accordance with the provisions of the Code of Civil Procedure of this state, and may be made personally or by mailing in a sealed envelope, registered, with postage prepaid. The commission shall fix the time when and place where a hearing will be had upon the complaint and shall serve notice thereof, not less than ten days before the time set for such hearing, unless the commission shall find that public necessity requires that such hearing be held at an earlier date.

Hearing of evidence. Decision. Record of proceedings. Transcript of testimony.

§ 61. (a) At the time fixed for any hearing before the commission or a commissioner, or the time to which the same may have been continued, the complainant and the corporation or person complained of, and such corporations or persons as the commission may allow to intervene, shall be entitled to be heard and to introduce evidence. The commission shall issue process to enforce the attendance of all necessary witnesses. After the conclusion of the hearing, the commission shall make and file its order, containing its decision. A copy of such order, certified under the seal of the commission, shall be served upon the corporation or person complained of, or his or its attorney. Said order shall, of its own force, take effect and become operative twenty days after the service thereof, except as otherwise provided, and shall continue in force either for a period which may be designated therein or until changed or abrogated by the commission. If an order cannot, in the judgment of the commission, be complied with within twenty days, the commission may grant and prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may on application and for good cause shown, extend the time for compliance fixed in its order. A full and complete record of all proceedings had before the commission or any commissioner on any formal hearing had, and all testimony shall be taken down by a reporter appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. In case of an action to review any order or decision of the commission, a transcript of such testimony, together with all exhibits or copies thereof introduced, and of the pleadings, record and proceedings in the cause, shall constitute the record of the commission; provided, that on review of an order or decision of the commission, the petitioner and the commission may stipulate that a certain question or questions alone and a specified portion only of the evidence shall be certified to the supreme court for its judgment, whereupon such stipulation and the question or questions and the evidence therein specified shall constitute the record on review.

Right of public utility to complain.

§ 62. Any public utility shall have a right to complain on any of the grounds upon which complaints are allowed to be filed by other parties, and the same procedure shall be adopted and followed as in other cases, except that the complaint may be heard ex parte by the commission or may be served upon any parties designated by the commission.

Increase in rate only after showing.

§ 63. (a) No public utility shall raise any rate, fare, toll, rental or charge or so alter any classification, contract, practice, rule or regulation as to result in an increase in any rate, fare, toll, rental or charge, under any circumstances whatsoever, except upon a showing before the commission and a finding by the commission that such increase is justified.

When rates go into effect.

(b) Whenever there shall be filed with the commission any schedule stating an individual or joint rate, fare, toll, rental, charge, classification, contract, practice, rule or regulation, not increasing or resulting in an increase in any rate, fare, toll, rental or charge, the commission shall have power, and it is hereby given authority, either upon complaint or upon its own initiative without complaint, at once, and if it so orders, without answer or other formal pleadings by the interested public utility or utilities, but upon reasonable notice, to enter upon a hearing concerning the propriety of such rate, fare, toll, rental, charge, classification, contract, practice, rule or regulation, and pending the hearing and the decision thereon such rate, fare, toll, rental, charge, classification, contract, practice, rule or regulation shall not go into effect; provided, that

the period of suspension of such rate, fare, toll, rental, charge, classification, contract, practice, rule or regulation shall not extend beyond one hundred and twenty days beyond the time when such rate, fare, toll, rental, charge, classification, contract, practice, rule or regulation would otherwise go into effect unless the commission, in its discretion, extends the period of suspension for a further period not exceeding six months. On such hearing the commission shall establish the rates, fares, tolls, rentals, charges, classifications, contracts, practices, rules or regulations proposed, in whole or in part, or others in lieu thereof, which it shall find to be just and reasonable. All such rates, fares, tolls, rentals, charges, classifications, contracts, practices, rules or regulations not so suspended shall, on the expiration of thirty days from the time of filing the same with the commission, or of such lesser time as the commission may grant, go into effect and be the established and effective rates, fares, tolls, rentals, charges, classifications, contracts, practices, rules and regulations, subject to the power of the commission, after a hearing had on its own motion or upon complaint, as herein provided, to alter or modify the same.

Power to rescind, etc., orders.

§ 64. The commission may at any time, upon notice to the public utility affected, and after opportunity to be heard as provided in the case of complaints, rescind, alter or amend any order or decision made by it. Any order rescinding, altering or amending a prior order or decision shall, when served upon the public utility affected, have the same effect as is herein provided for original orders or decisions.

Orders conclusive.

§ 65. In all collateral actions or proceedings, the orders and decisions of the commission which have become final shall be conclusive.

Rehearing. When cause of action accrues. Application for rehearing does not excuse. Commission may change order.

§ 66. After any order or decision has been made by the commission, any party to the action or proceeding, or any stockholder or bondholder or other party pecuniarily interested in the public utility affected, may apply for a rehearing in respect to any matters determined in said action or proceeding and specified in the application for rehearing, and the commission may grant and hold such rehearing on said matters, if in its judgment sufficient reason therefor be made to appear. No cause of action arising out of any order or decision of the commission shall accrue in any court to any corporation or person unless such corporation or person shall have made, before the effective date of said order or decision, application to the commission for a rehearing. Such application shall set forth specifically the ground or grounds on which the applicant considers said decision or order to be unlawful. No corporation or person shall in any court urge or rely on any ground not so set forth in said application. Any application for a rehearing made ten days or more before the effective date of the order as to which a rehearing is sought, shall be either granted or denied before such effective date, or the order shall stand suspended until such application is granted or denied. Any application for a rehearing made within less than ten days before the effective date of the order as to which a rehearing is sought, and not granted within twenty days, may be taken by the party making the application to be denied, unless the effective date of the order is extended for the period of the pendency of the application. If any application for a rehearing be granted without a suspension of the order involved, the commission shall forthwith proceed to hear the matter with all dispatch and shall determine the same within twenty days after final submission, and if such determination is not made within said time, it may be taken by any party to the rehearing that the order involved is affirmed. An application for rehearing shall not excuse any corporation or person

from complying with and obeying any order or decision, or any requirement of any order or decision of the commission theretofore made, or operate in any manner to stay or postpone the enforcement thereof, except in such cases and upon such terms as the commission may by order direct. If, after such rehearing and a consideration of all the facts, including those arising since the making of the order or decision, the commission shall be of the opinion that the original order or decision or any part thereof is in any respect unjust or unwarranted, or should be changed, the commission may abrogate, change or modify the same. An order or decision made after such rehearing abrogating, changing or modifying the original order or decision shall have the same force and effect as an original order or decision, but shall not affect any right or the enforcement of any right arising from or by virtue of the original order or decision unless so ordered by the commission.

Application to supreme court for review. Findings on questions of fact.

§ 67. Within thirty days after the application for a rehearing is denied, or, if the application is granted, then within thirty days after the rendition of the decision on rehearing, the applicant may apply to the supreme court of this state for a writ of certiorari or review (hereinafter referred to as a writ of review) for the purpose of having the lawfulness of the original order or decision or the order or decision on rehearing inquired into and determined. Such writ shall be made returnable not later than thirty days after the date of the issuance thereof, and shall direct the commission to certify its record in the case to the court. On the return day, the cause shall be heard by the supreme court, unless for a good reason shown the same be continued. No new or additional evidence may be introduced in the supreme court, but the cause shall be heard on the record of the commission as certified to by it. The review shall not be extended further than to determine whether the commission has regularly pursued its authority, including a determination of whether the order or decision under review violates any right of the petitioner under the constitution of the United States or of the state of California. The findings and conclusions of the commission on questions of fact shall be final and shall not be subject to review; such questions of fact shall include ultimate facts and the findings and conclusions of the commission on reasonableness and discrimination. The commission and each party to the action or proceeding before the commission shall have the right to appear in the review proceeding. Upon the hearing the supreme court shall enter judgment either affirming or setting aside the order or decision of the commission. The provisions of the Code of Civil Procedure of this state relating to writs of review shall, so far as applicable and not in conflict with the provisions of this act, apply to proceedings instituted in the supreme court under the provisions of this section. No court of this state (except the supreme court to the extent herein specified) shall have jurisdiction to review, reverse, correct or annul any order or decision of the commission or to suspend or delay the execution or operation thereof, or to enjoin, restrain or interfere with the commission in the performance of its official duties; provided, that the writ of mandamus shall lie from the supreme court to the commission in all proper cases.

Order not stayed.

§ 68. (a) The pendency of a writ of review shall not of itself stay or suspend the operation of the order or decision of the commission, but during the pendency of such writ, the supreme court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order or decision.

(b) No order so staying or suspending an order or decision of the commission shall be made by the supreme court otherwise than upon three days' notice and after hearing, and if the order or decision of the commission is suspended, the order suspending the same shall contain a specific finding based upon evidence submitted to the court and

identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage.

Suspending bond.

(c) In case the order or decision of the commission is stayed or suspended, the order of the court shall not become effective until a suspending bond shall first have been executed and filed with, and approved by the commission (or approved, on review, by the supreme court), payable to the people of the state of California, and sufficient in amount and security to insure the prompt payment, by the party petitioning for the review, of all damages caused by the delay in the enforcement of the order or decision of the commission, and of all moneys which any person or corporation may be compelled to pay, pending the review proceedings, for transportation, transmission, product, commodity or service in excess of the charges fixed by the order or decision of the commission, in case said order or decision is sustained. The supreme court, in case it stays or suspends the order or decision of the commission in any matters affecting rates, fares, tolls, rentals, charges or classifications, shall also by order direct the public utility affected to pay into court, from time to time, there to be impounded until the final decision of the case, or into some bank or trust company paying interest on deposits, under such conditions as the court may prescribe, all sums of money which it may collect from any corporation or person in excess of the sum such corporation or person would have been compelled to pay if the order or decision of the commission had not been stayed or suspended.

Accounts showing excess of charges allowed by order. Additional security. Final decision. Money not claimed.

(d) In case the supreme court stays or suspends any order or decision lowering any rate, fare, toll, rental, charge or classification, the commission, upon the execution and approval of said suspending bond, shall forthwith require the public utility affected, under penalty of the immediate enforcement of the order or decision of the commission (pending the review and notwithstanding the suspending order), to keep such accounts, verified by oath, as may, in the judgment of the commission, suffice to show the amounts being charged or received by such public utility, pending the review, in excess of the charges allowed by the order or decision of the commission, together with the names and addresses of the corporations or persons to whom overcharges will be refundable in case the charges made by the public utility, pending the review, be not sustained by the supreme court. The court may, from time to time, require said party petitioning for a review to give additional security on, or to increase the said suspending bond, whenever in the opinion of the court the same may be necessary to insure the prompt payment of said damages and said overcharges. Upon the final decision by the supreme court, all moneys which the public utility may have collected, pending the appeal in excess of those authorized by such final decision, together with interest, in case the court ordered the deposit of such moneys in a bank or trust company, shall be promptly paid to the corporations or persons entitled thereto, in such manner and through such methods of distribution as may be prescribed by the commission. If any such moneys shall not have been claimed by the corporations or persons entitled thereto within one year from the final decision of the supreme court, the commission shall cause notice to such corporations or persons to be given by publication, once a week for two successive weeks, in a newspaper of general circulation, printed and published in the city and county of San Francisco, and such other newspaper or newspapers as may be designated by the commission, said notice to state the names of the corporations or persons entitled to such moneys and the amount due each corporation or person. All moneys not claimed within three months after the publication of said notice shall be

paid by the public utility, under the direction of the commission, into the state treasury for the benefit of the general fund.

Actions under act preferred to other civil actions.

§ 69. All actions and proceedings under this act, and all actions or proceedings to which the commission or the people of the state of California may be parties, and in which any question arises under this act, or under or concerning any order or decision of the commission, shall be preferred over all other civil causes except election causes and shall be heard and determined in preference to all other civil business except election causes, irrespective of positions on the calendar. The same preference shall be granted upon application of the attorney of the commission in any action or proceeding in which he may be allowed to intervene.

Hearing on value of property. Notice. Filings of findings of fact. Hearings for making revaluation.

§ 70. For the purpose of ascertaining the matters and things specified in section forty-seven (a) of this act concerning the value of the property of public utilities, the commission may cause a hearing or hearings to be held at such time or times and place or places as the commission may designate. Before any hearing is had, the commission shall give the public utility affected thereby at least thirty days' written notice, specifying the time and place of such hearing, and such notice shall be sufficient to authorize the commission to inquire into the matters designated in this section and in said section forty-seven (a) of this act, but this provision shall not prevent the commission from making any preliminary examination or investigation into the matters herein referred to. All public utilities affected shall be entitled to be heard and to introduce evidence at such hearing or hearings. The evidence introduced at such hearing shall be reduced to writing and certified under the seal of the commission. The commission may make and file its findings of fact in writing upon such matters concerning which evidence shall have been introduced before it as, in its judgment, have bearing on the value of the property of the public utility affected. Such findings shall be subject to review by the supreme court of this state in the same manner and within the same time as other orders and decisions of the commission. The findings of the commission so made and filed, when properly certified under the seal of the commission, shall be admissible in evidence in any action, proceeding or hearing before the commission or any court, in which the commission, the state or any officer, department or institution thereof, or any county, city and county, municipality or other body politic and the public utility affected may be interested whether arising under the provisions of this act or otherwise, and such findings, when so introduced, shall be conclusive evidence of the facts therein stated as of the date therein stated under conditions then existing, and such facts can only be controverted by showing a subsequent change in conditions bearing upon the facts therein determined. The commission may, from time to time, cause further hearings and investigations to be had for the purpose of making revaluations or ascertaining the value of any additions, betterments, extensions and new construction made by any public utility subsequent to any prior hearing or investigation, and may examine into all matters which may change, modify or affect any finding of fact previously made, and may at such time make findings of fact supplementary to those theretofore made. Such hearings shall be had upon the same notice and be conducted in the same manner and the findings so made shall have the same force and effect as is provided herein for such original notice, hearing and findings; provided, that such findings made at such supplemental hearings or investigations shall be considered in connection with and as a part of the original findings, except in so far as such supplemental findings shall change or modify the findings made at the original hearing or investigation. [Amendment of May 5, 1917. In effect July 27, 1917. Stats. 1917, p. 269.]

Reparation for overcharges.

§ 71. (a) When complaint has been made to the commission concerning any rate, fare, toll, rental or charge for any product or commodity furnished or service performed by any public utility, and the commission has found, after investigation, that the public utility has charged an excessive or discriminatory amount for such product, commodity or service, the commission may order that the public utility make due reparation to the complainant therefor, with interest from the date of collection; provided, no discrimination will result from such reparation.

Suit to recover overcharges.

(b) If the public utility does not comply with the order for the payment of reparation within the time specified in such order, suit may be instituted in any court of competent jurisdiction to recover the same. All complaints concerning excessive or discriminatory charges shall be filed with the commission within two years from the time the cause of action accrues, and the petition for the enforcement of the order shall be filed in the court within one year from the date of the order of the commission. The remedy in this section provided shall be cumulative and in addition to any other remedy or remedies in this act provided in case of failure of a public utility to obey an order or decision of the commission.

Duty of commission. Duty of attorney general or district attorney.

§ 72. It is hereby made the duty of the commission to see that the provisions of the constitution and statutes of this state affecting public utilities, the enforcement of which is not specifically vested in some other officer or tribunal, are enforced and obeyed, and that violations thereof are promptly prosecuted and penalties due the state therefor recovered and collected, and to this end it may sue in the name of the people of the state of California. § 73. (a) In case any public utility shall do, cause to be done or permit to be done any act, matter or thing prohibited, forbidden or declared to be unlawful, or shall omit to do any act, matter or thing required to be done, either by the constitution, any law of this state or any order or decision of the commission, such public utility shall be liable to the persons or corporations affected thereby for all loss, damages or injury caused thereby or resulting therefrom, and if the court shall find that the act or omission was wilful, the court may in addition to the actual damages award damages for the sake of example and by way of punishment. An action to recover for such loss, damage or injury may be brought in any court of competent jurisdiction by any corporation or person.

The attorney of the commission shall thereupon begin such action or proceeding by petition to such superior court, alleging the violation or threatened violation complained of, and praying for appropriate relief by way of mandamus or injunction. It shall thereupon be the duty of the court to specify a time, not exceeding twenty days after the service of the copy of the petition, within which the public utility complained of must answer the petition, and in the meantime said public utility may be restrained. Such corporations or persons as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that the writ of mandamus or injunction issue or be made permanent as prayed for in the petition, or in such modified or other form as will afford appropriate relief. An appeal may be taken to the supreme court from such final judgment in the same manner and with the same effect, subject to the provisions of this act, as appeals are taken from judgments of the superior court in other actions for mandamus or injunction.

§ 76. RULES OF PROCEDURE.

The following rules of procedure are adopted by the Railroad Commission of the State of California, in accordance with the provisions of section 53 of the Public Utilities Act.

RULE I—GENERAL MATTERS PERTAINING TO ALL FORMAL PROCEEDINGS.

1. *Correspondence.* All correspondence with the commission shall be addressed "Railroad Commission, Ninth Floor Flood Building, San Francisco, California," which is the main office of the commission, or "Railroad Commission, 205 Union League Building, Los Angeles, California," which is a branch office of the commission.

2. *Form and Size of Papers Filed.* All pleadings filed with the commission in formal proceedings shall be printed or typewritten on one side of the paper only, and, as far as practicable, shall be upon paper 8½ by 13 inches in size.

3. *Numbers Assigned to Proceedings.* The secretary shall assign to each formal proceeding a number which the parties shall, before filing, place on all subsequent papers in such proceeding.

4. *Amendments to Pleadings.* The commission may, in its discretion, allow any pleading to be amended or corrected or any omission therein to be supplied.

"No original subpoena shall be issued by the commission or any of its officers authorized to issue subpoenas unless the applicant therefor first establish that he has a proper relation to the matter and unless said applicant for subpoena gives the names and addresses of all witnesses for whose attendance the power of the commission is invoked, which names and addresses shall be inserted in the original subpoena. A copy of said original subpoena shall be filed in the proper action. Request by mail or wire from proper applicants conforming to this rule is sufficient. In no case shall blank—signed and sealed—original subpoenas be issued to anyone. When a witness is present he may be called by either party or by the commission."

Subpoenas for the production of books, accounts, papers, waybills and other documents will only be issued upon application in writing, stating as nearly as possible the books, accounts, papers, waybills or other desired to be produced.

6. *Service of Papers.* Personal service of papers in all hearings, investigations and formal proceedings pending before the commission may be made upon any person upon whom a summons may be served in accordance with the provisions of the Code of Civil Procedure of this state. Service may also be made by mailing in a sealed envelope, registered, with postage prepaid, addressed to any party to such hearing, investigation or formal proceeding or to any person upon whom a summons may be served in accordance with the provisions of the Code of Civil Procedure. If service is made by mailing, and an act is to be performed within a specified time after service, the time for the performance of the act shall begin to run at the time the registered letter is received. When any party has appeared by attorney, service upon the attorney will be deemed proper service upon such party.

7. *Intervention.* In any formal proceeding, the commission may permit any corporation, association, body politic or person to intervene and be heard.

RULE II—FORMAL COMPLAINTS.

1. *Who May Complain.* Complaint may be made by the commission of its own motion or by any corporation or person, chamber of commerce, board of trade, or any civic, commercial, mercantile, traffic, agricultural or manufacturing association or organization or any body politic or municipal corporation, by complaint in writing, setting forth any act or thing done or omitted to be done by any public utility in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission. Any public utility shall have the right to complain on any of the grounds upon which complaint may be made by other parties.

If the complaint is against the reasonableness of any rate or charge of any gas, electrical, water or telephone utility, the commission can not entertain the same unless it be signed by the mayor or the president or the chairman of the board of trustees or a majority of the council, commission, or other legislative body of the city and county, or city or town, if any, within which the alleged violation occurred, or not less than twenty-five consumers or purchasers or prospective consumers or purchasers of such gas, electricity, water or telephone service.

2. *Contents of Complaint.* Each complaint shall show the venue, "Before the Railroad Commission of the State of California." shall bear a heading showing the name of the complainant and the name of the defendant and shall state—

(a) The full name and post-office address of each complainant.

(b) The full name and post-office address of each defendant.

(c) Fully and clearly the specific act complained of, together with such other facts as will give the commission and the defendant a full understanding of the situation.

The complaint shall set forth definitely the exact relief which is desired.

For form of formal complaint, see page 18 [p. 2560 of this work].

3. *Signature to Complaint.* The complaint shall be signed by each complainant and by the attorney if any. Where an attorney signs the complaint, his address shall be given. Where the complainant is a corporation or an association, the complaint may be signed by an officer or director thereof.

4. *Verification.* Every complaint must be verified by at least one complainant. If the complainant is a corporation or association, any officer or director thereof may verify the complaint.

For form of verification, see page 18 [p. 2560 of this work].

5. *Number of Copies.* At the time complainant files his original complaint, he must also file copies thereof equal in number to three more than twice the number of defendants named in the complaint.

6. *Procedure Upon Filing of Complaint.* Upon the filing of a formal complaint, the commission shall immediately mail a copy thereof to each defendant. This copy shall be sent by way of information only, and each defendant shall be allowed five days within which to point out to the commission in writing such defects in the complaint as, in the opinion of the defendant, require amendment. The commission will then give consideration to the defects, if any, so enumerated. Trivial defects shall be disregarded. Should the commission, however, be of the opinion that the defects brought to its attention are so vital that the complaint should be amended, the commission will require the complainants to amend the complaint.

Wherever the commission is of the opinion that the complaint is sufficient, it shall formally serve a copy thereof upon each defendant, together with an order directly to each defendant, requiring that the matter complained of be satisfied, or that the complaint be answered in writing within ten days from the date of service of such order, provided that the commission may, in particular cases, require the answer to be filed within a shorter time.

7. *Satisfaction of Complaint.* If the defendant desires to satisfy the complaint, he may file with the commission, within the time allowed for the satisfaction or answer, a statement of the relief which he is willing to give. The commission shall immediately forward a copy thereof to the complainant. If, in his opinion, the satisfaction meets the complaint, the complainant shall make written request to the commission that the complaint be dismissed. If the complainant is of the opinion that the satisfaction does not meet his complaint, he shall so notify the commission, whereupon the commission shall notify the defendant that the latter must answer the complaint.

8. *Answer to Complaint.* If satisfaction be not made, as aforesaid, the corporation or person complained of must, within the time specified in the order or such extension thereof as the commission for good cause shown, may grant, file an answer to the complaint.

Before the answer may be filed, it must be served by the defendant upon each complainant or his attorney and an acknowledgment or affidavit of such service must be attached to the answer.

The answer must contain a specific denial of such material allegations of the complaint as are controverted by the defendant and also a statement of any new matter constituting a defense. If the answering party has no information or belief upon the subject sufficient to enable him to answer an allegation of the complaint, he may so state in his answer and place his denial upon that ground. The filing of an answer will not be deemed an admission of the sufficiency of the complaint, but a motion to dismiss may be made at the hearing.

The answer must be signed and verified by the defendant filing the same. The attorney, if any, shall also sign the answer and must state his address. If the defendant is a corporation or an association the answer may be signed and verified by any officer or director thereof.

The original answer must be filed together with two copies thereof.

For form of answer and verification, see page 20 [p. 3775 of this work].

RULE III—FORMAL APPLICATIONS.

1. *Definition.* A formal application is a formal proceeding in which the authority of the commission to perform an act is requested.

2. *Contents of Application.* All formal applications must be by petition in writing. The petition must set forth the full name and post-office address of the applicant, and must contain fully the facts on which the application is based, with a request for the order, authori-

zation, permission or certificate desired and a reference to the particular provision of law requiring or providing for the same.

The application shall be signed by the applicant and the attorney, if any. Where an attorney signs the application, his address shall be given.

5. *Articles of Incorporation.* If the applicant is a corporation, a certified copy of its articles of incorporation shall be annexed to the application. If applicant's articles of incorporation have already been filed with the commission in some prior proceeding, it shall be sufficient if this fact is stated in the application and reference is made to the subject matter and number of the prior proceeding.

6. *Financial Statement.* Wherever in these rules it is provided that a financial statement shall be annexed to the application, this statement shall be prepared as of the first day of the month in which the application is filed and shall show the following information in order:

- (b) The facts showing that the exercise of the right or privilege secured by the franchise or permit is required by public convenience or necessity.
- (c) Copy of the franchise or permit containing the right or privilege which applicant desires to exercise.
- (d) A map to suitable scale showing the streets, avenues and all other places and property in or upon or along which it is proposed to exercise such franchise or permit, together with the relation of applicant to other utilities with which it is likely to compete.

3. *Approval of Wharf Franchises.* Applications for approval of wharf franchises under the provisions of chapter 557 of the statutes of 1913, amending section 2906 of the Political Code, shall be under the provisions of section 2 of this rule and shall be accompanied by copies of the application to the board of supervisors and of the ordinance granting the franchise.

4. *Exercise of Rights of Franchise Not Yet Secured.* If a public utility desires a certificate declaring that public convenience and necessity require or will require the exercise of a right or privilege under a franchise or permit, which applicant contemplates securing, but which has not yet been granted to it, such public utility may file an application, under section 50 (c) of the Public Utilities Act, for an order preliminary to the issue of the certificate. This application shall set forth the information required by section 2 of this rule, except that a copy of the application for the franchise or permit shall be filed instead of the franchise

or permit. The commission may, in its discretion, make an order declaring that it will thereafter upon application issue the desired certificate upon such terms and conditions as it may designate after the public utility has obtained the contemplated franchise or permit. When the franchise or permit has been granted, the public utility shall make application for the certificate, attaching to such application a copy of the franchise or permit, and the commission will thereupon issue such certificate.

RULE VII—APPLICATIONS FOR AUTHORITY TO INCREASE RATES.

When application is made by any public utility to raise any rate, fare, toll, rental or charge, or so to alter any classification, contract, practice, rule or regulation as to result in an increase in any rate, fare, toll, rental or charge, applicant, in addition to complying with the provisions of Rule III, shall submit the following data either in the application or attached thereto as exhibits:

1. Copy of articles of incorporation (Rule III—5).
2. Financial statement (Rule III—6).
3. A schedule of the present rates, fares, tolls, rentals or charges in effect, and the increases which it is desired to make.
4. A description of applicant's property, together with an inventory or appraisal in detail of the same, including a statement of the original cost of the property, and the cost thereof to applicant.
5. A statement in full of the reason why the increase is desired so that the commission may clearly see the justification therefor.

RULE VIII—APPLICATIONS TO CONSTRUCT, ALTER OR ABOLISH RAILROAD CROSSINGS.

When application is made for the construction, alteration or abolition of crossings (1) of public roads, highways or streets by railroads, or (2) of railroads by public roads, highways or streets, or (3) of railroads by railroads, or (4) of railroads by street railroads, or (5) of street railroads by railroads, or (6) of public roads or highways by street railroads, or (7) of street railroads by public roads or highways, under the provisions of section 43 of the Public Utilities Act, applicant, in addition to complying with the provisions of Rule III, shall submit the following data either in the application or as exhibits attached thereto:

1. Copy of articles of incorporation (Rule III—5).
2. If the crossing is to be constructed by a railroad within the limits of an incorporated city or town, there shall be attached to the application a certified copy of the franchise or portion thereof, which gives to the railroad the right to cross the highway in question.
3. Map on scale of not less than 200 feet per inch, showing accurately the location of all tracks, buildings, structures, property lines, streets and roads in the vicinity of the proposed crossing; also profiles showing ground lines and proposed grade lines of approaches on such public roads, highways or streets, railroads or street railroads as may be affected by the proposed crossing. In case of a contemplated crossing of a railroad by a railroad, the profile of each railroad shall show the customary information for not less than one (1) mile on each side of the proposed crossing.
4. Such safety device or other protection, if any, as the applicant may believe should be installed, with detailed information concerning the same.
5. If the crossing is a grade, a statement should be made showing why a separation of grades is not practicable under the circumstances.
6. If the crossing is constructed over the tracks of another railroad, the contract between the two companies covering the crossing shall be filed.
7. If the proposed crossing is over a state highway, that fact should be stated in the petition and shown on the map.

When application is made for permission to construct a public highway over a railroad crossing, the application must be made by the proper municipal or county authorities. If, in addition to the information above specified, there is attached to the application a copy of an easement granted by the railroad to the proper public authority covering the crossing in question, or some other evidence which shows that the railroad company is willing that the crossing shall be constructed, the commission may possibly be in a position to grant the application *ex parte* without the necessity of a hearing.

RULE IX—OTHER APPLICATIONS.

Applications relating to matters over which the commission has jurisdiction and which are not covered by any of the preceding rules, shall be drafted in accordance with the form prescribed in Rule III and shall set forth all the information necessary to a full understanding of the case.

RULE X—HEARINGS AND REHEARINGS.

1. *When Hearings Will Be Given.* Except as otherwise determined in specific cases, the commission will grant a hearing in the following classes of cases:

(a) When an order to satisfy a complaint or to make answer thereto has been made and the corporation or person complained of has not satisfied the cause of complaint (Rule II—7, 8).

(b) When application has been made in a formal proceeding.

2. *Notice of Place of Hearing.* Notice of the place, day and hour of the hearing in a formal case shall be served at least ten days before the time set therefor, unless the commission shall find that public necessity requires the hearing to be heard at an earlier date. Hearings upon formal applications shall be set as deemed necessary by the commission.

3. *Publication of Notice.* In formal applications the commission may, in its discretion, give all other corporations or persons who may be affected thereby, an opportunity to be heard either by service upon them of a copy of the petition or by publication of the substance thereof, at the expense of applicant, for such length of time and in such newspaper or newspapers as the commission may designate. In such cases the form of notice shall be prepared by the secretary of the commission and a proof of the publication thereof must be filed at or before the hearing.

4. *Stipulation as to Facts.* The parties to any proceeding or investigation before the commission may, by stipulation in writing, filed with the commission or entered in the record, agree upon the facts, or any portion thereof, involved in the controversy, which stipulation shall be regarded and used as evidence at the hearing. It is desirable that the facts be thus agreed upon whenever practicable. The commission may, in such cases, require such additional evidence as it may deem necessary.

5. *Procedure at Hearings.* Witnesses will be examined orally and under oath before the commission or a commissioner or examiner unless the facts are stipulated or the commission or commissioner or examiner otherwise orders.

The complainant must establish the facts upon which he bases his complaint, unless the defendant admits the same or fails to answer the complaint. The defendant must likewise give evidence of the facts alleged in the answer, unless admitted by the complainant, and must fully disclose its defense at the hearing. In case of failure to answer, the commission will take such proof of the facts as may be deemed proper and reasonable and make such order thereon as the circumstances of the case may require.

If documentary evidence is offered, the commission, in lieu of requiring the originals to be filed may, in its discretion, accept certified, or otherwise authenticated, copies of such documents or such portions of the same as may be relevant, or may require such evidence to be transcribed as part of the record.

6. *Investigations on Commission's Own Motion.* The commission may at any time, of its own motion, make investigations and order hearings into any act or thing done or omitted to be done by any public utility, which the commission may believe is in violation of any provision of law or of any order or rule of the commission. It may also, through its own experts or employees, or otherwise, secure such evidence as it may consider necessary or desirable in any formal proceeding in addition to the evidence presented by the parties.

7. *Rehearings.* Any party to a formal proceeding or any stockholder or bondholder or other party pecuniarily interested in the public utility affected may apply for a rehearing as to any matters determined by the commission and specified in the application for the rehearing, and the commission may grant and hold such rehearing on said matters, if in its judgment sufficient reason therefor be made to appear. Such application shall set forth specifically the ground or grounds on which the applicant considers the commission's decision or order to be unlawful or erroneous. Rehearings must be asked for before the effective date of the decision

or order complained of. In further respects, rehearings will be governed by the provisions of section 66 of the Public Utilities Act.

RULE XI—ADDITIONAL INFORMATION.

Additional information with reference to formal proceedings may be secured by applying to the commission's secretary (Rule I).

RULE XII—DEVIATIONS FROM RULES.

In special cases, for good cause shown, the commission may permit deviations from these rules in so far as it may find compliance therewith to be impossible or impracticable.

RULE XIII—AMENDMENT OF RULES.

The rules may be amended at any time by the commission.

RULE XIV—FORMS.

The following forms should be followed, in so far as possible:

1. Formal Complaint.
2. Order to Satisfy or Answer a Complaint.
3. Answer.
4. Notice of Hearing on Complaint.
5. Formal Application.
6. Published Notice of Hearing on Application.

 - I. CONSTITUTIONAL LAW.
 1. Due process and equal protection—Certificate of public convenience and necessity.—Provision in Indiana act not violative of due process of law nor an impairment

of the obligation of a contract.—Farmers, etc., Co. v. Boswell, etc., Co., (Ind.) 119 N. E. 513, P. U. R. 1918E, 172.

2. **Same—Only oppressive and confiscatory rate presents judicial question.**—Unless a rate is clearly oppressive or confiscatory no judicial question is presented, and due process is not invaded.—Salt Lake City v. Utah, etc., Co., (Utah), 173 Pac. 556, P. U. R. 1918F, 377.

3. **Same—No provision for appeal.**—The fact that the public utility act does not provide for an appeal from judgments and orders of the commission does not render it unconstitutional, where provision is made for a review of such judgments and orders.—Brooklyn Heights, etc., Co. v. Straus, 245F, 132.

3a. **Same—Same—Right of review.**—Where a state commission statute gives a public utility the right of review of the commission's acts by the highest court of the state, the federal court in equity will not enjoin such action on the ground of the violation of the constitutional rights of such utility.—Kern, etc., Co. v. Associated, etc., Co., 217 Fed. 273.

3b. **Same—Same—Same—Right must be exhausted before federal court will take jurisdiction on constitutional grounds.**—The federal court in equity will not entertain a suit to enjoin the enforcement of a rate making order of the California railroad commission, on the ground of violation of constitutional rights, until the complainant has exhausted the remedies provided by the statute, including an application for a rehearing.—Palermo, etc., Co. v. Railroad Commission, 227 Fed. 708.

4. **Same—Excessive penalties—Remission of penalties.**—The act is not void on the ground that it prescribes excessive penalties for violations of orders of the commission where it also provides for remission of penalties if the utility prosecutes a suit in good faith and proceeds seasonably, to test its validity.—Brooklyn Heights, etc., Co. v. Straus, 245 Fed. 132.

4a. **Same—Imposition of severe penalties by state statute—Ground for injunction by federal court.**—Where a state statute imposes such severe penalties as to constrain a public utility from testing the validity of acts affecting it the federal court will enjoin the enforcement or attempt to enforce such penalties against such utility.—Kern, etc., Co. v. Associated, etc., Co., 217 Fed. 273.

5. **Same—Act not violative of.**—Section 47 of the public utilities act is not violative of either the due process of law or the equal protection of the laws clause of the federal constitution. —Marin Municipal Water District v. Marin Water and Power Company, 178 Cal. 308, 314, 173 Pac. 469; Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

6. **Same—Not essential that compensation be fixed by a jury.**—It is not essential to the due process of law required by the fourteenth amendment that the compensa-

tion for property taken or damaged under the power of eminent domain be fixed by a jury.—Marin Municipal Water District v. Marin Water and Power Company, 178 Cal. 308, 315, 173 Pac. 469; Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

7. **Same—Different rules of procedure for different classes of cases.**—The equal protection of the law clause of the federal constitution does not prohibit a state from establishing different rules of procedure for different classes of cases or of litigants, provided the variations relate merely to matters of procedure, and do not operate to deprive any class of substantial equality in the adjudication of its rights and liabilities.—Marin Municipal Water District v. Marin Water and Power Company, 178 Cal. 308, 316, 173 Pac. 469; Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

8. **Same—Same—Classification proper.**—The corporations empowered to own and operate public utilities referred to in section 47 of the public utilities act clearly constitute a class sufficiently distinct from all other persons or corporations engaged in public service and desiring to acquire property for public use, to justify peculiar legislation relating to them.—Marin Municipal Water Dist. v. Marin Water and Power Company, 178 Cal. 308, 317, 173 Pac. 469; Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

9. **Same—Same—Section 23a, article XII, constitution—Section 47 declared valid.**—Section 23a of article XII of the constitution removes all doubt as to the present validity of the 1913 amendment of section 47 of the public utilities act, empowering the railroad commission to fix the compensation to be paid for the property of a public utility.—Marin, etc., Co. v. Railroad Commission, 171 Cal. 706, 709, 154 Pac. 864, Ann. Cas. 1917C, 114.

9a. **Same—Same—Effect of validating clause of section 23a, article XII, of the constitution.**—In view of the validating clause of section 23a of article XII of the constitution, the fact that the original section 47 of the public utilities act was enacted prior to the adoption of that section, even if so enacted with existing constitutional authority, does not impair its constitutional validity.—Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

9b. **Same—Same—Section 47 constitutional.**—Section 47 of the public utilities act, providing for the taking of property at the time of judgment of condemnation, upon payment of the compensation previously fixed by the railroad commission, is not in conflict with any of the provisions of the constitution.—Marin Municipal Water District v. Marin Water and Power Company, 178 Cal. 308, 314, 173 Pac. 469; Marin Municipal Water District v. North Coast Water Co., 178 Cal. 324, 326, 173 Pac. 473.

10. Same—Same—Section 47 and code provisions.—The differences between the method of condemning property for a public use provided by the Code of Civil Procedure and section 47 of the public utilities act are merely differences of procedure, and do not go to any matter of essential or fundamental right.—*Marin Municipal Water District v. Marin Water and Power Company*, 178 Cal. 308, 317, 173 Pac. 469; *Marin Municipal Water District v. North Coast Water Co.*, 178 Cal. 324, 326, 173 Pac. 473.

11. Same—Same—Section 1249, Code of Civil Procedure, not applicable.—Section 1249, Code of Civil Procedure, has no application in actions authorized by section 47 of the public utilities act, with respect to the date at which the value shall be estimated.—*Marin Municipal Water District v. Marin Water and Power Company*, 178 Cal. 308, 317, 173 Pac. 469; *Marin Municipal Water District v. North Coast Water Co.*, 178 Cal. 324, 326, 173 Pac. 473.

12. Same—Property not dedicated to public use.—When a corporation voluntarily devotes a part of its property to public use, it is to be presumed that it makes the dedication because it is satisfied with the return which it expects to receive, and in that way it is deemed to have been compensated for such dedication; but when it is forced to devote to public use additional property which it has not dedicated to public use, or is compelled to extend its service to supply uses or territory not embraced in the original dedication, it must, under our constitutional provisions, as a condition precedent, be compensated for the value of the new property taken or the new use exacted.—*Del Mar, etc., Co. v. Eshleman*, 167 Cal. 666, 680, 140 Pac. 591, 948.

13. Same—Same.—Even a constitutional declaration can not transform a private enterprise, or a part thereof, into a public utility, and thus take property for public use without condemnation or payment, and the public utilities act could not authorize the commission to compel a corporation, engaged in a public service to dedicate additional property to public use without additional compensation.—*Del Mar, etc., Co. v. Eshleman*, 167 Cal. 666, 680, 140 Pac. 591, 948.

14. Same—Same.—Neither chapter 327, statutes of 1913 (1913-657), nor section 23, article XII, of the constitution, declaring pipe lines, operated by private corporations, either directly or indirectly to or for the public, to be public utilities, subject to control and regulation by the railroad commission, authorizes the taking of private property for public use.—*Producers Transp. Co. v. Railroad Commission*, 176 Cal. 499, 501, 169 Pac. 59.

14a. Same—Utility compelled to operate at a loss.—A utility can not be compelled to continue to operate at a loss, where the owner abandons the entire property, without violating the fourteenth amendment.—*Lyon & Hoag v. Railroad Commission*, (Cal.) 190 Pac. 795, P. U. R. 1920F, 227. Citing authorities: *Brooks-Scanlon Co. v.*

Railroad Commission, 251 U. S. 36, 40 S. Ct. 183, 64 L. ed. 323; *North Pacific, etc., Co. v. North Dakota*, 236 U. S. 585, 35 Sup. Ct. 429, 59 L. ed. 735, L. R. A. 1915F 1144; *Ann. Cas.* 1916A, 1; *Norfolk, etc., Co. v. West Virginia*, 236 U. S. 605, 35 Sup. Ct. 487, 59 L. ed. 713.

14b. Same—Same—Owner's abandonment of property.—The theory on which the state exercise control over a public utility is that the property so used is dedicated to public use; but this dedication is qualified, however, in that the owner retains the right to receive a reasonable compensation for use of such property and for the service performed in the operation and maintenance thereof; and where the owner is willing to and does in fact abandon all the dedicated property to the public there is no further basis upon which the regulatory power can be predicated.—*Lyon & Hoag v. Railroad Commission*, (Cal.) 190 Pac. 795, P. U. R. 1920F, 227.

15. Same—Discharge of employee for labor union membership.—The Nebraska commission has no jurisdiction to require a utility not to discharge its employees on account of membership in a labor union, upon the theory that such an order is an exercise of its jurisdiction over service, since such order would be in violation of the due process of law clause of the federal constitution.—(*Neb. St. Ry. Com.*) P. U. R. 1918D, 271.

16. Impairment of obligation of contract—Contracts inconsistent with duty to public not protected.—In so far as contracts of public utilities stand in the way of the duty such utilities owe the public they are not within the constitutional guaranty.—*Baltimore, etc., Co. v. Public Service Commission*, (W. Va.) 94 S. E. 545, L. R. A. 1918D, 268, P. U. R. 1918B, 608.

17. Same—Local franchises.—The power to regulate rates is not limited by local franchise contracts.—*Re Chicago, etc., Co.*, (Ill. Pub. Util. Com.) P. U. R. 1918A, 388; *Re Kewanee, etc., Co.*, (Ill. Pub. Util. Com.) P. U. R. 1918B, 172; *Re Central, etc., Co.*, (Ill. Pub. Util. Com.) P. U. R. 1918F, 820; *Re Rockford, etc., Co.*, (Ill. Pub. Util. Com.) P. U. R. 1918F, 840; *Louisiana v. Louisiana, etc., Co.*, (Mo. Pub. Serv. Com.) P. U. R. 1918B, 774; *Kansas City, etc., Co. v. Kansas City*, (Mo. Pub. Serv. Com.) P. U. R. 1918E, 190; *Re Public Service, etc., Co.*, (N. J. Bd. P. U. Comrs.) 1918E, 910; *Harbor Creek Township v. Buffalo, etc., Co.*, (Pa. Pub. Serv. Com.) P. U. R., 1918F, 164; *Re West Virginia, etc., Co.*, (W. Va. Pub. Serv. Com.) P. U. R. 1918C, 453.

18. Same—Same.—The power of the legislature, by a general law, such as the public utilities act, to create a commission empowered to fix rates of fare different from those fixed in local franchises, was elaborately considered and many authorities cited in *Re Huntington, etc., Co.*, (N. Y. Pub. Serv. Com., 2d Dist.) 1918A, 249.

19. Same—Same.—The legislature retains such complete power over the fares to be charged by public service corporations

(short of actual confiscation) than an act reducing the fares to be charged by a railroad is valid, even though the original rate was fixed by law before road was built.—*People ex rel. Delaware, etc., Co. v. Public Service Commission*, 140 App. Div. 839, 125 N. Y. Supp. 1000. Quoted with approval: *Re Huntington, etc., Co.*, (N. Y. Pub. Serv. Com., 2d Dist.) 1918A, 249.

20. Same—Same.—The commission has authority to set aside any provision of a contract between a municipality and a local gas company as to rates to be charged by the latter, where, in the judgment of the commission such provision is in conflict with the public interest.—*Re Consumers Gas Co.*, (Okla. Corp. Com.) P. U. R. 1918D, 201.

21. Same—Same.—The act of 1913 creating the public utilities commission with power to regulate rates did not have the effect of impairing the obligation of a franchise contract between a municipality and a public utility created under the authority of paragraphs 63, 73, section 3259, Revised Codes, for both parties to such an agreement must have entered into it with full knowledge that in the state itself reposed the sovereign power of rate regulation.—*State ex rel. Billings v. Billings Gas Co.*, (Mont.) 173 Pac. 799. Citing to same effect: *Manitowac v. Manitowac, etc., Co.*, 145 Wis. 13, 129 N. W. 925, 140 Am. St. Rep. 1056; *Benwood v. Public Service Commission*, 75 W. Va. 127, 83 S. E. 295.

22. Same—Same—Municipal control of streets.—A franchise rate contract between a municipality having by law exclusive control over its streets, and a public utility company using such streets does not deprive the legislature of the power to regulate the rates to be charged by such utility.—*Winfield v. Public Service Commission*, (Ind.) 118 N. E. 531, P. U. R. 1918B; 747.

23. Same—Same—Same.—The provisions of L. O. L., section 2207, authorizing cities to grant franchises for the use of public streets by public utilities was repealed by implication by the public utility act, and franchises thereunder, having been granted and accepted subject to the sovereign power of the state to regulate rates, can not be said to have been impaired by such repeal.—*Re Portland, etc., Co.*, ("Six-Cent Fare Case"), (Ore. Pub. Serv. Com.) P. U. R. 1918A, 751.

24. Same—Same—Same.—Local franchise rates should be flexible and under the control of a central regulative body; and the provision of the charter of a municipality as to the necessity of the city's consent to the occupation of its streets can not have the effect of impairing the continuing and paramount power of the legislature to fix rates.—*Re Chesapeake, etc., Co.* (Va. Corp. Com.) P. U. R. 1920F, 49.

25. Same—Private contracts.—It is the settled law of this court that the interdiction of statutes impairing the obligation of contracts does not prevent the state from exercising such powers as are vested in it for the promotion of the common weal or

are necessary for the general good of the public, though contracts previously entered into between individuals may thereby be affected.—*Manigault v. Springs*, 199 U. S. 473, 50 L. ed. 274, 26 Sup. Ct. Rep. 127.

26. Same—Same.—The power known, in its various ramifications as the police power, is an exercise of the sovereign right of the government to protect the lives, health, morals, comfort and general welfare of the people, and is paramount to any rights under contracts between individuals.—*Manigault v. Springs*, 199 U. S. 473, 50 L. ed. 274, 26 Sup. Ct. Rep. 127.

27. Same—Same—Pre-existing contracts affecting rates.—The obligation of a contract made subsequent to the adoption of the state constitution affecting the rate to be paid a public utility for water for irrigation purposes is not impaired, within the meaning of the federal constitution by the act of the railroad commission in fixing a new rate under the power given by the public utilities act and thereby practically annulling such contract.—*Limoneira Co. v. Railroad Commission*, 174 Cal. 232, 238, 162 Pac. 1033.

28. Same—Same—Same.—Contracts between utilities and consumers as to rates, made after the enactment of the public utilities act are subject to regulation by the board of public utility commissioners.—*Re Public Service, etc., Co.*, (N. J. Bd. Pub. Util. Comrs.) P. U. R. 1918E, 898.

29. Same—Same—Same.—The fixing of a rate by the authority of the state, conflicting with the rate agreed upon between a water company and a customer, is not the impairment of a contract and void under the federal constitution; inasmuch as the contract is held to have been made subject to the power of the state to regulate the subject.—(*Stanislaus Co. v. San Joaquin, etc., Co.*, 192 U. S. 202, 48 L. ed. 406, 24 Sup. Ct. Rep. 241; *Home, etc., Co. v. Los Angeles*, 211 U. S. 265, 53 L. ed. 176, 29 Sup. Ct. Rep. 50; *Legal Tender Cases*, 12 Wall. 550, 20 L. ed. 305; *Louisville, etc., Co. v. Motley*, 219 U. S. 467, 34 L. R. A. (N. S.) 671, 55 L. ed. 297, 31 Sup. Ct. Rep. 265) *In re Murray*, 2 R. C. D. 464.

30. Effect of constitution on question of constitutionality of act—All except sections 22, 23, article XII, excluded.—Sections 22 and 23 of article XII of the constitution, by their plenary provisions, exclude all consideration of other parts of the constitution, if any there be, conflicting with or contradictory to the public utilities act, if only the matters of which that statute treats are cognate and germane to the subject of regulation of public utilities.—*San Jose v. Railroad Commission*, 175 Cal. 284, 288, 165 Pac. 967.

31. Same—Same—Legislative power to modify, curtail or abridge constitutional powers of commission.—The legislature has no power either by silence or by direct enactment to modify, curtail or abridge the constitutional grant of power to the railroad commission over transportation companies.—*Western Association, etc., R. R. v.*

Railroad Commission, 173 Cal. 802, 803, 162 Pac. 391, 19 L. R. 1455; United Railroads, etc., v. Railroad Commission, 173 Cal. 802, 803, 162 Pac. 391, 19 L. R. 1455.

32. Section 67 is valid limitation on power of courts.—The provision of section 67 of the public utilities act to the effect that no court except the supreme court, to the extent specified "shall have jurisdiction to review, reverse, correct, or annul any order or decision of the commission," is a valid limitation upon the powers of the courts of the state.—*Marin Municipal Water District v. North Coast Water Co.*, 178 Cal. 324, 328, 173 Pac. 473.

33. Same—Deprivation of superior court jurisdiction.—Section 67 of the public utilities act is not unconstitutional, in view of the provisions of sections 22 and 23, article XII, of the constitution, because it deprives the superior court of the jurisdiction conferred by section 5, article IV, of the constitution, so far as relates to controversies in law and equity arising under that act, or under the relations of the railroad commission to public utilities is concerned.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 655, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

34. Long and short haul clause—Not repugnant to due process of law.—The long and short haul clause of the California constitution (§ 21, art. XII) is not repugnant to the due process of law clause of the federal constitution.—*California, etc., Co. v. Southern Pacific Co.*, 226 Fed. 349.

35. Same—Not repugnant to commerce clause.—The long and short haul clause of the California constitution (§ 21, art. XII) is not obnoxious to the commerce clause of the federal constitution.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682.

36. Same—Same—Invalidity can not apply to intrastate commerce.—Even if it be conceded that the first clause of the 1911 amendment to section 21, article XII, of the California constitution is invalid as applying to interstate commerce, such invalidity could not affect the second clause, which must be construed to apply to intrastate commerce alone.—*Southern Pacific Co. v. California Adjustment Co.*, 237 Fed. 954, 150 C. C. A. 604.

36a. Water transportation on the high seas between ports in same state—Absence of federal regulation.—A state is free to prescribe reasonable rates for the transportation of passengers and goods wholly by water, unconnected with transportation by land, between two ports in the same state, over a course which traverses the high seas, in the absence of federal regulation.—*Wilmington Transportation Co. v. Railroad Commission*, 236 U. S. 151, 59 L. ed. 508, 35 Sup. Ct. Rep. 276.

37. Police regulation—Extent of power.—Proper regulation of a public utility consists, 1. Regulation of tolls and charges, to the end that fair compensation may be returned and excessive charges forbidden; 2. To prevent discrimination; and 3. To make

orders and rules governing the conduct of the public utility to the end that its efficiency may be built up and maintained and the public and its employees be accorded desirable safeguards and conveniences; and beyond this regulation as such, each railroad.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 663, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

38. Same—Same—Improper police regulation is condemnation.—The police power goes to the regulation of a public utility, and when an order of the railroad commission goes beyond proper regulation it is referable to the power of eminent domain.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 663, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

39. Same—Same—Subjecting of property to use of rivals—Compensation required.—The legislature may subject property devoted to a public use, to the same public use by its rivals, but the doing of such an act is referable to the power of eminent domain, not the police power, and compensation must be made.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 665, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

40. Same—Same—Same—Not police power but eminent domain.—The devotion of property to a public use does not destroy the ownership or justify its taking without compensation, as an exercise of the police power, on the ground of public convenience, or that the owners are derelict in the performance of their public duty.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 665, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

40a. Same—Same—Same—Compelling telephone connections.—An order of the railroad commission compelling a telephone company to permit rival companies to make connections with its long distance telephone lines, and to give such rivals the same use of its switchboards, lines, operators, property, etc., and their subscribers the same long distance facilities that it gave to its own subscribers, is an exercise of the power of eminent domain, and not of the police power.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

41. Eminent domain—Fixing compensation by commission—Not violation of equal protection.—The taking of property under the power of eminent domain, and the fixing of compensation therefor by the railroad commission, and not by a jury, is not unconstitutional as in violation of the constitution of the state or of the equal protection clause of the constitution of the United States.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 667, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

41a. Case followed and approved.—*Pacific Telephone & Telegraph Co. v. Railroad Commission*, 166 Cal. 640, construing the constitutional amendments, and the powers conferred by the public utilities act of 1911, approved and followed.—*Oro Electric Corp.*

v. Railroad Commission, 169 Cal. 466, 470, 147 Pac. 118.

42. **Same—Building pipe line across privately owned land without compensation—Invalid order.**—The railroad commission had no power to order the building of a pipe line across privately owned land without compensation paid in advance.—*Del Mar, etc., Co. v. Eshleman*, 167 Cal. 666, 675, 140 Pac. 591, 948.

43. **Same—Same—Same.**—The railroad commission has no power to compel a corporation which owns property in private right, and has not dedicated it to public use to apply it to a public use of any kind.—*Del Mar, etc., Co. v. Eshleman*, 167 Cal. 666, 677, 140 Pac. 591, 948.

44. **Same—Effect of section 23a, article XII, constitution.**—As to effect of section 23a, article XII, of the constitution, upon order of railroad commission made subsequent to its adoption, upon proceedings inaugurated prior thereto.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 154 Pac. 864, Ann. Cas. 1917C, 114.

45. **Grade crossings—Section 43.**—There is little doubt as to the power of the legislature under section 22, of article XII, of the constitution, to confer upon the commission all the powers it purports to confer in section 43 with reference to railroad crossings.—*In re Trustees of Alhambra*, 2 R. C. D. 361.

45a. **Fixing charges of water service to municipality not a tax.**—The fixing of the charges of water company for service to a municipality is within the rate-fixing power of the commission, and is not an interference with municipal money or property or the imposition of a tax within the meaning of section 13, article XI, of the constitution.—*San Leandro v. Railroad Commission*, (Cal.) 191 Pac. 1.

II. DEFINITIONS.

46. "Distribution."

47. "Issued."

48. "Official duties"—§ 67.

49. "Public utility."

II. DEFINITIONS.

46. **"Distribution."**—The term "distribution" "contemplates merely the division or apportionment of electric energy by a producer or distributor irrespective of the method" or whether the energy be divided between two or apportioned among many consumers.—*In re Sierra and San Francisco Power Co.*, 12 R. C. D. 560.

47. **"Issued."**—The word "issued" as used in the "public utilities act" applies to instruments actually executed and delivered, and not merely executed and placed with the treasury for sale, and not having become legal obligations.—*In re Death Valley Railroad Co.*, 11 R. C. D. 608.

48. **"Official duties"**—Section 67.—The words "official duties" as used in section 67 of the public utilities act, mean any duties defined by the act.—*Sexton v. Atchison, etc., Co.*, 173 Cal. 760, 763, 161 Pac. 748.

49. **"Public utility."**—In its broadest

sense everything upon which man bestows labor for purposes other than the benefit of his immediate family is impressed with a public use; but, in its restricted sense, it means that use which serves the public and which the public, or that portion so served, has accepted, and has the right to demand its continuance, with reasonable efficiency, and at reasonable charges, as a legal right.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

III. PUBLIC UTILITIES.

50. Public utility, what constitutes.—It is not the use which makes the owner or purveyor thereof a public service corporation; but it is the duty which the purveyor or producer has undertaken to perform on behalf of, and so owes to the public generally, or to any defined portion of it, as the purveyor of a commodity, or as an agency in the performance of a service, which stamps the purveyor, or the agency, as being a public service utility.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

51. Same—Even a constitutional declaration can not transform a private enterprise, or a part thereof, into a public utility, and thus take property for public use without condemnation and payment.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466 (on the authority of *Thayer v. California Development Co.*, 164 Cal. 117, 128 Pac. 21; *Del Mar Water Co. v. Eshleman*, 167 Cal. 666, 680, 140 Pac. 591, 596).

52. Same—Same—Construction of constitution and statutes.—Our constitution and statutory definitions must be construed as applying only to such properties as have in fact been devoted to a public use, and not as an effort to impress with a public use properties which have not been devoted thereto; for otherwise they would, in their operation, wherever unjustly interfering with private property, or private contractual rights, be void, by force of section 10, article I of the fourteenth amendment to the constitution of the United States.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

53. The railroad commission has no power to declare what shall constitute a public utility.—*Associated, etc., Co. v. Railroad Commission*, 176 Cal. 518, 529, 169 Pac. 62, L. R. A. 1918C, 8.

53a. No proceeding authorized to determine character as public utility—Section 60.—No proceeding is authorized by section 60 of the public utilities act or elsewhere for the sole purpose of determining whether any business enterprise is a public utility within the meaning of the act, and the commission has no jurisdiction to make adjudications thereon in such independent pro-

ceeding.—*Holabird v. Railroad Commission*, 171 Cal. 691, 154 Pac. 831.

54. Land company distributing water.—A land company which constructs and operates a water distribution system, selling water to all who apply for the same, upon a specified tract to which its water is dedicated, is a public utility under the provisions of section 2 of the public utilities act and of the act of 1913 (*Stats* 1913, p. 84, Act 5500), irrespective of the fact that it was the original intention of the land company to have such water system ultimately operated as a mutual company, serving its stockholders only.—*Compton v. Richfield, etc., Co.*, 15 R. C. D. 20.

55. Individuals.—Individuals operating a pumping plant and delivering water regularly to others at a fixed rate are public utilities irrespective of the limited number of consumers served, and they can not through personal feelings discontinue service to a consumer entitled thereto.—*Hansel v. Reiney*, 14 R. C. D. 806.

55a. Same—Water system a public utility.—A water system operated for compensation is a public utility, irrespective of whether it is operated by a company or individuals.—*Hoff v. Montgomery*, 9 R. C. D. 538.

56. Joint telephone lines.—Telephone lines extending from two public resorts to a connection with a public telephone system owned jointly by the proprietors of such resorts, used by them for their own accommodation and by the patrons of their resorts, who pay a toll for such service, is a public utility, within the meaning under section 23, article XII, of the constitution.—*Camp Rincon Resort Co. v. Eshleman*, 172 Cal. 561, 563, 158 Pac. 186.

56a. Water company—When a public utility.—A water company delivering water to consumers, not stockholders, at established rates on file with the commission, having always held itself out as willing to serve any and all users of water within the area served by it, in accordance with existing rules and regulations, is a public utility within the meaning of the act.—*In re Lake Hemet Water Co.*, 11 R. C. D. 617.

56aa. Same—Same—Public utility—Character not lost by transfer for wholesale distribution.—A water company does not lose its character as a public utility by transferring its distributing system to another company under an agreement to furnish water to such company for distribution in wholesale quantities.—*In re River Bend, etc., Co.*, 12 R. C. D. 443.

56b. Corporation serving gas.—A corporation serving gas, either directly or indirectly, to the public or a portion of the public is a public utility subject to the jurisdiction of the commission.—*In re Traders Oil Co.*, 12 R. C. D. 647.

56c. Electric corporation.—A mutual water company generating and selling electric energy in wholesale quantities under an agreement with a public utility is an electric corporation and a public utility as

defined in section 2 of the act.—In re Wohlford, 12 R. C. D. 505.

56d. Service of one consumer.—A utility constructing a transmission line for the purpose of serving one large consumer is engaged in the distribution of electric energy.—In re Sierra and San Francisco Power Co., 12 R. C. D. 560.

57. Mere chartered authority does not make ability.—Mere chartered authority to engage in the business of a public utility does not mark the nature of the business actually carried on by the operating corporation.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 673, 140 Pac. 591, 948.

58. Same.—The Del Mar Water, Light and Power Company is not a public utility company and the railroad commission was without jurisdiction to require it to supply water to any part of the public.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 675, 140 Pac. 591, 948.

58a. Mere ownership of water supply and waterworks does not make a public utility.—One may acquire and hold a water supply and waterworks, and thereby distribute and sell water for domestic use and irrigation or other purposes, without engaging in public service, where it makes such sales to particular persons and in such manner that the public would not be entitled to it.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 678, 140 Pac. 591, 948.

58b. Same—Corporate power to operate.—The mere fact that a company has the corporate power to operate a public utility for the supply of water, and has acquired a water supply and a distributing system which it is operating for compensation does not necessarily justify the conclusion that it is engaged in a public service, or that its water is dedicated to public use.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 678, 140 Pac. 591, 948.

58c. Same—Same—Finding of public use.—A finding that a corporation owns and is operating a water system for compensation, and that it has a water supply sufficient to supply an applicant for its service is not equivalent to a finding that it is engaged in operating its plant for public use, or that the applicant is one of the persons entitled to be a beneficiary of such use.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 679, 140 Pac. 591, 948.

58d. Same—Same—Service of particular person.—The fact that a water company is the owner of and is operating a water system for compensation, and that it has the corporate power to engage in public service, are not sufficient to authorize the conclusion that any particular person is a beneficiary of the use which such company is administering, or that any of the outlying territory is entitled to the service, and it still remains necessary to ascertain the fact that such person is a beneficiary, and that he is within the district of the class for which the dedication is made.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 680, 140 Pac. 591, 948.

59. Auto busses and stages not included

in act.—The legislature did not intend to include in the act as public utilities auto busses, stage lines, etc., although companies operating the same were engaged as common carriers; and the commission, under the decisions of the supreme court, is without jurisdiction over them.—Western Association, etc., v. Hackett, 8 R. C. D. 220.

60. Construction of sections 5 and 36.—Public service.—Sections 5 and 36 of the public utilities act apply to public service corporations which have devoted their entire property to the use of the entire public or to those which have undertaken to supply a certain district, such as a city, and have dedicated their property to that service, and have failed or refused to give that district an adequate service, or failed or refused to extend their system and supply to parts of the district, when it was within their means to do so, and such extension would not be unreasonable.—Del Mar, etc., Co. v. Eshleman, 167 Cal. 666, 680, 140 Pac. 591, 948.

61. Public use—Dedication of water service.—Water service dedicated impartially to all consumers within the class that requires such services is held to be a public use.—San Leandro v. Railroad Commission, (Cal.) 191 Pac. 1.

62. Same—Property taken in eminent domain, necessarily dedicated to.—Property taken by right of eminent domain is necessarily dedicated to public use, and a corporation exercising such power is necessarily a public service corporation within the meaning of the constitution of 1849.—Traber v. Railroad Commission, (Cal.) 191 Pac. 366.

63. Same—No presumption from diversion and sale of water.—Prior to the adoption of the constitution of 1879, there was no presumption of a public use from the mere fact of the diversion and sale of water.—Traber v. Railroad Commission, (Cal.) 191 Pac. 366.

64. Same—Fresno Canal and Irrigation Co.—Contracts of 1875 subject to regulation.—The Fresno Canal and Irrigation Company by its acts of incorporation was given the power to act as a public service corporation, and, having acted as such, its contracts for furnishing water entered into in 1875 were subject to regulation by the railroad commission.—Traber v. Railroad Commission, (Cal.) 191 Pac. 366.

65. Same—Sale of only three per cent of water supply does not constitute dedication.—Where a water company sold water right certificates to purchasers of land from an associate company, entitling the holders to 97 per cent of its total supply, it was to that extent not a public utility, and the fact that the remainder of its water supply was sold to a municipality did not make it a public utility except as to such municipality, and such certificates were not subject to modification by the railroad commission.—Allen v. Railroad Commission, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

66. Same—Same—Submission to jurisdiction of commission.—Such a company can

not merely by submitting itself to the jurisdiction of the commission for the purpose of rate fixing declare itself to be a public utility and thereby destroy the contract rights of the certificate holders.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

67. Same — Same — Purchase of water rights instead of condemnation.—It is not without significance that the articles of incorporation of the company declared its purpose to be to acquire water and water rights by purchase and appropriation, and omitted therefrom the declaration of the right to acquire by condemnation, a right that runs only with public service; and that when, in the course of its activities, when it needed to acquire, and did acquire, certain rights of way, it did not undertake to do so by condemnation, but effectuated its purpose by purchase.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

68. Same — Dedication — "Not a trivial thing—Never presumed "without showing of unequivocal intention."—To hold that property has been devoted to a public use is "not a trivial thing" (*San Francisco v. Grote*, 120 Cal. 60, 52 Pac. 127, 41 L. R. A. 335, 65 Am. St. Rep. 155), and such dedication is never presumed, "without evidence of unequivocal intention" (*Niles v. Los Angeles*, 125 Cal. 512, 58 Pac. 190).—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

69. Same—Abolition of private rights in sale and rental of water.—The constitution and statutes of California have undertaken to put out of existence any and all private rights in the matter of the rental and sale of water, and have done this thing, and there stands between them and its enforcement, so far as this court is concerned, only the constitution of the United States, which is, whenever it speaks, the supreme law of this state.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

70. Same—Dedication of water.—The defendant in the present case was held to have devoted to public use all of the waters controlled by it, and that such public use consisted of service for domestic, mining, irrigation and hydroelectric uses.—*El Dorado, etc., Association v. Western States, etc., Co.*, 15 R. C. D. 681.

71. Same—No preference between irrigation and hydroelectric use.—There is no preference on the question of public use as between irrigation and hydroelectric use.—*El Dorado, etc., Association v. Western States, etc., Co.*, 15 R. C. D. 681.

72. Same—Submission to jurisdiction of commission—Change from public to private use.—The fixing of the rates of a private water company by the railroad commission in compliance with an application for that purpose by the company operates as against the company, as a submission to the jurisdiction of the regulating body, and, in effect, changed the use from one that was private and particular to one that was public so as to render it, in the matter of service and

delivery, subject to regulation and control by public authority.—*Palermo, etc., Co. v. Railroad Commission*, 173 Cal. 380, 383, 169 Pac. 228.

72a. Municipality operating electric light plant—Not a "private corporation"—Not subject to regulation by the commission.—The term "private corporation," as used in section 23, article XII, of the constitution, does not include a municipal corporation engaged in operating an electric light plant to supply its inhabitants, and such corporation is not subject to regulation by the commission.—*Pasadena v. Railroad Commission*, (Cal.) 192 Pac. 25.

72b. Same — Same — Same — Intention of legislature and people.—That the people did not intend municipal corporations to lose their public character, even when operating public utilities, is clearly shown by the various provisions of section 23, article XII, of the constitution, relating to municipalities, and by the address to the voters in connection with the submission of that section for approval.—*Pasadena v. Railroad Commission*, (Cal.) 192 Pac. 25.

72c. Same—Same — Same — Municipality does not lose its character as such.—A municipality does not lose its character as a municipality and become a private corporation by engaging in the business of furnishing its inhabitants with electric light.—*Pasadena v. Railroad Commission*, (Cal.) 192 Pac. 25.

72d. Same—Same—Same—Municipal control continues unless surrendered.—In the absence of action by a municipality surrendering to the railroad commission its control over utilities, the general law continued to govern the subject of rates therein.—*Suydam v. Los Angeles*, 27 Cal. App. 157, 149 Pac. 55.

72e. Same — Same — Same — Same — Municipal control not divested by charter amendment.—The power vested in municipalities can not be divested by charter amendment, but the same must be divested in the manner prescribed by the legislature.—*Long Beach v. Pacific Electric Co.*, 2 R. C. D. 455.

IV. POWERS AND JURISDICTION OF RAILROAD COMMISSION.

a. In general.

73. The railroad commission is a judicial tribunal.—Sections 22 and 23, of article XII, of the constitution, and sections 53 to 81 of the public utilities act establish beyond a doubt that the railroad commission is empowered to sit, and in the performance of its most important duties must sit, as a tribunal exercising judicial functions of great moment.—Pacific, etc., Co. v. Eshleman, 166 Cal. 640, 650, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

73a. Same—Power to summon and hear parties.—Inasmuch as the railroad commission is both a court and an administrative tribunal, and as a judicial body, all the powers necessary for the exercise of its duty, it is vested with the power to summon and hear parties in interest, including municipalities, notwithstanding the failure of the legislature to provide it with definite process to bring such municipality before it.—San Jose v. Railroad Commission, 175 Cal. 284, 290, 165 Pac. 967.

73aa. Denial of jurisdictional facts does not effect jurisdiction to determine existence of such facts.—Wherever a court or board is authorized to act upon the existence of a certain state of facts, it has jurisdiction to determine the existence or non-existence of the requisite facts, and its jurisdiction can not be affected by the circumstance

that these facts are denied.—Palermo, etc., Co. v. Railroad Commission, 173 Cal. 380, 385, 160 Pac. 228.

73b. Same—Fixing compensation under section 47.—The railroad commission exercises a judicial power in fixing compensation under section 47 of the public utilities act, as amended in 1913.—Marin, etc., Co. v. Railroad Commission, 171 Cal. 706, 711, 154 Pac. 864, Ann. Cas. 1917C, 114.

73c. Function of commission.—The function of the railroad commission is to regulate public utilities to compel them to perform the duties to the public which they have contracted to perform.—Atchison, etc., Co. v. Railroad Commission, 173 Cal. 575, 584, 160 Pac. 828, 2 A. L. R. 975.

73d. Sections 17, 22 and 23 of article XII of the constitution, considered elaborately with reference to the jurisdiction of the railroad commission over the questions involved.—South Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

74. Vessels on high seas and inland waters.—The railroad commission has jurisdiction over all vessels operating on a regular schedule between California points, whether on the high seas or inland waters, also over all vessels operated in the public service, over twenty tons dead weight capacity, in irregular service upon the inland waters of the state, but not upon the high seas.—Producers Hay Co. v. Anderson, 14 R. C. D. 641.

75. Same—Transportation on the high seas.—The railroad commission has jurisdiction to fix rates charged by a public utility for the transportation of passengers and freight between San Pedro and Avalon, Catalina island, both in Los Angeles county, notwithstanding a part of the route is on the high seas.—Wilmington Transportation Co. v. Railroad Commissioner, 166 Cal. 741, 743, 137 Pac. 1153.

76. Utilities operated by municipalities.—The public utilities act has no application to any public service carried on by a municipal corporation under the authority of the constitution and laws of the state.—Pasadena v. Railroad Commission, 60 Cal. Dec. 202.

77. Utilities within municipalities—Surrender of municipal control.—Under section 23, of article XII, of the constitution, and section 82 of the public utilities act, the powers of control vested in any city over public utilities, at the adoption of the amendment of said section and the going into effect of the act, were still retained by the city, and such powers do not pass to the railroad commission, until the people relinquish them by an election held pursuant to the act of January 2, 1912 (Stats. 1911, ex. sess., p. 168).—Title, etc., Co. v. Railroad Commission, 168 Cal. 295, 301, 142 Pac. 878, Ann. Cas. 1916A, 738.

78. Same—Same.—The railroad commission is without the power to fix water rates and to forbid a charge for water meters in a city having that power under section 19, article XI, of the constitution, and the act of March 1, 1881 (54), and not having di-

vested itself thereof in accordance with section 23, article XII, of the constitution, and section 82 of the public utilities act, in the manner prescribed by the act of January 2, 1912, (1911, ex. sess., p. 168).—Title, etc., *Co. v. Railroad Commission*, 168 Cal. 295, 303, 142 Pac. 878, Ann. Cas. 1916A, 738.

78a. Jitney bus companies.—The railroad commission has jurisdiction to fix rates, classification, and rules to regulate the accounts, service, and safety of jitney bus transportation companies, which jurisdiction shall supersede any conflicting jurisdiction exercised by any municipal or county authorities.—In re Rates, fares, charges, classification, rules, and regulations of certain transportation companies, In re rates, etc., 14 R. C. D. 378.

78b. Same—Operating in municipalities.—When such vehicles operate wholly within the incorporated limits of municipalities, the municipality shall have exclusive jurisdiction, otherwise regulation is vested in the commission.—In re rates, fares, charges, classification, rules, and regulations of certain transportation companies, 14 R. C. D. 378.

78c. Same — Carriers operating over regular route must secure permit.—Carriers operating over a regular route between fixed termini must secure a permit from all public authorities through whose territory they operate, provided they were not operating prior to May 1, 1917; and also such carriers operating other than wholly within the incorporated limits of a municipality, must secure a certificate of public convenience and necessity from the railroad commission.—In re rates, fares, charges, classification, rules, and regulations of certain transportation companies, 14 R. C. D. 378.

78d. Same—Permits from local authorities.—A new corporation which takes over the properties of an automobile transportation company which is not at the time operating under transferable permits in accordance with the act of 1917 (Stats. 1917, p. 330—Act 3014), must obtain all such necessary permits from the local authorities, together with a certificate from the commission.—In re United Stages, 15 R. C. D. 175.

79. Motor trucks—Use of on highways outside municipalities.—The railroad commission has regulatory power over motor trucks and automobile stages engaged in the transportation of freight and passengers for hire along the public highways not exclusively within the limits of municipalities, conferred upon it by section 22 of article XII of the constitution as amended in 1911.—*Western Association, etc. v. Railroad Commission*, 173 Cal. 802, 804, 162 Pac. 391, 1 A. L. R. 1455; *United Railroads, etc. v. Railroad Commission*, 173 Cal. 802, 804, 162 Pac. 391, 1 A. L. R. 1455.

80. Eminent domain.—Under the public utilities act the legislature has vested in the railroad commission the power of eminent domain.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

II Gen. Laws—56

80a. Investigation at instance of uninterested parties.—The commission is not bound to investigate alleged abuses and make and enforce regulations for the conduct of a public utility at the instance of persons who have no interest in the service.—*Palmer v. Railroad Commission*, 167 Cal. 163, 166, 138 Pac. 997.

80b. Rules of procedure — Section 53.—Section 53 of the act confers power upon the commission to prescribe rules of practice and procedure, and when it has taken action under this authorization, and brought the proper officials of a municipality before it in accordance with the rules of practice and procedure thus prescribed, it has jurisdiction to require the city to pay its proper proportion of the cost of a railroad crossing of a city street, without regard to any other authority it may have to do this, by reason of its power as a judicial body necessary to exercise its duties.—*City of San Jose v. Railroad Commission*, 175 Cal. 284, 290, 165 Pac. 967, 970.

81. Private use of property of utility for private purposes.—The commission has no authority to compel a public utility to permit the use of its property by a private person for his own private uses.—*Bancroft v. Murray*, 2 R. C. D. 6.

b. Sale, rental and distribution of water.

81a. Water companies.—The powers of the railroad commission over public service water companies are derived from the public utilities act of 1911, enacted in pursuance of the authority given to the legislature by section 23, article XII, of the constitution, as amended October 10, 1911.—Title, etc., *Co. v. Railroad Commission*, 168 Cal. 295, 298, 142 Pac. 878, Ann. Cas. 1916A, 738.

82. Conflicting claims to water.—The commission is without jurisdiction in matters relating to conflicting claims for water, which is a matter for the courts, but where an applicant would still have sufficient water, if all claims should be allowed, to provide earnings in excess of requirements for bond issue, favorable consideration of its application can not be withheld solely on that ground.—In re Fontana Power Co., 11 R. C. D. 564.

83. Extension of service of water company.—The commission has ample authority under sections 31 to 35, inclusive, and particularly the latter, to require a water company furnishing water for irrigation, to take on new consumers, or to prevent such action, on the ground of public convenience and necessity.—*Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

84. Same — Excessive storage.—Even though the practice of a water company to maintain a seven-year storage may be unreasonable, that fact can not control the determination of an application for new service where the actual amount of storage is not in excess of present requirements, and a new consumer can not be admitted at the time without jeopardy and injury to

present consumers.—*Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

85. Same — An alternative supply.—The fact that the prospective consumer has another supply is material and should be considered in determining the reasonableness of the application to be served.—*Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

86. Same—Same—Fraud.—The question of fraud made by an applicant for service is a matter for the determination of a court.—*Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

87. Same—Same—Prospective transfer of properties.—In an application for service a prospective transfer of the properties of the company to a municipality does not affect the status of the parties where it is coupled with a condition precedent that the city shall be liable for any legal claim for service which may be enforced against the company.—*Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

87a. Commission succeeded to powers of boards of supervisors.—Prior to March 23, 1912, when the public utilities act went into effect, the rental and distribution of water, outside municipalities, was subject to regulation by boards of supervisors, and after that date this power passed into the jurisdiction of the railroad commission.—In re *Murray*, 2 R. C. D. 464.

88. Same — Power of commission to fix rates not limited by contracts entered into before March 23, 1912.—The power of the railroad commission to fix rates, and prevent deviations, is ample, contracts to the contrary notwithstanding; although contracts entered into with patrons that are not coerced in any way, based upon adequate consideration, should be adopted as far as possible to adequate regulation; but when conditions change such power of regulation will be exercised, however proper the contract may have been originally; and this applies to all utilities as well as to water companies.—In re *Murray*, 2 R. C. D. 464.

89. Power to fix rates—General principles and authorities.—The power to fix rates of a public utility is in the nature of the police power; at least it is the power of government to control property devoted to the public use. (*Mum v. Illinois*, 94 U. S. 113, 24 L. ed. 77.)—In re *Murray*, 2 R. C. D. 464.

90. Same — Same.—Article XIV of the constitution of California provides that the use of water is a public use, and the numerous decisions of the supreme court of this state and of the United States are unanimous in support of the *Mum* case, and the doctrine of that case is applicable to a water corporation which has appropriated water for sale, rental and distribution. (*Fallbrook, etc., District v. Bradley*, 164 U. S. 112, 41 L. ed. 369, 17 Sup. Ct. Rep. 56; *San Diego, etc., Co. v. National City*, 174 U. S. 739, 43 L. ed. 1154, 19 Sup. Ct. Rep. 804; *Smyth v. Ames*, 169 U. S. 466, 42 L. ed. 819, 18 Sup. Ct. Rep. 418.)—In re *Murray*, 2 R. C. D. 464.

91. Same—Same—Power of water com-

panies to contract.—Under article XIV of the constitution, and the statutes of 1885, boards of supervisors were empowered to fix maximum rates, and until they had fixed such maximum rates, water companies were free to contract, and after, to contract within the maximum. (*Fresno, etc. Co. v. Park*, 129 Cal. 437, 62 Pac. 87.)—In re *Murray*, 2 R. C. D. 464.

92. Same — Same — Same — State empowered to substitute rates for contract rates.—The right of a water company to fix its own rates by contract is subject to the state's power to fix rates, and the sole function of the contract is to fix the relationship of the parties prior to action by the state authorities, and, as to the land involved, to establish its status as land permanently entitled to share in the public use. (*San Diego, etc., Co. v. National City*, 74 Fed. 79; *Lanier v. Osborn*, 76 Fed. 319; *Mandel v. San Diego, etc., Co.*, 89 Fed. 295; *Boise City, etc., Co. v. Clark*, 131 Fed. 415, 65 C. C. A. 399; *Leavitt v. Lassen, etc. Co.*, 157 Cal. 82, 29 L. R. A. (N. S.) 213, 106 Pac. 404; *Lassen, etc. Co. v. Long*, 154 Cal. 94, 106 Pac. 409; *Imperial, etc., Co. v. Holabird*, 197 Fed. 4, 116 C. C. A. 526.)—In re *Murray*, 2 R. C. D. 464.

93. Same — Same — Surrender of state's power.—The state will not be construed to have surrendered its power to regulate utilities unless it is plainly made to appear affirmatively, that either the state has done so or has empowered a legal subdivision to do so, and the latter has acted; and no statute passed pursuant to article XIV of the constitution up to 1909 can be construed to amount to a contract on the state's part waiving its admitted right to regulate those agencies. (*Crow v. San Joaquin, etc., Co.*, 130 Cal. 309, 62 Pac. 562, 1058; *Leavitt v. Lassen, etc., Co.*, 157 Cal. 82, 29 L. R. A. (N. S.) 213, 106 Pac. 404; *Hildreth v. Montecito, etc., Co.*, 139 Cal. 22, 72 Pac. 395; *Stanislaus Co. v. San Joaquin, etc., Co.*, 192 U. S. 202, 43 L. ed. 406, 24 Sup. Ct. Rep. 241.)—In re *Murray*, 2 R. C. D. 464.

94. Municipal power of regulation—City not in existence March 23, 1912.—The constitution (§ 23, art. XII) and section 82 of the public utilities act limited the powers of municipalities over utilities to those possessed by them on March 23, 1912, and the powers of a city not in existence on that date are nil.—In re *Murray*, 2 R. C. D. 464.

95. Selection of source of water supply.—The determination as to which of several sources of water supply shall be developed by a water company rests with the company and not with the commission, but such utility will not be relieved from responsibility for the results obtained.—In re *East Bay Water Company*, 15 R. C. D. 99.

c. Rates and rate making.

95a. Rate making is legislative in character, and rates may be published and approved without a previous formal hearing.—Re *Northern Pacific Ry. Co.* (Mont. Bd. Railroad Comrs.), P. U. R., 1920F, 11.

95aa. Same—Exercise subject to review only on constitutional grounds.—The func-

tion of rate making is purely legislative whether exercised directly by the legislature itself or indirectly through some subordinate or administrative body to whom the power has been delegated, and the only ground upon which the courts may interfere with the exercise of this function is that the action in question impairs constitutional rights, and rates will not be set aside except upon a clear showing that such rights have been invaded.—San Joaquin L. & P. Co. v. Railroad Commission, 175 Cal. 74, 76, 165 Pac. 16.

95b. Jurisdiction of commission depends on dedication of property to public use.—The jurisdiction of the commission to fix charges for the services of a water company depends upon whether the company has actually devoted its property to the public use.—San Leandro v. Railroad Commission (Cal.), 191 Pac. 1.

95c. Stetson-Eshleman act.—Section 17 of the Stetson-Eshleman act contemplated that the commission should overhaul all the rates of all the railroads and establish new rates, and until this was done the rates already fixed by the commission continued to be the legal rates.—Scott, Magner & Miller v. Southern Pacific Co., 3 R. C. D. 339.

95d. Commission without jurisdiction in cities that have not surrendered control.—The commission has no jurisdiction over discriminations in electric lighting rates charged within different municipalities which have not surrendered to the commission their power over public utilities.—Pasadena v. Edison Co., 1 R. C. D. 801.

95e. Basis — Reasonable return on fair value of property.—In order for rates of a public utility to be just, they should be sufficient, after caring for cost of operation, maintenance, and depreciation, to yield a reasonable return upon the present fair value of the property devoted to the public use.—In re Murray, 2 R. C. D. 464.

95f. Same—Same.—The nearest and fairest approximation which may be made to a correct "value" upon which a public utility shall be allowed to earn is the amount of the investment wisely made.—In re Murray, 2 R. C. D. 464.

95g. Rate based on use not lawful.—Carriers may not lawfully make a rate for a commodity based upon the use to which that particular commodity will be put.—Stockton, etc., Co. v. Southern Pacific Co., 11 R. C. D. 578.

95h. Right of utility to reasonable minimum rate.—A utility is entitled to a reasonable minimum rate sufficient to cover interest on cost of service connection and depreciation.—Monahan v. Pacific, etc., Co., 5 R. C. D. 298.

95hh. Return — Municipally operated property.—A utility operated by a municipality for the benefit of its own inhabitants is not entitled to earn a profit; but should be allowed a return sufficient for operating expenses, depreciation, and a proper sinking fund.—Bonser v. Electric Light Commission (Me. P. U. Com.), 1920F, 183.

95i. Same—6½ per cent not confiscatory.—It can not be claimed that a return of six and a half per cent net upon the value of property devoted to a public use, such as a light and power plant, is, as matter of law, confiscatory, even though the railroad commission fixed eight per cent as a reasonable rate of return.—San Joaquin L. & P. Co. v. Railroad Commission, 175 Cal. 74, 76, 165 Pac. 16.

95ii. Wholesale water rate.—The commission has ample authority to fix any charge which any utility may make for its commodity, and no authority is found in the constitution or statutes of this state for exempting a wholesale rate of a public utility from its jurisdiction.—In re Murray, 2 R. C. D. 464.

95j. Mutual water companies.—Under the authority of McFadden v. Los Angeles, 74 Cal. 571, the commission has no authority to fix the rates of mutual water companies, yet the power of the commission to regulate the relationship of such a company and as a consumer and the public utility which furnishes it water, is not affected.—In re Murray, 2 R. C. D. 464.

95k. Conflicting rates — Shipper entitled to lowest.—When conflicting rates are shown in a tariff the shipper is entitled to the lowest rate and should not be put to the annoyance occasioned by interpretations being put upon the value of a commodity or the use to which it is to be put.—Stockton, etc., Co. v. Southern Pacific Co., 11 R. C. D. 578.

95l. Half fare for school children.—A class of persons can not be given a special rate when the only distinguishing characteristic of the class is the purpose for which the people in the class are traveling.—Beals v. San Francisco, etc., Co., 11 R. C. D. 963.

Citing and quoting: In re Matter of Regulations governing sale of commutation tickets to school children, 17 I. C. C. 144.

95m. Same—Commission can not compel.—Though the public utilities act provides that utilities may voluntarily grant a reduced fare to school children, this commission has no power under which it could compel them to do so.—Beals v. San Francisco, etc., Co., 11 R. C. D. 963.

95n. Free and reduced rates—Consent of commission on certain cases.—Public utilities other than common carriers may, if they so desire, in addition to the class of cases specified as applicable to them in section 17 of the act, extend grants of free or reduced rates to (1) federal and state governments, and the political subdivisions thereof, including the departments thereof and public institutions; (2) fairs and other public expositions and celebrations; (3) charity as defined in this opinion; (4) employees.—In re Free and Reduced Rates, 2 R. C. D. 73.

95o. Voluntary establishing rate for certain shipments—Estoppel.—When a railway establishes a rate applicable to certain shipments, it estops itself from complaining of

an order making that rate applicable to all shipments, no matter whence they arose.—*Central, etc., Co. v. Atchison, etc., Co.*, 1 R. C. D. 629.

Citing: *Alabama, etc., Co. v. Railroad Commission*, 203 U. S. 496, 51 L. ed. 289, 27 Sup. Ct. Rep. 163.

95p. Common spread of class rates impracticable.—Owing to dissimilarity of conditions existing in different parts of the state, the commission can not adhere to a common spread of class rates; inasmuch as adjustments satisfactory in one district are, as a rule, found entirely unsatisfactory in other districts.—*In re Rates of Southern Pacific Co.*, 11 R. C. D. 867.

95q. Same.—The commission has no jurisdiction, nor can it attempt to equalize commercial conditions, and where the establishment of a just and reasonable rate has a tendency to disturb an established community it can not do otherwise than approve the reasonable schedule.—*In re Rates of Southern Pacific Co.*, 11 R. C. D. 867.

95r. Telephone rates.—Commission without jurisdiction.—The commission has no jurisdiction of a controversy over rates between two rival telephone companies serving the inhabitants of a municipality that has not surrendered its control of its utilities.—*Home, etc., Co. v. Pacific, etc., Co.*, 6 R. C. D. 124.

95s. Same.—Same.—Section sixty of the public utilities act.—Section sixty of the public utilities act does not provide that one utility may bring in question the rates of a like utility, where it is not in the position of a patron of the utility complained of.—*Home, etc., Co. v. Pacific, etc., Co.*, 6 R. C. D. 124.

95t. Increase in intrastate rates to correspond with increase in interstate rates.—By the New York commission.—*Re Steam Railroads* (N. Y. P. S. C. 2d Dist.), P. U. R. 1920F, 7.

95u. Same.—By the Montana commission.—*Re Northern Pacific Ry. Co.* (Mont. Bd. of Railroad Comrs.), P. U. R. 1920F, 11.

95v. Same.—By the Nebraska commission, with reservations.—*Re Railroads* (Neb. St. Ry. Com.), P. U. R. 1920F, 17.

95w. Mutual companies.—Contract rights.—The railroad commission is vested with power to regulate the water rates of a public utility furnishing water to a mutual company under a pre-existing contract made subsequent to the adoption of the constitution, notwithstanding such contract, and in doing so may modify and practically annul the same in so far as it fixes a contract rate for the service covered by it.—*Limoneira Co. v. Railroad Commission*, 174 Cal. 232, 162 Pac. 1033.

95x. Same Same.—Where a mutual water company takes water from a public utility, the fact that it is a mutual water company, supplying the water to its stockholders to be used on their lands, does not make it any the less a consumer, with the same rights and obligations of other consumers, and when the railroad commission

fixes the water rates to be paid, such company is as much bound thereby as other consumers, notwithstanding a pre-existing contract with the utility for a term of years at a fixed discriminatory rate.—*Limoneira Co. v. Railroad Commission*, 174 Cal. 232, 237, 162 Pac. 1033.

95y. Deviations from published rates.—Public utilities, other than common carriers, may extend grants of reduced rates service to (1) federal and state governments, and the political subdivisions thereof, including the departments thereof and public institutions; (2) fairs and other public expositions and celebrations; (3) charity as defined in the opinion; and (4) employees in addition to the classes of cases specified in section 17 of the act.—*In re Reduced Rates*, 2 R. C. D. 73.

95z. Ability to pay rate fixed matter of expediency for commission, not question for court.—The question as to the ability of a municipality to pay water rates imposed by the railroad commission was a matter of expediency to be weighed by the commission, and will not be considered by the supreme court in a proceeding attacking the legality of such charges.—*San Leandro v. Railroad Commission* (Cal.), 191 Pac. 1.

96. Fixing other than franchise rates.—The commission has jurisdiction to fix rates for street railroad transportation other than those provided in franchises.—*In re San Jose Railroads*, 15 R. C. D. 1017; *In re Union Traction Co.*, 15 R. C. D. 1038.

96a. Excess charges for passengers without tickets.—Carriers have a legal right to collect excess charges from passengers who board trains without tickets, when opportunity to purchase same before boarding has been given, and are not bound to give refund checks for such excess.—*In re Excess Train Fares*, 6 R. C. D. 1068.

But see *Clare v. Northwestern Pacific Co.*, 21 Cal. App. 214, 131 Pac. 323.

96b. Allowance of 10 per cent for fire protection not confiscentory.—It can not be said that an allowance for fire protection of ten per cent of the amount allowed for all service to a city by a water company exceeds the jurisdiction of the commission or amounts to confiscation.—*San Leandro v. Railroad Commission* (Cal.), 191 Pac. 1.

97. Same.—Five cent fare within corporate limits.—The railroad commission has the power, upon an adequate showing, to permit a common carrier to charge more than five cents within the corporate limits of a municipality.—*Los Angeles v. Pacific Electric Co.*, 13 R. C. D. 680.

98. Same.—Same.—The mere fact that two points are within the limits of an incorporated municipality is not a sufficient reason why a fare of five cents should be established.—*Los Angeles v. Pacific Electric Co.*, 12 R. C. D. 397.

99. Same.—Same.—When unwarranted.—Where the establishment of a five cent fare within the corporate limits of a municipality, if put into effect, would, through a combination of local fares, seriously affect through

fares, such fare will not be deemed warranted.—*Los Angeles v. Pacific Electric Co.*, 12 R. C. D. 397.

100. *Same—Same—Five cent fare for annexed districts.*—The fact that sparsely settled outlying territory is annexed to a city does not automatically operate to reduce fares to a five cent basis, especially when higher rates are justifiable and no sufficient reason appears for a reduction.—*Los Angeles v. Pacific Electric Co.*, 12 R. C. D. 397.

100a. *Jurisdiction to determine facts.*—Where the railroad commission is vested with jurisdiction to regulate rates, it is also vested with jurisdiction to determine the facts upon the existence of which such regulation of rates is based.—*Producers Transp. Co. v. Railroad Commission*, 176 Cal. 499, 505, 169 Pac. 59.

100aa. *In the exercise of its jurisdiction to regulate rates of public utilities the railroad commission is vested with jurisdiction to determine all questions of fact necessary to exercise its jurisdiction, and this jurisdiction is not affected by the denial of such facts.*—*Limonera Co. v. Railroad Commission*, 174 Cal. 232, 242, 162 Pac. 1033.

100b. *Burden is on utility to show value.*—In a rate fixing proceeding before the railroad commission the burden is upon the public utility to show the existence of the value claimed for it, and it is held in the instant case that the finding of the commission based upon cost of acquisition of water rights in question was properly supported by the evidence.—*San Joaquin L. & P. Co. v. Railroad Commission*, 175 Cal. 74, 77, 165 Pac. 16.

100c. *Discriminatory rates — Unlawful discrimination.*—The rates fixed in the present case held not to be unlawfully discriminatory.—*Traber v. Railroad Commission (Cal.)*, 191 Pac. 356.

100d. *Same—Refrigeration charges held discriminatory.*—The collection of a refrigeration charge on meat shipments from Sacramento to San Francisco while no such charge is made on shipments from South San Francisco to Sacramento is clearly discriminatory and in violation of section 17 of the act.—*Swanston v. Southern Pacific Co.*, 12 R. C. D. 590.

100e. *Same — Reparation for storage charges on beans unloaded from boats.*—The subject of reparation for storage charges on beans at Sacramento and Stockton, does not come under the provisions of section 19 of the public utilities act.—*Ennis-Brown Co. v. Southern Pacific Co.*, 2 R. C. D. 966.

100f. *Waiver of charges, when rules and regulations are in file with commission, held preferential and discriminatory.*—A waiver by a telephone company of rates or charges under the rates, rules and regulations of the company on file with the commission, in favor of new customers held preferential and discriminatory.—*Sumner v. San Diego*, etc., Co., 13 R. C. D. 364.

100g. *Same—Surplus water at free or reduced rates during war.*—Water utilities are

authorized to deliver surplus water at free and reduced rates, for additional irrigation during an emergency created by war, such authorization being subject to the provision that the utilities may require consumers to stipulate in writing that they will not hereafter claim that the delivery of the water under such authorization amounts in any way to a dedication thereof or in any way prejudices the legal rights of the water company.—*In re Matter of Delivery of Water at Free or Reduced Rates During War*, 13 R. C. D. 103.

100h. *Same — Claims for discriminatory charges — Statute of limitations — Wright act.*—Claims for reparation for excessive, extortionate and unreasonable rates on lumber, in violation of section 21, article XII of the constitution, accruing prior to October 10, 1911, under the Wright act.—*Pioneer Box Co. v. Southern Pacific Co.*, 1 R. C. D. 568.

100i. *Same — Same — Same — Same.*—Claims accruing after October 10, 1911, are not barred under the Wright act.—*Pioneer Box Co. v. Southern Pacific Co.*, 1 R. C. D. 568.

100j. *Same — Same — Question of fact.*—Whether rates are unreasonable and unjust so as to give a right to reparation under section 21, article XII, of the constitution, is a question of fact to be determined by evidence.—*Scott, Magner & Miller v. Western Pacific Co.*, 2 R. C. D. 626.

100k. *Same — Same — Same — Burden of proof—Lower rate discriminatory and unjust.*—Where discrimination is proven to exist and the defendant desires to eliminate the same by raising the lower rate, the burden of proving that the lower rate is unjust shall rest with the defendant.—*Fesler v. Pacific, etc., Co.*, 4 R. C. D. 711.

100l. *Same — Continued application of rates—Presumption.*—The continued application of a rate on an article not specifically provided for, establishes the presumption that the carrier regards the rate and classification just, and one that must be maintained and charged only by the commission's consent.—*Pump, etc., Co. v. Southern Pacific Co.*, 2 R. C. D. 642.

100m. *Reparation under section 71.*—The commission has jurisdiction to award reparation under section 71, public utilities act, where the rate complained of is a contract rate and not one established by the commission, and even though the rate complained of had not yet actually been paid.—*Palo Alto Gas Co. v. Pacific Gas and Electric Co.*, 15 R. C. D. 618.

100n. *Same — Same — No room for doctrine of reparation.*—In a scheme providing that the state itself establishes rates which shall be conclusively just and reasonable, there is no room for the doctrine of reparation except upon the allegation that the defendant charged rates in excess of those established.—*Scott, Magner & Miller, v. Western Pacific Co.*, 2 R. C. D. 626.

100o. *Same — Same — Effect of constitutional amendment (section 21, art. XII, constitution).*—Inasmuch as the carriers, since

the long and short haul amendment to the constitution (section 21, article XII) was adopted October 10, 1911, make their own rates, and the remedy for the enforcement, for a violation of that amendment, the right to reparations, given by section 71a of the public utilities act, has existed since that date.—*Scott, Magner & Miller v. Western Pacific Co.*, 2 R. C. D. 626.

100p. Rates on application for certificate of public convenience and necessity.—The commission does not determine finally the question of reasonableness of rates per se in an application for a certificate of public convenience and necessity.—*Mount Whitney, etc., Co. v. Tulare, etc., Co.*, 1 R. C. D. 285.

100q. Rates — Authorities.—Upon the question of rates, consideration should be given to the following: *Covington, etc., Turnpike Co. v. Sanford*, 164 U. S. 578, 41 L. ed. 560, 17 Sup. Ct. Rep. 198; *Osborne v. San Diego, etc., Co.*, 178 U. S. 22, 44 L. ed. 961, 20 Sup. Ct. Rep. 860; *San Diego, etc., Co. v. Jasper*, 189 U. S. 439, 47 L. ed. 892, 23 Sup. Ct. Rep. 571; *Stanislaus Co. v. San Joaquin, etc., Co.*, 192 U. S. 202, 48 L. ed. 406, 24 Sup. Ct. Rep. 241; *Knoxville v. Knoxville Water Co.*, 212 U. S. 1, 53 L. ed. 371, 29 Sup. Ct. Rep. 148; *Willcox v. Consolidated, etc., Co.*, 212 U. S. 19, 15 Ann. Cas. 1034, 53 L. ed. 382, 29 Sup. Ct. Rep. 192.

100r. Commissions power of rate making subordinate to long and short haul clause.—The power of rate fixing given the California railroad commission under the public utilities act, is subordinate to long and short haul clause of the constitution, and only rates that are not violative of that clause that are deemed conclusively just and reasonable.—*California, etc., Co. v. Southern Pacific Co.*, 226 Fed. 349.

d. Grade crossings.

100s. Section 43 gives railroad commission jurisdiction.—Section 43 gives the railroad commission jurisdiction over the construction, change, operation and elimination of grade crossings.—*South Pasadena v. Pacific Electric Co.*, 11 R. C. D. 642.

100t. Los Angeles charter gives city no jurisdiction.—The city of Los Angeles has no jurisdiction over the subject of the rearrangement of the railroad tracks, grade crossings, etc., and the consolidation of freight and passenger stations into one.—*South Pasadena v. Pacific Electric Co.*, 11 R. C. D. 642.

101. Section 43 does not apply to streets of Los Angeles.—Section 43 of the public utilities act of 1911, making the permission of the railroad commission a prerequisite to the establishment of grade crossings of any railroad by a street, has no application to street openings and railroad crossings within the city of Los Angeles. — *Los Angeles v. Zeller*, 176 Cal. 194, 199, 167 Pac. 849.

101a. Same.—Section 43 of the public utilities act of 1911 as to requirement of permission of the railroad commission in making railroad crossings, does not apply

to such crossings in the city of Los Angeles.—*Los Angeles v. Central Trust Co.*, 173 Cal. 323, 325, 159 Pac. 1169.

102. Commission to consider from standpoint of public safety only.—The railroad commission is required to consider applications made under section 43 of the public utilities act, covering grade crossings, from a standpoint of public safety only, and not upon the question of public convenience and necessity.—*San Jose v. Southern Pacific Co.*, 15 R. C. D. 148.

103. Section 43 applied—No construction without commission's consent.—Crossings can not be lawfully constructed at grade without the consent of the commission, whether a condemnation is necessary or an amicable agreement is reached between the utilities or between the municipality and the utility.—*In re Trustees of Alhambra*, 2 R. C. D. 361.

104. Separation of grades.—Section 43(b) of the public utilities act invests the commission with the power to prescribe the terms and conditions under which a separation of grades shall be made with references to both the carriers and the state, county or municipality interested.—*In re Southern Pacific Co.*, 10 R. C. D. 318.

105. Same — Legislative intent.—The legislature intended to give the commission power to fix the point horizontally as well as vertically at which the crossing should be made.—*In re Trustees of Alhambra*, 2 R. C. D. 361.

106. Same—Same—Crossings above and below grade.—The legislature clearly intended to give the commission power to prevent a dangerous crossing at grade by requiring the crossing to be made below or above grade.—*In re Trustees of Alhambra*, 2 R. C. D. 361.

107. Railroad crossing—Payment by municipality of part of expense.—Where a municipality has, under the provisions of section 23, article XII, of the constitution, by the procedure provided by the act of 1911 (Stats. 1911 (ex sess.), p. 168), transferred and passed to the railroad commission the city's control over public utilities, the commission has ample warrant for its authority in section 43, of the public utilities act, to require the municipality to pay a proportion of the expense of making a railroad crossing over one of its streets.—*San Jose v. Railroad Commission*, 175 Cal. 284, 286, 165 Pac. 967.

108. Same—Same—Power of commission to apportion cost.—The manner of constructing railroad crossings is a vital and material part of the regulation of railroads and is germane to the subject of regulation of a public utility—a railroad, and the right of apportionment of the cost by the commission benefited by the crossing is a proper element of the cognate power of railroad regulation.—*San Jose v. Railroad Commission*, 175 Cal. 284, 289, 165 Pac. 967.

109. Street crossings—Viaducts and subways matter of state concern.—The regulation of state railroads in the matter of requiring them to establish viaducts and

subways at street crossings in the city of Los Angeles is a matter of state concern and not properly a municipal affair.—Civic Center Ass'n v. Railroad Commission, 175 Cal. 441, 450, 166 Pac. 351.

110. Same—Same—Section 43.—The railroad commission has the right and power under section 43 of the public utilities act, to require state railroads to establish viaducts or subways at street crossings in the city of Los Angeles.—Civic Center Ass'n v. Railroad Commission, 175 Cal. 441, 450, 166 Pac. 351.

111. Same—Case followed on petition for writ of mandate.—Facts similar to those stated in Civic Center Ass'n v. Railroad Commission, 175 Cal. 441, and decision same on writ of mandate.—Pasadena v. Railroad Commission, 175 Cal. 812, 166 Pac. 356.

112. Street crossings—Power of commission restricted—Necessity of local franchises.—In authorizing a railroad company to cross certain streets of a municipality, the railroad commission does not assume to enumerate all of the conditions with which the company must comply before being permitted to make the crossings, or as to the necessity of obtaining a franchise from the city, but it is merely deciding how the safety of the public should be best preserved when the crossings are made, if the contemplated extensions should be consummated.—San Jose v. Railroad Commission, 175 Cal. 284, 291, 165 Pac. 967, 970.

e. Industrial tracks.

113. Power to require not conferred by act.—The public utilities act does not confer upon the commission the power to require a railroad corporation to construct tracks for private industries off of or beyond the limits of its right of way, or participate in the expense of constructing any such tracks, except at its own pleasure; and the question whether or not railroad corporations of this state have heretofore, in certain instances, participated in such expense, can have no bearing on the case.—E. B. & A. L. Stone Co. v. Southern Pacific Co., 2 R. C. D. 825.

114. Same—Where commission may require.—Where it is practically impossible for shippers to move commodities for shipment to existing stations owing to inaccessibility of mountainous territory through which roads must be constructed, it is not unduly burdensome to require a common carrier to construct a spur track.—French v. Northwestern Pacific Co., 12 R. C. D. 696.

115. Damages for spur track—Commission has no jurisdiction.—The commission has no jurisdiction to award damages for injury to property by reason of the construction of a spur track, a right of action for which is purely for the courts.—In re San Francisco, etc., Co., 8 R. C. D. 48.

f. Joint use of facilities.

116. Joint use of poles by competing electric companies—Jurisdictional fact.—Before the commission acquires jurisdiction to order a joint use of poles by competing

electric companies, it must appear that such joint use "will not result in irreparable injury to the owner" of the facility.—Great Western Power Co. v. Pacific, etc., Co., 2 R. C. D. 579.

117. Use of facilities of other utilities—Section 41.—Section 41 of the public utility act invests the railroad commission with authority to compel any utility to permit the use by another utility, on equitable terms, of its conduits, subways, tracks, etc., on any street or highway, and to fix and direct payment of compensation for damages suffered, if any.—Southern Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

g. Physical connections in cities.

118. Section 38, confers jurisdiction.—Section 38 of the public utilities act invests the railroad commission with jurisdiction over connections between tracks of any two or more railroads, including authority to compel physical connections within any city or town between any two or more railroads entering the limits of such municipalities.—South Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

h. Union depots.

119. Union depots—Power of commission—Section 36.—Section 36 of the public utilities act invests the railroad commission with the power to direct that public utilities make any necessary changes in their existing plants or facilities, including the erection of new structures, to require joint action by two or more public utilities and to fix the site of new structures; and this also covers the erection of union passenger and freight depots.—South Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

i. Safety devices and appliances.

120. Section 42—Confers jurisdiction on commission to require installation.—Section 42 of the public utilities act empowers the railroad commission to require the construction and operation of utility property so as to best promote the health and safety of its employees and the public, and to prescribe and direct the installation of appropriate safety and other appliances, including protection devices at grade crossings, block and other signal devices.—South Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

j. Schedules and train movements.

121. Section 37 confers jurisdiction on commission over.—Section 37 of the public utilities act invests the railroad commission with jurisdiction over the frequency of train movements, time schedules and the places at which stops shall be made.—South Pasadena v. Pacific Electric Co., 11 R. C. D. 642.

k. Certificate of public convenience and necessity.

122. Certificate necessary—Violation of section 50.—A utility which commences operations before securing a final order from the commission granting a certificate violates the provisions of section 50 of the

act.—In re River Bend, etc., Co., 12 R. C. D. 443.

123. Same — Same — Requirement not evaded by consumer's extension.—A utility can not evade the necessity for a certificate of public convenience by rendering service through an extension constructed by a consumer.—Valley, etc., Co. v. Midway, etc., Co., 13 R. C. D. 313.

124. Railroad telephone system.—A railroad company which has constructed a telephone line for the purpose of handling such messages as are necessary in the conduct of its business as a railroad company can not engage in a general telephone business in connection with a telegraph company without a certificate.—Colorado, etc., Co. v. California, etc., Co., 13 R. C. D. 822.

125. Utilities judged at the time of application.—Utilities must be judged at the time of filing the application.—Pacific, etc., Co. v. Great Western Power Co., 1 R. C. D. 203; In re California, etc., Co., 2 R. C. D. 31; In re Oro Electric Corporation, 2 R. C. D. 748.

126. Impairment of powers of municipality under section 19, article XI, constitution.—Section 19, article XI of the constitution, did not vest in the city of Stockton any power which would be impaired by section 50 of the public utilities act.—Oro Electric Corp. v. Railroad Commission, 169 Cal. 466, 482, 147 Pac. 118.

126a. Same — Stockton charter contains no power to grant franchises for electric lights.—The Stockton charter contains no language giving that city power to grant franchises to furnish electric light and power to its inhabitants, and the provisions of said charter go no further than to assert the city's control over the streets, its power to regulate the laying of wires and the erection of lights in or upon such streets to provide for the lighting of such streets, and to fix the rates to be charged for such lighting.—Oro Electric Co. v. Railroad Commission, 169 Cal. 466, 477, 147 Pac. 118.

126b. Same—Same—Effect of section 50 of the act.—If the power of a city, at the time the public utilities act went into effect, extended merely to control of the use of its streets in connection with a public service, the right to engage in such service being derived from some other source than a grant from the city, section 50 of the act did not impair the power of the city within the meaning of section 23, article XII, of the constitution, or section 82 of the act.—Oro Electric Corp. v. Railroad Commission, 169 Cal. 466, 475, 147 Pac. 118.

126c. Construction—Section 50.—Section 50 provides that if a utility is proceeding with due diligence under a franchise heretofore granted, it may continue such work, subject only to the supervision of the commission.—Mt. Konocti, etc., Co. v. Gunn, 6 R. C. D. 787.

126d. Construction of section 50a.—The final proviso in section 50a of the public utilities act, obviously has to do solely with an interference with the physical operation of the line, plant or system of

the public utility already constructed.—Mt. Konocti, etc., Co. v. Thelan, 170 Cal. 468, 471, 151 Pac. 359.

127. Financial condition of applicant.—Where the financial situation of the applicant is such that there is a strong likelihood that it will be unable to render adequate service at reasonable rates, the application will be denied, unless the commission is given such assurance to the contrary as will satisfy it as to such financial situation.—In re Oro Electric Corporation, 1 R. C. D. 253.

128. Same—Ability to pay interest on bonds sold for inadequate or no consideration.—Where a utility sold bonds bearing large sums in interest on inadequate or no consideration prior to the going into effect of the act, the commission, in the absence of knowledge that the bondholders will demand payment, has no means of knowing whether the public convenience and necessity will be adequately served by granting its application.—In re Oro Electric Corporation, 1 R. C. D. 253.

129. Work commenced prior to March 23, 1912.—Where the actual construction work on an extension of a public utility was commenced prior to March 23, 1912, and was prosecuted thereafter in good faith, uninterruptedly and with reasonable diligence in proportion to its magnitude, no certificate of public convenience and necessity was required under section 50(a), although it had not, prior to the above date, actually exercised its franchise.—In re Southern Sierras Power Co., 2 R. C. D. 647.

130. Same—"Actually exercised" is "completely exercised" — Section 50(b).—The proper interpretation of the words "actually exercised" in section 50(b) of the act is "completely exercised."—In re Southern Sierras Power Company, 2 R. C. D. 647.

131. Same—Same — Same.—If a utility, prior to March 23, 1912, began and partially completed actual construction, in pursuance of franchise rights and privileges, it might proceed under such rules and regulations as the commission might prescribe to the completion or the complete exercise of the rights which had been granted.—In re Southern Sierras Power Co., 2 R. C. D. 647.

132. "System."—The word "system" as used in section 50 includes all facilities through which service is rendered, whether owned by the company or its consumers.—Valley, etc., Co. v. Midway, etc., Co., 13 R. C. D. 313.

133. Exchange service.—A utility has no legal right to deliver its commodity to an individual for resale, when neither has received a certificate from the commission, irrespective of the fact that the service is exchange service, to be paid for in kind at a later date.—Valley, etc., Co. v. Midway, etc., Co., 13 R. C. D. 313.

134. Territory already served—Policy of commission—Requirement of good faith.—In all applications to enter territory served by another utility of like character, the commission will look, not only to the exist-

ing utility, but also to the manner in which the applicant has fulfilled its duty to the public and complied with its representations to the commission with reference to territory already being served by it.—In re Oro Electric Corporation, 2 R. C. D. 748.

135. Same—Same—Showing of reasonable rate and fair return.—A utility desiring to enter a field already served can not make out its case by simply figuring out rates slightly lower than those of the existing utility, but it must present evidence clearly showing what rate it can reasonably give the public, and at the same time secure for itself a reasonable return on the value of the property actually used for the public purpose.—In re Oro Electric Corporation, 2 R. C. D. 748.

136. Same—Same—Question of superior advantages and cheaper service.—A wise public policy demands that utilities which are doing their full duty to the public should be treated with fairness and justice and liberality, and receive such protection for their investments as they deserve, subject always to the contingency that if another utility can, by reason of superior natural advantages or patented processes, or other means, give to the public a service as good as the existing utility, at rates materially less, the interests of the public must be deemed paramount and the new utility must be given an opportunity to serve the public.—In re Oro Electric Corporation, 2 R. C. D. 748.

137. Wholesaler entitled to regulation.—The wholesaler is just as much in need of regulation as the retailer, and the law can and should look through the shadow to the substance and take cognizance of a scheme to defeat the best interests of the public under whatsoever guise the scheme is found to exist.—In re Midway Gas Co., 2 R. C. D. 208.

138. Same—Certificate contrary to public interest.—If, as here, it is sought not to benefit the public but to benefit the promoters and utility companies entirely under such terms as will prevent regulation by competent authority, public convenience and necessity does not require the granting of the application, but the carrying out of such a scheme would be directly contrary to such interest.—In re Midway Gas Co., 2 R. C. D. 208.

139. Local control of streets.—The granting or withholding of a certificate of public necessity and convenience is an exercise of the power of the state to determine whether the rights and interests of the general public will be advanced by the prosecution of the enterprise which it is proposed to carry on for the service of the public; and this is an entirely different question from that of the local control of the streets, and power over the two subjects may well be vested at the same time in two different governmental bodies, without one in any way clashing or interfering with the other.—Oro Electric Corp. v. Railroad Commission, 169 Cal. 466, 475, 147 Pac. 118.

139a. Franchise from county not franchise from municipality.—A utility, though it has secured a blanket franchise from a county, has no valid franchise within a municipality, irrespective of the fact that the latter has been subsequently incorporated, when it has not exercised rights under the franchise in the territory of the municipality.—In re Southern Sierras Power Co., 13 R. C. D. 374.

140. Territory not served with consent of commission.—A utility has the right to furnish service in territory not being served by another public utility, without the commission's approval.—In re Mount Konocti, etc., Co., 1 R. C. D. 438; In re Gunn, 1 R. C. D. 447.

141. Invasion of territory—Service of industry in excess of occupant's ability.—A utility can not allege invasion of its territory when the new utility undertakes to serve an industry which requires an amount of energy considerably in excess of the available supply of the present utility, especially when the latter has never undertaken to serve a business of such magnitude nor has ever filed rates covering such class of service.—In re Sierra & San Francisco Power Co., 12 R. C. D. 560.

142. Same—Purpose of law as to competition—Territory served by pioneer in field.—Where territory is served by a utility which has pioneered in the field, and is rendering efficient and cheap service, and is fulfilling adequately the duty which it owes the public, and the territory is so generally served that it may be said to have reached the point of saturation as regards the particular commodity, then the design of the law is that it shall be protected within its field; but when any one of these conditions is lacking, the public convenience may often be served by allowing competition.—Pacific, etc., Co. v. Great Western Power Co., 1 R. C. D. 203; In re California, etc., Co., 2 R. C. D. 31; Midland Counties, etc., Co. v. Santa Maria, etc., Co., 9 R. C. D. 514. Case distinguished: In re Oro Electric Corporation, 2 R. C. D. 748.

143. Same—Same—Utility entitled to protection.—A public utility established in a territory and giving good and adequate service at reasonable rates, voluntarily to all who apply and not made to forestall prospective competition, is entitled to protection, that protection being as much in the interest of the public as of the utility.—In re Half Moon Bay, etc., Co., 1 R. C. D. 380.

144. Same—Same—Failure of utility to accord voluntarily proper service.—Where utilities do not voluntarily accord their patrons these things which are their due, or, at least, would impose upon the public authorities the burden of forcing them into a realization of what their proper relationship to the public is, they are not entitled to the same consideration, when threatened with competition, as utilities which have voluntarily furnished good service at reasonable rates.—Pacific, etc., Co. v. Great Western Power Co., 1 R. C. D. 203; In re

California, etc., Co., 2 R. C. D. 31. Case distinguished: *In re Oro Electric Corporation*, 2 R. C. D. 748.

145. Same—Same—Territory covered by natural monopoly.—A territory served by a utility which has pioneered in the field, covered by a natural monopoly is completely served.—*Pacific, etc., Co. v. Great Western Power Co.*, 1 R. C. D. 203; *In re California, etc., Co.*, 2 R. C. D. 31. Case distinguished: *In re Oro Electric Corporation*, 2 R. C. D. 748.

146. Same—Same — Indiscriminate competition.—The commission holds that the traveling public will receive more reliable service at more reasonable rates from established, responsible companies, who are permitted to earn a reasonable return upon their investment than by permitting indiscriminate competition which would weaken the financial situation of each of the competitors and result in poor and unreliable service.—*In re Santa Clara Valley Auto Line*, 14 R. C. D. 112.

147. Same—Same—Auto busses.—When an existing utility is giving good service at rates as low as may be reasonably expected and meeting all the requirements of the public in its territory for additional service the commission will be slow to permit a competitor to enter the field unless it is able to show that it is able to render a materially better service, or as good service, at materially lower rates.—*In re Santa Clara Valley Auto Line*, 14 R. C. D. 112.

148. Same—Same—Burden of proof.—The burden of proof in an application for a certificate rests upon the applicant to show that the service is required by the public.—*In re Santa Clara Valley Auto Line*, 14 R. C. D. 112.

149. Same—Same — Temporary inability to give efficient service.—The fact that a utility, serving a prescribed territory, is unable to render efficient service for a period of time, does not warrant another utility in entering the territory for competitive service without previous authority from the commission.—*Valley, etc., Co. v. Midway, etc., Co.*, 13 R. C. D. 313.

150. Same—Same—Utility too weak to supply service.—A utility relatively weak financially and without the facilities necessary to render service to large industries requiring an extra heavy demand can not expect to exclude from its territory a utility able and willing to render such service.—*In re Sierra and San Francisco Power Co.*, 12 R. C. D. 560.

151. Same — Same — Showing required.—An existing utility which desires protection from competition must show not only an ability to serve but also the extent to which it has available facilities to properly care for whatever business might be offered in the territory which it covers.—*In re Sierra and San Francisco Power Co.*, 12 R. C. D. 560.

152. Same—Same—Same—Duty of existing utility to exercise highest efficiency.—Existing facilities must be utilized to their

highest efficiency before additional investments will be permitted to be made in similar facilities for the purpose of serving the same territory.—*In re Sierra & San Francisco Power Co.*, 12 R. C. D. 560.

153. Same — Objectionable competition—Duplication of facilities.—Competition becomes objectionable only when it results in unnecessary duplication of investment and facilities, and when joint occupation of specified territory results in more improved and efficient service or the induction of new and better methods it is beneficial to the public.—*In re Sierra & San Francisco Power Co.*, 12 R. C. D. 560.

154. Same—Erection of poles and wires not service.—The erection of poles and wires can not be construed as serving surrounding territory where such wires were neither connected with a source of supply nor with prospective consumers.—*Mt. Konocti, etc., Co. v. Gunn*, 5 R. C. D. 958.

155. Telephone and telegraph system in a municipality.—A utility can not lawfully exercise any of the rights or privileges granted under a franchise for the construction of a telephone and telegraph system within a city without first securing a certificate of public convenience and necessity from the commission.—*In re Pacific, etc., Co.*, 11 R. C. D. 457.

1. Issue of securities.

155a. Permission to issue stocks, bonds, etc., required.—Permission must be secured from the railroad commission before a carrier may issue any stock or bonds, note or other evidence of indebtedness payable at a period of more than twelve months, when the aggregate amount of outstanding notes or indebtedness shall at any one time exceed \$2500.—*In re Rates, fares, charges, classification, rules and regulations of certain transportation companies*, 14 R. C. D. 378.

156. Securities authorized by the commission are not guaranteed to be profitable, but must take their place with other securities, the commission merely endeavoring to see that all possible efforts are made to safeguard them.—*In re Panama-Pacific Warehouse Corporation*, 9 R. C. D. 267.

157. Issue of securities out of proportion to revenue.—A utility composed of a consolidation of previously competing companies, though entitled to receive fair and reasonable rates, as are earned by like utilities under like conditions, should not be permitted to issue securities out of proportion to the net revenue which it might reasonably be expected to receive from one single system not having the duplicated facilities which exist in the property of the combined systems.—*In re Santa Barbara Telephone Co.*, 11 R. C. D. 470.

158. Stock subscribed but not issued prior to effective date of act.—Stock subscribed for but not issued prior to the effective date of the public utilities act is subject to the jurisdiction of the commission, and an authorization is required to

validate its issuance.—In re Valley Telephone Co., 9 R. C. D. 395.

See, also, as to bonds delivered but no actual value paid, In re Oakland, etc., Co., 3 R. C. D. 454.

159. Deposit with trustee as security not an "issue."—Delivery of bonds to a trustee to secure underlying is not an "issue" as that word is used in section 52 of the act.—In re Sutter-Butte Canal Co., 1 R. C. D. 803.

160. Combination of private business and public utility.—Question of rules as to issue of bonds by a company engaged in a private business and in a public utility.—In re Farmer's Warehouse Co., 2 R. C. D. 124.

161. Issuance of promissory note for period less than year.—The authorization of the commission is not necessary for the issuance by a public utility of a promissory note for a period of not to exceed one year.—In re R. B. Young, doing business as Grizzly Electric Co., 15 R. C. D. 327.

162. Pledge is not a sale.—The commission's authority to sell bonds is not a permission to pledge them.—In re Stockton, etc., Co., 1 R. C. D. 690.

163. Issue of refunding securities of consolidated corporation.—Ordinarily the commission will not consider an application for authority to issue refunding securities of a corporation not in existence, but where the proposed corporation is intended as the consolidated corporation of two existing corporations, and the purpose is to refund the obligations of such corporations, the application will be considered on its merits.—In re West Coast, etc., Co., 1 R. C. D. 876.

164. Sale of securities from one utility to another.—When the financial condition of a public utility is such that the commission could not authorize it to issue bonds to be sold to the public, it will permit their sale to another utility which is fully advised of the value of such securities, when the purchase thereof will in no wise affect the rates or service of the purchaser, and the bonds will not be sold to the public.—In re Union Home, etc., Corporation, 15 R. C. D. 558.

165. Renewal of short term promissory notes.—The commission has jurisdiction over the renewal of short term promissory notes.—In re Pacific, etc., Co., 3 R. C. D. 167.

165a. Personal liability of directors.—The public utility act of 1911 (§ 52b) repealed sections 309 and 456, Civil Code, as to the personal liability of directors of corporations for overissue of corporate securities, in so far as related to public utility corporations, but made no saving provision as to pending litigation or inchoate rights.—Moss v. Smith, 171 Cal. 777, 155 Pac. 90.

m. Sale and lease of properties of utilities.

166. Consent of commission required.—Application of section 51a.—Section 51a of the public utilities act, to the effect that sales, leases, etc., of public utilities can be made only with the consent of the railroad commission is merely permissive, and

the application should be made by the owner, because the authority must run to the owner.—Hanlon v. Eshleman, 169 Cal. 200, 202, 146 Pac. 656.

166a. Same.—Transfer of water system without consent of commission—Null and void.—A land company which constructs and operates a water distributing system in connection with its land operations can not turn its water system over to another company which it organizes for such purpose without first securing the permission of the commission, and such transfer without such permission is null and void.—Compton v. Richfield, etc., Co., 15 R. C. D. 20.

167. Same.—Policy of commission.—In passing upon a question of sale or lease of a public utility under authority of section 51a of the public utilities act, the railroad commission considers only what is necessary or useful in the performance of its duties to the public, and is concerned only with the question as to whether a proposed transfer will be injurious to the rights of the public, and it has nothing to do with the rights of an intending purchaser; nor has it power to determine whether a valid contract exists, or whether either party has a legal claim against the other under the contract.—Hanlon v. Eshleman, 169 Cal. 200, 203, 146 Pac. 656.

168. Reservation of part by grantor.—Upon the sale of the plant, property and water rights of a public utility, devoted wholly to public use, the grantor can not reserve an inseparable part thereof to his own use, so as to carve out a private right of ownership, so as to defeat the power of the railroad commission to fix the rates which he in common with all the other consumers shall pay for the service of such utility.—Limoneira Co. v. Railroad Commission, 174 Cal. 232, 241, 162 Pac. 1033.

169. Sale of public utility.—Obligation of grantee to continue service.—A transfer of property used in the public service carries with it the obligation to consumers to continue the use to which the property has been devoted.—In re Southern California, etc., Co., 1 R. C. D. 520.

170. Purchase by municipality.—Taxing and bond limit.—A municipality is legally able to take the property of a public utility, and in doing so will become the successor of the corporation and in duty bound to perform the obligations imposed by law, and the taxing and bond limit provisions of its charter to not affect funds necessary to enable it to perform such obligations.—In re Southern California, etc., Co., 1 R. C. D. 520.

171. Property not used or useful.—A public utility may dispose of property to which it has title without securing the consent of the commission, provided such property is not used or useful in the performance of its duties as a public utility.—In re East Bay, etc., Co., 13 R. C. D. 336.

172. Protest of another utility serving grantor.—In connection with an application of an electric utility for permission to transfer its property, the commission will not

consider the petition of another electric utility, selling energy to the company proposed to be transferred, that the petition be deemed on the ground that should the purchasing company refuse to continue to secure its energy through the protestant it would lose a considerable investment made to secure such business, where the prospective purchaser agrees to continue to take such energy until it can secure energy at a more reasonable rate.—*In re Callstoga Electric Co.*, 15 R. C. D. 63.

173. Lease of utility without consent of commission void.—It is in violation of section 51 of the public utilities act for a public utility water company to lease its system or any portion thereof without first securing the permission of the commission, and an individual or company purporting to take over the system or any portion thereof, without such permission, is merely the agent of the utility, which continues to be responsible for such operation.—*Stein v. Excelsior, etc., Co.*, 15 R. C. D. 167.

n. Contracts of utilities.

174. Right of municipality to contract away state's right to regulate service and rates.—The Marin Water and Power Company is held to be a public utility, and that its contracts, entered into both before and after the state's exercise of its power of regulation, are subject to the state's control, and are not within the protection of the federal constitution.—*Sausalito v. Marin Water and Power Co.*, 8 R. C. D. 252.

175. Same.—Right of municipality to contract away state's power to regulate not granted to Sausalito.—*Sausalito v. Marin Water and Power Co.*, 2 R. C. D. 252.

176. Municipal corporation as a consumer is not different from a private corporation.—*Sausalito v. Marin Water and Power Co.*, 2 R. C. D. 252.

177. Contracts between municipalities and utilities.—A public utility can not contract with its customers in such a way as to preclude the state from inquiring into the reasonableness of the rates agreed upon, directing the removal of discriminations and otherwise completely supervising and regulating the utility, and this principle applies to contracts between utilities and municipalities unless the right is given the latter in express terms to contract away the power of regulation by the state, which has not been done as to Ukiah.—*Ukiah v. Snow Mountain, etc., Co.*, 4 R. C. D. 293.

178. Contracts appurtenant to land.—The mere fact that contracts were made by a water company that the agreements to supply water should be appurtenant to land is not inconsistent with the theory of dedication to public use, and such contracts were subject to regulation and control by the public authorities under existing laws or under laws subsequently enacted.—*Traber v. Railroad Commission, (Cal.)* 191 Pac. 366.

179. Contracts of public service corporations subject to modification by the commission.—If a corporation was a public service

corporation at the time it entered into a public service contract that contract was subject to modification by the railroad commission.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

180. Contracts should be approved when.—Contracts between utilities and their patrons, for a valuable consideration, entered into in good faith, should be approved by the commission, in so far as such approval will not result in discrimination.—*In re California, etc., Co.*, 2 R. C. D. 584.

181. Same.—Rights of way.—A carrier should be permitted to pay the price agreed upon for its right of way.—*In re California, etc., Co.*, 2 R. C. D. 584.

182. Soliciting baggage on train.—Exclusive contracts.—A railroad has a right to make an exclusive contract for soliciting of baggage on trains.—*Red Line, etc. v. Southern Pacific Co.*, 3 R. C. D. 526.

183. Contract to sell properties.—Void unless approved by commission.—A contract for the sale of its properties by one utility to another, without the approval of the commission as required by sections 51 and 76, is void and unenforceable.—*Napa, etc., Co. v. Callstoga, etc., Co.*, 38 Cal. App. 477, 176 Pac. 699.

Neither company can have specific performance against the other.—*Napa, etc., Co. v. Callstoga, etc., Co.*, 38 Cal. App. 477, 176 Pac. 699.

184. Lawful contracts as to rates and tolls not affected.—A lawful contract entered into between an owner and a telegraph company granting a right of way for a telegraph line in return for privileges and tolls in a specified amount, is within the protection of the impairment of contracts clause of the federal constitution, and is unaffected by the public utilities act.—*Irvine v. Postal, etc., Co.*, 37 Cal. App. 60, 173 Pac. 487.

185. Relief from contract.—Application under section 74.—Under section 74 a railroad may apply to the commission for relief under a contract with a water company for water in consideration of a right of way for a pipe line, but it may also resort to the ordinary actions and proceedings in the courts.—*Southern Pacific Co. v. Spring Valley, etc., Co.*, 173 Cal. 291, L. R. A. 1917E, 680, 159 Pac. 865.

186. Contracts between utilities.—The commission's power to fix the rates of a public utility irrespective of existing contracts is not confined to ordinary consumers, but includes also cases where one electric utility furnishes service to another utility of a like nature, whether by contract or otherwise, for general distribution to the public.—*Callstoga, etc., Co. v. Napa Valley, etc., Co.*, 13 R. C. D. 280.

187. Agreements as to division of territory and alterations in prices to be paid for electric energy.—The railroad commission will not be bound by any provisions in any agreements between utilities with reference to a division of territory and alterations in prices to be paid for electric energy.—*In re Wohlford*, 12 R. C. D. 505.

188. Advertising for transportation—Commission without power to authorize.—The commission has no power to grant authority for the exchange of advertising space for transportation.—In re San Francisco Newspaper Union, 1 R. C. D. 705.

189. Same—Same—Public utility act contains only authority.—The public utility act itself gives the authority to exchange advertising for transportation, so far as it exists and whatever restrictions the commission may impose may diminish but can not increase that power.—In re San Francisco Newspaper Union, 1 R. C. D. 705.

190. Same—Same—Status of applicant.—The San Francisco Newspaper Union is not the proprietor or employee of a newspaper as these words are used in the public utilities act.—In re San Francisco Newspaper Union, 1 R. C. D. 705.

o. Valuation for rate making.

190a. Basis.—The present value of the property being used by a public utility for the convenience of the public is the basis on which rates are to be fixed; and this in the Ames case (164 U. S. 466) is held to be computed from the original cost of construction, the amount expended in permanent improvements, the amount and market value of stocks and bonds, the present, as compared with the original cost of construction, the probable earning capacity of property under particular rates and the sum required to meet operating expenses; and in addition the Jasper case (189 U. S. 439) holds that the price at which a plant has been bought at a foreclosure sale is evidence to be considered in a rate fixing inquiry.—In re Murray, 2 R. C. D. 464.

190aa. Use of commodity should not be basis of rate.—A common carrier is not justified in charging a higher rate for moving a commodity, under exactly similar conditions, to one community where it is used for manufacturing purposes, than to another community where it is put to a less valuable use.—Pacific, etc., Co. v. Southern Pacific Co., 13 R. C. D. 61.

190b. Right of diversion of water for power purposes is property and entitled to consideration in rate making.—The right to divert and use a portion of the waters of a stream for the purpose of generating electric light and power is property, and a light and power company is unquestionably entitled to have their value considered in the fixing of its rates.—San Joaquin L. & P. Co. v. Railroad Commission, 175 Cal. 74, 77, 165 Pac. 16.

190bb. Same—Where rates would be unduly high, water rights will not be considered.—In fixing water rates no allowance will be made for water rights where it is conceded by the utility that if a return is allowed thereon the rates will be unjustly and unduly high.—In re Lake Hemet Water Company, 11 R. C. D. 617.

190bbb. Value of water rights.—The commission has the authority to determine the amount to be allowed for water rights

in fixing water rates.—In re San Diego, 4 R. C. D. 902.

190c. Capitalizing franchises.—Jurisdiction to permit a public utility to capitalize or to issue securities upon the value of its franchises or permits is denied the railroad commission, under section 52, subdivision (b) of the public utilities act.—In re United Stages, 15 R. C. D. 175.

190d. Franchise cost—Section 52.—Section 52 of the public utilities act prohibits the railroad commission from authorizing the issue and sale of stock to cover the cost of a franchise in excess of the actual cost thereof to the grantee.—In re Colorado River, etc., Co., 12 R. C. D. 708; In re Red Star Stage Line, 14 R. C. D. 126.

190e. Capitalization of franchises for rate making purposes.—When the public grants privileges to a utility free of cost, it can not be expected that such utility will be allowed to capitalize the same for rate making purposes, and no such value is allowed by the commission.—In re Mt. Whitney, etc., Co., 9 R. C. D. 628.

190f. Same—Evil effect of—Local franchises.—Evil effects of attempts to fix permanent rates by local franchises.—Re Chesapeake, etc., Co. (Va. Corp. Com.) P. U. R. 1920F, 49.

190g. Reproduction cost—Inflated war prices.—The Virginia commission declined to accept a valuation based on reproduction at inflated war prices.—Re Chesapeake, etc., Co. (Va. Corp. Com.) P. U. R. 1920F, 49.

190h. Same—Investments for war purposes.—The Virginia commission declined to allow valuation of property used for war purposes, but no longer in use and required such investments to be deducted.—Re Chesapeake, etc., Co. (Va. Corp. Com.) P. U. R. 1920F, 49.

190i. Same—New.—The commission does not hold itself bound to confine itself to estimated reproduction value new; but that such a basis would have considerable weight if the utility has been kept up to a 100 per cent efficiency and a proper depreciation fund maintained, and the estimate does not differ materially from the actual cost.—Antioch v. Pacific, etc., Co., 5 R. C. D. 19.

190j. Same—Same.—If the utility has not maintained its system in first-class condition, paying out in dividends money that should have been used for this purpose, a rate based solely upon the cost to reproduce such system new would be extremely unfair to the consumers.—Antioch v. Pacific, etc., Co., 5 R. C. D. 19.

190k. Same—Same.—If the utility originally cost an amount, honestly and wisely expended, considerably in excess of what it would now cost to reproduce it, the establishment of a rate upon estimated reproduction cost would be unfair to the utility.—Antioch v. Pacific, etc., Co., 5 R. C. D. 19.

190l. Same—Same—Depreciated reproduction value.—It is unfair to base a return entirely upon a depreciated reproduc-

tion value, such depreciation being computed from the average age of the component parts of the system, which, though in use for several years, are still equal to 100 per cent efficiency.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

190m. Same—Money wisely and honestly invested.—Though the commission is not committed to any one theory in determining the value of a utility for rate making purposes, it will consider all the elements suggested by the supreme court of the United States, giving to each its fair weight, considerable weight will be given to the money honestly and wisely invested in the property and in building up the business.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

190n. Same—"Original cost."—The term "original cost" means the actual expenditures, in cash or its equivalent, by the railroad company for the physical elements entering into its operative property, as of a specified date; but this definition was expressly limited to the instant case.—*In re Valuation Stockton Terminal, etc., Co.*, 2 R. C. D. 777.

190o. Same—"Reproduction value."—The term "reproduction value" means the estimated cost in cash of acquiring the operation right of way and other real estate and of reproducing in the condition in which it was acquired the other operative physical property, as of a specified date, to which are added overhead expenditures for engineering, law, interest and commissions and similar items; but this definition was expressly limited to the instant case.—*In re Valuation Stockton Terminal, etc., Co.*, 2 R. C. D. 777.

190p. Same—"Present value."—The term "present value" means the "reproduction value," less the diminution in value of the physical properties, due wage, use, obsolescence and inadequacy, but this definition was expressly limited to the instant case.—*In re Valuation Stockton Terminal, etc., Co.*, 2 R. C. D. 777.

190q. Same — Same. — "Present value" may under certain circumstances, include appreciation as well as depreciation.—*In re Valuation Stockton, etc., Co.*, 2 R. C. D. 777.

190r. Same. — "Depreciated reproduction value" may properly be used as the alternative for the term "present value."—*In re Valuation Stockton Terminal, etc., Co.*, 2 R. C. D. 777.

190rr. Value of system used—Reproduction value.—A return should be allowed only on that portion of the system used and useful in the public service, and when a return based on reproduction value of a plant would result in a rate higher than the service is reasonably worth, values can not be given primary consideration.—*In re Lake Hemet Water Co.*, 11 R. C. D. 617.

190s. Cash working capital.—A utility should be allowed to earn a fair return on a reasonable amount of working capital necessary to meet its current obligations, without regard to the amount of cash on

hand.—*In re Centralia, etc., Co.* (Ill. P. U. Com.) P. U. R. 1920F, 124.

190t. Operating expenses—Bad debts. A reasonable allowance should be made for bad debts, even though the account shows a credit.—*In re Centralia, etc., Co.*, (Ill. P. U. Com.) 1920F, 124.

190u. Same—Federal income tax. Such tax is not a proper charge against operating expenses but should be borne by the stockholders.—*In re Centralia, etc., Co.*, (Ill. P. U. Com.) 1920F, 124.

190v. Unused property — Alternative plant.—An electric generating plant, unused for two years, out of repair, can not be considered on the theory that it is a standby plant.—*In re Spring Valley, etc., Co.*, (Ill. P. U. Com.) P. U. R. 1920F, 139.

190vv. Additional plant—Usefulness during rate period.—It was within the jurisdiction of the commission, in the exercise of its discretionary powers to determine from the facts before it whether an addition to a water plant would be available for the needs of the consumers during the year for which rates were imposed, so as to entitle it to be treated as used and useful, and the court will not disturb the finding of the commission.—*San Leandro v. Railroad Commission*, (Cal.) 191 Pac. 1.

190w. Same—Property purchased for future needs which can not be used at the present time for utility purposes can not be included in a valuation for rate making purposes.—*In re Merchants, etc., Co.* (Ind. P. S. Com.) P. U. R. 1920F, 162.

190x. "Going value" — "Development cost."—The commission will consider "going value" or "development cost," when such items are not offset by other equitable considerations, as appear in the present case, but only little weight will be given to hypothetical estimates when the actual expenditures are available.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

190y. Same—Defined.—"Going concern" value, that is the value of a business in active and successful operation over and above the value of its component parts, is recognized, and allowance made therefor in rate making proceedings.—*San Joaquin L. & P. Co. v. Railroad Commission*, 175 Cal. 74, 80, 165 Pac. 16.

190z. Same—Development cost excluded as element of.—Where the earnings of a light and power company since the close of the development period, over and above the eight per cent fixed as a standard for reasonable return, have been sufficient to balance all of the deficits of the development period, with interest thereon for the entire period, the railroad commission is fully justified in excluding the item of development cost as an element of going concern value.—*San Joaquin L. & P. Co. v. Railroad Commission*, 175 Cal. 74, 80, 165 Pac. 16.

190za. Capitalization — Earning basis — Value of property.—The earning basis is obviously not a proper one upon which to base capitalization, and the commission has

determined that the proper basis of capitalization is the value of the property.—*In re Angels' Flight Ry.*, 2 R. C. D. 693.

190zb. Intangibles—Advertising, etc., to secure business.—The Virginia commission declined to allow expenses for advertising and other expenses incurred in securing business.—*Re Chesapeake, etc., Co.*, (Va. Corp. Com.) P. U. R. 1920F, 49.

190zc. Securities.—Slight consideration given securities of a public utility, on the ground that they may not represent real value.—*Re Chesapeake, etc., Co.*, (Va. Corp. Com.) P. U. R. 1920F, 49.

190zd. Value of extensions.—The value of extensions made by a water system for the purposes of developing tracts outside the original area will not be allowed in establishing bare rates to consumers in the original district.—*In re Western, etc., Association*, 15 R. C. D. 67.

190ze. "Depreciation fund."—A utility has a right to look to its consumers for the establishment of a proper depreciation fund; and the amount of such fund should be based upon the average natural life of the different classes of material, with an allowance for salvage, obsolescence and inadequacy.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

190zf. Same—Interest.—The interest on the depreciation fund should be retained therein and not diverted to other channels.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

190zg. Cost of electric energy.—In establishing a rate for electric energy the commission divided the cost into two parts, one being the cost of electric energy delivered at the gates of Antioch, and the other the cost of local distribution.—*Antioch v. Pacific, etc., Co.*, 5 R. C. D. 19.

p. Valuation for condemnation.

191. Basis.—In finding the value of public utility property for condemnation proceedings the commission can not take into consideration estimates based on the probable value of the property for some future use to which the purchaser may intend to put it, but values must be determined upon the worth of the things to be transferred under the conditions and for the purposes for which they are being utilized at the time of the valuation.—*In re City of San Fernando*, 13 R. C. D. 88.

191a. Same—Findings of fact required.—In a valuation under section 47 for use in future proceedings, findings of fact with reference to the different elements which have from time to time been considered by the courts in cases in which the value of the property of a railroad company has been material, will be made by the commission as follows: (1) Organization, construction and operation; (2) stocks and bonds; (3) revenue and expenses; (4) original cost; (5) reproduction value; (6) present value.—*In re Valuation Stockton Terminal, etc., Co.*, 2 R. C. D. 777.

See, also, to same effect, *In re Valuation Sugar Pine Ry. Co.*, 6 R. C. D. 3; *In re Valuation Mill Valley, etc., Co.*, 6 R. C. D.

233; *In re Valuation Petaluma, etc., Co.*, 6 R. C. D. 749; *In re Valuation San Diego, etc., Co.*, 4 R. C. D. 539; *In re Valuation Diamond, etc., Co.*, 7 R. C. D. 499; *In re Valuation Quincy, etc., Co.*, 8 R. C. D. 340; *In re Valuation Glendale, etc., Co.*, 8 R. C. D. 605; *In re Valuation San Francisco, etc., Co.*, 8 R. C. D. 623; *In re Valuation Central Pacific Ry. Co.*, 8 R. C. D. 640; *In re Valuation Tidewater, etc., Co.*, 9 R. C. D. 285; *In re Valuation Monterey, etc., Co.*, 9 R. C. D. 812.

191b. Taking testimony.—In determining the question of compensation under section 47 of the public utilities act, the commission may call and examine a witness not proposed by either party to the proceedings.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 713, 154 Pac. 864, Ann. Cas. 1917C, 114.

191c. Same—Competency of witness who has viewed property.—A witness is competent to testify in a proceeding before the railroad commission under section 47, as to value, where he appears to have viewed and examined the property with care and had made exhaustive inquiries regarding sales of similar property in the vicinity and of the different uses to which the property was adapted, all with the purpose of forming an opinion on the subject.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 714, 154 Pac. 864, Ann. Cas. 1917C, 114.

191d. Same—Same—Faculty of land as source of water supply.—Where the commission, in a proceeding to fix compensation under section 47, considered the faculty the land possessed as a source of water supply, for the reservoir of a water company, its refusal to give such faculty a separate value would not deprive it of jurisdiction, or invalidate its award.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 714, 154 Pac. 864, Ann. Cas. 1917C, 114.

191e. Same—Same—Same—Separate finding.—The failure of the commission in a proceeding to fix compensation under section 47, to make separate findings as to separate parcels of property, does not under sections 47 and 70, deprive the commission of jurisdiction or invalidate its findings.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 717, 154 Pac. 864, Ann. Cas. 1917C, 114.

191f. Same—Evidence on commission's own motion.—The commission, in a proceeding under section 47, to fix compensation, is authorized to make its findings upon evidence offered by neither party, but sought on the commission's own motion, and such findings are not for that reason, necessarily outside the issues.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 716, 154 Pac. 864, Ann. Cas. 1917E, 114.

192. Detached pieces of property.—In a petition for valuation for condemnation purposes, a detailed statement of the property "together with all the properties built and building or to be built subsequent to the making of the list" is sufficiently adequate to include a few scattered items of property.

such as detached pieces of pipe, etc., and no supplemental finding as to the value of such property is necessary.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

193. Gas company — Paying.—No allowance for paying, in excess of the actual expenditure incurred is permitted in valuation for either rate making or condemnation.—*In re Palo Alto*, 11 R. C. D. 209.

194. Franchise cost.—The actual amount paid for the franchise is allowed, but not interest.—*In re Palo Alto*, 11 R. C. D. 209.

195. Going concern.—The commission should fix and determine a single and definite sum for property rights as a going concern with business attached.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

196. Same—Net earnings are not stable and are dependent on many factors which give no assurance that they will remain permanent; but where the utility is efficiently managed and earning in excess of eight per cent, proper consideration should be given present earning capacity.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

197. Power to build competing plant.—The fact that a municipality has the power to build a competing plant can have no weight in determining values.—*Los Angeles v. Edison*, 11 R. C. D. 83.

198. Severance damages.—Where a part of a utility system is to be taken consideration should be given to loss in intrinsic value due to less profitable use of the property taken and of the property not taken.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

199. Same.—Where it is not possible to segregate any portion of the property as solely affected by the severance and the whole property is affected, all the property must be considered.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

200. Same.—Where property is valuable only for the particular purpose for which used its value is dependent upon its use for that purpose, and if it is rendered less useful for that purpose it is rendered less valuable and compensation must be made for the damage thus sustained.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

201. Same.—Severance damages must be determined not from a capitalization of loss of net earnings, but must be the reduction, caused by severance, in the value of the property not taken.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

202. Unamortized bond discount.—A claim for an allowance under the head of unamortized bond discount and expense is not considered in allowance of property and rights, and can not be allowed here.—*Los Angeles v. Edison Co.*, 11 R. C. D. 83.

203. Expenditures subsequent to findings and prior to issue thereof.—The commission has no jurisdiction to make an order, at a subsequent date, in connection with expenditures made by a utility prior to the date upon which the commission's findings were issued.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

204. Additional compensation—Additions and betterments in the ordinary course of

business. To secure additional compensation a utility must show a loss incurred in its being obligated to preserve its property between the time judgment in condemnation becomes final and the time of payment of compensation, and such compensation shall include additions and betterments made in the ordinary course of business.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

205. Agreements after valuation.—The commission has no jurisdiction over agreements entered into by a water district seeking to condemn the properties of a water and power company and the latter subsequent to the valuation of its properties relative to improvements made after valuation, for which the water district is inclined to give additional compensation.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

206. Taxes paid after valuation.—A utility is not entitled to compensation for taxes paid subsequent to valuation, for while it is in possession its receipt from rates sufficient to cover operating expenses, includes taxes, and to allow it compensation in the condemnation proceeding would be in effect to allow it double compensation.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

207. Revaluation after condemnation final.—The commission has no jurisdiction to entertain a proceeding for a general revaluation, after the condemnation judgment has become final.—*In re Marin Municipal Water Co.*, 12 R. C. D. 532.

208. Hearings as to improvements and betterments.—The provisions of section 70 of the public utilities act as to holding hearings from time to time as to the value of improvements and betterments has reference to valuations for rate-making purposes, and not for condemnation purposes.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

209. Report of commission final by adjudication on appeal.—Where in a valuation proceeding preliminary to the condemnation of a utility by a municipal water district, the railroad commission, in its report fixed a value for "miscellaneous equipment," and reserved that item for subsequent valuation "subject to change at time of purchase," the utility appealed to the supreme court without objecting to the reservation, or objected to the consideration of the matter in the condemnation proceedings, or sought a review of the finding of the lower court based on the report, the order of the commission became final by the adjudication of the supreme court.—*Marin Municipal Water District v. Marin, etc., Co.*, (Cal. App.), 187 Pac. 764.

210. Findings final and conclusive.—The findings of the commission upon the valuation of a public utility property for the purpose of condemnation by a municipal water district or other public authorities shall be deemed final and conclusive; but the commission may certify to the superior court such amounts as it may be deemed

proper, to be either added or subtracted from the original findings.—*In re Marin Municipal Water District*, 12 R. C. D. 532.

211. *Determination of commission conclusive.*—The finding of the railroad commission as to the compensation to be paid by a county water district or other public corporation desiring to acquire an existing public utility, where fixed, determined and certified in accordance with section 70 of the public utilities act, is, under section 47, final and conclusive in eminent domain proceedings by such district or corporation to condemn such utility, and the superior court is not authorized to determine the value of the property or to give judgment for such value as the compensation to be paid therefor.—*Marin Municipal Water District v. Marin Water and Power Co.*, 178 Cal. 308, 311, 173 Pac. 469; *Marin Municipal Water District v. North Coast Water Co.*, 178 Cal. 324, 326, 173 Pac. 473.

g. Reparation for violation of long and short haul clause.

211a. *Effect of constitutional amendment of October 10, 1911.*—The constitutional amendment of October 10, 1911 (§ 21, art. XII) did not continue in effect illegal rates theretofore fixed by the commission, which were violative of the long and short haul clause, but such rates could be relieved from by an application made to the commission for that purpose, followed by favorable action on the commission's part.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682. To the same effect: *Southern Pacific Co. v. California Adjustment Co.*, 237 Fed. 954, 150 C. C. A. 604.

211b. *Right arising under the "Wright act."*—Where a remedy for its enforcement exists, and the bar of the statute has not fallen, a right to reparation for a violation of the long and short haul of the constitution (§ 21, art. XII), arising under the Wright act, may be enforced, and that remedy is given by section 60 and section 70 of the public utilities act.—*Scott, Magner & Miller v. Western Pacific Co.*, 2 R. C. D. 626.

211c. *Same — Statute of limitations.*—Claims for reparation on shipments prior to October 10, 1911, barred by the statute of limitations, and claims on shipments after that date were barred under section 71(b) of the public utilities act, in two years.—*California Packing Corporation v. Southern Pacific Co.*, 12 R. C. D. 261.

211cc. *Same — Same — Two-year bar.*—When a statute is passed establishing a period of limitations applicable to rights theretofore created, a reasonable time must be given for the prosecution of an action before the statute works a bar, and it is held that in view of the fact that the two-year period fixed by the public utilities act can not be construed to take away the remedy given for the enforcement of reparation claims arising under the Wright act, and kept alive by the Stetson-Eshleman and public utilities acts, a reasonable time will be given for the prosecution of an

action for such reparation, which will be deemed two years after the effective date of the last named act.—*Scott, Magner & Miller v. Western Pacific Co.*, 2 R. C. D. 626.

211d. *No reparations prior to adoption.*—Reparation can not be claimed for a violation of the long and short haul clause of the constitution prior to its adoption October 10, 1911.—*Scott, Magner & Miller v. Southern Pacific Co.*, 3 R. C. D. 339.

211e. *Section 31d "Wright act," as section 4, interstate commerce act.*—The section is substantially the same as section 4 of the interstate commerce act, as to which it has been repeatedly held that the carrier was relieved from the restraints imposed thereby whenever actual or potential competition compelled the acceptance of lower rates for the longer than for the shorter haul.—*Scott, Magner & Miller v. Western Pacific Co.*, 2 R. C. D. 626. Citing *Atchison, etc., Co. v. Denver, etc., Co.*, 110 U. S. 678, 28 L. ed. 291, 4 Sup. Ct. Rep. 185; *Interstate Commerce Commission v. Alabama, etc., Co.*, 168 U. S. 144, 42 L. ed. 414, 18 Sup. Ct. Rep. 45; *Louisville, etc., Co. v. Behlmer*, 175 U. S. 648, 44 L. ed. 309, 20 Sup. Ct. Rep. 209; *Ex parte Koehler*, 31 Fed. 315, 12 Sawy. 446; *Interstate Commerce Commission v. Atchison, etc., Co.*, 50 Fed. 295.

211f. *Same—Construction determined by construction of interstate commerce act.*—In view of the fact that the provisions of the interstate commerce act relating to the subject of rates and fares have been substantially adopted in the constitution of California and the public utility act, it is presumed that the people and the legislature intended the true meaning thereof to be as established by the courts as to the federal act.—*Southern Pacific Co. v. Superior Court*, 27 Cal. App. 240, 150 Pac. 397.

211g. *Long and short haul clause—Water competition justifies higher rates to intermediate points.*—Higher rates to intermediate points forced by water competition are warranted and their continuation permitted.—*In re Southern Pacific Co.*, 10 R. C. D. 354; *In re Atchison, etc., Co.*, 10 R. C. D. 368; *In re California, etc., Co.*, 10 R. C. D. 377; *In re California, etc., Co.*, 10 R. C. D. 382; *In re Southern Pacific Co.*, 10 R. C. D. 387; *In re Atchison, etc., Co.*, 10 R. C. D. 396; *In re Western Pacific Co.*, 10 R. C. D. 403; *In re Northwestern Pacific Co.*, 10 R. C. D. 406.

211h. *Same—Same—Common points between Los Angeles and San Francisco.*—Water-compelled rates apply from Los Angeles and common points to San Francisco and common points, including points on the Sacramento and San Joaquin rivers, except South Vallejo, which itself has water competition. — *In re Southern Pacific Co.*, 13 R. C. D. 364.

211i. *Same—Long and circuitous route—Competition with larger and stronger carrier.*—Where a utility renders an exceptionally efficient service, and in addition operates a road over a more circuitous route in competition with a far larger and stronger carrier, it is justified in the collection

of a higher rate for intermediate points in violation of the long and short haul clause.—*In re Petaluma, etc., Co.*, 10 R. C. D. 412.

r. Consolidation of utilities.

211j. Competing telephone systems.—The commission does not favor competing telephone systems, and will look with favor on any equitable agreements towards consolidation of competing systems with its resultant improvements in service.—*In re Union Home, etc., Corporation*, 15 R. C. D. 558.

211k. Consolidated utilities entitled to reasonable rates.—Consolidated utilities are entitled to reasonable rates covering the class of service which they render, irrespective of the fact that severe competition may have forced rates so low that upon consolidation it is found necessary to increase certain rates above those existing prior to such consolidation, for should the companies independently petition for an increase in rates, the commission would be obliged, in any event, to allow a fair and reasonable return.—*In re Santa Barbara Telephone Co.*, 11 R. C. D. 470.

V. RIGHTS, DUTIES AND LIABILITIES OF UTILITIES.

a. In general.

212. Diversion of public use.—A public utility which has for a period of time devoted its supply of gas, or a portion thereof, to the public use, can not divert such supply for personal uses, nor is the inclusion of a clause in a lease or contract purporting to give such utility the right to divert such supply to its own uses sufficient to give the utility a right prior to the public's right thereto.—*In re Traders Oil Co.*, 12 R. C. D. 647.

213. Information to consumers.—A public utility is required to inform all consumers in matters in which their interests or dealings with the utility are involved.—*In re Western, etc., Association*, 15 R. C. D. 67.

214. Continuous service—Rural telephone company.—Where a rural telephone exchange serves 300 or more subscribers it should provide continuous service.—*In re*

Elk Grove Mutual Telephone Association, 11 R. C. D. 592.

215. Checking baggage at hotels and residences.—A railway company is obligated only to accept baggage at its stations; and an arrangement by which a transfer company is allowed the privilege of checking baggage at hotels and residences is one merely for the accommodation of passengers, not obligatory upon the company, and, hence, not a matter within the jurisdiction of the commission.—*Atlantic Transfer Company v. Los Angeles Transfer Co.*, 7 R. C. D. 165.

216. Delivery of water to property line.—A utility, operating under exceptional conditions which has never assumed the obligation of delivering water to the property line of any of its consumers will not be required to do so.—*Hansel v. Reiney*, 14 R. C. D. 806.

217. Connections — Deposit of cost.—Utilities delivering water for irrigation shall install connections at their own expense, and no deposit shall be required therefor unless it is shown that the cost is greater than is warranted by the probability of use based on acreage and size of service customarily provided.—*In re Western, etc., Association*, 15 R. C. D. 67.

218. Same—Same—Discrimination.—A water utility delivering water for both domestic and irrigation purposes can not require a consumer desiring water for domestic use, to construct, at his own expense, the facilities for such service, while, at the same time, the utility installs, free of charge, the same facilities to other consumers.—*In re Western, etc., Association*, 15 R. C. D. 67.

219. Same—Renewal after disconnection—Joint telephone lines.—Where the owners of joint telephone lines voluntarily permitted a connection to be made therewith by another line, also open to the use of the public, and subsequently disconnected it, the railroad commission had authority to order the connection renewed and the service continued.—*Camp Rincon Resort Co. v. Eshleman*, 172 Cal. 561, 564, 158 Pac. 186.

220. Supply of water for irrigation—Designation of place of use by appropriator.—An appropriator of water for public use is not required to designate places of use in compliance with sections 1410 to 1422, Civil Code, when there were none except public rights to the water appropriated; and even when a place of use is designated, no vested rights are conferred upon any one.—*Price v. Riverside*, 56 Cal. 430; *Hildreth v. Montecito Creek Water Co.*, 139 Cal. 22, 72 Pac. 395; *Leavitt v. Lassen Irrigation Co.*, 157 Cal. 82, 29 L. R. A. (N. S.) 213, 106 Pac. 404; *Miller v. Bay Cities Water Co.*, 157 Cal. 256, 27 L. R. A. (N. S.) 772, 107 Pac. 115; and *Thayer v. California Development Co.*, discussed and distinguished; *Palmer v. Southern, etc., Co.*, 2 R. C. D. 43.

221. Supply of water pending contest of consumer's right.—Under the public utilities act and the act of 1913 (Stats. 1913, p. 84) expressly authorizing the railroad commis-

sion to regulate water companies, and require them to serve additional customers, the commission has authority to compel a water company to supply water to an applicant, notwithstanding the company is contesting the right of such applicant in good faith, to be supplied.—*Palermo, etc., Co. v. Railroad Company*, 173 Cal. 380, 385, 160 Pac. 228.

222. Filing schedule—Installing wireless plant on steamship.—The public utilities act of 1911 (§ 18), relating to the duty of telegraph companies to file a schedule of charges, does not apply to the charges of a wireless company for the installation of a wireless plant on a steamship and furnishing an operator therefor.—*Marconi, etc., Co. v. North Pacific, etc., Co.*, 36 Cal. App. 653, 173 Pac. 103.

223. Same—Same—Contract valid.—Even if the public utilities act required the filing of a schedule of charges for installing a wireless plant on a steamship the failure to file such charges would not have the effect to render unlawful or void the contract for such service.—*Marconi, etc., Co. v. North Pacific, etc., Co.*, 36 Cal. App. 653, 173 Pac. 103.

224. Additional service for financial assistance.—A utility by rendering financial assistance to a corporation, thereby helping to put it on an operating basis, does not secure, as to service, any additional rights thereby other than such rights as may otherwise have been established.—*In re Sierra and San Francisco Power Co.*, 12 R. C. D. 560.

b. Deposit to establish credit.

225. Utilities may require.—Utilities may require prospective customers to establish credit before rendering service.—*In re Practice of Public Utilities Requiring Deposits Before Rendering Service*, 7 R. C. D. 830.

226. Same—Manner of establishing credit.—A prospective customer establishes credit if he (1) owns the premises; (2) makes a cash deposit; (3) furnishes a guarantee satisfactory to the utility; (4) has paid all bills promptly for a period of twelve months prior to the effective date of this order.—*In re Practice of Public Utilities Requiring Deposits Before Rendering Service*, 7 R. C. D. 830.

227. Same—Deposits, amount of.—Deposits shall not exceed twice the average periodic bill of that particular class of customers paying the same, or for domestic or residence monthly service not to exceed \$2.50.—*In re Practice of Public Utilities Requiring Deposit Before Rendering Service*, 7 R. C. D. 830.

228. Same—Other than cash deposits.—Consumers receiving service under other than cash deposits, who default in payments, may be required to guarantee future bills by cash deposits.—*In re Practice of Public Utilities Requiring Deposits Before Rendering Service*, 7 R. C. D. 830.

229. Same—Service can not be discontinued through lack of deposit until lapse of specified time.—Service can not be dis-

continued, on default in payments through lack of deposit, until the lapse of the specified time as required under notice of discontinuance required to be given.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

230. Same—Default where consumer has cash deposit.—Where a defaulting consumer has a cash deposit the amount of the bill may be subtracted from the deposit and demand made that such deposit be restored to the original amount, though service can not be discontinued until the deposit has been entirely absorbed and require time notice to be given.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

231. Same—Notice of discontinuance.—A written notice of discontinuance must be given consumers, when bills are normally rendered monthly, of fifteen days; weekly bills, four days; fortnightly bills, seven days; over one month, thirty days.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

232. Same—Discontinuance of service for non-payment of bills rendered.—No service can be discontinued on account of non-payment of bills for metered or measured service theretofore delivered.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

233. Same—Telegraph and toll line service by telephone companies.—Telephone utilities may extend telegraph and toll line service to all patrons, or to the extent of such deposits as patrons may desire to make.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

234. Same—Flat rates or unmetered service.—Utilities rendering service at flat rates may demand payment in advance for the period at which bills are normally rendered, but can not demand guarantees for service to be rendered in the future.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

235. Same—Same—Time limits for discontinuance.—The time limits for the discontinuance of unmeasured service by written notice are the same as for measured service.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

236. Same—Return of deposits—Measured service.—Deposits for measured service remaining unimpaired for twelve months shall be returned to the depositor; upon closing accounts, balance of deposit, after all bills due have been deducted shall be promptly returned to the depositor.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

237. Same—Same—Same—Interest.—Six per cent interest shall be paid on all deposits for measured service excepting where the service is discontinued in less than

twelve months.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

238. Same—Maximum amount.—The general rule heretofore established requiring a deposit to guarantee bills for domestic service in the sum of \$2.50 was established as the maximum amount which could be demanded for such service and not the minimum amount.—In re Los Angeles, etc., Co., 14 R. C. D. 214.

239. Unreasonable practice of telephone company as to deposit for installation.—The practice of a telephone company in requiring deposit before installing telephone is unjust, unreasonable and discriminatory.—San Jose v. Pacific, etc., Co., 3 R. C. D. 720.

240. Deposits required to be returned.—All deposits now held by public utilities from consumers who have paid all bills promptly for a period of twelve months last past shall be returned to the depositors.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

c. Service contracts and connections.

241. Contracts for service—Customers not required to sign.—Consumers shall not be required to sign contracts for service excepting extensions in unincorporated territory, which shall be open for further discussion, and in such cases in unincorporated territory as the commission may direct, provided that written applications for service may be required.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

242. Service connections—Utilities required to make.—Utilities are required to make all connections from their mains or lines along public highways to the consumers' property lines, abutting on such highway, at their own expense; provided that the connection may be refused, subject to review by the commission, when the utility believes that such extension will not be used for a reasonable time.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

243. Same—Same—Cost of connections and reconnections may be provided for in the rules.—Cost of connecting or reconnecting service extensions may be provided for in the rules of the utility by (1) charging directly to the new company; (2) prorating over periodic payments for service; (3) by merging into general operating expenses.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

244. Same—Same—Cancellation charge.—No cancellation charge whatever shall be made.—In re Practice of Public Utilities in Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

245. Rules—Modification by utilities.—Utilities may establish uniform non-discriminatory rules more favorable to consumers than the rules herein prescribed, but the rules herein established shall take

precedence of all other rules heretofore established which may conflict therewith.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

246. Same — Inconsistent rules.—Rules and regulations filed by utilities, inconsistent with the rules herein established shall be revised and refiled within sixty days.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

247. Street extensions—Utilities must make.—Utilities shall make all required street extensions in municipalities, at their own expense, except where such extensions appear to be unreasonable or unduly expensive, in which case the question may be submitted to the commission.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

248. Same—Same — Unincorporated territory.—In unincorporated territory the utilities shall make such reasonable extensions at their own expense as may be agreed upon with the applicant for service, provided the matter may be referred to the commission when the extension is deemed unduly burdensome.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

249. Same—Same—Cost a loan, when paid by consumer.—When an applicant for service pays the whole or portion of the cost of an extension, it shall be considered as a loan to be repaid under non-discriminatory rules, with six per cent interest.—In re Practice of Public Utilities Requiring Deposits Before Rendering Service, 7 R. C. D. 830.

d. Extensions, additions and improvements.

250. Injury to present consumers.—No utility should be compelled to extend its service unless such extension can be made so as not to injure consumers already receiving a satisfactory service.—Ferrasci v. Empire Water Co., 6 R. C. D. 309.

251. Reasonableness.—The extension of a telephone utility to serve some five prospective consumers held not to be unreasonable, where it appeared that the cost thereof would be about \$475.45, and the annual revenue therefrom about \$105, with a total operating expense, including depreciation, about \$77.92.—Mackey v. California, etc., Co., 15 R. C. D. 126.

252. New connecting line—Section 36.—There is nothing in section 36 of the public utilities act to authorize the railroad commission to require a railroad company to extend its line or build a new line, for the purpose of connecting points not previously connected, and which the company has not undertaken to connect, with points on its existing line.—Atchison, etc., Co. v. Railroad Commission, 173 Cal. 577, 580, 160 Pac. 828, 2 A. L. R. 975.

253. Reconstruction of old abandoned line.—The fact that a railroad line constructed and long since abandoned by a predecessor, had once existed furnishes no

authorization to the railroad commission to require a railroad company to reconstruct such line.—Atchison, etc., Co. v. Railroad Commission, 173 Cal. 575, 577, 160 Pac. 828, 2 A. L. R. 975.

254. Water mains—Fire protection.—Statutory obligations do not compel utilities either to enlarge or extend mains solely for fire protection service.—Alameda v. People's Water Company, 9 R. C. D. 234.

255. Gas service—Acceptance of franchise imposes obligation to extend service to other streets.—When a utility accepts a franchise from a city to construct its lines over its streets, and constructs its lights over a portion of the streets, it obligates itself to extend the service to other streets where desired.—Monahan v. Pacific, etc., Co., 5 R. C. D. 298.

256. Same—Same—The commission has jurisdiction to compel extensions any reasonable distance irrespective of code provisions limiting extensions to 100 feet, which statutes have been repealed by section 87 of the public utilities act.—Monahan v. Pacific, etc., Co., 5 R. C. D. 298.

257. Jurisdiction of commission to compel extensions of water utilities defined.—Dooley v. People's Water Co., 3 R. C. D. 948.

258. Additional service and facilities.—The obligation of a utility is not limited to supplying the water delivered in the past to consumers, and it can be required to make reasonable additions to the quantity of service and the facilities for developing the same.—El Dorado, etc., Association v. Western States, etc., Co., 15 R. C. D. 681.

259. Same—Proviso.—Provided its obligations as a public utility to existing consumers is taken care of, a water utility may devote additional available water to a new public use, such as hydroelectric development.—El Dorado, etc., Association v. Western States, etc., Co., 15 R. C. D. 681.

260. Order to make improvements.—The commission has jurisdiction to issue an order directing a public service water company to make such improvements to its system as are necessary to enable it to care for additional demands for water when the lands proposed to be irrigated thereby are all within the district which the utility holds itself out as irrigating, for the purpose of enabling it to more fully serve the district.—In re Fowler, receiver for Sacramento Valley West Side Canal Co., 15 R. C. D. 253.

261. Same—Irrigation of lands in same district.—The commission has jurisdiction to order a public utility to make such improvements to its system as are necessary to enable it to care for additional demands for water when the lands proposed to be irrigated are all within the district served.—In re Fowler, receiver for Sacramento Valley West Side Canal Co., 15 R. C. D. 253.

VI. REVIEW.

262. Section 67—Definition of writ broadened.—The effect of section 67 of the public utilities act is to broaden beyond all former definitions, rulings, and decisions in this state the scope of the writ of review.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 651, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

263. Same—Effect of.—When the legislature in enacting the public utilities act, vested in the supreme court alone the limited power of review provided in section 67, and including therein the duty of this court to determine whether a petitioner's constitutional rights were violated it meant as far as the constitution of this state is concerned, only those constitutional rights of which the petitioner had not been deprived by legislative enactment.—*Pacific, etc., Co. v. Eshleman*, 166 Cal. 640, 655, 137 Pac. 1119, Ann. Cas. 1915C, 822, 50 L. R. A. (N. S.) 652.

264. Same—Scope of.—There is nothing in section 67 or elsewhere in the public utilities act which changes the rule that writs of review lie only when the inferior tribunal as in excess or without jurisdiction, and never to determine in point of law, the correctness of rulings or decisions of such tribunals.—*Holabird v. Railroad Commission*, 171 Cal. 691, 695, 154 Pac. 831.

265. Same—Jurisdiction of supreme court limited by.—In view of section 22, article XII, of the constitution declaring the powers conferred on the railroad commission "to be plenary and unlimited by any provision of the constitution," the jurisdiction of the supreme court over the acts of the commission is limited by the provisions of section 67 of the public utilities act.—*Clemmons v. Railroad Commission*, 173 Cal. 254, 256, 159 Pac. 713.

266. Same—Injunction against issuing and honoring free transportation.—The superior court has no jurisdiction, in view of the restrictive provisions of section 67 of the public utilities act (1915-161), at the instance of a stockholder of a railroad company, to enjoin the company from issuing and honoring free transportation over its lines, to the officers and employers of the railroad commission, under section 11 of the act.—*Sexton v. Atchison, etc., Co.*, 173 Cal. 760, 762, 161 Pac. 748.

267. Same—Findings—Uncontradicted testimony—Question of law.—If the findings of the railroad commission upon a question of fact are based upon uncontradicted testimony, it becomes a question of law, and if it goes to the jurisdiction, may be reviewed by the supreme court notwithstanding the provision of the act (§ 67) excluding questions of fact from such review.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 713, 154 Pac. 864, Ann. Cas. 1917C, 114.

268. Same—Same—Neither sufficiency of evidence nor soundness of reasoning reviewable.—Neither the sufficiency of the evidence nor the soundness of the reasoning, upon which a finding of the railroad commission, on an application for a certificate of public necessity and convenience under section 50 of the public utilities act, can be considered by the supreme court on review of an order denying such certificate.—*Oro Electric Corp. v. Railroad Commission*, 169 Cal. 466, 471, 147 Pac. 118.

269. Same—Same—Conclusiveness of.—The provisions of section 67 as to the con-

clusiveness of the commission's findings and conclusions of fact have to do with the commission's determinations upon questions of fact within its jurisdiction.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

270. Same — Same — Determination of jurisdictional fact reviewable.—The determination of the commission as to whether the facts bring the case within the scope of its powers is subject to review, so far as the present question of law bearing on the subject, and the provision of section 67 that the commission's determination of matters of fact does not apply to the existence of the jurisdiction of the commission to act.—*Traber v. Railroad Commission*, (Cal.) 191 Pac. 366.

271. Same—Same—Question of mixed law and fact.—When the question is one of mixed law and fact, and when the whole controversy revolves around the inquiry as to whether the corporation is a public utility or not, to say that the commission's findings are conclusive is to deny the petitioner a hearing which section 67 carefully preserves to him.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

272. Same—Same—Same—Authorities. —Point decided on the authority of *Pacific Telephone Co. v. Eshleman*, 166 Cal. 640, 137 Pac. 1119, 50 L. R. A. (N. S.) 652, Ann. Cas. 1915C, 822; *Del Mar Water Co. v. Eshleman*, 167 Cal. 666, 140 Pac. 591, 948; *Title, etc., Co. v. Railroad Commission*, 168 Cal. 295, 142 Pac. 878, Ann. Cas. 1916A, 738; *Marin Water, etc., Co. v. Railroad Commission*, 171 Cal. 706, 154 Pac. 864, Ann. Cas. 1917C, 114; *Atchison Ry. Co. v. Railroad Commission*, 173 Cal. 577, 2 A. L. R. 975, 160 Pac. 828; *Western Association, etc. v. Railroad Commission*, 173 Cal. 802, 162 Pac. 391.

273. Order enforcing tariff with reference to demurrage.—An order of the railroad commission is not subject to review where it merely directs a railroad company to enforce a tariff with reference to demurrage without adjudicating the question of petitioner's liability, or preventing them from interposing any defense they may have in an action pending or afterwards brought to enforce the tariff.—*E. Clemens Horst Co. v. Railroad Commission*, 175 Cal. 660, 661, 166 Pac. 804.

274. Order overruling demurrer not a final adjudication and not reviewable.—An order of the railroad commission overruling a demurrer to a petition on jurisdictional grounds, and in effect finding that a water company is a public utility and subject to its jurisdiction, is not a final adjudication on the merits of the petition, and certiorari to the supreme court to review such order will not lie.—*Holabird v. Railroad Commission*, 171 Cal. 691, 693, 154 Pac. 831.

275. Determination of question of right of priority in use of water.—A writ of review will not lie to compel the railroad commission to determine the right of priority in the use of water in a case where it

does not consider it necessary to do so.—*C. A. Hooper & Co. v. Railroad Commission*, 175 Cal. 810, 165 Pac. 689.

276. Wrongful refusal of commission to investigate alleged abuses—Remedy of aggrieved party is mandamus.—If the railroad commission wrongfully refuse to investigate alleged abuses and make and enforce regulations for the conduct of a public utility, the remedy of the aggrieved party would be mandamus, not certiorari.—*Palmer v. Railroad Commission*, 167 Cal. 163, 166, 138 Pac. 997.

277. Same—Same—Mandamus allowed by section 67.—Mandamus is allowed by section 67 of the public utilities act.—*Palmer v. Railroad Commission*, 167 Cal. 163, 167, 138 Pac. 997.

278. Supreme court may restrain the commission, may annul its decree, and may compel it to exercise its powers.—The supreme court may restrain the commission from exercising powers which it does not possess, or annul its decree when such unwarranted powers have been exercised, as it may by mandate compel it to exercise jurisdiction which it does possess.—*Allen v. Railroad Commission*, 179 Cal. 68, 8 A. L. R. 249, 175 Pac. 466.

279. Validity of section 50—Refusal of commission to issue permit—City authorized to issue permit.—On review of an order of the commission denying a telephone company the right to make an extension of its line into a city, the court can not determine the validity of section 50, where the city is authorized to permit such an extension.—*Valley Telephone Co. v. Railroad Commission*, 171 Cal. 55, 151 Pac. 740.

280. Same—Same—If section is unconstitutional, no permit is needed.—The supreme court will not pass upon the constitutionality of section 50 of the public utilities act on a review under section 67 of an order denying a certificate of public necessity and convenience, inasmuch as if the act is unconstitutional, the petitioner needs no such certificate.—*Valley, etc., Co. v. Railroad Commission*, 171 Cal. 55, 56, 151 Pac. 740.

281. Final determination of question of valuation under section 47.—The supreme court has jurisdiction under section 4, article VI, of the constitution, and section 1068, Code of Civil Procedure, to review the final decision of the railroad commission fixing compensation under section 47 of the public utilities act, even without the special grant of such jurisdiction in the act itself.—*Marin, etc., Co. v. Railroad Commission*, 171 Cal. 706, 713, 154 Pac. 864, Ann. Cas. 1917C, 114.

282. Same — Same — Same—Failure of commission to follow its own rules.—Section 53 of the act expressly provides that informalities shall not invalidate the orders or decisions of the railroad commission, and its order is not rendered in excess of its jurisdiction by its failure to observe its own rules in the proceeding.—*Ghriest v. Railroad Commission*, 170 Cal. 63, 64, 148 Pac. 195.

283. Same—Order of public convenience and necessity.—The supreme court can not review an order of public convenience and necessity made under section 50 of the act merely on the ground that the application and procedure did not conform strictly to the rules of the commission relative to the same.—*Ghriest v. Railroad Commission*, 170 Cal. 63, 64, 148 Pac. 195.

284. Procedure—Rehearing—Provision as to determination in twenty days, directory.—The provision of the public utilities act requiring the commission, under certain circumstances, to "forthwith proceed to hear the matter with all dispatch, and shall determine the same within twenty days," is directory, and does not go to the jurisdiction of the commission, or render an order setting aside an order of the commission void, because made more than twenty days after final submission.—*Mt. Konocli Light & Power Co. v. Thelan*, 170 Cal. 468, 471, 150 Pac. 359.

285. Same—Same—Continuance for showing as to whether motion was in time.—In the issuance of a writ of certiorari to review an order of the railroad commission the supreme court does not finally pass upon the merits of an objection to the jurisdiction of the court on the ground that proper application for a rehearing had not been in time to the commission and the commission is not precluded from continuing to insist upon this objection raised in its response to the order to show cause.—*Clemmons v. Railroad Commission*, 173 Cal. 254, 256, 159 Pac. 713.

286. Same—Same—Motion prior to effective date of order, a prerequisite.—Under section 66 of the public utilities act an application for a rehearing prior to the effective date of the order of the commission is made a prerequisite to a right to ask for a review by the courts, and this right is lost when application for rehearing is not made until twenty-nine days after the date fixed.—*Clemmons v. Railroad Commission*, 173 Cal. 254, 256, 159 Pac. 713.

287. Same—Same—Same—Effective date of order—Section 61a.—The provisions of section 61a as to the time of taking effect of order of commission, applies only to the proceeding initiated under section 60, by corporations or persons conducting a public utility and has no application to a proceeding initiated by the commission itself.—*Clemmons v. Railroad Commission*, 173 Cal. 254, 258, 159 Pac. 713.

288. Same—Same—Same—Same—Power of commission discretionary.—In the absence of any provision to the contrary in the statute, the commission may provide in its discretion for the time when its order shall take effect, however short.—*Clemmons v. Railroad Commission*, 173 Cal. 254, 258, 159 Pac. 713.

289. Same—Same—Denial of rehearing—Section 66.—Under section 66 of the public utilities act any party interested in an order or decision made by the railroad commission may petition for a rehearing, and if it is denied, may under section 67 apply to the

supreme court for a writ of review, for the purpose of having the lawfulness of the order or decision inquired into and determined.—*Marin Municipal Water District v. North Coast Water Co.*, 178 Cal. 324, 328, 173 Pac. 473.

290. Same—Same—Application—Failure to set forth point for decision.—Where a municipality fails to specifically set forth an alleged failure to fix a rate base in its application to the commission for a rehearing, it is precluded under section 66 of the act from urging it on certiorari.—*San Leandro v. Railroad Commission*, (Cal.) 191 Pac. 1.

VII. ACTIONS.

291. Action for violation of long and short haul clause of constitution—Jurisdiction of superior court.
292. Same—Commission has no jurisdiction.
293. Same—Jurisdiction of federal courts.
294. Same—Right of action exists regardless of common law.
295. Same—Tender of payment or payment under protest, not required.
296. Same—Contemporaneous shipment to more distant point.
297. Same—Violation unjustified and unwarranted as matter of law—Commission has nothing to do with it.
298. Action for damages for discontinuance of service—Submission of controversy to commission.
299. Same—Same—Justification for discontinuance.
300. Action to prevent nuisance—§ 74.
301. Petition for mandamus—Failure to allege compliance with rules and regulations of commission.

VII. ACTIONS.

291. Action for violation of section 21, article XII, constitution—Jurisdiction of superior court.—Where the freight charge of a railroad is discriminative or excessive and in violation of constitutional provisions, the superior court had jurisdiction of an action to recover the same previous to any award of the commission, and necessarily so, in view of the fact that the charge was illegal, the railroad commission could not make it otherwise, and no other remedy is provided.—*Southern Pacific Co. v. Superior Court*, 27 Cal. App. 240, 150 Pac. 397.

292. Same—Commission has no jurisdiction.—Under the constitution (§ 21, art. XII) prior to the amendment of October 10, 1911, the railroad commission was authorized to fix rates only that were reasonable and legal under the constitution, and could not fix rates contravening the long and short haul provision of the constitution, and the fact that the rates were fixed by the commission afforded no protection to the carrier if they in fact were violative of the long and short haul clause of the constitution.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682. To

the same effect: *Southern Pacific Co. v. California Adjustment Co.*, 237 Fed. 954, 150 C. C. A. 604.

293. Same—Jurisdiction of federal courts.—The California public utilities act with reference to reparation for violations of the long and short haul clause of the constitution do not apply to such an overcharge unwarranted as a matter of law, and the federal court has jurisdiction of a suit to recover damages for loss or injury sustained by reason of the carrier's failure to comply with the provisions of the constitution and laws of the state.—*California, etc., Co. v. Southern Pacific Co.*, 226 Fed. 349.

294. Same—Right of action exists regardless of common law.—Under the provisions of the various railroad commission and public utility acts of California (Stats. 1909, p. 499; Stats. 1911, p. 13; and Stats. 1911, p. 18), a right of action exists for a violation of the long and short haul clause of the constitution (§ 21, art. XII), without any regard to whether a right of action existed at common law or not.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682. To same effect: *Southern Pacific Co. v. California Adjustment Co.*, 237 Fed. 954, 150 C. C. A. 604.

295. Same—Tender of payment or payment under protest not required.—An action for reparation for a violation of the long and short haul clause of the constitution (§ 29, art. XII) may be brought without previous tender of payment, and without making payment under protest.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682.

296. Same—Contemporaneous shipment to more distant point.—In an action for a violation of the long and short haul clause of the constitution (§ 21, art. XII) it is not material whether, when the shipments to intermediate points, complained of as excessively charged for, were made, no contemporaneous shipment to a more distant point was made.—*California Adjustment Co. v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682.

297. Same—Violation unjustified and unwarranted as matter of law—Commission has nothing to do with it.—The long and short haul clause of the constitution (§ 21, art. XII) by prohibiting the discrimination determines conclusively that a violation of it shall be unwarranted and unjustified as matter of law, and as this is a legal question the commission can have nothing to do with it, but is a legal question for the courts, and is recognized as such by subdivision (a) of section 73 of the act.—*California Adjustment Company v. Atchison, etc., Co.*, 179 Cal. 140, 175 Pac. 682.

298. Action for damages for discontinuance of service—Submission of controversy to commission.—Where defendant demanded and plaintiff refused to submit controversy to the railroad commission, it was proper to admit in evidence rule 6 of the commission to the effect that after making such

demand the utility may discontinue service after fifteen days.—*Lane v. Pacific Gas and Electric Co.*, 33 Cal. App. Dec. 248, 193 Pac. 589.

299. Same—Same—Justification for discontinuance.—Where defendant demanded and plaintiff refused to submit controversy to the railroad commission, and rule 6 of the commission was introduced in evidence, it was proper to instruct the jury that if such should be the fact defendant was justified in discontinuing service.—*Lane v. Pacific Gas and Electric Co.*, 33 Cal. App. Dec. 248, 193 Pac. 589.

300. Action to prevent nuisance—Section 74.—The superior court has jurisdiction to hear and determine an action brought by the people against a public utility to prevent the latter from committing a public nuisance, notwithstanding the public utility act, particularly in view of section 74 thereof.—*Yolo, etc., Co. v. Hudson*, 182 Cal. 48, 185 Pac. 195. Reversing *S. C. 29 Cal. App. Dec. 507*.

301. Petition for mandamus—Failure to state compliance with rules and regulations of the commission.—A petition for a writ of mandate by a property owner to compel a gas company to furnish service is deficient in its failure to state that the petitioner had complied with the rules and regulations formulated by the railroad commission under the public utilities act of 1911.—*Hartigan v. Pacific, etc., Co.*, 38 Cal. App. 763, 177 Pac. 484.

VIII. MISCELLANEOUS.

- 302. Petition of railroad commission to interstate commerce commission.
- 303. Amendment of tariff filed by agent.
- 304. Classification of accounts—Charges to fixed capital.

VIII. MISCELLANEOUS.

302. Petition of railroad commission to interstate commerce commission.—Section 34 is construed to mean that the commission itself may petition the interstate commerce commission for relief from rates, charges, etc., deemed unreasonable or oppressive, in which case the commission must submit its petition.—*In re Fruit Growers of California*, 1 R. C. D. 279.

303. Amendment of tariff filed by agent.—A carrier can not by its individual tariff cancel, amend or modify a tariff filed by a duly authorized agent except when a corresponding amendment to agent's tariff is concurrently filed, nor can it increase a rate without a showing before the commission justifying such increase.—*Swanson v. Southern Pacific Co.*, 12 R. C. D. 590.

304. Classification of accounts—Charges to fixed capital.—The uniform classification of accounts prescribed by the commission for electric corporations provides that all charges made to fixed capital with respect to any property acquired on or after January 1, 1913, shall be the actual money cost of the property.—*In re Wohlford*, 12 R. C. D. 505.

PUBLIC UTILITY DISTRICTS ACT OF 1913.

ACT 3776—An act to provide for the incorporation and organization of public utility districts, authorizing such districts to incur bonded indebtedness for the purpose of the construction of works and the acquisition of property, and to levy and collect taxes to pay the principal and interest on bonds and for carrying on their operations, providing for the powers, management and government of such districts.

History: Approved June 5, 1913. In effect August 10, 1913. Stats. 1913, p. 450. (See Act 3776a.)

Organization of public utility districts.

§ 1. A public utility district may be organized, incorporated and managed as herein provided, and may exercise the powers herein expressly granted, or reasonably implied therefrom. Such a district may include municipalities only or both incorporated and unincorporated territory, whether such municipalities or such territory are in the same or in different counties, but no municipal corporation shall be divided in the formation of such a district.

Ordinance.

§ 2. When any municipality in the state of California desires to organize such a public utility district as herein provided for, the legislative body of such municipal corporation at any regular meeting of such body may pass an ordinance reciting:

1. The name of the city adopting the ordinance.
2. That the public interest requires the incorporation of a public utility district.
3. The boundaries of the proposed district, and the names of the municipalities included within the proposed district. If such proposed district includes only municipalities, it shall be sufficient to state the names thereof without further setting forth the boundaries of the district.
4. The name of the district which shall include the words "public utility district."
5. An estimate of the preliminary costs and expenses of organizing the proposed district, and a proposed apportionment of the aggregate of such costs and expenses among the municipalities to be included within the district.

Notice to other cities, included.

§ 3. Within ten days after such ordinance becomes a law, the clerk of the said legislative body adopting the same, shall transmit by registered mail a certified copy thereof to the legislative body of the other municipalities named therein, addressed to the clerk thereof, and also to the board of supervisors of any county, unincorporated territory of which is proposed to be included within such district, addressed to the clerk thereof.

Approval of ordinance by other cities.

§ 4. Within forty days after the receipt of such certified copy of such ordinance by any municipality named therein, or by any board of supervisors of any county, unincorporated territory of which is proposed to be included in such district, the legislative body of such municipality and the board of supervisors of such county shall, by ordinance, either approve or disapprove the said ordinance without alteration or amendment. A failure on the part of any municipality or of any board of supervisors of any county to act as herein provided, shall be deemed a refusal to approve such ordinance.

Notice to city initiating.

§ 5. After the passage and going into effect of said ordinance required to be passed by section 4 hereof, the clerk of the municipality or of the board of supervisors acting thereon, shall forthwith forward a certified copy of such ordinance to the municipality initiating the proceedings.

Special election.

§ 6. Within thirty days after the receipt of all of said ordinances, if it shall appear that said initiatory ordinance has been approved by all of the municipalities named therein and by all such boards of supervisors, the legislative body of the municipality initiating the proceedings shall fix a day for holding a special election in each of the municipalities that have approved of said ordinance and in the unincorporated territory proposed to be included in such district, at which shall be submitted to the electors thereof the proposition of organizing such public utility district, and shall also provide for holding a similar election within its own municipality. In case the initiatory ordinance has not been approved by all of the municipalities and by all the boards of supervisors no further proceedings shall be had but new proceedings may be taken as provided in section 2 hereof.

Date of election. Apportionment of costs. Ballot. Canvass of votes.

§ 7. The date for such special election shall be certified to all of the municipalities and boards of supervisors which have adopted the ordinance herein provided for, and the legislative body of each such municipality and each of the boards of supervisors which have approved said ordinance, shall call and provide for the holding of a special election in their respective municipalities, and in the unincorporated territory, on the day so fixed, and such an election shall be held and conducted in the manner and form required by law for the holding of special elections within such municipalities and counties, respectively. The election in the unincorporated territory proposed to be included in such district shall be confined to the limits thereof. Prior to the holding of said election the municipalities named in such ordinance shall pay to the municipality initiating such proceedings, the amount apportioned to it for preliminary costs and expenses by the ordinance provided for in section 2 hereof. The costs of holding such election shall be paid by the municipality initiating such proceedings, from moneys received as herein provided. Each municipality contributing money as herein provided, shall be entitled to credit with the district for the amount of its contribution. The ballot used at such election shall contain the words "Proposition to organize a public utility district," or words of similar purport, and the words "Yes" and "No" so placed that a voter may indicate his wish in this connection as either in favor of or against said proposition. Such ballots shall be counted and returns thereof made by the boards selected to conduct such election in the time, form and manner as required by law for the holding of special elections within the municipalities and counties respectively in which held, and shall be canvassed and the result thereof declared and determined by the board or officers charged with such duties within the municipalities and counties respectively holding the elections.

Certificate of results.

§ 8. Within ten days after the canvass of votes cast at such election, the boards or officers canvassing the same shall certify the result thereof to the legislative body of the municipality initiating the proceedings.

Certificate to secretary of state.

§ 9. Within thirty days after the receipt of the certificate showing the result of the election held in the several municipalities and in unincorporated territory, if it appears therefrom that the proposition submitted has been approved by a majority of the votes cast thereon in each municipality wherein such election is held, and in the unincorporated territory in each county wherein such an election is held, the legislative body of the municipality receiving such certificates shall certify to the secretary of state the passage of the ordinance provided for in section 2 hereof, its subsequent approval by the several municipalities and boards of supervisors approving the same in the manner aforesaid, and the result of the election held as herein provided.

Secretary of state to issue certificate of organization.

§ 10. Upon the receipt of the certificate mentioned in the foregoing section, the secretary of state shall, within ten days, issue his certificate reciting that the public utility district (naming it) has been duly incorporated according to the laws of the state of California, and that such district is composed of the municipalities of (naming all the municipalities which have approved at the election such organization), and of unincorporated territory (describing the same). A copy of such certificate shall be transmitted to each of the municipalities comprising such district and to the board or boards of supervisors of the county or counties, unincorporated territory of which is included in such district. From and after the date of such certificate, the district named therein shall be deemed incorporated as a public utility district with all the rights, privileges and powers set forth in this act and reasonably or necessarily incident thereto.

Informality not to invalidate.

§ 11. No informality in any proceedings, or informality in the conduct of any election, not substantially affecting adversely the legal rights of any citizen shall be held to invalidate the incorporation of any public utility district and any proceedings wherein the validity of such incorporation is denied or questioned shall be commenced within three months from the date of the certificate of incorporation, otherwise said incorporation and the legal existence of said public utility district and all proceedings in respect thereto, shall be held to be valid and in every respect legal and incontestable.

Powers of district.

§ 12. Any public utility district incorporated as herein provided, shall have power:

1. To have perpetual succession.
2. To sue and be sued except as otherwise provided herein, or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction.
3. To adopt a seal and alter it at pleasure.
4. To take by grant, purchase, gift, devise or lease, hold, enjoy and to lease or dispose of real and personal property of every kind within or without the district necessary to the full or convenient exercise of its powers.
5. To acquire, construct, own, operate, control or use within or without, or partly within and partly without the district, works for supplying the inhabitants of said district with light, water, power, heat, transportation, telephone service or other means of communication, or for the disposition of garbage, sewage, storm water or refuse matter, or parks, and do all things necessary or convenient to the full exercise of the powers herein granted.
6. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary or convenient to the exercise of the powers herein granted, whether such property be already devoted to the same use or otherwise. In proceedings relative to the exercise of such right the district shall have the same rights, powers and privileges as a municipal corporation.
7. To construct works across or along any street or public highway, or over any of the lands which are now or may be the property of this state, and to have the same rights and privileges appertaining thereto as have been or may be granted to the municipalities within the state. To construct its works across any stream of water or water course. The district shall restore any such street or highway to its former state as near as may be and shall not use the same in a manner to unnecessarily impair its usefulness.

8. To borrow money and incur indebtedness and to issue bonds or other evidences of such indebtedness; also to refund or retire any indebtedness or lien that may exist against the district or property thereof; provided, however, the incurring of any indebtedness or liability shall be subject to the provisions of section 18, of article XI of the constitution; and provided, further, no district shall incur any indebtedness which shall in the aggregate exceed fifteen (15) per cent of the assessed value of all real and personal property included within the district.

9. To levy and collect, or cause to be levied and collected, taxes for the purpose of carrying on the operations and paying the obligations of the district.

10. To make contracts, to employ labor and to do all acts necessary or convenient for the full exercise of the powers herein in this act granted.

Board of directors. Members. Additional directors.

§ 13. The powers herein enumerated shall, except as herein otherwise provided, be exercised by a board to be known as the board of directors of the named public utility district. Such board shall be composed as follows:

1. The mayor, or if there be no mayor then the president or chairman of the board of trustees or other governing body, of each municipality comprising the district, and the chairman of the board of supervisors of the county, unincorporated territory of which is included within the district, shall be ex officio a member of said board.

2. When the unincorporated territory of any county included within the district shall have at least five thousand legal and registered voters the board of supervisors of such county shall choose by and from the members thereof one additional director, and for each and every ten thousand legal and registered voters over five thousand shall choose by and from its members one additional director, all of whom shall serve during the pleasure of the body making the appointment; provided, that if any such member does not desire to serve as such director said body may choose any other person who is an elector and resident of such unincorporated territory included within such district. The number of legal and registered voters in each municipality on the first day of November, 1912, and every two years thereafter, shall be taken as the basis for determining the representation of such municipality in the board of directors. The same shall hold true in determining the representation of unincorporated territory in such board of directors.

The commissioners so far as the nature of the utility will permit, shall, before any bonded indebtedness is incurred for the construction or acquisition of any revenue producing utility, enter into appropriate contracts with the respective municipalities proposed to be served by such utility providing for the use thereof by the respective municipalities during the life of the bonds proposed to be issued. The district and the municipalities included therein are hereby expressly authorized to enter into such contracts.

Cities may advance funds.

§ 24. At any time after the initiation of proceedings for the organization of a public utility district, or at any time after the organization of such a district, any municipality proposed to be included within the said district, or included therein, may advance to the municipality initiating proceedings, or to the district, funds to meet the expenses of organization or the expenses of carrying on the work of the district as the case may be, and if the district is formed and its purposes carried out any such municipality so advancing funds shall be entitled to credit with the district for the amounts so advanced.

§ 25. If from any cause the revenues of the district shall be inadequate to pay the principal or interest on any bonded debt as it becomes due, or if funds are needed to carry out the objects and purposes of the district, then the board of directors may cause a tax to be levied for such purposes as herein provided. The board shall state the purposes for which such taxes are necessary.

Rate fixed. Duty of county officers. Compensation for collecting.

§ 26. The board of directors shall determine the amount necessary to be raised by taxation and shall fix a rate of tax to be levied which will raise the amount of money

required by the district. The commissioners shall thereupon, and within a reasonable time previous to the time for the fixing of the tax rate of the county or counties in which said district is located, certify to the board or boards of supervisors the rate so fixed with a direction that at the time and in the manner required by law for the levying of taxes for county purposes, such board or boards of supervisors shall levy and collect a tax in addition to such other tax as may be levied by such board or boards of supervisors at the rate so fixed and determined, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. And it shall be the duty of all county officers charged with the duty of collecting taxes, to collect such tax in time, form and manner, as county taxes are collected and when collected, to pay the same to the district ordering its levy and collection. Such tax shall be a lien on all property within the territory comprising the district and of the same force and effect as other liens for taxes, and its collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes. Any county collecting taxes as herein provided shall be entitled to not to exceed one-half of one per cent of the amount collected as compensation therefor.

No insufficiency of form or substance in such statement shall effect [affect] the validity of the election or proceedings held thereunder. Signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his occupation and place of residence, giving street and number, or if no street or number exists, then such a designation of his residence as will enable the locality to be readily ascertained. To each separate paper of such petition shall be attached an affidavit made by a qualified elector of the district stating that the affiant circulated that particular paper and saw written the signatures appended thereto and that, according to the information and belief of the affiant each of said signatures is genuine and the signature of a qualified elector of the district. Within twenty days from the date of the filing of such petition the board of directors shall remove the commissioner whose recall is sought, or shall direct its secretary to determine from the records of registration whether or not said petition is signed by the requisite number of qualified voters. If such direction is made the secretary shall, within fifteen days from the date of such direction, determine the sufficiency of said petition and attach thereto his certificate showing whether or not said petition is sufficient. If the petition shall be found to be sufficient the board of directors shall cause a special election to be held not less than thirty-five nor more than sixty days after the date of such certificate, to determine whether the voters shall recall such officer. Such election shall be called, held, and the result thereof determined in the manner provided by law for the holding of special elections in the county in which said district or the largest portion thereof is included. One petition is sufficient to propose the recall of one or more of the commissioners. Upon the sample ballot shall be printed in not more

than two hundred words, the grounds set forth in the recall petition for demanding the recall of the officer, and upon such ballot in not more than two hundred words the officer may justify himself. There shall be printed on the recall ballot as to every officer whose recall is to be voted on, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of office)?" following which shall be the words "Yes" and "No" on separate lines with a blank space at the right of each in which the voters shall, by stamping a cross (x), indicate his vote for or against such recall. If a majority of those voting on said question of the recall of any incumbent shall vote "No," said incumbent shall continue in said office. If a majority vote "Yes," said incumbent shall thereupon be deemed removed from such office upon the qualification of his successor. No commissioner who has been removed by the board of directors upon the recall petition being filed with such board, or who has been recalled, shall again be eligible to appointment as a commissioner.

Action only after claim is rejected.

§ 29. No suit shall be brought against the district on any claim for money or damages until a claim or demand therefor, setting forth with reasonable certainty the nature and various items of the claim or demand and verified by the claimant, or his authorized agent, has been presented to the commissioners and rejected in whole or in part.

PUBLIC UTILITIES DISTRICT ACT OF 1915.

ACT 3776a—An act providing for the incorporation of public utility districts by municipalities and unincorporated territory, authorizing such districts to incur bonded indebtedness for the purpose of the construction of works and the acquisition of property, and to levy and collect taxes to pay the principal and interest on bonds and for carrying on their operations, and providing for the powers, management and government of such districts, and imposing certain duties and functions in connection with such districts upon certain county officers.

History: Approved May 27, 1915. In effect August 8, 1915. Stats. 1915, p. 866. (See Act 3776.)

Public utility districts.

§ 1. A public utility district may be incorporated and managed as herein provided, and may exercise the powers herein expressly granted. Such a district may include municipalities only, or both incorporated and unincorporated territory, but no municipal corporations shall be divided in the formation of such a district.

Two or more municipalities may unite.

§ 2. Two or more municipalities may join in the formation of such a district. When any two or more municipalities desire to organize such a public utility district, as herein provided for, the legislative body of each such municipal corporation, at a regular meeting of such body, shall pass an ordinance declaring that the public interest requires the incorporation by such municipality, jointly with the other municipality or municipalities, naming the same, of a public utility district under this act, comprising its territory with that of the other or others, and stating the name of the proposed district, which shall include the words "public utility district." Such ordinance shall also provide for the submission of the proposition by the council or other legislative body of the city to the qualified electors thereof at a special municipal election.

People may petition.

§ 3. Whenever the people of two or more municipal corporations shall desire to organize such a public utility district, and shall present a petition, signed by qualified electors of each such municipality severally and respectively equal in number to fifteen per centum of all the votes cast within each such municipal corporation for all the candidates for governor at the last preceding general election, at which a governor was elected, to the city council or other legislative body of their respective municipalities, it shall be the duty of the clerk of the city council or other legislative body of each such municipality to immediately proceed to examine and verify the signatures to such petition and to certify the result of such examination to such city council or other legislative body.

Petition of people of unincorporated territory.

§ 4. Whenever the people of unincorporated territory shall join in the formation of such a district, their petition shall describe such territory, and shall be signed by electors of such territory equal in number to fifteen per centum of all votes cast for all candidates for governor within the same at the last preceding general election at which a governor was elected, and shall be presented to the board of supervisors of the county within which such territory is situated, and it shall be the duty of the clerk of such board to immediately proceed to examine and verify the signatures to such petition and to certify the result of such examination to such board of supervisors. Nothing herein contained shall be so construed as to prevent such board of supervisors from responding to such petition by proceeding to pass at any regular meeting an ordinance declaring that the public interest requires the incorporation by such unincorporated territory jointly with other like territory and with municipalities, naming and describ

ing the same, of a public utility district under this act, comprising such unincorporated territory with that of said cities and other unincorporated territory, if any, and stating the name of the proposed district, which shall include the words "public utility district." Such ordinance, if enacted, shall provide for the submission of the proposition by such board of supervisors to the electors of such unincorporated territory at a special election.

Petition may consist of several instruments.

§ 5. A petition may consist of any number of separate instruments, all of which together shall constitute one petition. A separate petition is required from each unit of the proposed district. All unincorporated territory participating in the proceedings and situated in one and the same county shall be regarded and treated for the purposes of the proceedings as an entirety and as a unit, and each municipality so participating shall be so regarded and treated as a unit. No elector within any one such unit of the proposed district shall sign any such petition of the electors of any other such unit of the proposed district. Each such petition shall, in addition to all other matters required to be stated therein, also name or describe the municipality or other territory within which the electors signing the same reside, and state that it is filed concurrently with the petition or petitions of electors of other incorporated or unincorporated territory, naming or describing the same. Any or all such petitions may declare, in addition, that the electors of the municipal or unincorporated territory signing or presenting the same favor the incorporation of a public utility district in the alternative, that is to say, either with all of the proposed territory, or with less territory to be named and described in such petition.

Petition to state boundaries of proposed district. Addresses of signers.

Every petition for the formation of a public utility district shall set forth the boundaries of the proposed district, and the names of the municipalities included therein, and the name of the proposed district, which shall include the words "public utility district." If such proposed district includes only municipalities, it shall be sufficient to state the names thereof without further setting forth the boundaries of the district. Every such petition shall also contain a prayer that a public utility district comprising all of the proposed territory, or such portions thereof as are designated in the petitions as essential to its formation as hereinabove provided, be incorporated under the provisions of this act. Every elector signing any such petition shall write his address opposite his signature thereto.

"Elector" defined.

§ 6. An "elector," or "voter," or "qualified elector," for all purposes of this act, is any voter whose name appears on the great register of the county in which the public utility district is located, or any supplement thereto, as is then allowed by general law to be used to determine the eligibility of persons to vote at municipal or county elections, and whose address appearing on such great register or supplement is in the same municipality or unincorporated territory, as the case may be, as the address given by him on the certificate or petition that may be signed by him. All words used anywhere in this act in the masculine gender include the feminine. The singular number includes the plural and the plural the singular.

The said application shall set forth that the signers desire the appointment of the person whose name and address is given therein to be a verification deputy for the purpose of taking the oaths of signers of petitions (or certificates) in the matter of Such verification deputies need not use a seal, and shall not have power to administer oaths for any purpose other than that for which they are appointed. Their appointment shall continue only for ninety (90) days from the date of said appointment. No verification deputy shall be paid, in whole or in part, directly or indirectly, out of the county treasury or the treasury of a district formed hereunder. All verification deputies must, before their appointment, make and file with the clerk or clerks appointing them, respectively, an oath as to their ages, places of residence, occupation and whether or not they are qualified electors residing within the territory of the proposed district, or of the district formed hereunder, for which they are appointed.

§ 7. If, by the certificate of the city or county clerk, respectively, any petition hereinabove provided for is found to be insufficient, he shall certify to the number of qualified electors required to make such petition sufficient in addition to the signatures already thereon and verified by him, and said petition may then be amended by filing a supplemental petition within ten days from the date of such certificate. The city or county clerk, respectively, shall within ten days after the filing of such supplemental petition make a like examination of the same and certify to the result of such examination, as herein provided. If this certificate shall show any such petition as amended to be insufficient, it shall be filed by him in his office and kept as a public record, without prejudice, however, to the filing of any other petition to the same effect at some future time not less than six months thereafter. But if by such certificate such petition, or such petition as amended, is shown to be sufficient, the clerk shall present the same to the city council or other legislative body of such municipality, or to the board of supervisors of such county, as the case may be, without delay with his certificate attached thereto and properly dated.

If any supplemental petition be filed, all signatures appended to the petition and to the supplemental petition shall be considered in determining the number of qualified electors signing the petition. After the election for the incorporation of such proposed public utility district, the sufficiency of the petition, in any respects, shall not be subject to judicial review or be otherwise questioned.

§ 8. Each city council or other legislative body of a municipality, which has passed the ordinance provided for in section two of this act, shall within fifteen days after its said ordinance has gone into effect publish a copy of the same, together with a statement that the proposition involved therein, which shall be briefly specified, will be sub-

(3) Before submitting propositions to the electors for the acquisition by original construction or condemnation of public utilities, the board of directors must solicit and consider offers for the sale to the district of existing utilities, in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof. In case no such offer or offers can be procured, the board of directors must, or, in case such offer or offers are procured the board of directors may, apply to the railroad commission of the state of California to ascertain the value of such existing utility or utilities for the purpose of submitting to the electors estimates of the cost of acquiring such public utility or utilities. If the required number of signatures be found to be genuine, the clerk shall transmit to the president of the board of directors an authentic copy of such petition or petitions, without the signatures thereto.

Proposition formulated.

Upon receiving the petition or petitions, with the certificate of the clerk stating that it or they contain the required number of signatures, the board of directors shall formulate for submission to the electors of the district at a general district election or at a special election called for that purpose, a separate proposition for the construction, completion, or acquisition of each public utility named in such petition or petitions.

Completion.

All propositions formulated under the provisions of this subdivision shall be completed within six months after the filing of such petition or petitions, unless more time is required by reason of the making of a valuation applied for to the railroad commission under the provisions of subdivision three of this section, in which case the said proposition or propositions shall be completed as soon as may be possible after such valuation shall have been made and become final.

Ordinance submitting proposition.

At the next regular meeting after the completion of the proposition or propositions for the acquisition, construction or completion of the public utility or utilities named in said petitions, the board of directors of the district by ordinance shall submit the proposition or propositions to the electors of the district at a general district election or at a special district election called for the purpose.

When cost can be paid from revenues. Majority vote.

The affirmative vote of a majority of the electors voting at such election shall be necessary to accept such proposition.

Proceedings after election.

At as early a date after the determination of the result of such election as the board of directors shall deem for the best interests of the district, it shall undertake proceedings and enter into such negotiations and contracts as may be necessary for the acquisition, construction, or completion of any public utility or utilities named in any proposition or propositions accepted by the majority of the electors voting at such election.

If cost exceeds revenues. Two-thirds vote.

If, however, the cost of any public utility or utilities named in such petition or petitions shall so far exceed the revenues of the district derived from the operation of its

public utilities, in addition to the other necessary expenses of the district, as to render it necessary to incur a district bonded indebtedness therefor, each such proposition shall specify the amount of the bonded indebtedness necessary therefor, and the rate of interest thereon, and the board of directors shall submit to the electors, at such election, the question of whether such bonded indebtedness shall be incurred. The assent of at least two-thirds of the electors voting at such election upon the proposition shall be necessary to secure the construction, completion, or acquisition of such public utility or utilities and to warrant the issuance of district bonds therefor.

Need for utility declared by ordinance.

(5) Whenever the board of directors shall determine that the public interest or necessity of the district demands the acquisition, construction or completion of any public utility or utilities, it shall specifically declare such determination by an ordinance, which shall be published for at least two weeks in some newspaper or newspapers of general circulation printed and published in the district.

When cost can be paid from revenues.

When the cost of such public utility or utilities, or any of them, can be paid out of the revenues of the district derived from the operation of its public utilities, in addition to the other necessary expenses of the district, the board of directors shall, as soon after the filing of the plans and estimates of the cost thereof as it may deem for the best interests of the district, enter into such negotiations and contracts as may be necessary for the acquisition, construction or completion of the same; provided, however, that in such case the ordinance declaring the determination of the board of directors to acquire, construct or complete such utility or utilities, and published as hereinabove provided, shall state the proposed cost of such acquisition, construction or completion, and the proposed method and manner of payment therefor; and provided, further, that no such ordinance, in case it involves the expenditure of more than one hundred thousand dollars, shall become effective before thirty days from and after its final passage.

If cost exceeds revenues.

If, however, the cost of such public utilities, or any of them, shall so far exceed the revenues of the district derived from the operation of its public utilities, in addition to the other necessary expenses of the district, as to render it necessary to incur a district bonded indebtedness therefor, the board of directors shall, at a regular meeting held within sixty days after the filing of the plans and estimates of cost thereof, by ordinance, as hereinafter in subdivision six of this section provided, submit the proposition or propositions to the electors of the district at a general district election or at a special district election called for the purpose. Such propositions shall specify the amount of bonded indebtedness necessary for the acquisition, construction or completion of the public utility or utilities therein named, and the rate of interest thereon, and the board of directors shall submit to the electors the question or questions whether such bonded indebtedness shall be incurred. The affirmative vote of at least two-thirds of the electors voting at such election upon the proposition or propositions shall be necessary to warrant the issuance of district bonds for the acquisition, construction, or completion of such public utilities, or any of them.

Ordinance calling election.

(6) Whenever under the provisions of section thirty-six of this act, of which this subdivision is a part, a special election is called for the purpose of submitting to the electors a proposition or propositions for the incurring of a bonded indebtedness, the board of directors shall pass an ordinance calling such election.

At such special election all propositions formulated under the provisions of this section may be submitted to the electors of the district, but no question other than such propositions shall be submitted at such special election.

What ordinance shall set forth.

The ordinance calling such election shall set forth the purposes for which it is called, the estimated cost of each utility proposed for acquisition, construction or completion by the district, the proposed method and manner of payment thereof, and shall fix a day on which such special election shall be held, the manner of holding such election, and the manner of voting for or against each proposition thereat submitted to the electors; and if it shall be necessary to incur a district indebtedness for any utility or utilities therein proposed, the ordinance shall specify the objects and purposes for which such indebtedness is proposed to be incurred, and that bonds of the district shall issue for the payment of the cost of such utility or utilities, as in said ordinance set forth (if the proposition or propositions therefor be accepted by the electors). Such election shall be held as provided for holding elections in the district.

Form of bonds. Interest. Redemption.

§ 37. The bonds issued by the district under the provisions of this act shall be of such form as the board of directors in the ordinance calling the election therefor shall determine; but such bonds shall be payable, principal and interest, in gold coin of the United States. The interest on such bonds shall not exceed six per cent per annum, and they shall be redeemed at such times and in such amounts as the board of directors shall determine, as set forth in the ordinance calling the election therefor; provided, that redemption of such bonds shall begin in not more than fifteen years and shall be completed in not more than seventy-five years from the date of issue.

Denomination.

The bonds so issued shall be issued in denominations of not less than one hundred dollars and not more than one thousand dollars, and may be sold by the board of directors at such times and in such manner as they shall determine, but shall not be sold at less than par and accrued interest. Any such bonds shall have the same force, value, and use as bonds issued by a municipality of this state.

Proceeds from sale.

The proceeds from the sale of bonds shall be placed in the treasury to the credit of the proper fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issue until such objects are fully accomplished; after which, if any surplus remains, such surplus may be transferred to the general fund; except that if such surplus exceeds the sum of five thousand dollars, then such surplus and the whole thereof shall be transferred to the appropriate fund or funds to pay interest and maintain the sinking fund, or provide for the retirement of the bonded indebtedness in connection with which such surplus remains.

Signing of bonds.

§ 38. Such bonds shall be signed by the president of the board of directors of the district, and shall be countersigned by the clerk, and shall have the seal of the district attached. The coupons shall be numbered consecutively and signed by the treasurer, by original or facsimile signature, and the bonds and coupons shall be payable at the office of the treasurer. In case any officer whose signature, or counter-signature, or attestation appears on any bonds or coupons thereof, issued under the provisions of this act, shall cease to be such officer before the sale or delivery of such bonds to the purchaser thereof, such signature, counter-signature or attestation appearing either on the bonds or coupons, or on both, shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the sale or delivery of such bonds.

Tax levy.

§ 39. The board of directors shall annually levy and collect a tax sufficient to pay the annual interest on such bonds, and also to pay such part of the principal as will fall due within the succeeding year, and as may be necessary to provide for the sinking fund payments of the next succeeding fiscal year; provided, that when the interest and sinking fund payments for any fiscal year on the bonds issued for any public utility can be met out of the surplus earnings of such public utility, or out of moneys in the general fund of the district and theretofore appropriated and transferred to the sinking fund of such public utility, no tax shall be levied for such purpose.

Refusal of directors to act.

§ 40. A neglect or refusal of the board of directors to comply with the provisions of sections thirty-six, thirty-seven, thirty-eight and thirty-nine of this act shall constitute cause for removal from office of any member or members of the board guilty of such conduct or refusal.

Receipts and appropriations.

§ 41. The receipts from the operation of any public utility shall be paid daily into the treasury of the district in a special fund set aside for such public utility. The board of directors may from time to time make appropriations from such funds for the following purposes:

1. For the payment of operating expenses of such public utility and for general salary and expense fund;
2. For repairs and reconstruction;
3. For payment of interest and sinking fund on the bonds issued for the acquisition, construction, or completion of such public utility;
4. For extensions and improvements;
5. For a reserve fund;
6. Whenever the reserve fund shall exceed one-half of the payment for operating expenses in the preceding fiscal year, the board of directors shall have power to appropriate such excess to the general fund.

Accounts.

§ 42. The books of account of the district shall be kept in such manner as to show the true and complete financial results of the ownership and operation of each public utility, the actual cost of each public utility, all costs of maintenance, extension and improvement, and all operating expenses of every description. The accounts of the district shall be examined at least once a year by an expert accountant, who shall report to the directors the result of his examination, and who shall be employed and selected in such manner as the directors may direct, and who shall receive for his services such compensation, to be paid out of the income or revenues of the district, as the directors may prescribe.

Biennial examination by expert. Report.

Every two years the directors of the district shall employ, at an expense of not to exceed the sum of twenty-five hundred dollars at any one time, to be paid out of the income and revenues of the district, as the board of directors may prescribe, an expert who shall be qualified to, and who shall with all due diligence, examine and report upon the system of accounts kept by the district, all the contracts of whatsoever kind made and entered into by the board of directors within the two years immediately preceding; the management of the utilities of the district, the operation of the same, the service furnished, and the rates charged by the district; the properties and investments of the

district; all official acts of the board of directors relating to acquisition, construction, completion, extension, improvement and betterment of the public utility or utilities of the district; the efficiency and adequacy of each public utility, and of the property used in connection therewith or with the operation thereof, the reasonableness of the service and commodities furnished, and of the rates and charges therefor; and generally all the business and affairs of the district relating to the ownership, management and operation of each public utility of the district. Said expert shall in his report make such recommendations and suggestions as to him shall seem proper and required for the good of the district, and the efficient and economical or advantageous management and operation of the public utility or utilities of the district, and of the business and affairs of the district relating to such management and operation; and he shall in his said report make such recommendations and suggestions as to the system of accounts kept, or in his judgment to be kept, by the district, in connection with each public utility, the classification of the public utilities of the district and the establishment of a system of accounts for each class, the manner in which such accounts shall be kept, the forms of accounts, records, and memoranda kept or to be kept, including accounts, records, and memoranda of receipts and expenditures of money, and depreciation and sinking fund accounts, as in his judgment may be proper and necessary.

Selected by railroad commission. Time of doing work.

Said expert shall be selected by the railroad commission of the state of California, and his selection shall be by said commission certified to the board of directors of the district, together with the name and address of the expert so selected, and several such experts may be so selected and certified. The board of directors of the district shall at least four months before the time of each biennial district election in writing request said railroad commission to make such selection and certification, and said railroad commission shall make and transmit the same to the board of directors making such request within two weeks after the receipt of such request by said railroad commission. Within ten days after the receipt of such selection and certification the board of directors of the district shall by resolution entered on its minutes employ the expert, or one of the experts, so selected and certified, fix the amount of his compensation either absolutely or on a per diem basis, and notify said expert of such appointment. The expert so employed shall enter upon the discharge of his duties at least ninety days before the date of the biennial district election, and shall complete his examination and file his report at least thirty days before the date of the biennial district election, then next impending. Said report shall be made to the electors of the district, in duplicate, one of said duplicates to be filed with the board of directors of the district, in the office of the clerk of the district, and one of said duplicates shall be filed in the office of the county recorder of the county wherein the district, or the greater portion thereof in point of population, is situated. Such county recorder shall file, index and keep said report as a public record in his office, and shall make no charge for such filing.

Only revenue producing utilities to be acquired.

§ 43. Only revenue producing utilities shall be acquired, owned or operated by a district formed under the provisions of this act. So far as possible the board of directors shall fix such charges for commodities or service furnished by any revenue producing utility, as will pay the expenses of the government of the district, including salaries, office expenses, and other necessary disbursements; the operating expenses of the utility; the interest on any bonded indebtedness incurred for the acquisition, construction and completion thereof; and provide a sinking or other appropriate fund for the payment of the principal of such debt as it may become due, and also provide an appropriate fund for repairs, replacements and betterments; it being the intention of this section that

the district pay all of such charges and expenditures, and the interest and principal of its bonded debt, from the revenues derived by the district from the operation of its public utilities, and that each public utility owned and operated by the district shall be self-sustaining.

Districts, etc., may contract for public utility service. May advance funds.

§ 44. The district and any municipalities included therein, may at any time enter into appropriate contracts for the use by such municipality or municipalities of commodities or service furnished by any of the utilities acquired, owned, and operated, or authorized to be acquired, constructed, or completed by the district, as in this act provided. At any time after the formation of the district any municipality or municipalities included therein may advance to the district funds to meet the expenses of organization or the expenses of carrying on the work of the district, to be repaid to the municipality or municipalities so advancing said funds with stipulated interest, or to be credited by the district to the municipality as payment on account of commodities or service furnished or to be furnished to it by the district.

Tax if revenues inadequate.

§ 45. (1) If from any cause the revenues of the district shall be inadequate to pay the principal or interest on any bonded debt as it becomes due, the board of directors must, or if funds are needed to carry out the objects and purposes of the district, which can not be provided for out of the revenues of the district, then the board of directors may, levy a tax for such purposes as herein provided. The board shall state the purposes for which such taxes are necessary, and must fix, by ordinance, the amount of money necessary to be so raised by taxation. If the amount to be raised at any one time by taxation for a purpose other than interest or sinking fund payments exceeds the sum of fifty thousand dollars, such ordinance shall not go into effect before thirty days from its final passage.

Manner of assessing.

(2) The board of directors may by ordinance provide the mode and manner of assessing, and of correcting and equalizing assessments upon, the taxable property situated within the district, for the purpose of levying district taxes, and of levying and collecting such taxes, and may provide for the collection of delinquent taxes by actions or legal proceedings which are hereby authorized to be brought, prosecuted and maintained in the name of the district against the several owners of property from whom such taxes may be due and delinquent, for the purpose of recovering the amount of the delinquent tax, with penalties, interests, and costs; provided, that the provisions of such ordinance shall be conformable to general law.

Board may accept assessment by county assessor. Statement by county auditor. Tax rate fixed.

(3) The board of directors may elect to avail itself of the assessment or assessments made by the assessor or assessors of the county or counties in which the district is situated, and may take such assessment or assessments as the basis for district taxation; provided, that the board of directors shall declare its said election by ordinance and file a certified copy of the same with the auditor or auditors of the county or counties in which the district is situated, on or before the first Monday in February of each year. Thereafter all assessments shall be made and taxes collected by the county assessor and tax collector, or county assessors or tax collectors, of the county or counties in which the district is situated until the board of directors of the district by ordinance elect otherwise. The said county auditor or auditors thereupon must, on or before the second Monday in August of each year, transmit to the board of directors of the district a statement in writing showing the total value of all property within the

district, which value shall be ascertained from the assessment book of the said county or counties for that year as equalized and corrected by the board or boards of supervisors of such county or counties. In case the board of directors shall so elect, as hereinabove provided, it shall, on the first week day in September, or if such week day falls upon a holiday then on the first business day thereafter, fix the rate of taxes, designating the number of cents upon each hundred dollars, using as a basis the value of property as assessed by the county assessor or assessors and so returned to such board of directors by the county auditor or auditors, as hereinabove provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board, as hereinabove prescribed; which acts by said board of directors are declared to be a valid assessment of such property and a valid levy of such taxes so fixed. The board of directors must immediately thereafter transmit to the county auditor or auditors of the county or counties in which the district is situated a statement of such rate so fixed by the board of directors.

Entry in assessment book.

The said auditor or auditors must then compute and enter in a separate column in the assessment book or assessment books, to be headed "Utility district tax, public utility district (naming it)," the respective sums in dollars and cents or dollars or cents to be paid as a district tax on the property therein enumerated and assessed as being in the public utility district, using the rate of levy so fixed by the board of directors of the district, and the assessed value as found in such assessment book or assessment books. Such taxes so levied shall be collected at the same time and in the same manner as county taxes; and when collected the net amount, as ascertained as hereinafter provided, shall be paid to the treasurer of the district, under the general requirements and penalties provided by law for the settlement of other taxes.

County officers to make expense statements.

Each county auditor and tax collector affected by the provisions of this act shall annually file with the board of supervisors of his county itemized statements showing the additional expense to his office caused by the performance of the duties imposed upon him or his office under the provisions of this act, and upon the filing of such statements the board of supervisors shall, by an order spread upon its minutes, deduct such expenses from the tax money of the district, while in the hands of the tax collector, and transfer the amount deducted into the county salary fund; provided, that not more than one-half of one per centum on the amount collected shall be so charged or deducted by any county. The board or boards of supervisors of such county or counties may provide such extra help for their county offices or officers as in their judgment may be necessary for the proper performance of their duties hereunder.

Property sold for taxes.

Whenever any real property situate in any public utility district formed under the provisions of this act, which district has availed itself of the provisions of this subdivision of this section, has been sold for taxes and has been redeemed, the money paid for such redemption shall be apportioned and paid by the county treasurer or treasurers receiving the same to such public utility district, in the proportion which the tax due to such district bears to the total tax for which such property was sold.

Taxes a lien on property.

(4) All taxes levied under the provisions of this act shall be a lien on the property on which they are levied; and the enforcement of the collection of such taxes may be had in the same manner and by the same means as is provided by law for the enforcement of liens for state and county taxes, all the provisions of law relating to the enforcement of the latter being hereby made a part of this act, so far as applicable; provided,

that where a public utility district has not availed itself of the provisions of subdivision (3) of this section, the delinquent property sold by the tax collector of the district for delinquent taxes shall be struck off by him to the district and shall thereafter be redeemed or disposed of as is provided by law in the case of delinquent property sold to the state for delinquent state and county taxes.

Classification for civil service.

§ 46. (1) The board of directors shall classify all the places of employment in or under the district, and in or under all the offices and departments of the district, with reference to the examinations hereinafter provided for, excepting the places and offices specified in subdivision four hereof. The places so classified by the board of directors shall constitute the classified civil service of the district, and no appointment to any such place shall be made except according to the rules hereinafter mentioned.

Rules.

(2) The board of directors shall make rules to carry out the purposes of this section, and for examinations, appointments, promotions, and removals, and may from time to time make changes in existing rules. All rules and all changes therein shall be forthwith printed for distribution by the board of directors.

Character of examinations.

(3) The examinations shall be practical in their character, and shall relate to those matters only which will fairly test the relative capacity of the persons examined to discharge the duties of the positions to which they seek to be appointed, and shall include, when appropriate, tests of manual or professional skill. The selection of laborers shall be governed by priority of application as far as may be practicable. No question in any examination shall relate to political or religious opinions or affiliations. The board of directors shall control all examinations.

Exemptions.

(4) The manager, the engineer, the clerk, accountant, and the treasurer of the district shall not be included within the classified civil service of the district.

Advertising for bids for supplies.

§ 47. Except as otherwise provided in this act, the board of directors shall annually advertise, for at least five days in a newspaper of general circulation in the district, for sealed bids for furnishing the district with goods, merchandise stores, subsistence, printing, materials, and all other supplies, and advertising.

All bids shall be upon a schedule showing all articles needed by the district and the several offices thereof, prepared by the clerk of the district, and shall state separately the price of each article to be furnished, and any person may bid upon any article separately.

Except as otherwise provided by this act, the board of directors shall determine annually what goods, merchandise, stores, subsistence, materials and other supplies will be needed by the district for the ensuing year.

Consideration of bids.

In considering such bids the board of directors may accept or reject all or any of them, or may accept or reject a part of any such bid, preference being given, however, to the lowest responsible bidder. All supplies furnished the district, or any officer thereof, shall be furnished at a price no greater than is specified in the bid which may be accepted by the board. The award as to each article shall in all cases be made to the lowest bidder for such article.

Opening of bids.

All bids shall be opened by the board at an hour and place to be stated in the advertisements for proposals, in the presence of all bidders who attend, and all the bidders may inspect the bids. All contracts shall be made with the lowest responsible bidder, who shall give bonds with sufficient sureties for the faithful performance of his contract.

General notice.

Notices of proposals for furnishing the aforesaid articles shall mention said articles in general, and shall state that the conditions and schedule may be found in the office of the clerk of the district, and shall also state that such articles are to be delivered at such times, in such quantities, and in such manner as the board of directors may designate.

Certificate of deposit.

All proposals shall be accompanied with a certificate of deposit, or certified check on a solvent bank within the district, or county wherein the district is located, of ten per centum of the amount of the bid, payable at sight to the order of the clerk of the district. If the bidder to whom the contract is awarded shall for five days after such award fail or neglect to enter into the contract and file the required bond, the clerk shall draw the money due on such certificate of deposit or check and pay the same into the treasury of the district; and under no circumstances shall the certificate of deposit or check or the proceeds thereof be returned to such defaulting bidder.

Printed blanks.

The clerk shall furnish printed blanks for all such proposals, contracts and bonds.

Advertising.

Advertising shall not be classified, and shall be construed to mean the advertising and publication of all official reports, orders, ordinances, resolutions, notices inviting proposals, and all notices of every nature relating to work or business of the district. No part or kind of such advertising shall be charged or contracted for at a higher rate than any other part or kind of the same is charged or contracted for; except in the case of the delinquent tax list. The advertising of the delinquent tax list shall be let to the lowest responsible bidder on a separate bidding from all other advertising. A square of advertising shall be two hundred and thirty-four ems nonpareil.

No officer or employee of the district shall order any article or shall make any publication which is not expressly authorized by this act or by the board of directors.

Certain purchases without contracts.

Unless the amount involved in the purchase at any one time of any articles, for which no contract has been entered into as hereinabove provided, exceeds the sum of five hundred dollars, the board of directors may purchase such article or articles without the necessity of advertising or letting contracts therefor; but where the cost of any article or articles, for which no contract has been entered into as hereinabove provided, exceeds the sum of five hundred dollars, the board of directors shall advertise for at least five days in a newspaper of general circulation in the district for sealed bids for furnishing the district such article or articles, and shall in the matter of opening and accepting such bids and the letting of contracts for the furnishing of such article or articles in all respects proceed in the manner and form in this section hereinabove provided in the case of contracts for annual supplies.

§ 48. Where the cost of any construction, replacement, improvement, alteration, extension, or other proposed work of the district exceeds the sum of one thousand dol-

lars, the board of directors must adopt plans and specifications, strain sheets, and working details, as may be proper, and must advertise for bids for such work in accordance with the plans and specifications so adopted. All bidders shall be afforded an opportunity to examine such plans and specifications and said board shall award the contract to the lowest responsible bidder, and the plans and specifications so adopted shall be attached to and become part of the contract; and the person or corporation to whom the contract is awarded shall be required to execute a bond, to be approved by the board of directors, for the faithful performance of the contract; provided, that in cases of great emergency, by the consent of at least two thirds of the board of directors, they may proceed at once to do or cause to be done all repair or replacement work necessary to meet such emergency without notice; and provided, further, that nothing herein contained shall be deemed to prohibit the board of directors from doing or causing to be done directly by the district, and without any contract therefor, any or all work necessary or proper in or about the making of all current and ordinary repairs or in or about current and ordinary upkeep or maintenance.

Change of plans.

No plans and specifications when once adopted shall be altered or changed in any manner whereby the cost of the proposed work shall be increased, except by a vote of two-thirds of the board of directors.

Change of contract.

Whenever the board of directors shall enter into a contract for any such work, such contract shall not be altered or changed in any manner, unless they shall, by a vote of two-thirds of their number, and with the consent of the contractor, first so order. And whenever any such change or alteration is so ordered, the particular change or alteration shall be specified, in writing, and the cost thereof agreed upon between the board and the contractor. In no case shall the board pay or become liable to pay for any extra work done or extra material furnished.

Claims.

§ 49. No claim shall be paid until allowed by the board, and only upon a warrant signed by the president and countersigned by the clerk.

Board fixes hours and compensation.

The board of directors shall fix the hours of labor or service required of all employees of the district, and their compensation, and shall employ all necessary employees or may by ordinance provide for their employment by the several officers of the district. The board of directors may from time to time contract for or employ any professional services required by the district, or by the board, or any officer of the district.

Incurring debt.

§ 51. The board of directors or other officers of the district shall have no power to incur any debt or liability whatever, either by issuing bonds or otherwise, in excess of the express provisions of this act, and any debt or liability incurred in excess of such express provisions shall be and remain absolutely void.

Expenditures authorized by ordinance. Protest. Supplemental petition. Suspension of ordinance. Reconsideration.

§ 52. All expenditures of money for the benefit of the district on any account or for any purpose, all contracts of every kind, and all tax levies for a purpose other than interest or sinking fund payments shall be first authorized by the board of directors, by ordinance, in every case when any such expenditure, or the amount involved in any such contract, exceeds the sum or amount of one hundred thousand dollars, or the amount proposed to be raised by such tax levy exceeds the sum or amount of fifty thousand dollars, and no such ordinance shall go into effect before thirty days from its final passage. During said thirty days a petition signed by qualified voters of the district equal to ten per centum of the entire vote cast within such district for all candidates for governor of the state at the last preceding general election at which a governor was voted for, and protesting against the passage of such ordinance, may be presented to the board of directors. Immediately upon the receipt of such petition the board of directors shall cause the clerk of the district to examine and verify the signatures to such petition, and to certify the result of such examination to the board of directors within ten days. If the petition is found to be insufficient, the clerk shall certify to the number of qualified electors required to make such petition sufficient in addition to the signatures already thereon and verified or found genuine by him, and said petition may then be amended by filing a supplemental petition within ten days from the date of such certificate. The clerk shall within ten days after the filing of such supplemental petition make a like examination of the same and certify to the result of such examination, as herein provided. Said ordinance shall remain suspended from going into operation until the completion of such examination and verification of said petition or supplemental petition, and the certification of the result of such examination; and in case said petition, or petition as amended, is shown to be sufficient by such certificate said ordinance shall be suspended from going into effect or operation and it shall be the duty of the board of directors to reconsider such ordinance. If said board of directors shall thereupon not entirely repeal said ordinance, it shall submit the same to a vote of the electors either at a general district election or at a special district election to be called for the purpose, and such ordinance shall not go into effect or become operative unless a majority of the voters voting upon the same shall vote in favor thereof. Such petitions, in the matter of form, signatures, and preparation thereof, and the proceedings based thereon, in the matter of holding or calling and conducting said election, the manner of voting thereat, canvassing the return and declaring the result, shall conform as nearly as may be practicable, and except as herein otherwise expressly provided, to the provisions of the general law of the state governing and relating to direct legislation or the referendum by incorporated cities and towns, which are hereby made applicable hereto as far as may be practicable.

Directors not to be interested in contracts.

§ 53. No director or any other officer of the district shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board of directors, or in the profits to be derived therefrom; and for any violation of this provision such officer shall be deemed guilty of a misdemeanor, and such conviction shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

Validity of bonds. Publication of summons. Trial. Appeal. Consolidation of actions. Motion for new trial.

§ 54. The board of directors may at any time within sixty days from the date of the election authorizing the issuance of any bonds caused to be brought in the name of the

district an action in the superior court of the county in which said district or the greater portion thereof is located, to determine the validity of any such bonds. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some paper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Any one interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such bonds. Such action shall be speedily tried and judgment rendered declaring such bonds to be valid or invalid. Either party may have the right to appeal to the supreme court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. After the expiration of ninety days from the date of such election no action may be brought by any person to contest or question the validity of said bonds and proceedings thereto. If there be more than one action or proceeding involving the validity of any such bonds, they shall be consolidated and tried together. The court hearing any proceeding or action inquiring into the regularity, legality or correctness of the proceedings leading up to the issuance of bonds or the validity of such bonds must disregard any error, irregularity, or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to all actions or proceedings herein provided for. The motion for a new trial of any such action or proceeding must be heard and determined within ten days from the filing of the notice of intention. The costs on any proceeding or action herein provided for may be allowed and apportioned between the parties, or taxed to the losing party, in the discretion of the court.

Recall.

§ 55. Every incumbent of an elective office of a public utility district formed hereunder is subject to recall by the voters of such public utility district, in accordance with the recall provisions of the general laws of the state with reference to county officers.

Title vested in district.

§ 56. The legal title to all property acquired under the provisions of this act shall immediately, and by operation of law, be vested in such public utility district, and shall be held by such district in trust, and is hereby dedicated and set apart to the uses and purposes set forth in this act.

Suit only after rejection of claim. Time of presenting claim.

§ 57. No suit shall be brought against the district on any claim for money or damages until a claim or demand therefor, setting forth with reasonable certainty the nature and various items of the claim or demand and verified by the claimant, or his authorized agent, has been presented to the directors and rejected in whole or in part. In case the board of directors shall fail or refuse to allow or reject such claim, either wholly or in part, for a period of six months after its presentation, such failure or refusal shall upon the expiration of such period be deemed a rejection of the claim. All claims against the district must be presented to the board of directors and filed with the clerk of the district within one year after the debt, or the last item thereof, for which the claim is made, shall have been incurred, or within one year after the occurrence from which the damages are claimed to have arisen. Otherwise there shall be no recovery on any such claim.

Construction of act.

§ 58. Nothing in this act shall be so construed as repealing or in anywise modifying the provisions of any other act relating to public utility districts, except in so far as any of the provisions of such act may be inconsistent with any of the provisions of this act.

Constitutionality of act.

§ 59. If any section, sub-section, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the act. The legislature hereby declares that it would have passed this act, and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Definitions.

§ 60. The term "municipality" as used in this act shall include a consolidated city and county, city or town, and shall be understood and so construed as to include, and is hereby declared to include, all corporations heretofore organized and now existing or those hereafter organized for municipal purposes within such public utility district. The word "district" shall apply, unless otherwise expressed or used, to a public utility district formed under the provisions of this act. And the word "board" and the words "board of directors" shall apply to board of directors of such district.

1. Election for directors — Calling an election by board of supervisors can not be enjoined.—The duty of calling an election for directors of a public utility district is imposed upon boards of supervisors by law (§ 16 of this act) and they can not be enjoined from performing that duty.—*Randolph v. Stanislaus County* (Cal. App.), 186 Pac. 625.

2. Boundaries—Inclusion of part of irrigation district—Does not invalidate.—An irrigation district is not a municipal corporation, and the fact that all of an irrigation district is not included in a public utility district when a portion is included does not affect the legality of the latter's

organization by dividing a municipal corporation.—*Randolph v. Stanislaus County* (Cal. App.), 186 Pac. 625.

3. Same—Sufficiently set forth.—A petition to form a public utility district, and the ordinances forming the same, describing the proposed boundaries as "composed of all the territory of" certain irrigation districts "within the county of Stanislaus," sufficiently sets forth the same.—*Randolph v. Stanislaus County* (Cal. App.), 186 Pac. 625.

4. Same—Contiguous units of land.—A public utility district need not be composed of contiguous units of land.—*Randolph v. Stanislaus County* (Cal. App.), 186 Pac. 625.

RETENTION OF MUNICIPAL POWER OF REGULATION.

ACT 3778—An act to provide for submitting to the qualified electors of every city and county, or incorporated city or town, in this state, the question whether such city and county, or incorporated city or town, shall retain powers of control vested therein respecting all or any public utilities, and to provide for elections thereafter to surrender such powers of control in case the qualified electors of any such city and county, or incorporated city or town, shall have voted to retain such powers of control.

History: Approved June 7, 1915. In effect August 8, 1915. Stats. 1915, p. 1273. Prior act of January 2, 1912, Stats. 1911 (ex. sess.), p. 168, commonly known as the "Hewitt Act," was repealed by the present act.

Cities may retain power to regulate public utilities. Health matters not surrendered.

§ 1. Any city and county, or incorporated city or town, may retain or surrender to the railroad commission of the state of California the powers of control vested therein to supervise and regulate the relationship between any one or more classes of public utilities, and their present or prospective customers, consumers or patrons, and, if it has retained such powers over any class or classes of public utilities, may thereafter surrender such powers to the railroad commission of the state of California, hereinafter

called the railroad commission, all as in this act provided, but this act shall not be construed to authorize any city and county, or incorporated city or town, to surrender to the railroad commission, its powers of control to supervise and regulate the relationship between a public utility and the general public in matters affecting the health, convenience and safety of the general public, including matters such as the use and repair of public streets by any public utility, the location of the poles, wires, mains or conduits of any public utility, on, under, or above any public streets, and the speed of common carriers, operating within the limits of the municipality.

Definitions.

§ 2. (a) The term "municipal corporation," as used in this act, shall be construed to mean a city and county, or incorporated city or town. The term "legislative body," as used in this act, shall be construed to mean the board of supervisors, municipal council, commission or other legislative or governing body of a municipal corporation.

(b) The term "powers of control," as used in this act, and as used on any ballot prepared and used under the provisions of this act, with reference to public utilities, or to any class or classes of public utilities in any municipality or municipalities, means all powers of control vested in such municipality or municipalities to supervise and regulate the relationship between such public utilities, or such class or classes of public utilities, and their present or prospective customers, consumers or patrons, but said term shall not be construed to include the powers of control vested in any municipality or municipalities to supervise and regulate the relationship between such public utilities, or such class or classes of public utilities, and the general public in matters affecting the health, convenience and safety of the general public, including matters such as the use and repair of public streets by any public utility, the location of the poles, wires, mains or conduits of any public utility, on, under or above any public streets, and the speed of common carriers operating within the limits of the municipality.

§ 3. The terms "railroad corporation," "street railroad corporation," "common carrier," "gas corporation," "electrical corporation," "telephone corporation," "telegraph corporation," "water corporation," "wharfinger," "warehouseman," and "public utility," as used in this act, shall severally have the same meaning as is given to them, respectively, in section 2 of the act known as the "public utilities act."

Question may be submitted to electors. Examination of petition.

§ 4. The question whether any municipal corporation shall retain its powers of control respecting one or more classes of public utilities may be submitted to the qualified electors of such municipal corporation, as provided in this act, either at a general municipal election or at a special election held therein. Such a question may be so submitted, either in pursuance of an ordinance of intention adopted by a vote of three-fifths of all the members of the legislative body of such municipal corporation, declaring that the public interest requires the submission of, and that it is the intention of such legislative body to submit such question to a vote of the qualified electors of such municipal corporation, or in pursuance of a petition of qualified electors of such municipal corporation, as hereinafter provided. Such ordinance of intention or such petition, as the case may be, shall contain the propositions proposed to be so submitted, as set forth in section 6 of this act. Such petition shall be signed by qualified electors of such municipal corporation, equal in number to ten per centum of such qualified electors, computed upon the total number of votes cast in such municipal corporation for all candidates for governor at the last preceding general election prior to the filing of such petition at which a governor was elected. Such petition may consist of separate papers; provided, that if any paper consists of more than one sheet, it shall be securely fastened together at the top. The signatures need not all be appended to one sheet of paper. Each such paper shall have attached thereto, at the bottom of the last sheet

thereof, the affidavit of a qualified elector of such municipal corporation, stating that all of the signatures on each sheet thereof were made in his presence, and that to the best of his knowledge and belief each signature is a genuine signature of the person whose name purports to be thereto subscribed. Such petition shall be filed with the clerk of the legislative body of such municipal corporation. Within ten days from the date of the filing of such petition, said clerk shall examine the petition and ascertain from the record of the registration of the electors of the city and county, or of the county in which such municipal corporation is situated, whether the petition is signed by the requisite number of the qualified electors of such municipal corporation; and if requested by said clerk, the said legislative body of said municipal corporation shall authorize him to employ persons specially to assist him in the work of examining such petition and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result of such examination. If from such examination, said clerk shall find that said petition is signed by the requisite number of qualified electors, he shall certify that the same is sufficient; but if, from such examination, he shall find that said petition is not signed by such requisite number of qualified electors, he shall certify to the number of qualified electors signing such petition and to the number of qualified electors required to make such petition sufficient. If, by the certificate of said clerk, the petition is shown to be insufficient, it may be amended by filing a supplemental petition within ten days from the date of such certificate. Said clerk shall, within ten days from the filing of such supplemental petition, make like examination of the same and certify to the result of such examination as hereinbefore provided. If the certificate of the clerk shall show any such petition, or any such petition together with a supplemental petition, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the clerk, such petition, or such petition together with a supplemental petition, is shown to be sufficient, the clerk shall forthwith present the same to the legislative body of such municipal corporation. The sufficiency or insufficiency of such petition shall not be subject to review by such legislative body. After the election held in pursuance of such petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned. In any city and county having a board of election commissioners and a registrar of voters, the clerk of the legislative body thereof shall immediately upon the filing of any petition with him, transmit the same to such board of election commissioners, who shall forthwith deliver such petition to said registrar of voters, who shall perform all the duties herein required to be performed in other municipal corporations by the clerk of the legislative body thereof, respecting the examination and certification of such petition. Such registrar of voters shall, upon making his certificate, forthwith return said petition to said clerk, who shall thereupon present such petition and the certificate thereto attached to the legislative body of such municipal corporation as hereinbefore in this section provided.

Special election. Publication of ordinance.

§ 5. Upon the adoption of such ordinance of intention, or the presentation as aforesaid of such petition, as provided in section four of this act, the legislative body of such municipal corporation shall, by ordinance, order the holding of a special election for the purpose of submitting to the qualified electors of such municipal corporation the propositions set forth in such ordinance of intention or in such petition, as the case may be, or such legislative body shall, by ordinance, order the submission of such propositions at a general municipal election, as hereinafter provided. Such special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance of intention provided for in section four of this act, or the presenta-

tion of such petition to said legislative body; provided, that if a general municipal election shall occur in said municipal corporation not less than twenty days nor more than sixty days after the adoption of said ordinance of intention or the presentation of said petition to said legislative body, said propositions may be submitted at such general municipal election, in the same manner as other propositions are required by law to be submitted at general municipal elections in such municipal corporation. Every special election held in any municipal corporation under the provisions of this act, shall be called by the legislative body thereof, by ordinance, which shall specify the propositions to be submitted at such election and the date thereof, and, where provision is not otherwise made by law, shall establish the election precincts therefor and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance shall, prior to such election, be published five times in a daily newspaper printed and published in such municipal corporation, or twice in a weekly newspaper printed and published therein, if there be no such daily newspaper; provided, that if no such daily or weekly newspaper be printed and published in such municipal corporation, the clerk of said legislative body shall post a copy of said ordinance in three public places in such municipal corporation at least ten days prior to such election.

Ballots.

§ 6. The ballots to be used at any general municipal election or at any special election, at which is submitted the question whether a municipal corporation shall retain its powers of control respecting public utilities shall have printed thereon, in addition to the other matters required by law, such of the following propositions as are specified in the ordinance of intention or the petition:

"Proposition No. 1. Shall (name of municipal corporation) retain its powers of control over railroad corporations?"

"Proposition No. 2. Shall (name of municipal corporation) retain its powers of control over street railroad corporations?"

"Proposition No. 3. Shall (name of municipal corporation) retain its powers of control over common carriers other than railroad and street railroad corporations?"

"Proposition No. 4. Shall (name of municipal corporation) retain its powers of control over gas corporations?"

"Proposition No. 5. Shall (name of municipal corporation) retain its powers of control over electrical corporations?"

"Proposition No. 6. Shall (name of municipal corporation) retain its powers of control over telephone corporations?"

"Proposition No. 7. Shall (name of municipal corporation) retain its powers of control over telegraph corporations?"

"Proposition No. 8. Shall (name of municipal corporation) retain its powers of control over water corporations?"

"Proposition No. 9. Shall (name of municipal corporation) retain its powers of control over wharfingers?"

"Proposition No. 10. Shall (name of municipal corporation) retain its powers of control over warehousemen?"

Opposite each such proposition to be voted upon, and to the right thereof, the words "yes" and "no" shall be printed on separate lines, with voting squares. Any voter desiring to vote in favor of the retention of the powers of control of such municipal corporation respecting any particular class of public utility, shall stamp a cross (X) in the voting square after the printed word "yes" opposite the proposition as to such class, and any voter desiring to vote against the retention of such powers of such municipal corporation respecting any particular class of public utility, shall stamp a cross (X) in the voting square after the printed word "no" opposite such proposition.

Canvass of returns. When control vests in railroad commission.

§ 7. If the propositions specified in section six of this act shall have been submitted at a special election in any municipal corporation, then the legislative body or other body or board charged with the duty of canvassing the returns and declaring the result of elections in such municipal corporation, shall meet at their usual place of meeting on the first Monday after such election to canvass the returns and declare the result thereof. Immediately upon the completion of such canvass, or upon the completion of the canvass of the returns of any general municipal election at which such propositions shall have been submitted, such legislative body or other body or board charged with said duty shall make an order declaring the result of the election upon such propositions and shall cause the same to be entered upon its minutes, which order shall show the total number of votes cast upon each such proposition, and the number of votes cast respectively in favor of and against each such proposition. If it shall appear from the result of such election, as so declared, that a majority of the qualified electors of such municipal corporation voting on any proposition submitted, as provided in section five of this act, shall have voted to retain the powers of control of such municipal corporation respecting any particular class of public utility, such municipal corporation shall be deemed to have elected to retain such powers of control respecting such class of public utility, and such powers shall be exercised by such municipal corporation until the same may be surrendered as hereinafter provided; and if it shall appear from the result of such election, as so declared, that a majority of such qualified electors so voting on any such proposition shall have voted not to retain such powers respecting any class of public utility, such municipal corporation shall be deemed to have elected not to retain such powers of control respecting such class of public utility, and such power of control shall thereafter vest in and be exercised by the railroad commission as provided by law. Immediately upon the entry of the order declaring the result of the election as to such proposition, the clerk of the legislative body or the registrar of voters of any municipal corporation having a board of election commissioners and a registrar of voters, shall make copies, in duplicate, of such order, and shall attach to each such copy his certificate under the seal, if any, of such municipal corporation, or of such board of election commissioners, certifying that the same is a true and correct copy of such order. Said clerk or registrar of voters, as the case may be, shall forthwith file one of said copies in the office of the railroad commission of the state of California and the other in the office of the secretary of state. Immediately upon the filing of such certified copy of such order in the office of the railroad commission, the powers of control theretofore vested in such municipal corporation over any class or classes of public utilities which a majority of the qualified electors of such municipal corporation voting thereon shall have voted not to retain, as shown by such order, shall thereupon vest in and be exercised by the railroad commission.

City retaining powers may later surrender them.

§ 8. Any municipal corporation which shall have retained the powers of control vested therein respecting any class or classes of public utilities may thereafter surrender its powers of control as to such class or classes of public utilities at a general municipal election, or at a special election therein called for that purpose. The ballots to be used at such election shall have printed thereon, in addition to the other matters required by law, separate propositions as to each class of public utilities as to which such municipal corporation may retain its powers of control and as to which it may be desired to vote. As to each of such classes of public utilities, and in addition to the other matters required by law to be printed thereon, a proposition shall be printed on the ballot to be used at such election in substantially the following form: "Shall (name of municipal corporation) surrender its powers of control over (here insert class of public utility) to the railroad commis-

sion?" Opposite each such proposition to be voted upon, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. Any elector desiring to vote to surrender the powers of control of such municipal corporation over any class of public utility specified on the ballot, shall stamp a cross (X) in the voting square opposite the printed word "Yes," after the proposition as to such class; and any elector desiring to vote not to surrender the powers of control of such municipal corporation over such class of public utility, shall stamp a cross (X) in the voting square opposite the printed word "No" after the proposition as to such class. The provisions of sections four, five and seven of this act, in so far as applicable, shall govern elections called, conducted and held under the provisions of this section and to general municipal elections at which such propositions shall be submitted. If it shall appear from the result of such election declared as provided in section seven of this act, that a majority of the qualified electors of such municipal corporation voting on any proposition submitted as provided in this section, shall have voted to surrender the powers of control of such municipal corporation respecting any particular class of public utility, such municipal corporation shall be deemed to have surrendered its powers of control as to such class of public utility to the railroad commission, and such powers shall thereafter vest in and be exercised by the railroad commission, as provided by law, upon the filing, in the office of the railroad commission, of a certified copy of the order declaring the result of such election; and if it shall appear from the result of such election, as declared, that a majority of such qualified electors voting on any such proposition shall have voted not to surrender such powers of control respecting any particular class of public utility, such powers of control shall continue in such municipal corporation; provided, however, that such powers of control may thereafter be surrendered by such municipal corporation at any subsequent election at which the question of such surrender may again be submitted under the provisions of this act.

One special election in 12 months.

§ 9. The holding of a special election or elections, or the submission of propositions at any general municipal election, under any of the provisions of this act, shall not be construed to preclude the holding of a subsequent special election or elections or the subsequent submission of propositions at a general municipal election or elections, on the question of the retention or surrender by a municipal corporation of its powers of control respecting any class or classes of public utilities, as in this act provided; provided, that not more than one such special election shall be held within any period of twelve months.

Laws which govern elections.

§ 10. Except as otherwise in this act provided, the holding and conducting of elections under the provisions of this act, the form of the ballots used, the opening and closing of the polls, and the canvass of the returns and the declaring of the result shall conform, as nearly as may be, to such laws as shall now or hereafter be applicable to special municipal elections held in the municipal corporation affected.

Repealed.

§ 11. Chapter forty of the laws of the extraordinary session of December, 1911, is hereby repealed.

1. Surrender of control necessary to give railroad commission jurisdiction.—Consent of the city can not confer jurisdiction upon the railroad commission of the question whether a railroad is required to remove an obstruction of a public street in such city,

in the absence of a surrender of control by such city under this act, so as to estop the city from maintaining a suit for such removal.—*Red Bluff v. Southern Pacific Co.* (Cal. App.), 187 Pac. 152.

2. Municipal power can not be divested

by charter amendment.—The powers of municipalities over public utilities vested in them on the adoption of the public utilities act can not be divested by a charter amendment, but such divestment must be

brought about under the scheme provided by the legislature for that purpose, which is a complete scheme.—Long Beach, etc. v Pacific Electric Co., 2 R. C. D. 455.

PIPE LINES DECLARED COMMON CARRIERS.

ACT 3779—An act declaring certain corporations, individuals or association of individuals engaged, directly or indirectly, in the transportation of crude oil or petroleum or the products thereof, for hire or otherwise, to be common carriers and public utilities and subject to the provisions of the act known as the public utilities act of the state of California, approved December 23, 1911.

History: Approved June 4, 1913. In effect August 10, 1913. Stats. 1913, p. 657.

Companies owning, etc., oil pipe lines declared common carriers.

§ 1. Every private corporation and every individual or association of individuals:

(a) Owning, operating, managing or controlling any pipe line or any part of any pipe line, plant or equipment within the state of California for the transportation of crude oil or petroleum or the products thereof, either directly or indirectly, to or for the public, for hire, compensation or consideration of any kind, paid, given, extended or received, directly or indirectly, for such transportation, or engaged, directly or indirectly, in the business of so transporting the same; or

(b) Owning, operating, managing or controlling any pipe line or any part of any pipe line, plant or equipment for the transportation of crude oil, petroleum or the products thereof, directly or indirectly, to or for the public, for hire, compensation or consideration of any kind, paid or received, directly or indirectly, for such transportation, and which said pipe line, plant or equipment is constructed or maintained upon, along, over or under any public highway, and in favor of whom the right of eminent domain exists; or

(c) Owning, operating, managing or controlling, directly or indirectly, any pipe line or pipe lines, or any part of any pipe line or pipe lines, plant or equipment, or any pipe line system or any part thereof, for the transportation, directly or indirectly, to or for the public for hire or otherwise, of crude oil, petroleum or products thereof, and which said pipe line, or pipe lines, or plant or equipment, or system, is, or are, constructed, operated or maintained across, upon, along, over or under the right of way of any railroad corporation or other common carrier required by law to transport crude oil, petroleum or products thereof as a common carrier; or

(d) Owning, using, operating, managing or controlling, directly or indirectly, or participating in the ownership, use, operation, management or control, directly or indirectly, under lease, contract of purchase, agreement to buy and sell, or other contractual or tacit agreement or arrangement of any kind or character whatsoever, of any pipe line, or pipe lines, or any part of any pipe line, or pipe lines, plant or equipment, or pipe line system, or any part of any pipe line system, for the transportation of crude oil, petroleum or the products thereof, of and from, or of, or from any oil field or place of production within the state of California, to any distributing, refining, or marketing center or reshipping point therefor within said state, whereby, or under, or through which, directly or indirectly, such corporation, or any corporation or association of corporations, or individual, or association of individuals secures, or is enabled to secure, or attempts to secure, or tends to secure, the control of, or monopoly of the purchasing of, or the control of, or monopoly of the transportation of such crude oil, petroleum or the products thereof;

Is hereby declared to be a common carrier and subject to the provisions of the act known as the "Public Utilities Act," approved December 23, 1911.

Companies engaging in transportation of crude oil, etc., declared common carriers.

§ 2. Every corporation organized and existing under the laws of the state of California or under the laws of any other state to transport, or to engage in the business of transporting, within the state of California, any crude oil, petroleum or the products thereof, or for the purpose of acquiring, constructing, leasing, owning, maintaining or operating, directly or indirectly, or of controlling or participating in the control of any pipe line or pipe lines with pumping station or stations, or other appurtenant equipment or plant constructed and maintained, or to be constructed or maintained for the transportation of crude oil, petroleum or the products thereof, actually engaged or engaging in such operation or transportation, directly or indirectly, or shares, directly or indirectly, in the business of such operation or transportation, is hereby declared to be a common carrier and subject to the provisions of the "Public Utilities Act" of the state of California, approved December 23, 1911.

Pipe lines declared public utilities.

§ 3. Any pipe line constructed, acquired, owned, operated, maintained, managed or controlled by any private corporation or individual or association of individuals for any of the purposes or under any of the conditions specified in section 1 or section 2 of this act, is hereby declared to be a public utility and subject to the provisions of the "Public Utilities Act" of the state of California, approved December 23, 1911.

Constitutionality of act.

§ 4. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislature hereby declares that it would have passed this act and each section, subsection, sentence [,] clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Not applicable to certain companies.

§ 5. The provisions of this act are not to be construed as applying to any corporation, individual or association of individuals where the nature and extent of their business is such that the public needs no use in the same, and the conduct of the same is not a matter of public consequence.

1. Constitutionality—Due process of law.

—Subdivision (d) of section 1, and section 2, of the act of 1913, p. 657 (c. 327), except perhaps, as to corporations acquiring pipe lines after the passage of the act, are unconstitutional, as in violation of the fourteenth amendment of the federal constitution, in that they contemplate the taking of private property without provision for compensation and without due process of law. —Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, 530, 169 Pac. 62, L. R. A. 1918C, 8.

2. Same—Same.—The provisions of statutes 1913, chapter 327, p. 657, declaring certain pipe lines to be public utilities, and subject to the provisions of the public utilities act, apply only to pipe lines engaged in the transportation of oil for the public. —Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, 520, 169 Pac. 62, L. R. A. 1918C, 8.

3. Same—Same—Taking of private property for public use without compensation.—Neither by the constitutional provision (§ 23,

Art. XII) nor by this act can the state subject private property to a public use, nor confer authority upon the railroad commission to assume control of private pipe lines engaged in the transportation of crude oil. —Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

4. Same—Same—Same.—Where a pipe line was constructed solely to carry oil for particular producers under strictly private contracts, and never was devoted by its owner to public use, the state could not by mere legislative fiat or by any regulating order of a commission convert it into a public utility or make its owner a common carrier, for that would be taking private property for public use without just compensation, in violation of the due process clause of the constitution. —Producers' Transportation Co. v. Railroad Commission, 251 U. S. 229, 64 L. ed. 239, 40 Sup. Ct. 131.

Sustaining: S. C. 176 Cal. 499, 169 Pac. 59.

5. Same—Same—Same.—A common carrier can not, by making contracts for future transportation, or by mortgaging its

property or pledging its income prevent or postpone the exertion by the state of the power to regulate the carrier's rates and practices.—Producers' Transportation Co. v. Railroad Commission, 251 U. S. 229, 64 L. ed. 239, 40 Sup. Ct. 131.

6. Same—Same—Same.—Neither by act of the legislature nor by declaration of the state constitution can private property be taken for a public use without compensation therefor.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59; Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62. See, also, Del Mar Water Co. v. Eshleman, 167 Cal. 666, 140 Pac. 591, 948.

7. Same—Same.—Where the owner of property voluntarily devotes it to public use, he in effect grants to the public an interest in such use, and to the extent of the interest so devoted to the public the public may insist upon a voice in the control and regulation thereof.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

8. Same — Same.—Case distinguished: United States v. Ohio Oil Co., 234 U. S. 548, 34 Sup. Ct. 956, 58 L. ed. 1459; Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

8a. Same—Same.—Where a pipe line company made no irrevocable dedication of its property to public use, as by the exercise of the right of eminent domain, it must be shown that it became a common carrier by voluntarily devoting the facilities of their pipe line to the indiscriminate use of the public for hire.—Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

9. Same—Same.—It is not the ipse dixit of the law, but the fact that property has been voluntarily devoted to a public use that justifies the control assumed by the Railroad Commission.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

10. Same—Same.—The petitioner in the

present case held to have dedicated its property to the public use of crude oil transportation.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

11. Same—Same.—The petitioner in the present case held to be engaged in a purely private enterprise and not to have dedicated its property to a public use.—Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

12. Same—Same—Exercise of right of eminent domain.—The fact that petitioner exercised the right of eminent domain in condemning a right of way for its pipe line is deemed conclusive evidence of dedication to public use, for otherwise no such right would exist.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

13. Jurisdiction of railroad commission to determine question of public use.—The act contains no provision specifically conferring jurisdiction upon the commission to determine the question of a public use, but section 60 gives the commission jurisdiction to determine the existence of the facts which confer jurisdiction.—Producers' Transportation Co. v. Railroad Commission, 176 Cal. 499, 169 Pac. 59.

14. Same.—The commission has no power to declare what shall constitute a public utility.—Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

15. Construction.—The act applies only to pipe lines transporting crude oil and its products to or for the public for hire.—Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

16. Same—"Common carrier."—One who offers to carry goods for any person between certain termini and who is bound to carry all who tender their goods and the price of carriage is a "common carrier."—Associated, etc., Co. v. Railroad Commission, 176 Cal. 518, L. R. A. 1918C, 849, 169 Pac. 62.

PIPE LINES—LICENSE ACT.

ACT 3779a—An act to require private corporations, individuals or association of individuals to procure licenses to permit them to continue to maintain pipe lines already constructed for the transportation of crude oil, petroleum or any of the products thereof, for any distance whatsoever across, along, over or under any public highway or public road, which are intended to be used in whole or in part for such purpose for an aggregate distance of thirty-five or more miles, continuously or otherwise, and which pipe lines are operated other than as common carriers; and prohibiting the construction of any more such lines for such purposes for any distance whatsoever across, along, over or under any public highway or any public road; and providing for the issuance of such licenses; and fixing fees to be paid for and under such licenses, and establishing liens to secure same; and fixing penalties for violations of this act; and authorizing certain proceedings by and before the railroad commission in connection therewith; and authorizing certain court proceedings in connection therewith.

History: Approved June 4, 1913. In effect August 10, 1913. Stats. 1913, p. 532.

Oil pipe lines required to secure license to continue operating.

§ 1. Every private corporation, individual or association of individuals owning, operating, managing or controlling, either directly or indirectly, or participating, either directly or indirectly, in the ownership, operation, management or control of any pipe line or pipe lines, or any part of any pipe line or pipe lines, plant or equipment for the transportation of crude oil or petroleum or of any of the products thereof, or engaged, either directly or indirectly in the business of transporting by pipe line or pipe lines, in whole or in part, continuously or otherwise, crude oil or petroleum or any of the products thereof from producing points or from points at, in or near any oil field or oil fields to any refinery or refineries, or to any distributing point or points, or to any marketing point or points, or to the vicinity of any thereof for an aggregate distance of thirty-five or more miles, within the state of California, otherwise than as a common carrier, and which said pipe line or pipe lines, or any part thereof, or of such plant or equipment is constructed or maintained for any distance whatsoever across, along, over or under any public highway or public road within the state of California, is hereby required within twenty days after this act goes into effect and before thereafter continuing or commencing to so transport, or to so engage in the business of transporting crude oil, petroleum or any of the products thereof through any part of such pipe line or pipe lines for any distance whatsoever across, along, over or under any public highway or public road, to procure a license from the secretary of state as hereinafter provided, permitting it, him or them to continue, or to commence and continue, to transport and engage in the business of transporting crude oil, petroleum or any of the products thereof through such part or parts of such pipe line or pipe lines as is or are constructed or maintained for any distance whatsoever across, along, over or under any public highway or public road.

Secretary of state may issue license. Fee.

§ 2. The secretary of state is hereby authorized to issue licenses permitting private corporations, individuals or association of individuals to continue to own, operate, manage or control any pipe line or pipe lines already constructed and now being maintained for the transportation of crude oil, petroleum or any of its products, otherwise than as a common carrier across, along, over or under any public highway or public road within this state, to the extent only to which such pipe line or pipe lines is or are now already so constructed, operated and maintained, upon payment of a fee of two hundred and fifty dollars (\$250.00) for each separate pipe line so already constructed

and maintained for any distance whatsoever across, along, over or under any public highway or public road for such length of time only as such licensee shall comply with all the provisions of this act and of any and every other act which may hereafter be enacted in relation to this subject by the legislature of California; provided, further, that the fees hereinafter required to be paid for such permit may hereafter be increased or diminished at any time as the legislature may determine.

Future construction limited to common carriers.

§ 3. The construction hereafter of any pipe line or pipe lines intended for the transportation of crude oil, petroleum or any of its products, otherwise than as a common carrier for an aggregate distance of thirty-five or more miles within this state, continuously or otherwise, by means of such pipe line or pipe lines, in whole or in part, for any distance whatsoever, across, along, over or under any public highway or public road within this state is declared to be contrary to public policy and is hereby expressly prohibited.

Application for license.

§ 4. The license herein provided for shall not be issued by the secretary of state unless and until a written application therefor shall first be filed with him by the private corporation, individual or association of individuals desiring to procure the same, which shall describe in a general way the pipe line or pipe lines for the maintenance and operation of which such license is desired, stating the terminal points of such pipe line or pipe lines and the county and counties through which the same is or are constructed and maintained, and the number of miles thereof in each of such counties, and as nearly as may be the point and points at which such pipe line or pipe lines is or are constructed and maintained across, along, over or under any public highway or public road and the approximate distance thereof in each instance, and which written application shall also set forth the name of the private corporation, individual or association of individuals owning, operating, managing or controlling, either directly or indirectly, such pipe line or pipe lines and each and every part thereof. And such license when issued shall describe such pipe line or pipe lines as described in such application.

Monthly report of oil carried. Subscribed by licensee. Fee, fifty cents per barrel.

§ 5. Every private corporation, individual or association of individuals required to procure the license hereinbefore provided for shall file with the railroad commission of the state of California on or before the tenth day of each calendar month, including and following the second calendar month after this act goes into effect, and in such form as said railroad commission shall require, a full, true and correct report showing the number of barrels (42 gallons to the barrel) of crude oil, petroleum or any of the products thereof which were transported through each and every such pipe line so constructed, operated or maintained for any distance whatsoever across, along, over or under any public highway or any public road within this state during the preceding calendar month. Such report shall be subscribed by such licensee or by its, his or their agent duly appointed in writing for such purpose and shall be accompanied by the affidavit of such subscriber stating in substance and effect that he knows the contents thereof, and that he has had free access to the books and vouchers of such licensee relating to the same for the purpose of determining the truth of the statements contained therein, and that such statements, and each and all thereof, are true according to his best information and belief. Said railroad commission shall examine said report and if it shall have no reason to doubt the correctness of the same, shall, within not less than ten days thereafter, certify it to the secretary of state, and thereupon there shall immediately become due and payable to the people of the

state of California at the office of, and through, the secretary of state, the sum of fifty cents (\$.50) for each such barrel of crude oil, petroleum or any of the products thereof so transported through such pipe line or pipe lines for any distance whatsoever across, along, over or under such public highway or public road. The delivery of such certified report by the railroad commission to the secretary of state shall be deemed notice as of the date of such filing, to said licensee of the amount due as a license fee for such calendar month under the provisions of this act.

Railroad commission may examine into correctness of report. Revocation of license.

§ 6. Whenever the railroad commission shall entertain any doubt of the correctness of such report so filed with it, said railroad commission may subpoena the subscriber of such report and require him to bring before said commission the books and vouchers from which he secured the information set forth in said report, and may examine him under oath, and may subpoena such other witnesses and hear such other testimony in relation to such matter as it deems competent, material and relevant, and shall proceed summarily in the matter and determine the true and correct number of such barrels of crude oil, petroleum or any of the products thereof which were so transported by said licensee through such pipe line so constructed, operated or maintained for any distance whatsoever across, along, over or under any public highway or public road within this state, and shall thereupon certify to the secretary of state its finding of the number of such barrels, and thereupon there shall immediately become due and payable to the people of the state of California at the office of and through the secretary of state, the sum of fifty cents (\$.50) for each such barrel of such crude oil, petroleum or any of the products thereof so transported. The delivery of such certified finding by the railroad commission to the secretary of state shall be deemed notice as of the date of such filing to said licensee of the amount due as a license fee under the provisions of this act. The railroad commission may revoke the license of such licensee if, upon such hearing, it finds that any material statement contained in said sworn report is false and that such falsity was known to such licensee at the time such report was filed with said railroad commission, or that said licensee had reason to believe at such time that such report was false, or that such licensee wilfully aided or abetted the making of such false report, either directly or indirectly, in any manner whatsoever, and said railroad commission may thereupon refuse to authorize the secretary of state to renew any such license, or to issue a new one to any private corporation, individual or association of individuals whose license has thus been revoked, within one year from the time same was revoked.

Penalty.

§ 7. Every individual and every member of any association of individuals, and every officer, agent, attorney or employee of any private corporation, who knowingly and wilfully violates or fails to comply with, or who knowingly and wilfully aids and abets any violation of any provision of this act, or who knowingly and wilfully fails to observe, obey or comply with any order, decision, rule, direction, demand or requirement, or any part or provision thereof, of the said railroad commission, or who knowingly or wilfully procures, aids or abets any failure to observe, obey and comply therewith, is guilty of a misdemeanor and is punishable by a fine not exceeding one thousand dollars (\$1,000) or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

Action against companies failing to take out license. Service of petition. Final judgment. Appeal.

§ 8. Whenever the railroad commission shall entertain the belief that any private corporation, individual or association of individuals required by the provisions of this

act to procure the aforesaid license, is transporting crude oil, petroleum or any of the products thereof, for any distance whatsoever, through any pipe line now constructed and maintained across, along, over or under any public highway or public road within this state without having procured the license herein provided for, or has or is about to construct any pipe line for the transportation of crude oil, petroleum or any of the products thereof for any distance whatsoever across, along, over or under any public highway or any public road within this state, it shall direct the attorney of the commission to commence an action or proceeding in the superior court in and for the county, or city and county, in which such pipe line or any part thereof is so constructed or maintained, or has been or is about to be so constructed, for any distance whatsoever, across, along, over or under any public highway or public road, or in the superior court in and for the county, or city and county, in which the private corporation, individual or association of individuals so transporting or threatening to construct a pipe line or pipe lines for the purpose of transporting crude oil, petroleum or any of the products thereof, maintain or maintains its, his or their principal place of business, and said action or proceeding shall be brought in the name of the people of the state of California for the purpose of having such violation or threatened violation of the provisions of this act stopped and prevented by mandamus, injunction or other appropriate remedy, and for the purpose of recovering a judgment for such damages as may have been incurred by the people of the state of California for such violation or threatened violation of the provisions of this act. It shall thereupon become the duty of the court to specify a time not exceeding twenty days after the service of the copy of the petition in which the private corporation, individual or association of individuals complained of must answer such petition, and in the meantime, said private corporation, individual or association of individuals may be restrained by said court from continuing such violation or threatened violation of any of the provisions of this act. In case of default in the answer, or after the answer has been filed by such defendant or defendants, the court shall immediately hear and determine the case. Such private corporation or individuals as the court may deem necessary or proper in order to make its judgment order or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that the writ of mandamus or injunction issue or be made perpetual as prayed for in the petition, or in such modified or other form as will give appropriate relief. An appeal may be taken to the supreme court from such final judgment in the same manner and with the same effect, subject to the provisions of this act, as appeals are taken from the judgments of the superior court in other cases involving mandamus or injunction.

Failure to pay license fees.

§ 9. Any failure on the part of any licensee to pay within twenty days after the same becomes due, the license fees or any portion thereof as required by and provided in the provisions of this act, shall operate to forfeit, ipso facto, such license, and to deprive such licensee of the right to continue to transport any crude oil, petroleum or any of the products thereof through any part of any such pipe line or pipe lines for any distance whatsoever across, along, over or under any public highway or public road.

License fee lien on pipe line.

§ 10. The license fee, and each installment thereof, in this act provided for, upon the same becoming due, as herein provided, is hereby declared to be a lien upon the whole of the pipe line or pipe lines and plant and equipment used in connection therewith of which that part of such pipe line, for the privilege of maintaining and operating which said license is procured, is a part as described in the application for such

license, from the time that such license fee, and each installment thereof, becomes due and payable; and such lien shall be enforceable in the same way that tax liens in the state of California are enforceable, and by the same procedure in so far as the same is or can be made applicable hereto.

Licensee exempt from monthly fees.

§ 11. Any and every licensee under this act who pays a license fee of not less than fifty cents (\$.50) per barrel of forty-two gallons each to the state of California under any other law of this state for the privilege of transporting or of engaging, either directly or indirectly, in the business of transporting crude oil, petroleum or any of the products thereof through a pipe line or pipe lines, is hereby exempted and relieved from the payment of the monthly license fees herein provided for by this act.

Constitutionality of act.

§ 12. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

PIPE LINE COMBINATIONS.

ACT 3780—An act to declare certain contracts, combinations, arrangements and conspiracies between common carrier railroads and pipe lines for the transportation of crude oil, and pipe lines constructed for the transportation of crude oil, petroleum or the products thereof, to be in restraint of trade and unfair practices, contrary to public policy as tending to monopoly, and requiring such pipe lines to either become common carriers and public utilities or to procure license and pay fees, and fixing penalties for violations, and authorizing certain court proceedings.

History: Approved June 4, 1913. In effect August 10, 1913. Stats. 1913, p. 523.

Certain contracts between oil pipe lines and railroads declared illegal.

§ 1. Any and every contract, combination in form of trust or otherwise, or arrangement of any kind, implied, tacit or otherwise, or conspiracy between a common carrier railroad which is equipped for the transportation of crude oil, petroleum or the products thereof, or which has filed, or may lawfully be required to file, a schedule of rates with the railroad commission of California for such transportation, and which operates from or through any crude oil or petroleum producing field or fields or shipping points in the vicinity of any thereof, in the state of California, for a distance of thirty-five miles or more in the aggregate, either continuously or otherwise, to any refinery or refineries of crude oil or petroleum or any of the products thereof, or to or through any selling, marketing, consuming or shipping points or the vicinity of any thereof, for such crude oil or petroleum or any of the products thereof, and any oil pipe line which is used or operated for the transportation of crude oil or petroleum or any of the products thereof, otherwise than as a common carrier, from or through the same, or any of the same oil or petroleum producing fields or shipping points or from the vicinity of any thereof, for a distance of thirty-five miles or more in the aggregate, either continuously or otherwise, and to or through the same, or any of the same refining, selling, marketing or reshipping points or the vicinity of any thereof, and which last mentioned transportation is accomplished in whole or in part by such oil pipe line, and whereby such oil pipe line secures, or is enabled to secure, or attempts to secure, or tends to secure any unreasonable control or monopoly of the purchase, sale or transportation of such crude oil, petroleum or any of the products thereof, or is enabled to secure, or attempts to secure any unreasonable restraint on or over com-

petition or trade in the purchase, sale or transportation of such crude oil, petroleum or of any of the products thereof, is hereby declared to be illegal.

Facts upon which courts must declare contracts in unreasonable restraint of trade.

§ 2. In any and every action or proceeding under this act, whenever it shall appear to the court that any contract, combination, arrangement or conspiracy such as is described in section 1 hereof, exists, or that at the time of the commencement of such action or proceeding it did exist; and it further appears to such court that such oil pipe line is constructed, in whole or in part, upon, over, under or along the right of way of such common carrier railroad, continuously or otherwise, for a distance of five or more miles in the aggregate, with the permission, allowance or consent, actual, implied or otherwise, of such common carrier railroad, and that said oil pipe line is owned or controlled, either directly or indirectly, by said common carrier railroad, or that such oil pipe line and such common carrier railroad have any common or interlocking owner or owners, or director or directors; and it further appears that said oil pipe line is engaged in the business of purchasing, transporting and reselling such crude oil, petroleum or any thereof, or any of the products thereof, or of purchasing and transporting the same, or any thereof, or of purchasing, transporting and refining the same, or any thereof, for sale, or of producing, transporting and reselling the same, or any thereof, or of producing, transporting and refining the same for sale from its own or leased ground, or otherwise, or of producing and transporting the same or any thereof; and it further appears that the schedule of rates, or any of them, for the transportation of such crude oil, petroleum or any of the products thereof, filed by said common carrier railroad with the railroad commission of California, or that the rates, or any of them, published, fixed or charged by such common carrier railroad for such transportation of the same, or any of the same, are sufficiently high as compared with the actual cost of transportation between the same, or approximately or practically the same initial shipping, and the refining, selling, marketing, reshipping or terminal points, by such oil pipe line, as to tend to prevent the transportation of such crude oil, petroleum or any of the products thereof, over or upon such common carrier railroad, or to tend to prevent competition in such transportation between such common carrier railroad and such oil pipe line, or to restrain such competition, or to tend to restrain competition among the producers of such crude oil, petroleum or any of the products thereof in the sale thereof, or of any of the same, or to tend to enable such oil pipe line, either alone or in conjunction with other oil pipe lines, to restrain competition in the sale or the purchase of such crude oil, petroleum or the products thereof, either among the producers or the consumers thereof, or to tend to enable such oil pipe line, either alone or in conjunction with other pipe lines, to secure the control or the monopoly of the purchase of such crude oil, petroleum or the products thereof, or to fix the selling price of any thereof at the oil fields or points of production of the same, or at the shipping points or at the vicinity of any thereof, or to secure the control or the monopoly of the transportation of such crude oil, petroleum or the products thereof from such oil fields or points of production, or from the shipping points or from the vicinity of any thereof, to such refining, selling or marketing points, or any thereof, then such contract, combination, arrangement or conspiracy is hereby declared to be an unfair practice, contrary to the public policy of the state of California, and the same shall and must be deemed by such court in all such actions or proceedings to be an unreasonable contract, combination, arrangement or conspiracy, in restraint of trade, and an unreasonable control or monopoly of the purchase, sale or transportation of such crude oil, petroleum or some of the products thereof, and an unreasonable restraint on or over competition and trade in the purchase, sale or transportation of such crude oil, petroleum or some of the products thereof, and the same shall and must be deemed illegal.

Facts upon which courts must declare contracts in unreasonable restraint of trade.

§ 3. In any and every action or proceeding under this act, whenever it shall appear to the court that any contract, combination, arrangement or conspiracy such as is described in section 1 hereof, exists, or that at the time of the commencement of such action or proceeding it did exist, and it further appears to such court, that such oil pipe line is constructed, in whole or in part, upon, over, under or along the right of way of such common carrier railroad, continuously or otherwise, for a distance of five or more miles in the aggregate, with the permission, allowance or consent, actual, implied or otherwise, of such common carrier railroad, and it appears that said oil pipe line is engaged in the business of purchasing, transporting and reselling such crude oil, petroleum or any thereof, or any of the products thereof, or of purchasing and transporting the same, or any thereof, or of purchasing, transporting and refining the same, or any thereof, for sale, or of producing, transporting and reselling the same, or any thereof, or of producing, transporting and refining the same for sale from its own or leased ground, or otherwise, or of producing and transporting the same, or any thereof; and it further appears that the schedule of rates, or any of them, for the transportation of such crude oil, petroleum or any of the products thereof, filed by said common carrier railroad with the railroad commission of California, or that the rates, or any of them, published, fixed or charged by such common carrier railroad for such transportation of the same, or any of the same, are sufficiently high as compared with the actual cost of transportation between the same, or approximately or practically the same initial shipping, and the refining, selling, marketing, reshipping or terminal points, by such oil pipe line, as to tend to prevent the transportation of such crude oil, petroleum or any of the products thereof, over or upon such common carrier railroad, or to tend to prevent competition in such transportation between such common carrier railroad and such oil pipe line, or to restrain such competition, or to tend to restrain competition among the producers of such crude oil, petroleum or any of the products thereof in the sale thereof, or of any of the same, or to tend to enable such oil pipe line, either alone or in conjunction with other oil pipe lines, to restrain competition in the sale or the purchase of such crude oil, petroleum, or the products thereof, either among the producers or the consumers thereof, or to tend to enable such oil pipe line, either alone or in conjunction with other pipe lines, to secure the competition in the sale or the purchase of such crude oil, petroleum or the products thereof, or to fix the selling price of any thereof at the oil fields or points of production of the same, or at the shipping points or at the vicinity of any thereof, or to secure the control or the monopoly of the transportation of such crude oil, petroleum or the products thereof from such oil fields or points of production, or from the shipping points or from the vicinity of any thereof, to such refining, selling or marketing points, or any thereof, then such contract, combination, arrangement or conspiracy is hereby declared to be an unfair practice, contrary to the public policy of the state of California, and the same shall and must be deemed by such court in all such actions or proceedings to be an unreasonable contract, combination, arrangement or conspiracy, in restraint of trade, and an unreasonable control or monopoly of the purchase, sale, or transportation of such crude oil, petroleum or some of the products thereof, and an unreasonable restraint on or over competition and trade in the purchase, sale or transportation of such crude oil, petroleum or some of the products thereof, and the same shall and must be deemed illegal.

"Unreasonable" defined.

§ 4. The term "unreasonable" wherever used in this act means where the nature and extent of the control or restraint is such that the matter becomes of public consequence or is injurious to the public welfare, or where the nature and extent of the

business is such that the public needs some use in the same, and the control or restraint so exercised prevents, obstructs or in any wise hinders such use.

Penalty.

§ 5. Every person who shall hereafter make any such contract or arrangement or engage in any such combination or conspiracy, or shall hereafter continue to execute any such contract or arrangement, or to do or perform any act in furtherance of any such combination or conspiracy without having first procured the license hereinafter provided for, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding five thousand dollars (\$5,000) or by imprisonment not exceeding one year, or by both said punishments in the discretion of the court.

Jurisdiction in superior courts. Proceedings in equity. Temporary restraining order.

§ 6. The several superior courts of the state of California are hereby vested with jurisdiction to prevent and restrain violations of this act; and it shall be the duty of the several district attorneys of the counties and of the cities and counties of the state of California in their respective counties and in their respective cities and counties, under the direction of the attorney general of the state of California, to institute proceedings in equity to prevent and restrain such violations. Such proceedings may be by way of petition setting forth the case and praying that such violation shall be enjoined or otherwise prohibited, and may be brought in any county or city and county in which the defendant or any one of the defendants resides, or in which such unlawful act or any overt act in pursuance of such unlawful contract, combination, arrangement or conspiracy was committed, or in which the defendant or any one of the defendants has his or its principal place of business. When the parties complained of shall have been duly notified of such petition, the court shall proceed, as soon as may be, to the hearing and determination of the case; and pending such petition, and before final decree, the court may at any time make such temporary restraining order or prohibition as shall be deemed just in the premises.

Person injured may recover damages.

§ 7. Any person who shall be injured in his business or property by any other person or corporation or association of persons by reason of anything forbidden or declared to be unlawful by this act, may sue therefor in any superior court of the state of California in the county, or in the city and county, in which the defendant or any one of the defendants resides, or in which such unlawful act, or any overt act in pursuance of such unlawful contract, combination or conspiracy was committed, or in which the defendant, or any one of the defendants, has his or its principal place of business, and such petitioner shall recover threefold the damages by him sustained and the costs of suit, including a reasonable attorney's fee.

"Person" defined.

§ 8. That the word "person" wherever used in this act shall be deemed to include corporations and associations existing under, or authorized by the laws of either the United States or the state of California, or any of the territories, or of any state or of any foreign country.

"Common carrier railroad" defined.

§ 9. That the words "common carrier railroad" wherever used in this act, when the context so permits, shall be deemed to include any corporation, individual or association of individuals, either directly or indirectly owning, operating, managing or controlling, or participating, either directly or indirectly in the ownership, operation, management or control of any railroad which is operated as a common carrier within the state of California, or of any such railroad, any part of which is operated in the state of California; and the singular includes the plural.

"Oil pipe line" defined.

§ 10. That the words "oil pipe line" wherever used in this act, when the context so permits, shall be deemed to include any private corporation, individual or association of individuals, either directly or indirectly owning, operating, managing or controlling any pipe line or any part of any pipe line for the transportation of crude oil, petroleum or any of the products thereof, or participating, either directly or indirectly, in the ownership, operation, management or control of any such pipe line, or of any part of any such pipe line; and the singular includes the plural.

Term "oil pipe line" includes what instrumentalities.

§ 11. That the term "oil pipe line" wherever used in this act, when the context so permits, also includes all of the instrumentalities by which crude oil, petroleum or any of the products thereof is transported by or through pipe lines, in whole or in part.

Oil pipe lines adjudged illegal may resume operation on complying with certain conditions. License from secretary of state.

§ 12. Any and every oil pipe line used or operated or which is or has been used or operated for the transportation of crude oil or petroleum or any of the products thereof, not as a common carrier, under the conditions which are declared to be illegal by section 2 of this act, or under the conditions which are declared to be illegal by section 3 of this act, shall and must, before such use or operation is continued, and within thirty days after this act goes into effect, either file with the railroad commission of the state of California its written consent to transport crude oil, petroleum or the products thereof for hire and to and for the public and as a common carrier and public utility, together with a schedule of rates for the transportation of crude oil, petroleum and the products thereof as a common carrier and a public utility, in accordance with the provisions of the act known as the "Public Utilities Act" of the state of California, approved December 23, 1911; or failing to file such written consent to become a common carrier and public utility, together with such schedule of rates with said railroad commission, such oil pipe line must, on or before the time herein specified for such filing, either cease to continue to so operate or to so transport crude oil, petroleum or any of its products otherwise than as a common carrier; or must file with the said railroad commission an application in writing for permission to procure a license from the secretary of state permitting it to continue to so operate and to so transport crude oil, petroleum and the products thereof otherwise than as a common carrier and under the conditions prohibited by section 2 or section 3 of this act, as the case may be; and its failure to comply with any of the provisions of this section of this act shall subject it to the penalty and punishment provided by section 5 of this act, and to the liabilities provided by any and every of the other sections of this act. But nothing contained in this act shall be construed to authorize or permit any contract, combination in form of trust or otherwise, or arrangement of any kind, implied, tacit or otherwise, or conspiracy such as is denounced or prohibited by sections 1, 2 and 3 of this act, or any of such sections, to be hereafter made or entered into, or if so hereafter unlawfully made or entered into, to permit the same, or any of the same, to be executed or performed under a license, or otherwise, or at all.

Facts set forth in application.

§ 13. The application by such oil pipe line for a permit to procure a license as provided for in section 12 of this act, to permit it to continue to transport crude oil, petroleum or any of its products so as aforesaid, otherwise than as a common carrier, shall describe in a general way the oil pipe line for the continued maintenance and operation of which such license is desired, stating the terminal points of such oil pipe line and the county and counties through which the same is constructed and main-

tained, and the aggregate number of miles thereof in each of such counties, and as nearly as may be, the places at which such oil pipe line is constructed or maintained over and along the right of way of such common carrier railroad, and the approximate distance thereof at each of such places, and such application shall also set forth the name of the private corporation, individual or association of individuals owning, operating, managing or controlling, either directly or indirectly, such oil pipe line and each and every part thereof.

Authority of secretary of state to issue license.

§ 14. The railroad commission may authorize in writing the secretary of state to issue a license to such oil pipe line; and the license when so issued by the secretary of state shall describe such oil pipe line as the same is described in such application so filed with said railroad commission. At the time of procuring such license, the sum of two hundred fifty dollars (\$250) must be paid to the secretary of state by such licensee.

Monthly report of oil transported. Fifty cents per barrel due state.

§ 15. Every oil pipe line required to procure the license hereinbefore provided for shall file with the railroad commission of the state of California on or before the tenth day of each calendar month, including and following the second calendar month after this act goes into effect, and in such form as said railroad commission shall require, a full, true and correct report showing the number of barrels (42 gallons to the barrel) of crude oil, petroleum or any of the products thereof which were transported through such pipe line, or any part thereof, during the preceding calendar month. Such report shall be subscribed by such licensee or by its, his or their agent duly appointed in writing for such purpose, and shall be accompanied by the affidavit of such subscriber stating in substance and effect that he knows the contents thereof, and that he has had free access to the books and vouchers of such licensee relating to the same for the purpose of determining the truth of the statements contained therein, and that such statements, and each and all thereof are true according to his best information and belief. Said railroad commission shall examine said sworn report, and if it shall have no reason to doubt the correctness of the same, shall, within not less than ten days thereafter, certify it to the secretary of state, and thereupon there shall immediately become due and payable to the people of the state of California at the office of the secretary of state, the sum of fifty cents (\$.50) for each such barrel of crude oil, petroleum or any of the products thereof so transported through such oil pipe line. The delivery of such certified report by the railroad commission to the secretary of state shall be deemed notice as of the date of such filing to said licensee of the amount due as a licensee fee for such calendar month, under the provisions of this act.

Railroad commission may examine witnesses, etc., as to correctness of report. Revocation of license.

§ 16. Whenever the railroad commission shall entertain any doubt of the correctness of such report so filed with it, said railroad commission may subpoena the subscriber of such sworn report, and require him to bring before the said commission the books and vouchers from which he secured the information set forth in said report, and may examine him under oath, and may subpoena such other witnesses and hear such other testimony in relation to such matter as it deems competent, material and relevant, and said commission shall proceed summarily in the matter and determine the true and correct number of such barrels of crude oil, petroleum or any of the products thereof which were so transported by such licensee through such oil pipe line, and shall thereupon certify to the secretary of state its finding of the number of such barrels, and thereupon there shall immediately become due and payable to the people of the state

of California, at the office of the secretary of state, the sum of fifty cents (\$.50) for each of such barrels of crude oil, petroleum or any of the products thereof so transported through such oil pipe line. The delivery of such certified finding by the railroad commission to the secretary of state shall be deemed notice as of the date of such filing to said licensee of the amount due from such licensee as a license fee under the provisions of this act. The railroad commission may revoke the license of such licensee if, upon such hearing, it finds that any material statement contained in such sworn report is false, and that such falsity was known to such licensee at the time such report was filed with said railroad commission, or that said licensee had reason to believe at such time that such report was false in any particular, or if it finds that such licensee wilfully aided or abetted the making of such false report, either directly or indirectly, in any manner whatsoever; and said railroad commission may thereupon direct the secretary of state to revoke such license and prohibit him from renewing the same and from issuing any new license to such oil pipe line within one year from the time the same was revoked.

Penalty.

§ 17. The legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

No food warehousemen shall engage in the storage of food commodities in the state of California, except in accordance with the provisions of this act.

Discrimination by warehousemen unlawful.

§ 4. It shall be unlawful for any food warehouseman, doing business in the state of California, to discriminate, attempt to discriminate between persons, firms or corporations offering food commodities for storage or desiring to avail themselves of the warehousing or storage facilities afforded by such food warehouseman; or to accept food commodities from any person, firm or corporation at rates or charges in excess of rates or charges exacted or received from other persons, firms or corporations for the same or substantially similar warehousing or storage service; or to grant, allow, or deduct from the rates or charges exacted or received for warehousing or storage service from any person, firm, or corporation any rebate, discount, deduction, concession, refund, or remittance not granted and allowed to all other persons, firms, or corporations under the same or substantially similar circumstances and conditions; or to make or give, or attempt to make or give, any preference or advantage to any person, firm or corporation not made or given to every other person, firm or corporation; or by any scheme of rebates, discounts, deductions, concessions, refunds, remittances, collateral contracts, discriminating charges, discriminating rates, or in the service or facilities afforded, or by any other device whatsoever, discriminate or show preference, or attempt to discriminate or show preference, between persons, firms, or corporations offering food commodities for storage; or by any of the practices or devices aforesaid to monopolize or attempt to monopolize, or combine, or conspire with others to monopolize in any locality the business of storing food commodities; and it shall likewise be unlawful for any person, firm or corporation to solicit, accept, receive or attempt to obtain from any food warehouseman any rebate, discount, deduction, concession, refund, or remittance, or to solicit, accept, receive, or attempt to obtain from any food warehouseman, any preference, or advantage, either in rates or charges, or in service or facilities afforded.

Unless the commission otherwise orders, no change shall be made by any food warehouseman in any rate or charge, or in any rules or regulations affecting rates or charges, except by permission of the railroad commission after thirty days notice to the commission and to the public as herein provided. Such notice shall be given by filing with the commission and keeping open to public inspection, as aforesaid, new schedules stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes go into effect. The commission, for good cause shown, may allow changes without requiring the thirty days notice herein provided for, by an order specifying the changes so to be made and the time when they shall take effect, and the manner in which they shall be filed and published. No food warehouseman shall engage in the business of storing food commodities unless the rates and charges upon which the same are stored are filed and open to public inspection as aforesaid. No food warehouseman shall refund or remit in any manner or by any device, any portion of the rates or charges filed and open to public inspection as aforesaid, or demand, collect, or receive, directly or indirectly from any person, firm or corporation, any different sum for warehousing or storage services than the rates and charges filed and open to public inspection as aforesaid, or directly or indirectly make any charge for such services not shown by the schedule aforesaid; nor shall any person, firm, or corporation solicit, accept, receive, or attempt to obtain from any food warehouseman any rate or charge not filed and open to public inspection as aforesaid.

§ 9. If in such action, the court shall find that the defendant is violating section four or section five of this act, or any order, rule, or regulation of the railroad commission, made or enacted by said commission pursuant to the power and authority vested in said commission by said sections of this act, it shall enjoin the defendant from a continuance of such violation, and it shall not be necessary to allege or prove actual damage to plaintiff in addition thereto.

In construing and enforcing the provisions of this act, the act, omission, or failure of any director, agent, employee, or other person acting for or employed by any person, firm or corporation, acting within the scope of his employment, shall in every case be also deemed to be the act, omission or failure of such person, firm, or corporation as well as that of such director, officer, agent, employee, or person.

Constitutionality.

§ 11. If any section, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislature hereby declares that it would have passed this act, and each section, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, sentences, clauses, or phrases be declared unconstitutional.

Purpose of act.

§ 12. The legislature hereby declares that the purpose of this act is to safeguard the public against the creation and perpetuation of monopolies, and to foster and encourage competition, by prohibiting unfair and discriminating practices by which fair and honest competition is destroyed. The legislature hereby further declares that

food warehousemen, as defined in section two of this act, are engaged in a business, tending to monopoly, and that by reason of such monopolistic tendency and by reason of its vital connection with the distribution of public necessities, such business is clothed with a public interest and subject to public regulation and control for the public welfare as a public utility, as in this act provided. This act shall be liberally construed that its beneficial purpose may be subserved. The remedies herein prescribed are cumulative. If any conflict shall arise between this act and the public utilities act, the latter shall prevail.

CONTENTS OF CHAPTER.

ACT 3781. COUNTY BOARDS OF PUBLIC WELFARE.

COUNTY BOARDS OF PUBLIC WELFARE.

ACT 3781—An act to provide county boards of public welfare and to refine the powers and duties thereof.

History: Approved May 4, 1915. In effect August 8, 1915. Stats. 1915, p. 339.

County boards of public welfare. Term of office.

§ 1. In each county, or city and county, except where county boards of public welfare or boards or officials with like powers as herein enumerated are otherwise provided under a county or a city and county charter, the board of supervisors may and, upon the petition of one hundred electors of the county, shall appoint seven persons, not more than four of whom shall be of the same sex, who shall constitute a county board of public welfare, to serve without compensation, one of whom, as indicated by the board of supervisors making the appointment, shall serve for one year, two for two years, two for three years, and two for four years, and upon the resignation or expiration of the term of each, his or her successor shall in like manner be appointed for the term of four years. Appointments to fill vacancies caused by death, resignation or removal, before the expiration of such terms shall be made for the residue of such terms in the same manner as the original appointment. No person shall be appointed or shall serve on such board who is in any manner officially connected with any charitable or correctional institution within the county supported wholly or partly at public expense.

§ 2. The persons appointed as members of the county board of public welfare, within one week after receiving the notice of their appointment, which the clerk of the board of supervisors is hereby required to give to each of such persons, shall appear before a judge of the superior court and qualify by taking oath faithfully to perform to the best of their ability the duties of members of the county board of public welfare, and within one month after receiving such notice shall meet and organize by electing a chairman and a secretary from their own number. The secretary shall file a report of such organization, signed by himself or herself, and by said chairman, with the clerk of the board of supervisors, for the information of the board of supervisors making such appointment, and shall send a copy of such report to the state board of charities and corrections.

Meetings. Rules. Inspection of certain institutions. Suggestions for improvement.

§ 3. The county board of public welfare shall meet quarterly and as much oftener as in their discretion may be necessary. They may make such rules for the regulation

of their own proceedings as they may deem proper. At least once each quarter and as much oftener as they may deem necessary they shall visit and inspect by the whole board or by a committee of their own members the county hospital, and the county infirmary or relief home for the aged, and the county jail, and they shall visit and inspect in like manner as often as they may deem proper, or as directed by the board of supervisors or by a judge of the superior court, each jail or lock up in the county, and any other charitable or correctional institution receiving any support from the county funds that may exist in the county. They shall examine every department of each institution visited and shall ascertain its condition as to effective and economical administration, the cleanliness, discipline, and comfort of its inmates, and in other respects. They shall carefully study the rules laid down by the county supervisors for the control of each county institution, and the suggestions offered by the state board of charities and corrections upon such subjects, and shall ascertain whether such rules are being complied with. They shall make such suggestions as to improved administration as they think proper to the persons in charge of said county institutions, and may report to the board of supervisors, or any other official having jurisdiction any facts which ought in their judgment to be known by said officials. In case the board or one of its committees shall find any state of things in any institution which in their judgment shall be injurious to the county or to the inmates of the institution, or which is contrary to good order and public policy, it shall be the duty of said board to address a memorial to the board of supervisors, or other officials having jurisdiction, in which memorial they shall set forth the facts observed and shall suggest such remedies as in their judgment may be necessary.

Report to grand jury.

§ 4. On or before the first Monday in March, June, September, and December of each year, the county board of public welfare shall make a report in writing to the grand jury of the county, if any, and if there be none, then such report shall be filed with the district attorney and by said district attorney shall be presented to the next grand jury as soon as impaneled and sworn. And annually on or before the first Monday in June of each year they shall present a report to the board of supervisors appointing them, which report shall be filed as a public document with the clerk of the board of supervisors. Whenever the county board of public welfare shall present a memorial or report to the board of supervisors they shall at the same time transmit a copy of the same to the state board of charities and corrections. In such annual report among other things such county board of public welfare shall report the attendance at each quarterly meeting of each member of the said board, and wherever such report shall show that any member shall have been absent from two consecutive quarterly meetings such member shall be deemed to have resigned from such board, and the board of supervisors shall thereupon appoint a successor for said member to fill such vacancy caused by such resignation as provided in section one of this act.

Appropriation by supervisors.

§ 5. The board of supervisors shall appropriate and allow not to exceed fifty dollars each year for the actual expenses of said county board of public welfare for stationery, blanks, postage stamps, traveling and other necessary incidental expenses, as may be presented and sworn to by the secretary of said board, and approved by the board of supervisors.

Repealed.

§ 6. All acts and parts of acts in conflict herewith are hereby repealed.

RETENTION OF EX-SOLDIERS, SAILORS AND MARINES IN EMPLOYMENT ON.

ACT 3789—An act to provide for, insure, and maintain preference in the appointment, employment, and retention in the public service, and upon public works of the state of California, of honorably discharged ex-Union soldiers, sailors, and marines of the War of the Rebellion.

History: Approved March 31, 1891, Stats. 1891, p. 289.

§ 1. In every department, upon all public works, whether under contract or not, in all offices, employments, places, and positions of trust or profit of this state, honorably discharged ex-Union soldiers, sailors, and marines of the War of the Rebellion must be preferred for appointment, employment, and retention therein; and age, loss of limb, or other physical impairment, which does not in fact incapacitate, shall not be deemed to disqualify them, provided they possess the capacity necessary to fill the position; and persons thus preferred or appointed unless appointed or employed for a definite statutory period, shall not be dismissed from such positions, offices, or employments, except upon charges, after a hearing, and for just cause.

§ 2. This act shall take effect immediately.

1. Act merely gives preference not absolute right to appointment.—This act merely gives a veteran the preference, and does not entitle him to the appointment if there are other ex-Union soldiers, equally well qualified, desiring to be appointed.—Allison v. Board of Education, 125 Cal. 72, 57 Pac. 673.

2. Mandate to compel appointment will not be issued where no vacancy exists.—A writ of mandate will not be issued to compel the appointment to the position of janitor of a public school, of an ex-Union vet-

eran, where no vacancy exists, and the incumbent would have to be discharged to make one.—Allison v. Board of Education, 125 Cal. 72, 57 Pac. 673.

3. Petition for mandate defective.—A petition for a writ of mandate to compel the appointment of an ex-Union soldier as janitor of a public school, which fails to state that there are not other ex-Union soldiers, equally well qualified, desiring the appointment, is defective.—Allison v. Board of Education, 125 Cal. 72, 57 Pac. 673.

RIGHT OF WAY FOR MORMON CHANNEL CANAL.

ACT 3790—An act authorizing the commissioner of public works to obtain a right of way for a canal to divert the waters of Mormon channel into the Calaveras river, to maintain condemnation suits therefor, and making an appropriation to pay for said right of way and the costs and expenses of obtaining the same.

History: Approved March 25, 1903, Stats. 1903, p. 476.

See Act 3791.

GRANT TO THE UNITED STATES OF RIGHT OF WAY FOR MORMON CHANNEL CANAL.

ACT 3791—An act to furnish, grant, convey and relinquish to the United States of America the right of way in San Joaquin county now (or hereafter) obtained by the commissioner of public works under an act of the legislature, approved March 25, 1903, entitled "An act authorizing the commissioner of public works to obtain a right of way for a canal to divert the waters of Mormon channel into the Calaveras river, to maintain condemnation suits therefor, and making an appropriation to pay for said right of way, and the costs and expenses of obtaining the same," and under the laws of the state of California relating to such matters, for the purpose of the construction and completion of such right of way by the United States of America of a diverting canal east of the city of Stockton from the Mormon channel to the Calaveras river and along the channel of the Calaveras river to the San Joaquin river, pursuant to an act of congress of June 13, 1902, and to subsequent acts of congress relating thereto, and to authorize the commissioner of public works and the governor of the state to execute conveyances thereof, and to authorize and direct the secretary of state to countersign and make delivery of the same to the United States of America.

History: Approved June 9, 1906, Stats. 1906 (ex. sess.), p. 13.
(See Act 3790.)

See Act 3790.

1. Constitutionality—Title of act.—The title of the act is sufficiently broad to include a claim for material furnished a subcontractor on a state highway.—California, etc., Co. v. Garnsey, 36 Cal. App. 289, 171 Pac. 1078.

2. Same—No mechanic's nor materialman's lien given.—Neither the statutes nor the constitution give mechanics or materialmen liens upon public buildings.—Miles v. Ryan, 172 Cal. 205, 157 Pac. 5.

3. Same—Cumulative remedy—Constitutional lien not excluded.—The act furnishes a means of securing payment of claims of laborers on public work, which is merely cumulative, but it does not, for that reason, exclude or do away with the constitutional lien.—Goldtree v. San Diego, 8 Cal. App. 505, 97 Pac. 216.

4. Act differs in purpose and effect from mechanics' lien statutes.—Act requiring bonds for the protection of persons dealing with contractors on public work are different in their purpose and effect from acts for the establishment and enforcement of mechanics' liens, and the reasons for giving a limited construction to the latter are not applicable to the former.—Pacific, etc., Co. v. Oswald, 179 Cal. 712, 178 Pac. 854.

5. Act does not apply to Vallejo.—The act does not apply to the city of Vallejo as to work done in that city under the charter, which is paramount in the matter, which is a "municipal affair."—Williams v. Vallejo, 36 Cal. App. 133, 171 Pac. 834.

6. Act does not apply to San Francisco.—The act is not applicable to San Francisco, whose charter is paramount on the subject, which is a "municipal affair."—Loop Lumber Co. v. Van Loben Sels, 173 Cal. 228, 159 Pac. 600.

7. Act of 1897 applied to claims against subcontractors on road construction.—The

act of 1897 held to apply to claims against a subcontractor on road construction for materials furnished for such construction.—Amundson Oil Co. v. Connery-Petersen Co., 32 Cal. App. 582, 168 Pac. 702.

8. Bond—Conditions of common law bond.—The fact that one of the conditions of the bond is that the contractors will faithfully execute the terms of their contract to the satisfaction of the district, and that such condition is not required by the statute, does not impress the instrument with the character of a common law bond.—Miles v. Baley, 170 Cal. 151, 158, 149 Pac. 45.

9. Same—Conditions—Effect.—The condition of the bond required under the provisions of the act of March 27, 1897, Stats. 1897, p. 201, to be given by a contractor upon public works, does not cover or include the contractor's tools or plant, the use of which is required in doing the work, and which, barring wear and tear incident to such use, survive for such repeated and other use.—Sherman v. American Surety Co., 178 Cal. 286, 288, 178 Pac. 161.

9. Same—No reference to statute necessary.—The bond need not expressly refer to the statute in order to constitute a statutory bond; and, though not in the words of the statute requiring it to be given, if its substance and legal effect is the same as the form prescribed by the statute, it is a statutory bond.—Miles v. Baley, 170 Cal. 151, 157, 149 Pac. 45.

10. Same—Same—Defeasance clause.—If the defeasance clause of the bond follows the wording of the statute, and its amount is approximately the amount prescribed by the statute, and it was executed on the same day with the contract, to which it expressly refers, the bond will be deemed a statutory bond and not a common law bond, and a materialman can not recover

against a surety on a contractor's bond for school work, without filing his claim as required by section 2 of the act of 1897 (201, 262, Am. 1911-1422).—*Miles v. Baley*, 170 Cal. 151, 153, 119 Pac. 45.

11. Same—Surety liable for work performed by an employee of contractor's assignee.—The surety on a contractor's bond is liable for work performed on a tunnel for the city of Los Angeles employed by the assignee of the contractor.—*French v. Powell*, 135 Cal. 636, 68 Pac. 92.

11a. Same—Sureties responsible for receiver.—A receiver of a contracting firm engaged in the performance of a contract for public work is the official agent and representative of the firm in the performance of said contract, and the surety on his principal's bond given under the act of 1897 (Stats. 1897, p. 201) is as much responsible for his acts and obligations as for the acts and obligations of the principals.—*Bricker v. Rollins & Jarecki*, 178 Cal. 347, 351, 173 Pac. 592.

12. Statute of limitations—Last day of six-month period falling on holiday—Action commenced following day, in time.—An action on a bond given under the provisions of this act commenced on the day following the date of expiration of the six-month period is in time where such date of expiration fell on a holiday.—*Branagh v. Chicago, etc., Co.*, 39 Cal. App. 616, 179 Pac. 543.

12a. Same—Timely filing of lien.—Under the provisions of the act of 1897 (Stats. of 1897, p. 201, as amended by Stats. 1911, p. 1423), where a materialman's claim is filed within ninety days after the completion of the work, and suit brought against the surety within six months. It was in time.—*Bricker v. Rollins & Jarecki*, 178 Cal. 347, 352, 173 Pac. 592.

12b. Same—Time to file lien.—A right of action to enforce a lien for inheritance taxes due under the act of 1905 (Stats. 1905, p. 374) and unpaid accrued upon the death of a donor of property, and an action must be brought within three years thereafter, or it will be barred under subdivision 1, section 323, Code of Civil Procedure.—*Chambers v. Gibson*, 178 Cal. 416, 417, 173 Pac. 752.

13. Complaint—Allegation as to filing bond in statutory time—Essential to state a cause of action.—A complaint in an action by a materialman against a surety on the bond of a contractor on school work which fails to allege the filing of his claim within 30 days from the completion of the work, as required by section 2 of the statute, fails to state a cause of action.—*Miles v. Baley*, 170 Cal. 151, 159, 119 Pac. 45.

14. Claim may be filed prior to completion of entire work.—A claimant for materials furnished for public work may file his claim so as to hold the surety on the bond given under the act liable, prior to the completion of the entire work, and need not wait for such completion.—*French v. Powell*, 135 Cal. 636, 68 Pac. 92.

15. "Material or supplies" — Gasoline used in trucks hauling road material.—A bond given under the act of 1897 held to cover a claim for gasoline used in trucks hauling road material used in a contract for road construction.—*Associated Oil Co. v. Connery-Peterson Co.*, 32 Cal. App. 582, 163 Pac. 702.

15a. Thereupon the com-

missioner shall, within thirty days, make and certify such transcript, and the appellant shall, within five days after receiving the same, file the same and the notice of appeal with the clerk of said court. Upon the hearing of such appeal, the burden of proof shall lie upon the appellant, and the court shall receive and consider any pertinent evidence, whether oral or documentary, concerning the action of the commissioner from which the appeal is taken, but shall be limited to a consideration and determination of the question whether there has been an abuse of discretion on the part of the commissioner in making such decision.

The decision of the commissioner shall not take effect until ten days after its date, and if notice of appeal and demand for transcript are served upon the commissioner in accordance with the provisions of this section, then such stay shall remain in full force and effect until decision upon appeal by said superior court. But if said aggrieved party shall fail to perfect his appeal as herein provided, said stay shall automatically terminate.

Powers of commissioners. Service of process.

§ 13. The real estate commissioner shall have power to administer oaths, certify to all official acts, and to issue subpoenas for the attendance of witnesses and the production of books and papers. In any hearing in any part of the state the process issued by the commissioner shall extend to all parts of the state and may be served by any person authorized to serve process of courts of record or by any person designated for that purpose by the commissioner. The person serving any such process shall receive such compensation as may be allowed by the commissioner, not to exceed the fees prescribed by law for similar service, and such fees shall be paid in the same manner as provided herein for the payment of the fees of witnesses. Each witness who shall appear by order of the commissioner shall receive for his attendance the same fees and mileage allowed by law to a witness in civil cases, which amount shall be paid by the party at whose request such witness is subpoenaed. When any witness who has not been required to attend at the request of any party shall be subpoenaed by the commissioner his fees and mileage shall be paid from the funds appropriated for the use of the real estate department in the same manner as other expenses of said department are paid.

Powers of superior court.

The superior court in and for the county in which any hearing may be held by the commissioner shall have the power to compel the attendance of witnesses, the giving of testimony and the production of books and papers as required by any subpoena issued by the commissioner. In case of the refusal of any witness to attend or testify or produce any papers required by such subpoena the commissioner may report to the superior court in and for the county in which the hearing is pending by petition, setting forth that due notice has been given of the time and place of attendance of said witness or the production of said papers, and that the witness has been summoned in the manner prescribed in this act, and that the witness has failed and refused to attend or produce the papers required by subpoena before the commissioner in the cause or proceeding named in the subpoena, or has refused to answer questions propounded to him in the course of such hearing, and ask an order of said court compelling the witness to attend and testify or produce said papers before the commissioner. The court upon petition of the commissioner shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in such order, the time to be not more than ten days from the date of the order, and then and there show cause why he has not attended or testified or produced said papers before the commissioner. A copy of said order shall be served upon said witness. If it shall appear to the court that said subpoena was regularly issued by the

commissioner, the court shall thereupon enter an order that said witness appear before the commissioner at the time and place fixed in said order and testify or produce the required papers, and upon failure to obey said order, said witness shall be dealt with as for contempt of court.

Taking of depositions.

The commissioner may in any hearing before him cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior courts of this state, and to that end may compel the attendance of witnesses and the production of books and papers.

Right to attendance of witnesses.

Any party to any hearing before the commissioner shall have the right to the attendance of witnesses in his behalf at such hearing or upon deposition as set forth in this section upon making request therefor to the commissioner and designating the person or persons sought to be subpoenaed.

When salesman is discharged.

§ 14. When any salesman shall be discharged by his employer for a violation of any of the provisions of section twelve hereof, a written statement of the facts in reference thereto shall be filed forthwith with the real estate commissioner by the employer.

Employer's license not affected by employee's violation.

§ 15. No violation of any of the provisions of this act on the part of any salesman or employee of any licensed broker in this state shall cause the revocation or suspension of the license of the employer of said salesman or employee unless it shall appear upon a hearing to be had by the commissioner in accordance with section twelve hereof that said employer had guilty knowledge of such violation.

Prosecution for violations.

§ 16. The real estate commissioner may prefer a complaint for violation of section one of this act before any court of competent jurisdiction, and said commissioner and his counsel, deputies or assistants may assist in presenting the law or facts at the trial. It shall be the duty of the district attorney of each county in this state to prosecute all violations of the aforesaid provision of this act in their respective counties in which such violations occur.

Penalty for acting without license.

§ 17. Any person or corporation acting as real estate broker or real estate salesman within the meaning of this act without a license as herein provided shall, upon conviction thereof, if a person, be punished by a fine of not to exceed two thousand dollars, or by imprisonment in the county jail or state prison for a term not to exceed two years, or by both such fine and imprisonment, in the discretion of the court; or if a corporation, be punished by a fine of not to exceed five thousand dollars.

No commission to unlicensed persons.

§ 18. It shall be unlawful for any licensed broker to pay a commission for performing any of the acts herein specified to any person who is not a licensed broker, or a licensed salesman.

Violation of sections 14 and 18.

§ 19. For a violation of any of the provisions of sections fourteen and eighteen of this act the real estate commissioner may temporarily suspend or permanently revoke the license of such holder in accordance with the proceedings set forth in section twelve of this act.

Party to action must be licensed.

§ 20. No person, copartnership or corporation engaged in the business or acting in the capacity of a real estate broker or a real estate salesman within this state shall bring or maintain any action in the courts of this state for the collection of compensation for the performance of any of the acts mentioned in section two hereof without alleging and proving that such person, copartnership or corporation was a duly licensed real estate broker or real estate salesman at the time the alleged cause of action arose.

Constitutionality.

§ 21. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Stats. 1917, p. 1579, repealed.

§ 22. An act entitled "An act to define real estate brokers, agents, salesmen, solicitors; to provide for the regulation, supervision and licensing thereof; to create the office of real estate commissioner and making an appropriation therefor," approved June 1, 1917, and all acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

1. Constitutionality—Exceptions of corporations licensed by insurance and building and loan commissioners not proper classification.—The real estate brokers' license law of 1917 is unconstitutional as special legislation, by reason of the exception from its provisions of those corporations and persons who have received licenses from the insurance commissioner or bureau of building and loan supervision.—*In re Raleigh*, 177 Cal. 746, 171 Pac. 950.

2. Same—Same.—The provision of the real estate brokers' license law excepting from its operation, corporations and persons who have received licenses to do business from the insurance commissioner or bureau of building and loan supervision, creates a substantial discrimination between those attempted to be classified without any reasonable basis of classification.—*In re Raleigh*, 177 Cal. 746, 171 Pac. 950.

3. Same—Right to engage in lawful occupation can not be taken away—May be regulated.—The right to engage in a lawful and useful occupation can not, in effect, be taken away under the guise of regulation, but such an occupation may be subjected to regulation in the public interest, and that regulation involves in some degree a limitation upon the exercise of the right regulated.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

4. Same—Same—Same—Test of proper regulation.—The test of the extent to which regulation in the public interest may go is whether the limitation imposed upon the right to engage in the occupation is really in the public interest, and if it is,

it is a proper exercise of the police power.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

5. Same—Limitation of benefits of act to persons of good character—Proper regulation.—A classification which limits the benefits of the act to persons of good character is, in view of the fact that real estate brokers act in a more or less confidential and fiduciary character, not an unreasonable one.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

6. Same—Same.—The requirement of the act that applications for licenses to engage in business as real estate brokers shall be accompanied with a certificate of good character, is a reasonable one.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

7. Same—Brokers and salesmen—Different license fees—Proper classification.—The requirement that brokers shall pay an annual license fee of ten dollars, and salesmen two dollars, is not unreasonable, as discriminating between a broker engaged in business for himself and a salesman working for another.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

8. Same—Collectors of rents—No improper discrimination.—It is not an unconstitutional discrimination to make the act applicable to collectors of rents and not to collectors of other obligations, in view of the intimate and close connection between such occupation and that of real estate brokers and agents.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

9. Same—Salaries of officers—No improper discrimination.—It is not an uncon-

stitutional discrimination to provide that salaries of certain subordinate officials and employees are left to be fixed by the commissioner.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

10. Same—Duty imposed on commissioner not arbitrary.—The duty imposed upon the commissioner by the act is not arbitrary; and if he refuses a license when the facts reasonably justify the conclusion that the applicant is of good character and reputation, he may be compelled to issue such license.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

11. Same—No judicial power conferred on commissioner.—Upon the question as to whether judicial power is conferred upon the commissioner, a nonjudicial officer, to suspend or revoke a license upon a hearing or an opportunity therefor, is not determined, but if so, and that particular part of the act invalid, it is separable from the rest of the act, and its invalidity would not render the essential parts of the act void.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

12. Same—Burden of proof on application—Question of discrimination not decided.—Upon the question as to whether the provision that upon review of the commissioner's action the burden is upon the applicant to show abuse of discretion, is an invalid discrimination, is not determined;

but, if true, the rest of the act is not affected.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

13. Same—Applicant entitled to license.—The applicant for a license is entitled to it if he presents the required recommendation and certificate, unless the commissioner is not satisfied that he has, in fact, the qualifications of honesty, truthfulness, and a good reputation, in which case only has the commissioner any discretion; and the act does not, therefore, confer upon such commissioner the arbitrary power to determine who may lawfully engage in the business.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

14. Purpose of act.—The primary purpose of the act is to require of real estate brokers and salesmen that they may be "honest, truthful, and of good reputation," and all of its provisions, including the requirement of a license, are but incidental to this single purpose and designed to accomplish it.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

15. "Power of attorney."—The phrase "power of attorney" as used in the act means written authority to act for and in place of the principal in consummating the transaction, as distinguished from merely negotiating it.—*Riley v. Chambers*, 181 Cal. 589, 8 A. L. R. 418, 185 Pac. 855.

Both amendatory acts amended section two.

1. Constitutionality — Title sufficient to cover subject of act.—The title of the act is broad enough to cover the provision authorizing the construction of a levee along a certain specified line.—Reclamation District No. 1500 v. Superior Court, 171 Cal. 672, 154 Pac. 845.

2. Same—Section 14, article I, constitution.—The act is not violative of section 14, article I of the constitution.—Reclamation District No. 1500 v. Superior Court, 171 Cal. 672, 154 Pac. 845.

2a. Same—Destruction of county buildings, roads and bridges.—The fact that a special act creating a reclamation district authorizes the injury or destruction of county buildings, roads and bridges, does not render the act unconstitutional.—Reclamation Dist. No. 1500 v. Superior Court, 171 Cal. 672, 680, 154 Pac. 845.

2b. Same—Constitution refers to private, not public property.—Section 14, article I, of the constitution, relates to the taking of private property and has no reference to the taking by a reclamation district, acting under legislative authority, of county property, inasmuch as such property is under the full control of the legislature.—Reclamation Dist. No. 1500 v. Superior Court, 171 Cal. 672, 679, 154 Pac. 845.

2c. Same—Districts may be formed by special act.—Reclamation districts may be formed by special act, and the legislature, in passing such an act, is not bound to

follow the procedure laid down in the general law governing reclamation districts.—Reclamation Dist. No. 1500 v. Superior Court, 171 Cal. 672, 678, 154 Pac. 845.

3. Act a public statute—Work not a public nuisance.—The statute (Stats. 1913, p. 130) creating Reclamation District No. 1500 is a public statute, and the execution thereof, by the construction of levees therein provided for, is an exercise of the police power of the state, and injunction will not lie at the suit of property owners within the district to prevent the construction of such levees, or the destruction of those already constructed on the ground that the work is a private nuisance, or that it is an unlawful exercise of the right of eminent domain, damaging their property without compensation first paid therefor.—Reclamation District No. 1500 v. Superior Court, 171 Cal. 672, 154 Pac. 845; Gray v. Reclamation District No. 1500, 174 Cal. 622, 163 Pac. 1024; Proper v. Reclamation District No. 1500, 174 Cal. 816, 163 Pac. 1037.

3a. Same—Officers are public officers.—The trustees of the district are public officers of the state, and officers of the law within the meaning of subdivision 4, section 3420, Civil Code, and section 526, Code of Civil Procedure, and can not be enjoined to prevent the execution of their duties under the act.—Reclamation Dist. No. 1500 v. Superior Court, 171 Cal. 672, 675, 154 Pac. 845.

FREEHOLDERS' CHARTER.

ACT 3954—Freeholders' charter of the city of Richmond.

History: Voted for and ratified at an election held on February 9, 1909; adopted March 4, 1909, Stats. 1909, p. 1262. Amended at an election held April 8, 1913; filed with the secretary of state June 2, 1913, Stats. 1913, p. 1690. Originally incorporated under the general act of 1883, in 1895, as a sixth-class city.

1. Recall—Grounds of for the electors not the court.—Under the recall provision of the Richmond charter it is for the electors and not the court to determine the sufficiency of the grounds for the recall of an officer.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

2. Same—Jurisdiction depends on filing proper petition.—Under the Richmond charter the jurisdiction of the city council to order a recall election depends upon the filing of a petition, not only signed by the requisite number of electors, but also sufficient in material matters of form and substance.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

3. Same—Same—Same.—The duty of the city council of Richmond to order a recall election upon the presentation of a sufficient petition is, under the charter of that city, mandatory.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

4. Same—Petition—Signing initials and not given name sufficient.—A recall petition is sufficient under the Richmond charter, even though the electors signed by initials of given names, and not such names in full.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

5. Same—Same—Failure to give residence, street, and number.—A recall petition is sufficient under the Richmond charter notwithstanding the fact that some of the electors who signed the same did not comply with the requirement as to place of residence, with street and number.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

5a. Same—Same—Clerk's certificate—Clerk may not arbitrarily refuse to attach.—The clerk may not arbitrarily refuse to attach his certificate to a recall petition under the Richmond charter, and submit the same to the city council on the ground of doubt as to the genuineness of the signatures, or any of them.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

6. Same—Not obnoxious to provisions of constitution.—The recall provisions of the Richmond charter are not obnoxious to the tenure of office, removal and impeachment of officers provisions of the constitution.—*Conn v. City Council*, 17 Cal. App. 705, 121 Pac. 714.

7. Referendum—Power conferred by charter.—The people of the city of Richmond derive the power of referendum from their charter adopted and approved by the legislature of 1909, and from section 1 of article IV of the state constitution, as amended October 10, 1911.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 609, 150 Pac. 977.

8. Same—Constitutional provisions limited to legislative acts.—Section 1, article IV, of the constitution, as amended in 1911, excludes joint resolutions, and applies only to legislative acts which must be passed in the form of statutes, at least those enacting measures in which all citi-

zens of the entire state are interested.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 150 Pac. 977.

9. Same—Same.—Section 1, article IV, of the constitution, applies, in so far as municipalities are concerned only to legislative acts, and not to executive action.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 610, 150 Pac. 977.

10. Same—Same—Constitutional provisions do not limit or enlarge charter provisions.—The declaration of the constitution that its provisions do not affect or limit the referendum power reserved to the people of any city by its charter, does not limit the constitutional reservation nor enlarge those reserved by such charter.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 610, 150 Pac. 977.

11. Same—Same—Same.—The constitutional reservation goes to the full extent expressed by its language, and if the charter differs, it does not diminish the power reserved by the constitution, and if, on the other hand, it exceeds the constitutional reservation, the effect would be to give to the people of the city the additional powers described.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 611, 150 Pac. 977.

12. Same—Charter provisions apply to all legislative acts.—The charter of the city of Richmond makes the referendum applicable to every exercise of the legislative power, whether by ordinance or resolution, but not to such acts as constitute an exercise of the executive power.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 611, 150 Pac. 977.

13. Same—Jurisdiction and duty of city council—Filing proper petition.—The question of the acceptance of an offer of private individuals to build a city hall was a proper and constitutional exercise of the power of referendum reserved to the people of Richmond, and the city council was required to call a referendum election for that purpose on the filing of a sufficient petition therefor.—*Hopping v. City Council*, 170 Cal. 618, 150 Pac. 982.

14. Same—Offer of private individuals to build city hall a proper subject—Resolution of acceptance.—The acceptance by the city council of the city of Richmond of a proposition to donate a certain sum of money toward the erection of a city hall, upon certain named conditions, one of which is the appropriation of an equal amount toward such building, by resolution, involves the exercise of legislative power, and not administrative or executive, and is subject to the referendum provisions of the charter.—*Hopping v. Council of City of Richmond*, 170 Cal. 605, 612, 150 Pac. 977.

15. Improvement of streets—Manner of exercising—Adoption of provisions of street improvement act of 1911.—In view of the provisions of section 6, article XI, of the constitution, making charter cities subject to general laws, except in municipal affairs, and the failure of the charter of Richmond to make provision for the manner of exer-

cising the power to improve streets, the adoption of a resolution of intention under the improvement act of 1911, was an adoption of all the provisions of that act as to the mode of doing the work.—Cutting v. Vaughn, 182 Cal. 151, 187 Pac. 19.

16. Same — Same — Street improvement act of 1911, applicable.—The general law, known as the street improvement act of 1911, is applicable to the city of Richmond, in view of the silence of the charter of that city upon the subject.—Cutting v. Vaughn, 182 Cal. 151, 187 Pac. 19.

17. Salaries of city councilmen — Increase of.—An ordinance of the city of Richmond providing a salary of \$50 per month for city councilmen, not passed in accordance with the provisions of section 2, article VIII, of the charter, is an increase of compensation during their term of office, and violation of section 9, article II, of the constitution, as well as of section 4, article III, of the charter, which fixes such compensation at \$5 per day while engaged as members of the board of equalization.—Cameron v. Richmond (Cal. App.), 183 Pac. 604.
